Old Settlers Picnic

The old settlers of Donley county met last Friday at Tate Grove for their annual reunion. Due to the rainy weather the crowd was somewhat smaller than usual, but those who came enjoyed the day very much.

Sub Heafner acted as master of ceremonies and introduced the speakers and other program numbers.

The program was as follows: America, audience invocation, Rev. Walter Patterson.

Welcome, Charles Rains
Response, S. W. Lowe
Mrs. Phava Crawford opened the business session by reading the minutes of last year's session. The election of officers was then held. President W. I. Rains having refused to serve another term Charles Rains was elected president of the association. Winfred Doherty was chosen vice president and Mrs. Crawford was re-elected secretary.

Duet, Rev. Patterson and Miss Eunice Patterson.

Veal ectet
The beautiful lunch was spread on the tables, and everyone enjoyed fried chicken and many other good things to eat.

String music opened the afternoon program, followed by a memorial service for the pioneers.

R. Y. King then made an address of tribute to the soldiers. Most of the afternoon was spent in listening to good music, visiting together and renewing old acquaintances.

Sugar Rationing News

The Donley County Rationing Board will be in Hedley September 1st at the West Texas Utilities Office to issue certificates for canning sugar. Be sure and bring your Rationing Books with you and know how much fruit you canned with the first sugar that was issued you.

Donley County War Price & Rationing Board No. 66

NFLA Stockholders to Meet

Farmers and ranchmen in Donley County who make up the Hedley National Farm Loan Association will hold their annual stockholder's meeting in the Legion Hall in Hedley on Saturday September 5th, at 8:00 o'clock. It was announced by G. E. Killough, Secretary-Treasurer.

The year 1942 marks the "silver anniversary" of the Federal Land Bank system, which is made up of local farmer's cooperative credit organizations throughout the country. The Hedley Association, one of the 800 in Texas which own the Federal Land Bank of Houston, has more than 75 stockholder-members and a large attendance is expected at the meeting.

Directors of the association are J. B. Masterson, president; J. W. DeBord, vice president; J. B. Pickett, A. T. Simmons and J. A. Tollett.

All borrowers are urged to be present.

Hedley School News

Hedley School opened Monday with the enrollment almost reaching the 300 mark. The importance of regular attendance was stressed by Mr. Hill. Modern education requires regular attendance more than ever before, he said.

Miss Hillman who resigned has been temporarily replaced by Miss Wall, who comes to us from Hereford. Mrs. T. E. Caldwell is taking Miss Loyd Richardson's place for a few days. Miss Richardson who is attending T. S. G. at Canyon, will be home next week sometime.

Plans are made for both boys and girls basket ball later. The mathematics teacher will probably be coach also.

Much interest in the school is being manifested and with eleven teachers instead of ten the work is more systematically arranged. Mr. Hill appealed to pupils, parents and all citizens for school loyalty, saying that schools and churches were built on loyalty.

For Sale—crocheted bedspread
Mrs. R. E. Newman

Garter Hoffman was brought home Monday from a Memphis hospital, and is reported greatly improved.

W. C. Payne Gets Commission

W. C. Payne has been commissioned as a First Lieutenant in the Army Air Force. He will be a math instructor. He left this week for Miami, Fla. where he will be inducted.

A. A. Cooper

METHODIST CHURCH

The pastor, Rev. C. R. LeMond is away in a Revival this week. Chester O. Hill will speak at 11 o'clock Sunday. Church School at 10 o'clock and the League at 8:15 and 8:30 Sunday evening.

First Baptist Church Notes

The revival conducted by Evangelist Hulon Coffman and singer John Sparks at the local church has started off in a great way.

The crowds are comparatively large. The spirit of these services is fine and the preaching and singing are of the highest type. The church is happy to welcome five new members who have come by letter into its membership.

You are urged to attend these services.

"Except ye repent, ye shall all likewise perish"—the words of Jesus as recorded in Luke 13:3.

A. L. Teaff, pastor.

Revival

The Church of The Nazarenes is to begin its meeting August 30 and continue through September 13. Rev. Maud Busby is to be the evangelist. I understand she is a former pastor here, and is well known. Please keep this date in mind, and be ready to come to the meeting and worship the Lord and forward His cause.

Howard Smith, pastor.

Miss Gertrude Gunn went to Amarillo last week where she enrolled in Amarillo Business College.

The Informer, \$1.00 per year.

Things to do

Embroidered Chair Set.

WHAT fun to embroider this pretty bowl of flowers in gay colors!—And when you've made the last lazy daisy stitch and finished the cut-work bowl, you're ready to add beauty to chair or buffet!

Pattern 411 contains a transfer pattern of a 12½ by 14½ inch chair back and two 5½ by 10½ inch arm rests; illustrations of stitches; materials required. Send your order to:

Sewing Circle Needlecraft Dept.
52 Eighth Ave. New York
Enclose 15 cents (plus one cent to cover cost of mailing) for Pattern No.
Name
Address

Everybody wants to know what to send a soldier, sailor, Coast Guardsman, or Marine. The answer is simple if he smokes a pipe or rolls his own. Send a pound of tobacco. Tobacco, according to numerous surveys among the men themselves, is the gift most appreciated, and most wanted. Favorite smoking tobacco of many service men is Prince Albert, the National Joy Smoke—a little well-deserved since Prince Albert is the world's largest-selling smoking tobacco. Local dealers are featuring Prince Albert in the pound can as ideal gifts to men in the service.—Adv.

NO ASPIRIN SAFER
than genuine, pure St. Joseph Aspirin. World's largest seller at 10¢. Big savings in large sizes. 36 tablets, 20¢; 100 tablets, 35¢.

Prohibitions
The growing of tobacco is prohibited in Egypt, the publishing of suicide news is prohibited in Turkey, and the exhibiting of human freaks is prohibited in Soviet Russia.

Acid Indigestion
What many doctors do for it
When excess stomach acid causes gas, sour stomach or heartburn, doctors prescribe the fastest-acting medicine known for symptomatic relief—medicine like those in Doan's Tablets. No laxative. If your very first trial doesn't prove Doan's better, return bottle to us and get double your money back, 25¢.

When Your Back Hurts
And Your Strength and Energy is Below Par
It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.
You may suffer sagging headache, rheumatic pains, backache, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won country-wide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

DOAN'S PILLS

WEEKLY NEWS ANALYSIS

Allies Take Offensive in Pacific Area With Naval Attack on Solomon Islands; British Thwart Sabotage Plan in India; Nazis Reap Profits From Russian Drive

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

OFFENSIVE:

In Southwest Pacific

Exactly eight months after the bombing of Pearl Harbor—eight months of gloom-laden defensive warfare—Allied air, sea and land forces carried the battle to the enemy in the Southwest Pacific theater of war.

In a fierce battle for the Solomon islands, the United States fleet and warships of the Pacific flotilla struck heavy, continuing blows at Japanese bases in America's first great offensive of the war.

Adm. Chester W. Nimitz, U. S. naval commander in the Pacific, stressed the force of enemy resistance. The fight was at the northern boundary of the Coral sea, where a U. S. task force in May inflicted the first great naval defeat in history upon Japan.

Although not discussed in official communiques, navy spokesmen made it clear that the assault on the Solomons was the first major attempt to regain Japanese-seized territory. Equally clear was the fact that all possible fire power was being brought to bear upon the enemy. This would include army and navy bombing planes, shelling from big guns of naval surface ships and possibly strong land action.

Some thousands of miles north a Pacific fleet task force had bombarded Jap ships and installations at Kiska, one of three Aleutian islands upon which an estimated 10,000 Japanese have entrenched themselves.

LABOR:

Another Crossroads

As "peace" committees of both AFL and CIO begin preparations for their meeting to bring about labor peace both Philip Murray, CIO president, and William Green, head of AFL, issued public statements indicating that they favored the objective.

There were definite signs, however, that the method of reaching the objective might encounter some difficulty along the way. For in one of his statements on the subject President Green urged that CIO: "come back to the AFL, the House of Labor."

Later in a speech to the important CIO United Automobile, Aircraft and Agricultural Implement Workers of America, meeting in their convention in Chicago, Philip Murray avoided all reference to this statement. But he did say: "... I hope, I pray, that their (the AFL's) attitude will have changed, that experience has taught the need for giving recognition to the aspirations and objectives of those organizations

PHILIP MURRAY
"... hoped and prayed."

which make up the Congress of Industrial Organizations."

Biggest stumbling blocks in labor peace talks for the seven years that the two groups had gone their own way had been personalities and the refusal or inability of AFL to recognize CIO's organization of unions by grouping all workers in an industry into one union.

As far as personalities were concerned, Philip Murray had bypassed John L. Lewis by appointing to the CIO peace committee members not necessarily committed to the head of potent United Mine Workers. Lewis and Green had constantly differed on peace terms in the past and with the former out of the front trenches (but still very much in the fight) some observers were forecasting an outside chance for a united labor front—united for U. S. victory.

HIGHLIGHTS . . . in the week's news

GENEVA: Guglielmo Ferrero, noted Italian historian and foe of the Fascists, died here at the age of 71. Seven years ago his books were seized by the Mussolini government and he was forced to flee Italy. He had taught history at the University of Geneva ever since. Among his most noted books was "The Grandeur and Decadence of Rome."

INDIA:

Action

As the crisis in the latest drive for India's independence approached, Britain acted with speed and surprise. By official decree, Mohandas K. Gandhi and almost 200 other All-India Congress party leaders were arrested as they prepared to launch their nation-wide non-violent civil disobedience movement as a protest against Britain's refusal to grant India immediate freedom.

Some sources reported that the British acted because it was learned that an extensive sabotage campaign against the war effort was about to get under way.

Rank and file of Gandhi's party did not take their rebuke quietly. Dispatches from New Delhi reported rioting in Bombay and Ahmedabad. In addition government grain stores were looted in protest against the British action.

It was the sixth time that Gandhi had handed himself over to government officials in his life-long fight for Indian independence. As he gave himself up he called upon his followers to remember the slogan: "Either we get freedom or die." Technically Gandhi was not being imprisoned but he was to be kept under "strict surveillance."

Britain's attitude seemed to be summed up in the thought that while India's independence was important, the most vital problem of the United Nations at present was the winning of a war.

GRAIN AND OIL:

To the Nazis

Though the cost in men and machines has been terrific, the Nazis are already reaping the benefits of their 1942 drive for the oil and grain riches of the Caucasus.

This was evidenced by an admission on the part of Red Star, official Russian army newspaper, that already the Germans were shipping trainloads of foodstuffs from the Kuban area. Kuban is one of Russia's finest farm sectors but now has been practically cut off from Soviet control.

However, the Nazis were not harvesting all the grain nor pumping all the oil that the Russians were forced to abandon. For as they retreated, the Cossack defenders were employing the "scorched earth" policy to the best of their ability. Grain fields and granaries crammed with wheat were blazing as the Germans advanced to them. Oil wells in the Malkop field were blown up by Soviet troops. Yet experts were forced to admit that the Nazi prize that remained was worth the battle losses. For these are the things Germany needs to continue fighting—oil and grain.

GRIM ENDING.

For Saboteurs

The greatest execution in the history of the nation's capital took place when six of eight Nazi saboteurs who came to this country by submarine to cripple the war effort were electrocuted in the District of Columbia jail's electric chair.

It was an hour and a half after the first of the plotters was pronounced dead that the White House made its official announcement. The six were Herbert Haupt, Heinrich Harm Heinck, Edward John Kerling, Hermann Otto Neubauer, Richard Quirin and Werner Thiel. Two other saboteurs escaped death by aiding the prosecution. One of them, Ernest Peter Burger, was sentenced to life in prison at hard labor. The other, George John Dasch, was sentenced to 30 years at first labor.

Meanwhile, the nation's first important sedition trial since the outbreak of the war came to a close when a federal court jury in Indianapolis found William Dudley Pelley, founder of the Fascist Silver Shirts, guilty of criminal sedition.

Pelley's co-defendants, Agnes Marion Henderson, his secretary, and Lawrence Brown, were found guilty only of conspiracy. Pelley was found guilty on all 11 counts in the indictment.

Even as the erstwhile dictator of the Silver Shirts braced himself for the penalties ahead, the American public demonstrated again its stern temper when Federal Judge Arthur J. Tuttle pronounced a death sentence for treason upon Max Stephan, Detroit restaurant owner, for betraying his adopted country by befriending an escaped Nazi prisoner.

WASHINGTON: Manufacture of typewriters, except for a small quantity to be produced for the government by one factory, will end October 31, it was announced by the War Production board in an order released here. The order likewise limited the production of most typewriter companies between July 1 and October 1 to 12½ per cent of the machines sold by them last year.

STEEL:
Probe 'Black Market'

In answer to charges that a "black market" in steel existed, where "immediate delivery was made from bulging warehouses scattered over the nation," two government investigations were immediately begun.

First probe was undertaken by Price Administrator Leon Henderson after charges made by Frank Higgins, associated with his father in a New Orleans shipbuilding yard, that

SENATOR HARRY S. TRUMAN
"... negligence or willful misconduct."

his company had bought steel from such markets at higher premiums. The second investigation was undertaken by Congressman Carl Peterson, chairman of the house subcommittee investigating the maritime commission's cancellation last month of the Higgins' company's contract to build 200 liberty ships because of an alleged steel shortage.

Meanwhile, Chairman Harry S. Truman of the senate committee investigating national defense charged the navy department's bureau of ships with "negligence or willful misconduct" in connection with the construction of tank-landing boats. Senator Truman's charges contained in a letter to Navy Secretary Frank Knox referred to the navy's insistence on substituting its own models of tank-landing boats for ships of proved value built for this purpose by the Higgins company in New Orleans.

HOUSEWIVES:

Face Job 'Draft'

Spokesmen for the manpower commission intimated that one out of every four American housewives between the ages of 18 and 44 may be needed in munitions jobs for this country to attain full war production.

It was indicated that a nationwide occupational registration of women might be undertaken as a means of cataloging the country's total feminine adult resources.

Paul V. McNutt, manpower chief, has estimated that about 5,000,000 more women must be placed in war jobs by the end of 1943.

CARGO PLANES:

Get Green Light

A "go-ahead green light" for the construction of vast cargo planes in months to come was given by both the army and navy.

Speaking for the army, Lieut. Gen. Henry H. Arnold, commander of the army air forces, told a senate military affairs committee that 21 per cent of all multiple-engine bomber planes to be produced for the remainder of 1942 will be cargo or transport carriers. Including all planes of comparable flying range, he added, 30 per cent of the total output will be essentially for cargo purposes.

General Arnold revealed that cargo and transport carriers now being produced are used to move paratroops and airborne infantry, to tow gliders and to carry supplies to combat zones. Planes are moving about 2,500,000 tons of material a week, he said.

Speaking for the navy, Rear Admiral John H. Towers, chief of the Bureau of Aeronautics, disclosed that the navy is speeding a huge program for building cargo planes.

SUBMARINES:

Lull Near U. S.

That American coastal waters are no longer a soft spot for German submarines was the view expressed by British officials in a communique from London. Consequently it was believed that Axis U-boats had been forced to seek other waters in which to prey on United Nations' commerce.

Adoption of the convoy system in the Panama and Caribbean areas plus increased air defenses were cited as coinciding with a decreased scale of submarine attacks.

American military authorities commenting on the recent drop in submarine sinkings, warned, however, that the Nazis might now be preparing to bring the full brunt of their overseas attack against the heavily convoyed supply lines across the North Atlantic.

Increasing Allied effectiveness against submarines was said to be due to the fact that the "bottleneck" regarding engines for submarine chasers, defensive craft and dirigibles has been broken and defensive craft are coming forward in greater numbers.

Released by Western Newspaper Union.

The Wagon Box Fight

AUGUST 2 of this year marks the 75th anniversary of one of the most remarkable engagements in American military history. That was the Wagon Box fight on Little Piney creek near the present town of Story, Wyo., and it is noteworthy for several reasons.

With the possible exception of "Custer's Last Stand" on the Little Big Horn river in Montana in 1876, no other Indian fight has been more written-about nor inspired more fiction masquerading as fact. Certainly no other event in Plains warfare ever resulted in more extravagant statements as to the number of Indian opponents and losses inflicted upon them, even though the white man invariably exaggerated both in telling or writing about his battles with the red man.

The Wagon Box fight is so named because it was fought in and around a small fortification composed of 14 wagon boxes set on the ground, end to end, to form an oval corral. Into this firmy protection fled a detachment of 30 soldiers of the Twenty-seventh infantry, commanded by Capt. J. W. Powell and Lieut. J. C. Jenness, when, on the morning of August 2, 1867, they were attacked by a force of nearly 1,000 Sioux and Cheyenne warriors.

The soldiers had recently been supplied with new breech-loading rifles, a vast improvement over the old muzzle-loaders of Civil war days and they had nearly 7,000 rounds of ammunition for these weapons. But, despite this fact, it seemed like a forlorn hope for them, for they were outnumbered 30 to 1 and the memory of the disaster which had overtaken Capt. W. J. Fetterman and his 80 men the previous December was fresh in their minds.

Resolved to sell their lives as dearly as possible, they immediately opened fire on the savages who began riding in an ever-narrowing circle around the corral and for the next three hours they fought off repeated attacks by the Indians, both mounted and on foot, until they were rescued by a relief party from Fort Phil Kearney, six miles away. One of the remarkable features of this fight was the number of charges made by the Indians and the determination with which they pushed

This inconspicuous "monument" (a section of iron pipe capped with a brass plate) marks the site of one of the fiercest battles in Indian warfare—the Wagon Box fight.

home their attacks in the face of the incessant fire from the breech-loaders of the defenders of the corral. Both were unparalleled in the history of Indian warfare.

In view of these facts, the wonder is that the Indian casualty list was not larger than it actually was. After the battle Powell reported that his men had killed 60 Indians and wounded more than 100 while suffering a loss of three soldiers killed, including Lieutenant Jenness, and three wounded. Some of his men later boosted the Indian losses to 300 killed and wounded.

Then the myth-makers got busy. It started with Col. Richard I. Dodge in his book "Our Wild Indians," published in 1882. He set the number of Indians at 3,000 and their losses at 1,137 killed and wounded. Later "historians" repeated his figure of 3,000 warriors but reached a new height of absurdity by placing their losses at 1,500!

Indian participants tell a vastly different story. They say their losses were six killed and six wounded. This is a bit too conservative, especially for the number wounded, but it is probably much nearer reality than the usual accounts by the white man.

In his biography of Chief White Bull, who was in the Wagon Box fight (published under the title of "Warpath" by the Houghton Mifflin company), Stanley Vestal, who is probably the best authority today on the Sioux wars from 1866 to 1891, points out that Indian losses rarely ran to more than 1 or 2 per cent and that the highest known casualty list in all Sioux history was only 15 per cent. Therefore, says Mr. Vestal, "even Captain Powell's estimate is fantastic." Certainly the claim of a 50 per cent loss is preposterous.

HOUSEHOLD HINTS

Knitted garments should be laid flat to dry, shaped to the outline drawn before the garment was washed.

Put a small piece of hard soap in the sewing basket to rub over yarn or thread so it can be put through the eye of a needle with less difficulty.

Don't twist, bend or tie the so-called cord attached to your electric iron. It is not a cord, but two bundles of wires.

A few drops of ammonia in the dish water will clean greasy dishes and roasting pans quickly.

Wash beans before soaking. Then they can be cooked or baked in the water in which they were soaked, with a small onion added.

Peroxide will remove perfume stains from linen bureau scarf. Keep a blotting pad under scarf to protect dressing table or bureau top when perfume is spilled on it.

All wild meat should be soaked clean of blood. An onion roasted with the meat improves the flavor.

J. Fuller Pep

"Fuller," says Aunt Netty, the other day. "Folks are like wine. Some sour with age, and some, like you, get better!"
"Mebbe," says I, pickin' up that little compliment. "That's because I feel so good most of the time." For, you know, folks, when you feel good your disposition's apt to be good, too. But to do that, you got to eat right, which includes gettin' all your vitamins. And KELLOGG'S PEP is extra-rich in the two most often short in ordinary meals—vitamins B and D. Mighty fine-tastin', too. Try it!

Kellogg's Pep
A delicious cereal that supplies per serving (1 oz.) the full minimum daily need of vitamin D; 1/4 the daily need of vitamin B.

BOYS

There is a tremendous need for a clean, wholesome, yet entertaining boys' publication. That's why, for 90 years, the Boy Scouts of America has published BOYS' LIFE. It's the magazine you will be glad to give your son... or a friend's son. Only \$2.50 a year... \$2.50 for 3 years. Send your order to: BOYS' LIFE, Inc., 2 Park Ave., New York. Or to your newspaper office or local agent.

LIFE

Would You Do this Job for A Dime A Day?

... and when you and the carpet are both worn to a frazzle, would you clean the oil lamps... and do a week's wash on a knuckle-bruising board... and run out to the springhouse after milk and butter... all for the same 10 cents?

"No bargain!" you say. But Reddy Kilowatt, your electric servant, does all these jobs and more—for a dime a day or less in the average West Texas home. What's more, that dime's value has grown so steadily that nowadays it buys about twice as much service as it did ten or fifteen years ago.

It's about the biggest bargain in the world... and probably the only household item that hasn't gone up as a result of the war!

Today, under experienced and practical business management, West Texas enjoys an abundant supply of electric power... power to perform household drudgery... power for wartime schools, training camps and industries... and power that will enrich the life of everyone in peaceful years to come.

Revival

The Church of The Nazarenes is to begin its meeting August 30 and continue through September 13. Rev. Maad Bobb is to be the evangelist. I understand she is a former pastor here and is well known. Please keep this date in mind, and be ready to come to the meeting and worship the Lord and forward His cause. Howard Smith, pastor.

Texas School Aid Funds Show Increase Of 14 Million Dollars in Past Decade

State aid for Texas schools has increased \$14,000,000 during the past decade, it was revealed in a study compiled by James C. Tucker, partner of Barcus, Kindred & Company of Austin, specialists in municipal bonds.

In 1931 such aid amounted to \$32,695,013. By 1941 it had risen to \$46,893,496, an increase of 43 per cent.

State aid to schools is administered through four main funds: the study explains—the available school; rural aid; vocational aid; and free textbooks funds. Of these, the available school fund with a basic state apportionment of \$22.50 per child of school age, paid \$36,395,023 to local districts in 1941, as against \$27,342,473 in 1931, when the per child figure was \$17.50.

Expenditures from the rural aid fund which is designed to equalize opportunity between rural and city

school districts were \$7,615,974 in 1941 compared with \$2,718,263 a decade before; but expenditures for free textbooks decreased from \$2,232,370 to \$1,624,117. Vocational aid disbursements increased from \$311,907 to \$998,382 during the decade. This was exclusive of Federal vocational aid, which increased from \$376,319 to \$3,637,939; \$2,376,775 of this latter figure was for training defense workers.

Since per capita education cost is about \$64 per year, Texas paid over one-third of the cost throughout the state last year.

"By devoting part of the proceeds of a number of taxes to state aid," says the report, "Texas distributes the load for this purpose. The bonds of the communities receiving state aid are thus strengthened and the likelihood of additional tax levies for school purposes decreased."

YOUR MAN FRIDAY..... even on Tuesday!

● This is a story about a man named Friday and what he did one Tuesday. A vital repair had to be made on a pipe line at the bottom of a river, so that there would be no interruption in Natural Gas service. Although he had never been in a diving suit before, he realized the job had to be done—and he did it!

● This was not unusual. The sole job of our more than 3,000 trained employees is to see that Natural Gas service is **DEPENDABLE**. Knowing full well what Natural Gas means to the war effort, for instance, our organization has been geared, and our employees trained, to assure dependable service.

● Natural Gas is working for Victory—AND WE WILL WIN!

"What's it good for?"
"Guns, tanks, and maybe part of a plane"

**JUNK
needed for War**

In the barnyards and gullies of farms and in the basements and attics of homes is a lot of junk which is doing no good where it is, but which is needed at once to help smash the Japs and Nazis.

Scrap iron and steel, for example. Even in peacetime, scrap provided about 50% of the raw material for steel. It may be rusty, old "scrap" to you, but it is actually refined steel—with most impurities removed, and can be quickly melted with new metal in the form of pig iron to produce highest quality steel for our war machines. The production of steel has gone up, up, UP, until today America is turning out as much steel as all the rest of the world combined. But unless at least 6,000,000 additional tons of scrap steel is uncovered promptly, the full

rate of production cannot be attained or increased; the necessary tanks, guns and ships cannot be produced. The rubber situation is also critical. In spite of the recent rubber drive, there is a continuing need for large quantities of scrap rubber. Also for other waste materials and metals like brass, copper, zinc, lead and tin. The junk which you collect is bought by industry from scrap dealers at established, government-controlled prices. Will you help? First—collect all of your waste material and pile it up. Then—sell it to a junk dealer, give it to a charity, take it yourself to the nearest collection point, or get in touch with your Local Salvage Committee. If you live on a farm, consult your County War Board or your farm implement dealer. **Throw YOUR scrap into the fight!**

S. J. R. No. 20

A JOINT RESOLUTION proposing an amendment to the Constitution of the State of Texas by amending Section 33 of Article 16, of the Constitution of Texas so as to permit the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33 of Article 16, of the Constitution of the State of Texas, be amended so as to read as follows: "Section 33. The accounting officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person, for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust or profit, under this State or the United States, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard of Texas, the National Guard Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, nor to retired officers of the United States Army, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Navy, and Marine Corps, nor to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the third day of November, 1942, at which all ballots shall have printed thereon: "For the Constitutional Amendment permitting the accounting officers of this State to draw and pay warrants for salaries to officers of the United States Army or Navy who are assigned to duties in State Institutions of higher education."

Each voter shall scratch out one of said clauses on the ballots, leaving the one expressing his vote on the proposed amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election, and have the same published as required by the Constitution and laws of this State, and the sum of Five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated from any funds in the State Treasury, not otherwise appropriated to defray the expenses of printing said proclamation and of holding said election.

S. J. R. No. 21

A JOINT RESOLUTION proposing an amendment to the Constitution of the State of Texas authorizing the Legislature to appropriate Seventy-five Thousand (\$75,000) Dollars, or so much thereof as may be necessary to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31st, 1937.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

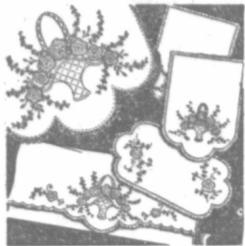

Section 1. That the Constitution of the State of Texas be amended by adding a new section, as follows: "The Legislature is authorized to appropriate so much money as may be necessary, not to exceed Seventy-five Thousand (\$75,000) Dollars, to pay claims incurred by John Tarleton Agricultural College for the construction of a building on the campus of such college pursuant to deficiency authorization by the Governor of Texas on August 31, 1937."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at the next General election to be held on the first Tuesday after the first Monday in November, A. D. 1942, at which all ballots shall have printed thereon: "For the constitutional amendment authorizing the Legislature to pay for building constructed for John Tarleton Agricultural College;" and

"Against the constitutional amendment authorizing the Legislature to pay for building constructed for John Tarleton Agricultural College."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed amendment. Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State. The expenses of publication and election for such amendment shall be paid out of proper appropriation made by law.

Star Dust
STAGE SCREEN RADIO

By VIRGINIA VALE
Released by Western Newspaper Union.

GREER GARSON claims that Loretta Toomey is the good luck stand-in of Hollywood. Miss Toomey was stand-in for Sonja Henie, Ellen Drew and Joan Davis before going to Metro to be stand-in for Hedy Lamarr and Ruth Hussey. All of them did all right, you'll remember. Three years ago she became Miss Garson's stand-in—and how that young woman has forged ahead! Now Miss Garson has lent her for a second time (the first was when Theresa Wright got her for some scenes in "Mrs. Miniver") to Susan Peters, for scenes when Miss Garson doesn't need her in "Random Harvest"; they're rivals for Ronald Colman's affections, in the picture but never meet.

Incidentally, some exhibitors thought so highly of "Mrs. Miniver" that they advocated showing it at advanced prices. But the suggestion was turned down, on the theory that this swell picture really belongs to the people, and that the greatest number should see it in the shortest possible time. Nicholas M. Schenck, president of Loew's, Inc., Metro distributors, is responsible.

Jean Hersholt, the kindly "Dr. Christian" of the CBS Wednesday night series, has completed the first of his two albums of children's tales

JEAN HERSHOLT

recordings. This is the first step in a plan that he has had for many years, to bring worthy translations of Hans Christian Andersen's Danish fairy tales to the American public.

Barbara Moffett, 18 year old equestrienne, breaks into pictures playing the feminine lead opposite Tim Holt in RKO's "Led River Robin Hood." She was discovered while doing trick riding, roping and shooting as the star of a rodeo troupe. So this won't be the ordinary Western, since the heroine will be given a chance to do her stuff, instead of just looking pretty.

Joe Pasternak, who produced Deanna Durbin's films for so long, has discovered a new singing star, Mary Croft. He gave her a role in his first Metro picture, "Tulip Time," then sent her to New York for a year's study before making more pictures. So when you see the picture, look for her—you may have the satisfaction of seeing a future star's first performance.

Warner Brothers bought screen rights to "The Miracle," the religious spectacle play, some years ago as a vehicle for Bette Davis. After several script writers had tried their hands at adapting it it was shelved. Now we hear that it may be screened.

Vox Pop begins its third year of programs from military, naval and armament establishments along with its eighth of network broadcasting. It was the first radio program to adapt and contribute its facilities to national defense, the first to present the voices of selectees in training, the first and only one to undertake a Good-Neighbor Latin America tour.

Randolph Scott, Glenn Ford, Evelyn Keyes and other members of the cast got a real western reception when they arrived in Utah for "Desperadoes." Local cowhands held up the train and "kidnaped" the stars. Miss Keyes is the first Hollywood actress to make a hobby of collecting military insignia representing armed forces of all the United Nations—has more than 300 insignia buttons.

ODDS AND ENDS—As a parting gift when she left New York for a vacation, Kate Smith's sponsor presented her with a three-year contract renewal. . . Walter Reed, young leading man discovered recently by RKO, has been assigned an important role with Pat O'Brien, Randolph Scott and Anne Shirley in "Bombardier" . . . "Mrs. Miniver" started a "Mrs. cycle" —Metro is making "The War and Mrs. Hadley" and has bought "Mrs. Parkinson" for Greer Garson. . . Carol Anne Beery, Wally's daughter, gave him a silver mounted bridle for his favorite horse. He had to leave soon after for Hollywood and "Salute to the Marines."

Household Hints
by Lynn Chambers

Prepare for Winter With Delicious Canned Fruit
(See Recipes Below.)

Fruit Canning

Plan now to put up those fruits from the market or your victory garden while you can still capture their garden-freshness and summer sweetness. This year's canning will require more careful planning than ever before, for waste in the fruit itself, canning jars, rubbers or sugar is highly undesirable.

Chart your plans before embarking on the canning program. Consider first how much sugar you will have available, with the five pounds per person allotment for people who are canning. Plan this amount so it will do for the jams, jellies, preserves, and sugar syrups for fruit canning.

If possible, can in the early morning hours when you are rested and your mind free from too many other thoughts. You will then be able to follow recipes more carefully, to work with more energy and spirit. The day before you will, if you are the bright and alert homemaker, have gathered together your jars, washed them, bought necessary supplies of rubbers and covers and other equipment.

Bring out the preserving kettles and pressure cookers, too. See that they are well scoured, that you have the racks, petcocks, pressure gauge, and steam-tight cover on the pressure cooker well in order.

A hot water bath is best for processing fruits because they are acid. They can safely at high temperatures, and texture, flavor and color are best. Oven canning is good also. For the hot water bath, use a large wash boiler or vessel with tight fitting cover. Fit this with a rack at least 1/2 inch from the bottom. Fill the rack with enough water to cover jars at least one inch over the top. Count the processing time as soon as water surrounding the jars begins to boil. There should be free circulation of water around jars.

For oven canning, set the temperature at 250 degrees. Set jars on a rack in the cold oven, however. Start counting time when oven is switched or turned on. Do not allow the temperature ever to exceed 250 degrees as this causes liquid to boil away and evaporate.

In placing your jars in the oven, allow for free circulation of heat between them. Do not allow the jars to touch each other, as this will often cause breakage, and do not allow them to come in contact with the sides of the oven.

If liquid evaporates during the processing in the oven, do not fill the jars after you take them out. Some evaporation does not affect successful canning of the fruit.

The Sugar Question.
Fruit may be canned successfully without sugar or sugar syrup with water or fruit juice used in its place. Sugar, however, does mellow and ripen the fruit, giving it a better flavor. You might try making your fruit syrups for fruit canning less sweet than usual if you are short on sugar.

Honey may be used in place of sugar in making the sweet syrup, but the fruit will be somewhat more dark than if sugar is used and the fruit flavor will be intensified. Use honey for each cup of sugar in the substitution.

Lynn Says:

How many jars are you putting up of the fruits? Here's a guide to help you pick out jars:
Cherries: 9 baskets yield 2 pints pitted, 7 pints, if whole.
Peaches: 2 1/2 pounds (small basket) yields 1 quart.
Plums: 1 14-pound basket yields 25 pints.
Strawberries: 1 crate yields 28 pints, if canned whole; 31 (7 1/2-ounce) glasses of jam.

THIS WEEK'S MENU

- Smothered Steak With Onions
- Green Beans Scalloped Potatoes
- Tomato-Lettuce Salad
- Bran Muffins
- Whipped Fruit Gelatin Beverage

White corn syrup is another acceptable substitute, but since it is less sweet than sugar, substitute 1 1/2 cups of corn syrup for 1 cup of sugar.

Syrups to Use.

Thin syrups (No. 1) are used for small, soft fruits such as cherries and berries. Make the syrup by using three parts of water to one part of sugar.

Medium syrup (No. 2) does best by sour berries, acid fruits as cherries and rhubarb, and peaches. Boil two parts of water with one part of sugar.

Heavy syrup (No. 3) is prescribed for the large, sour fruits in which you desire extra sweetness. Measure one part water to one part sugar and bring to a boil.

Apples or Pears. (Hot Pack)

Wash, pare, core uniform-sized apples and cut to desired sizes. (If fruit is to stand long enough to discolor, drop into water which has been slightly salted, until ready to use.) Drain from brine. Boil 3 to 5 minutes in a medium syrup and pack into clean jars, filling with syrup to 1/2 inch of the top. Put on cap, screw band tight, process in hot water bath 25 minutes, or in the oven (at 250 degrees) 75 minutes. If using a pressure cooker, process at 5 pounds for 10 minutes.

Apples or Pears. (Open Kettle)

Select uniform fruit, wash, pare and core. Cut into halves or slices. Drop into boiling No. 1 syrup, and boil for 20 minutes. Pack into clean, hot, sterilized jars and seal tight.

Peaches. (Open Kettle)

Select firm, ripe peaches. Peel or dip peaches in hot water, then in cold and slip off peel. Leave whole or cut in halves or slices. Boil 20 minutes in No. 2 or 3 syrup, and pack in clean, hot, sterilized jars. Seal tightly.

Peaches. (Hot Pack)

Prepare as above, removing peel and pits. Precook for 3 minutes, then pack into clean jars, add syrup to within 1/2 inch of the top. Put on top, screw on firmly, and process in a hot water bath for 20 minutes, or in the pressure cooker for 10 minutes at 5 pounds, or in the oven (250 degrees) for 68 minutes.

Plums. (Hot Pack)

Use the same method and time as for peaches, except do not peel the fruit, merely prick the skins.

Berries. (Cold Pack)

(Except strawberries and cranberries)
Wash, stem and pack berries. Pack into clean jars and add No. 2 or 3 syrup. Put on cap, screw tightly. Process in hot water bath 20 minutes or in pressure cooker 8 minutes at 5 pounds or in the oven at 250 degrees for 68 minutes.

Cherries. (Cold Pack)

Wash, stem and pit cherries, if desired. Pack into well cleaned jars, fill with No. 2 or 3 syrup depending on the sweetness desired. Put on cap and fasten tightly. Process 20 minutes in a hot water bath, 10 minutes in the pressure cooker at 5 pounds, or 68 minutes in a 250-degree oven.

If the directions for the fruit you desire to can are not given here, or if you have any query on other canning problems, write to Miss Lynn Chambers, explaining your problem to her. Address your letters to her at Western Newspaper Union, 210 South Desplaines Street, Chicago, Illinois. Please enclose a stamped, self-addressed envelope for your reply.
Released by Western Newspaper Union.

PATTERNS
SEWING CIRCLE

WHAT a practical idea there is in this cunning small outfit for little girls! Off with the jacket and you have a cunning play dress without sleeves—so that it permits rollicking freedom and plenty of healthy sun tan. It is a dress which your daughter can wear in comfort for hours of back-yard play, beach games and farm life! The jacket which dramatically transforms the princess frock into a smart street outfit is just waist length, has tiny short sleeves and a simple square neck. You'll like the effect if you apply to the skirt two bands of the material you use in the jacket. Band the panties, too, to complete the cheerful ensemble. Pattern No. 1607-B gives you complete instructions for making each of the three pieces.

Barbara Bell Pattern No. 1607-B is designed for sizes 2, 3, 4, 5 and 6 years. Size 3 years dress requires 1 1/2 yards of 35- or 38-inch material, bolero plus bands for dress and panties, 1/2 yard and panties, 1/2 yard.

Barbara Bell Pattern No. 1606-B is designed for sizes 11, 13, 15, 17, and 19. Corresponding bust measurements 28, 31, 33, 35 and 37. Size 13 (31) with shoulder ruffles, requires 3 1/2 yards 33-inch material. With short sleeves, 3 3/4 yards. Send your order to:

J. Fuller Pep
By JERRY LINK

Nothing much gets by Old Judge Wiggins! "Fuller," he says to me, "just about the only thing that can keep on growing without nourishment is some folks' consciences."

And speakin' o' nourishment reminds me that you got to get all your vitamins. That's why I keep tellin' folks about KELLOGG'S PEP. 'Course PEP hasn't all the vitamins. But it's extra-rich in the two most likely to be short in ordinary meals—vitamins B₁ and D. And PEP's a jim-dandy tastin' cereal, too. Why not try it tomorrow?

Kellogg's Pep

A delicious cereal that supplies per serving (1 1/2 oz.) the full minimum daily need of vitamin D; 1/4 the daily need of vitamin B₁.

RESPONSIBILITY FOR SUCCESS

The man who advertises has assumed the responsibility for success. You would rather deal with a responsible man, wouldn't you?

Food Stamp Program

How the Food Stamp Program helps Denley county farmers as well as underprivileged families was pointed out in a report released today by Dan L. Boyd, Area Rille, area supervisor, Agricultural Marketing Administration. Over \$34,000.00 in blue food stamps which have been issued to needy families in the county from the beginning of the program, May 16 1941 through July 31, 1942, represent additional farm markets created by the program, the report showed. An average of 288 families representing some 979 persons have received increased food purchasing power in the form of blue food stamps each month since the program began.

Mr and Mrs. Henry Martin and daughter Refa and Harry Gunn of Marlow Okla spent the week end with Mr. and Mrs. Henry Gunn.

Former Hedleyan Dies

Mrs. Edna Sherman of Springfield, Colo., passed away Tuesday in Denver. She was formerly Miss Edna Latimer, a sister of M. D. Latimer of Hedley, and lived here about 30 years ago. Funeral arrangements are in complete.

Mrs. Lillian Brown of Melrose spent last week end in the end in the W. Rains home. Mr and Mrs. Rains took her to Okla union Saturday to visit her mother.
