### Rationing Board News

G. E. Kinslow, chairman of the Donley County War Price and Rationing Board, made it plain today that all motorists are going to have to intensify tire conservation, and that many persons on the eligible list for tires and retreads are going to be disappointed because of the quota shortage.

"Both truck and passenger car tire allotments have been reduced sharply for September," Mr. Kinslow explained, "and we're obliged to make these reduced quotas serve only the most essential needs."

He pointed out that these reductions come at a time when all vehicles, especially trucks, are working overtime to meet the heavy demand for the fall movement of farm crops, and for wartime construction and industrial production.

"The result will be that our Board will have to apply the eligibility preference yardstick with even more severity," he said.

The State Office of Price Administration headquarters has advised the Donley County War Price and Rationing Board, Mr. Kinslow added that from now on monthly quotas will reflect a sharp downward trend in order to stay within the year's rubber quota.

### Cotton Ginned

The third bale of cotton for this season was ginned last Friday at the Farmers Gin. It was brought in by A. B. Spalding and weighed 695 lbs. The bale was bought by the gin for 18c. Ginning, bagging and ties were done at the gin, and Mr. Spalding received a premium of \$10.

The fourth bale was also ginned by the Farmers Gin. It was brought in Tuesday by D. M. Grimsey and weighed 610 lbs.

### REA Observes Anniversary

The Greenbelt Electric Cooperative, Wellington, this week enters its fourth year of service in bringing electricity to farmers and other rural consumers in this area.

During the growth and increasing financial stability of the Cooperative since its lines were first energized on September 9, 1939, Supt. Orval B. Gough recalled that the system had only 235 consumers at the end of its first month of operation. Today the Cooperative furnishes electric service to 620 consumers along 218 miles of distribution line in Collingworth, Donley and Armstrong counties and Harmon county in Oklahoma.

Cadet Mack L. Sims Jr., son of Mr. and Mrs. M. L. Sims Sr. is now stationed at Pecos Army Air Force Base Flying School, Pecos, Texas.

Cadet Sims, upon the successful completion of basic flying training at Pecos Air Base will proceed to an advanced flying school under the West Coast Air Base Training Center Command.

Rev. A. L. Teaf and family left this week for Andrews, where he will assume the pastorate of the Baptist church. They have made many friends during their stay here, and will wish them every success in their new home.

Misses Jane Ruth Hall, Jessie Plunk, Peggy and Camilla Roberts and Leeva Adams are attending WT&O at Canyon.

### Red Cross Notes

In order to conserve gas and tires the Red Cross work will be done in the homes. Hedley Work Room will be open on Saturday only to send out work and receive finished work. The next work is children's pajamas. If you will make a pair or more, call for them Saturday at the Red Cross Room.

Some do not understand why we are making clothing. When a town is bombed the Red Cross goes immediately with clothes as well as other supplies. That is why the American Red Cross is making so many emergency garments. If you want to help please call for work. If you do not sew why not donate some cash to buy wool thread to make another afghan from Hedley. The Juniors will knit it if you will help buy yarn, this is not furnished by government. It is free will donation.

We wish to thank Mr. Dishman for letting us use his building for Red Cross Headquarters.

Lost—Between town and Lottrell Station, Farmall tractor crank. Finder please leave same at Hall's Service Station.

### NOTICE

All who donated on the tombstones for Dr. Webb are invited to visit the cemetery and see it. About \$40 more is needed to complete payment on the stones, and any donation will be appreciated. See R. T. Everett or G. E. Hunn sucker if you wish to contribute.

### Lions Club Meeting

The regular meeting of the local Lions was held at the Methodist Church Basement Thursday night of last week. Due to the Methodist Revival being in progress the meeting was called for 7:45. Most of the members were present and attended Church services following the meeting.

Visitors present were Roy Jewel, Lake Dishman and Rev. W. B. Swim, Methodist Pastor at Lockney, Texas. Mrs. L. A. Snowden and Jack gave a delightful musical program. The next regular meeting is Thursday night Oct 1st at 8:30. Visitors are invited. We have a good club. Come and see if you don't agree.

G. R. LeMond, Ch. Pub.

### Warning

Tire thieves are active in this vicinity and Sheriff Guy Wright is asking all car owners to be sure to keep their cars in a garage or some place where tires can be watched.

### NOTICE

Everyone in Hedley and vicinity who has a boy in the service is requested to bring in his photo graph, in uniform if possible, together with data concerning his rank, branch of service and location, to the Informer office or to Miss Ruth Eickerson. These pictures are to be published in the Amarillo News.

Miss Myrtle Reeves has returned from a visit to Rotan.

**JUST ASKED**

**That Kind**  
Bill—What kind of a chap would you say John is?  
Bob—If you see two men talking and one is trying to get away, the other one is John.

**"Marry in haste, repent at leisure,"** is all wrong, a woman tells me. After you marry you have no leisure.

**It's the Result**  
"I didn't run after you when we were courting," said Mrs. Brown.  
"No," replied her husband. "A trap doesn't run after a mouse, but it catches it."

**Ear to Ear**  
"I think," said the mother, "she's a wonderful player for her age. Of course, she makes mistakes now and then, but you must remember that she plays entirely by ear."  
"Yes," said the friend of the family. "The trouble is, that's the way I listen."

The gaily enameled unit insignia you see on a soldier's lapels and overseas cap are reproductions of his regimental shield displayed in the center of the eagle on his regimental flag. It's a part of U. S. Army tradition. Traditional, too, is the Army man's preference for Camel Cigarettes. (Based on actual sales records from Post Exchanges and Sales Commissaries.) **"MIDDLE-AGE" WOMEN (35-52)**  
HEED THIS ADVICE!!  
If you're cross, restless, suffer hot flashes, nervous feelings, dizziness, distress of "irregularities"—caused by this period in a woman's life—try Lydia E. Pinkham's Vegetable Compound at once!  
Pinkham's Compound is made especially for women, and famous to help relieve distress due to this female functional disturbance. Thousands upon thousands of women have reported gratifying benefits. Follow label directions. WORTH TRYING!

**When Your Back Hurts**  
And Your Strength and Energy is Below Par  
It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.  
You may suffer aching backache, rheumatic pains, headache, dizziness, getting up nights, leg pains, swelling, sometimes frequent and scanty urination with smarting and burning in another sign that something is wrong with the kidneys or bladder.  
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won country-wide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

**WEEKLY NEWS ANALYSIS**

**New Allied Air Blows Take Heavy Toll Of Jap-Held Airports in New Guinea; Nelson Warns of War Production Cut; U. S. to Control Truck, Taxi Operation**

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)  
Released by Western Newspaper Union.

The above picture appeared in the Japanese propaganda magazine, "Freedom," and was brought back to this country by an American repatriated in the recent diplomatic exchange of nationals. The Japs describe this picture as showing a part of the 1,300 Americans captured at Wake Island on their way to a prison camp in Kagawa province. The black uniformed officer is identified as Commander Winfield Scott Cunningham, ex-garrison chief at Wake. The picture is being used by the enemy as propaganda.

**RUSSIA: Nazi Advance**

While Nazi troops besieging Stalingrad battled for a decision the German air force was reported to be concentrating its attack on Volga shipping, rail and highway communications as far southeast as Astrakhan, where the Volga flows into the Caspian sea.

The Russian high command announced that re-enforced German troops had made a further advance southwest of Stalingrad. German broadcasts told of Nazi troops entering the southern part of the city after capturing additional fortifications. However, the Russians claimed they were holding firm to the west.

The Red communique reported a new enemy drive on the western bank of the Don river, south of Voronezh, employing an entire infantry division and 100 tanks. The Germans were said to have lost 2,000 officers and men. In the Volkhov sector east of Leningrad the Germans were reported battling for a 12-mile stretch of the important Leningrad-Vologda railway.

Brighter reports came from the deep Caucasus. German troops in the mountainous region around Mzokok were said to be "withdrawing northward." Observers noted that recent snows in the Caucasus may have caused the withdrawal and said that the Axis may have relinquished hope of reaching the Caspian sea in that area before winter.

**RAIDS ON BRITAIN: From the Stratosphere**

Germany's third new weapon for daylight bombing raids against England was revealed in London with a disclosure that Nazi stratosphere bombers, equipped with super-charged Diesel motors, have made several daylight attacks on Great Britain.

The first of these bombing raids on Britain were made from altitudes of approximately 40,000 feet. The bombers were modified Junkers 86-P's equipped with experimental pressure cabins. Others used were four-engine Heinkel 177's, carrying eight tons of bombs, equalling the capacity of Britain's biggest bombers, and the bomb-carrying Focke-Wulf 190's. The latter planes are primarily fighters and they are able to speed low over coastal targets, getting away before the fast British Spitfires can get at them.

**PRODUCTION CUT: Faced by Industry**

In a straight-to-the-point speech, Donald M. Nelson, chairman of the War Production board, warned the nation that we are not winning the war and that, although the nation's production is not what it should be, shifts must be made in material allotment that will enforce layoffs and production changes.

He pointed out that further cuts in materials for civilian use and shifts in materials from one war product to another would be made to balance war production, and said such cuts and assignments would result in enforced layoffs for men and women intent on production for victory.

**HIGHLIGHTS . . . in the week's news**

**NICKEL:** Secretary of the Treasury Morgenthau has announced that the new nickel will contain copper, manganese, silver—and no nickel.  
**AUTHORITY:** Organized with the assistance of United States experts, a central autonomous authority will be set up by the Brazilian government in a move toward stricter control over all phases of the nation's war effort.  
**NAVY:** Approval of Clinton, Okla., as the site of an \$8,000,000 naval aviation training base has been announced by Navy Secretary Knox.  
**RATIONING:** When Verney Harrop of Toronto, Ont., decided that "William, aged 6" should have a ration card, he ran into trouble. The wartime prices and trade board discovered that "William, aged 6" was a dog. Mr. Harrop was fined \$100.

**Star Dust**  
STAGE SCREEN RADIO  
By VIRGINIA VALE  
Released by Western Newspaper Union.

**IN "WAKE ISLAND"** Paramount has shown what a war picture ought to be; the truth was so dramatic that there was no need to dress it up with a fancy plot—and praise goes to the writers, W. R. Burnett and Frank Butler, and to Director John Farrow for letting that plot be as slight as possible. Farrow directed it superbly, the members of the cast did a memorable job. Pretty good cast, incidentally, including Brian Donlevy, Walter Abel, Robert Preston, Macdonald Carey and Albert Dekker. Don't miss it!

A word more about "Wake Island." It was first shown at the Quantico Marine base, with an audience of 2,000 marines, who cheered it wholeheartedly. That's the surest guarantee that there's nothing phony about this very swell picture.

When you see "Seven Days' Leave," keep an eye on Marcy McGuire, if you're interested in stellar material. She plays a brat sister

**MARCY MCGUIRE**  
of Lucille Ball's, with a crush on Victor Mature. During filming, her part was "fattened" three times, so that she finally had two musical numbers of her own, and a comedy romance that wasn't in the original script.

Iona Reed, who's a stunt woman as well as Claire Trevor's stand-in in "The Desperadoes," has ridden horses that cowpunchers wouldn't mount, leaped from high cliffs, risked her neck in dozens of ways—but she balked at an assignment the other day. The script called for Claire to smoke a cigar; Iona was told to do it, and said "No." She can't even smoke a cigarette!

Porter Hall, who plays the thieving, double-crossing heavy in "The Desperadoes," has just been made a deacon in the First Presbyterian church of Hollywood. He's usually cast as a villain, but he's never owned a gun, since he served in the last war, he doesn't drink or gamble, he practically never smokes. Yet on the screen he stops at nothing.

Paramount has a file of what do you suppose? Cobwebs! Due to priorities, it's impossible now to get the liquid rubber of which movie cobwebs used to be made. The studio has quite a few murder mysteries, like "Street of Chance," coming along. So the prop department got busy, wove cobwebs out of the material on hand, and filed them away for reference.

Charles W. Koerner, head of RKO Radio production, has announced that "artistic and prestige films of dubious box-office merit" are out. Well, some of those "prestige" films were pretty dull. But a lot of really fine and profitable pictures would never have been made if that ruling had gone through years ago. We'd not have had "The Grapes of Wrath" or "Gone With the Wind" or "Pastor" or a good many others that didn't look like money-makers before they were released.

Life masks taken directly from the faces of a group of stars, along with fashion sketches, original charcoal sketches of sets and other material used in preparing a film, will comprise a Traveling Educational exhibit soon to be sent on tour by MGM. Frances Parker, lecturer, will accompany it, and it will be displayed at universities, schools, civic and educational societies.

September 30 marks a special anniversary in the National Barn Dance show—the completion of ten consecutive years on the air, broadcasting 52 weeks a year. Other radio programs have come and gone, but the Barn Dance goes on forever.

**ODDS AND ENDS—**Greer Garson has signed a long-term contract with Metro; her first picture under the new arrangement will be "Madame Curie"; James Cagney bought a \$25,000 War Bond, which entitled him to two tickets for the Hollywood opening of his picture, "Yankee Doodle Dandy"; Freddie Bartholomew has bought himself a motorcycle, which he rides back and forth, so Columbia for work in "Junior Army"—but so far hasn't persuaded his Aunt Cissie to ride it with him; Larry Elliott, announcer on Bob Hawks' "How Am I Doin'" air show, has landed the narrating assignment on Universal's new short entitled "How Canals Trucks Down Nazis."

**ON THE HOME FRONT**

**THESE** orange crate bedside tables are useful and easy to make; they are very decorative, too, when fitted out as illustrated. These were lined with green oil cloth cut, fitted and pasted as shown. The full skirt pieces were tacked to the top of the sides and lapped a few inches around the back. A top cover with a three-inch frill all around was then added. The bedspread is trimmed with five-inch frills of the muslin and one-inch straight bands over seams and for the monograms.

NOTE: These bedside tables are from BOOK 1 of the series of 32-page booklets that Mrs. Spears has prepared for readers. BOOK 2 contains a complete alphabet for making monograms similar to the one on the bedspread. Books are 19 cents each. A hot iron transfer pattern for eight cornflower and poppy designs suitable for linens or for framing will be included with each order for two books. Address:

**I BELIEVE** in nationally advertised brands. They are trusted friends in my house, for national advertising is a pledge of quality . . . a guarantee of the maker's good faith.

I believe that manufacturers who win millions of friends through advertising will never betray these friends by lessening quality . . . demanding unfair prices . . . or by substituting inferior ingredients.

I am going to show my approval by observing **Nationally Advertised Brands Week\***. I urge you all to join me in asking for nationally advertised brands that week . . . and every time you go into a drug store. It is the surest way to safeguard the health and happiness of your family.

**New Allied Air Blows Take Heavy Toll Of Jap-Held Airports in New Guinea; Nelson Warns of War Production Cut; U. S. to Control Truck, Taxi Operation**

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)  
 Released by Western Newspaper Union.

The above picture appeared in the Japanese propaganda magazine, "Freedom," and was brought back to this country by an American repatriated in the recent diplomatic exchange of nationals. The Japs describe this picture as showing a part of the 1,300 Americans captured at Wake island on their way to a prison camp in Kagawa province. The black uniformed officer is identified as Commander Winfield Scott Cunningham, ex-garrison chief at Wake. The picture is being used by the enemy as propaganda.

**RUSSIA: Nazi Advance**

While Nazi troops besieging Stalingrad battled for a decision the German air force was reported to be concentrating its attack on Volga shipping, rail and highway communications as far southeast as Astrakhan, where the Volga flows into the Caspian sea.  
 The Russian high command announced that re-enforced German troops had made a further advance southwest of Stalingrad. German broadcasts told of Nazi troops entering the southern part of the city after capturing additional fortifications. However, the Russians claimed they were holding firm to the west.

The Red communique reported a new enemy drive on the western bank of the Don river, south of Voronezh, employing an entire infantry division and 100 tanks. The Germans were said to have lost 2,000 officers and men. In the Volkhov sector east of Leningrad the Germans were reported battling for a 12-mile stretch of the important Leningrad-Vologda railway.  
 Brighter reports came from the deep Caucasus. German troops in the mountainous region around Mordok were said to be "withdrawing northward." Observers noted that recent snows in the Caucasus may have caused the withdrawal and said that the Axis may have relinquished hope of reaching the Caspian sea in that area before winter.

**RAIDS ON BRITAIN: From the Stratosphere**

Germany's third new weapon for daylight bombing raids against England was revealed in London with a disclosure that Nazi stratosphere bombers, equipped with super-charged Diesel motors, have made several daylight attacks on Great Britain.

The first of these bombing raids on Britain were made from altitudes of approximately 40,000 feet. The bombers were modified Junkers 86-P's equipped with experimental pressure cabins. Others used were four-motor Heinkel 177's, carrying eight tons of bombs, equaling the capacity of Britain's biggest bombers, and the bomb-carrying Focke-Wulf 190's. The latter planes are primarily fighters and they are able to speed low over coastal targets, getting away before the fast British Spitfires can get at them.

**PRODUCTION CUT: Faced by Industry**

In a straight-to-the-point speech, Donald M. Nelson, chairman of the War Production board, warned the nation that we are not winning the war and that, although the nation's production is not what it should be, shifts must be made in material allotment that will enforce layoffs and production changes.

He pointed out that further cuts in materials for civilian use and shifts in materials from one war product to another would be made to balance war production, and said such cuts and assignments would result in enforced layoffs for men and women intent on production for victory.

**PACIFIC FRONT: Action Continues**

Allied bombing attacks against Japanese bases in New Guinea continued with smashing blows taking a heavy toll in the battle area. Lae and Salamaua were targets for the main attacks. Two bombers were destroyed on the ground at the Lae airfield, where 17 tons of bombs were dropped on installations.

The communique stated that ground action in the Owen Stanley mountain range, where the Japs were halted about 40 miles north of the Port Moresby base, was confined to patrol activity.

Meanwhile, the battle of the Solomons seemed to have settled down to a battle of supply lines. The United States and Australia have poured planes and supplies in to the marines on Guadalcanal and Tulagi against Japanese sea and air opposition.

The Japs have not attacked in force since the major battle on August 24 and 25, when U. S. forces defeated an enemy invasion force of more than 40 ships. They have continued their occasional bombing forays and attacks with light naval craft. Recently the Japanese have bombed from high altitudes, using delayed action bombs.

**MORGENTHAU: Lauds Bond Sales**

Flatly denying that he regards the voluntary war bond sales program as a "failure," Secretary of the Treasury Henry Morgenthau declared in a statement to the war savings staff that the treasury "will continue to rely upon voluntary lending for a large part of our financing."

The secretary's statement was made following a recent press conference. He said: "The impression seems to have spread that I regard the voluntary war bond program as a 'failure.' This is not only a distortion of anything I have said on the subject, but it is also an injustice to the hundreds of thousands of devoted volunteers in all parts of the country."

**TRANSPORTATION: U. S. Control**

Before the operators of 5,000,000 trucks, 154,000 busses and 50,000 taxicabs can obtain gasoline, tires or parts after November 15, they will be forced to show "certificates of war necessity."

Government control of these vehicles as a conservation measure was announced by Joseph B. Eastman, director of the Office of Defense Transportation. Eastman said the certificates for commercial vehicles would require a tire check every 5,000 miles, or every 60 days—whichever occurs first. Certificates, he indicated, would be issued to all types of trucks and vehicles built primarily for transporting property and passengers and others available for public usage, such as ambulances and hearses.

The control measure was inaugurated to limit the use of vehicles to operations necessary to the war effort, or to the essential domestic economy.

**HIGHLIGHTS . . . in the week's news**

**NICKEL:** Secretary of the Treasury Morgenthau has announced that the new nickel will contain copper, manganese, silver—and no nickel.

**AUTHORITY:** Organized with the assistance of United States experts, a central autonomous authority will be set up by the Brazilian government in a move toward stricter control over all phases of the nation's war effort.

**NAVY:** Approval of Clinton, Okla., as the site of an \$8,000,000 naval aviation training base has been announced by Navy Secretary Knox.

**RATIONING:** When Verney Harrop of Toronto, Ont., decided that "William, aged 6" should have a ration card, he ran into trouble. The wartime prices and trade board discovered that "William, aged 6" was a dog. Mr. Harrop was fined \$100.

 STAGE-SCREEN-RADIO  
 By VIRGINIA VALE  
 Released by Western Newspaper Union.

IN "WAKE ISLAND" Paramount has shown what a war picture ought to be; the truth was no need to dress it up with a fancy plot—and praise goes to the writers, W. R. Burnett and Frank Butler, and to Director John Farrow for letting that plot be as slight as possible. Farrow directed it superbly, the members of the cast did a memorable job. Pretty good cast, incidentally, including Brian Donlevy, Walter Abel, Robert Preston, Macdonald Carey and Albert Dekker. Don't miss it!

A word more about "Wake Island." It was first shown at the Quantico Marine base, with an audience of 2,000 marines, who cheered it wholeheartedly. That's the surest guarantee that there's nothing phoney about this very swell picture.

When you see "Seven Days' Leave," keep an eye on Marcy McGuire, if you're interested in stellar material. She plays a brat sister

MARCY McGUIRE

of Lucille Ball's, with a crush on Victor Mature. During filming, her part was "fattened" three times, so that she finally had two musical numbers of her own, and a comedy romance that wasn't in the original script.

Iona Reed, who's a stunt woman as well as Claire Trevor's stand-in in "The Desperadoes," has ridden horses that cowpunchers wouldn't mount, leaped from high cliffs, risked her neck in dozens of ways—but she balked at an assignment the other day. The script called for Claire to smoke a cigar; Iona was told to do it, and said "No." She can't even smoke a cigarette!

Porter Hall, who plays the thieving, double-crossing heavy in "The Desperadoes," has just been made a deacon in the First Presbyterian church of Hollywood. He's usually cast as a villain, but he's never owned a gun, since he served in the last war, he doesn't drink or gamble, he practically never smokes. Yet on the screen he stops at nothing.

Paramount has a file of what do you suppose? Cobwebs! Due to priorities, it's impossible now to get the liquid rubber of which movie cobwebs used to be made. The studio has quite a few murder mysteries, like "Street of Chance," coming along. So the prop department got busy, wove cobwebs out of the material on hand, and filed them away for reference.

Charles W. Koerner, head of RKO Radio production, has announced that "artistic and prestige films of dubious box-office merit" are out. Well, some of those "prestige" films were pretty dull. But a lot of really fine and profitable pictures would never have been made if that ruling had gone through years ago. We'd not have had "The Grapes of Wrath" or "Gone With the Wind" or "Pastor" or a good many others that didn't look like money-makers before they were released.

Life masks taken directly from the faces of a group of stars, along with fashion sketches, original charcoal sketches of sets and other material used in preparing a film, will comprise a Traveling Educational exhibit soon to be sent on tour by MGM. Frances Parker, lecturer, will accompany it, and it will be displayed at universities, schools, civic and educational societies.

THESE orange crate bedside tables are useful and easy to make; they are very decorative, too, when fitted out as illustrated. These were lined with green oil cloth cut, fitted and pasted as shown. The full skirt pieces were tacked to the top of the sides and lapped a few inches around the back. A top cover with a three-inch frill all around was then added. The bedspread is trimmed with five-inch frills of the muslin and one-inch straight bands over seams and for the monograms.

Years ago the Marine uniform was equipped with a high stiff leather collar supposed to give a more military carriage. From that time on, "Leatherneck" has been the word for a Marine. The word for his favorite cigarette is "Camel"—the favorite cigarette also of men in the Army, Navy, and Coast Guard. (Based on actual sales records from service men's stores.) Fresh-From-the-Vine Grapes Make Clear, Bright Jelly! (See Recipes Below.)

### Meals—With Zest

Does meal after meal slip by unnoticed, eaten only because it does away with hunger? Do your meals pull their punches so to speak—look good, have proper balance, contrast in texture, etc., but still seem to lack something vital?

A dinner, lunch or breakfast that lacks a sense of completeness is like a ham sandwich without mustard, meat without seasoning, fish without a tart sauce, a pie without a flaky crust. The small things that do big things for menus are the relishes, pickles, jams and jellies, which brings me to today's topic.

Relishes such as pickles, jellies, conserves and preserves can supply that sense of completeness to a meal if you use them with a thought to flavor affinity.

For chicken try strawberry or plum jam. Goose calls for spiced peach jam or apple jelly. Orange and cherry jam or relish are tops with bland duck. Spiced grape jam or gooseberry jams are "musts" with beef just as mint or crabapple jelly are musts with lamb. Pair off that golden brown ham with plum jelly or horseradish mixed with grape jelly. Veal needs currant or blackberry jam.

If you can't get quince jelly, try cranberry jelly with pork. Liver will be extra good with tomato relish.

Think of all the plate lunches and sandwiches you are going to serve the year 'round for lunches, snacks and pack-up boxes. You'll need these:

#### \*Bread and Butter Pickles.

- (Makes 8 pints)
- 12 large cucumbers
- 4 onions, sliced
- 4 cups sugar
- 1 quart vinegar
- 3 cups water
- 4 teaspoons celery seed
- 4 teaspoons mustard seed
- 2 teaspoons turmeric

Cut cucumbers in 1/4 inch slices. Soak with onions in strong salt water for 4 hours. Combine remaining ingredients and bring to a boil. Add strained cucumber and onion slices. Bring to a boil again and boil 5 minutes. Pack into hot, sterilized jars.

Concord grapes are plentiful in the fall and make delicious jelly. You can substitute corn syrup in this one:

#### \*Concord Grape Jelly.

- (Makes 11 medium glasses)
- 4 cups juice
- 7 1/2 cups sugar
- 1/2 bottle fruit pectin

You will need about 3 pounds of grapes for four cups of juice. Wash and stem grapes and crush grapes. Add just enough water to keep from scorching, bring to a boil and sim-

#### Lynn Says:

The Score Card: Cantaloupe supplies for this year will be lighter because of curtailed production, but watch your markets for the "peaks" of the season as supplies come in from California, Arizona, Georgia and South Carolina.

Recently a group of prepared cereals have had their whole grain nutritive values restored or are now made from whole grains so watch labels when doing your buying.

The peach crop this year will be like last year—one of the best, according to present indications. Heavy shipments have already started coming in and production will climb up to about 50 million bushels—a new high.

Broilers and fryers will be abundant during these next few months, so don't miss out on good fried chicken or crisply browned and broiled chicken. Young chickens are abundant now because of increased war poultry production.

Canned foods will come in fewer sizes this fall and winter in the effort to cut down on use of tin.

mer 5 minutes. Strain juice through cheesecloth. Measure out 4 cups. Measure sugar and mix with juice. Bring to a boil over hottest fire, stirring constantly. Bring to a full, rolling boil and boil hard 1/2 minute. Remove from fire, skim, and pour into hot, sterilized jelly glasses. Paraffin at once.

Note: 2 cups of light corn syrup may be substituted in this recipe for two cups of sugar. Use 5 1/2 cups of sugar and 2 cups light corn syrup in the recipe for Concord Grape jelly.

#### \*Peach and Plum Jam.

- (Makes 8 small glasses)
- 1 pound blue plums
- 1 1/2 pounds peaches
- 1 box powdered fruit pectin
- 4 1/2 cups sugar
- Or
- 2 cups light corn syrup
- 2 1/2 cups sugar

Peel and pit peaches. Chop finely. Pit plums and chop until fine. Add powdered pectin (or pectin, sugar and corn syrup.) Mix well and bring to a boil, stirring constantly. Bring to a full rolling boil, and boil hard 1 minute. Remove from heat and skim. Pour into hot, sterilized glasses and seal.

Quinces come into their own in the fall and if you're fond of them, plan to put up some:

#### \*Quince Honey.

- (Makes 6 small glasses)
- 1 1/2 pounds quinces
- 2 1/2 cups water
- 2 tablespoons lemon juice
- 3 cups sugar

Wash, pare and core quinces. Add water to peelings and cook 30 minutes. Grate quinces very thin, or slice thinly. Weigh pulp and use 1 pound. Add lemon juice and strained liquid from peelings. Cook until tender, add sugar, and cook until two drops fall from spoon at same time, or when a drop jells easily on a saucer. Pour into sterile glasses and seal.

Nothing compares to the sweet, spicy, home-like smell of the making of chili sauce:

#### \*Chili Sauce.

- (Makes 5 quarts)
- 1 gallon chopped, peeled tomatoes
- 1 cup chopped onions
- 1 1/2 cups chopped green peppers
- 1 cup vinegar
- 1 cup sugar
- 3 tablespoons salt
- 1 1/2 teaspoons ground allspice
- 2 tablespoons cinnamon
- 1 1/2 teaspoons cloves

Tie spices loosely in cheesecloth. Boil with vegetables until mixture is reduced to half its original quantity, stirring all the while to prevent scorching. Add vinegar, salt, sugar and boil rapidly for 5 minutes. Pour into hot sterilized jars and seal immediately.

#### \*Pickled Peaches.

- (Makes 8 pints)
- 3 cups honey
- 3 cups vinegar
- 2 cups water
- 1 teaspoon salt
- 1 tablespoon whole cloves
- 2 sticks cinnamon
- 5 quarts peaches

Heat honey, vinegar, water and salt. Scald peaches, remove skins and insert cloves. Place a few in the boiling syrup, add cinnamon and cook until peaches are tender, and acquire a slightly transparent look. Pack in sterilized jars, cover with boiling syrup and seal.

### Hopeless

Customer—Satisfied? Certainly I'm satisfied. I've nothing but praise for you.

Tailor—Then I suppose there's no use my sending you another bill?

Wish a Few Bones, Too?

"Have you seen my dog, Fido, this morning, Mr. Butcher?"

"Seen him? I should think I have. Came in here and chewed up a leg of lamb, and then up to a customer into some eggs."

"Really? Well, I wonder if you'd mind putting this 'Lost' notice in your window?"

Toast His Shins?

Wife (preparing breakfast)—There isn't a slice of bread in the house.

Husband (absently)—Never mind, dear; just make some toast.

You can fool some of the people all the time, and all of the people some of the time, but the rest of the time they'll make fools of themselves.

Which Kind?

Thelma—Do you think I'm conceited about my brains?

Virginia—Nonsense! I'm sure that nothing of the kind ever entered your head!

line—flattering as can be to young figures.

Both patterns are for 6, 8, 10, 12 and 14 years.

Pattern No. 8206, size 8 takes 2 1/2 yards 35-inch material, 5 yards ric rae. Pattern No. 8189 size 8 takes 2 yards, 2 1/2 yards ric rae.

### What Causes Your Constipation?

The super-refined foods we eat these days too often do not give us enough "bulk food." And medical science tells us that lack of sufficient "bulk" is one of the commonest causes of constipation!

If that is your trouble, harsh cathartics and violent purges are, at best, only temporary remedies. How much better to get at the cause and correct it! Why not make sure that you are getting the "bulk" you need by eating Kellogg's All-Bran? All-Bran is a delicious, crispy cereal that millions of folks rely on. Eat All-Bran yourself—eat it daily—and drink plenty of water—not only to get regular but to keep regular. All-Bran is made by Kellogg's in Battle Creek. If your condition is not helped by this simple treatment, it's wise to see a doctor.

**Are You Needlessly Suffering Constipation?**

Many people think that constipation is "one of those things" you must put up with. That the only thing you can do is take a purge or cathartic—and hope it doesn't come soon again. How foolish that is if you, like millions of others, have the ordinary kind of constipation that's due to lack of "bulk" in the diet. Kellogg's All-Bran is probably just what you need! This crisp, delicious cereal has the "bulk"-forming properties your intestines need to function "regularly"! It gets at the cause of your trouble and corrects it—helps you get back to normal, easy elimination. Eat All-Bran regularly, drink plenty of water, and help free yourself from constipation. All-Bran is made by Kellogg's in Battle Creek. If your condition is not helped by this simple treatment, it's wise to see a doctor.

**Feast for Fall Days—Baked Beans**  
(See Recipes Below.)

**Pulling Purse Strings**

Today, let's talk about budgets. Food budgets in particular, because they will be a major item in your life the next few months as prices slowly edge upwards, as the days slip into fall and winter and the summer bargains in foods become fewer and you have to do more juggling with figures to give your family the right food, at the best possible prices.

If you are Mrs. Average America, you will be more nutrition conscious this year than last, too. This will be not only because nutrition news has sprinted into the limelight, but because the demands of wartime living upon energy have become so great that you will have to have right foods to do your most and your best.

But, how can budgeting help you to serve "right" meals, you ask. That's simple. Buy the right foods with your dollars and you can't help serving meals that are correctly balanced.

First, divide the food dollar into fifths. One-fifth, or 20 cents, should go for vegetables and fruits. Use the next fifth for milk and cheese. The third of the fifths goes for the basis of your important meals—meats, eggs and fish.

Another fifth will be set aside for breads and cereals, while the very last 20 cents is allowed for accessory items such as butter, fats, sugar, tea, coffee and spices.

General Guide. The 20-cent rule is not a hard and fast rule. It is only a general guide because prices of the different groups of food vary from season to season, from section to section. Use your judgment in spending.

Perhaps you get milk from the milkman, vegetables from the peddler who comes to your back door three times a week, eggs from the farm, and meat from a favorite butcher. Or, you may get all your food from one place. There is no one way to shop. Pick out what the best way is from the facilities available, but be sure to investigate those facilities before you fall into one pattern.

Shopping Carefully. Conservation's an important note in these times. And it's mighty important in this fascinating business of stocking up the pantry. If you plan meals for, say three days, or better still, a week in advance, you will not be trotting up to the store twice every day, or calling up your grocer whose time is at a premium and whose delivery facilities have been cut in the midst of cake baking to tell him you simply must have vanilla. Make out lists, and then shop . . . for everything you need at one time.

When the snap of autumn gets into the air, use pumpkin, squash and Concord grapes. When the drifts of snow pile lightly against your door or the weather gets at least uncomfortably cold, use root vegetables and those canned goods in the canning cupboard. In spring, strawberries, asparagus, and broilers should grace your menu. What!

**Lynn Says:**

The Score Card: Best of bargains are found in American cheddar cheese at the present time. Production for the first five months of this year was over 50 per cent greater than for that corresponding period last year.

Apples, absent from the markets and fruit stalls during the summer, in greater quantities, are coming into their own now. Apples and honey are food affinities and will help you with sugar rationed.

Fall's bounty will also include squash, grapes, and pumpkins which add economy notes and flavorful touches to menus.

mean, is, serve foods-in-season! It's more than economy, it's food at its best!

**Cheese Bargains.**

Right in line with buying what is most economical at present are the bargains you can find in cheese. Cheese is much more than something you put between slices of bread or the golden orange wedge you serve with pie or crackers. It is the most economical source of protein and as such can be used as an excellent meat substitute.

Easily digestible and easily blending with almost every kind of food, it makes even the simplest dish a distinctive one because of the flavor it imparts to it. And remember, you'll get not only protein when you use it, but those other essential diet necessities like phosphorus, calcium, iron, and vitamins B, D and G.

As American as apple pie, are the American cheese stocks which we now have on hand. You'll be kind to your budget if you make use of some of these ideas:

- \*Cheese and Baked Beans. (Serves 6)  
1 large can baked beans  
1 cup American cheese, grated  
1 cup grated bread  
1 tablespoon chopped green peppers  
2 tablespoons chopped celery  
1 teaspoon chopped onion

Place beans in baking dish. Then add all other ingredients and three slices lean bacon over top of dish. Bake 30 minutes at 250 degrees.

- Tuna and Cheese Souffle. (Serves 6)  
1 cup scalded milk  
1 cup soft bread crumbs  
1/4 cup grated American cheese  
1 cup flaked tuna  
2 tablespoons chopped pimiento  
1/2 teaspoon salt  
3 egg yolks  
3 egg whites  
1 tablespoon lemon juice

Combine milk with bread crumbs and grated cheese. Flake tuna and add lemon juice, pimiento, salt and well-beaten yolks. Beat egg white stiff but not dry and fold into mixture. Turn into a buttered casserole, set in a pan of water and bake in a moderately slow (325-degree) oven 40 minutes or until golden brown.

Sugar-saving apple recipes do delightful things to fall menus, and help you get the mellow, autumn note in meals. This revives eating interest:

- Honey Apple Crisp (Serves 6)  
4 cups sliced apples  
1/4 cup sugar  
1 tablespoon lemon juice  
1/2 cup honey  
1/2 cup flour  
1/4 cup brown sugar  
1/4 teaspoon salt  
1/4 cup butter  
1/4 cup walnuts, if desired

Spread sliced apples in a shallow baking dish, sprinkle with sugar, lemon juice and pour honey over all. In a bowl mix flour, brown sugar and salt and work in butter to make crumbly mixture. Spread crumbs evenly over apples (and nuts) and bake in a moderate oven (375 degrees) for 30 to 40 minutes until apples are tender and crust crisply browned. Serve with plain or whipped cream.

**Household Hints**

Suede garments should be kept dry if possible. If rain does catch them, let them dry away from heat, then brush in a circular motion with a wire brush. A rubber sponge or art gum will help to keep a suede jacket clean.

To prevent mold from growing on stored fat be sure the container is dry, cook until the moisture is all out when cooking down the fat for storing, keep in a dry place.

To prepare uncoated iron or steel for painting, wire brush it, unless it is extremely corroded. In that case, crude oil or spent lubricating oil will loosen the rust.

Wash ice cream boxes, dry them and store seeds in them with the name written on the box along with any special planting information.

Furniture bought in piecemeal fashion on a small budget should serve as many purposes as conveniently possible and should lend itself to arrangement with added pieces.

To the customer that was the last straw. "I know all about that!" he raved. "But you have the impudence to display a notice in your window that watches will be repaired while you wait."

With a beaming smile, the watchmaker retorted: "Well, you are waiting, ain't you?"

Jimmy Don Goin, son of Mr.

was one boy who went through  
the Japanese criminal attack on  
Pearl Harbor, without receiving  
a scratch. But there must have  
been over three thousand other  
boys who were not so lucky.

Jimmy Don was a fireman on  
one of the ships that were attack-  
ed. The noise was so intense  
that you "couldn't hear your  
ears." Most of the questions  
asked Jimmy Don regarding his  
experience at Pearl Harbor at-  
tack were answered by "That is  
a military secret." Jimmy is  
telling nothing that is considered  
as a military secret, which shows  
that he certainly received good  
training and will do all in his power  
to assist in whipping the  
treacherous Japs.

Jimmy looks healthy and hear-  
ty which shows that he is receiv-

Von B. Bates, daughter of Rev  
and Mrs. I. E. Biggs of Gruver,  
and St. Sgt. James Bruce Ed-  
wards, son of Mr. and Mrs. J. S.  
Edwards of Amarillo were mar-  
ried on Sept. 17 in a lovely double  
ring ceremony. The vows were  
read by Rev. Biggs before an as-  
sult of dallas and asters with tall  
white tapers on either side, in  
the home of the bride at Gruver.  
Wedding music was played by  
Mrs. O. F. Bennett of Gruver  
and James Biggs, brother of the  
bride, sang I Love You Truly.

The bride was lovely in a two  
piece ensemble of seidler blue  
with a corsage of gardenias.  
Fran Schubert of Spearman  
was bridesmaid. She wore a  
gold dress with a red rose cor-  
sage. The groom was attended  
by his brother, Jack Edwards.  
The bride's mother wore a  
black dress with a pink rose cor-  
sage.

Christina Hicks presided at the  
coffee and Fran Schubert serv-  
ed cake to a number of guests at a  
reception immediately after the  
ceremony.

Both the bride and groom are  
graduates of Hedley High School.  
The bride attended Clarendon Jr.  
College and WTSC at Canyon.  
The groom attended Wayland col-  
lege at Plainview.

Out of town guests were Mary  
Sue Huckaby, Jack Edwards and  
Mr. and Mrs. Glenn Wood of Am-  
arillo, Avanelle Hill of Perryton  
and Fran Schubert of Spearman.  
St. Sgt. and Mrs. Edwards will  
be at home in Colquitt, Ga. where  
he is stationed at Bainbridge
