## To Cotton Producers

"It might be advisable," Walter J. Flynt, Secretary of the Donley AAA committee has announced, "that in cases where Donley county cotton producers will suffer total or partial loss of their 1941 cotton crops because of excessive rains, insects or abandonment, to dispose of the acreage on which cotton will not be harvested."

In explaining this point, Flynt said that a high acreage of cotton with a low flat yield per acre because of factors such as these, will in all probability, affect cotton yields on individual farms under the 1940 agricultural conservation program and probably will have a direct effect on cotton insurance since an extremely low yield might affect premium rates. Producers should remember, however, that acreage will be considered as planted to cotton this year if the cotton is not disposed of before it reaches the bolling stage or within 10 days after notice of the seeded acreage is given, whichever is later.

This would not change the basis for cotton stamps to be issued on a farm since cotton stamps cannot be obtained on more acres than was shown on the original intention sheet.

### Edward Lee Moss

Funeral services for Edward Lee Moss, five day old son of Mr and Mrs. Walter H. Moss, were held Saturday at 1:30 from the McKnight Church of Christ. Bro. Vermillion was in charge. Besides the parents, Edward Lee is survived by two brothers, Eugene and Clarence, and three sisters, Louise, Thelma and Letha Mae. Burial was in Rowe Cemetery under the direction of the Womack Funeral Home.

The Informer extends sincere sympathy to the bereaved.

### G. W. Kavanaugh Killed

George W. Kavanaugh, 37 years old, was killed Sunday when his car turned over six times on Highway 82 near Sherman. He was formerly county school supt. of Donley county. Richard Reel of Amarillo, who was riding with him, escaped injury.

Funeral services were conducted Tuesday at Bonham, and he was buried by the side of his father in the Bonham cemetery.

### Revival

A revival meeting will be held at the Church of Christ beginning July 21 and running through Aug 10. Bro. Claude G. Smith of Merkel will do the preaching. Morning services will begin at 10 o'clock, and night services at 8:30. The public is cordially invited to attend these services.

### Transfer Deadline Aug. 1

Miss Ruth Richardson, county school supt., asks us to announce that all parents interested in transferring their children should be sure to transfer them before August 1st. That date is the deadline, and there will be no transferring afterward.

Miss Martha Sue Noel has been elected to teach science in Port Arthur high school next term.

J. V. and Catherine Mosley of Pampa returned home Saturday after a 2 weeks visit in the M. W. Mosley home.

## Favors Returns Home

State Representative Ennis Favors has returned from a historic session of the Legislature. The session was considered outstanding because it was the longest in history and because it passed more far reaching bills than any on record.

Rep. Favors says that all he's got to worry about is making a living. His pay as a legislator stopped when the session ended, because legislators are paid only for the time the legislature is in session. Unless there is a special session, which lasts only thirty days, the legislature does not meet again until January, 1942.

Mr. Favors was active in passing numerous bills that benefited the Panhandle, and was one of the sponsors of the Omnibus Tax Bill, known as H. B. No. 8, taxing oil, gas, sulphur, cement, transfer of corporation stock, etc., which was the largest tax bill ever to pass in the history of Texas, taking care of the entire Social Security Program, including old age pensions, teachers retirement fund, the blind and dependent children. In addition to this placing six million dollars per year in the debt ridden general revenue fund. This bill culminated a long and bitter fight, lasting over a period of years.

For sale—free stone peaches. 75c bu. Beginning July 24 at the S. G. Adamson farm.

Found—pair of glasses in case. Owner may call at Informer office.

Scrap lumber and kindling for sale. See Mrs. J. A. Moreman.

Strayed—two mixed heifers, weight about 200 or 225. Henry Posey

Miss Jewell Everett of Aspermont is vacationing in Des Moines Iowa.

Misses Theresa Bain and Inell Biffle have been employed to teach in the Littlefield schools next term. They will both teach in the primary department.

Mr. and Mrs. O. H. Tinsley returned this week from Denton where Mrs. Tinsley has been attending N. T. S. T. O.

Miss Zona Adamson and Eger Douthitt and family of Amarillo visited in the S. G. Adamson home last week end.

Joe Everett and family have moved from Pampa to Omaha, Nebraska, where he will be employed on a defense project.

Pete Sarnell and family have moved to Brokenridge, where he will be employed.

Rev. M. E. Wells and daughter Miss Jo of White Deer were Hedley visitors Friday.

## Card Of Thanks

We wish to express our sincere thanks and appreciation for the many kind deeds shown us during the illness and death of our little son and brother.

Mr and Mrs. W. E. Mess and family

**WEEKLY NEWS ANALYSIS** By Edward C. Wayne

**Landing of U. S. Forces in Iceland Is New Move in Hemisphere Defense; Germany's Campaign Against Russia Gives British Chance for Air Attacks**

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)  
(Released by Western Newspaper Union.)

During the Iraq rebellion and war, Americans stationed at the Iraq capital city of Baghdad prepared to defend themselves. As Old Glory is raised in the background men of the American legation staff start training drill with weapons furnished by British military mission commander. But the British won this war before the Americans were called upon to defend themselves.

**ICELAND: Occupied by U. S.**

American naval forces have occupied Iceland to supplement and eventually to replace British forces there. This information was given congress by President Roosevelt, who explained that the move was taken "to forestall any pincers movement undertaken by Germany against the Western hemisphere."

The occupation was accomplished with the full permission of the new Iceland republic which had declared its independence from Denmark in May.

**ON RUN: Or Defending?**

Crucial questions of the Russo-German war were these:  
Did the Nazis actually have the Russians in a wild-disorganized retreat?

Were the Russians, instead, falling back to the Stalin line in good order considering the magnitude of their army?  
Was the finish to be another defeat for the defenders as soon as the large cities were taken, as had happened in Norway, Belgium, Holland, France?

Or were the Russians willing, like the Chinese, to move back across vast territory and let space and winter hardships swallow up the Nazi effort?

None of these questions could be answered accurately through the muddle of rival claims, yet there were hints here and there that tended to show trends in attack and defense that might furnish a partial answer.

The onslaught was terrific and news pictures released by the Germans showed the advance across battlefields filled with backgrounds of smoke, flame and destruction. The speed could be counted at about 350 miles in two weeks—the very distance not only pointing to the terrific power of the attack, but also to the difficulty of maintaining a service of supply and "mopping up" over so many thousands of square miles.

So much tended to show the Nazis swift and easy victors. Yet there were other indications, entirely aside from the official and biased communiques which bore on the eventual result and the theory of the Red defense.

There were reports from Nazi-friendly Vichy and Rome. The former reported half the troops of occupation withdrawn to the eastern front; the latter warned against expecting a swift and easy victory.

The reports from Scandinavian sources of the evacuation of civilians from Leningrad and Moscow and Kiev; the speech of Stalin in which he urged the "scorched earth" defense; the plans of Hitler to put Louis Ferdinand on the Russian throne— all indicated that there might be a chance that the Russians were willing to drop back as slowly as might be, cede what cities and territory must be given up, and let the Russian wastes and the impending Russian fall and winter eat up the strength of the attacker.

Few believed that the "Stalin line" would be anything but a stormy way-station for the German advance. But many believed that the "Chinese plan" would not only stem the Hitlerian attack—but eventually defeat it.

**ARMY: Dive Bombing**

The army, which has relied on offy bombers with an efficient bomb-sight, and low-flying attack planes to machine-gun infantry positions, finally decided it was unwise to let the navy do all the dive-bombing and was reported about to start practicing the art.

The navy developed dive-bombing to fast-moving ships which were difficult targets for high flying bombers.

**BRITAIN: Her Chance**

The British were apparently keenly aware that the preoccupation of the Nazis with the Reds on the East furnished them with their great chance of the war.

Hardly had the attack against Russia been on for a week than the R.A.F. leaders announced mastery of the daytime air over the occupied regions and western Germany.

Hardly did a day pass without large-scale daytime bombing raids, and the British plane losses did not appear great if, as the claim was made, they were using several squadrons of upward of 100 bombers each every day.

There was a silence from German sources about the accomplishments of the raids, but the British, judging from their own losses from German air attacks, figured that their chosen objectives must soon be reduced to hopeless ruins.

They felt that the Coventries on Europe's soil must be numerous. Heavy night attacks followed those by day, with only occasional and very light German reprisals—and all of these under cover of darkness.

On the sea, also, the British seemed to be making some headway against the U-boat menace, and the probability was felt that many submarines must have been diverted to the Baltic, to serve against Russian vessels.

**MARSHALL: And Draftees**

Two vital questions on the home front were brought to the fore by General Marshall, chief of staff of the U. S. army:

The keeping of selective service men past their 12-month training period.

The question of sending them beyond the United States and her possessions as "task troops."

The chief of staff made his case plain. The army, he said, was composed of three elements—regulars, national guardsmen, and draftees. These, instead of having been kept separate, were all melted into one military whole, and to remove a part of these, the draftees, at the end of 12 months, would be to create utter confusion in the whole organization, he said.

He asked that the part of the selective service law which limited the time and place of the soldier's service be taken away.

Otherwise, he pointed out, the power of the commander-in-chief would become a meaningless thing, and detachments needed at certain points would be forced to lose their manpower.

But the chief of staffs request, couched in such a way that it seemed an official request of congress by the war department, found considerable opposition, Senator McNary of Oregon, Republican leader, stating that he was not only in opposition to the removal of the geographical restrictions in the draft act, but also was against the removal of the 12-month restriction as well.

It was evident that Marshall's hope for an army of 2,500,000 trained men, able to move wherever the congress and the commander-in-chief deemed expedient, was not going to be won without overcoming serious opposition.

**MISCELLANY:**

Ottawa: There was evidence of a new political outcry in Canada for some form of draft or selective service to take the place of voluntary enlistment, still in force in the Dominion.

Washington: The White House confirmed the fact that Colonel Donovan, after two unofficial tours of inspection of Europe's war centers, would be given a post of importance in the defense set-up.

**Russian Throne?**

Above photo is of Prince Louis Ferdinand, grandson of the late Emperor Wilhelm of Germany, and his wife, Grand Duchess Kyra, daughter of Grand Duke Kyril of Russia. Prince Louis is reported to be Hitler's choice for Czarism over Russia, if and when the Nazi legions complete the conquest of that vast land.

**SYRIA: And Ethiopia**

Britain also seemed on the threshold of success in Syria and Ethiopia, and resolved to do something about North Africa, because General Sir Archibald Wavell was relieved, a new commander, General Auchinleck sent out from England, and the whole African and Middle Eastern campaign seemed on the upgrade.

The final crumb of Italian resistance in Ethiopia melted away before the rains and the relentless British follow-up of victory after victory, and another menace to Britain's Red sea and Suez position was removed.

In Africa the situation was no worse than it had been, still apparently a stalemate on the Egyptian border, with the Tobruk defenders still holding out. There were some indications that the British forces, strengthened by U. S. tanks and lend-lease airplanes, were beginning to lay the groundwork of a new advance against Cyrenaica—not only to relieve the Tobruk garrison, but to attempt to win a major victory against the Italo-Nazi forces.

As to Syria, there were reports of an imminent Franco-British peace there, following in the wake of a continuous series of English victories and the steady fall-back of the Vichy defenders around the vital Beirut sector.

All in all, the British seemed to be making what use they could of the Russo-German battle on all their various fronts, and with varying success.

There was a strong demand in London for an invasion attempt on the continent, but the apparent verdict of the powers that seemed to be "thumbs down."

Britain was unwilling to risk further shipments of men and armaments to the continent until a far more drastic preparatory air bombardment had been carried out.

**LOST: U. S. Nurses**

Added to the Zamzam and the Robin Moor incidents was the torpedoing of the Dutch steamer Maasden, the survivors including a number of U. S. marines, bound for London to do guard duty at the American Embassy, and American nurses, 15 of whom were saved, but two feared lost at sea.

The young women were a group of Red Cross nurses who volunteered to cross the dangerous Atlantic to "man" a Red Cross hospital in London.

The vessel was torpedoed on a Sunday, and nearly a week later a rescue vessel brought all but two of the nurses safely to London.

The Dutch freighter was part of a large convoy bound for Britain, and what the fate of the rest of the convoy was could not be learned, but one of the nurses said:

"The captain of the ship that rescued us looked scared to death when he saw his vessel boarded by a bunch of women."  
"The marines were wonderful."

**AMERICA: A Round Trip**

The luxury liner America was designated by the state department to make a round trip on the Atlantic from New York to Lisbon and return, carrying deported diplomats both ways.

At Lisbon will be gathered the American consular officials from Italy and Germany, and they will be brought back to New York.

The German and Italian consuls, under a July 15 deadline to quit the country, were to be taken to Lisbon aboard the America with members of their families.

There are 86 of the Americans, and with their families will swell the America's passenger list to a somewhat respectable amount.

Prior to the eastward sailing there were at least two suicides among members of the German consular staff. One was ascribed to ill health, the other to despair at leaving this country after 20 years' residence.

**Every-Day-of-Week Parrot Tea Towels**

Pattern No. Z9286

MONDAY, Tuesday, Wednesday, Thursday—each tea towel boasts an industrious parrot busily pointing the way to efficient household routine. Applique Polly and outline the rest of the motif, or do these gay designs entirely in outline. Matching panholders may be made from the parrot-in-cage motif.

**HOUSEHOLD HINTS**

One reason jelly is tough is because too little sugar is used; another is overcooking.

Pretzel crumbs make a tasty covering for small cheese balls served with salads or as appetizers. Freshen the pretzels by heating five minutes in a moderately hot oven. Cool and then roll into crumbs.

It takes less time, fewer hours of labor and, therefore, costs less to roof a house with strip shingles than with individual shingles.

When buying bone roasts, be sure the butcher gives you the bones even if they have been removed. The bones can be used for making soups and stock for stews.

Fried mush is often served with fried chicken. To prepare the mush mold it in a loaf pan. Chill it until it is firm. Then cut it into four-inch slices and sprinkle each with flour. Brown in chicken drippings and serve around the platter of chicken.

**NOT ALL PIONEERS RODE IN COVERED WAGONS ...**

● Establishing and maintaining a Dependable Natural Gas Service requires years of pioneering—in exploring for Gas fields, drilling and producing Gas and bringing it to market—often under the most difficult working conditions.

● The covered wagon pioneers were famed for their resourcefulness, their pluck and determination to succeed. The story of the development of Natural Gas Service is likewise one of courage, persistence, and accomplishment in the face of odds.

● And the pioneering is not ended. The employes of this Company and associated Companies are constantly at it . . . exploring new fields, far from home and comfort . . . "roughnecking" on drilling location . . . building pipe line through forest and swamp . . . all to help perfect and preserve the reliability of our service and make it available to still wider markets.

● Not all pioneers rode in covered wagons. Our drilling crews and pipe line men can testify to that!

DEPENDABLE NATURAL GAS SERVICE DOESN'T JUST HAPPEN

## HELP US?

The Rowe Cemetery Club was organized for only one purpose, that is to take care of our Cemetery. Some work has been done, the weeds have been cleaned off, but due to the heavy rains the graves are in bad condition, especially those whose families have moved away. Some are in need of dirt hauled to fill in, others the headstones are fallen down. If possible we will have all this work done, but we need money to do it. Won't you help by sending a donation to keep up the City of our Dead? Do it now or you may neglect it. Please help to keep the good work going. Send money to the Treasurer.

W. I. RAINS, President  
 CLAUD NASH, Treasurer

# Star Dust

STAGE-SCREEN-RADIO

By VIRGINIA VALE  
(Released by Western Newspaper Union.)

ONE of the most interesting pieces of casting that's taken place in Hollywood is the selection of Joan Crawford and Greer Garson to combine their talents for the first time in "When Ladies Meet," a screen version of the stage hit of some years ago.

It's the story of a wife and the "other woman"; they meet without knowing that they're rivals. They become warm friends—and the fun begins when their identities are re-

GREER GARSON

vealed. The stars are fresh from hits—Miss Crawford from "A Woman's Face," and Miss Garson from "Blossoms in the Dust." Robert Taylor will be the fought-over male.

Edgar Kennedy, the "slow-burn" star of RKO Radio's shorts, is preparing to leave on his annual personal appearance tour. He will be accompanied by his wife, his son and Chester Conklin, and he will play Midwest theaters and fairs.

Katharine Hepburn, whose performance in "Philadelphia Story" put her back where she wanted to be at the box office, will start work soon on another picture. At present it's called "The Woman of the Year"; she'll play a newspaper columnist who's married to a sports writer. Metro feels that it's a good title for a Hepburn picture because of the comeback which she staged in "Philadelphia Story."

Miriam Hopkins withdrew from "Bad Lands" recently, giving two reasons, one ordinary, one unusual. The ordinary one—she felt that the part did not suit her; probably it didn't. The title doesn't sound like a Miriam Hopkins vehicle. The unusual one—she felt that Robert Stack, the leading man, was too young to play opposite her. Few feminine stars would admit that!

Jack Holt's offspring are doing all right for themselves in films—as is Papa. Tim is scheduled for six "outdoor dramas"—(just Westerns to us), for RKO for 1941-42, and his sister Jenny, who's 20, has been engaged to play the feminine lead in "Stick to Your Guns," a Hopalong Cassidy picture in which that veteran of Westerns, William Boyd, plays the lead.

Every so often somebody has the bright idea of trying to persuade Maude Adams to come out of retirement and make a picture. Nothing ever comes of it. The latest to try it is Frank Capra, who wants her to star in a film called "Meet Jane Doe, Mother of John Doe." If she could be tempted to make a picture the opportunity of working with Capra should do it.

Edmund Lowe and Victor McLaglen, who impersonated marines in the movie version of "What Price Glory" years ago, have become "Sergeant Quirt" and "Captain Flag" again; this time on the air. They're doing a radio program designed to promote recruiting by showing modern life in the corps; it's a weekly feature, and should be welcomed by those who remember "What Price Glory."

Jack Smart, of CBS's "Meet Mr. Meek," met a judge last week, not once but twice. Picked up for speeding, he didn't have the money for the fine, so the judge let him go home for it. He hurried so fast, wanting to pay the first fine and get to his radio rehearsal on time, that he got another ticket for speeding. But the judge let him out of the second one.

**ODDS AND ENDS**—Cleo Manning made her debut as a motion picture actress by being kissed by Clark Gable, in "Honky Tonk" . . . Metro's putting a lot of its most talented youngsters into "Down in San Diego"; they're amateur detectives who uncover a Nazi band amid defense activities . . . Lili Damita and very young Sean Leslie Flynn have left the hospital where he arrived and gone home to Papa Errol . . . Mona Maris, of Warner Bros. "Lure of the Tropics," will make two pictures in her native Argentina . . . Ann Sothern has a new Metro contract . . . Richard Arlen is booked to do three melodramas for Paramount.

CRISPLY COOL ON A SUMMER DAY!  
(See Recipes Below)

### THIRST QUENCHER IDEAS

The thermometer's soaring and the summer sun's too hot, you say? Then you'll want a cool, gracious drink with tinkling ice to lift your wilted spirits.

Indeed the favorite pickup for a sultry day is nothing more than a simple drink of fruit juices, tea, or frothy milk with shimmering ice. The tartness of the fruit juices in these drinks will refresh and cool you, soothe your disposition long after you've sipped them. Besides they'll give vitamins and minerals to pep you up even more.

For a really quick cooling drink you might try some of the prepared fruit juice powders on the market. They can be mixed in a flash and give a very satisfying beverage. The children will like working with them, too, and won't muss the kitchen if they have this type of easy preparation to use.

Summer drinks can be especially attractive when served with those fragrant sprigs of mint you have growing on the side of the house, strawberries from the patch, or long, lengthwise slices of lemon to bring out the delicate flavor of tea. Ice cubes with cherries, red berries, mint leaves, orange or lemon slices, or fruit juices all frozen in the cubes will make your thirst quenchers a joy to look at.

**Iced Tea.**  
Tea must be made double strength when used with ice, so use 2 teaspoons for each cup of water. Measure 1 cup of freshly drawn water, bring to a boil. Pour over leaves, let steep 5 minutes, then strain into a pitcher. Cool, pour into glasses filled with ice, two-thirds full. Serve with slices of lemon.

You can do such delightful things with this combination of tea, oranges and mint, so here's a recipe which you might like to try. It's a company favorite!

**Orange Mint Julep.**  
(Serves 10)  
6 glasses of strong tea  
2 cups sugar  
½ cup water  
1 orange rind grated  
Juice of six oranges  
Sprays of mint

Boil the sugar and water and grate orange rind for 5 minutes. Remove from fire, add crushed mint leaves and let cool. To the strained tea add orange juice, and pour into glasses which are half-filled with crushed ice, and sweeten to taste with the strained mint syrup. You'll like this garnished with mint sprays and floating orange slices.

For a really exhilarating drink that has nutritive value so vital to lift lagging spirits, here's eggs and milk combined with fruit and juices. It's so-o-o good and looks like a charm.

### LYNN SAYS:

A snowy frost on the glass in which you serve your cooling summer drinks is very attractive and simple to make. All you do is dip the top of the glass before it is filled into slightly beaten egg white and then into granulated sugar. Allow to dry thoroughly before using.

If you'd like a true frost for the glass try a drink which is guaranteed to have one. Such are the old-fashioned "granits" which may be of any flavor you desire. The granit is a half-frozen drink which is put in the refrigerator or freezer until a light snow-frost appears, but leaves the drink still liquid enough to pour.

For a strawberry granit, mash a quart of berries and cover with ¼ pounds of sugar, then set aside for several hours to let a syrup form. Drain and press through a sieve. Add 1 tablespoon of strawberry extract, then mix with 1 pint of water. Freeze until the top is snow-frosted and serve in long, thin glasses.

### THIS WEEK'S MENU

- Fruit Cup
- Noodle Ring with Fried Chicken
- Cream Gravy Hot Biscuits
- Fresh Asparagus with Browned Butter and Crumb Sauce
- Tossed Fresh Vegetable Salad
- French Dressing
- \*Iced Tea
- Red Raspberry Fluff
- \*Recipe given.

### Fruit Float.

- (Serves 2)
- 1 cup water
  - 2 cups sugar
  - Juice of 2 lemons
  - Juice of 2 oranges
  - 2 eggs
  - ¼ teaspoon salt
  - ½ cup fresh raspberries or strawberries
  - Chipped ice
- Boil the sugar and water for 5 minutes. Cool. Mix all the ingredients except the ice and beat thoroughly. Chill. When ready to serve, pour into glasses half filled with ice. Garnish with a few whole berries.

### Fruit Swizzle.

- (Serves 8-10)
- 1 quart strong tea
  - 1 quart ginger ale
  - Juice of 3 lemons
  - 1 small bottle maraschino cherries
  - Juice of 3 oranges
  - 2 cups pineapple juice
  - 1 cup diced or crushed pineapple
- Mix all the ingredients together, sweeten to taste and serve iced.

Here's an old-fashioned treat that always makes new friends. I can still remember how nice the kitchen smelled when mother used to put it up, and then again how hospitable everyone thought she was when unexpected guests came and she served this drink. It has a delightful color, and unusual flavor.

**Currant Syrup With Raspberries.**  
(Makes 3 quarts)  
1 pint currant juice  
2 pounds sugar  
6 pounds currants  
1 pound sour cherries  
1 pound raspberries  
½ pint water

Pick, wash, seed, and dry the currants carefully. Seed and stem the cherries, and the raspberries. Pound and mash them well and let stand in a cool place for 36 hours. Then strain through a bag. Cook the sugar and water until it will snap when tested in cold water. Then add the fruit syrups, let boil 5 minutes, remove from fire. Let it get cold and then put up in bottles.

### Cinnamon Almond Float.

- (Serves 6)
- ½ cup sugar
  - ¼ teaspoon ground cinnamon
  - 1 quart cold milk
  - 1 teaspoon almond extract
  - ½ teaspoon vanilla
  - 1 pint vanilla ice cream
- Combine sugar and cinnamon; add milk and flavorings and stir until sugar is dissolved. Pour into tall glasses and top each with a generous spoonful of ice cream.

### Coconut Flake Cookies.

- (Makes 5 dozen)
- 1½ cups sifted flour
  - 3 teaspoons double-acting baking powder
  - ½ teaspoon salt
  - 3 cups corn flakes or bran flakes
  - 1 cup butter or other shortening
  - 1 cup granulated sugar
  - ½ cup brown sugar, firmly packed
  - 2 eggs, unbeaten
  - 1 teaspoon vanilla
  - 1½ cups shredded coconut

Sift flour once, measure, add baking powder and salt, and sift again; add flakes. Cream butter, add sugar gradually, and cream together well. Add eggs, one at a time, beating thoroughly after each. Add vanilla. Add flour and flakes mixture, mixing well. Add coconut. Drop from teaspoon on ungreased baking sheet and bake in moderate oven (375 degrees F.) 12 to 15 minutes, or until done. For variation ½ cup chopped nuts may be added to mixture before baking.

(Released by Western Newspaper Union.)

As Presented  
We sometimes think that we hate flattery, but we only hate the manner in which it is done.—La-Rochefoucauld.

### Invented Torpedo Plane

The torpedo plane figuring so prominently in this war and highlighted by the crippling and sinking of the German battleship Bismarck, is an American invention. Patent for the first torpedo plane in history was obtained 29 years ago (in 1912) by Rear Admiral Bradley A. Fiske, U. S. N., retired, hero of the Battle of Manila.

Now 85, Admiral Fiske looks at the important role being played by the weapon he invented, developed to meet modern needs, as vindication of his dream.

### Vacation Church School

Our Vacation Church School, which closed last Friday afternoon July 11, was a great success. We had forty-six children enrolled and I think all of them enjoyed the school very much. I want to take this opportunity to thank the teachers Mesdames Adamsen, Naylor, Shaw and Miss Doris Myrtle Everett for the fine work which they did. I also want to thank the parents for fine spirit of cooperation throughout the school. We appreciated very much the attendance of the children from the other churches of the town.  
I. E. Biggs  
The Informer, \$1.00 per year

### Baptist Church Notes

It is a joy to report an increase in attendance at all services the past Sunday. The attendance at both preaching services was greatly increased. The Training Union attendance and interest looked good also. The first Sunday 85 were present. Last Sunday 48 were present. The total enrollment was 52. Training Union work is thrilling.  
The G. A.'s meet this week at the pastors home, 3 p. m. Saturday.  
The Sun Beam Band meets Wednesday at 8:30 p. m. at the pastors home.  
Sunday morning the pastor acted for his subject 'The Forgotten Christ' Lk. 2:41-52. His subject for Sunday night was, 'The Magnetic Christ.' John 12:32.  
The subject for next Sunday morning will be 'Pay Day.' Do you prefer wages or gifts?  
Our revival is scheduled to begin August 17th. Plan to attend every service and pray for them.  
A special effort is to be made this week to get the \$50 more needed to put a roof on the basement. We have reached the half way mark. Have you done your part yet? See Harrison Hall and

make your contribution to this object of need by Sunday.

Jesus lived the perfect life, the only perfect life this world has ever known. Even His enemies could find no fault or flaw in His life. The enemies of Jesus are seeking for faults in His messengers today. Representatives of the Lord find comfort in Matt 5:10-12.

A. L. Tork, pastor

### HELP US?

The Rowe Cemetery Club was organized for only one purpose, that is to take care of our Cemetery. Some work has been done, the weeds have been cleaned off, but due to the heavy rains the graves are in bad condition, especially those whose families have moved away. Some are in need of dirt hauled to fill in, others the headstones are fallen down. If possible we will have all this work done, but we need money to do it. Won't you help by sending a donation to keep up the City of our Dead? Do it now or you may neglect it. Please help to keep the good work going. Send money to the Treasurer.

W. I. RAINS, President  
CLAUD NASH, Treasurer
