SHOOTING WAR:

Recapitulation

Repercussions among the noninterventionist opponents of President Roosevelt's general foreign policy were surprisingly calm, following his address in which he told U. S. naval skippers to shoot first and ask questions afterward. Beyond seeing it "as a step toward war." there seemed to be an utter unwillingness on the part of the White House's opponents to sail into the President tooth and toenail.

The request of Captain Halliday of the sunken Steel Seafarer "give us guns and we will shoot, too," brought the discussion of arming of merchantmen into the fore. In this the pattern of the last war was being sharply paralleled.

The declaration by Germany of unrestricted submarine warfare was closely followed in those days by the arming of merchantmen, which, in turn, was followed by the country's active entrance into the

However, it was not immediately apparent that any such move was being sponsored on Capitol Hill.

For All Flags'

Later the trend of U.S. policy became more clear as Secretary of the Navy Frank Knox, in a speech before the national American Legion convention in Milwaukee, indicated that U.S. warships would "provide protection . . . for ships of every flag carrying lend-lease supplies between the American continent and the waters adjacent to Iceland."

While he avoided the use of the word "convoy" this appeared to be the plan for providing the promised protection and to most observers it looked like the logical followup to the President's former "shoot on sight" edict against German or Italian raiders.

REYNOLDS NIPPED:

A Repercussion

Cancellation of an address scheduled by Sen. R. R. Reynolds of North Carolina before the Advertising club of Newark, N. J., was another repercussion which bid fair to be a typical reaction of the times followthe President's "shooting"

The senator had been booked to speak September 24 "many months ago," and the statement made public by the club declared: "and the

club directors at that time felt that, regardless of the senator's decidedisolationist position, the club should continue its policy of listening to both sides of every question.

"However, because of the recent Nazi sea incidents and the recent clearly definite speech of President Roosevelt, we feel now that Senator Reynolds' talk might be in a definite conflict with the national defense program.

"The withdrawal is in no sense an indictment of the eminent senator. He is entitled by the Constitution of the United States to exwhatever viewpoints he chooses to indorse.

"Nevertheless I feel sure that the people of New Jersey, one of the thirteen original States of this country, are 100 per cent against Hitler, and, in my opinion, are solidly opposed to the views expressed by Senator Reynolds."

A Man's Job

LONDON, ENGLAND.-Britain's man shortage is even felt in the post office department, where women have taken over duties of mail collecting. This pretty miss, wearing practically "mailman's" garb, is one of the many additions to the British postal staff.

Pays and Pays

Reports filtered through from Norway to neighboring Sweden by the simple method of couriers slipping across the border, to the effect that Norway's boundless courage and defiance of Nazis and Quislings were the cause of the uprising which swept the country and made the conquered people pay and pay again for their temerity.

The incident is said to have occurred at Oslo, when, during a British raid on the port, people thronged the streets, waving happily at the bombers overhead, regardless of their own danger.

From the throngs, also especially from school shelters, were heard strong voices singing Norway's national anthem and the king's hymn. Suddenly the word came that one British bomber had been downed and that two men of the R.A.F. had been taken to an Oslo hospital.

The crowd surged toward the hospital, bearing flowers and cheering the men within to the echo. They demanded admittance. The demonstration grew to such proportions that the Nazi military dispersed it and from that time on labor troubles grew until the final outburst. Locomotives were sabotaged.

Nazi troop movements were halted. Munitions factories were blown up. A general strike spread through the These troubles were simultaneous-

ly and apparently spontaneously occurring at other points in Nazi occupied countries. These were the developments: 1. Practical martial law declared by the Quisling government over

most of Norway. A church "purge" 2. A warning in Rumania that "Communists" would be "shot on

3. Reports from Jugoslavia that guerillas had slain 398 persons in one village, had sabotaged a freighter and had blown up an important

highway.

Will They Quit?

The publication of anti-Nazi articles in Helsinki newspapers, plus the general national jubilation over the recapture of the capital of Karelia, former Finnish province lost to the Russians early in the war brought to the fore the question of whether the Finns would continue their part in the fight to occupy Leningrad.

The feeling was expressed in certain quarters that the Finns already have quit, and they cited the fact that the Germans had reported the entire encirclement of Leningrad and then, two days later, had ad-

mitted this was not true.

The "hole" they reported in the encirclement was in the Lake Ladoga region, the exact part of the front which the Finns were working in predominantly.

LINDBERGH:

Loss of Support

A recent speech by Lindbergh, leading orator of the America First committee, instantly lost him the support of the Hearst newspapers. which had been enthusiastically printing everything he had been saying.

Lindbergh was booed and hissed, as well as applauded in Des Moines, Iowa, when he made the statement among other things, that the only groups really pulling for American entry into the war were the British. the Jews and the Roosevelt supporters.

This brought down on his head a considerable blast of indignation from private and public characters throughout the nation.

But outstanding among his critics was William R. Hearst, who caused an editorial to be displayed on the front pages of his papers under the heading "An Un-American Address" in which he said "The raising of the racial issue is the most unfortunate happening that has occurred in the United States since the present tense international situation developed."

Practical Cutout Novelties

STAGE SCREEN RADIO

By VIRGINIA VALE (Released by Western Newspaper Union.)

DARAMOUNT may have something very interesting in the picture called, so far, "Tales of Manhattan." It's the story of a dress suit and what happens to it, and there are seven sequences, in each of which a different male star will appear. So far Charles Boyer, W. C. Fields, Edward G. Robinson and Joe Mc-Crea have been signed up, and Paul Robeson, the famous baritone, is one of the dozen outstanding stars being considered for it. Well, remember "If I Had a Million"? The episode which practically everyone recalls from that picture is the one in which Charles Laughton, learning that he had a million dollars, gave his boss the raspberry. It made the picture!

Susan Hayward did so well in "Reap the Wild Wind" that she has been given another important role: in "The Lady Has Plans," the Paulette Goddard-Ray Milland spy comedy, she'll be an American racke-

teer whose identity gets mixed up in Europe with a woman radio commentator's-the commentator being Miss Goddard. The screen play was written by Harry Tugend, author of "Caught in the Draft."

Martha Mears, the popular blonde radio singer, has been signed to a term contract by RKO Radio. As her first assignment she will do a feature number in floor show sequences for "Call Out the Marines," which stars Victor McLaglen and Edmund Lowe.

RKO has also signed Pare Lorentz to write, direct and produce feature films. Lorentz, you'll recall was responsible for those superb government-sponsored documentary films "The River," "The Fight for Life," and "The Plow That Broke the Plains."

Too much can't be said in praise of "Here Comes Mr. Jordan." It's one of the most original pictures. ever turned out in Hollywood; it's highly amusing, it's well performed, especially by Robert Montgomery, James Gleason and Edward Everett Horton. Don't miss it!

Kathryn Grayson's going to grow up into Spring Byington in Metro's "The Vanishing Virginian" - and they'll both be portraying Rebecca Yancey Williams, the author of the book. Despite the chance to see two movie actresses portraying her before the cameras, Mrs. Williams refuses to go to Hollywood.

Edward G. Robinson recently spent a week with his son, Manny, at the Black-Foxe Military academy summer camp in the San Bernardino mountains, and as a result there'll be a change in the dramas presented on the CBS "Big Town" program during the 1941-42 season. That exposure to the youngsters convinced Robinson that younger listeners should hear more comedy and light dramas-which may also provide older ones with relief from present world conditions. So "Big Town" will be more amusing.

Few people outside of the radio business have ever heard of Hal Block. Radio writers usually are just heard, speaking through the mouths of other people. But Block has done such prodigious work on CBS's "Treasury Hour—Millions for Defense" that he's becoming known to the public. With regard for each performer, he has written the humorous side of the show for just about every big-time air comic of the day. And that's quite a trick, for comedians, according to those who know, are naturally some of the unfunniest men in the world.

ODDS AND ENDS-Patricia Morrison, last of the long-haired brunettes in the movies' stellar ranks, has succumbed to the inevitable-she's succumbed to a bleach inevitable—she's succumbed to a bleach and a bob . . . Joel McCrea can't help stopping and listening when he hears a newsboy really giving; he used to peddle papers himself . . Warner Brothers have decided that you'll be more likely to want to see "The Black Widow" if it's called "The Body Disappears," with Jefrey Lynn, Jane Wyman and Edward Everett Horton . . Veronica Lake and her infant daughter, Elaine, have matching bed jackets of ice blue satin—just the thing for a brand new baby!

WAFFLES AT NIGHT-GUESTS' DELIGHT! (See Recipes Below)

OUT OF THE WAFFLE IRON

Waffles! Um'm! Crisp and browned to suit the taste-a queenly dish, whether you're a homemaker who delights in calling in your friends-a "home body" who caters only to the family-or a lone eater who simply likes nice foods.

It's fun to make 'em . . . it's fun to bake 'em. And waffle baking has made so many homentakers-young and old-waffle-party conscious, that we've included in this week's column games especially suitable for waffle parties.

ketball team, or hubby's cronieswill go down in social history. Mark our words!

Waffle recipes can be divided into two parts-the "ordinary" or "regular" waffle-good enough for anybody; and the waffles with frills and furbelows - gingerbread waffles, chocolate waffles, etc. So we give you some of each.

Here's a good game for your next waffle party. It's called CONSEfamiliar Conse-

QUENCES and is played as the old quences. Paper and pencil are needed. Each person draws the head of a beast, bird or man, folds the paper over and passes it to

the neighbor on his left. Each person then draws a body of beast, bird or man, according to his fancy, and again folds the paper over. The last item to be added is the legs and feet. The paper is to be folded again and passed to the neighbor on the left, then all are opened. The results may be astonishing. (Released by Western Newspaper Union.)
