Family Reunion

A reunion of the Craddock family was held Sunday, July 19 at the home of Mrs M W Mosley. It was the first reunion held by the family in 82 years. Each family brought a well filled basket and everyone reported a wonderful time.

Those enjoying the occasion were Mr and Mrs M W Mosley and Mr and Mrs Winfield Mosley and daughter Jane of Hedley, Mrs. Bill Brouley and daughter Mary Ann of Clarendon, Mr and Mrs J V Mosley and children, J V Jr., Catherine and Betty Gene of Pampa, Mr and Mrs. R. J. Mosley and children Bobby Jiggs, Leonard and Barbara of Geass, S. M. Craddock of Rossvell, Ozla, Ernest Craddock of New York, Mr and Mrs. T. B. Morgan, Mrs. Lester Castleberry and son Tommy, and Mrs. Louise Sims of Amarillo. Mrs. Henry Lucas, Mrs. Clyde Wiederkehr and Mrs. Sam Wright and daughters of Del Norte, Colo. Mrs. Cora Luttrell and Willie Adamson of Ft. Worth and Mrs. Arkinson Nolley of Jacksonville, Fla. and Mr and Mrs. Homer Craddock and children, Ruby and Henry of Berger.

It was the first time S M and Ernest Craddock had seen each other in 82 years. Both saw service in World War I.

First Baptist Church Notes

This is a busy week in the life of our church, that is, for those who are taking an active part. Three large tasks have been undertaken: 1 a religious census, 2 a Vacation Bible School, 3 a Training Union Study Course.

The work of completing the census of the town has been fairly well completed, but the census for the surrounding territory has not been so well worked.

Through Tuesday night 28 had been enrolled in the T U study course. Four classes are being held: Primary and Beginner by Mrs. Teaff; Junior by Mrs. Bais, Young People by Miss Moore and Adults by Pastor Teaff.

The Vacation Bible School has enrolled 61. Mrs. Bradshaw is supt of the Beginner dept with Lavelle Peters as her helper. Miss Inell Biele is supt of the Primary dept and has Marguerite Beach as her helper. Miss is the Junior supt and has Mrs. W. G. Quisenberry to help her. Mrs. Teaff is supt. of the Intermediate Dept and Mrs. Seales is helping her.

Heartly thanks are due some of our women who are serving refreshments to the school each day.

A picnic lunch is planned for Friday at noon at the Hunsucker home. All the children of the school are urged to be present and parents are welcome.

The Commencement service will be held Sunday morning at the close of the Sunday School hour and just preceding the preaching service.

We appreciate Miss Kub, Moore's help during this week and thank her home church, First Baptist church Hearlette, Texas, for loaning her to us for this great service. Come to church Sunday.

For Sale—Fruit jars, electric wiring and camping cots.
Mrs. A. B. Martin

For Sale—some fresh milk cows and a nice young team.
Ray Moreman

Old Settlers Picnic

W. I. Bains has asked the news papers of the county to request all old settlers to express their opinion on the question of having the annual old settlers' reunion this year. 'Uncle Bill' states that, due to war conditions, he does not wish to take the responsibility of going ahead with plans for the picnic unless the old timers approve. He is therefore, asking all persons who have lived in Donley county 20 years or longer to see him or one of the county newspapers and express their opinions as to whether the picnic should be held or not. Please do so at once as the for the picnic will soon be here. Your cooperation will be appreciated.

Birthday Party

Donald Gene Cooper of Amarillo was honored Saturday with a birthday party in the J H Cooper home, the occasion being his 9th birthday. Mrs. Cooper was assisted in entertaining by Vera Bais.

After numerous games were played, refreshments were served to Julian, Mary Alice and Nancy Hunsucker, Carolyn and Don Reeves, Sarah Ann Bains, David Edward Bellver, Anita Bais, Bibby Clifton, Geneva Jimmy and Bobby Beach, May Ann Davis, Gene Wilson Caldwell, LaLee and A. L. Teaff. Billy Dean Harrison Quisenberry and the honoree.

Revival

Vernon Willard, pastor of the Clarendon Circuit wishes to announce his revival at McKnight beginning Sunday morning July 26th and continuing through the week. The preaching will be done by the pastor and Rev. D M Fitzgerald. Everyone is cordially invited.

Peaches

Will begin picking peaches Monday, July 6. Will pick and sell every day except Sundays at Luttrell's orchard, 3 miles west of Hedley, Texas.
W. J. Luttrell

NOTICE

It is very necessary that all school children who are supposed to be transferred from rural districts to independent districts should be transferred during the month of July. Aug 1st is the last day and there will positively be no transferring after that date. All children must be individually transferred.

Transfer blanks may be obtained at the Meroman Hardware here.

Mrs. Harrison Hall, Jane Ruth and Bobbie Lee Hall visited in Stillwell and Denton this week. Mrs. Hall also visited relatives in Marietta, Ozla.

Mrs. O. H. Tinsley returned Thursday from Denton, where she completed work on her B S degree. She left Friday for a visit to Hayward, Calif.

Mr and Mrs Jack A. Hinger left Sunday for a trip to the Dallas markets.

If you want Moorman's Minerals, notify W. B. Mayfield, Box 42, Clarendon, Texas. 346c

Miss Jewell Everett of Vernon visited here last week end.

We Can All Be EXPERT BUYERS

Is bringing us buying information, as to prices that are being asked for what we intend to buy, and as to the quality we can expect, the advertising columns of this newspaper perform a worth while service which saves us many dollars a year. It is a good habit to form, the habit of consulting the advertisements every time we make a purchase, though we have already decided just what we want and where we are going to buy it. It gives us the most priceless feeling in the world; the feeling of being adequately prepared. When we go into a store, prepared beforehand with knowledge of what is offered and at what price, we go as an expert buyer, filled with self-confidence. It is a pleasant feeling to have, the feeling of adequacy. Most of the shopkeepers in the world can be traced to a lack of this feeling. This advertising shows another of its manifold facets—shows itself as an aid toward making all our business relationships more secure and pleasant.

WEEKLY NEWS ANALYSIS

Powerful Strength of Nazi Thrust Drives to Greatest Gain in Russia; Aussies Smash at Rommel in Egypt; U. S. Forces 'Change Policy' in China

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.) Released by Western Newspaper Union.

RUSSIA: Deepest Drive

Even Moscow admitted it. The powerful Nazi thrust had finally driven deeper into Soviet territory than at any time before in the history of the war. Last year it was toward Moscow that drive penetrated to its farthest point. But the current German campaign wasn't headed directly that way. Its spearhead had thrust itself across the Don river and swung around the big bend of that river heading southeastward down the valley toward Stalingrad.

Though there were immense losses of Nazi men and machines Hitler kept on going for he wanted Stalingrad on the vital Volga. But even more he wanted what he could find beyond the rich oil pools of THE CAUCASUS.

The Moscow-Rostov railway had been cut earlier and Soviet communications thus suffered a hard blow. When the Germans slash across and solidate their positions on the Volga it means that still another highly important link between the final battleground for the Caucasus and Moscow would be severed. Crumpling of their forces further to the north of Rostov would also leave the Russians open to a hard new push by floods of Nazis released from that battle sector.

Russia's hope was the heavy toll of German strength that was being extracted as the Reds fell back in their delaying action all along the fighting front. German claims of success spoke of the breaking of "local resistance everywhere." Some military sources were inclined to agree with them in this regard but there was speculation as to whether or not communiques like this one were true.

In one day's fighting Germany lost only six planes and on the same day Russian losses were set at 63 tanks and 74 planes.

Berlin said so, but Moscow didn't.

SABOTEURS: All Doubt

The eight Nazi saboteurs as they were tried for their lives before a Washington, D. C., military commission had the benefit of govern-

ELMER DAVIS Releases were "circumspect."

ment-appointed counsel which tried to give these enemy agents the benefit of all doubt as to their guilt.

Extensive cross-examination by defense counsel of prosecution witnesses slowed testimony but during the trial little information leaked out to the news-hungry public.

Elmer Davis, director of the Office of War Information, had a tough round with the court in getting release on any news whatsoever. He did get two daily press releases but they were described as "circumspect."

MISCELLANY:

TIRES: President Roosevelt's press conference heard him say that if the war situation gets worse than at present, the government may have to requisition every automobile tire in the United States.

CHIEF: U. S. army air forces have as their new commander-in-chief in the European area Maj. Gen. Carl Spaatz.

OPERATIONS: The department of agriculture will continue to operate despite the fact that congress is wrangling over its current appropriations as a resolution to finance it for a month cleared both legislative chambers.

TRAINING: To house trainees radio aviation operators, the Technical Training command is taking over the world's largest hotel—the Stevens in Chicago. Also taken over was the Congress hotel in the same city.

CHINA: Change of Policy

"There has been a definite change in policy since July 1. (This was the date on which regular U. S. army air forces started operations in China.) Hankow, Canton and other cities in occupied China which were never bombed before have been bombed now."

So began a hard-hitting statement from the headquarters of Brig. Gen. Claire L. Chennault, chief of air operations against the Japs in China.

"We are going deeper and deeper into China. All cities under Japanese occupation will be bombed. There will be a more active policy from now on. You can draw your own conclusions as to what will happen," he further stated.

Meanwhile, concrete evidence of this new surge of strength was revealed in an announcement from Lieut. Gen. Joseph Stillwell's Chungking headquarters which said that Linchwan, important base for

GENERAL JOSEPH STILLWELL Helped with a "change of policy."

the Jap thrust in Kinang province, had been bombed by "Allied planes."

But not only air power seemed to be growing in the Linchwan sector, for the Chinese ground troops were reported driving back the Japs toward that city and toward Nanchang.

EGYPT: Again the Aussies

German Field Marshal Rommel had to deal with the Australians again. His mobile columns and artillery had smashed the British back in a headlong drive that had dangerously extended his communication lines back to Bengasi and Tobruk. And then at El Alamein the British army of the Nile, reinforced by Australians, let him have it.

They chose the coastal route to slap back. Along the Mediterranean they rushed at the Nazi and Italian forces who had little time to dig in and consolidate their positions. The British, South African and New Zealand desert units threw out an offensive to the south and west of their El Alamein line and the Aussies charged in against the German tanks.

Reports from Cairo said that they were using a new type of anti-tank gun and they used it at shorter range than usual. It had been a pre-dawn assault and some of the enemy had been caught napping. Time after time the Aussies were way out in front of their supporting tanks. They overran enemy gun positions and in some cases turned the guns around to the west and fired at the German-Italian positions beyond.

There developed later, however, the most important angle of the battle for the Suez. It was an all-out air battle. Rommel had suffered some heavy plane losses as he kept hammering the British back but now his air strength seemed to be strengthened. For as the Aussies caught his tanks temporarily off guard, Rommel's planes rose to blast the advance British lines. This seemed to mean that from somewhere had come help.

Answer in Crete? Experts looked toward Crete for the answer. For on that island in the Mediterranean were based the Nazi ace in the hole. This consisted of the powerful plane force and the parachute troops that had taken the island from the Greeks last year and which now were poised to relieve pressure from Rommel.

PACIFIC: New Guinea Front

Strategic New Guinea now bases U. S. troops and will likely be used as a jumping off place for attacks on the Jap invaders of the Pacific.

Some day it became known in the United States that our troops had been stationed at Port Moresby on that island the Japs sent over 21 bombers with eight fighters to add another raid to the off-limits. Kept high by anti-aircraft fire, the bombing "was scattered and wild and there was no damage."

INDIA: Gandhi's Gain

MOHANDAS K. GANDHI A step-up in moral pressure.

His doctor had ordered him to rest because of his extreme exhaustion but Mohandas K. Gandhi was again on the road to heading down the British and he would not be stopped.

After six days of discussion at Wardha, Gandhi's All-India Congress party's working committee agreed to adopt his project for a 'step-up' in moral pressure to force Great Britain to give India full freedom immediately.

News out of New Delhi indicated that this step came as triumph for the 72-year-old advocate of Indian nationalism over Pandit Jawaharlal Nehru, left-wing leader of the party. Nehru has been described as the best friend the United Nations have in India and thus it appeared that any movement to force freedom from Britain would be so carried out as to refrain from interfering with the war effort there. For most sources did not believe Nehru would have been won over so easily if he thought the United Nations cause would be endangered.

CEILING: Some Changes

When first the General Maximum Price regulation was introduced it was pretty difficult to adjust cases that appeared to be directly harming someone unfairly. This has now been amended to permit Leon Henderson's Office of Price Administration to adjust ceiling prices in certain "hardship cases."

Frozen fruits and vegetables were among the first ceilings to face adjustment. Ceiling prices on these products are being increased to prevent crops from rotting in the field because of increased gathering and packing costs.

Price relief will also soon be granted for jams, jellies and preserves.

Some idea of the amount of money to be spent, taxed or saved throughout the country in the coming months came from Commerce Secretary Jesse Jones in a statement to the effect that the American people in 1943 will have over \$30,000,000,000 more income than "the value of things for which the money can be spent."

RATIONING: Gasoline

About 8,000,000 eastern motorists were to get their basic permanent gasoline coupon books, said OPA, and local boards were instructed to insist on complete proof of eligibility and need before granting supplemental rations of any kind.

However, congressmen, members of state and local legislatures, and other government officials will be eligible for "special rations" for use in legislative or official business.

Bona fide political candidates may have extra rations for travel necessary for the prosecution of their candidacies. Newspaper reporters and photographers will be eligible for supplemental rations up to a quantity sufficient to permit 470 miles of occupational driving per month if they can meet car pooling provisions.

Gasoline stations which have been supplying war workers will be granted increased monthly quotas and the WPB granted OPA authority to require filling station operators to submit coupons or other evidence that rationing regulations are being complied with when gasoline is delivered to their stations.

Tires

Eligible motorists may be refused new tires by local rationing boards if an inspector's report shows that the purchaser has abused his old tires, according to an announcement made by OPA. Also local boards may receive application for new tires from purchasers of tractors, farm implements, and other vehicles sold without tires.

BILLIONS: For War

Congressional war appropriations now total more than \$225,000,000,000, but the U. S. actually has spent less than 40 billions, according to current War Production board figures. There is an average daily rate of expenditures for war by government agencies of \$158,600,000. Last month the WPB bureau of finance obtained \$62,120,464 in the form of loans or advances on payments for war materials for 397 manufacturers.

WHO'S NEWS THIS WEEK

By LEMUEL F. PARTON Consolidated Features.—WNU Release.

NEW YORK.—At Londonderry, in Ulster, the U. S. A. has its first naval base in Europe—the first in history. It is an operating base and it is now operating. This is a reminder to this department that the ancient and adaptable "Londonderry Air," obtainable in any one of many guises at any song shop, never failing to re-align ragged basses and tenors and bring them through to a valorous finish.

It was over half a century ago that John Addington Symonds, great English literary critic, wrote his adaptation of the "Londonderry Air." He made the old song "News Today." Here are his words:

Come day of joy, when lustier men and nobler Than ere the world hath known shall rise With flame of freedom in their spirits, And light of knowledge in their eyes. They shall be gentle, brave and strong of heart, To spill no drop of blood, but they shall dare, All that may plant man's lordship firm and free. On earth and fire and flood and sea and air. Till race with race and people blend with people, Unarmed shall live as comrades free. In every heart shall beat the love of human kind. The pulse of one fraternity. New arts shall bloom, of lustier mould more beautiful, And mightier music thrill the skies, And every life shall be a song of pure delight. When all the earth's a paradise for all.

In school we took a lot of punishment from an aggressive pedagogue, assaulting us with Symonds' "Predecessors of Shakespeare." It was not until years later that we understood that Symonds had been fanning up the "flame of freedom" of pre-Elizabethan England and that in Webster, Marlowe, Green, Dekker, Peale and Heywood, he found unfettered spirits, making a great literature and a great England. If the teacher had had us sing the "Londonderry Air," as above, we might have understood.

SOMEBODY is always giving Dr. J. C. Hunsaker a medal, so turn about is fair play when he gets on the sending end and hands one to Brig. Gen. James Doolittle, for obvious reasons and with appropriate sentiments. As chairman of the national advisory committee for aeronautics, he conferred on the Tokyo bombardier the Daniel Guggenheim medal which he himself received in 1935.

Most people would be willing to settle for Dr. Hunsaker in honoring General Doolittle, but Dr. Hunsaker, a careful scientist, weighs in the general's other achievements and emphasizes the award as "not given for any single act." That puts both the general and Tokyo in a long perspective, which is characteristic of Dr. Hunsaker.

He is the head of the faculty of aeronautical and mechanical engineering at the Massachusetts Institute of Technology, a former commander and aircraft designer in the navy, and co-ordinator of navy research. He designed for the navy the NC4 flying boat which made the trans-Atlantic flight in 1919, made the first wind tunnel for experimentation in aerodynamics and designed the Shenandoah, the biggest dirigible built in America.

From Creston, Iowa, he went to Ann Arbor, and was graduated in 1908. He studied aeronautics in Germany, getting some interesting close-ups of Zeppelin design, and returned in 1912 to begin his wind-tunnel research at MIT. There he gained his degrees in science and engineering and was an instructor from 1914 to 1916. He was in the construction corps of the navy from 1909 to 1928, advancing to the rank of commander, retiring from the navy in 1927. In that period, he was assistant naval attaché at London, Paris, Berlin and Rome.

He became a director of the Good-year Zeppelin corporation in 1929 and vice president in 1935. In addition to the Guggenheim medal, his awards include the Navy Cross and the Franklin medal.

AFTER a battle of many decades, Britain takes over her underground coal deposits from the ancient ownership of dukes, marquesses, earls and the Church. Nationalization is for the war period only. The transfer is a victory for Sir Ernest A. Gowers, who has made more or less of a career in the cause of public ownership of coal mines. He becomes chairman of the commission of five members in which ownership of the mines is vested. He is little known in British public life outside of coal issues.

NEW IDEAS For Home-makers

GIVE an old wicker chair a smart cover of gay chintz and it will be ready to start a new life. The chintz for this chair has a quaint pattern of strawberries with green leaves and the skirt with its trim box pleated corners is plain green. The cover is removable with a zipper open-

ing down the center back and long stitches with heavy thread through the cover and the wicker are used here and there to hold it neatly in place. The padding for the inside of the back lends both style and comfort. The cotton batting is fitted and cut on the chair. It is then used for a pattern to cut a slightly larger muslin foundation and the chintz, as shown at the upper left. These three layers are then basted and stitched together to make the puffed ridges for this part of the cover. Plain seams are used to stitch the pieces of the cover together.

NOTE: Mrs. Spears' booklet No. 7 gives complete directions for making the ottoman shown in this sketch. Also more than 30 other fascinating homemaking projects, each with working drawings. If you have never made slip covers you will want Book 1, as it shows the beginner exactly how to cut, fit and sew them. Send your order to:

TRY THIS IF YOU'RE NERVOUS on "certain days" of month. If functional monthly disturbances make you nervous, restless, high-strung, cranky, blue, at such times—try Lydia E. Pinkham's Vegetable Compound—famous for over 60 years—to help relieve such pain and nervous feelings of women's "difficult days." Taken regularly—Pinkham's Compound helps build up resistance against such annoying conditions. Follow label directions. Well worth trying!

The Book There is but one book; bring me the Bible.—Walter Scott.

When Your Back Hurts

And Your Strength and Energy Is Below Par. It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood. You may suffer sagging backache, rheumatic pain, headache, dizziness, getting up nights, leg pain, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won country-wide approval than on something less favorably known. Doan's have been tried and tested of many years. Are at all drug stores. Get Doan's today.

DOAN'S PILLS

Your Main Street . . . Is Our Main Street

On the Main street of every town and hamlet, every community large and small throughout the Gulf South, can be seen the men and women who have placed normal living in the background.

Their first job now, like that of citizens throughout the United Nations, is to help win the war. They have rolled up their sleeves and are doing their utmost to help utilize fully the rich, diversified resources of this area . . . are helping Gulf South industry produce more and faster until we've won through to Victory.

Just as helping win the war is your first job, it is also the No. 1 job of the more than 3,000 employees of our organization. In towns and cities throughout

the Gulf South, they have always been a part of the community in which they live. Now, during this war crisis, they feel the responsibility to their community and to their country more keenly than ever before.

After the war is won—and we WILL win—your Main street and our Main street will have a greater significance than ever before. It will be symbolic of a free and greater America.

Facts of ADVERTISING

ADVERTISING represents the leadership of a nation. It points the way. We merely follow—follow to new heights of comfort, of convenience, of happiness.

As time goes on advertising is used more and more, and as it is used more we all profit more. It's the way advertising has—of bringing a profit to everybody concerned, the consumer included

Star Dust

STAGE SCREEN-RADIO By VIRGINIA VALE Released by Western Newspaper Union.

GREER GARSON claims that Loretta Toomey is the good luck stand-in of Hollywood. Miss Toomey was stand-in for Sonja Henie, Ellen Drew and Joan Davis before going to Metro to be stand-in for Hedy Lamarr and Ruth Hussey. All of them did all right, you'll remember. Three years ago she became Miss Garson's stand-in—and how that young woman has forged ahead! Now Miss Garson has lent her for a second time (the first was when Theresa Wright got her for some scenes in "Mrs. Miniver") to Susan Peters, for scenes when Miss Garson doesn't need her in "Random Harvest"; they're rivals for Ronald Colman's affections, in the picture but never meet.

Incidentally, some exhibitors thought so highly of "Mrs. Miniver" that they advocated showing it at advanced prices. But the suggestion was turned down, on the theory that this swell picture really belongs to the people, and that the greatest number should see it in the shortest possible time. Nicholas M. Schenck, president of Loew's, Inc., Metro distributors, is responsible.

Jean Hersholt, the kindly "Dr. Christian" of the CBS Wednesday night series, has completed the first of his two albums of children's tales

JEAN HERSHOLT

recordings. This is the first step in a plan that he has had for many years, to bring worthy translations of Hans Christian Anderson's Danish fairy tales to the American public.

Barbara Moffett, 18 year old equestrienne, breaks into pictures playing the feminine lead opposite Tim Holt in RKO's "Red River Rodeo." She was discovered while doing trick riding, roping and shooting as the star of a rodeo troupe. So this won't be the ordinary Western, since the heroine will be given a chance to do her stuff, instead of just looking pretty.

Joe Pasternak, who produced Deanna Durbin's films for so long, has discovered a new singing star, Mary Croft. He gave her a role in his first Metro picture, "Tulip Time," then sent her to New York for a year's study before making more pictures. So when you see the picture, look for her—you may have the satisfaction of seeing a future star's first performance.

Warner Brothers bought screen rights to "The Miracle," the religious spectacle play, some years ago as a vehicle for Bette Davis. After several script writers had tried their hands at adapting it it was shelved. Now we hear that it may be screened.

Vox Pop begins its third year of programs from military, naval and armament establishments along with its eighth of network broadcasting. It was the first radio program to adapt and contribute its facilities to national defense, the first to present the voices of selectees in training, the first and only one to undertake a Good-Neighbor Latin America tour.

Randolph Scott, Glenn Ford, Evelyn Keyes and other members of the cast got a real western reception when they arrived in Utah for "Desperadoes." Local cowhands held up the train and "kidnaped" the stars. Miss Keyes is the first Hollywood actress to make a hobby of collecting military insignia representing armed forces of all the United Nations—has more than 300 insignia buttons.

ODDS AND ENDS—As a parting gift when she left New York for a vacation, Kate Smith's sponsor presented her with a three-year contract renewal. . . . Walter Reed, young leading man discovered recently by RKO, has been assigned an important role with Pat O'Brien, Randolph Scott and Anne Shirley in "Bombardier." . . . "Mrs. Miniver" started a "Mrs. cycle" Metro is making "The War and Mrs. Hadley," and has bought "Mrs. Parkington" for Greer Garson. . . . Carol Anne Beery, Filly's daughter, gave him a silver mounted bridle for his favorite horse. He had to leave soon after for Hollywood and "Salute to the Marines."

Household Hints

by Lynn Chambers

Prepare for Winter With Delicious Canned Fruit (See Recipes Below.)

Fruit Canning

Plan now to put up those fruits from the market or your victory garden while you can still capture their garden-freshness and summer sweetness. This year's canning will require more careful planning than ever before, for waste in the fruit itself, canning jars, rubbers or sugar is highly undesirable.

Chart your plans before embarking on the canning program. Consider first how much sugar you will have available, with the five pounds per person allotment for people who are canning. Plan this amount so it will do for the jams, jellies, preserves, and sugar syrups for fruit canning.

If possible, can in the early morning hours when you are rested and your mind free from too many other thoughts. You will then be able to follow recipes more carefully, to work with more energy and spirit. The day before you will, if you are the bright and alert homemaker, have gathered together your jars, washed them, bought necessary supplies of rubbers and covers and other equipment.

Bring out the preserving kettles and pressure cookers, too. See that they are well scoured, that you have the racks, petcocks, pressure gauge, and steam-tight cover on the pressure cooker well in order.

A hot water bath is best for processing fruits because they are acid. They can safely at high temperatures, and texture, flavor and color are best. Oven canning is good also. For the hot water bath, use a large wash boiler or vessel with tight fitting cover. Fit this with a rack at least 1/2 inch from the bottom. Fill the rack with enough water to cover jars at least one inch over the top. Count the processing time as soon as water surrounding the jars begins to boil. There should be free circulation of water around jars.

For oven canning, set the temperature at 250 degrees. Set jars on a rack in the cold oven. Start counting time when oven is switched or turned on. Do not allow the temperature ever to exceed 250 degrees as this causes liquid to boil away and evaporate.

In placing your jars in the oven, allow for free circulation of heat between them. Do not allow the jars to touch each other, as this will often cause breakage, and do not allow them to come in contact with the sides of the oven.

If liquid evaporates during the processing in the oven, do not fill the jars after you take them out. Some evaporation does not affect successful canning of the fruit.

The Sugar Question.

Fruit may be canned successfully without sugar or fruit syrup with water or fruit juice used in its place. Sugar, however, does mellow and ripen the fruit, giving it a better flavor. You might try making your fruit syrups for fruit canning less sweet than usual if you are short on sugar.

Honey may be used in place of sugar in making the sweet syrup, but the fruit will be somewhat more dark than if sugar is used and the fruit flavor will be intensified. Use honey for each cup of sugar in the substitution.

Lynn Says:

How many jars are you putting up of the fruits? Here's a guide to help you pick out jars:
Cherries: 9 baskets yield 2 pints pitted, 7 pints, if whole.
Peaches: 2 1/4 pounds (small basket) yields 1 quart.
Plums: 1 14-pound basket yields 25 pints.
Strawberries: 1 crate yields 26 pints, if canned whole; 31 (7 1/2-ounce) glasses of jam.

THIS WEEK'S MENU

- Smothered Steak With Onions
- Green Beans Scalloped Potatoes
- Tomato-Lettuce Salad
- Bran Muffins
- Whipped Fruit Gelatin Beverage

White corn syrup is another acceptable substitute, but since it is less sweet than sugar, substitute 1 1/2 cups of corn syrup for 1 cup of sugar.

Syrups to Use.

Thin syrups (No. 1) are used for small, soft fruits such as cherries and berries. Make the syrup by using three parts of water to one part of sugar.

Medium syrup (No. 2) does best by sour berries, acid fruits as cherries and rhubarb, and peaches. Boil two parts of water with one part of sugar.

Heavy syrup (No. 3) is prescribed for the large, sour fruits in which you desire extra sweetness. Measure one part water to one part sugar and bring to a boil.

Apples or Pears. (Hot Pack)

Wash, pare, core uniform-sized apples and cut to desired sizes. (If fruit is to stand long enough to discolor, drop into water which has been slightly salted, until ready to use.) Drain from brine. Boil 3 to 5 minutes in a medium syrup and pack into clean jars, filling with syrup to 1/2 inch of the top. Put on cap, screw band tight, process in hot water bath 25 minutes, or in the oven (at 250 degrees) 75 minutes. If using a pressure cooker, process at 5 pounds for 10 minutes.

Apples or Pears. (Open Kettle)

Select uniform fruit, wash, pare and core. Cut into halves or slices. Drop into boiling No. 1 syrup, and boil for 20 minutes. Pack into clean, hot, sterilized jars and seal tight.

Peaches. (Open Kettle)

Select firm, ripe peaches. Peel or dip peaches in hot water, then in cold and slip off peel. Leave whole or cut in halves or slices. Boil 20 minutes in No. 2 or 3 syrup, and pack in clean, hot, sterilized jars. Seal tightly.

Peaches. (Hot Pack)

Prepare as above, removing peel and pits. Precook for 3 minutes, then pack into clean jars, add syrup to within 1/2 inch of the top. Put on top, screw on firmly, and process in a hot water bath for 20 minutes, or in the pressure cooker for 10 minutes at 5 pounds, or in the oven (250 degrees) for 68 minutes.

Plums. (Hot Pack)

Use the same method and time as for peaches, except do not peel the fruit, merely prick the skins.

Berries. (Cold Pack)

(Except strawberries and cranberries)

Wash, stem and pack berries. Pack into clean jars and add No. 2 or 3 syrup. Put on cap, screw tightly. Process in hot water bath 20 minutes or in pressure cooker 8 minutes at 5 pounds or in the oven at 250 degrees for 68 minutes.

Cherries. (Cold Pack)

Wash, stem and pit cherries, if desired. Pack into well cleaned jars, fill with No. 2 or 3 syrup depending on the sweetness desired. Put on cap and fasten tightly. Process 20 minutes in a hot water bath, 10 minutes in the pressure cooker at 5 pounds, or 68 minutes in a 250-degree oven.

If the directions for the fruit you desire to can are not given here, or if you have any query on other canning problems, write to Miss Lynn Chambers, explaining your problem to her. Address your letters to her at Western Newspaper Union, 210 South Desplaines Street, Chicago, Illinois. Please enclose a stamped, self-addressed envelope for your reply.

Released by Western Newspaper Union.

PATTERNS SEWING CIRCLE

WHAT a practical idea there is in this cunning small outfit for little girls! Off with the jacket and you have a cunning play dress without sleeves—so that it permits rollicking freedom and plenty of healthy sun tan. It is a dress which your daughter can wear in comfort for hours of back-yard play, beach games and farm life!

The jacket which dramatically transforms the princess frock into a smart street outfit is just waist length, has tiny short sleeves and a simple square neck. You'll like the effect if you apply to the skirt two bands of the material you use in the jacket. Band the panties, too, to complete the cheerful ensemble. Pattern No. 1607-B gives you complete instructions for making each of the three pieces.

Barbara Bell Pattern No. 1607-B is designed for sizes 2, 3, 4, 5 and 6 years. Size 2 years dress requires 1 1/2 yards of 35- or 39-inch material, bolero plus bands for dress and panties, 1/4 yard and panties, 3/4 yard.

New Dirndl.

A SLICK new long torso frock with a swish skirt—and just shoulder ruffles for sleeves—is ideal for summer wear. You can have sleeves, if you want them, and a bright row of braid to bring attention to the flattering low-cut neckline—as you can see in our

HOUSEHOLD HINTS

Ravel the thread from an old silk stocking and use it for catching and mending runners in other hose. It is stronger and less noticeable than darning thread.

Flower pots can be made from buckets or cans. Paint them, paste on magazine pictures in color and then shellac.

To keep coat buttons from tearing out, sew a smaller button on the under side, running the thread through both.

To keep fish from breaking when cooking, put the pieces in hot fat with skin side uppermost and allow them to brown before turning.

When stewing dried fruits, the addition of a small amount of lemon rind will give a better flavor.

Shake your Turkish towels vigorously before hanging up to dry. This removes wrinkles and raises the nap.

If you cannot get candleholders for the birthday cake, decorate top with marshmallows and stick a candle into each one.

Put your kitchen table on casters. You then can roll it where you want it and save yourself many steps.

Clean your oil mops in hot water to which has been added washing powder, with a little ammonia.

smaller view. Just the frock junior girls from coast to coast are asking for this season!

Barbara Bell Pattern No. 1606-B is designed for sizes 11, 13, 15, 17, and 19. Corresponding bust measurements 28, 31, 33, 35 and 37. Size 13 (31) with shoulder ruffles, requires 3 1/2 yards 35-inch material. With short sleeves, 3 1/2 yards.

J. Fuller Pep

By JERRY LINK

Nothing much gets by Old Judge Wiggins! "Fuller," he says to me, "just about the only thing that can keep on growing without nourishment is some folks' conceit."

And speakin' o' nourishment reminds me that you got to get all your vitamins. That's why I keep tellin' folks about KELLOGG'S PEP. 'Course PEP hasn't all the vitamins. But it's extra-rich in the two most likely to be short in ordinary meals—vitamins B and D. And PEP's a Jim-dandy tastin' cereal, too. Why not try it tomorrow?

Shake your Turkish towels vigorously before hanging up to dry. This removes wrinkles and raises the nap.

If you cannot get candleholders for the birthday cake, decorate top with marshmallows and stick a candle into each one.

Put your kitchen table on casters. You then can roll it where you want it and save yourself many steps.

Clean your oil mops in hot water to which has been added washing powder, with a little ammonia.

RESPONSIBILITY FOR SUCCESS

The man who advertises has assumed the responsibility for success. You would rather deal with a responsible man, wouldn't you?

Sugar Rationing News

County Agent H. M. Brodlove of the Texas A & M College Extension Service stated this morning that if you are applying for canning sugar, one question that the rationing board is sure to ask you is: "how many quarts of fruit do you plan to can?" To help the house wife to have the information ready for this question I believe that the following information will benefit you. For example, there are 50 pounds of fresh fruit in a bushel of peaches. On an average this will make 18 qts. of canned fruit. One bushel of plums will make 30 qts. and you can expect 20 qts. or two or three gallons of juice from a bushel of grapes. Also be sure to know how much fruit you canned last year and how many qts. of fruit you have on hand. If you will have this information when you go to the rationing board it will help them to wait on you faster. Also be sure to bring your rationing book with you as they need the serial number from the books in issuing canning sugar. Ed Kinlaw, chairman of the local rationing board is well pleased with the progress of issuing canning sugar and says that if people will follow the above suggestions that it will be of great help to the office in issuing the canning sugar.

Picnic

The young married men's Sunday School class of the Baptist church, together with their families, enjoyed a picnic Tuesday night, July 14, at Gies' park. A beautiful picnic lunch and plenty of ice cream was enjoyed by about 40 present, all of whom are in favor of another picnic soon.
R. W. Alewine is teacher and Charles Rains is president of the class.

Revival

Vernon Willard, pastor of the Clarendon Circuit wishes to announce his revival at McKnight beginning Sunday morning July 25th and continuing through the week. The preaching will be done by the pastor and Rev. D. M. Fitzgerald. Everyone is cordially invited.

Red Cross Notes

The Hedley Red Cross work is progressing despite the hot weather. The volunteer workers are busy each Thursday. Mrs. Frank Finch and Mrs. W. O. Plunk have sent nice donations of quilt scraps from which 3 quilts have been pieced. Thanks go to the Baptist Ladies Sunday School Class for a finished quilt given to the Red Cross. Thanks go also to the Methodist Missionary Circle for quilting one of the Red Cross quilts.

We now have a large shipment of blouses to make. These garments must be made under supervision. They may be issued to any club or Sunday School class if one member will supervise or be responsible for them being made like the instructions. We would like some help on these as we hope to get our work up by August. Won't your Sunday School class help out? Next Thursday July 30 we will have a quilt ready to quilt. We hope enough comes to quilt it out Thursday. Don't forget the date July 30 at 8 o'clock.

Bring your book orders to Kar-dalla Shoe Shop and save money
