Eugene Worley Writes

December 8, 1941

As this is written, the President of the United States is preparing a message which he will deliver to the Congress at noon today. The message will recommend the appropriate action to be taken in the light of recent international developments. I intend to follow his recommendations.

We have done everything we could honorably do to avoid war. Despite our desire for peaceful settlement, we have been the object of deception, low intrigue and vicious attacks from a scheming enemy. We had all hoped to avoid actual conflict until we had reached our full strength. Through no fault of our own, however, Japan has taken advantage of this fact. We must now reach that strength.

The road ahead is not a smooth one, but by the grace of God, who has always guided us throughout our glorious history, and a united people, we will emerge with our colors flying and retain our place in the ranks of the mightiest nations of the world. Our destiny is forward with full speed ahead.

Eugene Worley

WEEKLY NEWS ANALYSIS By Edward C. Wayne

Scient Bristles With Military Activity as U. S. and Japan End Conferences; S. Planes Aid British Libyan Drive; Nazis Admit Russian Recapture of Rostov

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.) (Released by Western Newspaper Union.)

Here is a view of the U. S. S. Ellyson, new destroyer for the U. S. navy, during commissioning ceremonies at the New York navy yard. Officers and crew are facing aft as the colors are raised. The Ellyson is a sister ship of the U. S. S. Kearny, which proved her mettle by standing up and making port under her own power after taking what a German torpedo had to offer.

JAPAN: Demands
Following exploratory talks between special Japanese envoy Kurosu and Secretary Hull which had more or less been kept secret, the latter suddenly issued a five-point ultimatum to Japan which showed plainly that the United States feared no crisis with Nippon, and that her attitude toward Japan's plans in the Pacific was unchanged.

The United States boldly asserted she was insisting on Japan's withdrawal from the Axis; that Japan must get out of China; that she must withdraw from Indo-China; that she must be willing to keep the open door in the Pacific.

This was followed closely by a welter of rumors—that Japan was sending 30,000 men in 70 transports to Indo-China—that the U. S. was going to patrol the supply lines to China along the Burma road with airplanes.

On top of all this came Premier Hideki Tojo's blunt statement that in the light of developments Japan considered Britain and the United States "hostile nations" accusing the Western powers of attempting to exploit East Asia, and saying: "We must purge this sort of practice with vengeance."

Then came word from Singapore that all army leaves had been cancelled and that the entire British force there had been placed "on the alert."

There was little doubt but that the sword of war was dangling by a thread in the Pacific, a fact which President Roosevelt had recognized in taking a brief vacation to Warm Springs, Ga. As he left he remarked that his date of return "depended on Japan."

Tojo continued his tirade against Britain and America by taking note of the rumor that this country was planning a Burma Road patrol. He said that Japan "could not ignore" such a move, and would consider it a "deliberately hostile action."

Real spot that all eyes were turned upon was the border of Thailand, against which many believed that Japan would launch an invasion attempt as an "answer" to Hull's latest message.

Such a move, Washington observers felt, would instantly touch off war in the Pacific.

RUSSIA: Gateway Gain
As the Russians admittedly had their backs to the wall in Moscow, they had claimed an outstanding victory in the central southern sector where they asserted their armies had recaptured Rostov-on-Don, an important gateway to the Caucasian oil fields previously lost to the Nazis.

For several days the Russians had been talking about a counter-attack somewhat to the west of Rostov, an attack which was driving southward with some success.

At that time Pravda and the army paper Red Star had hinted that this counter-attack was seriously affecting General Von Kleist's supply lines.

Suddenly the Russian armies fell with full force on the Von Kleist army corps, and Kuibyshev reported the entire corps was annihilated and that the Russians had the Nazi forces in the Rostov district rushing off westward in "disorderly retreat."

The Germans admitted the evacuation, and ascribed it to an effort to gain time for retaliation against the attacks of the civilian population on the German rear "in defiance of international law."

Stripped of its Nazi propaganda angles, this seemed at least a partial admission on the part of the German High Command that the Russian attacks on the German communication lines, which had featured Red dispatches for a week, had played a big part in the German disaster at Rostov.

LIBYA: British Ring
After winning battle after battle by swift encirclements based on the use of fast tanks and screaming dive-bombers, the Nazi forces in North Africa had evidently received a dose of their own medicine, and while dealing out deadly punishment to the British, had been unable to break the iron ring which had trapped an estimated half of the German armies.

The German High Command had blithely announced early in the battle that a "counter-offensive" had retaken Sidi Omar and was moving across the Egyptian frontier, despite the fact, obvious from the maps that in this maneuver the German tanks were going the "wrong way up a one-way street" as one British commentator put it.

The chief Italian mechanized force, the Ariete division finally managed to join forces with the chief remnants of general Rommel's tank outfits, and were attempting to break out near Rezegh. But Rezegh was at the extreme west end of the British trap, not the extreme east end, as was Sidi Omar.

It was obvious that it was at Rezegh that the main battle was joined, the battle that would spell success or failure for the British effort.

Despite the fact that Germany was sending airplanes from Europe to back up her tank forces in Africa, the British claimed they were still able to hold supremacy in the air, being equipped with hundreds of American planes in addition to their own.

The British also claimed they were steadily widening their wall within each day the battle continued found them better able to continue it.

ARMS: For Merchantmen
As America rushed to arm its merchantmen in accordance with the permissions under the neutrality act as revised, the controversy raged hotly as to what good the weapons would do the vessels.

Naval authorities pointed out that they would do little good if the vessel encountered a surface raider. But against submarines it was a powerful weapon if the ship were able to fire a lethal weapon at its attacker.

Naval men gave figures from the last war, showing that of 302 unarmed merchant ships attacked, only 67 escaped; but of 310 defensively armed merchant vessels attacked, 263 got away.

The secret was this, they said: Submarines attacking a ship while submerged, must get close enough to get a good view of the target through the periscope. Through a choppy sea this is well-nigh impossible because the vantage point is so close to the surface.

But if a submarine may attack a ship from the surface, then its chance of missing its mark is much less.

Hence the presence of guns, fore and aft, on the armed merchantman practically forces the submarine to remain submerged for its own protection.

Guns and depth charges on merchantmen may spell safety for a large percentage, navy men believe.

VICHY: Surrendered?
London had become perturbed over reports it had obtained from a "reliable foreign source" that Vichy already had yielded to German demands for air and naval control in French North Africa.

While the reports had been current that Pétain was ducking a final showdown with Hitler while watching anxiously the British offensive in North Africa, it was reported that the Nazis had taken over four French commercial airlines.

'Natural' Man

DETROIT, MICH.—To Russell Allen, 26-year-old die-maker of Detroit, shoes are only the dictates of dignity. Nightly he can be seen walking down Detroit's streets—sans shoes. He says shoes aren't natural and has gone barefooted for years. He was sickly until he adopted a diet of foods in their natural state. His only meat is raw beef.

U. S. ARMY: Changes Ideas

Partly as a result of maneuvers in the South, partly as a result of reports from American observers with the warring armies in Europe and Africa, the U. S. army's ideas of a fighting force are undergoing rapid changes.

Modern armies had been accepted, also modern motor transport, and our army had its planes, tanks, anti-tank guns, anti-aircraft guns, and all the other appurtenances of modern warfare.

But this has not been deemed the best arrangement, and army officers now are rearranging the basic arm, the infantry, so that each unit is practically a whole mechanized army in itself.

Each infantry outfit, the new army idea envisions, will have its own screen of tanks, will be completely motorized as regards transport from place to place; it will have its own battery of planes; even its own self-propelled 75-millimeter guns.

Thus what used to be a regiment of foot-soldiers, working in conjunction with separate outfits of plane, artillery and tanks, will now become a complete little army in itself, with all the necessary arms.

FINNS: Being Replaced?

The report by the British admiralty that submarines of the Royal navy had sent to the bottom eight Axis troopships and supply vessels recently in Arctic waters gave rise to the belief that the Nazis were seeking to replace Finnish troops on the northern Russian front.

This indicated a probability that Finland might not be as wholeheartedly in the war as the German High Command would have the world believe.

One submarine, the British reported, sank five ships and seriously damaged a sixth, and the other sent three to the bottom out of a convoy of seven and damaged the others so that "their destruction was believed probable."

At least two of the vessels were carrying troops, London said.

GILLETTE: His Letter

Senator Gillette of Iowa, a Democrat who was the first target of one of the New Deal's unsuccessful purge efforts in 1937, and who has long been a relentless and capable foe of the President's foreign policy, had written a letter to the President offering his services in any capacity during the present emergency.

The President replied, in part: "If the occasion should warrant it, I would not hesitate to ask you to place your abilities at the disposal of your country in some other capacity than as United States senator."

The incident was regarded as another spectacular development in the progressive collapse of opposition to the administration's foreign policy in the light of the extreme tension in the Far East.

The Iowa informed the President that he had not retreated from his viewpoint. He said, however, that he was utterly willing under the present circumstances to work for causes which were in conflict with his personal opinions. Said he: "This is for the purpose of enlightening myself and all that I have in service for the duration of the emergency."

MISCELLANY:

Washington: Five days before the nation's operating railway workers were to go out on their scheduled strike the tie-up was averted when it was announced from Washington that mediation had finally won out.

New York: The American Institute of Decorators was celebrating the addition of two new members (both honorary)—John D. Rockefeller Jr. and Henry F. Dupont.

Star Dust STAGE SCREEN RADIO By VIRGINIA VALE (Released by Western Newspaper Union.)

HOW would you like to be introduced to a pretty girl and, two minutes, later have to throw a glass of water into her face? Barry Nelson knows how it feels to do exactly that. The girl was Laraine Day; Nelson, discovered by Metro on the University of California campus, had to throw the water because William Seitz, directing "China Caravan," liked the idea. Nelson wants to play tough roles; according to Spencer Tracy, he's a "sterling actor," so he should be able to. The role in "China Caravan" is his fourth in pictures, but throwing that water was almost too much for him; he'd rather be tough some other way!

Ann Sheridan and Madeleine Carroll probably didn't know it, but for three weeks they ran neck and neck with Lana Turner in an election. The boys at Forts Hancock and Tilden were voting to choose "The Sweetheart of Harbor Defenses." Lana won the title.

If Joan Fontaine needed to make sure of her laurels as an actress, she's certainly accomplished it in "Suspicion," the new Alfred Hitchcock thriller. Her performance is

JOAN FONTAINE

superb. RKO provided an excellent cast, which includes Cary Grant, Sir Cedric Hardwicke, Dame May Whitty, Nigel Bruce and Heather Angel. You can see what an actress Miss Fontaine is, to stand out in such a cast.

Clyde Cook, who has a bit part in "Suspicion," directed Hitchcock in an English film in the days before the mystery director won his spurs. Incidentally, if you read that thriller, "Before the Fact," don't expect this picture version to resemble it too closely.

"I guess the hair-dresser just doesn't like Joan Crawford," remarked a friend of mine after seeing "When Ladies Meet." "And maybe the costume designer felt the same way," she added. Certainly Greer Garson's hair was more becomingly done, and her clothes were prettier than Miss Crawford's. But hair-do's and clothes must be an old story to the Crawford girl, who could give a good performance if she had to wear a sugar sack and have her hair shaved tight to her head. Robert Taylor ought to make new friends in this one, too.

Rosalind Russell and her bridegroom drove to New Orleans after their marriage, went by boat to Cuba, flew to Jacksonville and took a train to New York. After a brief stay there she had to rush back to Hollywood for wardrobe tests for "Take a Letter, Darling," in which she plays a bachelor girl. Frances Farmer, who's been co-starring with Tyrone Power in "Son of Fury," is cast as her rival.

Richard Arlen wants to go to China to make a picture, when he finishes "Wildcat," which he's to start about the first of the year. Says it would take about three months to shoot exteriors there, then the troupe would come home to make the rest of it.

A miniature Big Town has been built by a New Orleans man who visualized the imaginary city after listening to Edward G. Robinson's CBS show, which has been on the air for four years; he wants to give it to Robinson, who hesitates—he'd need a special building to house it.

ODDS AND ENDS—Herbert Marshall became an actor because he couldn't add or subtract readily enough to hold a position as a clerk. . . . Raymond Gram Swing's vacation begins Christmas Day. . . . John Gunther will substitute for him during his three weeks' absence. . . . Jerry Colonna, Allan Jones and a few buddies have the difficult task of concealing the fact that Judy Canova is a showman in their army camp in "True to the Army." . . . Columbia may finally screen its long-postponed "Life of Chopin," with Glenn Ford as the composer. . . . The famous "Thin Man" is wearing thinner than ever, yet "Shadow of the Thin Man" is amusing.

THE TRUTH SIMPLY TOLD Today's popularity of Doan's Pills, after many years of worldwide use, surely must be accepted as evidence of the value of the medicine. And favorable public opinion supports that of the able physicians who test the value of Doan's under exacting laboratory conditions. These physicians, too, approve every word of advertising you read, the objective of which is only to recommend Doan's Pills as a good diuretic treatment for disorders of the kidney function and for relief of the pain and worry it causes. If more people were aware of how the kidneys must constantly remove waste that cannot stay in the blood without injury to health, there would be better understanding of why the whole body suffers when kidneys lag, and diuretic medication would be more often employed. Burning, scanty or too frequent urination sometimes warn of disturbed kidney function. You may suffer nagging headache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel weak, nervous, all played out. Use Doan's Pills. It is better to rely on a medicine that has won worldwide acclaim than on something less favorably known. Ask your neighbor!

Dear Flossie,

This long vacation leaves me dry of good gossip, but I am beginning to gather some interest.

Did you hear that? It's only me poor old knees. You can take it from me, I ruined a pair of knees and one back during that vacation. Really I like school better than I ever expected to.

Honestly, these study hall desks are quite comfortable now.

Did you hear about the street the Dawn Party? I heard there were seven present. It happened

Wedding bells rang for one of our junior girls during vacation and as a result we have a Mrs. Stallings as one of our students.

Also I heard that the wedding bells almost rang for a senior boy and you'll probably hear them clanging out loud for him about Xmas.

Everyone's so sleepy and drowsy these days that I wouldn't be surprised to hear someone snoring out loud. The faculty seems

to feel the skating rink is blame and maybe they are. Really I do believe some party the quiet is due to Truel's wearing those taps on his skates anymore.

Gossip has it that Madam J. M. is carrying on with murder.

Dependable Natural Gas Service is not for this generation only. If Gulf South Natural Gas reserves are properly conserved and utilized, there will be enough of this precious fuel for the use of many generations to come.

This Company and associated Companies look always to the future . . . to guard and conserve today's unused Gas reserves for use tomorrow . . . to continue a never-ending search for new Gas-producing areas . . . to drill deeper wells and tap new Gas reservoirs.

Our first job is to provide **Dependable Natural Gas Service** for Gulf South communities and industries today . . . our next job is to plan for the future so that the children of today may have the enjoyment and benefit of Natural Gas Service . . . so that Gulf South factories may continue to build and expand with the assurance of an unending fuel supply.

Make Merry With Cookies and Candies!
(See Recipes Below)

Xmas Gift Boxes

Christmas is the time for giving! Thus runs the refrain during this festive season. And what could be more appropriate, more welcome than gaily wrapped boxes packed right in your own kitchen—boxes full of sweet, crunchy cookies warm and fresh from the oven, candies, tempting tidbits of sweetness made with spices and nuts. Cookies and candies wrapped with waxed paper in small tin boxes will delight the heart of that boy you may have sent to camp, your daughter away at school, or a neighbor.

*Bran Filled Hermits.

(Makes 45 medium-sized cookies)
 ½ cup butter or margarine
 1½ cups sugar
 2 eggs
 ½ cup milk
 ¾ cup all-bran
 ¾ cup flour
 2 teaspoons baking powder
 1½ teaspoons cinnamon
 1 teaspoon cloves
 ½ teaspoon mace
 ½ teaspoon nutmeg
 1 teaspoon salt
 1 cup mince-meat or preserves
 Cream shortening, add sugar and eggs and beat well. Add milk and all-bran. Sift flour with remaining dry ingredients and add to first mixture. Mix well and chill. Roll dough to an eighth of an inch thickness on lightly floured board. Cut into rounds. Place 1 teaspoon mince-meat on one-half the rounds and top with remaining rounds. Crimp edges with a fork. Bake on ungreased cookie sheet in fairly hot oven (400 degrees) for 12 to 15 minutes.

Cookies right in tune with the Christmas season are these with red or green sugar dusted on them. Make them in fancy Christmas tree, Santa Claus or wreath shapes with a cookie cutter. Use butter for a really good flavor, cut them thin and chill well before cutting.

*Christmas Butter Cookies.

(Makes 6 dozen small)
 ½ pound butter
 1 cup sugar
 2 eggs
 1 teaspoon vanilla
 1 teaspoon almond extract
 ½ teaspoon salt
 2 to 2½ cups flour

Cream butter and sugar. Combine beaten eggs and flavoring with creamed mixture. Add flour and salt. Mix well and chill. Roll thin, cut into shapes. Dust with colored sugar. Bake on a sheet about 15 minutes or until light brown, in a moderate (400 degrees) oven.

Make your cookie and candy boxes provocative with tiny squares of rich, delicious penuche. These pieces can be dressed up in individual wrappings of gold, silver, green or yellow gift paper.

LYNN SAYS:

Now is the time to make your selection of gifts: perhaps you'd like to give away some of that brightly colored jelly or jam you put up last fall. Wrap it in gay paper, and tie it with a bit of silver and blue ribbon. Bring out the fruit cake and plum pudding, someone will be mighty proud to have them, too.

When packing cookies and candies for gift boxes you can make the box more attractive by alternating the kinds of cookies and candies used. To assure freshness, use waxed paper between the layers.

Gift Box Suggestions

- *Bran Filled Hermits
- *Christmas Cookies
- *Brazilian Penuche
- *Popcorn Brittle
- *Popcorn Fudge
- *Recipes Given

*Brazilian Penuche.

2 cups brown sugar (packed firmly)
 ¼ cup top milk
 ½ teaspoon vanilla
 1 tablespoon butter
 ½ cup chopped Brazil nuts
 Dash of salt

Combine sugar, salt and milk. Cook, stirring constantly over low heat until sugar is dissolved and mixture boils. Cook until a small amount forms a soft ball when dropped into cold water (238 degrees). Remove from heat. Add vanilla and butter without stirring. Cool until lukewarm and beat hard until creamy. Add nuts and turn into greased pan. Sprinkle with sliced nuts. Cut into squares.

An old favorite, popcorn, is featured in a new role in these candy recipes. If you don't want to go through the business of popping the corn yourself, you can get along nicely by using the popcorn that comes tightly sealed in tin cans. It's as fresh and nice as if you made it yourself.

*Popcorn Fudge.

2 cups brown sugar
 1 cup thin cream
 1 tablespoon butter
 2 cups popcorn
 1 teaspoon vanilla

Combine sugar with cream and stir over low heat until sugar is dissolved. Cook until the soft ball stage (238 degrees) or until it forms a soft ball in cold water. Remove from heat and let stand in cold water until cool. Add butter, popcorn, and vanilla. Beat until creamy. Pour into buttered plate and cut.

*Popcorn Brittle.

2 cups granulated sugar
 1 cup dark corn syrup
 ½ cup water
 1 quart popcorn (slightly salted)
 1 teaspoon vanilla
 2 teaspoons soda

Cook sugar, syrup and water in a heavy skillet. Stir until sugar is dissolved, then boil until mixture will crackle when dropped into cold water. Remove from fire, add vanilla and popcorn. Add soda and mix well. Pour into shallow, buttered pan. When cold, break into pieces.

No Christmas box of cookies would be complete without the delicately flavored Swedish Sprits cookies:

Swedish Sprits.

(Makes 4 dozen)
 1½ cups butter
 1 cup sugar
 1 egg yolk
 1 teaspoon vanilla
 1 teaspoon almond extract
 ¾ cups flour
 ½ teaspoon baking powder

Cream butter and sugar thoroughly, add egg and flavorings. Beat well. Blend in dry ingredients until mixture is smooth. Press through cookie press into various shapes and decorate with candied fruit, if desired. Bake in a hot oven (400 degrees) 8 to 10 minutes. Cookies hard to make? Not if you use this recipe:

Krispie Marshmallow Stars.

(Makes 16 to 18 stars)
 ½ cup butter
 ½ pound marshmallows
 ½ teaspoon vanilla
 1 package oven-popped rice cereal
 4 ounces semi-sweet chocolate, melted

Melt butter and marshmallows in double boiler. Add vanilla and chocolate and beat thoroughly. Put cereal in a large buttered bowl and pour in first mixture, stirring briskly. Put in a shallow buttered pan and allow to cool. Cut into stars or circles with a cutter. (Note: this cookie is not baked.)

It's not how much you pay, but how well it is received, that makes a Christmas gift welcome. That's why Camel Cigarettes and Prince Albert Smoking Tobacco make such ideal gifts. The cost is modest, the welcome assured. For Camel is America's favorite cigarette, and Prince Albert Smoking Tobacco is the National Joy Smoke. Local dealers are featuring Camels in your choice of two handsome gift packages—the Camel carton often packages and a gay package of four "flat fifties." Prince Albert is featured in the pound tin and the pound glass humidor in specially designed Christmas gift wrappings.—Adv.

Household Hints

When sending a book through the mail, cut corners off envelopes and put on book. Protected in this way, corners will not bend.

A cloth saturated in vinegar and rubbed over brick tiling will make the tiling look like new.

Always hang up your clothes after wearing. Proper hanging will make clothes last longer.

A soda cracker rolled into pieces and sprinkled over the lower crust of a fruit pie will prevent fruit juice running over into the oven.

Gift picture frames can be cleaned with a half-and-half mixture of alcohol and ammonia. Apply the mixture to the frame with a soft brush, let it stand a few minutes, then remove it with water applied with a soft brush. That done, let frame stand on edge to dry.

A little starch added to the water with which mirrors are washed will remove soil and give a polish to glass.

Do not put too much wax on floors. A little wax and plenty of polishing makes a better-looking floor.

Try mixing ginger cookies with cold coffee instead of water.

Pull the Trigger of Lazy Bowels, with Ease for Stomach.

When constipation brings on a digestion, stomach upset, bloating, spells, gas, coated tongue, sour taste, bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative-Sen to pull the trigger on those lazy bowels combined with Syrup Pepsin for ease to your stomach in taking. For many Doctors have given pepsin preparations in their prescriptions to medicine more agreeable to a touchy stomach. So be sure your laxative contains Pepsin. Insist on Dr. Calum's Sena Compound with Syrup Pepsin.

The Marketing Quota Referendum election is coming up again Dec. 13 for farmers in Donley County, to vote on whether they will keep the Quotas again next year or not. Each man who was interested in the production of cotton in 1941, is eligible to vote. According to the county committee, farmers should think very seriously about the coming election.

If quotas are not in effect, there will be no cotton loans in 1942. This more than anything else is a good reason to keep Quotas.

The Hedley voting place will be at the schoolhouse. Polls will open at 8:00 a. m. and close at 8:00 p. m.
