## Lions Membership Drive News from Our Soldiers

Under the Melvin Jones Birth day Plan the local Lions club have started a membership drive for the month of January. The membership is divided into two groups the Army and Navy. Clifford Johnson is the Army's General and Charles Reins the Admiral of the Navy. The side getting the most members will be treated to an oyster supper by the losing side.

The Lions Club have accomplished a great deal since their organization last May. Anyone interested in the betterment of Hedley and the community should be a member. The next meeting of the club will be Thursday, January 14, at the club new meets on the second and fourth Thursdays of each month in the basement of the Methodist Church. Any of the members will be glad to take your application to become a Lion.

### Red Cross Notes

A new shipment of work has arrived. The Red Cross room will be open Saturday from 8 to 5 P.M. and get the work.

For Lease—160 acres farmland government check included. R.R. 914, Hedley.

Lost—Small solid white pig. J. H. Bridges

Is your Informer subscription paid up? Come in and renew your subscription today. Only \$1 per year.

### W. S. G. S.

The W. S. G. S. held its regular weekly meeting in the Methodist Church basement Monday evening. The meeting was called to order by the president. Old business included the box to be sent to Wesley House at San Antonio, serving of Lions Thursday and completion of drive for subscriptions to Hollands magazine and McCall's. A very good record was set by Mrs. Masterson working upon subscriptions. \$26.50 was reported as total taken in on 48 subscriptions. New business included raising janitors wages, for extra work after Lions meetings, appointing special committee to provide regular programs for each meeting agreement on a social meeting once each quarter, further taking of pledges by those not pledged, reports on disbursement of some funds, buying society's quota of sugar, etc.

The society was fortunate in selecting Mrs. G. O. Hill as chair man, with Mesdames Whitfield Pyle, Kendall and Adamson as aides on Spiritual Life program committee. The meeting was turned over to the Secretary of Missionary Education who opened the devotional with song, "Meet Jesus Near the Cross-Alone" "suffering as expressed in Psalms," was the theme of the devotional. Responsive reading of no. 808 in hymns preceded a review of a number of chapters in the Psalter. It was noted that 90 out of 106 of the Psalms take suffering as their central theme. This phase of the work was closed by prayer offered by Mrs. W. Hill. We hope that a greater percent of the forty odd members will come out and help put this organization through a beneficial and useful year. Visitors are always welcome.

Pvt. John S. Mitchell now stationed at Jefferson Barracks, Mo has recently received appointment as aviation cadet. He is now at home on furlough.

M. L. Sims of the Air Corps is at home on leave from Colorado Springs.

Sgt. Willis Thomas of Ft. Sill is visiting home folks.

Gerald Bland is at home on furlough from California.

Have you renewed your Informer subscription yet? Let's start the new year with a clean slate.

Lost—bunch of keys on key ring. Small reward.

Mrs. Ed Kinslow

### Hedley School News

Since the first of December 4 families have moved into our district; the Mitchells, the Wynns, the Atteberrys, and Vincos have more than made up for our losses at moving time.

Cotton has been extremely cruel to the South. Indirectly it caused a war in which many thousands of the best youth of the South perished. It caused at the same time an element called "poor white trash" of the South. The labor to produce cotton is the most slavish of all trades. People have become slaves to the industry. Our children are now losing hundreds of thousands of school days every month because of cotton. In the Panhandle, in fact in all the South, thirty percent of our children are from three to four years behind in their studies on account of cotton.

Is it worth it? Aren't our children as deserving of an education as any? What can we substitute for the cotton industry. Some thing must be done.

Jim James

### Hedleyan Joins WAAAC

Mrs. Golden D. Johnson, wife of Albert L. Johnson, who is in the army, enrolled last week end in the Women's Army Auxiliary Corps at the Lubbock Army Recruiting Station. She is the daughter of Mr. and Mrs. John D. Dickson of Hedley. Mrs. Johnson is the second Hedley girl to enlist in the WAAAC, Miss Imogene Bell of Clarendon being the first.

### Price-Power

Pvt. John W. Price and Miss Oma Virginia Power were quietly married at the Methodist parsonage Monday evening by Rev. O. L. LeMond, in the presence of the parsonage family and a few friends of the couple. Pvt. Price home is in Kingsbury, California, but he is stationed at present at Ft. Benning, Ga.

Mrs. Winfred McPherson visited her husband at Abilene last week end.

### NOTICE

Everyone in Hedley and vicinity who has a boy in the service is requested to bring in his photograph, in uniform if possible, together with data concerning his rank, branch of service and location, to the Informer office or to Miss Ruth Richerson. These pictures are to be published in the Amarillo News.

**Hot Light**

Light is a phenomenon which manifests itself when matter reaches a high temperature. Obviously when energy is employed in heating a substance just in order that it shall give light, there is waste of energy when heat is produced also. An ordinary electric light bulb is hot to the touch when it is activated by an electric current. And the heat it generates is wasted energy.

Science has worked for generations on the problem of producing light without at the same time producing unwanted heat. The cold light given out by a glow-worm has not yet been even approximately copied by our science.

**Sentinels of Health**  
Don't Neglect Them!  
Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of excess of toxic impurities. The act of living—life itself—is constantly producing waste matter the kidneys must remove from the blood if good health is to endure.  
When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging headaches, persistent headache, attacks of dizziness, getting up at night, swelling, puffiness under the eyes—feeling nervous, all worn out.  
Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.  
The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use **Doan's Pills**. They have had more than forty years of public approval. Are endorsed by the country over. Insist on Doan's. Sold at all drug stores.

**WEEKLY NEWS ANALYSIS**

**Soviet Offensive Stretches Westward; French Cooperation in North Africa Paves Way for Unified Allied Campaign; Fierce Buna Battle Marks Pacific War**

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)  
Released by Western Newspaper Union.

Gen. Henri Giraud, newly designated high commissioner of French North and West Africa, reviews American fighters soon after his appointment as successor to Admiral Darlan. The appointment of the French general, known for having twice escaped the Nazis, did much to satisfy the elements discontented over the "deal" with the assassinated Darlan.

**AFRICA Cooperation**

World-wide cooperation of all French leaders not captives of the Axis powers was deemed almost a certainty when Gen. Henri Giraud, successor to the assassinated Adm. Jean Darlan, as high commissioner of North Africa, named Gen. Alphonse Juin as commander in chief of the French forces in Africa.

Jun commanded French African forces at the time of the Allied occupation in November and had since been collaborating with the pro-Ally French regime.

The previous appointment of Giraud had a unifying effect which was missing under Darlan. French North African civil and military forces rallied around the new commander, as did Gen. Charles de Gaulle, leader of the Fighting French, who would have no part of Giraud's predecessor.

**Battle in Tunisia**  
Although the Allied North African headquarters acknowledged that British and American forces had withdrawn from a hill position six miles northeast of Medjez-el-Bab—which they held for less than a week—competent observers said that the Allied position as a whole was not materially affected.

In another area of operations it appeared as though Field Marshal Erwin Rommel was intent only on getting his broken Africa Corps to Tunisia for the Axis final stand on the African continent. Rommel had three possible lines of defense on the Libyan coast. But British eighth army patrol broke through the first one at Wadi el Chebir, 55 miles west of Sirte and 185 miles east of Tripoli. Rommel's chances were lessening. Had above all, the Middle Eastern command appeared confident.

**Plot Nipped**  
An assassination plot against Giraud and Robert Murphy, President Roosevelt's minister to French Africa, was nipped in the making when Giraud announced the arrest of 12 persons, including two who helped the American landing at Algiers.

Brief initial dispatches said that Giraud has announced that 12 persons were arrested to prevent "further assassinations." He said that "it is better to prevent than punish" and that those arrested were not going to be shot.

**RATIONING: Little Hoarding**

Despite the fact that more than 200 canned food items will be rationed soon, American housewives have made very little attempt to stock their cupboards in advance, Office of Price Administration spokesmen have pointed out.

The absence of hoarding was due to two factors. Consumers must declare all canned goods on hand, on the basis of which deductions will be made for the ration points allotted each person; the feeling that hoarding would be emphatically unpatriotic kept many a person from ordering more than the usual supply of foodstuffs.

Even though a tremendous printing job is yet to be completed, OPA officials expressed hope that the point-rationing program would get under way some time in February.

**DRAFT: 3 1/2 Millions in '43**  
Approximately 3 1/2 million men—18 through 44 years old—will be called to the armed forces during 1943, draft officials have announced. They will be called at an average rate of 250,000 a month.

About half of the quota will be drawn from the 18 and 19 year olds who complete registration in December. The other 1,750,000 will be childless married men since the pool of unmarried men available for military service is practically exhausted.

**ANOTHER LESSON: For Adolf**

Last winter Adolf Hitler learned his first lesson about Russian winters: That they are plenty cold and plenty inhospitable. This year he is learning another lesson: Russian soldiers fight equally well (and in some cases better) in winter as in summer.

Russia's drive on the southern flank of the vast eastern front has now reached proportions of a major campaign. As the Nazi forces fell back before Rostov, Soviet troops had succeeded in capturing Kotelnikowski—a vital link in German positions and a point which Hitler had commanded to be held at all costs. Ninety miles below Stalingrad, loss of this point meant the extermination of Gen. Hermann von Hoth's sixth army—or what remained of its 22 divisions surrounded near Stalingrad.

What was even more important, however, was that the net was closing more surely on the million Nazis in the Caucasus. With Rostov's capture Adolf would have a sad looking report card and his next lesson in Russian would begin.

**CHINESE MISSION: Ordered Home**

Gen. Hsiung Shih-fei, head of a Chinese military mission to this country, and a majority of his staff have been ordered home by Generalissimo Chiang Kai-shek, it was announced in Washington.

The mission was sent here 10 months ago to contact the joint Anglo-American military staff and to confer with U. S. military officials.

Chinese sources said the return was prompted by the apparent decision of the joint staff to concentrate the efforts of the United Nations on sectors other than the China front. Dissatisfaction in Chungking was reported over what it considered the minor role assigned to China in Allied strategy. It was said that Hsiung and his colleagues have decided there is no likelihood of a large scale offensive against Japan in the near future. The closing of the Burma road was an important factor in the Allied-China plan of strategy.

**SOUTH PACIFIC: Advance in Buna**

Japanese tenacity was nowhere in greater evidence than on the bitterly fought Buna front in New Guinea. Allied headquarters spoke repeatedly of advances against stubborn Japanese resistance.

Striking at Jap coastal fortifications, ground troops eliminated a triangular enemy stronghold of 13 bunkers, then were forced to beat off a counterattack. The desperately defended bunker triangle, approximately 1,500 yards from the coast, had been bypassed earlier in the Allied drive toward the Buna government station. It was surrounded several days before, after tanks and infantry had gone ahead to smash through to the coast and thence turn west to advance on the Buna air strip.

Up the coast from Buna, Allied bombers hit at the Lae airdrome and at Kavieng in New Ireland. Fires were started at both places. Bombers also struck at the Gasmata airfield in New Britain.

**GANGSTERS: Action in Chicago**

Described by J. Edgar Hoover, FBI chief, as the toughest mob in the nation, Chicago's Roger Touhy gang, which escaped from Illinois Stateville prison in October, was rounded up by the G-men. Five of the seven who escaped were taken alive while the other two died under FBI bullets when they tried to escape a carefully prepared trap. Hoover personally led some 50 G-men in the final round-up of the criminals.

**TAXES: Record Year**

Early on the agenda of the new congress was consideration of some form of pay-as-you-go tax payment plan. There were increasing indications that one of the many proposed methods for meeting this year's income tax out of this year's income would be adopted.

Most widely discussed was the program advanced by Beardsley Ruml, New York Federal Reserve bank official. Under this setup one year's taxes would go by default, and taxpayers would meet 1943 taxes out of 1943 income rather than pay 1942 taxes this year.

Well might congress study tax plans because this year brings increased income tax rates, the 5 per cent Victory Tax and larger levies on many everyday living items. And the treasury department indicated that to meet the rising cost of war even greater sacrifices may become necessary. But U. S. citizens were taking the new situation in stride. Most people realized that it takes a great deal of money to win a modern war.

**GIFT: Of 20 Million**

In 1939, Walter P. Murphy, head of the Standard Railway Equipment company, gave Northwestern university \$6,735,000 with which to establish a technological institute on the Evanston, Ill., campus.

When death came to Walter Murphy on December 16, 1942, he had not forgotten Northwestern. A provision of his will, announced at the end of the year, gave the university more than \$20,000,000 to develop, maintain and operate the technological institute. Beyond this restriction the will placed no limitation on the use of the bequest.

The gift raised Northwestern university to fifth place in amount of endowment among the universities of the country. Harvard, Yale, the University of Chicago and the University of Rochester lead.

**DRINKING: And the Army**

Drinking conditions in and around army camps do not constitute a serious problem for officials, according to a report made by the Office of War Information after an extensive coast-to-coast investigation. This survey was undertaken to determine what truth if any there existed for some of the rumors among U. S. citizens about excessive drinking among the nation's armed forces.

In all U. S. history, the OWI says, no army has been so orderly.

The sale of 3.2 beer in army camps is described as a "healthy and sensible" arrangement. This is listed as the main reason for the vastly less amount of drinking by soldiers in this war as compared to World War I.

**Security Planner**

Pictured with his wife, Sir William Beveridge attends a luncheon at the Savoy hotel, London, in the interest of his social security plan. Sir William is the author of a financial assistance plan which protects the people of Great Britain from the cradle to the grave. It has received considerable publicity in the United States.

**MISCELLANY:**

**RECORD:** American shipbuilders in 1942 turned out a record number of 750 merchant vessels, totaling 8 million tons, according to the National Council of Shipbuilders.

**STRIKES:** Man-days lost from war production as a result of strikes dropped to 91,925 in November—the lowest since Pearl Harbor.

**SALVAGE:** A Jap radio broadcast reported that engineers had refloated and repaired an 11,000-ton U. S. floating dry dock which it said American forces scuttled last April at Fort Mariveles, Batan.

**IMPREGNABLE:** According to French radio reports, Adolf Hitler has nearly finished construction of a "new, impregnable Siegfried line" along the Atlantic seaboard of France.

**ORDER:** The Finnish Information Center in New York has been ordered by the state department to cease issuing news releases and pamphlets, and the American legation in Helsinki has stopped sending out bulletins. This development followed reports that Finnish officials joined in a toast to the Japanese Pearl Harbor success.

**ON THE HOME FRONT**  
with RUTH WYETH SPEARS

THIS is the story of an old couch that became glamorous and played a conspicuous part in a charming sunny living room. The transformation started with a heavy cotton twill fabric in a soft tan tone to match the background color of the hooked rug that you see in front of the couch. It was decided not to use any contrasting trimming but to accent the clean-cut box-like edges outlining the couch pad and cushions with a second seam on the outside.

When the smartly tailored cover was completed it was fastened

Do not open a window and let cold air blow in directly on plants. But a window on the opposite side of the room should be open at the top to give plants sufficient air.

firmly in place with zippers of the type that come apart at the bottom—one side being stitched to the seam allowance of the cover and the other sewn to the couch pad. Next came the stiff cushions to stand up at the back. These were made with an inside core of newspapers tightly bound together with muslin bands and then padded with cotton batting, as shown.

NOTE: Directions for making the hooked rug in this sketch may be found on page 14 of your copy of Book 5. Directions for making the spool table at the left of this sketch are also in that book. **Budget That Meat, Serve Delicious Stews**  
(See Recipes Below)

**Stretch That Meat!**

Today most of you homemakers and the meat situation actually testing your mettle. In your trips to the butcher's you may find many cuts of meat you haven't used often in the past, and less and less of the cuts you know how to use and that your family has eaten rarely. But those are the meats available for your menus, and thus I'm going to give you some first aid in preparing them.

Fortunately, the cheaper cuts of meat, along with liver and kidneys and the other entrails not included in the meat rationing program are as rich in proteins and minerals as their better known relatives. Cooked correctly, they can become as popular.

"Extend the meat" should become the motto of every family for the duration. The way to do it is to include unrationed cuts plentifully through the menus, use cereals and meat extenders such as oatmeal and bread crumbs on rationed cuts, and substitute fowl and cheese in the menu for steaks and chops as often as possible.

Veal kidneys combine with beef in this especially delightful and nutritious stew—and stretch that beef to serve eight people. It's a colorful main dish with bright carrots and button mushrooms:

- \*Beef and Kidney Stew. (Serves 6 to 8)  
3 veal kidneys  
1 pound beef, cut in strips  
1 cup sliced carrots  
1 cup sliced onion  
1 cup cubed potatoes  
1 cup sliced or button mushrooms  
2 tablespoons Worcestershire sauce  
1 tablespoon salt  
2 tablespoons chopped parsley

Remove skin and fat from kidneys; soak in cold, salted water for 1 hour; cover with cold water; bring slowly to boiling point. Drain; cut into small pieces. Roll beef strips in flour; brown in hot fat. Add 4 cups stock from kidneys and cook 30 minutes. Add kidneys, vegetables, sauce and salt. Cook 30 minutes. Add parsley. Thicken if desired.

Have you done much with liver? Then you know it is a dish of distinction, worthy of being served even on special occasions:

**Lynn Says:**

The Score Card: Citrus fruits, apples, Hubbard squash or acorn squash offer bargains during the cool crisp months. Include them in on your menus.

What to do about those recipes calling for whipped cream? You can use a little of the cream off the top of the bottle, if you chill it well for a day or so, and chill the bowl which you use for whipping . . . and the beaters too. Some of the brands of canned milk will also whip, if they're well chilled, along with the bowl and beaters.

If you're unable to obtain chocolate or cocoa sometimes at the grocer's, use victory type of cookies utilizing honey, corn syrup and the wheat flour for darker cakes.

Inexpensive delicacies to help you on the slender meat-rationed days: boiled, baked tongue with raisin or cranberry sauce; pigs feet; oxtail soup; hocks; brains; tripe with broiled mushrooms.

¼ teaspoon pepper  
1 teaspoon celery salt  
2 beaten eggs  
½ cup liver or chicken stock

Cover liver with hot water and simmer 5 minutes. Drain liquid to use for stock. Force liver and onion through food chopper. Add remaining ingredients. Form into a loaf in a pan and bake in a moderate oven (350 degrees) 45 minutes. Serve with broiled bacon or tomato slices, if desired.

**Rice With Pork Liver.**  
(Serves 6)

- 1½ pounds pork liver, sliced  
4 strips bacon  
¾ cup rice  
3 tablespoons chopped parsley  
2 or 3 sliced carrots  
2 sliced onions

Fry the liver with the bacon until brown, then add rice which has been soaked in water for a half hour. Cover with hot water or chicken stock, add parsley, carrots, onion, salt and pepper to taste. Simmer slowly until tender, about 40 minutes.

Oatmeal is an excellent source of the B vitamins and proteins and therefore makes an excellent meat extender. Here it's used to make that meat go further:

**Meat Loaf.**  
(Serves 8)

- 1½ pounds of beef or beef and pork combined  
¾ cup onion, minced  
1 cup oatmeal  
1½ teaspoons salt  
¼ teaspoon pepper  
¼ cup catsup  
1 egg, beaten  
1 cup water  
1 teaspoon poultry seasoning

Combine all ingredients and blend well together. Pack into a loaf pan. Bake in a moderate oven (350 degrees) about 45 to 50 minutes. Serve with the following sauce:

- 2 tablespoons butter  
2 tablespoons brown sugar  
¼ teaspoon dry mustard  
½ cup catsup  
1 teaspoon Worcestershire sauce

Melt butter in skillet, add remaining ingredients, heat through, and pour over meat loaf when baked.

Some time ago shortening was unintentionally omitted in the list of ingredients for the following cookie. Here is the corrected recipe:

- \*Oatmeal Drops  
2 cups 3-minute oats  
¾ cup shortening  
1 cup corn syrup  
½ cup flour  
1 teaspoon soda dissolved in 4 tablespoons boiling water  
¾ teaspoon nutmeg  
1 cup chopped raisins

**SNAPPY FACTS ABOUT RUBBER**

In exotic wealthy natives with comely wives paint their faces red—this is the separation of the sexes. This will obviate motor trouble.  
The rubber tapper, or serapiou, in Brazil lives partly off the forest he searches for wild rubber. A shoe and moccasins are his traditional equipment.  
Some 100,000 negroes of Georgia believe that the best cure for rheumatism is to sleep with an alligator around the waist.  
When the tires are run-in, the tire carries most of the load, while the tread abnormally and fairly due to the generation of heat in its contact surface.  
It is estimated that the average tire carries 12 per cent of its weight in road yields about ½ of its original weight in reduced rubber.

In a basket ball game Friday night between Lakeview and Hedley, both teams from Lakeview were winners. Hedley will meet Lakeview Friday night Jan. 22 on the latter's court.

Goodnight will hold a tournament there next Saturday at which Hedley, Goodnight, Lakeview, Leila Lake and other teams will contend for places.

Mrs. Myrtella Deahl is substituting in the Hedley High School in the place of Mrs. Tidwell who resigned last week.

Strayed—small, black, two year old filly. Finder notify Walter Johnson, 1 1/2 miles west of Hedley.

Wayne Latimer and Foster Pickett were painfully bruised Sunday when their car overturned on the highway west of town.

### NOTICE

Following are instructions from the Linn Club on the proper way to save tin cans:

Remove label, rinse can out, cut out both ends and piece inside. Then flatten can and store in dry place.

Each can has 1 1/2 to 2% tin content and it is possible to salvage 1%.

Tin now heads the list of critical metals.
