4th of July Celebration

Clarendon celebrated its 57th observation of the Fourth of July last Saturday with an old timers parade and rodeo.

The parade was a patriotic pageant. Led by the color bearers of the American Legion and the Clarendon High School band, all participants either rode on horse back or in horse-drawn vehicles. Two floats of special interest were the one decorated by the Navy Club, and another loaded with old rubber, including rubber toys which urged spectators to contribute more rubber to the rubber salvage campaign.

The rodeo opened at 2 o'clock. Girl riders from Memphis, under direction of Mrs. Murray Dodson presented a flag drill and local girl riders, under direction of Mrs. John McClellan, formed a V for Victory as each rider unfurled an American flag.

Ed Clifton of Alameda roped and tied a calf in 17 1/2 seconds, which was tops for the afternoon. Kermit Kromer was first in team roping with a record of 21 2 1/2 seconds.

Red Jones, Floyd Curtis and Clifton Hill finished in order in the bull riding contest and Jack Cookrell and Arnold Aufil were tops in the afternoon break riding event.

First Baptist Church Notes

Attendance at all services last Sunday was very fine considering the number of people who are away at work, vacationing, etc. at this time. Because of this fact those of us who are here need to double our efforts at the home base!

The Vacation Bible school at the First Baptist church is scheduled to begin Saturday afternoon July 18 at 4 o'clock at the church. The school proper will follow during the next week. So much will be crowded into every day of the school, no one will want to miss a single time. Every child between three and seventeen will have a class for his or her age group and is cordially invited to attend. Last year we enrolled 52. Let's set our goal at 75 at least, for this year.

A Training Union study course will be held in the evenings of the Vacation Bible School week in other words, five nights beginning Monday, July 20. Every age group of the Training Union will have a class in Methods, how better to carry on the T. U. work. Miss Ruby Moore of Henrietta state worker, will lead in this work as well as the Bible School work.

Bro and Mrs. Teaf and Mr. Mrs. Peters took the BTU on a wailer and marshmallow roast at the Giles Park Tuesday evening of this week. Sixteen attended and an evening of fun is reported. All young people are invited to attend this Union every Sunday evening at 8:30. Miss Inell Bille is the leader for the summer.

"Grow in Grace and in the knowledge of our Lord and Saviour Jesus Christ"

The pastor's sermon subject for Sunday morning will be "The Church Positioned for the Dark Ages." Everyone is welcome as always.

District Governor of Lions Club Here

Murray Fly, of Odessa, the new District Governor of the Lions Club, met with the local club in its regular meeting Thursday night at the Methodist church basement. Among other visitors were McHenry Lane and Sam Braswell of Clarendon. Both of these men made a short address, and Mr. Braswell led the songs for the occasion. Ted Dudley, First Vice President, presided in the absence of Ray Moreman, President of the local club. Mrs. R. B. Watkins was at her place at the piano.

Mr. Fly gave the principal address of the evening using as his subject, "I Had Rather Belong to the Lions." Two very impressive points were made: 1. The Club provided a common meeting ground for men, whatever their occupation might be; 2. The underlying spirit of Lionism. He illustrated his point with a prayer of a child who added to the others to be blessed, "God you take care of yourself for if anything happens to you, we're all sunk." Here he emphasized man's need of God and showed how that something had happened to God as far as man was concerned when man lost contact with God. He set forth certain objectives for the year as follows: 1. Increase of membership 2. Regular reports and on time 3. Interesting and worthwhile programs 4. For the District, 10 new clubs. 5. An active activity program.

The ladies serving were Mrs. Leon Reeves, Mrs. Ross Adamson and Mrs. Jap Shaw. They served a lovely supper, which was enjoyed by all. Our next meeting will be July 16. If you are interested in a service club that is here to serve why not come and meet with us. We will try our best to show you an enjoyable time.

METHODIST CHURCH

Rev. and Mrs. G. R. LeMond and boys left Tuesday afternoon for Pecos in Stonewall county and from there to Tahoka. They will visit friends and relatives at both places. The visiting minister at the Methodist church Sunday morning will be the Rev. Vernon Willard of Clarendon. Bro. Willard will bring a good message. Felks, give him a good congregation.

HOUSEHOLD HINTS

Use a whisk broom, kept for the purpose, and hot water to sprinkle the clothes. They will be more evenly dampened than when sprinkled by hand.

When ironing no matter what the article, the important thing is to iron it until absolutely dry.

Apply several coats of boiled linseed oil to the soles of your shoes and let dry thoroughly to conserve them.

Equal amounts of coffee and heated milk, sweetened to taste, make an appetizing drink.

Old army and National Guard cloth-covered canteens, which may be purchased at army and navy stores, may be used in place of rubber hot-water bottles.

If you perspire too freely, throw a handful of salt into your bath water.

Tiny pearl onions make tempting garnishes for vegetable salads or canapés.

A most welcome gift to any pipe-smoker or roll-your-own fan now in our armed forces is a pound of favorite tobacco. Numerous surveys have shown that tobacco is the No. 1 gift on the service man's list. A favorite with many of our soldiers, sailors, marines, and Coast Guardsmen is Prince Albert, the largest-selling smoking tobacco in the world. If you have a friend or relative in the Army, Navy, Marines, or Coast Guard who smokes a pipe or rolls-his-own, send a pound can of Prince Albert. Your local dealer is featuring the National Joy Smoke as an ideal gift for service men.—Adv.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, grating or night-tingling pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

WEEKLY NEWS ANALYSIS

Federal Agents Foil Sabotage Plot With Capture of Nazi Spies in East; Rommel Forces Drive Toward Suez; Germany Opens New Russian Front

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
Released by Western Newspaper Union.

The long, solid black line shows the course of Nazi Field Marshal Rommel's African army in its drive toward Alexandria and the Suez canal. The dotted line, beginning at a point beyond Tobruk, shows the coastal route toward the canal, which connects the Mediterranean with the Red sea. The short, dotted line from Crete shows the short distance that need be flown to launch a Nazi air attack. The dotted line, starting from the swastika at the left, shows a possible German encircling move from Greece through Palestine then back to meet the Rommel arm of the drive.

SABOTEURS: Major Failure

A dramatic story of attempted Nazi sabotage in the United States was unfolded by FBI agents who rounded up eight master saboteurs trained by Nazi experts and landed by rubber boats from two submarines at Amagansett beach, Long Island, and Ponte Vedra beach, Fla.

The four Germans who landed at Amagansett beach rowed ashore in the early hours of the morning after the submarine had crept within 500 yards of the beach. From caches in the beach sands, FBI men recovered huge stores of powerful explosives buried by the men when they landed. Approximately \$170,000 in American currency was carried by the Nazi agents to pay accomplices.

Objectives assigned to the men included the bombing of Hell Gate railroad bridge, the bombing of all bridge approaches to New York city, bombing of the New York water supply lines and the blasting of other vital objectives.

Each of the agents was provided with many types of forged credentials, including social security cards and selective service cards. Their traveling bags were equipped with secret compartments for money and documents.

A sequel to the story came with the arrest of several accomplices of the eight men, some of whom are regarded as associates of the Nazi agents who may have intended to take part in the sabotage effort. Two of the accomplices were arrested in Chicago.

NEW OFFENSIVE: In Russia

German troops opened a third summer front with a new offensive near Kursk, 120 miles north of Kharkov and 280 miles south of Moscow. The drive was opened even as more and more Nazi troops were poured against Russian defenses in the Kharkov and Sevastopol battles.

A Soviet communique said that "... in the Kursk direction, fighting commenced against the German troops who had gone over to the offensive." The Nazi drive was launched from entrenchments which they had held through the great Russian counteroffensive of last winter and spring.

Kursk is located on the Moscow-Crimean railroad in an agricultural area just north of the Ukraine. On an almost-straight line with Kharkov and Moscow, it was important for its anti-tank gun works, artificial rubber factory and cartridge plant.

Marshal Semyon Timoshenko announced the stemming of a German advance east of Kupyansk, then launched a counterattack on one key sector and pushed westward.

German dispatches announced that operations on the Kharkov front were successfully concluded, but Russian communiques said the Red army was counterattacking successfully in several areas.

A German break-through east of Kursk would threaten vital Russian communications and might bring Soviet forces in the Kharkov sector within reach of an encirclement movement from the north.

U. S. POWER: In Europe

One of the most important angles of the 1,000 plane raid by the British Royal Air force on Bremen, German submarine and shipbuilding base, was the first official admission that U. S.-made aircraft took part in the main operations of a bombing raid of this scale. These planes were reported to be Lockheed-Hudsons, usually used to hunt subs on the high seas and not in their bases.

ROMMEL IN EGYPT: Fluid Fighting

In the battle for Egypt, Field Marshal Erwin Rommel, director of the Axis drive toward Suez, struck at the British eighth army with the full weight of three armored divisions backed by artillery and infantry.

The first major British stand in Egypt, 15 miles west of Matruh, was by-passed early by mechanized units. The Nazi high command announced in a special communique the "storming" of Matruh. The Axis striking force was aimed at Alexandria, 165 miles away and the Suez canal beyond. Seriousness of the situation was evidenced by the fact that Nazi and Italian forces were within 150 miles of the fertile Nile valley, where 98 per cent of Egyptians live.

The British communique stated that "Enemy forces which have by-passed our position west of Matruh were met by our battle troops. Some of our armored forces attacked enemy forces west of Matruh."

An Italian communique said the Axis army had reached a position on the coast road about 19 miles beyond Matruh and that several hundred prisoners were captured.

OFFICIAL SCORE: In Battle of Midway

Official score of the Midway battle has been announced by the navy department—and the results were more heartening than had been previously supposed.

At least 10 Japanese ships were sunk, including four aircraft carriers, and at least eight others were damaged. Sunk in addition to the carriers were two 8,000 ton cruisers, three destroyers, and one or more transport or cargo vessels. Probably sunk was a fourth destroyer.

Damaged were two and probably three battleships, three or more heavy cruisers, one light cruiser and three transport or cargo ships. All the aircraft about the four Japanese cruisers, totaling about 275 planes, and all the aerial forces were lost, the communique said.

American losses were reported earlier. They included an aircraft carrier damaged, a destroyer sunk and some American planes lost.

SUGAR RATIONS: May Be Upped

A moderate increase in sugar rations—possibly half a pound per coupon—has been hinted by officials of the Office of Price Administration.

A survey of sugar stocks in the United States shows that the supply in the hands of consumers is 50 per cent less than a year ago. Stocks held by primary distributors and 20 per cent below 1941 and total sugar stock on hand is one-third less than at this time last year.

Final decision on the ration increase depends largely upon prospects of sugar shipments from Puerto Rico and Cuba during the next six months. In addition, the decision will hinge on information which is becoming available on actual distribution under the rationing system.

"The real question," one official said, "is how much sugar is going to be brought in from the Caribbean area."

SECOND FRONT: And Russian Hopes

Russia's fears that a second front may fail to materialize were allayed by Foreign Commissar V. M. Molotov who reported complete agreement between Washington and London on a United Nations offensive in the west.

The joint statement issued by President Roosevelt and Prime Minister Churchill was hailed as proof of the approaching Allied offensive.

PRODUCTION: Silence Broken

America's strict seal of wartime silence on production of materials for fighting the war was broken by President Roosevelt when he disclosed figures which as he put it, would not give "aid and comfort" to the enemy.

In fact, these production figures would likely have the opposite effect according to most Washington observers, for it was revealed that in May, U. S. factories produced nearly 4,000 planes, 1,500 tanks, 2,000 artillery and anti-tank guns, 50,000 machine guns and about 50,000 sub-machine guns.

The White House announcement of these figures came at the close of the Churchill-Roosevelt conferences and indicated that the strategy of the war had progressed to a point where a definite plan was developing. This meant the problem now resolved itself into providing a method for getting these huge supplies being turned out in the U. S. to the second front; how to continue the flow of supplies to Russia and how to even still more speed up the output of American machines.

CCC: Lease on Life

In a dramatic move, Vice President Henry A. Wallace came to the aid of the Civilian Conservation Corps and with his vote broke a senate tie to give at least a temporary lease on life to the seemingly doomed CCC.

By a vote of 32 to 32, the senate approved an appropriation of \$75,529,800 for CCC financing during the 1943 fiscal year. Previously the house had voted to liquidate the agency, one of the earliest New Deal ventures.

House-senate differences will have to be ironed out in conference on the bill appropriating \$1,157,498,426 for the labor department, Federal Security administration and related agencies. This bill contains CCC funds.

The senate was tense as the roll call vote was taken on the CCC issue. The first call showed that 28 members favored continuation of the CCC; 24 members were opposed. The vote emerged 32 to 32 in a recapitulation. Then, from the chair, Vice President Wallace announced that the vote was a tie, and added:

"The chair votes in the affirmative."

JAP SETBACK: In China

Linhien, a major Japanese base in the Honan-Shansi border area west of the Peiping-Hankow railway, has been recaptured by Chinese troops, dispatches revealed.

A total of 5,500 Japs were killed in 13 days of combat, the dispatches added.

The recapture of Linhien came as good news to Russia. Chinese observers were convinced that the Japanese operations in this north China area were a prelude to a surprise attack on Siberia. The day following the recapture of Linhien was marked by a counteroffensive against the city. Generalissimo Chiang Kai-shek's troops beat off

CHIANG KAI-SHEK
Good news for Russia.

the attack, chasing the Japanese into mountainous regions where the Japs "face imminent annihilation."

A Chinese communique said that Chinese troops had recaptured Linping in the southern region of the Kiangsi-Hunan border front.

BRIEFS:

BLOOD MONEY: Two Czechs have divided a German reward of 10,000,000 Czech crowns (\$500,000) for supplying information which led to the shooting of two men as the assassins of Reinhard Heydrich, Reich hanger-on. A Berlin broadcast stated that an additional half million crowns was paid to seven Germans and 52 Czechs.

CRITICAL: Back in Ottawa after his Washington conference, Canadian Prime Minister W. L. Mackenzie King declared to his house of commons that this is one of the "most critical periods of the war" and estimated that the fighting might continue three or four additional years.

Star Dust

STAGE-SCREEN-RADIO

By VIRGINIA VALE
Released by Western Newspaper Union.

JINX FALKENBURG received an urgent request from a group of soldiers at a U. S. military outpost recently; signing themselves as the boys in "Hut #33, Iceland," they begged her to send them a large picture of herself in a bathing suit, as soon as possible. "We want to put it on the wall for two important reasons," they wrote. "1—It will give us something interesting to look at. 2—It will help to keep the captain's eyes busy when he comes around to inspect our quarters." She sent a picture five feet high!

"Once Upon a Honeycomb" unites three of the screen's top figures in the studio where each has previously scored triumphs—RKO Radio. They're Ginger Rogers and Cary Grant, who've both made plenty of hit pictures, and Leo McCarey, producer-director of such delightful films as "Love Affair" and "My Favorite Wife." "Once Upon a Honeycomb" is the kind of thing they all do best.

Thousands of moviegoers, on reading of Elmer Davis' appointment as director of the Office of War Information, recalled seeing him on the screen. To "Information Please" fans he was one of the highlights of the series issued by RKO Pathe.

Bill Stern, NBC director of sports and famous sportscaster, plays himself in Samuel Goldwyn's "The Pride of the Yankees," which stars Gary Cooper and is based on the

BILL STERN

life of the late Lou Gehrig. Theresa Wright, Walter Brennan and Babe Ruth head the supporting cast. Stern flew from the Coast to participate in the scene showing "Lou Gehrig Memorial day," which marked Gehrig's retirement.

J. Carroll Naish is going to be seen as an ape-man, no less, in 20th Century-Fox's "Buried Alive." It's this company's first effort in the horror line, and just the title promises well. John Shepperd and Lynne Roberts will have the romantic leads.

Rosalind Russell is booked for another of those pictures in which she's such a clever and handsome young business woman that she makes business women in the audience green with envy. This one will be "Portrait of a Lady," and the plot (which somehow has a familiar ring) deals with the efforts of a husband to win his wife away from a business career.

"Guerrilla Brigade," the Soviet picture which was shown in New York recently, has been booked by the RKO circuit and is scheduled for national release. This is the first time in some years that a Russian picture has been booked by a major theater chain here.

Those bitter little quarrels between actors and motion picture companies no longer mean what they once did, not since radio's here to stay. When Madeleine Carroll and Paramount disagreed not long ago, the beautiful Miss Carroll merely departed for New York and picked up some engagements to broadcast, at \$2,500 each. Paul Muni and his studio parted, so he did a stage play, got \$5,000 apiece for several radio performances, then signed with another studio. John Garfield and Warner Bros. disagreed, and radio grabbed him.

William L. Shirer talks to his friend, Edward R. Murrow ("This Is London") every Sunday before their respective broadcasts. The conversation is over a private wire, and the first thing Murrow asks is about the baseball teams.

ODDS AND ENDS—Janet Blair, former singer with Hal Kemp's orchestra and now playing the title role in "My Sister Eileen," is rehearsing the songs for a new civic opera to be presented late this summer in Los Angeles. . . Mainbocher, famous dressmaker who's been responsible for many of the Duchess of Windsor's costumes, has been signed to a term contract by Fox. . . Bob Burns has a new buzzcut, made from scraps from P-38 bombers by the boys who build the planes. . . Donna Reed's wearing the silver wings of a pilot on the Anti-Submarine Patrol in the Atlantic. Lt. Donald Arlen, whom she's never seen.

NEW IDEAS For Home-makers

By RUTH WYETH SPEARS

A SMARTLY flounced blanket chest with contrasting cushion is a useful addition to any bedroom. It serves as a convenient seat; and extra covers are right at hand on chilly nights. A pair of these, covered to match spreads, would go well with twin beds.

Plan the size of your chest to fill your needs and space. It may be made of one-inch pine and should be about 15 inches high without the cushion. Make the flounce with double fullness—that is, twice as long as the space it is to fill after it is gathered. The cushion may be filled with cotton padding, feathers or down.

NOTE: Book No. 8 of the series of booklets offered with these articles gives directions for floured blanket protectors and a bedside bag for books and magazines. Also many other things to make for almost nothing from odds and ends to be found in almost every home. To get a copy of Book No. 8 send your order to:

Sugar Rationing News

To all Consumers in Donley County:

This is to advise you that stamp number 5 is valid between June 28 1942 and July 25, 1942 for the purchase of two pounds of sugar. Stamp number 6 is valid between July 26 1942 and August 22 1942 for the purchase of two pounds of sugar.

The amount of sugar allotted to each individual consumer remains the same, but the procedure will require the use of only half as many stamps and half as many trips to the retailer.

Applications for rationing sugar may be made at the Donley Co. Rationing Office at Clarendon on Wednesday and Thursday of any week.

Records for Service Men

The boys in the service want new records for phonographs and the U. S. G. wants all your old records, scratched, broken or otherwise as these records will be made into new ones for the boys.

Each Legion Post has been asked to sponsor a drive for these old records and if you will leave your records with Orville or Oyst Doherty it will be appreciated and the records will soon be in the hands of the soldiers, sailors and marines.

Household Hints

Cool, Ice-Tinkling Drinks Ward Off Summer Fatigue (See Recipes Below.)

Sugar-Saving Drinks

When the thermometer's perched on the highest rung of the temperature ladder, do you feel your spirits sagging, your energy running low? Yes, the warm weather begins to take its toll just about the time you feel you need push and drive most. But, make a comeback, quickly and easily with a healthful, fruit-juicy drink served in a tall, colorful frosty glass.

An attractively served drink will perk up your spirits more quickly than you can say "Jack Spratt!" Plan to freeze some of those fragrant mint leaves and those few odd berries left over from the shortcake, with water in the ice cube trays for they make a pretty drink. Or, if you like colored ice cubes that prevent your summer beverage from taking on a watery taste, freeze fruit juices diluted with water into ice cubes. You'll like this.

There's a lot more to be said for cool drinks other than their general nice appearance. Besides providing your system with the vitamin C, in excellent quantity, and A and B in good quantity, the citrus fruits, oranges and lemons, act as alkalisers for the system. This acts as insurance against fatigue, which is a big thing in warmer weather.

Milk and ice cream are perfect ingredients with fruit juices for cooling drinks. Not only do they contain most of the requisites for a well-balanced diet, but they are easy to take and lend themselves in pleasant combination with other foods.

Your biggest problem with summer drinks will come in trying to save sugar. But don't let this stump you, for you can use fruit juices that have natural sugars, honey as a sweetener, and milk and ice cream, which need very little or no other sweetening at all.

Try fruit powders, too, using 1 level tablespoon of the fruit powder with 3 teaspoons of honey to 1 glass of water or milk. Fill the glass with shimmering ice chips and you have an excellent thirst quencher in a wink.

Fruit juices used with ice cream and honey are kind to the sugar ration:

- *Orange Cooler. (Makes 1½ quarts)
 2 cups orange juice
 ¼ cup lemon juice
 ¼ cup maraschino cherry juice
 1 cup ginger ale
 2 tablespoons honey

Lynn Says:

The Score Card: Definite news has reached me on the spice situation, so now you homemakers can see exactly what is available in this line.

There's enough to go around freely of: cayenne, red pepper, mustard, chili powder, dill seeds, oregano, paprika, curry, cake spice, mixed pickling spice, celery seed, onion and garlic salt and powder, bay leaves, marjoram, cardamon, anise and black pepper.

Careful use is indicated for these spices: cinnamon, mace, allspice, white pepper, cloves, nutmeg and ginger. Canning rubbers, lids, jars, etc. are available in sufficient quantity for this season's produce. An extra ration of sugar for canners will be allowed, amounting to five pounds per person for the year.

There's a possibility that coffee, tea, and cocoa may come in for rationing. Homemakers are also advised to save and conserve all fats, grease and oil. If you cannot use the fat at home, keep it well preserved in a cool place to prevent its becoming rancid, then bring to your butcher.

SUMMER REFRESHMENTS

- I.
 *Chocolate Crunch
 *Orange Cooler
- II.
 *Honey Chocolate Nut Cookies
 *Root Beer Flip
 *Recipes Given

- 1 pint vanilla ice cream
- 2 tablespoons sliced maraschino cherries

Mix fruit juices and ginger ale; add honey; mix well. Chill thoroughly. Add ice cream and stir until blended. Serve in chilled glasses topped with cherry slices.

- Orange Ginger Ale Punch. (Serves 12 to 15)

- 1 quart orange ice
- 2 quarts ginger ale
- Orange slices
- Maraschino cherries with stems
- Sprigs of mint leaves

Place orange ice in punch bowl and pour in ginger ale. Garnish with orange slices attractively cut and floated in punch. Add cherries and mint sprigs.

- Milk drinks make cool, tempting refreshments, and are just the thing for afternoon or evening snacks:
- Orange Quench. (Serves 1)
 ¾ cup milk
 ¼ cup orange juice
 1 teaspoon sugar

- Combine ingredients and beat until thoroughly blended. Serve chilled.
- *Root Beer Flip. (Serves 1)
 ¾ cup root beer
 ¼ cup milk
 1 serving vanilla ice cream

Pour root beer and milk into a tall glass. Add ice cream and serve immediately.

- Maple Cooler. (Serves 1)
 2 tablespoons maple syrup
 ¼ teaspoon vanilla
 1 cup milk
 Few grains salt

Combine ingredients and beat one minute. Top with whipped cream, if desired.

You will be driving around less these summer evenings for your breath of fresh air, but you will probably spend more time on your back porch, having the neighbors drop in and serving them simple drinks and a few sugar-saving cookies for the in-between-meal snack. You'll enjoy both of these recipes:

- *Honey Chocolate Nut Cookies.
 ½ cup butter
 2 squares unsweetened chocolate
 2 eggs, well beaten
 ½ cup honey
 ½ cup sugar
 ¼ teaspoon salt
 ½ cup sifted flour
 ½ cup chopped nuts

Melt butter and chocolate over hot water and stir until blended. Combine eggs, sugar, honey and salt in bowl. Add flour which has been sifted once before measuring. Mix thoroughly, add chocolate mixture and beat until smooth. Add nuts. Drop from spoonfuls on greased baking sheet, and bake in a slow (300-degree) oven 15 minutes. Remove from sheet immediately. The cookies taste better when mellowed, so pack in a tight container between layers of waxed paper.

- *Chocolate Crunch.
 ½ pound semi-sweet or sweet milk chocolate
 1 cup oven-popped rice cereal

Melt chocolate over hot water. Add cereal and stir until blended. Pack into a pan lined with waxed paper. Allow to set until chocolate hardens, then cut into squares.

Send your summer refreshment queries to Miss Lynn Chambers, Western Newspaper Union, 210 South Desplains Street, Chicago, enclosing a stamped, self-addressed envelope for your reply. Released by Western Newspaper Union.

It Took a Woman to Solve This Intricate Code

A piece of paper covered with mystic figures and signs had been discovered on the floor of the aircraft factory.

It had been seen to fall from the hand of a girl worker who had received it from a strange woman at the works entrance. Experts had been called in to decipher the apparent code, but all failed.

Finally the manager took it home to study it further. There his wife chanced to see it, and she quickly supplied the solution. "Why, John," she exclaimed in animation, "wherever did you get this from? It's a knitting system for a perfectly lovely sweater!"

Smile Awhile

Waiting His Time
 "You love your girl, don't you?"
 "Of course I do."
 "Yet you mean to say you caught this fellow making love to her and you stand for it?"
 "Well—yes. You see—"
 "Why didn't you give him the hiding of his life?"
 "I'm just waiting. Waiting, that's all."
 "Waiting? What for?"
 "Till I catch her with a smaller fellow."

My wife has a queer way of getting even with the telephone company. Brown confided to a friend. "She used my car to knock down their poles."

 "And how did you find out?"
 "Why, one evening I went home and there he was!"

J. Fuller Pep
 By JERRY LINK

Sittin' down in Jed's General Store the other day, it was kinda impressed on me that the weaker a fellow's argument is, the stronger the words he uses!
 Well, when I got to talkin' about KELLOGG'S PEP and vitamins I don't need any high-powered words. You see, to feel really good you got to eat right, which includes gettin' all your vitamins. And while PEP hasn't got 'em all, this swell-tastin' cereal is extra-long in the two that are oftenest extra-short in ordinary meals—B, and D. Try PEP, won't you?
Kellogg's Pep
 A delicious cereal that supplies per serving (3 oz.) the full minimum daily need of vitamin D; 1/4 the daily need of vitamin B.
