Family Reunion

Time has rolled around again and permitted us to have another gathering of the DeBord families. It occurred on August 16 at the home of Mr. and Mrs. J. W. DeBord, of McKnight. Our meeting was saddened, somewhat, by the absence of several of our members. Some of our boys are already in the service and others will have to leave soon.

Despite there not being as many present this year as formerly, we had a wonderful feast at noon. About 55 people did fall justise to the heavily loaded tables. We learned it doesn't take too many sweets to have a good meal.

The afternoon was spent in music, singing, talking and taking pictures. Someone started a letter to Fred Tidwell (who is with Uncle Sam's army) and before it was finished almost every one present had written a few lines to him. We hope he enjoys reading it as much as we did writing it.

The day passed all too quickly as each family left for their own home, hoping and trusting that next year there will be a larger gathering of the DeBord clan.

The grandchildren of the late Mr. and Mrs. Sam DeBord took up a collection to pay for a bench to be donated to the Old Settler's Reunion in their memory.

Those present on this day were Mr. and Mrs. W. H. DeBord and Helen and Clifford and family of Clarendon, Mr. and Mrs. Leo Jester and children of Lakeview, Mr. and Mrs. C. D. Horn of Abbott, N. Mex., Mrs. Nannie Watkins, Mrs. Elsie Burdine and Raylene of Amarillo, Mrs. Tillie Dyches and Modena of San Angelo, Mrs. Ira Hamill of Sterling City, Mrs. Vera Hickey and children of El Paso.

Hedley folks present were Mr. and Mrs. G. L. DeBord, Buddie and Alton, Mr. and Mrs. Conley DeBord and children, Mr. and Mrs. and Mrs. Walter DeBord, Dalton Duggans and Miss Louise Moss.

Quail folks included Mr. and Mrs. G. O. Willingham and two sons, Mr. and Mrs. Cardwell Duggins, Rexie and Eugene, Mr. and Mrs. Clarence DeBord, Mr. and Mrs. Lawrence DeBord and daughter, Mr. and Mrs. Emer Dishman and daughter.

NFLA Stockholders to Meet

Farmers and ranchmen in Donley County who make up the Hedley National Farm Loan Association will hold their annual stockholder's meeting in the Legion Hall in Hedley on Saturday September 5th, at 2:00 o'clock it was announced by G. E. Killough, Secretary and Treasurer.

The year 1942 marks the "silver anniversary" of the Federal Land Bank system, which is made up of local farmer's cooperative credit organizations throughout the country. The Hedley Association, one of the 360 in Texas which own the Federal Land Bank of Houston, has more than 75 stockholder-members and a large attendance is expected at the meeting.

Directors of the association are J. B. Masterson, president; J. W. DeBord, vice president; J. B. Pickett, A. T. Simmons and J. A. Tollett.

All borrowers are urged to be present.

Susannah Ellen Heath

Another long time Hedley resident passed away Sunday when Mrs. Susannah Ellen Heath died suddenly at the family home here. She was 78 years of age.

Funeral services were held Tuesday from the First Baptist church by Rev. M. E. Wells, assisted by Rev. V. A. Hensard and Rev. A. L. Teaf. Interment was in Rowe cemetery under direction of Womack Funeral Home.

Palbearers were Des Franklin, Hobart Moffitt, G. S. Sargent, Delbert Kinsey, Glyde Bridges and Charles Rains.

Honorary palbearers included Walter DeBord, Claud Nash, W. I. Rains, Sam Latimer, C. L. Goin, John Blankenship, Grever Moore and Tom Hannicutt.

Flower bearers were Mrs. G. O. Sargent and Mary Ruth, Mrs. Chas. Rains and Sarah Ann, Mrs. Temple Cherry and Lanell, Mrs. Chas. Barnett and Charlene, Mrs. Tom McDougal and Tommy, Mrs. Dick Vallance and Cherry Ruth, Mrs. Gailen Hunsucker and Mary Alice.

She is survived by her husband T. F. Heath four sons, O. A. of Levelland, G. O. of Clarendon, T. G. of Ft. Worth and J. P. of the U. S. Navy, two daughters, Mrs. Stanley Conner of Hedley and Mrs. H. L. Kinslow of Amarillo, eleven grandchildren, nine great grandchildren, two brothers, J. S. Smith of Brownsville and Milton Smith of California, two sisters, Mrs. George Bailey of Jacksboro and Mrs. Cora Shadie of Coahoma, Calif.

Mrs. Heath was born and reared in Texas and had lived in Hedley 28 years. She led a devout Christian life and had been a faithful member of the Baptist church for many years.

The Informer extends sincere sympathy to the bereaved.

Webb-Scott

Announcement is made of the marriage of Miss Mildred Elaine Scott, daughter of Mr. and Mrs. L. O. Scott of Amarillo to Vernon Lloyd Webb, son of Mrs. J. W. Webb of Amarillo.

Nuptial vows were spoken Friday night, Aug. 14 in the home of the brides parents with Rev. W. O. Hinds, pastor of the San Jacinto Methodist Church, officiating at the double ring service.

An informal reception was held after the ceremony. The wedding cake and punch were served. After Sept. 15, the couple will be at home in Dallas.

The bride was graduated from Amarillo High School and attended Amarillo College. She is employed by the retail credit association.

Mr. Webb, who is at home on a furlough, is in the U. S. Navy and is stationed at Grand Prairie. He was graduated from Hedley High School and attended North Texas Agricultural College.

ON THE HOME FRONT
RUTH WYETH SPEARS

ALMOST any plain washstand or dresser may be given long smart lines by adding open shelves at the ends. Here, a top of plywood with a plain moulding around the edges extends across the top of the stand and shelves. By adding a plain baseboard and a coat of paint the piece is finished

with a modern air. The paint should match the woodwork and if old hardware is removed to make way for simple new drawer pulls the screw holes should be filled with plastic wood and sanded before painting. The diagram at the upper right shows how to make the wall decoration from a remnant of flowered chintz. If you use an old frame, the chintz picture may be given the appearance of an oil painting by applying several coats of varnish, allowing plenty of time for each coat to dry thoroughly.

WEEKLY NEWS ANALYSIS

Experts Call U. S. Attacks on Solomons 'Upset' to All Jap Strategy in Pacific; Nazis Pay Dearly for New Advances As Russ Succeed in Blasting Oil Wells

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)
Released by Western Newspaper Union.

UPSET: To Jap Strategy

Aerial support from captured land based airdromes was aiding the U. S. marines as they extended their footholds gained in the Solomon islands. This important step marked the second major phase of U. S. military and naval activity aimed at driving the Japs forever from the southwest Pacific.

When this first American offensive of the Pacific war opened, planes from General MacArthur's forces in Australia were the only land based craft which could aid the operation. Now, however, the marines had pushed far enough forward to operate seized airfields.

Chief objective of the long-planned and complicated offensive in the Solomons was Tulagi, where the Japs had been profitably using a large harbor for raids on United Nations shipping lanes to Australia. That this menace had been overcome to some degree was indicated by the lack of Jap reports on such shipping. This looked too as if Jap reinforcements for their Solomon forces had either been swept out of the sector or had been pushed near to Australia and thus subjected to attack from that direction.

Another objective for the United Nations in the Solomons had been Guadalcanal, one of the few islands suitable for a good-sized airfield.

Even as the marines blasted forward to these targets, warplanes under the command of General MacArthur were pounding unmercifully at Jap-held points nearer Australia. On New Britain, Rabaul, junction of the Jap aerial lifeline to the Coral sea and New Guinea, was pounded constantly. Likewise on New Guinea, Salamaua was a prize objective of the bombings.

RUSSIAN OIL: Proves Hard to Get

The loss of another Caucasus oil city to the Germans was admitted in a Russian communique which stated that Maikop had fallen, but only after "equipment . . . and all supplies of oil were evacuated in time and the oil establishments themselves were made completely unusable."

The application of Russia's famous scorched earth policy was told in the communique. "The German Fascists who expected with the capture of Maikop to enrich themselves

TIMOSHENKO
Set for new tactics.

at the expense of Soviet oil have miscalculated. They did not get the Soviet oil and will not get it."

Evidence that huge air battles were being waged along the Russian front from the Caucasus to the north came with the official report that during the previous week the Nazis had lost 369 planes against 241 Soviet planes lost.

New tactics were being employed by the Germans in the battle for Stalingrad. Self-propelled artillery was coupled with tanks and motorized infantry to crack Soviet lines. But Marshal Simeon Timoshenko had had time to mass artillery to oppose the enemy.

The report admitted that the Nazis had made a minor gain by hammering a wedge into the advance defense positions of one infantry regiment on the Kletskaya front. However, a Russian infantry unit reported fighting northeast of Kotelnikovo was said to have repulsed several Nazi attacks and then routed a Rumanian regiment.

HIGHLIGHTS . . . in the week's news

DISSEMBARKED: Nazi radio reports claimed that a number of U. S. ships disembarked American troops at "various ports throughout Iraq." This was unconfirmed by official U. S. dispatches.

NOISELESS: A noiseless propeller which eliminates the hum that submarines use to detect ships has been perfected by a Scottish scientist.

SECOND FRONT: Time Is Short

Those thousands of people all over the world who have been clamoring for a "second front" to aid the hard-pressed Russians and overthrow Hitler, received a hint of the urgency of preparations going on for such a program when Lieut. Gen. Dwight Eisenhower, commander of U. S. army forces in the European theater told a press conference that "the time is short."

Said the general: "Training in all its phases must be intensive. This is true first because time is short, second because the problems we have demand the ultimate in trained personnel, and third because our men must be toughened and hardened physically to stand the most rigorous operations."

This, coupled with his "time is short" statement, indicated to ob-

LIEUT. GEN. DWIGHT EISENHOWER

servers that General Eisenhower's attitude reflected the feeling in many unofficial circles to the effect that a second front is needed at the earliest possible moment and also that the British have found the Germans to be a tough and hardy foe.

MOSLEMS SPEAK: On Cooperation

If the British continue to sacrifice Moslems' interests in seeking peace with the Hindu-dominated All-India Congress party, it will mean the end of co-operation between 80,000,000 Moslems and the British empire.

That warning was uttered by Mohammed Ali Jinnah, leader of the All-India Moslem league, which has not participated in Mohandas K. Gandhi's passive resistance campaign for immediate Indian independence.

Although the Moslems are a minority in the Indian population, they have contributed far more than their share of men to the 1,000,000 guarding against an expected attack by the Japanese.

Jinnah, in a press conference, explained his position thus:

In his capacity as leader of the Moslem league, he offered at the beginning of the war to co-operate with the British. This assurance has been given many times. But, he said, the Congress party, consisting mostly of Hindu political elements (and a minority of Moslem representation) consistently has refused to co-operate. Because of this, the British have attempted to satisfy the Hindus with more and more offers of a part in the government. Each concession, he pointed out, weakens the Moslems' strength while building that of the Hindus.

JAP NAVAL LOSSES: 'Five Times Ours'

In face of ridiculous Japanese claims in the southwestern Pacific, Adm. Arthur J. Heppburn, new chairman of the navy's general board, announced that Jap naval losses since the start of the war have been possibly five times as great as those of the United States, including losses at Pearl Harbor.

"Their losses in tonnage have been several times ours, perhaps as great as five times as much," Heppburn stated. That includes Pearl Harbor. Most of the damage done there has been repaired.

"And one thing you want to remember is that we are very conservative in our claims. When we say a ship is sunk, she's sunk."

TRANSPORTATION: Peak Load Ahead

Defense Transportation Chief Joseph B. Eastman warned that with the fall opening of schools and colleges, local transportation systems will face their heaviest load in history.

"Walking a little farther to the bus stop, strap hanging and other

JOSEPH B. EASTMAN
"Strap hanging . . . A necessity."

minor inconveniences are fast becoming patriotic necessities," he declared.

When the peak of the load comes in mid-September, he said, busses and street cars will be carrying 40 per cent more passengers than a year ago. For the most part this will be due to curtailment of private automobile use and the increasing demands of war workers.

WAR DEPARTMENT: Marshall Upped

In a move designed to further speed the war effort, the duties of the office of chief of staff, now filled by Gen. George C. Marshall, were redefined by regulations making him an "executive" under the President.

For the first time in history the army chief of staff became "the executive through whom the President, as commander-in-chief, exercises his functions in relation to strategy, tactics and operations."

Some observers saw in the move a possibility that General Marshall would be tied to Washington to transmit presidential orders to the armies abroad.

At the war department, spokesmen interpreted the change as an official recognition of an accomplished fact. It was pointed out that field commanders already had been appointed: General Eisenhower in Europe, General MacArthur in Australia, General Emmons in Hawaii, General DeWitt in the West and General Drummond in the East coast.

SHIP LAUNCHING: Bad News for Axis

An answer to the challenge of the Axis' submarine campaign resounded in the waters along the Maine coast when six cargo ships totaling 61,000 tons and two destroyers to help protect them in a single day in a mass launching that broke all records for the shipbuilding yards near Portland.

One after another six new merchantmen built for the British Purchasing commission were christened and floated from construction basins to start the day's celebration. Two of these had required only 48 days' building time. The other four took 61 days.

As tugs pulled out the new cargo ships, the berths were immediately made ready for keels of five more.

The two new destroyers were the Conway and the Cony. The crowd present at the launchings heard Rear Admiral Emory S. Land, United States Maritime commission chairman, challenge the Axis to sink our ships faster than they are built.

NAZI EXECUTIONS: Dutch Are Stubborn

Nazi ferocity was visited on Occupied Holland when Heinrich Himmler's Gestapo executioners killed their first hostages in the Netherlands. The victims were five prominent Dutch citizens. The executions were in reprisal for the wrecking of a train carrying "second front" German troops to the European coast.

This summary action by the Nazis was regarded by some observers as evidence of their anxiety over the Allies' projected second front. The killings followed a Gestapo pattern already well imprinted on Occupied France and Czechoslovakia.

The traditional stubbornness of the Dutch in refusing to meet the Germans' demand that the train-wreckers be caught and turned over to them, was evidence, too, of the spirit of revolt ready to flame when United Nations' land operations reach Continental Europe.

Further reprisal executions loomed as the Nazis held nearly all of Holland's social and intellectual leaders as hostages in dingy prisons.

U. S. AIRMEN: Roid France

Flying with a Canadian squadron, United States army airmen made a long raid over France, and, with the British Royal Air force, participated in convoy patrols and interception sorties, a communique announced.

The raid over France was looked upon as an educational flight in preparation for the time when United States fliers will make independent raids on the Axis.

Star Dust
STAGE-SCREEN-RADIO
By VIRGINIA VALE
Released by Western Newspaper Union.

NOW that Vera Zorina has been removed from the role of "Maria" in "For Whom the Bell Tolls," and Ingrid Bergman has been assigned to it, a lot of people are much happier. The role seems made for Miss Bergman. The change wasn't made without a struggle; extra tests were made after the first few days' work, but finally out came the dancer.

Paramount announces that this did not in any way impair the star's career, and put Somerset Maugham's "The Hour Before Dawn" into preparation for her.

Metro's talking about opening "Seven Sisters" simultaneously in America's seven most romantic cities; if you think yours is one of them, they ask you to send in statistics! Of course, Savannah, Charleston and New Orleans ought to be on the list. But let's hope that they won't ignore smaller towns when they make their decision, the ones that are really representative of modern American life.

When Katharine Hepburn made her first picture, "A Bill of Divorcement," Adelyn Doyle was her stand-in. When Adelyn married, her sister Patricia took over the job. Pat

KATHARINE HEPBURN

married, and Miss Hepburn recently began "Keeper of the Flame" with Katharine Doyle as stand-in. There are two more Doyle sisters, so it looks as if the supply would last as long as the star's in the movie business.

Remember David Niven? Nigel Bruce, working in "Journey for Margaret," had a letter from him saying that he's now a major in England's armed forces. And Robert Montgomery has been promoted by Uncle Sam's navy from commander to squadron commander.

Alice Faye will return to the screen soon after more than six months' absence, to do a musical picture called "Hello, Frisco, Hello." It's another of those costume pictures—she must be getting sort of tired of them—with a story laid in 1900.

When Connie Boswell sings "He Wears a Pair of Silver Wings" it's more than just a song to her. It's a salute to her young brother-in-law, Ben Leedy, a flier-to-be stationed at Mitchel Field. If you've seen her work you'll recall him, rushing out of the wings to lift her into her wheel chair, hurrying out again to take her off stage. She sings it as often as she can on the Friday "Caravan" show.

The kitten, "Zero," heard frequently on "Those We Love" broadcasts, is played by that very versatile actress, Virginia Sale. She also portrays the principal role of "Martha" in the drama series "You've seen her in pictures."

For weeks Phil Baker had USO headquarters in New York searching for service men named Baker—wanted them for his anniversary and birthday broadcast of August 23, when only persons named Baker could take part in "Take It Or Leave It." Celebrities who qualified were numerous enough, starting with Bonnie, Benny, Kenny and Belle. But the program was incomplete without men in uniform.

June Havoc caught the mumps from her young daughter, April, and promptly exposed the entire company of "My Sister Eileen" to them; hadn't the faintest idea she had them. She says she looked as if she were wearing a small balloon for a necktie.

Jack Briggs is going to find "Seven Miles From Alcatraz" especially interesting, if he gets a chance to see it. The young RKO contract player enlisted in the marines as soon as he was 21; a week later he told his family and the studio what he'd done—on the very day that RKO announced him for a pair of important roles in "Ladies Day" and "Seven Miles From Alcatraz."

He just had time to finish the former when he had to report for active duty.

Bomb 'em with JUNK

Let's blast Japan—and Germany—and Italy—with the chain
lightning of destruction that can be built from the scrap in
our cellars, attics and garages, on our farms and in our places
of business.

Scrap iron and steel, other metals, rubber and waste
materials. It will all be used to make tanks, ships, planes
and the fighting weapons our boys must have. It is needed
at once.

Sell it to a Junk dealer—give it to a charity or collection
agency—take it yourself to the nearest collection point—or
consult the Local Salvage Committee... If you live on a farm,
and have found no means of disposing of your Junk, get in

ON THE HOME FRONT
RUTH WYETH SPEARS

EVERYONE knows that quick meals in the kitchen save time, but it was both time and space that had to be saved in this kitchen where breakfasts were eaten on the run and the children had but a few minutes for lunch. The problem was solved by building a 16-inch-wide counter under a window and then making simple stools to be slipped under it when not in use. The dimensions and construction of the stools are

shown here. A saw, a screw driver and a wood chisel are the only tools that were used.

The stools were painted cream color to match the woodwork and the counter was covered with blue linoleum like the floor covering. Cream colored place mats, napkins and window curtains embroidered in colorful Mexican figures were then added to give a smart note of gaiety.

NOTE: These curtains, mats and napkins were made of flour bags and the gay figures tell a story of life down Mexico way. A flower seller, a peon on his burro, a caballero with his guitar, a man leading a pig to market, and girls carrying jugs and baskets on their heads are all worked in simple outline stitch. Transfer pattern including enough figures for six mats, six napkins, borders for one pair of curtains and extra figures for several pot holders, is available to our readers. We Can All Be EXPERT BUYERS

● In bringing us buying information, as to prices that are being asked for what we intend to buy, and as to the quality we can expect, the advertising columns of this newspaper perform a worth while service which saves us many dollars a year.
● It is a good habit to form, the habit of consulting the advertisements every time we make a purchase, though we have already decided just what we want and where we are going to buy it. It gives us the most priceless feeling in the world: the feeling of being adequately prepared.
● When we go into a store, prepared beforehand with knowledge of what is offered and at what price, we go as an expert buyer, filled with self-confidence. It is a pleasant feeling to have, the feeling of adequacy. Most of the unhappiness in the world can be traced to a lack of this feeling. This advertising shows another of its manifold facets—shows itself as an aid toward making all our business relationships more secure and pleasant.

Star Dust
STAGE-SCREEN-RADIO

EIGHTY army nurses whose names ought to go down in history because of the courage with which they did their work during the siege of Bataan will receive their due partially, at least, in a picture which Paramount has scheduled for production in the autumn. Called "Hands of Mercy," it will be produced and directed by Mark Sandrich, who'll take a hand also in writing the scenario. Another timely picture will be Metro's "Next of Kin," in which Joan Crawford will appear as a girl without social background, who marries a naval officer, and finds herself confronted with navy snobbery. Joan will come out on top of course!

Bette Davis refuses to call her vegetable garden at her Sugar Hill, N. H., home a "victory garden." Like a lot of other people, she discovered to her sorrow that vegetables won't grow just because you plant them. She says she'll be lucky if she gets one New England boiled dinner out of the whole crop.

Charles Boyer couldn't have Greta Garbo for that murder mystery, "Flesh and Fantasy," of which he

CHARLES BOYER

is both co-star and co-director. But Universal did very well by him by getting Barbara Stanwyck to play opposite him in the second sequence.

Rosalind Russell thinks she knows what the boys in camp expect of picture stars, so she decided to take all the glamour clothes that she could pack into seven trunks when starting on the tour of army camps scheduled to follow completion of "My Sister Eileen." Though on a 16-hour-a-day schedule, she'll have clothes enough to change ten times a day. "I'll wear everything but a bathing suit," she announced. And she looks so fetching in a bathing suit!

Betty Brewer, the Paramount starlet, isn't wasting any time between pictures. The 15-year-old actress, who plays a featured role in "Mrs. Wiggs of the Cabbage Patch," is studying singing and taking piano lessons—takes piano from Susanna Foster, also budding stars.

Paulette Goddard's new priority gown was made from just 1½ yards of fabric. Designed by the famous Valentina, it's a dinner dress of black jersey made with a backless top and a short, peg-top skirt. You'll see her wearing it in "The Forest Rangers."

Warner Baxter, who hasn't appeared on the screen since early last year, when he appeared in "Adam Had Four Sons," for Columbia, has been signed by the same studio to make two pictures a year. They'll be based on the radio program, "Crime Doctor," one of our most popular air shows.

Can't keep "Mrs. Miniver" out of the news. With the announcement that it was being held at the Radio City Music Hall for the ninth week—no other film has been held there for more than six—comes the news that it had been seen in that theater by 1,142,107 persons.

A 400-foot long, 200-foot wide duplicate of the original runway of the Wake Island airfield was constructed in ten days at Salton Sea, Calif., for Paramount's "Wake Island"—a picture that promises to be one of the most stirring of all this year's crop of war films.

ODDS AND ENDS—Gary Cooper's rapidly catching up to Don Ameche as a portrayer of famous men on the screen... Dennis Morgan has been taking daily treatments for the "sand blindness" he suffered while on location near Gallup, N. M., for "The Desert Song"... Ginger Rogers taps to only the tune of her own humming in "The Major and the Minor"... "Little Miss Marker," the film which made Shirley Temple famous eight years ago, may be filmed again by Paramount, with Baby Sandy in the leading role... Dorothy Comingore, has refused all assignments since she made "Citizen Kane."

It's a Good Morning With Flapjacks in Syrup!
(See Recipes Below.)

Breakfast Time

Whether you wake to the crowing of the rooster or the jingle of an alarm clock, it's a signal to be up and about seeing to the day's work. But first! A hearty breakfast is in order so that the system can get started on its day's routine in the proper form. No matter whether it's for the head of the family going off to the defense plant, daughter on her way to the nurses' aid class, mother or the youngsters, no one should skip blithely over this meal of the day.

For years doctors and dieticians have looked askance at those who passed up a real up-and-at-them breakfast because it doesn't give the body a chance to start functioning early in the day. If you're fat, you need fruit-egg-toast-and-beverage breakfasts to start your metabolism working at top speed to start tearing down of excess tissues.

If you're thin, then you need just as much of a breakfast with a few more trimmings, to start building yourself. If you're normal, you still need the hearty breakfast so you can maintain your health and give your body its daily nutritional requirements. And one of the best recommendations for a real breakfast is the good way it starts you on your day's work. None of that drowsy, it's-hard-to-wake-up-in-the-morning feeling. No, Ma'am!

Hardest thing about breakfasts is that it's easy to get into a rut by serving the same foods morning after morning. This is rather strange, considering how much time and effort is spent on getting variety into the other two-squares a day. Well, why not variety for breakfast?

You can have this variety in fruit. Yes, I know you like juice, pretty well, but you'll get out of the morning doldrums quickly enough if you punctuate the breakfast with favorite fruits-in-season, other fruit juices and some of those canned fruits you put up during the summer months.

Toast? If you insist on toast, try using whole wheat, rye, raisin, cracked wheat, etc. Naturally, the bread should be enriched so you'll get the most out of toast. And then there are all sorts of hot breads that will send the family cheering off to work—blueberry muffins, pecan rolls, muffins, and flapjacks!

Eggs in all manner of ways are a good standby. Poached, fried, codded, baked, scrambled, a la goldenrod, or combined with ham, sizzlin'

Lynn Says:

Tips for Breakfast Fruits: You're going to be a little short on sugar so do the most with what you have. A little salt in cooked fruit or sprinkled on such things as melons brings out true fruit flavor, requires less sugar.

Lemon or lime juice with melon enhances the natural sweetness. Try it. Orange juice, chilled before the fruit is squeezed, is an excellent pep-you-up. Let the sugar stand on grapefruit a while (while the coffee percolates) and the sugar will melt and go further. Try eating fruit or juice first, but saving half to finish off your breakfast—it will leave a fresh taste in your mouth.

Fruit stewed should have sugar added after it is stewed, with a pinch of salt. You won't need as much sweetening, this way. Cook dried fruits with a slice of lemon or orange. These citrus fruits have an affinity with dried apricots, peaches, prunes and apples.

sausage or crisp brown bacon—there you have a week's ideas.

The Cereals.

At least one serving of cereals is the nutrition requirement for the day. This is most easily served at breakfast, with cream and sugar and perhaps a few slices of fresh fruit or berries. Ready-prepared cereals are delightful, especially in the warmer weather—they're crisp, light, and nutritious. Recently some of the prepared cereals have been scientifically restored so they have all the whole-grain richness and nutritive value in them.

Light as down flapjacks are a welcome sight at breakfast! Try these:

- *Feather Fluff Griddle Cakes. (Makes about 18 cakes)
- 2 eggs, well beaten
- 2 cups rich sour milk or buttermilk
- 1½ cups white flour
- ½ cup prepared pancake flour
- 1 teaspoon salt
- 1 teaspoon baking powder

Have all ingredients at room temperature. Sift dry ingredients thoroughly. Add milk to eggs. Gradually stir in dry ingredients. Stir just enough to make a smooth batter. Cook on ungreased griddle. Try out one cake and if batter is too thick, add a little more milk.

Fried eggs are good to serve with these griddle cakes. Fry them thus: Slip eggs into a scant ¼ inch layer of moderately hot fat. Cook at moderate heat, dipping fat over eggs to cook to desired doneness. Turn, if desired. Serve at once on warmed platter.

Sunday Breakfast.

Place sausage links in a frying pan, add a small amount of water. Do not prick the skins. Cover and let steam 5 minutes, then drain. Cook over slow heat, add 3 tablespoons of peach juice to 8 sausage links and let brown. Serve with poached eggs on top of toasted English muffins. Red currant jelly or golden peach jam makes a delectable dish.

If you've never tried old-fashioned scrapple, you have a real treat a-comin' to you:

Pork Sausage Scrapple.

- (Serves 6 to 8)
 - 2 cups cornmeal
 - 4 cups boiling, salted water
 - 1 pound sausage, in bulk
- Cook cornmeal in rapidly boiling salted water, and add sausage to mixture. Blend thoroughly. Rinse a loaf pan with cold water and pack in hot scrapple. Let stand in ice-box overnight, covered with waxed paper. Dip in beaten egg and fry until golden brown. Serve with spiced applesauce, cranberry sauce or maple syrup.

A variation of the ham 'n' eggs theme is this:

Fricolettes With Ham.

- (Serves 6)
 - 6 hard-cooked eggs, remove yolks
 - 4 tablespoons grated cheese
 - 1 teaspoon Worcestershire sauce
 - Salt and pepper
 - Melted butter
- Mash yolks and mix with cheese, butter, seasonings. Refill whites. Press together. Pour a rich cream sauce over them and sprinkle buttered crumbs over them. Brown a few minutes in a hot oven. Serve on browned circles of ham.

FENCING A WILD RIVER...

that's why we say...
Dependable Natural Gas Service Doesn't Just Happen!

Sometimes rivers threaten **DEPENDABLE** Natural Gas Service. Recently, United Gas men fenced in a wild river to keep it from destroying a pipe line and interrupting Gas Service. That's why we say "**Dependable Natural Gas Service Doesn't Just Happen!**"

An important part of our job of providing **DEPENDABLE** Natural Gas Service is to discover trouble before it happens, along our more than 6,000 miles of main pipe lines. That's why we check Gas pressures, **every hour**, replace equipment before it fails, maintain Gas reserves in excess of today's needs.

This high standard of Gas Service, established in peacetime, now meets the expanded demands of war production. Natural Gas Service is working for Victory—**AND WE WILL WIN!**

Household Hints

Fresh-From-the-Vine Grapes Make Clear, Bright Jelly! (See Recipes Below.)

Meals—With Zest

Does meal after meal slip by unnoticed, eaten only because it does away with hunger? Do your meals pull their punches so to speak—look good, have proper balance, contrast in texture, etc., but still seem to lack something vital?

A dinner, lunch or breakfast that lacks a sense of completeness is like a ham sandwich without mustard, meat without seasoning, fish without a tart sauce, a pie without a flaky crust. The small things that do big things for menus are the relishes, pickles, jams and jellies, which brings me to today's topic.

Relishes such as pickles, jellies, conserves and preserves can supply that sense of completeness to a meal if you use them with a thought to flavor affinity.

For chicken try strawberry or plum jam. Goose calls for spiced peach jam or apple jelly. Orange and cherry jam or relish are tops with bland duck. Spiced grape jam or gooseberry jams are "musts" with beef just as mint or crabapple jelly are musts with lamb. Pair off that golden brown ham with plum jelly or horseradish mixed with grape jelly. Veal needs currant or blackberry jam.

If you can't get quince jelly, try cranberry jelly with pork. Liver will be extra good with tomato relish.

Think of all the plate lunches and sandwiches you are going to serve the year 'round for lunches, snacks and pack-up boxes. You'll need these:

*Bread and Butter Pickles.

- (Makes 8 pints)
- 12 large cucumbers
- 4 onions, sliced
- 4 cups sugar
- 1 quart vinegar
- 3 cups water
- 4 teaspoons celery seed
- 4 teaspoons mustard seed
- 2 teaspoons turmeric

Cut cucumbers in 1/2 inch slices. Soak with onions in strong salt water for 4 hours. Combine remaining ingredients and bring to a boil. Add strained cucumber and onion slices. Bring to a boil again and boil 5 minutes. Pack into hot, sterilized jars.

Concord grapes are plentiful in the fall and make delicious jelly. You can substitute corn syrup in this one:

- *Concord Grape Jelly.
- (Makes 11 medium glasses)
- 4 cups juice
- 7 1/2 cups sugar
- 1/2 bottle fruit pectin

You will need about 3 pounds of grapes for four cups of juice. Wash and stem grapes and crush grapes. Add just enough water to keep from scorching, bring to a boil and sim-

Lynn Says:

The Score Card: Cantaloupe supplies for this year will be lighter because of curtailed production, but watch your markets for the "peaks" of the season as supplies come in from California, Arizona, Georgia and South Carolina.

Recently a group of prepared cereals have had their whole grain nutritive values restored or are now made from whole grains so watch labels when doing your buying.

The peach crop this year will be like last year—one of the best, according to present indications. Heavy shipments have already started coming in and production will climb up to about 50 million bushels—a new high.

Broilers and fryers will be abundant during these next few months, so don't miss out on good fried chicken or crisply browned and broiled chicken. Young chickens are abundant now because of increased war poultry production.

Canned foods will come in fewer sizes this fall and winter in the effort to cut down on use of tin.

- *Chili Sauce
- *Recipes Given

mer 5 minutes. Strain juice through cheesecloth. Measure out 4 cups. Measure sugar and mix with juice. Bring to a boil over hottest fire, stirring constantly. Bring to a full, rolling boil and boil hard 1/2 minute. Remove from fire, skim, and pour into hot, sterilized jelly glasses. Paraffin at once.

Note: 2 cups of light corn syrup may be substituted in this recipe for two cups of sugar. Use 5 1/2 cups of sugar and 2 cups light corn syrup in the recipe for Concord Grape jelly.

- *Peach and Plum Jam.
- (Makes 8 small glasses)
- 1 pound blue plums
- 1 1/2 pounds peaches
- 1 box powdered fruit pectin
- 4 1/2 cups sugar
- Or
- 2 cups light corn syrup
- 2 1/2 cups sugar

Peel and pit peaches. Chop finely. Pit plums and chop until fine. Add powdered pectin (or pectin, sugar and corn syrup.) Mix well and bring to a boil, stirring constantly. Bring to a full rolling boil, and boil hard 1 minute. Remove from heat and skim. Pour into hot, sterilized glasses and seal.

Quinces come into their own in the fall and if you're fond of them, plan to put up some:

- *Quince Honey.
- (Makes 6 small glasses)
- 1 1/2 pounds quinces
- 2 1/2 cups water
- 2 tablespoons lemon juice
- 2 cups sugar

Wash, pare and core quinces. Add water to peelings and cook 30 minutes. Grate quinces very thin, or slice thinly. Weigh pulp and use 1 pound. Add lemon juice and strained liquid from peelings. Cook until tender, add sugar, and cook until two drops fall from spoon at same time, or when a drop jells easily on a saucer. Pour into sterile glasses and seal.

Nothing compares to the sweet, spicy, home-like smell of the making of chili sauce:

- *Chili Sauce.
- (Makes 5 quarts)
- 1 gallon chopped, peeled tomatoes
- 1 cup chopped onions
- 1 1/2 cups chopped green peppers
- 1 cup vinegar
- 1 cup sugar
- 3 tablespoons salt
- 1 1/2 teaspoons ground allspice
- 2 tablespoons cinnamon
- 1 1/2 teaspoons cloves

Tie spices loosely in cheesecloth. Boil with vegetables until mixture is reduced to half its original quantity, stirring all the while to prevent scorching. Add vinegar, salt, sugar and boil rapidly for 5 minutes. Pour into hot sterilized jars and seal immediately.

- *Pickled Peaches.
- (Makes 8 pints)
- 3 cups honey
- 3 cups vinegar
- 2 cups water
- 1 teaspoon salt
- 1 tablespoon whole cloves
- 2 sticks cinnamon
- 5 quarts peaches

Heat honey, vinegar, water and salt. Scald peaches, remove skins and insert cloves. Place a few in the boiling syrup, add cinnamon and cook until peaches are tender, and acquire a slightly transparent look. Pack in sterilized jars, cover with boiling syrup and seal.

PATTERNS SEWING CIRCLE

DO YOU want an apron which will give maximum coverage and years of long service? Here's one which is practical through and through—yet cheerfully styled so you'll always enjoy wearing it! It fits well too, due to the darts at the waist with the apron strings to hold the line firm! Make it in chambray, gingham, seersucker or calico—you'll prize this apron above all that you own!

Pattern No. 8210 is designed for sizes 34 to 36; 40 and 42. Size 36 takes 2 1/2 yards 32 or 35-inch material, 5 yards ric rae to trim.

School Frocks

THRIFTY mothers who make their children's school clothes will find today's patterns very timely! At top is a panel front style with a flat front guaranteed by sashes to tie in back. Below is a style featuring a raised skirt

Hopeless

Customer—Satisfied? Certainly I'm satisfied. I've nothing but praise for you. Tailor—Then I suppose there's no use my sending you another bill?

Wish a Few Bones, Too?

"Have you seen my dog, Fido, this morning, Mr. Butcher?" "Seen him? I should think I have. Came in here and chewed up a leg of lamb, and then upped a customer into some eggs."

Toast His Shins?

Wife (preparing breakfast)—There isn't a slice of bread in the house. Husband (absently)—Never mind, dear; just make some toast.

You can fool some of the people all the time, and all of the people some of the time, but the rest of the time they'll make fools of themselves.

Which Kind?

Thelma—Do you think I'm conceited about my brains? Virginia—Nonsense! I'm sure that nothing of the kind ever entered your head!

line-flattering as can be to young figures.

Both patterns are for 6, 8, 10, 12 and 14 years.

Pattern No. 8206, size 8 takes 2 1/2 yards 35-inch material, 5 yards ric rae. Pattern No. 8189 size 8 takes 2 yards, 2 1/2 yards ric rae.

TAKE IT FROM THE MARINES

CAMELS ARE THE BIG FAVORITE WITH THE MARINES. THEY HAVE WHAT IT TAKES — EXTRA MILDNESS AND SWELL FLAVOR

With men in the Marines, Army, Navy, and Coast Guard, the favorite cigarette is Camel. (Based on actual sales records in Post Exchanges and Canteens.)

IMPORTANT TO STEADY SMOKERS:

The smoke of CAMELS contains LESS NICOTINE

than that of the 4 other largest-selling brands tested — less than any of them — according to independent scientific tests of the smoke itself!

MOROLINE PETROLEUM JELLY FOR MINOR BURNS CUTS

Fosters the Genius Poverty is the stepmother of genius.—H. W. Shaw.

What Causes Your Constipation?

The super-refined foods we eat these days too often do not give us enough "bulk food." And medical science tells us that lack of sufficient "bulk" is one of the commonest causes of constipation. If that is your trouble, harsh cathartics and violent purgatives, at best, only temporary remedies. How much better to get at the cause and correct it! Why not make sure that you are getting the "bulk" you need by eating Kellogg's All-Bran? All-Bran is a delicious, crisp cereal that millions of folks rely on. Eat All-Bran yourself—eat it daily—and drink plenty of water—not only to get regular but to keep regular. All-Bran is made by Kellogg's in Battle Creek. If your condition is not helped by this simple treatment, it's wise to see a doctor.

WELL-ROUNDED TEXAS INCOME REGARDED AS STABILIZING FACTOR

Texas was cited as an example of
a "well-balanced income state" in
a survey compiled by James C.
Tucker, partner of Barcus, Kindred
& Company, of Austin, specialists in
municipal bonds.

Illustrative of the diversified nature
of the state's revenue sources,
he listed the following:

A cash farm income of \$655,000,000

Manufacturing production valued
at \$1,530,220,676 in 1939.
Lumber production totaling 1,225-
000,000 board feet, valued between
40 and 50 million dollars in 1940.
Oil production totaling 493,126,000

in 1941.
"Texas ranks first among the 48
states in oil production, second in
value of farm crops, fifth in lumber
production and eleventh in manu-
facturing," Mr. Tucker said. "Agriculture
is varied with cotton, wheat,
corn, livestock, vegetables and cit-
rus fruits all of major importance.
Texas is now the third largest citrus-
producing state and the second in
grapefruit output."

"These statistics indicate that
Texas does not carry all its eggs in
one basket. They show that the
state's ability to pay taxes and meet
its obligations is based on an un-
usually well balanced income from
industrial and agricultural sources."

barrels, worth \$488,194,740 in 1940.
