Vacation Bible School Lions Sponsor Scrap Drive

The Daily Vacation Bible School began Monday morning with a good enrollment of children. The week ahead seems bright with prospect for a good school. The interest is good.

We plan now to present a play let next Sunday evening at 9:00. The title is "The Helping Hand". It presents dramatically our Golden Cross program. You will enjoy the dramatization for it runs true to life, having its serious side, but also the comical. Those taking part will be local people, which of course should make it more interesting. The Public is cordially invited to attend.

Our attendance has been good of late, and if you are among those who ought to be in your place each Sunday you are missing a lot and so are the rest of us by your not being present.

We extend a warm welcome to you each Sunday. To the youth we extend a welcome to the Young People's Services at 8:15. Let us get together and all come at the same time, start on time, and have a good time together.

Say Brother-Sister, the fire whistle blows each afternoon at six to call us to prayer. Let us stop just where we are and at least be respectful enough to be quiet, if we can't pray. We ought to pray, for it will do us good.

Hamilton-Wart

The following was taken from The Amarillo Times for Monday, June 1:

Miss Norma Jean Hart, daughter of Mr. and Mrs. L. A. Hart, 2502 West Pl. at Ave., became the bride of Sgt. D. Wayne Hamilton, son of Mr. and Mrs. W. B. Hamilton, Milner Hotel, Tuesday.

Vows were spoken in the home of the officiating minister, Rev. W. S. Sibbey, who is an uncle of the bride. Miss Mary Jo Hart, sister of the bride, and Lee Bank strn completed the wedding party. Members of the immediate family and a few friends attended the ceremony.

The bride wore a dress of cop on blue with white accessories. Her corsage was of red rose buds.

Mrs. Hamilton is a graduate of Amarillo High school and attended Fleming Business college. Sergeant Hamilton lived in Amarillo and attended the schools here. He is now stationed at Camp Elliott, Marine Corps, San Diego.

The Hedley Lions Club executive committee has voted to sponsor a salvage campaign here for the collection scrap iron and rubber. Anyone who wishes to donate scrap to the club or to sell it may bring it to Barney Johnson's station or call Mr. Johnson, Wendell Smith or Charles Rains, who will arrange to have it picked up.

The club is sponsoring this drive because our country needs the scrap badly, and they urge you to bring in your scrap whether you donate it or sell it.

Any money earned by the club from scrap given them will be contributed to some worthy cause.

The Stuff Out of Which Conversations Made

A tourist stopped at a farmhouse for a drink of water. "Fine corn," he said, waving to a hillside.

"Best in these parts," replied the farmer.

"But how do you plow that hill? It's pretty steep."

"Don't plow it. The spring thaws bring down stones that tear it up so we can plant the corn."

"How do you plant it?"

"Shoot the seed in with a shotgun."

"Is that the best!" exclaimed the tourist.

"Of course not," replied the farmer, "but it's conversation."

WEEKLY NEWS ANALYSIS

Nazi Divisions Battle on Two Fronts As Campaign in Russia Intensifies; OEM Seeks Nationwide Auto Pooling; Germany Reported Critical of Laval

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
Released by Western Newspaper Union.

Robert A. Lovett, left, U. S. assistant secretary of war, as he was welcomed to Ottawa, Can., by Air Marshal G. O. Johnson of the Royal Canadian Air force. In center background is Artemus Gates, U. S. assistant secretary of the navy. Lovett and Gates attended the United Nations air training conference in which representatives of 12 countries participated.

RUSSIAN FRONT: Two Offensives

As the Nazis began massing new panzer divisions for the first 1942 thrust at Moscow from the west, further to the south their forces scored a strategic victory as they forced withdrawal of Russian troops from the Kerch peninsula. Their goal in that section of the front was of course the vital oil fields of the Caucasus.

Around Kharkov, to the north of the Kerch area, Marshal Semeon Timoshenko's armies of the Ukraine held the offensive after more than two weeks of steady intensive fighting. Success by the Russians at Kharkov would expose rear lines of main German units attacking the Caucasus.

Just across the narrow strait from the Kerch peninsula the Russians were reported to have heavily reinforced their defenses on the Caucasus shore and the Soviet Black sea fleet was said to be massed near the strait and loomed as Hitler's biggest obstacle in any jump toward the oil treasure.

United Nations strategists hope for a successful stand by the Russians in the Caucasus region. For if Hitler can be kept from this oil his timetable will be once more upset. Some experts expressed the suggestion that the threatened Moscow offensive was a feint to lure heavy Russian defenses away from the oil fields. While the moral effect of Moscow's fall might be basic, the loss of rich supplies of oil in the Caucasus would be far more damaging to the Axis.

Both the Nazis and the Russians were claiming that the other had suffered huge losses in tanks and other armored material all along the front. In three days of fighting on the Izum-Barvenkova front, the Russians reported the destruction of 75 German tanks.

REGISTRATION: Of 18, 19-Year-Olds

Young men between the ages of 18 and 19 will register for selective service on June 30. The registration will include youths whose 20th birthdays fell between December 31, 1941, and June 30, 1942. Under present law, the first age group is not subject to military service but the latter group can be called.

Informed sources report the possibilities of a proposal to lower the minimum age for compulsory service to 19 years—and possibly 18. An estimated 1,200,000 persons are in each age group.

When the selective service act was revised by congress after Pearl Harbor, the war department recommended making 19-year-olds subject to the draft. The senate acted favorably but the house voted to place the minimum age at 21. A compromise resulted, permitting 20-year-olds to be drafted.

Rep. Andrew J. May of Kentucky, chairman of the house military affairs committee, expressed the belief that the house would be willing to lower the age minimum. However, Sen. Lister Hill of Alabama, Democratic whip, said he expected no immediate action. New draft classification measures are expected to be acted upon in the near future.

HIGHLIGHTS . . . in the week's news

Ottawa, Ont.: United States tourists entering Canada will be given ration books entitling them to only 20 gallons of gasoline on a yearly basis, not for each entry.

Washington: A five-pointed white star within a blue circle has been adopted as a new insignia for all U. S. combat aircraft to remove the possibility of confusion with enemy planes.

LAVAL ON SPOT? Nazis Impatient

The removal of fuel from French warships at Martinique was announced by Secretary of State Hull, who stated that further demobilization work is in progress and proceeding satisfactorily.

Meanwhile rumors were revived that Pierre Laval might step out as chief of government in Vichy. Laval had conferred in Paris with German military and political leaders who are said to have become increasingly impatient with his slowness in bringing France into full collaboration. Nazi party leaders were extremely critical regarding Laval's handling of the Martinique affair.

Jacques Doriot, former Communist, has been suggested as Laval's successor. Rumors from Vichy stated that he might enter the government or form his own collaborationist regime in Paris. In a May 18 speech, Doriot evinced his own readiness to take over if Laval was unable to carry out a satisfactory program.

However, informed persons in Vichy believe that Laval is comparatively secure for the immediate future.

MEXICO: 'National Pride'

As Mexico moved toward war, government officials explained the necessity for such a step. Mexican national pride demanded that the deaths of 21 sailors killed by Axis torpedoes be avenged.

A solemn demonstration in memory of the dead sailors drew thousands of people to Mexico City's huge central plaza. President Manuel Avila Camacho, members of the cabinet and congress appeared at the demonstration. The memorial program was followed by a pageant at which the Nazi banner was burned amid cheers for Roosevelt and other Allied leaders and boos for Hitler, Mussolini and Emperor Hirohito.

Many German, Japanese and Italian business houses were painted with slogans "Down With the Axis!" and "Down With Hitler!"

TRANSPORTATION: Lonely Highways

By June, 1943, the Office of Emergency Management reports that 20,000,000 passenger cars will go off the roads—leaving about 8,000,000—unless car pooling can be made effective on a nationwide scale.

According to OEM statistics, the average passenger load per mile last year was less than 2 persons, although the average car capacity is 4.2 persons. The War Production board reported some labor-management committees have enabled workers to form their own car pools by indicating on conspicuously posted maps the home location of every man driving a car to work and of every man without a car.

Meanwhile the Office of Defense Transportation banned operation of all sight-seeing bus services and restricted use of chartered buses to such essential operations as transporting members of the armed forces, war workers and school children.

SHIPBUILDING: Vital Front

With the launching of 27 cargo vessels the nation marked its observation of National Maritime day.

War Shipping Board Administrator Land said that by that date 138 ships had been delivered into service since the beginning of the year, approximately 35 per cent more than were delivered in all of last year. Two ships a day are now being delivered under Shipping Board's program and by fall there will be three a day. This means ships "put into active war service."

Maritime Commission Vice Chairman Vickery estimated that by the end of 1943 American shipyards will be able to turn out 2,000,000 tons of shipping or "in two years will do more than twice as much as the World War yards did in five years." President Roosevelt on Maritime day said, "I can assure you that we will perform this near-miracle of ship production. The nation's shipbuilding capacity has been increased more than 500 per cent. That of itself is an outstanding achievement." Despite this progress, he stated, the country still is confronted with a serious ship shortage, partly because of the heavy toll taken by enemy U-boats.

But the submarine menace, like other problems, "is being solved," said the President.

MANPOWER: Mobilization

In a program to promote fullest utilization of manpower a program was announced in Washington which directed the U. S. employment service to prepare and maintain lists of skilled occupations essential to war production in which a national shortage exists. Preferential referrals of workers would then be made to employers engaged in war production in order of their priority before making referrals to other employers.

Further the employment service was directed to analyze and classify occupational questionnaires distributed by the selective service system and to interview persons skilled in critical war occupations and refer them to war job openings, and increase its activities and facilities necessary to provide additional agriculture workers.

In addition assistance to the farmer in helping him meet serious labor situation was seen in an order to the Farm Security administration to increase mobile labor camps to make agricultural workers available. The Office of Defense Transportation is to assure adequate transportation facilities for such workers.

In discussing these labor mobilization programs, War Manpower Chairman McNutt stated that if it is possible to insure full and effective utilization of manpower through voluntary co-operation, "it will be unnecessary to put into effect legal controls" to limit freedom of action of workers and employers. Skilled labor shortages have forced 384 out of 700 war contractors to reduce production, he said, and estimated that by the end of 1942 war labor forces will be boosted by approximately 18,000,000.

DOOLITTLE: To Do More

More raids on Japan were promised by Brig. Gen. James H. Doolittle, commander of the U. S. air fleet which bombed Tokyo in mid-April. In a nation-wide radio broadcast he praised workers and manufacturers of American airplanes and

BRIG. GEN. JAMES H. DOOLITTLE
Jap planes "never had a chance."

called these U. S.-made machines the best in the world.

Japanese pursuit planes which rose to challenge the American forces during the daring raid "never had a chance," he said. Doolittle later told of the great disappointment of two-thirds of the volunteer fliers who were secretly trained for the job attacking Japan. They were "heartbroken" he explained, because the limit of the number of planes to be used on the raid forced them to remain behind at the last minute.

WITHHOLDING TAX: Employers Responsible

In a far-reaching, all-inclusive proposal, the treasury department recommended to congress that 10 per cent of an individual's estimated taxable income be withheld at the source.

The withholding tax, according to the treasury department, would lighten the taxpayer's burden, speed the government's program to combat inflation and aid in collecting taxes from small wage earners.

PREPAREDNESS by the AMERICAN RED CROSS

TO THOUSANDS of Americans seeking news of their families and friends in war-torn countries, 25 words on an official Red Cross form have meant all the difference between hope and despair.

Ever since the outbreak of the war, the American Red Cross has been for many people the only medium through which they could get news of their relatives in Poland, Holland, Belgium and the other occupied nations. Even when the news has been bad, even when it has been the worst possible, it has at least meant merciful release from torturing anxiety and uncertainty.

For a while it was possible in a few cases to maintain contact by letter over long roundabout routes. Since America's entry into the war, all remaining avenues of communication have been closed. Today, under the rules of the United States Office of Censorship, personal messages to residents of enemy or enemy occupied territory may be forwarded ONLY through the Red Cross inquiry service here and the International Red Cross committee in Geneva, Switzerland.

Regulations governing the sending of one of these messages from the United States are that the communication, which should be filled in at a local Red Cross chapter, must not be more than 25 words, and should be in English. If it is written in a foreign language, an English translation must be attached.

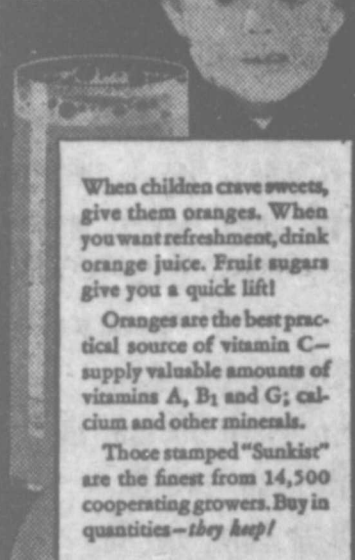

The United States Office of Censorship rules that no mention may be made of politics or military subjects, defense materials, shipping or weather conditions, business matters or geographic names.

But even the strict regulations cannot rob the brief message on the International Red Cross form of its human warmth and drama. The original message, made out in some local Red Cross chapter here, goes on its long and slow journey across ocean and continents. Space is provided on it for a reply message, to be returned to the original sender.

When the soldier talks about "the skipper" he means his captain, the head of his company. And that's just what the title "captain" means. It comes from the Latin word "caput" meaning "head." Kidneys Must Work Well—
For You To Feel Well
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.
If more people were aware of how the kidneys must constantly remove surplus acid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.
Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer aching backache, headaches, dizziness, rheumatic pains, getting up at night, swelling.
Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

Ice Cream—Perfect Dessert for a Shower (See Recipes Below.)

Bridal Showers
Pretty, but practical—that's the cue for this year's bridal showers. Chances are this year's bride will be an army or navy bride with but a whirlwind wedding with her husband on a short leave, so there won't be much time for the frills and fuss of other years.
Her plans will be sketchy, most probably, and very often they will not include a permanent home or bungalow. That means that bridal showers will be simple and inexpensive and gifts for the bride-to-be will include only things which are not too elaborate, and which can be packed in a small space in case she is to travel or take a small apartment by herself.

What kind of showers, then? Well, there are always the personal showers in which you give her lingerie or other personal toilet items that you know she needs or wants.
Another practical shower is the Kitchen Gadget shower. Get small items like dish mops, kitchen knives, forks, mixing spoons, dish cloths, soap flakes, clothes pins and a few sets of bowls. Glass sets are popular, coming three in a set, fitting together in a nest so they don't take up much room. They're practical plus, too, because they can be used for baking dishes if you get the heat-resistant kind.

Include measuring cups and spoons, custard cups and small skillets and pots in the kitchen gadget shower. A new bride will appreciate your thoughtfulness in getting necessities like these for her.
The Kitchen shower is extra nice because you can carry out table decorations in the theme of the shower. Make a bouquet of some of the items for a centerpiece and use the dishcloths for doilies or place mats.

Sewing Shower.
Spools of thread in a riot of bright colors tumbling out of an attractive sewing basket can make the centerpiece for this party both novel and economical.
There's a variety of things to give the bride in this kind of shower and none of them will strain the pocket-book—needles, hooks, snaps, darning thread, thimbles, etc.—all these are "musts" on the bride's list.

Recipe Showers.
Is the bride-to-be interested in cooking? Most of them are, and if they are not, they will be soon. That's why recipe showers get "most popular" rating often. For this shower you and your friends can gather together your most popular and favorite recipes on cards or in notebooks, or collect several cookbooks to give the guest of honor.

Decorations.
Pretty up your table with pastel and white colors. This is the time to use your nicest linen and most fragile china to lend daintiness to the occasion. Color combinations may be white used plentifully with pink, green or pale yellow. Fresh sprays of garden flowers, even in small quantity add charm.

Lynn Says:
The Score Card: Egg production has been upped 15 to 20 per cent to take care of national and allied needs, so there will be no shortage of this staple item.
Although there have been rumors of a tea shortage, tea will be rationed on a 50 per cent basis to assure plenty for summer, thirst-quenching use. There is enough tea in the country to last eight months, and in spite of the war, shipments are still coming in from India and Ceylon.
The War Production board has allotted enough tin to the pineapple industry for this year's pack and operations for production in Hawaii have been liked to the maximum. It is expected that supplies will be somewhat curtailed because the government has reserved about 26 per cent of the pack for its own purchase.

This Week's Menu
Bride's Shower
*Salad Luncheon Plate or
*Asparagus Loaf
Tiny Hot Rolls Preserves
Ice Cream With Green Gage Plums
*Recipes Given

A light, dainty luncheon plate can be served by way of refreshment. Accompany this with tiny hot rolls or muffins and no showy guests could desire more:

- *Salad Luncheon Plate. (For One Serving)
1/2 cup cottage cheese
2 deviled egg halves
2 to 3 slices of tomato
2 to 3 slices of cucumber
2 finger strips of sliced cheese
2 crabapple pickles

Miscellaneous:
2 olives
Slices of hard-cooked eggs
Salad dressing
Paprika

Heap cottage cheese in crisp lettuce cup arranged in center of chilled salad plate. Then around this center, arrange the remaining foods in neat, symmetrical fashion—the deviled eggs opposite the crabapple pickles, the overlapping slice of cucumber next to the apples and opposite the overlapping slices of tomato on the opposite side of the plate, bread triangles topped with a slice of egg, opposite each other, 2 slices of cheese opposite each of the 2 olives. Garnish the cottage cheese with paprika, and pass french dressing with the salad.

If you prefer to serve a hot dish in place of the salad plate, you'll like this asparagus loaf in this versatile combination with cheese and white sauce:
*Asparagus Loaf. (Serves 6)
2 eggs, slightly beaten
2 tablespoons butter
4 tablespoons flour
1 cup milk
1/2 teaspoon salt
1/2 teaspoon pepper
2 cups grated American cheese
1 1/4 cups fine, soft bread crumbs
1 (1-pound) can asparagus tips
Pimiento strips

Drain asparagus, reserve liquid. Line bottom of buttered loaf pan with half the asparagus tips. Place strips of pimiento between tips. Melt butter, blend in flour and mix well. Add milk and 1/4 cup of the asparagus liquid and cook until thick, stirring constantly. Add salt, pepper and cheese and stir until cheese is melted. Fold in crumbs. Add gradually to eggs and fold in remaining asparagus tips, cut into one-inch pieces. Pour into loaf pan, place into a pan of hot water and bake 1 hour in a moderate (350-degree) oven. Serve on a platter surrounded with watercress and overlapping slices of tomatoes which have been marinated in french dressing.

Your figure-conscious young guests will appreciate the good news about ice cream. Recent tests show that ice cream has much less calories than other favorite desserts such as cake and pie, but nutritionally it is excellent.
*Ice Cream With Green Gage Plums (Serves 6)
1 quart of vanilla ice cream
1 No. 2 1/2 can green gage plums
Drain syrup from green gage plums. Arrange big spoonfuls of vanilla ice cream in center of a large glass bowl. Garnish or surround with plums. Serve immediately, with a jug of syrup, drained from the can of plums.
Plums may be rolled in shredded almonds or finely chopped nuts, if desired.
