Mail Xmas Gifts Early!

The bulk of Christmas mail must be in the post offices by December 1 this year if deliveries on time are to be assured, according to Smith W. Pardum, Second Assistant Postmaster General. Mr. Pardum is responsible to Postmaster General Frank C. Walker for smooth and efficient air and railway mail service.

Unprecedented wartime demands on the postal and transportation systems, plus a prospective record volume of Christmas mailings, were cited by Mr. Pardum as necessitating earlier mailings than ever before. "It is physically impossible for the railroads and air lines, burdened with vitally important war materials, to handle Christmas mailings as rapidly as in normal times," Mr. Pardum said. "If the bulk of parcels and greeting cards are held back until the usual time—the period of about December 15 to 25—they simply cannot be distributed in time, and thousands of gifts will reach their destinations after Christmas."

In 1941, about 21,950 mail cars were required between December 12 and 24 to deliver Christmas mail; enough cars to make a train 270 miles long. This year the extra cars needed to move holiday mail are largely being used by the armed services.

The postal service usually borrows about 2,500 trucks from the army and rents about 10,000 from private owners. This year the army needs its own trucks and private owners are reluctant to let someone else use their tires.

Railroads are cooperating by converting some hundreds of steel box cars for mail transportation, and Joseph B. Eastman, Director of Defense Transportation, has ordered that unnecessary travel be curtailed to the limit during the holiday season. But these measures cannot assure deliveries of gifts on time unless the public cooperates by mailing early and thus spreading the transportation load over a longer period than usual.

In view of all these handicaps to the service, Mr. Pardum advised postal patrons should mail their gifts by December 1 if they wish to insure that their friends will not be disappointed at Christmas.

New Preacher 'Pounded'

A large number assembled in the Baptist church basement last Friday night to observe church night and welcome the new pastor, Rev. Bob Jenkins and family.

Chas. Rains acted as master of ceremonies and made a short talk welcoming the new pastor on behalf of the church members, after which Rev. G. E. LeMoine welcomed Rev. Jenkins on behalf of the other churches and the town in general.

A sumptuous meal was spread from the covered dishes which everyone brought, followed by an old fashioned "pounding" by Bro. Jenkins and family. R. W. Alewine made the presentation speech which was responded to with thanks by both Rev. and Mrs. Jenkins.

Harvest Festival

Don't forget the Harvest Festival which will take place at the Hedley school Auditorium on Friday, Nov. 27 at 8 p. m. All kinds of entertainment will be offered: bingo, goal pitching, ring pitching, fortune telling and a minstrel show. Hamburgers, cakes, coffee and pie, soft drinks and popcorn and peanuts will be for sale. The big event of course will be the Queen Coronation.

This festival is sponsored by the P. T. A. and all proceeds will go for the betterment of the betterment of the school.

Lions Sponsor Bond Drive

The Lions Club is sponsoring a Bond drive and, assisted by local merchants, is offering some nice premiums as inducements to bond buying. All bonds bought between Nov. 1 and Dec. 19 are eligible. Bring the serial numbers of your bonds to the Security State Bank and get details of the offer.

Hedley School News

The Queen of the Harvest Festival this year must be Miss Anna Lee Hill, the Senior Queen. A penny buys a vote, a dollar buys a hundred votes. The money goes to the P. T. A. to help the entire school. Wherever it is spent at the Harvest Festival the school gets it, but

Come and help us out today!
Put things over the Seniors' way!

Help us crown our Queen!

Jeanette Tipton

Supt. C. O. Hill has received notice that State Deputy Supt. Carl G. Cliff will be at the Hedley School to make the annual inspection next Monday or Tuesday. It is of vital importance to the school that a good attendance be there next week. State aid is based upon the advantage that the parents and children of the various school districts take of this aid. If a large percentage of students stay at home or do not attend regularly it takes that much State Aid from the school.

Mr. Hill sees school differently from many people. He says that any school does not belong to the adults who are in a district, no matter how much tax one might pay, but that it belongs to the children between 6 and 18 years of age. He further contends that anything that prevents children, any children, from attending school regularly is against the American way of life. Let's all help next week by getting our children back in school.

Successful Deer Hunt

A. M. Saunders and family left Nov. 12 on a hunting trip to Mason county. They joined a party from Big Spring, and had a very enjoyable and successful trip, returning last Saturday with two fine bucks and a catfish which weighed 22 lbs. dressed. The fish was caught in Buchanan Lake, near Annetta.

Another member of the party caught a 24 lb. catfish.

Time Changeth
Keeping up with the changing times, we think the army's new time system deserves a note. The army is now operating on a 24-hour-clock system. Four digits—0000 to 2400—represent the 24 hours from midnight to midnight. Six a. m. is 1800; noon is 1200; 11:36 p. m. is 2335.

WEEKLY NEWS ANALYSIS

U. S. Troops Fighting Nazis in Tunisia As British Push West Through Libya Close Strong Pincers on Axis Forces; Ceiling Is Lifted on U. S. Farm Wages

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.) Released by Western Newspaper Union.

Pictured at their weekly joint luncheon in Washington, U. S. chiefs of staff plan future strategy. Left to right: Admiral E. J. King, commander in chief of the U. S. fleet and chief of naval operations; Gen. George C. Marshall, chief of staff, U. S. army; Admiral William D. Leahy, chief of staff to the commander in chief of the army and navy, and Lieut. Gen. H. H. Arnold, commanding general, U. S. army air forces.

TUNISIA:

Kick for Rommel

American soldiers battled against German troops in their first regular engagement of World War II when the British first army and a smaller United States force clashed with Axis troops defending the naval base of Bizerte in Tunisia.

While United States Rangers participated in the raid on Dieppe this was the first time that a strong force of United States soldiers and the Germans faced each other in battle.

When the Morocco radio—controlled by the Allies—announced that contact had been established between the Allied force and the Germans the broadcast was confirmed by German wireless. The Morocco radio estimated at the time of the broadcast the Axis had landed 10,000 German and Italian troops in Tunisia, and said enemy forces were reported arriving in transport planes and by sea.

Early reports gave no indication of the size of the American force. However, Lieut. Gen. K. A. N. Anderson, British commander of the combined operation in Tunisia, said that it made up one-tenth of his striking force and included special units. The British nine-tenths consisted of veteran soldiers, superbly trained, who have met the Germans in previous engagements.

Lieut. Gen. Dwight E. Eisenhower announced that the drive in Tunisia was "advancing as fast as possible according to plan."

Several French garrisons were battling incoming Axis troops, concentrating on transports and shooting soldiers as they came to earth. However, the opposition from the poorly equipped French was considered more as a harassment than a serious hindrance, but was given a warm welcome by the Americans and British.

Eisenhower reported that the Mediterranean waters were "swarming with enemy submarines" detailed by the Axis to disrupt Allied landing of reinforcements and war stores. In London Prime Minister Churchill announced that Allied countermeasures had resulted in sinking 13 enemy subs in North African waters, five of them in two days.

MAXIMUM PRICES:

Amended Regulations

Office of Price Administration officials have announced amendments to the regulations covering certain essential food products such as butter, eggs and fruits.

Under this OPA policy food prepared and sold on the premises is excluded from the maximum price control. Sales by a farmers' cooperative are covered, but sales by a farmer of the products on his farm are not included, unless made to an ultimate consumer.

War procurement agencies can buy any of the products at higher than established prices. Sales deliveries to the U. S. or United Nations in some cases are exempt.

Meanwhile, after a four-week enforcement drive throughout the country, more than 4,000 grocers were served with OPA license warnings. These charge violation of the general maximum price regulation.

HIGHLIGHTS in the week's news

FACT: Looking forward to better commercial relations after the war, China and Cuba have signed an alliance and friendship treaty.

FOUND: Missing for three weeks on an air-flight inspection trip of Pacific bases for the army, Capt. Eddie Rickenbacker, World War ace, and members of his plane's crew were rescued.

NEW GUINEA:

Trap Closes

Word of ever-increasing action on New Guinea came from General MacArthur's headquarters where it was announced that American and Australian ground troops, converging on the Japanese base at Buna, had joined forces for the attack.

Continuous air attacks supported the steady advance in New Guinea, an official communique said. The Allied forces had been closing on Buna, only Japanese base in southeastern New Guinea, ever since American troops were landed by air late in October.

Australian troops have pushed down the north slope of the Owen Stanley mountain range to near Buna from the west. The Americans approached up from the south. "The enemy, under command of Lieut. Gen. Tomatore Horii, now faces the Allies to the west and south, with the jungle and the sea at his back. Our air force is attacking without respite," the communique said.

GUADALCANAL:

Touch and Go

While American and Japanese warships hammered at each other in a gigantic Solomon Island battle, Australian Navy Minister Makin warned his people that the outcome of the naval engagement will determine Japan's plan for the invasion of Australia.

A navy communique from Washington said that the fight which raged on the sea, in the skies and on Guadalcanal resulted from "a determined effort on the part of the Japanese to recapture positions in the Guadalcanal-Tulagi area" which U. S. marines had captured last August.

Navy Minister Makin warned that there should be no undue optimism or complacency over Allied successes in Africa and New Guinea. "The Solomons," he added, "are the scene between the enemy and Australia, and if the Japanese should break through the Allied naval cordon they certainly will attack Australia."

FARM WAGES:

Ceiling Lifted

It was announced by the Office of Economic Stabilization that for the time being the ceiling on agricultural wages has been lifted. According to OES Director Byrnes, this plan will be in effect until the department of agriculture can determine two things:

- 1) What effect farm wages have on farm production in the more critical farm labor shortage areas; and
- 2) Where increases in farm wages may threaten to cause an increase in the price ceilings on farm products.

1942 Production

Meanwhile the department of agriculture was estimating the 1942 production of principal farm crops and comparing them with last year. This is the way these figures looked:

1942 Production	1941 Production
Corn 3,185,141,000 bu.	2,672,541,000 bu.
Wheat 984,946,000 bu.	945,571,000 bu.
Cotton 13,329,000 bales	10,809,000 bales

CASUALTIES: Australian casualties in the British offensive against the Axis in Egypt were set at about 2,000 (mostly wounded), according to a Melbourne source.

STATIC: From Bombay, India, came a dispatch that police had seized a broadcasting station said to be operated secretly by members of the All-India Congress party.

LEND-LEASE:

Still Up

Even while the United States was undergoing the huge task of preparing for the North African invasion our allies were getting even more lend-lease aid than before. This fact was revealed by President Roosevelt when he announced that amount of goods and services furnished the other United Nations last month increased one-third over any previous month. A record-breaking \$915,000,000 worth of lend-lease was chalked up in that period.

This, the President indicated, should convince all that the Axis was wrong in assuming that our aid to the United Nations would decrease once we began a strong offensive action. Also, said the President, our lend-lease aid will not decrease in the future. Production schedules are aimed at supplying both the needs of military forces and many of the needs of the United Nations.

Among items which did not show up in the cold figures of the report was news that before the U. S. aircraft carrier Wasp was sunk, that ship had carried two priceless loads of British Spitfire fighting planes to Malta and that American engineers and soldiers are expanding the capacity of railroads taking supplies into Russia.

The President pointed out that two-thirds of the goods were military items, including large numbers of planes and tanks that helped turn the tide in Egypt and to hold the lines in Russia.

DARLAN:

Legal Authority?

The status of the French fleet at Toulon appeared unchanged as the Vichy radio reported that a large number of French troops had arrived to occupy the city.

Although Adm. De La Borde, commander of the Toulon naval squadron, renewed his pledge of allegiance to Marshal Petain, crews were reported unable to leave their ships, indicating Axis mistrust of the sailors. A Nazi broadcast said that "all strategically important points on the Mediterranean coast of southern France are now protected by German and Italian arms."

Adm. Jean Darlan and the Vichy government continued their bickering over which is the legitimate authority in French North Africa. Darlan, over the Morocco radio, proclaimed that his authority is legal because it came from Marshal Petain himself. He pointed out that

ADMIRAL DARLAN Takes North African reins.

whatever the marshal might say now should not be heeded "because he (Petain) is unable to let the French people know his real thoughts.

Darlan, in one of his first demonstrations of power, appointed Gen. Henry Giraud commander in chief of French forces in the region. Vichy radio replied with an order attributed to Petain "prohibiting" French colonial troops from obeying Giraud. Also it was stated that Giraud "broke his officer's word and thus lost his honor. He received his self conferred title of commander from a foreign power."

London dispatches said that the appointment of Darlan was unpopular there because he worked to assist the enemies of Britain and America since the fall of France. Hope was expressed in some quarters that Darlan's assignment was only temporary.

DOUBLE FEATURES:

Dim Out?

Meeting in New York city, the motion picture National Board of Review passed a resolution recommending theater owners suspend double features for the duration "as a saving of time, critical materials and manpower needed for winning the war."

Previously, Lowell Mellett, chief of the Office of War Information Bureau of Motion Pictures, had appeared before the board asking for the elimination of double features.

"The habit of sitting three or four or even more hours, with one's mind afloat in a fictional world, hardly equips the American population for the serious job of dealing with real life. That way lies degeneration rather than growth. And we must grow. We must grow into a people competent to win this war," he said.

Mellett also said that his bureau is trying to help the American public see what the war means to them. This is done through and with the co-operation of newsreel editors and with Hollywood producers of features and shorts

SNAPPY FACTS ABOUT RUBBER

In the modern automobile there are 22.5 pounds of rubber in addition to the used in tires and tubes.

Last summer's national scrap rubber drive brought out 6.57 pounds per capita. Even this quantity amount represented only a scraping of the surface of the scrap lining the backyards, cellars and attics of the country.

There are some 3,055,000 miles of roads in the United States of which 40% are of the surfaced highway type. More improved roads than any other country in the world.

There are more than 10 motor vehicles for each mile of highway in the United States. For every 100 Sunday's made this ratio seem like 10 cars to each 100 feet of road.

In 1940 it was estimated that the market value of passenger cars in the U. S. was \$7,200,000,000; trucks had a value of \$1,100,000,000.

Pull the Trigger on Constipation, with Ease for Stomach, too

When constipation brings on discomfort after meals, stomach upset, bloating, dizzy spells, gas, coated tongue, and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those lousy bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking. For years, many Doctors have given pepsin preparations in their prescriptions to make medicine more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin. See how wonderfully the Laxative-Senna wakes up lazy nerves and muscles in your intestines to bring welcome relief from constipation. And the good old Syrup Pepsin makes this laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant family laxative. Take Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin, as directed on label or as your doctor advises, and feel world's better. Get genuine Dr. Caldwell's.

The Gulf South MEANS BUSINESS

Gulf South skies are vibrant with the roar of motors. There is a quickened pace of industrial activity as airplanes, guns, ships and shells pour forth from huge assembly lines. Men in khaki and men in blue are everywhere. Civilian Defense classes have waiting lists. War Bond drives exceed quotas.

Every man, woman and child in the Gulf South, joined with all America, is meeting the challenge. They are answering with the might of all our natural resources and speeded production. They are determined that no dictator shall rob us of our precious heritage... the right to life, liberty and happiness.

Natural Gas, a part of our great industrial army, has never worked so hard as now. Our facilities—more than adequate in peacetime—are now taxed to the utmost to meet the greatly increased demands of war. Because of these greatly increased demands and because building of pipe lines must be kept to a minimum to conserve steel, all of us can help by careful use of this precious fuel. The Gas you save will help build more armaments for Victory.

... while
all America gives Thanks
for a bountiful harvest
in
WEST TEXAS

You: Yes, West Texas is contributing much to the war effort. Food, cotton and wool for clothing men in the fighting forces. The whole world can be thankful for a bountiful harvest in West Texas. But, what do you mean, Reddy, "on KP duty"?

Reddy: This is the first wartime Thanksgiving Day. Many people will observe it over the country by working, turning out the weapons of war. Our power plants will be on the job as usual, providing electric service for your home and business, and for Uncle Sam's Army camps and for war industries—

You: I see! On KP duty, too!

Reddy: Yes. Electric service is doing Kitchen Police duty EVERY day. And since the factories that used to make appliances now are doing war work, everybody should take good care of what they've got. Keep them repaired and in good working condition—

You: But suppose they break down... repairmen are hard to find and new parts are scarce.

Reddy: In that case, call the West Texas Utilities. Our service department has arranged to help out in emergencies.

You: Thank you, Reddy. I guess we can be thankful for you, too!

Reddy: Well, we can ALL be thankful for the American system of FREE enterprise under which any man or woman is free to create a business that fills a particular need in this or any other community, just so long as they give the best possible service at the lowest possible cost to the most people, pay taxes in support of the government, and contribute to the growth and development of the community.

You: Right! That's the West Texas way... the American way... of doing business!

METHODIST CHURCH

The Annual Conference of the
Methodist Church, which met at
Sweetwater, Texas Nov. 11th re-
turned the pastor, G. R. LeMond
for another year. Last Sunday
was the first Sunday of the new
year. Prospects for the year are
bright. The attendance Sunday
was not all that it should have
been but several attended in spite
of the disagreeable weather and
sickness. We are here to give
our best another year, and hop-
ing that we may be of service in the
community. You are always a
welcome worshiper at the
Methodist Church. Services
will continue as before; Church
School at 10, Preaching at 11
and the Young People's Service
in the evening at 7, the Juniors
at 7:15 and Church at 8. You are
cordially invited to attend all of
the services.

The regular meeting of the
Womens Society of Christian Ser-
vice met in session Monday a ter-
noon with Mrs Ross Adamson as
leader. The business session
was opened by reading of min-
utes. Some corrections were
made and they were approved.
Old business attended and finish-
ed up, attention was called to the
Harvest day meeting to be held
this Friday in Memphis. Mem-
bers are invited to attend. Sum-
mary reports were discussed and meth-
ods of disposal of certain phases
of the year work reviewed for
our next meeting will be in a
fifth Monday. Election of offi-
cers will be in order. All 41
members are urged to be present
at 8:30 Monday, after-noon.

The meeting was turned over
to Mrs Frank Kendall for the de-
votional. The sweet truths of
the abiding values of life were
very touchingly brought out by a
little skit in which various mem-
bers took part. These values
were represented by stars that
forever shine keeping alive Chris-
tianity and its work. Hope, faith,
fellowship and love were repre-
sented in the skit by cooperative
work of Christian workers of all
nationalities. The singing of an
appropriate song by the members
and closing prayer offered by
Mrs O. R. LeMond brought the
meeting to a close.
