Mart Saunders Banister

Funeral services for M. S. Banister, who passed away Saturday in an Amarillo hospital, were held Sunday from the Methodist church here by Rev. C. R. LeMond, assisted by Rev. W. H. DeBord. Interment was in Rowe cemetery under direction of Womack Funeral Home.

Pallbearers were Leland Pierce, Clarence Hill, Tommy Bain, John Dixon, Graham Brisson and Short Saunders.

Flower bearers were Anita Bain, Wanda Lee Shaw, Mildred Gray, Wanda Jennings, Claudine and Janice Hill.

Mart Saunders Banister was born Feb. 22, 1866, in Marion county, Alabama. He joined the Oak Ridge Methodist church about 44 years ago. He was married to Mattie Martin, who preceded him in death 29 years ago. Two children, Lora and Lou Ella, also preceded him in death.

He is survived by his wife, Lela Mills Banister, seven children, Wesley of Hedley, F. E. of Clarendon, Martin of Memphis, Mrs. Jessie Friar and Mrs. Mary Jack of Oklahoma City, Mrs. Ruby Wood of Hedley and Mrs. Roma Wood of Amarillo and four step children, Orville Mills of Talco, Mrs. Maggie Tidwell of Guin, Alabama, Malcolm Mills of Anniston and Wayne Mills of Wichita Falls.

He also leaves 28 grandchildren, 7 great grandchildren, 3 sisters and 6 brothers.

Candidate Rally

There will be a box supper and candidate rally at McKnight community house Friday night, June 26. Everybody is cordially invited.

Simmons-Stout

Miss Inez Stout of Quail and Weldon Simmons of Hedley were united in marriage Saturday, June 20, at the home of the bride's parents. Her brother, Rev. John H. Stout, read the ceremony in the presence of a number of relatives of the couple. The bride was dressed in white, with matching accessories.

Immediately after the ceremony the couple left for a wedding trip to Palo Duro Canyon.

The bride is the daughter of Mr. and Mrs. H. W. Stout of Hedley. She attended school in Quail and Childress.

The groom is the son of Mr. and Mrs. N. A. Simmons of Hedley, and is the grandson of Mr. and Mrs. J. G. Hekerson. He graduated from Hedley high school with the class of 1939.

They will make their home near Hedley where the groom is engaged in farming. He is also employed at the McKnight Co.

The Informer joins a wide circle of friends in extending congratulations and best wishes to Mr. and Mrs. Simmons.

Peaches

We have begun picking peaches. You are invited to our orchard whether you buy or not. We are at your service at all times except Sunday.

W. F. Doherty
Phone 22 4c

Mrs. Frank Kendall has returned from a visit to Abilene. Her granddaughter, Marjorie Ann Hinds, returned home with her for a visit here.

Lions Club

Thursday night of last week was Charter Night for the Lion's Club of Memphis, and the local club had previously voted to attend and make this answer for our regular meeting. Hedley had the largest out of town delegation present. We were represented by the score of 28 strong. Of course these nights the ladies attend, so the Hedley ladies were also well represented in the 28 present.

The program consisted of America, sung by all, Invocation by Rev. Sid Martin, Club song, "I'd Rather Belong to the Lions" a few musical numbers by a string orchestra, introduction of visiting clubs, an address by Harry Delaney representing the Rotary Club of Memphis, a hat decorating contest which was won by Miss Martha Sue Noel and her father, J. W. Noel, Miss Billie Lawrence of Matador gave a very interesting talk on Lionism. The rest of the program consisted of the usual procedure for Charter night.

Miss Lawrence stressed the fact now as never before we ought to work together. Her speech was thoroughly applauded with reference to the war and the part that service clubs should and could play in the winning of the war. She pointed out that we ought to be careful with criticism and generous with praise. Speaking of doing our part, she reminded us that history is made of facts and not magic.

The lunch for the evening was served by the ladies of Methodist church and we all enjoyed it a lot. The evening was a very pleasant one and I am sure that all of us felt that the evening had been profitably spent.

C. R. LeMond, club reporter

Mr. Murry E. Fry, District Governor elect, of Odessa will meet with the local Lions club at the next regular meeting, July 2, C. R. LeMond, club reporter

Revival

The West Baptist Church will begin their Revival Aug. 1. All are invited to attend these services.

J. T. Campbell, pastor

BEAT THE HEAT

After bathing is a good time to apply Mexican Heat Powder to relieve heat rash, and help prevent it. Absorbs perspiration, often the cause of irritation. Always demand Mexican Heat Powder.

If you know a Navy man, don't ever call him a "gob"—sailors consider the name an insult. You can get on the right side of him though if you offer him a Camel—better yet, send him a carton. Camels are the favorite cigarette with men in the Navy (Army, Marines, Coast Guard, too, for that matter) based on actual sales records from the service men's stores. Local dealers are featuring cartons of Camels to send to any member of our armed forces anywhere. Send him that Camel carton today.—Adv.

WEEKLY NEWS ANALYSIS

Russians Cheered by U. S. War Pact Pledging Support of Second Front; Nation's Scrap Rubber Pile Grows; U. S. Information Units Consolidated

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)

Released by Western Newspaper Union.

ALEUTIANS: Foggy Details

When the Jap radio announced that Nipponese troops had made a landing on the Aleutian islands there was no immediate denial by the U. S. government. For the navy had to wait for the fog to clear in that area to check these claims. When the weather turned better it was found that enemy landings had been made on the island of Attu, at the extreme tip of Alaska in the Pacific ocean. Also Jap ships had put into Kiska harbor on an island nearer the North American mainland.

Navy "operations" were called into play immediately to squelch any threat of a Jap drive for Alaska. It was believed that the landings took place at the time of the first raid on Dutch Harbor and about the same time as the beginning of the Midway island battle.

Rear Admiral John H. Towers, U. S. navy chief of the bureau of aeronautics, classed the Jap thrust as of "no real importance" and figured that it could even become a liability to the enemy.

WAR INFORMATION: Gets an Overhauling

At long last there came word from Washington that all the information functions of the government agencies were being consolidated by the creation of an "Office of War Information" to be headed by Elmer Davis, well-known writer and radio commentator.

All the duties and activities of the Office of Facts and Figures, the Office of Government Reports, the division of information for the Office of Emergency Management and the foreign information service, will be under the authority of the new office, according to a White House announcement.

Further, Director Davis will have "full authority to eliminate all overlapping and duplication and to discontinue in any department any informational activity which is not

BYRON PRICE To collaborate with Davis.

necessary or useful to the war effort. . . Under policies laid down by the President this office will "issue directives to all departments and agencies of the government with respect to their informational services."

This means that while the various agencies and departments will still continue to operate, their activities must now conform to such direction as the Office of War Information may give them.

The presidential order provided for close collaboration between Byron Price, director of censorship, and Davis to "facilitate the prompt and full dissemination of all available information which will not give aid to the enemy."

HOUSING: 'Conversion Loans'

With a term as long as seven years, a new type of "war conversion loan" up to \$5,000 is available for converting an existing structure into additional living accommodations for war workers in war production areas.

This new type loan was announced by Federal Housing Commissioner Ferguson at the same time it was revealed that during the first five months of 1942, 70,225 new dwellings were started in war housing areas. New home programs generally are from 35 to 45 per cent lower than a year ago.

HIGHLIGHTS . . . in the week's news

COMMUNICATION: The house ways and means committee has approved an increase of at least 50 per cent in the tax on telephone and telegraph charges of all kinds.

RESIGNATION: In order that a younger man might take his place, Sir Harry Luke, British governor of the Fiji Islands and high commissioner of the western Pacific since 1938, has resigned.

RUSSIA: Diplomacy and Death

In Russia, even as the "citizens army" took up arms to defend to the death their city of Sevastopol, word came from Washington, Moscow and London that gave them cause for cheer although their immediate fate was darkened.

It was the word that the Soviet Union and the United States had reached a "full-understanding" with regard to the urgent tasks of opening a second European front in 1942. After a conference between Russian Foreign Commissar Molotov and President Roosevelt in Washington, methods of speeding U. S. war aid to Russia were developed and the fundamental problems of post-war co-operation to safeguard "peace and security" were decided upon.

The state department of the United States had further good news for

VYACHESLAV MOLOTOV In full accord with F. D. R.

the Russian people. It was that a lease-lend agreement similar to that signed between the U. S. and Britain as well as China, had been entered into with the Soviet.

The good news from London was that Russia and Britain had signed a 20-year mutual assistance pact.

But in the Sevastopol area and around Kharkov the Nazis continued their pounding at Russian lines. Civilian morale was good, said Moscow reports.

BOTTOMS UP: For Jap Navy

Eight Japanese aircraft carriers—at least half of that country's known carrier power—were sunk or so badly damaged in the Midway and Coral Sea battles that they will be unfit for early action, informed naval sources have estimated.

Based on communiques issued by the U. S. army and navy and Allied headquarters, capital ship losses of Japan and the United States from December 7 up to and including the Midway battle are as follows:

JAPAN

1 Battleship 1 Seaplane tender 4 Aircraft carriers 16 Cruisers

UNITED STATES

1 Battleship 1 Seaplane tender 1 Aircraft carrier 1 Cruiser

The official communiques concern only those ships whose loss is unquestioned. Unofficial reports include ships whose loss, though unverified, is fairly certain.

TREASURE HUNT: This Time Rubber

Although it was only one cent a pound, that fact didn't stop Americans from stripping their homes, garages and factories of every available pound of idle and (to them) useless rubber.

The rubber salvage program got under way upon President Roosevelt's order. Collected by the nation's gasoline filling stations, the scrap rubber is being transported to central collection points by petroleum industry trucks and sold to the Rubber Recovery corporation.

Undersecretary of War Patterson reported that army and navy crude rubber requirements during the 21 months after April 1, 1942, will be 800,000 tons, compared with the present U. S. reserve of 600,000 tons. He said he hoped the difference would be made by the synthetic program. WPB Rubber Coordinator Newhall stated that the synthetic program will produce 30,000 tons in the rest of 1942 and 300,000 tons during 1943.

HEROES: Visiting Washington on a tour of the nation in behalf of war bond sales 15 American and British war heroes paid their respects to President Roosevelt and congress. At the White House, President and Mrs. Roosevelt and British Ambassador Lord Halifax were on hand to greet them. On Capitol Hill they were greeted in the house chamber and by senate members.

VENGEANCE: Promised Czechs By President

In a broadcast from London, Czechoslovakian President Eduard Benes promised that, following the war, military law, including the death penalty, will be imposed on all Nazis responsible for the "bestial destruction" in the Czech nation.

Benes declared flatly that on the first day of victory the policy of personal responsibility would be carried out mercilessly against all exponents of the Nazi party and the Reich government on Czech territory, beginning with the former protector, Baron von Neurath, all leaders of the Gestapo and SS formations, and all Germans in the political and military administration of Bohemia and Moravia.

In Washington, Jan Masaryk, Czechoslovakian vice premier and foreign minister, urged destruction of "several" German villages by air bombardment in retaliation for the wiping out of the Czech town of Lidice. (Lidice was eradicated as a reprisal measure for the killing of Reinhard Heydrich, Reich protector for Bohemia and Moravia.) "To my mind," said Masaryk, "it should be ten teeth for one and ten eyes for one."

CHINESE FRONT: Nancheng Falls

On the Chinese front the Japanese drive in Kiangsi province had advanced 100 miles and forced the defenders to evacuate the town of Nancheng, bringing the Japanese within 125 miles of closing the gap between their eastern and western forces.

Dispatches stated that the Chinese had recaptured the town of Tsungjen, approximately half way between Nanchang, Jap Kiangsi base, and Nancheng.

A Domei news agency report claimed that Japanese troops, advancing rapidly, have occupied Kwangfeng, 18 miles southwest of Yushan.

Japanese forces northeast of Wu-ning were reported to be under severe attack, and Anyi, west of the Jap base of Nanchang, was under siege.

SYNTHETIC RUBBER: And 'Cracking'

U. S. chemists have perfected a new petroleum "cracking" process for making high-grade aviation gasoline that should also help break the bottleneck in synthetic rubber production, according to the War Production board.

The same refining plant turning out aviation gas would be able also to turn out butadiene, a vital ingredient in making synthetic rubber, according to this announcement. Although both these products come from the same petroleum base, up to now they have been produced in separate operations.

Plants which can handle the production of 120,000 tons of synthetic rubber from butadiene will be in use before January 1, 1943, but until this new process was discovered, there were grave doubts as to whether or not a sufficient supply of butadiene to keep them going could be supplied.

It is believed that the new process will permit just that.

LIBYA: Tanks at Tobruk

Bir Hacheim in Libya had fallen and the British thought this might slow somewhat the desert thrust of the Nazi forces aimed at Tobruk but on came the tank army of Col. Gen. Erwin Rommel. Forgotten was the fact that last year the British had held that city throughout the Libyan campaign and had made history during its siege.

There were mine fields and strong barbed wire defenses stretching almost 15 miles around the city and at its back door was the Mediterranean sea. But it was at the center of the land front that Rommel threw his heaviest tanks. These were met by British soldiers at the controls of American-made "General Grant" tanks, most successful weapons yet found to harass the mechanized units of the enemy.

There was some speculation at first as to whether or not Rommel might try a flank thrust to reach the sea to the east or west of the city but from the start of the battle the fate of Tobruk hinged on a frontal drive itself. This fact stood out, experts said, because Rommel was intent on taking the city itself and thus avoid the risk of leaving it as a British "sore-spot" as it proved to be last year.

MANPOWER:

Industry and the armed forces must forget the "quest for the ideal man" for every job," according to Selective Service Director Hershey, who said the time was not far off when all men and women will be needed and Selective Service will touch the "fringe of men deferred . . . because of dependency."

Congress had acted to raise the base pay of army men to \$50 per month and the plan for authorizing assistance to dependents of members of the armed forces cleared.

THINGS for YOU TO MAKE

Pattern No. Z9476

A PATRIOTIC kitten is Tom, the tea towel cat. From Monday to Saturday he is a willing subject for illustrating six timely and clever captions, and on Sunday he dons his best cap and hangs out a V for victory. You'll adore Tom on your kitchen towel rack; a few quick stitches will put him there. And he is not stopped then, since he also poses for a trio of panholders—Hip, Hip, Hooray.

Order this "Man of the Hour" as pattern Z9476, 15 cents; make tea towel and panholder sets for yourself and for gift-bridal or otherwise. The transfer is the kind that stamps several times. Send your order to:

WARTIME

Credit Regulations

Directly affect every family or individual using charge accounts or installment buying. The undersigned firms ask the cooperation of all to obey Federal regulations.

A recent order of the Federal Reserve Board, acting under the authority of the President of the United States, requires all stores granting credit to make certain changes in their credit services. The new restrictions will in no way disturb a long and mutually agreeable relationship. You can continue to buy merchandise and have it "charged," or buy certain items on the installment plan, just as you have in the past, with the following stipulations:

1. Accounts are due, as in the past, with rendition of statement, or shortly thereafter, but every charge transaction **MUST** now be paid by the 10th of the second month following the purchase. Accordingly, all purchases made during May and any previous unpaid balances must be paid by July 10. **OTHERWISE WE SHALL NOT BE PERMITTED TO CHARGE FURTHER PURCHASES.** This schedule of payment will continue as long as the order remains in force.

2. The maximum permissible maturity of install-

ment sales has been reduced to 12 months, and the required down payment for all articles covered has been increased to 33 1-3 per cent. Exceptions to this rule include automobiles, for which down payment of one-third and maximum maturity of 15 months has been retained, and furniture, for which the required down payment, formerly 10 per cent, becomes 20 per cent, the maximum maturity being 12 months. Minimum installment payments are set at \$1.25 per week, or \$5 monthly.

The consumer credit control regulation became effective May 6, 1942, and has been broadened to include all lines of retail business and almost every article of personal and household use.

These Hedley business firms ask their customers to bear in mind that the regulations on credit are instituted by the Government and must be conformed with. They are intended to put a brake on rising costs and to encourage the paying off of debts. Please do not ask your merchant to make exceptions.

Uncle Sam Has More Power than All these Three Together!

POWER
... after 6 months of WAR

TALK of a "power shortage" has died down. But if an un-informed person listened to occasional blasts from socialist-fundamental groups in Washington, he would conclude that the future of America's war effort depends on spending more billions of tax dollars for centralized electric power projects.

Industry's total generating capacity working only 50 per cent of the time.
Expansion and improvement programs are being carried on to meet the greater demands of the future.

Your attention is called to this remarkable achievement because constant socialist political attack, over many years, hindered normal expansion.

After six months of war, it can be said that there will be no serious power shortage in this country if the government gives the electric industry the same degree of cooperation it gives to other industries on which the war effort depends.

The needed power will continue to be distributed where it's needed, when it's needed, and without added cost to the taxpayers.

The experience and training of the men and women who operate your electric company are dedicated today to making Uncle Sam so power-full that the Axis dictators soon will be nothing more than three busts in the Hall of Infamy!

West Texas Utilities Company

Star Dust

STAGE SCREEN RADIO

By VIRGINIA VALE

Released by Western Newspaper Union.
METRO'S "Mrs. Miniver" will probably be one of the best remembered war pictures that have reached the screen, not merely because it is well directed (by William Wyler) and superbly acted, but because it deals with a typical family, facing the war at home. It vividly presents the sort of situations that we might have had to deal with in this country. Incidentally a "Mrs. Miniver" rose has been developed, named for the one in the picture; it is dedicated to "the unselfish and sterling qualities of American women in the war," women like the one whom Greer Garson plays so movingly in the film. Don't miss "Mrs. Miniver!"

Buddy Clark, young baritone of radio's "Hit Parade," has an important role in RKO's "Sweet and Hot," starring Lucille Ball and Victor Mature. His comedy specialties

BUDDY CLARK

and songs last year won him one of the highest individual ratings on radio listener polls, but in the picture he'll do more than sing; with Peter Lind Hayes and Arnold Stang he'll play an army buddy of Mature's.

Alan Ladd attracted plenty of attention and favorable comment during his stay in New York; as part of the campaign to introduce this new leading man to the public Paramount can consider the trip a success. But all the girls who eyed him admiringly realized that it was a case of "Hands off!" Mrs. Ladd (the former Sue Carol, once a movie star) was with him, and they're devoted.

Joan Crawford is one screen mother who waxes her daughter to follow in her footsteps. Looking at golden-haired Christina, now three, she remarked: "If she isn't an actress I'll be the most disappointed person in the world."

Russell Hoyt, handsome 24-year-old North Carolina traveling salesman signed by RKO, reached Hollywood without an iota of dramatic experience. A friend, an agent and a talent scout were responsible, and he got a contract without even making a test.

Gary Cooper can spend his vacation traveling with the San Francisco Seals as the ball team's assistant manager if he wants to. He was invited by Lefty O'Doul, the manager, who taught him to bat and throw left-handed for "The Pride of the Yankees."

As part of his war work, Ronald Colman is making three films this year; during the past six years he's made only one a year. The bulk of his income will go to the government in taxes. During the last war he served with Kitchener's "Contemptibles," saw action at Ypres, was wounded at Messines, and he holds the Mons medal with 1914 bar. His next picture is "Random Harvest."

Eric Blore celebrated his 50th picture role when he began work in Paramount's "Happy Go Lucky," which stars Mary Martin and Dick Powell. Once on the London stage, with time out for serving in the last war, he's been in demand in Hollywood since 1934.

Warren Hull, Parks Johnson's new "Vox Pop" partner, is instantly recognized by young radio followers as "The Green Hornet," a role he played in a screen serial. He was besieged by juvenile autograph hunters in an Alexandria, Va., store.

Phil Baker ought to be happy; the one thing that visitors to New York seem to want more than anything else is tickets to his "Take It or Leave It" broadcasts.

ODDS AND ENDS—Edward C. Robinson of "Big Town" has taken up horseshoe pitching at his ranch behind Beverly Hills. . . . No actor changes leading ladies more often than Tim Holt: his new one, in "Son of the Saddle," is Ann Summers, a newcomer. . . . Khaki-clad Staff Lieutenant Hopper puzzles audiences when she aids the treasury department in selling war bonds—till they recognize her as Marsha Hunt; she uses her married name when in uniform. . . . Hedy Lamarr does a jitterbug routine in "White Cargo"—in a song. . . . Keep your eye on Helmut Dantine, who gives an outstanding performance as a German flier in "Mrs. Miniver."

PATTERNS SEWING CIRCLE

8169

8161

fort and tops for figure flattery—it makes you look straight and slim and ready to go places.

Pattern No. 8161 is designed for sizes 12 to 30; 40 and 42. Size 14, short sleeves, takes 4 1/2 yards 35-inch material. Send your order to:

SEWING CIRCLE PATTERN DEPT.

Address

IT IS no trouble at all to slip into this smart slack suit—with its practical bib top—you'll probably insist on wearing it all day long while you are enjoying the wide outdoors! Note the smart treatment in back—which exposes a generous area of skin to sun tanning—and the buttoning which closes the slacks. Make the bolero to match and trim with the latest in decorative braid—giant ric rac!

Pattern No. 8169 is for sizes 8 to 18 years. Size 10 years slack suit takes 2 1/2 yards 35 or 39-inch material, bolero 1 1/2 yard.

Two-Piece Dress
BRIGHTEST new fashion idea in years! A two piece frock which looks like a suit. You can wear it as a suit, in fact, with a blouse or dickey. Nothing could be more useful in a summer wardrobe, made in a washable seersucker, gingham or chambray. Tops for tailored smartness, tops for com-

Does Just That
"There's a fellow who takes the worst possible view of everything," said the grouch.
"Why, is he a pessimist?"
"No, he's a candid camera fiend."

Different Views
Sonny—Dad, what do you call a man who drives a car?
Dad (a pedestrian)—It all depends on how close he comes to me, son.

Advantage
"They say that with war cutting off imports of insecticides, the insects are steadily winning their eternal war with man."
"They've made a good beginning, anyway. I pay five cents a pound for potatoes and the potato bug gets his free."

Economy is the art of living as though you were poor when you are really not so; whereas, if you are really poor and live that way—that's stinginess.

Knew All the Angles
Professor (in math class)—What steps would you take to measure the height of a building with a protractor?
Student—I would lower the protractor by a string and measure the string.

FOR VICTORY! Crochet these Vs in red, white and blue gimp to sew on blouse, lapel, sleeve or hat. Add a necklace of stars or tiny military drums in our colors.

Two Kinds of Discontent

There are two kinds of discontent in this world: the discontent that works, and the discontent that wrings its hands. The first gets what it wants, and the second loses what it has. There's no cure for the first but success; and there's no cure at all for the second.—Gordon Graham.

PREPAREDNESS by the AMERICAN RED CROSS

NEWEST of all the American Red Cross activities is the Wool Conservation program. Under it, volunteers from the more than 3,700 Red Cross chapters throughout the nation collect scraps of new, unused wool and place them in reprocessing channels.

The Wool Conservation program was developed jointly by the War Production board and the Red Cross when it became apparent that the nation faced a serious wool shortage. There were only two ways in which this shortage could be alleviated within the next year. The first was by cutting down wool consumption in every possible way by restyling and redesigning garments to save wool. The second was to have every scrap of new, unused wool reprocessed as rapidly as possible. The Red Cross was selected to do this job.

Under the agreement between the Red Cross and the War Production board, the 3,700 Red Cross chapters arrange for the collection of trousers cuff clippings, wool samples and other wool clips from tailors, men's clothing stores, department stores, clothing manufacturers and cleaners. These are then placed in reprocessing channels by selling them to wool reclaiming firms.

When reprocessed into wool cloth, the clippings from 21 pairs of men's trousers will be enough to make a complete soldier's uniform or another civilian suit.

Proceeds from the sale of the wool clips collected under the Wool Conservation program are retained by the local Red Cross chapters to carry on their work of War Relief and Civilian Defense Preparedness training.

Prepared Exclusively for WNU.

NEW IDEAS for Home-makers

By RUTH WYETH SPEARS

MOST quilts today are planned as bedspreads and have a color scheme to harmonize with other decorations. If a variety of figured scraps is used one color is generally repeated in each block to give the design unity. The beauty of any quilt is enhanced if it is set off with a valance around the bed. The bed in the sketch had no particular tradition and the footboard was much too high to display the quilt to advantage. What a difference in the effect when the board was cut down and the crisp frills of dotted Swiss were added! Surely, any quilt worth piecing is worth this extra touch.

NOTE: If you have a metal bed that you would like to modernize you will find sketches and directions in Mrs. Spears' Book 3. There are eight of these booklets of 32 pages of things to make from odds and ends which accumulate around the house, or from inexpensive new materials. Copies are 10 cents each and with an or-

der for three (No. 1 to 3) you will receive a set of three different quilt block patterns including the Wink! Wink! illustrated herewith. Send order to:

Painfully Good
Some people are so painfully good that they would rather be right than be pleasant.—L. C. Ball.

Acid Indigestion
What many Doctors do for it
When excess stomach acid causes gas, sour stomach or heartburn, doctors prescribe the fastest-acting medicine known for symptomatic relief—medication known as Dr. Scholl's Remedy or Arch Supporter you need. The cost is small.

What's a musical comedy got to do with winning a war?

PLENTY! We're building an army of men—not machines. And men have minds. And minds need freshening... change... relaxation.

So one of the biggest undertakings of the USO is its sponsoring of free entertainment, through the cooperation of the movie and theatrical industries, at army camps, naval bases—wherever the fighting men of the USA go to train or dig in.

USO Camp Shows, Inc. is actually the biggest single theatrical enterprise the world has ever seen. It books 264 shows for the boys every week, which play to an average nightly attendance of 50,000.

It contacts movie stars, theatrical headliners, big name bands and their leaders. It routes all these... plans their itinerary... arranges the most convenient times when soldiers and sailors can take time out to sit and be entertained. For it realizes that the one great advantage of the American fight-

ing man is his ability to think for himself, to make the most of any situation, to fight as a liberty-loving individual.

And this is one of his great differences from our enemy. To help carry on the all-important work of maintaining the morale of our fighting forces, the USO needs your help... it needs your contribution.

Your dollar has many demands on it this year. Many of these demands must be met—others deserve to be met. And among these latter, the plea of the USO for whatever sum you can contribute merits your earnest consideration.

For we have a war to win, and the USO is directly concerned with the men who must—and will—win it.

Dig deep—for the men who are digging in!
Send your contribution to your local chairman or to USO, Empire State Building, New York.

First Baptist Church Notes

Attendance at both services last Sunday was good. "Abraham the Father" was Pastor Teaff's sermon subject at the morning hour, following a brief Father's Day program. At the evening hour an interesting and inspiring message was brought by Miss Irene Anderson, city missionary in Ft. Worth. Miss Anderson told many experiences which have been hers during her years of work in three missions in that city.

The young people had a very interesting program in their union Sunday evening. Other things of interest are being planned. Next Sunday evening in place of a regular program, the time will be spent in the election of new officers and singing. All Baptist young people are invited and of course visitors are always welcomed.

The W. M. S. had a good meeting in the home of Mrs. O. E. Hunsacker last Monday. After the missionary program, refreshments were served to five children and Mesdames W. C. Payne, Hebert Moffitt, Alva Simmons, Winfield Mosley, A. L. Teaff, Berne Cooper, J. W. McPherson Smith, Longdon, Truman Gaid well, and the hostess.

"I was glad when they said us to me, let us go up into the house of the Lord."
Are you? Come and find a welcome.

4th of July Celebration

The true west will live again in Clarendon July 4th when ranchers and cowboys gather for a one day patriotic Rancher's Rodeo.

The celebration, the oldest in the Panhandle, dating back to before the turn of the century, will depict the long ago west. Even the parade will have no automobiles. Participants will ride horseback or in hacks or wagons.

Following the declaration of war it was decided to discontinue the celebration but so many were the demands that the committee approved a one day rodeo with all proceeds going to the USO and war bond purchases. Concession rights have been donated to the Red Cross.

Rodeo events will include calf roping, bull riding, bronc riding, cutting horse contests in the adult division. A bull riding event will also be held for boys from 12 to 15 years of age.

Cash prizes will be given in all events.

The theme of the celebration will be honoring of the old time and present day ranch workers from the Panhandle and special attention will be paid various outfits of yesterday and today.

The rodeo will be held both in the afternoon and night and admission charges have been set at 25 and 50 cents for both performances.

Resolution of Respect

Whereas, our brother, A. S. Martin, a Master Mason of Hedley Lodge No. 991, A. F. & A. M. of Hedley, Texas, was on the fourth day of June 1942, called from his duties on earth to join that innumerable caravan from whence no traveler returns;

Whereas, he was a devout member of the Baptist Church, an up right citizen, a worthy brother, a faithful husband, a good father, who was constantly laying good and wholesome instructions before his family and fellowman;

Be it resolved, That our lodge hold brother Martin's life as a worthy example to the rising generation of the truthfulness of heart and uprightness of manhood manly.

Be it further resolved, That the brethren of Hedley Lodge have suffered a great loss in the summons of our brother from the walks of life and that we extend to the family our heartfelt sympathy in this sad hour as they mourn the loss of their loved one.

Be it further resolved, That a copy of these resolutions be furnished the family of our deceased brother, one to the Hedley Informer, and that one be spread on the minutes of the lodge.
