George M. Thompson

Funeral services for George M. Thompson, pioneer Memphis merchant, who passed away last Thursday from a heart attack, were held Saturday from the First Baptist Church there by Rev. S. F. Martin. Interment was made in Fairview cemetery with Womack Funeral Home in charge.

He came to the Pauband in 1884 and worked on the LX ranch near Amarillo, once taking part in a drive to Dodge City, Kansas.

He moved to Hall county in 1901 and engaged in farming, but soon returned to his former home, Alford, where he opened a drug store. In 1906 he moved back to Memphis and opened the hardware store which is now operated by his sons under the name of Thompson Bros. with stores in Memphis, Hedley and Clarendon. He is survived by his wife, three daughters, Mrs. G. G. Wilburn of Dallas, Mrs. Bryan Baldwin of Memphis and Mrs. J. G. Brown of Mineral Wells, four sons, E. P. and Geo. M. Jr. of Memphis, L. E. of Clarendon and G. O. of Burk Burnett, and several grandchildren.

The Informer extends sincere sympathy to the bereaved.

METHODIST CHURCH

Next Sunday should be a high day in the churches. It is our hope that all the churches of the town will be filled next Sunday. At the Methodist Church it will be Church Loyalty Day as well as Pentecost. We should make much of this day in our churches.

We hope to begin two new classes in our Church School next Sunday. One class will be for the older young people, both married and single. If you are in this group and not attending Church School we invite you to this class. Another class will be started for boys between the ages of 14 and 18, and of course any who may be on either side of the line may be in the class if they like. We invite all boys not attending Church School to this class.

Rev. G. T. Palmer, Dist. Supt. of the Clarendon Dist. for the Methodist Church will be here Sunday evening. He will preside and hold Quarterly Conference following the preaching service. He was to have been here the 5th Sunday night, but some changes were necessary, so he will be here the night of the 24th. We urge you to hear Bro. Palmer. He will have a helpful and inspiring message for you.

May 31st has been set as Rally Day in our Church School. Make your plans now to be in Sunday School on that day.

Our Vacation Bible School has been set for June 1 through June 12 with the program likely on the night of June 14. This will give the children a rest between the close of school and the Vacation Bible School. All children from the age of 4 through 18 are invited to attend, and there will be a class for each age group. We will have an efficient corps of instructors. The Church is here to serve. Parents, encourage your children to attend these sessions. G. R. LeMond, pastor.

Mr and Mrs. Winton Bernard of Dawson, N. Mex., are visiting here.

Mrs. J. B. Masterson returned Saturday from a trip to Memphis, Tenn.

Baccalaureate Service

The annual Baccalaureate Service was held Sunday in the high school auditorium. A large number of friends and relatives of the Seniors were present to hear the traditional sermon and the accompanying program.

After the Processional which was played by Mrs. Robert Watkins Rev. A. L. Teaff gave the invocation. The choir sang Faith of our Fathers, which was followed by a few announcements by Supt. W. C. Payne. The assembly sang Onward Christian Soldiers. The scripture reading was then given by Rev. E. L. Yates, pastor of the First Methodist Church in Memphis, followed by the choir singing Lead Kindly Light. The sermon was then delivered by Rev. Yates. Rev. J. E. Vermillion pronounced the Benediction and the Processional was played by Mrs. Watkins.

Card Of Thanks

The City of Hedley wants to take this opportunity in thanking the Womack Funeral Home and all others who helped in trying time when every move meant a lot in perhaps saving the lives of our school children and teachers.

Four Hedleyans were injured in a car wreck Sunday night on the highway near Giles. Wilson Morgan suffered a broken collar bone, and Jack Blanks and Miss Edith Conner and Jennie Bradley received severe bruises and cuts.

Marvin Hickey and family of Oney visited here last week and Marvin is now a newspaper man and is working on the Oney Enterprise.

Pfc. Paul F. Smith of Drew Field in Tampa, Florida visited here last week with his mother and friends.

Fred Watt Jr. of Grand Prairie is visiting here.

Born to Rev. and Mrs. O. R. LeMond on May 19 a son, Claude Alfred. Mother and son are doing well.

J. R. Jennings, Jesse Beach and Alfred Spalding enjoyed a fishing trip to Grossbeck Creek last week end.

Mr and Mrs. Oscar Alexander of Albuquerque and Mrs. J. B. Alexander of Denver visited here first of last week.

Looking Ahead

One thing is certain. There are going to be more taxes and higher taxes for everyone. Wouldn't it be smart to prepare for them now in order to ease this burden when March 15, 1943 rolls around?

Here's our suggestion. Save something every month in a special fund for next year's income tax. You still have plenty of time and we'll help you get started.

WEEKLY NEWS ANALYSIS Axis Threat to Western Hemisphere Forestalled by Move on Martinique; Nazis Begin Eastern Crimean Drive To Gain Needed Caucasian Oil Fields

EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper. (Released by Western Newspaper Union.)

ADMIRAL JOHN H. HOOVER Messenger to Martinique.

PROTECTORATE: In Caribbean

Dealing directly with Adm. Georges Robert as the "ultimate governing authority" of the French possessions in the Caribbean and French Guiana, the United States moved to forestall the Axis powers from gaining any foothold in the Western hemisphere.

PRIME MINISTER: A Report

As he reviewed the war on the second anniversary of his rise to the premiership, Prime Minister Winston Churchill of Great Britain indicated that he believed the tide of battle had turned in the favor of the United Nations.

COAL: Reserve Supplies

Repeated warnings issued by the nation's coal dealers were strengthened when Donald M. Nelson, war production chief, declared that emergency rationing of coal is probable unless consumers build up their reserve supplies immediately to the limit of storage.

Squeeze Whiskey

Federal alcohol tax unit agents uncovered a new bootlegging racket after arresting two men and seizing 13 gallons of whiskey in St. Paul. Agents said one of the men, a barrel cleaner at a pickle plant which buys used barrels from whiskey distillers, developed a process for squeezing liquor out of saturated chips he removed from the barrels.

One Cause of Crime

Attempted homicide has been often reported due to a low blood sugar. A hunter returning with a gun on his shoulder shot a woman sleeping in a car. When asked why he did it he said that an impulse had come over him. He did not know the woman, nor she him, but the urge to kill was so great that he had to yield to it.

GERMAN DRIVE: In Eastern Crimea

The long-heralded Nazi spring drive finally began with a thrust toward Kerch in the eastern Crimea. Kerch is a key peninsular point along the shortest route to the Caucasian oil fields.

MALTA: More Bombs

In a ceremony punctuated by falling Nazi bombs, Great Britain's Lord Gort was sworn in as the new governor and commander-in-chief of Malta, the "most bombed spot on earth."

CORAL SEA: Heavy Toll

Exacting a toll of at least 21 Japanese warships in the Battle of the Coral Sea, American sea and air forces combined to slap back a Jap fleet in its first major attempt to smash through the outer defenses of Australia.

TRADE BARRIERS: Impose 'Heavy Toll'

In an action-producing message to the Federal-State Conference on War Restrictions, President Roosevelt declared that legal obstacles to commerce, arising from a desire for regional and local advantage, have imposed a heavy toll on the national war effort.

Madagascar Guards Vital Supply Routes

The above map depicts the size of the French island of Madagascar by comparing it with the area of New York state. Madagascar's importance to the United Nations lies in the fact that bases on the island control the supply lines to India and the Middle East.

TRAP SPRUNG: On Jap Invaders

A stirring story of how Japanese invading forces on the Burma road were sent reeling back by a surprise blow from a "trapped" Chinese army was told by dispatches from Chungking.

GAS RATIONED: On Eastern Seaboard

Approximately one-third of all automobile owners in the eastern seaboard states have been limited to three gallons of gasoline a week by an order from the Office of Price Administration.

Senior Class Prophecy

Time: 1952
Place: Hedley High School
Scene: Annual Senior banquet
I hadn't been home for about seven years and had lost contact with my friends of high school days. At the banquet, I found myself seated by vivacious Camilla Doherty who exclaimed "I'm glad to see you! Just look, all the graduates of 1942 are here."
"I haven't seen some of them for ten years. Tell me about them."
"Of course you recognize the pretty woman with the handsome man sitting across the table about six people down. That's Jane and her husband. She won a bathing beauty contest and went to Dallas and met him. She visits here quite often. Then you remember Jane Ruth Hall sitting beside her. Remember, she was editor of The Hoot."
She's now Woman's editor of the Los Angeles Times. She is really a career girl."
"Let's see, that makes me think of Buster, where is he?"
"At the far end of the room. Didn't you hear he is a successful lawyer in Amarillo? You know he could give a case to the state."
"And Buster, what is she doing in?"

"Still being as attractive as ever. Of course you recognize her as the woman in blue at the other table. She became interested in Red Cross work, became a nurse and married a doctor."
"There's Bill Bridges."
"Oh, he's a pilot for the TWA. You know he flew during the war and was a great hero."
"There are Louise Mae, Margaret and Bertie sitting there talking all at once. Do any of them live here?"
"No, Louise has a good bookkeeping job in Amarillo you know she could always add and keep her books in balance. Margaret is principal of school teacher at Giles and Bertie is Ruth works in Washington."
"Isn't that Stanley Roth I see over there?"
"Sure it is. He's married to the man beside her and he has an exclusive fashion shop in Houston."
"What about Adell, isn't he still around?"
"Hadn't you heard? He has a beauty salon in Oklahoma City. He is an excellent hair stylist."
"Let's see who were the others in class?"
"Truell Hoffman, who now works in the theatre and writes a column for the Amarillo News."
"Peggy Nell

went to business school and had a good position, but the love bug bit, and now she's making a good wife. Bill Proffitt is in his element punching cows on the J. A. Ranch. The handsome O. C. McQueen is President of the University of Texas."
"You were about to forget your class president."
"No I wasn't. I knew you'd recognize that that the foreign correspondent who is our speaker tonight is none other than Earl Porter."
"And you, Camilla, you have almost forgotten to tell me about you."
"Oh me, well I married a progressive farmer, settled down at Hedley to keep up with the Joneses, and I just adore it!"

YEARS AHEAD...by Our Calendar

Natural Gas in the Gulf South today was planned and provided for years ago. Fortunately this farsighted planning has made possible this efficient fuel for war production now.
It's a big undertaking to locate, produce and deliver a continuous dependable supply of Natural Gas for more than three hundred cities and towns and to industries in the Gulf South. It takes careful planning in advance to anticipate the needs of the future. It takes, too, the fine skill and knowledge of engineers, draftsmen, sur-

vveyors, prospecting and drilling crews and many other workers. All of these men work YEARS AHEAD of today's needs.
This has been made possible by seasoned management—men with vision—men with the ability to measure tomorrow's requirements today. Because of this preparedness your Natural Gas Service is not only DEPENDABLE today, but is efficiently serving industry with a minimum use of critical materials—materials vitally needed for production of guns, battleships, and other implements of war.

Pathfinder Polls of Public Opinion

PATHFINDER

PATHFINDER polls keep millions of folks everywhere posted on advance on vital questions—war, politics, elections, farm problems, labor, world events. An exclusive PATHFINDER feature. Nothing else like it. A real news sensation.

Read in More Than a
Million Homes

Besides PATHFINDER is the world's oldest and most widely-read news magazine, bringing to you in words and pictures everything that happens, fresh from the world's news center in Washington. World events verified and interpreted, boiled down into 20 interesting departments—unbiased, non-partisan, dependable, complete. Costs 75% less.

... after 10 YEARS
of Competition
between
Two Theories

WE CHERED, too, when Uncle Sam called on industry to work 24 hours a day, seven days a week, until the war is won. Continuous production, you see, is nothing new to us. We've always worked that way. It's one big reason why we were prepared to serve the army training camps, the flying schools, and the new war plants in West Texas—all in addition to serving your home and business.

We are proud that our service to you has not suffered despite the unforeseen problems created by the war. We believe that it is a credit to the American way of doing things... a tribute to the American system of free initiative and free enterprise.

The electric industry throughout the nation is providing power where it's needed, when it's needed... more than the combined total of all the enemy nations. This is in contrast to claims by proponents of socialism who, many months ago, predicted an immediate and disastrous shortage of electric power—and calling for political management rather than business management.

Hundreds of millions of tax dollars were diverted from useful production to subsidize political projects in competition with electric systems already owned by the public (through millions of small stockholders) and regulated by the government.

Countless thousands of tons of strategic materials were wasted in building unnecessary centralized plants and transmission lines that duplicated existing systems adequately serving the public.

Here are the results of this long conflict between two theories—free enterprise as against tax-free competition built with tax dollars:

- Today, in time of America's greatest need, the country's electric operating companies are supplying over 90 per cent of all the power commercially generated;
- Last year they paid \$510,000,000 in taxes, enough money to equip 2,400,000 soldiers or build 9,273 fighting planes;
- The average home now gets over twice as much electricity for its money as it did 15 years ago.

It represents American genius at its best. In little more than two generations, an "experiment," at which wisecracks scoffed, has become indispensable in American homes and in America's war effort. It has been possible simply because America's electric companies have been built and operated the American way—by good business management.

When Your Back Hurts -
And Your Strength and Energy Is Below Par
It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.
You may suffer nagging backaches, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won country-wide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

AMERICAN RED CROSS

Volunteer for Victory—offer your services to your Red Cross.

"WHAT can I do?" Now that we are at war, that is the question that every woman is asking herself. For those women who want to do a real job where they are urgently needed, there is the Volunteer Nurse's Aide Corps of the American Red Cross. One hundred thousand Nurse's Aides will help relieve the acute nursing shortage at home, according to Mrs. Walter Lippmann, who is the volunteer director of this Red Cross service. Trained nurses are daily being called for service with our armed forces.

A Volunteer Nurse's Aide performs many routine hospital duties and relieves the trained nurse for more technical work. She bathes and feeds patients, makes beds, takes temperature and pulses, assists in keeping records, does unsterile bandaging and attends to many details essential to a patient's comfort. She always works under the supervision of a graduate nurse.

Eligible for enrollment are American citizens or friendly aliens, between 18 and 50 years of age, with the equivalent of a high school education and in good health. A Nurse's Aide must complete an 80-hour intensive training course; 35 hours of class room instruction and 45 hours of supervised practice on hospital wards. She also agrees to serve 150 hours per year without pay in hospitals, prenatal, industrial or other clinics and public health agencies. The standard first aid course is a requisite for the first year of service and the Nurse's Aide may be assigned to Emergency Medical Field Units set up by Civilian Defense, to speed to the aid of civilians, wounded in air raids or disasters.

More than 12,000 Volunteer Nurse's Aides are in training or already trained, but many more are needed. It is too late when the bombs fall or an epidemic strikes. Prepare now and help safeguard the nation's health. Contact your local Red Cross chapter for information as to nearest training facilities available.

Keep on Your Toes With Enriched Bread!
(See Recipes Below)

Bread 'n Butter
Bread is one of our oldest and best-liked foods. But bread, like many of our other foods, has changed considerably during the last two years. You haven't noticed? Well, it's been enriched and fortified with the B-vitamins, often called morale builders because of the fine things they do for your system, digestion and disposition.

Iron, the magic helper that peps up your system by making hard-working red blood cells, has also been added to bread along with vitamin B.
But not just bread has these new, essential elements. Flour that you use for your own baking has been fortified with the B-vitamins and iron. There isn't much difference in enriched flour or bread in ordinary bread or flour, except in some cases where the color is slightly creamy. But the nutritive value is so much greater that it's to your advantage to use it.

Although Saturday baking and the resultant shelves and pantries filled with crusty, sweet-smelling loaves of bread are becoming things of the past, perhaps you still feel the occasional desire to turn out a silky textured, moist, delicious loaf of good bread.
Rhythmical kneading is the secret of good bread. Rock the dough under the palms of the hands in three-quarter time until it gets the satiny-like sheen.

***Twisted Loaf.**
(Makes 4 1-pound loaves)
2 cups milk
1/4 cup sugar
4 teaspoons salt
2 tablespoons shortening
2 cups water
1 cake yeast
1/4 cup lukewarm water
12 cups sifted flour (about)
Scald milk. Add sugar, salt, shortening and water. Cool to lukewarm. Add yeast which has been softened in 1/4 cup lukewarm water. Add flour gradually, mixing it in thoroughly. When dough is stiff, turn out on a lightly floured board and knead until satiny and smooth. Shape into smooth ball and place in a greased pan. Cover and let rise in a warm place (80-85 degrees F.) until doubled in bulk. When light, divide into four equal portions. Roll each portion into a smooth ball. Cover well and let rise 10 to 15 minutes. Mold into loaves. For a twisted loaf, roll dough under hand to 2 rolls about 2 inches thick and longer than the length of the pan. Twist the 2 rolls around each other and place in greased pans. Let rise until doubled in bulk. Bake in a moderately hot (400-425-degree) oven 40 to 45 minutes.
A nutritious coffee cake that is a tried and true sugar skimmer adds zest to breakfasts. Made with either of the two dried fruit fillings given here, it is delightful:
Sweet Yeast Dough.
(Makes 2 12-inch rings or 3 1/2 dozen rolls)
2 cakes yeast

Lynn Says:
Good things come in little packages. This little saying applies perfectly to the concentrated foods like dried fruits—prunes, apricots, figs, apples, pears, raisins and peaches.
Now more than ever before you'll want to use more of them because they can solve your sweet tooth problem, in addition to acting as important blood builders and keeping your body in good working condition because of their important vitamin and mineral values.
You can appreciate why they do all this for you when you realize that to make one pound of the dried fruit it takes several pounds of fresh fruit. For example, prunes require three pounds of fresh fruit to make one pound dried; raisins, four pounds fresh fruit; apples, six to nine pounds fresh fruit; pears and figs both require three pounds of fresh fruit, while apricots and peaches five and one-half pounds of the fresh to make the dried product.

This Week's Menu
*Oven-Baked Chicken
Green Peas Parsleyed Potatoes
Grapefruit, Orange, Strawberry Salad
*Twisted Loaf
Strawberry Sundae
Coffee Tea Milk
*Recipe Given.

1/4 cup lukewarm water
1 cup milk
1/4 cup butter or margarine
1/4 cup sugar
1/4 cup honey
1 teaspoon salt
2 eggs
5 cups sifted flour (about)
Soften yeast in lukewarm water. Scald milk, add butter, sugar, honey and salt. Cool to lukewarm. Add flour to make a thick batter. Add yeast and eggs; beat well. Add enough flour to make a soft dough. Turn out on a lightly floured board and knead until satiny. Place in a greased bowl, cover and let rise until doubled in bulk. When light, punch down. Shape into tea ring rolls filling with fig or apricot filling. Bake in a moderate (375-degree) oven 25 to 30 minutes for coffee cake, 20 to 25 minutes for rolls.

Fig Filling.
(Makes 2 cups)
1 cup chopped figs
1/4 cup orange juice
2 teaspoons grated orange rind
1/4 cup sugar
1/4 teaspoon salt
1/4 cup chopped nuts
Combine figs, orange juice and rind, water, sugar and salt. Cook until thick, stirring constantly. Remove from heat and cool. Add nuts, apricot or prune filling.

***Oven-Baked Chicken.**
1 roasting chicken cut up
Milk
Flour
Salt and pepper
1/4 cup butter or fat for frying
1 tablespoon onion, chopped fine
1/2 pound mushrooms
2 cups hot, rich milk
Dip chicken in milk and seasoned crumbs and flour and fry in skillet until a golden brown. Fry mushrooms in butter until brown (about 2 or 3 minutes). Sprinkle chopped onion over top of chicken arranged in casserole. Pour hot milk over top and bake in a moderate (350-degree) oven until chicken is tender. Serve garnished with chopped parsley and a dash of paprika.

Dramatize the Salad.
Salad greens and fresh fruits occupy an important place in our diets in the spring, and a good salad is a distinctive part of any menu.
Our salad today features citrus fruits and strawberries which are a spring symphony themselves tossed on a bed of greens—watercress, romaine and leaf lettuce are perfect. A light french dressing will bring out the hidden flavors in the greens and fruits:
French Dressing.
3 tablespoons catsup
1 tablespoon vinegar
1/4 cup lemon juice
1 teaspoon salt
1/4 teaspoon white pepper
2 teaspoons sugar
1 cup salad oil
1 onion, sliced
1/2 teaspoon paprika
Combine ingredients in order given and shake well in jar before serving.

First Baptist Church Notes

The attendance at the morning services, both Sunday School and preaching was lower than usual last Sunday due to the bascular rest services at the school.

The Training Union and preaching services in the evening had about the usual number in attendance, perhaps a few more than usual for the preaching service.

An excellent program was given at the Women's Missionary Union meeting with Mrs. Dishman on Monday afternoon. This was their monthly Missionary program. Mrs. Lois Reins was co-hostess with Mrs. Dishman.

Our Associational Worker's Conference meets next Tuesday May 26th, with the church at Estelina.

God has been good to us. Why not honor him by being at church Sunday? We extend a wide welcome to you to worship with us. "The fool hath said in his heart There is no God." Psalm 14:1

Gleaners Class

The Gleaners Class met May 8 with Mrs. Ed Todd in a Bible lesson taken from Romans 12-16.

After the devotional by Mrs. Todd, Mrs. Kendall conducted the Bible lesson. Delicious refreshments consisting of vegetable jello salad, snacks and punch were served to 4 members.

We will continue our class meetings at the church and discontinue giving the gifts. The next Bible lesson will be 1st Samuel 1-3. We will meet next at the church, Friday, May 11 with a miscellaneous program.
