

## MY TURN

By  
Carol Ellis

**MY FRIEND** Betty Louise Rector was recently introduced to the computer world. It inspired her to take PC in hand and compose the following little essay, which has been shortened to fit this space:

### "Does It Compute?"

By Betty Louise Rector  
Ah, the age of electronics. We have TV, videos, bread makers, microwave ovens, electronic keyboards that sound like an entire orchestra, and now the PC (personal computer).

I decided a computer was a must in life, so while in Austin with Roy Don, Sherri, Tara and Ty, I made my desire known. Roy Don immediately said "Let's go shopping, Mom." We looked at new ones, used ones, big ones, little ones, EGA, VGA, MS-DOS, CPU. It began to sound like a new foreign language. We finally found our dream computer in the newspaper classified ads! It had a monitor, CPU, a printer, was only two years old, and suited my pocketbook. When the seller threw in 1/3 box of paper, I knew I had a real bargain.

I left my new prized possession in the hands of Roy Don who spent three weeks programming it for me "in a manner that any kid could run it." Then Larry, Sharon and Jason went to Austin to see Janet, and brought the computer to Friona for me. Very smart move---no shipping charges.

My very own computer! Now I could write letters, print them, make greeting cards, banners, an address list of all our Winter Texan "snowbird" friends and kinfolk. I even had a book entitled "DOS For Dummies" which would tell me everything I needed to know.

After wrestling with a bunch of cables that looked like they came from outer space, Sharon and I got the PC set up, plugged in, turned on, and guess what... it worked! A screen came up with the message "Call your loving daughter-in-law and tell her thanks for giving up her husband so he could set this thing up for you."

I was ready to compute! First I typed a letter, spell checked it (yes, a PC will even correct your misspelled words) and printed it. Now you tell the computer to save your "document" or destroy it, so I did... the wrong way! I completely destroyed the entire file. There was nothing on the screen... total black! PANIC! Call son quick! "No problem, Mom, just get your DOS backup disc and I'll talk you through it." So, sure enough, 10 minutes later, all was well and I was back in business.

"DOS For Dummies" wasn't enough, so I bought a book called "Friendly DOS." WRONG! There is no such thing as friendly DOS. It is a sneaky, underhanded, stubborn, conniving skunk! It allowed me to program my new game, but refused to let me play it. It would say things like "bad command" and "no file found."

I could never stand the thought of a mouse in the house and have been known to wake the whole family up at 2 a.m. to help chase a mouse with brooms until we got the rascal. But then I learned that I must actually go out and BUY a mouse, and to make matters worse, he has to be programmed to work. I thought a mouse just ran around doing his little thing after you plugged him into your computer.

So now what do I do? Call Bi-Wize and order a year's supply of tranquilizers, say to heck with the computer age, keep trying until I get it all figured out, or just simply pull my hair out? For the sake of sanity, I decided to forget about playing that game and just work on my typing and letter writing, and wait 'till Christmas when Roy Don might come home and reprogram it for me so I can just punch A,B,C and get exactly what I want.

In the meantime, I have fallen in love with my PC and go around with a dazed look. When asked a question I usually reply "It does not compute!"

## Registration Slated For Bovina Schools

The summer is rapidly coming to an end for students in Bovina Schools, as the first day of school will be Thursday, August 19.

An in-service day for new teachers will be held on Tuesday, August 17, and all staff members have an in-service day on August 18.

The starting and dismissal time for the 1993-94 term will be changed somewhat. Classes will take up at 8:10 a.m. each day, and school will dismiss at 3:35 p.m. This is about ten minutes later than the school day has run in recent years.

Registration will be held next week for students who will be new to Bovina Schools, and details were announced this week by the various school principals.

Sue Nuttall, high school principal, said that students who have not previously registered may come by the school during the week of August 9-13 from 9 a.m.-3 p.m. to register for classes.

Students new to the district are encouraged to register for classes, and are asked to bring grade records and their social security numbers.

Students not able to sign up during the daytime may register at night. The junior and senior students may register Tuesday night from 6-8 p.m. and freshman and sophomores can register Thursday night from 6-8 p.m.

Junior high school students may likewise register next week during the daytime at the school, says Brenda Wilson, principal.

And new elementary students to the district are being requested to register at the elementary office by

principal Darla Sealey, between the hours of 9 a.m. and 3 p.m.

This will include students in grades pre-kindergarten through fifth grades.

\*\*\*\*\*

The school calendar for 1993-94 contains 174 days for instruction. There are five in-service days for teachers where the students will have a holiday during September

and October.

School will dismiss for two full weeks for Christmas and New Year's, from December 20 through January 2.

There are two bad weather dates, situated around the Easter holidays, March 31 and April 4.

The complete school calendar may be found elsewhere in this issue.

## Fire Department Has New "Jaws Of Life" Tool

The Bovina Fire Department has purchased a new Jaws of Life, to be used when the need arises. It is the first Jaws of Life for the department to own.

Jessie Stone, Fire Chief, explains that prior to securing this new tool, if they had need of an implement, they had to call the Friona Fire Department and borrow their Jaws of Life.

"Naturally, we hope we never have to use it," said Stone. "But it will be nice to have our own 'Jaws' whenever the need should arise."

The implement is used to cut open vehicles which become crushed to the extent that doors cannot be opened regularly following wrecks, in order to extricate accident victims.

The cost of the Jaws of Life was \$6500.00.

The Bovina Fire Department is now in the midst of a fund drive to purchase a new fire truck, which is expected to cost in the neighborhood of \$50,000.

"All donations will be appreciated," Stone said.

## Bovina Elementary School Supply Lists

With the start of school just around the corner, the teachers at Bovina Elementary School have given us a list of school supplies your child will need to have in their possession for the first day of school.

Lists are also posted at K-Mart and Wal-Mart in Clovis and Pay-N-Save in Bovina.

Items needed are as follows:

**Kindergarten--8** Crayons (not jumbo size); 1 Elmer's school glue; 1 pair safety scissors; 1 set water colors; 1 box Kleenex; 2 pencils; 1 folder with pockets; and small rug or towel for rest time (no plastic mats please). Please label each child's article with the child's name.

**First grade--2** pencils (#2 lead); 16 Crayons; sharp pointed scissors; Elmer's school glue; pencil box; back-pack, satchel or book bag; coloring book; Prang water colors; and large box Kleenex.

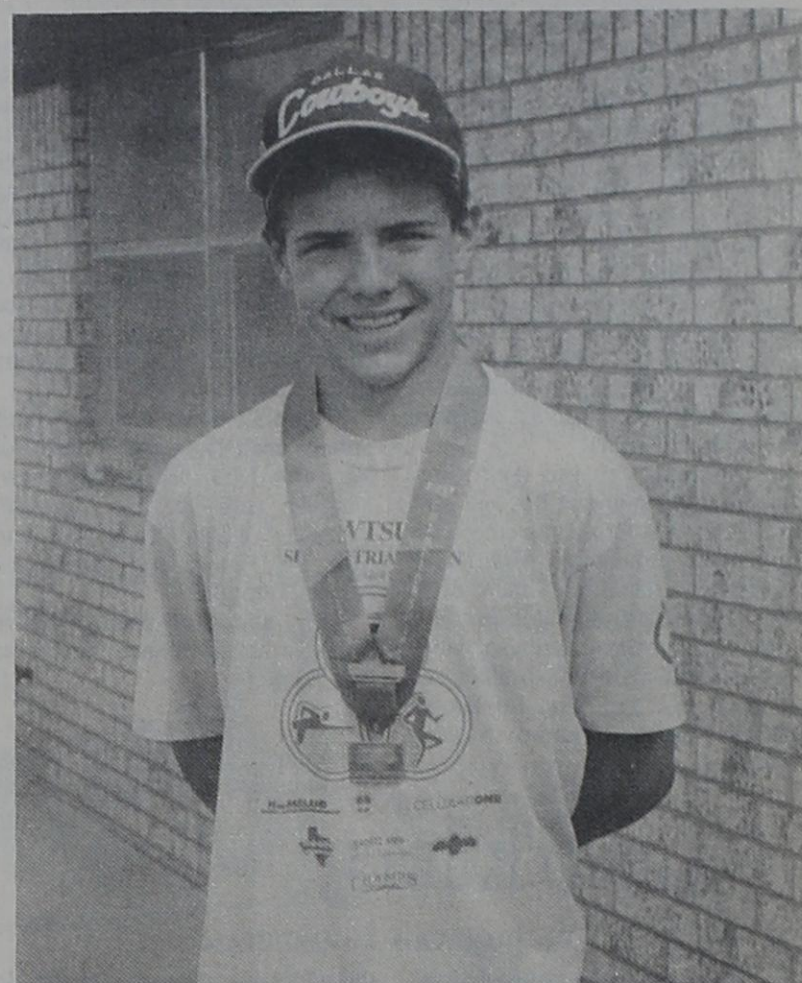

**Second grade--notebook** paper (not college ruled); 2 pocket folders; 2 pencils (#2 lead); Crayons (at least 16); large bottle Elmer's school glue; eraser; large box Kleenex; sharp pointed scissors; ruler (inches and CM or MM);

school box; 1 three-subject spiral notebook; 3x5 lined index cards; file box for cards; and index divider cards.

**Third grade--pointed** scissors; Crayons; Prang or Crayola brand water colors; small bottle Elmer's school glue; 1 eraser; 2 pencils; 2 red pens; notebook paper (not college ruled); 1 wide-line spiral notebook; 1 stenographer's notebook; 1 small box Kleenex; and 1 bar of soap. (If you have any of the above items left from last year, please use them.)

**Fourth grade--wide ruled** notebook paper; 4 spiral notebooks (70 page); 12 pencils (#2 lead); map colors; Crayons; sharp pointed scissors; Elmer's school glue; 12 inch ruler; Kleenex; 2 folders with pockets; and eraser.

**Fifth grade--6** pencils; 2 pens (blue or black); 2 red pens; Crayons; Elmer's school glue; 1-12 inch ruler with metric and standard measurements; sharp pointed scissors; large box Kleenex; markers, 3 spirals; 3 folders with pockets; wide-ruled notebook paper; 1 school box; 8 or more map colors; eraser; 1 roll transparent Scotch tape; 1 compass; 1 protractor; and 3 packages 3x5 index cards.

ANDY KENDRICK poses proudly with his gold medal, that he won in the national Junior Olympics this week.

## A. Kendrick Wins National PV Title

Parmer County has a national pole-vaulting champion!

Fourteen-year-old Andy Kendrick, son of Pam and Danny Kendrick, won his division of the vaulting event, at the U.S.A. Track & Field Junior Olympics, held on the L.S.U. campus at Baton Rouge, Louisiana on July 30.

Kendrick cleared 12-6 to take the win, clearing a height six inches above that of the second-place finisher, Josh Wiegand of Orange, Texas.

There were 6,000 youngsters competing in the meet, from all across the nation. Young Kendrick had 16 boys in his "Youth" division of the pole vault to beat out. The "Youth" division is made up of youngsters born in 1979 and 1980.

In his vaulting event, there were kids from New York, Ohio, Illinois and Georgia, as well as two others from Texas. There are two divisions older, and two divisions younger, in the meet.

The competition started with the pole vault bar set at 6-6, but Kendrick passed until the height reached 11-6. He missed once at 12-0, then cleared it on his second attempt.

Then, tied with the youngster from Orange, the local youngster got over the height at 12-6 on his third and final attempt to take the gold medal. If he had not cleared, he would have had to settle for second

place, since he had one more miss than did Wiegand.

The vault officials then raised the bar to 14-1, giving Kendrick a chance to break the national record for his age division. But he couldn't quite get over that height. "He almost made it on his second attempt. We thought he might go over on that one," said his proud papa, owner of Kendrick Oil in Friona and the Fast Stop station in Bovina.

Andy has cleared 15 feet in practice, but the national meet was conducted in extremely hot, humid weather at sea level, as opposed to the high, dry area that he is used to. In fact, a thermometer on the track indicated that it was 120 degrees.

The meet was conducted at Bernie Moore Track Stadium on the LSU campus.

"There was a lot of pagentry, and it was quite an experience for Andy, as it was for the rest of us," said Danny Kendrick.

Andy had qualified for the national meet by winning the regional meet at Odessa, likewise clearing 12-6, after winning a qualifying meet at Levelland, where he vaulted 11-0.

Attending the Baton Rouge meet, in addition to the parents, were his grandparents, Deke and H.K. (Pudge) Kendrick of Friona, and Don and Gladys Spring of Bovina.

## Combest: Calls Are 20-1 Against Clinton Budget

Congressman Larry Combest said Thursday afternoon that he had received over 2,000 calls from constituents in his 19th District since President Clinton's televised speech Tuesday night, and the calls were running 20-1 in opposition to the president's proposed budget.

"There have been tens of thousands of calls coming in since the speech, and the biggest percentage of the callers are against the increase. He (Clinton) was seeking support from the voters with his speech, but he isn't getting it," Combest said. The night of the speech, 10 million telephone calls came into Washington, he pointed out.

The Congressman made the remarks to Bovina Blade publisher and wife Bill and Carol Ellis in a special conference call that he instigated to "check the pulse" of his district. Other publishers represented in the conference call were at Hereford, Perryton, Brownfield, Seminole and Andrews.

Asked how he expected the important vote to come out, Combest said he was worried that the budget might pass in the final vote, but by a narrow margin.

Combest said that the budget proposals, which includes a

retroactive income tax increase, would constitute the largest tax increase in the history of the world.

"Everything shipped in this country will cost more, due to the fact that you'll use gas or energy. This will cost Texans \$3.2 billion, just on the 4.3-cent gas tax," Combest said.

The congressman said that 86 per cent of his constituents support a line item veto; a similar percent are opposed to an income tax increase.

"Most people just want government to leave them alone," he concluded.

## Post Office May Close Each Night

Laura Bartlett, postmaster, said if the vandalism in the post office does not stop, it will be necessary to begin locking the doors again at night.

Doors to the boxes have been left open all night for some time. Recently persons have been making messes on the floor of the post office and vandalizing post office boxes.

DISPLAYING 'JAWS'....Members of the Bovina Volunteer Fire Department pose proudly with their new Jaws of Life tool, purchased at a price of \$6500.00. From the left are Tony Englant, certification coordinator, Raymond Rocha, Jessie Stone, fire chief; and Haden Walling, captain.

# Reflections

...from the files of The Bovina Blade

**35 Years Ago--July 30, 1958**  
Dick Horn, 1958 graduate of Bovina High School, has been selected for a sports scholarship to Tarleton State College in Stephenville.

Six girls and women from the Bovina Methodist Church are attending the School of Missions at Lubbock this week.

Visiting last weekend in Morris were Mr. and Mrs. L.H. Pesch. They were guests in the home of Mrs. Pesch's mother, Mrs. Harriett Jane Hughes. They also visited with a sister and family, Mr. and Mrs. Jake Clifton and daughter, also of Morris. Upon their return home, they were accompanied by her mother who plans an extended vacation in Bovina.

Visiting for the past three weeks in the home of Mr. and Mrs. Al Kerby and family have been her sister and a daughter, Mrs. Mabel Evans and daughter, Linda, of El Paso. The Kerbys took their guests home last weekend and also visited in Newman with Al's brother and family, Mr. and Mrs. Ed Kerby. They returned home Sunday evening.

\*\*\*\*\*

**30 Years Ago--July 31, 1963**  
J.P. Macon, who retired from the grain business here last month, was scheduled to undergo surgery at mid-week at St. Mary's Hospital in Rochester, Minnesota.

Mrs. Mildred Davies was injured in a three vehicle accident here last (Tuesday) night. The accident occurred near the intersection of North and Fourth Streets. Mrs. Davies was driving east on North Street when her 1962 Oldsmobile struck a parked 1959 Ford, which in turn slammed into a parked 1953 Ford pickup. She was taken to Parmer County Community Hospital in Friona by Claborn Ambulance.

Visiting in the home of their parents recently were children of Mr. and Mrs. H.D. Bradshaw. Visiting were Mr. and Mrs. J.F. Bradshaw of Lubbock and Mr. and Mrs. Al Rawls and family of Atlanta, Georgia.

Mr. and Mrs. James Taylor hosted a family dinner Sunday at their home.

\*\*\*\*\*

**25 Years Ago--July 31, 1968**  
Fire destroyed the inside of the

house occupied by the Albino Lumbrera family just afternoon Sunday.

Lane Gober has been named to the Dean's Honor Roll at Texas Tech University for the spring semester.

Alan Rhodes celebrated his tenth birthday Thursday with an afternoon of baseball playing.

\*\*\*\*\*

**20 Years Ago--Aug. 1, 1973**  
Vicki Pryor was crowned 1973 Parmer County Farm Bureau Queen, Saturday night, July 28, in the Friona High School Auditorium. First runner-up was Karen Crofford and second runner-up was Diane Day.

Mrs. Lowell Boozer was honored with a surprise birthday party Tuesday of last week at a Clovis restaurant.

\*\*\*\*\*

**15 Years Ago--Aug. 2, 1978**  
Bovina High School cheerleaders left Bovina to attend the National Cheerleaders Association clinic being held on the campus of Southern Methodist University in Dallas. The girls are: Carol Ware (head cheerleader), Annette Stevenson, Debbie Whitecotton, Belinda Shelby, Darla Morris, Arlene Smith and Cathy Heard, sponsor.

Three farm workers were injured Monday as a result of an accident from high voltage.

Deputy Henry Minter solved two burglaries over the weekend that occurred at the Pool Hall.

\*\*\*\*\*

**10 Years Ago--Aug. 3, 1983**  
Coach Larry Helton and 31 boys were out for practice this week on the high school varsity football team.

A new store recently opened its doors for business. It is the Purina store and will be operated by Norbert Schueler.

\*\*\*\*\*

**5 Years Ago--Aug. 3, 1988**  
Brenda Wilson of Bovina recently participated in Confratute '88, the international conference institute on educating gifted and talented children and youth held at the University of Connecticut.

Frances Gober is recuperating after suffering a heart attack and being hospitalized for a few days in Lubbock Methodist Hospital.

Karen Kirkpatrick underwent surgery this week at High Plains Baptist Hospital in Amarillo and her condition has improved.

## Looking Up!

By RICHARD L. GRISHAM

It's a good thing to be able to laugh at yourself. (I get mass hysteria everytime I stand before a mirror! Ha!) Several years ago, after hearing all the "bald" jokes and wise-cracks, I set down and wrote the following article in defense of baldness.

### ADVANTAGES OF BALDNESS FOR MEN

(I can think of no advantages of being a bald woman!)

Although many people think of baldness as a bane, it can actually be a boost! And here are 21 reasons why.

1. Bald men have less dandruff.  
2. Bald men save on shampoo.  
3. Bald men use less electricity when blow drying.

4. Bald men have longer lasting combs.

5. Bald men never have to wonder what their pate looks like under all that hair.

6. Bald men's hair is easier to part.

7. When you have little hair you can always put on a cap or hat and look like the other guys; but guys with lots of hair can never look like you!

8. Bald men spend less time in the barber shop.

9. Bald men get to be the object of more jokes than guys who have hair. (That is, they get more attention! I have noticed that some people really have a problem with us folk who have less hair than they do. But jealousy will get them no where! They will have to accept the fact that they are cursed with covering! After all, God only made a few perfect heads. On the rest He put hair!)

10. God doesn't have to count so far in order to number the hairs of a bald man's head! (Matthew 10:30)

11. Bald men don't mess their hair up when they sleep.

12. Bald men are more intelligent and have higher I.Q.'s! (Just ask them.) Grass doesn't grow on a busy street!

13. Bald men have beautiful wives! (Just ask their wives.)

14. The bald are the first to know it's raining.

15. No one else has the National Symbol named after them!

16. Being bald is biblical and sanitary: 1 Corinthians 11:7, "For a man ought not to cover his head." And, Leviticus 13:40, "When a man has lost his hair and is bald, he is clean." (NIV)

17. Bald men do not have to worry about the "Delilah's" of the world running their fingers through their hair! (Their wives consider

this a blessing whether bald men do or not! See Judges 16:16-20.)

18. Bald men are less vain and therefore spend less time looking at themselves in the mirror. (See 2 Samuel 14:25-26)

19. Bald heads are less likely to be caught in trees! (2 Samuel 18:9)

20. God insures respect for bald-headed prophets! (2 Kings 2:23-25: "Watch out! Calling all bears! Calling all bears!")

21. Heaven is especially prepared for bald folk, for "there will be no parting there." A friend, Leonard Mertz, devised the following poem for me after we had a paragon fire at Bledsoe, Texas, in November of 1983.

#### The Paragon Fire

"Holy smokes!" declared the preacher,  
As it burned off all his hair,  
"Now I'm ready to go to heaven,  
For there'll be no parting there!"

The next time I pass one of you with a full head of hair, I will advantageously smile, and keep on looking up!

## IRS Schedules Day For Non-Filers

According to Gary O. Booth, IRS district director for the Dallas district, "If you haven't filed past years' tax returns, the best gift you can give yourself is an appointment at the Hereford Community Center, Tuesday, August 10. The Hereford Community Center (corner of Park Avenue and Avenue C) will be staffed between 9 a.m. and 4 p.m. to help taxpayers get right with their government.

This is an ongoing effort sponsored by the IRS to help taxpayers who have failed to file past years' returns. Booth commented, "What struck me about those who have come in for help is the sense of tremendous relief they expressed."

"One young couple hadn't filed for three years and that fact alone had been a source of considerable anxiety in their marriage. When they saw that they owed taxes for 1988, they weren't very convinced that they were doing what was best for them. Yet, as their assistant worked through tax years 1989, 1990 and 1991, refunds wiped out that first year's liability, and they even wound up with a small refund."

"A trucker stopped filing in 1989, the year his wife had to have emergency surgery. Filing his tax

## Girl Athletic Physicals Are Slated

Coach Bradshaw has asked the Blade to announce that girls' athletic physicals will be on Sunday, August 15, 2 p.m. at Muleshoe.

The group will be leaving the school at 1:15 p.m. on Sunday. All seventh and eighth grade girls and also girls who have not played before will need physicals.

Anyone else wanting a physical can go with the group on Sunday.

return was not his first priority. While his wife recovered and he got his affairs in better order, he was afraid to file subsequent tax returns because he thought for sure he'd be going to jail. We helped him, too. He worked out an installment plan to pay off what he owes, and he is still trucking."

"I want to assure taxpayers that we sincerely want to help. Our experience has shown that most people want to file overdue returns and settle their affairs with the government." Booth continued, "And from our own vantage point, if we can help people back into the system on their own, we will not have to focus on more costly enforcement efforts later.

## Sr. Citizens Luncheon

The Bovina Senior Citizens met on Wednesday, July 28 for their regular luncheon.

A business meeting was conducted following the meal, then the members enjoyed visiting and games.

Those present included Joe Looney, Clifford and Julia Leake, Maesie Flynn, Jerry Ware, Hattie Burnett, Ethel Johnson, Idella Owens, Erna Bradshaw, Sid Lloyd, Tom and Nannie Rhodes of Canyon, Oma Lee George, Edna Woelfel, Dorothy Ellison, and Dorothy Wilson of Amarillo.

## The Bovina Blade

(Publication No.-USPS 550-800)  
Published Saturdays, weekly except the week after Christmas at:  
100 Third Street  
Bovina, Texas, 79009

Second-class postage paid at Bovina, Texas. POSTMASTER: Send address changes to Bovina Blade, P.O. Drawer B, Bovina, Tx., 79009.

**JUST STANDING AROUND....It's just a pole now, but soon it will grow and blossom into a time, temperature and message center at First Bank-Bovina. Construction is expected to be completed within the next few weeks.**

## Services Are Held For Ray Campbell

Graveside services for H. Ray Campbell, 68, of Fritch, were held Wednesday, July 28, 1993 at the Bovina Cemetery. Rev. Geary Brogden of the First Baptist Church, Friona, officiated over the services.

Campbell died Sunday, July 25 at his home at 113 Cross St., Fritch, Texas.

He was a native of Tulsa before moving to Friona where he was owner and operator of Campbell Electric for 30 years, retiring after 30 years in Parmer County. He had been a resident of Fritch five years. A veteran of World War II,

where he served in the U.S. Navy, he also was a member of the V.F.W. in Canyon and was a member of the First Baptist Church in Farwell.

He married Vernell Berry on April 23, 1949 in Clovis, New Mexico.

Survivors include his wife, Vernell, of the home; two sons, Danny of Friona and Donny of Borger; one daughter, Donna Harper of Amarillo; two brothers, Cecil of Amarillo and Lee of Friona; two sisters, Doris Tucker of Houston and Nila Nichols of Canyon; and nine grandchildren.

## Letter To The Editor

The Bovina Blade  
Dear Editor,

Thank you for the great article that you ran in last week's Bovina Blade about the Ronald McDonald House. It truly is a "home away from home" as my family and I learned during Joe's hospitalization last winter. From December 8 until April 2, it was "my House," too.

I learned first hand what a dedicated staff and group of volunteers can do to meet the needs of people who have serious illnesses in their family.

Not only the people at the House, but the whole community was supportive. For instance, High Plains Hospital provided Christmas dinner for the House last Christmas.

Several groups and even individuals provided meals, canned goods, snacks, breakfast items and frozen foods. This made it possible for me to cook for my friends and family when they visited, and sometimes for the whole house.

It was wonderful to be able to feel "at home" while being away from our home for such a long time.

We continue to visit the staff at the Ronald McDonald House on the frequent trips that we make for visits to the doctors.

It's a great place to rest between appointments. God has richly blessed us through all the people who make up the Ronald McDonald House of Amarillo.

You could easily help by saving the UPC symbols (bar code) from any Scott paper product (Scott towels, Viva and Job Squad towels; Viva and Scott napkins; Scott tissue, Cottonelle, and Family Scott bath tissue; Scotties facial tissue; Baby Fresh, Wash-a-Bye Baby and Sofkins wipes). Scott will donate 10¢ to the Ronald McDonald House for each symbol. They may be mailed to: Ronald McDonald House, 1501 Streit Drive, Amarillo, Texas, 79106 or give them to me and I will see them on the way.

Thank you, Sue Fowler

HCR 1, Box 95  
Bovina, Tx. 79009

# Habaneros Chile Peppers Have Distinct Reputation

**By CARLA McKEOWN**  
Having eaten Mexican food and loving spicy dishes almost as long as I've eaten solids, I was acutely interested in the Habanero chile pepper.

Depending on the source, Habaneros are reported to be 20 to 100 times as hot as a jalapeno. All sources seem to agree, however, that the Habanero is the hottest chili pepper in the world.

I knew I had to have some—just to say I'd tried the dreaded Habanero. I finally found some in an Abilene supermarket this summer and bought a small bagful.

Habaneros don't necessarily look like the hottest peppers in the world. Their small size and bright orange color disguise their fiery bite.

I shared my prize with a few chile-loving friends and saved the rest for my own pleasure. My husband, Tony, decided to see if the chiles really are the hottest in the world and took a bite of Habanero. At first, he said, "It's hot, all right," but he didn't appear to be on fire. A few minutes later, he was dripping in sweat. A friend of ours who taste-tested the Habaneros with Tony said biting into the chile felt like someone was squirting hot sauce down his throat.

I prefer to taste the chiles in a dish so as to enjoy the flavor as well as the heat. After reading that Habaneros have a tropical fruit-like flavor, I created the Habanero Salsa recipe below to be served with grilled or baked chicken. I used only one small Habanero in the bowl of salsa, and it wasn't too hot to eat. However, I'm sure Habaneros vary in heat intensity just as jalapenos do, and the next Habanero I use may be much hotter.

According to "The Whole Chile Pepper Book" by Dave DeWitt and Nancy Gerlach, the word Habanero means "Havana-like." Research has shown that the chile originated in Cuba. In 1722, the Dominican priest, Francisco Ximenez, wrote of a chile in Havana that was so strong that a single pod would "make a bull unable to eat."

Habanero chile pods are 1 to 2-1/2 inches long and 1 to 2 inches wide and are lantern or bell pepper shaped. They are available in dark green, orange, orange-red or red, but orange is the most common color.

Habanero plants can be grown as annuals, but the seeds take quite a while to germinate.

**HABANERO SALSA**  
2 large tomatoes, chopped finely  
3/4 cup pineapple chunks, chopped finely, or 3/4 cup drained crushed pineapple  
4 green onions, chopped finely  
3 to 4 sprigs cilantro, chopped  
1/2 red bell pepper, chopped finely  
1 Habanero chile pepper, chopped finely  
Juice of 1 small lime

Mix all the ingredients together in a large bowl. Let the mixture sit in the refrigerator for at least 30 minutes to allow the flavors to blend. Serve cool with grilled chicken or seafood.

**HOMEMADE HABANERO PEPPER SAUCE**  
12 Habanero chile peppers  
1 small onion, chopped  
2 cloves garlic, minced  
1 tablespoon vegetable oil

2 carrots, chopped  
1/2 cup white vinegar  
1/4 cup fresh lime juice

Saute the onion and garlic in the vegetable oil until soft and translucent. Add the carrots with a small amount of water. Bring to a boil; reduce the heat and simmer the mixture until the carrots are soft. Remove the stems from the Habaneros, and chop the chiles. Place the carrot mixture and the chiles in a blender container. Puree the mixture until smooth. Combine the puree with the vinegar and lime juice; simmer the mixture for 5 minutes. Pour the mixture into sterilized jars or bottles and seal.

**CARIBBEAN BARBECUE SAUCE**  
2 tablespoons vegetable oil  
8 ripe mangoes, peeled and chopped

1 small white onion, chopped  
2 carrots, chopped finely  
2 Habanero chile peppers, chopped  
1/2 cup white vinegar  
1/2 cup ketchup  
1/4 cup sugar

Heat the oil in a large saucepan. Add the mangoes, onion, carrots and Habaneros. Cook for about 10 minutes over medium heat until the onions are soft and translucent. Add the vinegar, ketchup and sugar. Bring the mixture to a slow boil; reduce heat and simmer for 35 to 45 minutes. Pour the mixture into a blender container and puree. Strain the mixture through a medium strainer. If it is too thick, add a little water to thin.

Send your favorite recipe or request to: Carla McKeown, P.O. Box 3651, Lubbock, Texas, 79452.

**50TH WEDDING ANNIVERSARY....Mr. and Mrs. Raymond McGehee of Lazbuddie will celebrate their 50th wedding anniversary on Sunday, August 15. A reception honoring the couple will be held at the Lazbuddie School from 2:30-4:30 p.m. Hosts for the event will be their children, Jeane and Jimmy Mills, and grandson, Scotty. McGehee and the former Tommie Jean Bartlett were married August 15, 1943 in Memphis, Texas. They have resided in the Lazbuddie community forty years. No invitations are being mailed locally. Everyone is invited to attend, but the couple requests no gifts, please.**

## SPS Open To Settlement With Cities, PUCT Staff

Southwestern Public Service Company has announced that it continues to be open to negotiations in Texas that could result in lower SPS electric rates—which already are among the lowest in the nation.

"We recognize that economic conditions are changing such that lowered costs of capital and continued SPS operating efficiencies may indeed make a rate decrease possible," said Coyt Webb, SPS president. "We have had two settlement discussions with representatives of the Texas cities we serve and the staff of the Public Utility Commission. If a settlement is not reached, all parties will be facing a protracted rate hearing beginning August 30."

Webb pointed out that SPS did not initiate any request for a rate increase. Earlier this year, the company was required to provide cost-of-service information, amounting to more than 11,000

pages, to the PUCT in response to a filing by the PUCT's general counsel.

Although SPS believes a rate decrease may eventually evolve from the negotiations, Webb said that SPS feels strongly that the level of reduction proposed by the cities and PUCT staff is not justified.

"This is especially true given the fact SPS residential rates are the lowest among all investor-owned utilities in Texas—and among the lowest in the nation," Webb said. "According to the PUCT's own rate survey for July, an SPS residential customer who uses 1,000 kilowatt hours a month pays \$64.72. Customers of other investor-owned utilities in Texas pay from \$75.11 up to \$101.19 for the same amount of electricity."

SPS provides electric service to 75 Texas cities, along with portions of New Mexico, Oklahoma and Kansas.

## Facts About The **BIBLE** BY JOHN LEHTI

### ANOTHER HISTORICAL "FIRST" IN THE BIBLE --- THE HIRING OF MERCENARY TROOPS!

THE FIRST TIME IN HISTORY THAT FOREIGN TROOPS WERE HIRED TO FIGHT ANOTHER COUNTRY'S BATTLES, OCCURS IN THE BIBLE! IT HAPPENED WHEN HANUN, KING OF AMMON, FEARED THAT KING DAVID MIGHT RETALIATE FOR THE HORRIBLE WAY HIS AMBASSADORS HAD BEEN TREATED. AND THEY WERE RIGHT! DAVID WAS FILLED WITH INDIGNATION AND PLANNED TO BE REVENGED. (II SAM. 10) THE FORCE OF MERCENARIES OBTAINED FROM FOUR SYRIAN PRINCES, AMOUNTED TO 33,000 MEN. THIS, WITH A FORMIDABLE ARMY OF AMMONITES, LED KING HANUN TO BELIEVE THAT HE WOULD BE SAFE FROM KING DAVID'S WRATH. *BUT...*

# Women's Role In Local Labor Force Discussed

The role of women in the labor force in Parmer County continued to change from 1980 to 1990, according to figures recently released by the Census Bureau.

The number of females in the civilian or non-military labor force in Parmer County increased from 1,355 in 1980 to 1,412 by 1990 or by 4.2% while the total civilian labor force in Parmer County had declined by 4.9% from 4,375 in 1980 to 4,161 by 1990.

This same trend was very much apparent nationally. The number of females in the civilian labor force in the United States had also expanded significantly over the decade from 44.5 million in 1980 to 56.7 million in 1990 or by 27.4%.

During that same period, the total national civilian labor force had increased by 19.9% from 104.5 million in 1980 to 125.3 million by 1990.

The Census Bureau defines the civilian labor force as consisting of all non-military, non-institutional persons aged 16 years or older who fall into certain, specified classifications.

These are employed persons

who did any work for pay or profit as well as unpaid workers in a family enterprise. They include employed persons not working, but who had jobs or businesses from which they were temporarily absent for non-economic reasons (illness, bad weather, vacations).

Unemployed persons making specific efforts to find a job are also classified as part of the labor force. All other persons aged 16 years or more are not classified as part of the labor force.

Not only are more women becoming part of the labor force, but a much greater proportion of women are doing so. From 1980 to 1990, the proportion of females in the United States aged 16 years or more who were participants in the labor force increased from 52.9% to 56.8%.

During that same period the proportion of males aged 16 years or more participating in the labor force had declined from 77.4% in 1980 to 68.3% by 1990. Women accounted for 42.6% of the national labor force in 1980. By 1990, women made up 45.3% of the national labor force.

This trend was also apparent in

Parmer County. According to the Census Bureau, the proportion of females aged 16 years or more participating in the local labor force had increased from 35.5% in 1980 to 40.7% by 1990.

During the same period, the proportion of males in Parmer County who were actively in the labor force had declined from 81.2% to 79.0%. Women made up 31% of the labor force in Parmer County in 1980. By 1990, women accounted for 33.9% of Parmer County's labor force.

Various experts and commentators have offered a variety of reasons why women continue to enter the labor force at increasing rates. Many observers have attributed this increase to the rise of feminism since the 1970s.

However, it appears that certain other factors also have a great deal to do with the increasing presence of women in the work force. Despite considerable speculation about sociological changes in the last twenty years, it appears that most women work for the same reason that most men work: they need the money.

New information provided by the Census Bureau reinforces this conclusion. More women with small children are working now

than has been the case since the Census Bureau began collecting statistics.

Nationally, 45.6% of women with children less than six years old were in the labor force in 1980. By 1990, the proportion of women with children under six years old had increased significantly to 59.7%.

This trend was also apparent in Parmer County. In 1980, 21.4% of the women in Parmer County with children under six years of age were in the labor force. By 1990, the proportion of women in Parmer County in the labor force with children under six years of age had increased sharply to 45.0%.

The practical inconveniences of outside employment with small children are considerable in themselves. Day care is only one among many of these. A number of surveys have also shown that many, and possibly most, women experience real emotional discomfort at being separated from their young children for most of the day.

Under these circumstances, economic necessity would appear to be the most logical single reason for the sharp increase in the proportion of women with young children in the labor force that took place between 1980 and 1990.

**Keeping an eye on Texas**

**Texas: A fruitful state**

In 1992, the value of Texas' watermelons, cantaloupes, honeydew melons, peaches and citrus was almost \$80 million, almost two percent of total crop cash receipts.

Value of Texas fruit production, 1992  
In millions

## Panhandle Opry Added To Amarillo's Old West Days

The Panhandle Opry Association, a collective group of all the Oprys in the region, will present its first ever show during the Old West Days celebration, August 14 from 1-3 p.m. in the Amarillo Civic Center Grand Plaza.

Participating will be the Hereford Country Opry and Amarillo's own Big Texan Opry. Each will showcase their individual stars and be joined by the Top of Texas Square and Round Dancers, cowboy poets, Top of Texas Cloggers and the Big Texan Senior Dancers. Hosting the event will be radio personality, Mary Lyn Haley, and Presle Yarbrough.

"It's the best in family entertainment with singing, dancing and country comedy," said a spokesperson.

Tickets are on sale at the Amarillo Civic Center Box Office and the area Oprys with the proceeds benefitting the Panhandle Opry Association. Tickets are \$5

general admission. There's limited seating, so be sure to get your tickets in advance.

The Old West Days committee welcomes the Panhandle Opry Association to Old West Days and is certain it will be a huge success.

## VFW Hosts Chicken Dinner

The Parmer County VFW organization is hosting a chicken dinner on Sunday, August 8 from 11:30 a.m. to 1:30 p.m. at the VFW Post Home, Sixth and Euclid Streets.

The menu will consist of fried chicken, gravy, mashed potatoes, salad, green beans, a drink and dessert.

Admission will be \$5 for adults and \$2.50 for children.

Takeout orders will be available.

## Fifth Playnight Results Are Given

The Playnight activities sponsored by Friona Riding Club completed the fifth week of events held at the local arena west of town.

The final weekly activities begin at 7 p.m. Saturday night, August 7. The awards will be presented following this week's competition.

Results are as follows:

### BARRELS

**SAUNYA MARIE COLLINS and JAMES KEVIN RICHARDS...** Katy Collins of Sudan and Mary Richards of Littlefield announce the engagement and approaching marriage of their children, Saunya Marie and James Kevin. The bride-elect is the daughter of Katy Collins of Sudan and the late Charles Collins of Amherst and the granddaughter of Anna Lee Englant of Bovina. The couple will exchange wedding vows Saturday, September 25 at 7:30 p.m. at the First Baptist Church in Sudan. Friends and family members are invited to attend. No local invitations will be sent.

# Scooter's Scoops

By SCOOTER RUSSELL

Sandra Clayton, her sister, Diane Lane of Arlington, and her son, 13-year-old Beaux, and also the girls' mother, Velma May of Levelland, spent an inspirational week at Glorietta, New Mexico, recently.

Diane led Mission Friends Conferences during WMU week.

Sandra said it was beautiful at Glorietta and the grounds and flowers were so pretty. The weather was also comfortable and not too hot.

Clyde Blalock celebrated his birthday along with his son-in-law, Larry Ross of Dimmitt. The Blalocks' daughter and her children were also with them and they are Ute and children, Christopher and Terin.

The family had cake and a meal at the Ross home in Dimmitt.

We understand Jeanne and Bo Bartlett will be moving to Vinita, Oklahoma, where Bo will be

working out of Vinita in connection with the orphanage in Guatemala. Jeanne has just received her master's degree and perhaps will be teaching. When they come back to our area, we will meet with them and report how their work is coming along.

Ken and Terri Sorley and daughters, Sara, Jill and Sydney, have recently returned home from a fun trip to Six Flags. Terri said they had a lot of fun but it was very, very hot there.

The Sorleys' daughter, Sara, celebrated her eleventh birthday with a swimming party and slumber party. Those present were Jessica Chilton, Brittany Danner and Julie Grisham. Also present were Sara's sisters, Jill and Sydney.

We reported last week about Kevin and Suzan Hughes' baby and left out the baby's weight which was nine pounds and one ounce. Pady was with her mom Monday

and we saw her for the first time. She is a very beautiful baby with a curl on top.

Buster and Mearle Morgan have had a good time with their daughter and family visiting from Blanchard, Oklahoma. They are Deanna and Gary Cooner, daughter Amy and her friend, Chandelle Casey.

They came last Friday and left Tuesday. While here, the family went to Carlsbad Caverns on Sunday and also attended the production of "Texas" on Monday.

Kathy, daughter of Larry and Carol Scott of Abilene, has been in Bovina two and one-half weeks visiting with her grandmothers, Erra Jamerson and Edna Scott.

Erra took her back to Abilene and spent the weekend with her family. On her way back to Bovina, she visited with a friend, Theresa Martin, in Slaton and stopped and visited with Virgie Adams who is in a nursing home in Lubbock.

Larry and Debbie Widner and their children, Amber, Trey and Christy, went to Silver City and spent almost a week visiting with Debbie's grandmother, Myrtle Dannelley and Debbie's brother and sister-in-law, Boyd and Deanna Frost.

Debbie grew up in Silver City so they visited with several friends and had a good week.

Wes and Charollette Cockerham and family attended a family reunion in Cloudcroft, New Mexico.

This was the Mitchell family reunion with about 75 present and was held at the Sacramento Mountain Retreat, a church camp. The Cockerhams went to Cloudcroft on Friday and returned home on Sunday.

We enjoyed having our grandson, Russell, with us for a week. We spent a weekend in the Cimarron Canyon near Eagle Nest, New Mexico at our trailer. We went to several movies, went swimming nearly every day and

took in Wonderland Park in Amarillo.

We spent a few days at our home in Spearman visiting with Russell's cousins, Gina and Jamie. We had a good time with him and took him to meet his mom this past weekend at Raton, New Mexico. During the time he was here, he also visited shortly with his great-grandmothers in Hereford.

Amber Kunselman, eleven-year-old daughter of Rick and K.C. Kunselman of Kilean, Texas, has been in Bovina visiting with her grandparents and great-grandmother, Pat and Pat Kunselman and Doris Wilson. She went to Spearman and visited with her uncle and aunt, Arty and Tami Kunselman, and daughters.

Dorothy Stowers and daughters, Jessica and Christen, also Dorothy's sister and brother-in-law, Millie and Tom Thomas of Duncan, Oklahoma, went to Carlsbad Caverns on Sunday. The family walked all three miles down into the caverns and said it was really pretty.

Henry Spicer is a patient at the Clovis Hospital and entered the hospital on Friday, July 30. He had a blood clot and is undergoing treatment to dissolve it. He will be in the hospital seven days at least, but is feeling fine, only tired of the hospital.

James and Sandra Clayton and their daughter, Joanna, and her daughter, Shauni Windle of Clovis, drove to Houston and met the Claytons' son, Mark, for a short visit.

Mark is an engineer at Rhome and Hass, which is a chemical plant that employs about 7,000 workers.

Have a good rainy week and thanks for your help on news and Scoops...Scooter.

## Manuel Saiz Begins Training In Illinois

Manuel Saiz, son of Linda Pena of Bovina, has recently qualified for the Operations strand of the Job Oriented Basic Skills

(JOBS) Program and reported to the Recruit Training Center in Great Lakes, Illinois, in June to begin his Navy training.

The JOBS Program is for individuals who are highly motivated and have the potential to succeed in a technical field, but do not meet test scores required. The technical fields range from engineering to navigation. Upon completion of the JOBS Program, they will move on to an "A" school in their technical field.

The operations strand includes training for the operations specialist, ocean systems technician analyst and maintainer, aviation anti-submarine warfare operator, and sonar technician, surface ratings.

Saiz is a senior at Bovina High School. After successfully completing his advanced training, he could be assigned to any one of the Navy's duty stations around the world.
