## W. S. G. S.

W. S. G. S. met in parsonage with Mrs. LeMond Monday afternoon at 8:30. Owing to Mrs. Materson's inability to be present, Mrs. Kendall presided. The business meeting was concerned with minutes, reports, suggested improvements, and plans. It was decided that a special program for Week of Prayer was planned to be held in the basement of the Church at 7:45 p. m. Monday, Oct. 23. All members are urged to be present. Recent meetings have been unusually good and we believe this one will be even more so.

The study period was conducted from the booklets, A New Earth; the subject, Dollars Speak. Reviewing the one-minute work in missionary fields our little group felt the importance of the work when taken as a whole. After listening to specific instances of good derived from money spent, our members were resolved that there should be more of it to go to such worthy causes. The period closed with prayer. Those present then visited a few minutes with Mrs. LeMond; all being glad to see her improve with each succeeding day and wishing for her complete recovery.

## MR. AND MRS. T. R. MOREMAN OBSERVE 50TH WEDDING ANNIVERSARY OCT. 17

### Lions Club News

The program Thursday night consisted of a round table discussion on problems of the Club. The discussion could be summed up in one sentence, How can the Club be more useful and interesting? Several good ideas were advanced. The men were urged to express their opinions at all times. Some suggestions offered were: 1. Get busy on the Third Scrap Drive. 2. An examination of school children for defective eyes, etc. 3. Cooperation of Lions with the PTA in sponsoring the Fall Carnival. 4. The securing of the regular attendance of members. 5. A discussion on the Service Memorial to be erected later. 6. Attention called to Nov. 11th being our regular meeting, and a suggestion that this be a program in keeping with the occasion.

It was voted that 8:30 remain the hour of meeting. Chester Hill and Glenn Hunsacker were appointed for the next program. Directors meeting will be Thursday night, Oct. 21, a large attendance requested. Lion Ray Moreman spoke on the Zone Program to be held at Memphis sometime next month. A dinner that delighted those participating was served by Messrs. Leon Reeves, Russ Adamson, Elaine Doherty and John McQuay. Food both good and plentiful was served family style. C. E. LeMond, Pub. Car.

### FIRST BAPTIST CHURCH

A lot of us were visiting last Sunday or else not interested in Sunday School, as there were a lot of places vacant. Come on, let us support our Superintendent. We need you and we know you need the Church fellowship.

Rev. Frank Hasty will fill the pulpit Sunday. Let us give him a hearty and spiritual welcome.

We were disappointed last Sunday. We were expecting Rev. M. E. Wells but he was unable to be with us. He will be with us soon.

Mr. and Mrs. Clyde Grimsley, Mrs. Cecil Haney and Dorothy Dotson visited Pvt. Cecil Haney at Abilene last week end.

J. B. Hinds and family of Abilene are visiting in the Frank Kendall home.

Will Jones has been building a built in cabinet in the A. B. Harris home.

### Ration Tokens In February

Ration tokens are expected to be ready for use by February. They will be red and blue and each will have a value of one point. They will be used by consumers as change for processed foods and meat-fats ration stamps. The blue tokens will be used with blue ration stamps for buying processed foods; the red tokens with the red stamps for buying foods rationed under the meat-fats program. The ration coins, made of layers of vulcanized fiber, will be slightly larger than a nickel and smaller than a quarter.

Mr. and Mrs. T. R. Moreman celebrated their fiftieth wedding anniversary Sunday, Oct. 17, at their home in Hedley.

Dr. and Mrs. O. B. Stanley of Abilene and Mr. and Mrs. Ray Mereman of Hedley were hosts for an open house from four till six Sunday afternoon. The lace covered tea table was centered with a crystal bowl of large gold chrysanthemums. Mrs. J. D. Stoecking of Clarendon poured coffee. Mrs. U. J. Boston of Clarendon served the three tier white cake, trimmed with gold and topped with a miniature bride and groom used fifteen years ago on the wedding cake for Faye, youngest daughter of Mr. and Mrs. Moreman. Joan Ray, daughter of Mr. and Mrs. Ray Mereman, assisted in the dining room. Mrs. Leon Reeves greeted guests as they left the dining room and introduced Mrs. Ed Kinslow, who presided at the register and said goodbye to the callers.

Mr. and Mrs. Mereman were married in Montague, Montague county, on Oct. 17, 1893, at eight in the evening. Rev. T. L. Miller (father of the bride, performed the ceremony in the First Methodist Church. More than half of the fifty years of married life has been spent in or near Hedley so it was a pleasure to visit with friends of many years.

Mrs. Moreman was wearing a naval pin of gold sent by her grandson, Lieut. O. B. Stanley Jr. of the Navy Air Force, and Mr. Mereman wore wings of the Navy sent by the same grandson.

Mr. and Mrs. Mereman have five children and six grandchildren. Mrs. Glenn Schulte of Ann Arbor, Okla., Mrs. O. B. Bell of Houston and Ralph Mereman of Los Angeles were the three children unable to be home for this very special occasion.

### Use Book Four Nov. 1

Housewives will start using green stamps A, B and C from new War Ration Book Four Monday, November 1. These stamps will be valid through December 20 and will be used for buying processed foods in the same way as the blue stamps in Book Two. The last blue stamps in Book Two (X and Y) remain good through November 20. Book Four is being distributed Thursday and Friday, Oct. 21 and 22 at the school. One individual may apply for Book Four for all members of his family residing at the same address. The applicant must have a War Ration Book Three with him for each person for whom he wishes to obtain a Book Four.

E. H. Watt is on the sick list this week.

Peggy Zoe Stotts visited in Amarillo Monday.

Guests in the Roy Blanks home Sunday included E. W. Blanks, Mr. and Mrs. Lee Blanks and Mr. and Mrs. John Blanks of Lukeview, Joe Blanks and family of Amarillo and Mrs. Rex Reid of New York City.

### Draft Delinquents To Be Inducted

Beginning November 1, all men 18 to 28 years of age who are subject to selective service but who are delinquent will be put into class I-A immediately and ordered to report for induction to the Selective Service Bureau of the War Manpower Commission has stated.

## Health Program For Donley Schools

Dr. Keith Lowell, Donley County Health Officer, outlined the health program that will be added to the curriculum in the schools of Donley County at the teachers meeting held by the County Superintendent, Saturday, October 9. The Clarendon Lions Club is sponsoring the health program and will award health certificates to the pupil having the highest health record during the year. In case of ties duplicate certificates will be awarded.

The teacher of each grade will have a large chart in her room where she will record health activities each day. A committee from the Clarendon Lions Club will use this as the basis of deciding who will earn health certificates.

The Texas State Department of Health has made the following rules to be followed by the schools in regard to diseases quarantined for school purposes: Persons suffering from measles, whooping cough, mumps, German measles, (rubella) and chickenpox, shall be required to be barred from school for twenty-one days (at the discretion of the local health officer) from date of onset of the disease, with such additional time as may be deemed necessary; and may be readmitted on a certificate by him attesting to their recovery and non-infectiousness.

Minor diseases to be excluded during illness: Those actually suffering from tonsillitis, scabies (itch), impetigo contagiosa, favus shall be excluded from school during such illness and be readmitted on the certificate of the attending physician attesting to their recovery and non-infectiousness.

### A Letter

Dear Ed:  
We are so glad to have our Hedley paper published in Hedley again. It is more like our own when we have our Informer family back on the job. Best of Luck  
A Reader

The S. C. Riechers home has been improved with stucco and new wall paper. Sam J. Ward, Corpus Christi contractor, did the plaster and stucco work and C. E. Hunsacker did the papering.

### Leaves For Harvest Work

Commanding officers of Army Service Forces Establishments have been authorized to grant vacation leave to civilian employees to assist in the fall harvest, according to the War Department. The action was taken at the request of the Director of Labor of the War Food Administration.

## LIONS AWARD PRIZES IN CLEAN-UP CONTEST

The contest sponsored by the club to clean up the town met with a hearty response by the people of the town. The Judges after careful consideration made the following awards of prizes: First place as a business firm was won by the Watson Bros. Dry Goods. The first place for a residence was won by the Rescue Land home. The fact that these two places were kept neat and clean at all times seems to have been the deciding factor. The Club wishes to thank all who cooperated.

WEEKLY NEWS ANALYSIS

Allied Armies Meet Stiff Resistance From Nazi's Defense Line in Italy; Japs Flee Solomon, New Guinea Bases; More Taxes Sought to Pay War Costs

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)  
Released by Western Newspaper Union.

U. S. troops stalk carefully through battered Italian town on march to Rome. Doughboys are on lookout for snipers.

ITALY: Fight for Rome

Beating forward to Rome, Allied armies ran into what appeared to be the Germans first stiff defense line across southern Italy.  
In taking up their new positions, the Germans entrenched themselves on the north bank of the Volturno river on the western coast, and along the open, narrow plain on the eastern coast. Between the two coasts, their troops dug into the rugged mountains.  
In all the line ran 125 miles across Italy. Allied Generals Montgomery and Clark brought up reinforcements for the first thrust at the enemy's new positions, while U. S. and British airmen pounded German supply routes leading to the front.  
Observers kept one eye cocked on the Balkans, where German and British units were fighting for small islands in the Aegean sea, from which an invasion fleet moving into Greece or Jugo-Slavia could be bombed.

SOUTHWEST PACIFIC: Jap Posts Crumble

The Japanese position in the Solomons and New Guinea is slowly crumbling. With the Allies holding the advantage in sea and air strength, the Japs have found it increasingly difficult to supply their distant outposts, and latest in the group to be abandoned was Kolombangara in the Solomons.  
Unable to use big cargo or naval vessels because they would become easy prey for the superior Allied sea and air forces, the Japs are continuing to rely on barges for supplying their advanced bases, and, as in the case of Kolombangara, evacuating men. Operated at night, these barges are hidden along the seashores by day.  
In New Guinea, the Allies beat back light patrols guarding the approaches to Madang, Jap air and shipping base on the northeast coast. The Allies were skirting the enemy's main defenses in a wide, circling movement, to fall on the base from the rear in much the same pattern as their conquests of Lae and Finschafen.

PEACE AIMS: Three Faiths Agree

Identical peace aims have been enunciated by representatives of the three great faiths of the United States in a seven-point declaration. After months of study, the Federal Council of Churches of Christ in America, speaking for the Protestants, Catholics and Jews, issued a seven-point postwar program.  
Salient points are:  
1. A just peace based upon recognition that "not only individuals, but nations, states and international society are subject to the sovereignty of God and the moral law"; 2. States must repudiate racial, religious or other discrimination; 3. Safeguards for all peoples, large and small; 4. Equal educational opportunities and political equality for minorities.  
5. Guarantee of faithful fulfillment of international obligations; to provide collective security by limitation of armaments; to compel arbitration of disputes. 6. International economic collaboration "to assist all states to provide an adequate standard of living for their citizens." 7. Security of the family and participation of labor in decisions affecting its welfare.

PHILIPPINES: Immediate Independence

To combat Japanese propaganda designed to obtain the support of the Filipinos in the war against the U. S., congress has received a bill to grant the Philippine Islands their independence as soon as possible rather than in 1946.  
Following introduction of the bill, President Roosevelt recommended that action be taken on the proposal, with provisions for economic freedom, postwar rehabilitation with U. S. help, and military security through U. S.-Filipino co-operation.  
In attempting to consolidate their hold over the Philippines, the Japs have been dining the natives that the U. S. is insincere in its promise of granting them independence.  
TAXES: More Sought  
Declaring that the American people are able to pay for at least 50 per cent of war expenses through taxes, Stabilization Director Fred M. Vinson urged a reluctant congress to approve the government's program for 10 1/2 billion dollars of new levies.  
The program calls for higher income and corporation taxes, and increased rates on tobacco, liquor, amusements and luxuries of all kinds. The program also was to slap new levies on candy, chewing gum, soft drinks, greeting cards and other items.  
Present taxes are paying for about 38 per cent of war expenses, and the additional 10 1/2 billion dollars would bring the figure up to almost 50 per cent. In his statement to congress, Vinson declared that higher taxes also will serve to prevent inflation.  
The government also proposed increased social security taxes for higher unemployment payments and temporary disability and hospital benefits.  
DRAFT: New Regulations  
Although the senate killed Sen. Burton Wheeler's bill to postpone the induction of fathers until January 1, it moved toward providing stricter utilization of other manpower.  
Through adoption of a substitute bill, the senate voted: 1. Occupational deferments would be limited to pre-war fathers, unless employers could prove indispensability of single or childless married men; 2. All deferments would be subject to review by the appeal board within the district where the employer was located; 3. A board would be appointed to study lowering present physical standards to make use of 4F's.  
In the senate bill which went to the house for consideration, allowances to service men's wives were increased to \$50 and to \$30 for the first child, and \$20 for each additional child.

HIGHLIGHTS . . . in the week's news

GENERAL: So suddenly did the British Eighth army land in Italy near Termoli that a detachment was able to capture the German commander of the area in bed.  
ART: Rome's great art treasures are being taken from palaces and museums by the Nazis and are being shipped to Germany, as Allied troops approach the city.  
RELIGION: Delegates to the 54th triennial convention of the Protestant Episcopal church, meeting in Cleveland recently, authorized procedure moving towards eventual "organic unity" with the Presbyterian church.  
MENINGITIS: The new wonder drug penicillin may be the answer to meningitis.

KELLY-NASH: Team Broken

Death came to Patrick ("Pat") Nash in his 81st year, breaking up the political combination of Kelly-Nash, for 10 years the principal power of Illinois' Democratic party.  
Chiefly through their close organization of 10 of Chicago's West Side wards, Kelly and Nash could carry Cook county by 300,000 votes at every election. Although the late Gov. Henry Horner broke their hold on the state in 1936, he made peace with them in 1939, and since then their power lay unquestioned.  
Nash mixed politics with business. As he rose up the political ladder through 50 years, he kept his sewerage business, at one time drawing 14 million dollars in contracts from the sanitary district.  
Boss of his party, it was Nash who chose former Sanitary District Engineer E. J. Jelly to succeed Mayor Anton Cermak after the latter's death in 1933, thus creating the famous Kelly-Nash combination.

FARM: Higher Meat Goals

Because stocks have outgrown feed supplies, the War Food administration will call upon farmers to market three million head of cattle in 1944 which they might otherwise keep for milking, breeding or fattening.  
In all, the WFA will work for an increase of two billion pounds of meat over this year, to bring total production to 30 1/2 billion pounds. But because military, lend-lease and other government agencies will ask for 25 per cent more meat next year, civilian rations are not expected to be raised.  
Because of the feed situation, WFA will ask for a 17 per cent cut in hog production.  
Restrict Feed Sales  
In a further effort to bring meat production in line with feed supplies, the Commodity Credit corporation prohibited sale of its wheat stocks for feed for fattening hogs over 200 pounds or building cattle beyond fair to good finish.  
CCC also stipulated that feed mixers purchasing CCC wheat must sell their product only for dairy cows and hens.  
With weekly wheat sales averaging 10 million bushels, CCC stocks stood at 123,013,000 bushels. As of September 25, sales approximated 119,298,000 bushels. Of the 23,721,000 bushels of wheat purchased from Canada, CCC reported virtually all delivered.

RUSSIA: Crack Dnieper

Storming the Dnieper river at three points, Red troops cracked the Nazis' last strong natural defense line in Russia, and the enemy struggled valiantly to check the new drive before it could gain momentum.  
Principal breach in the Dnieper front was 50 miles north of Kiev, where the Reds poured reinforcements and supplies onto the west bank after gaining an initial foothold. The Nazis' problem was to keep the Russians from building up a force strong enough to drive forward and then swing back and take Kiev from the rear.  
In the north, the Reds recaptured the important rail junction of Nevel, a main artery leading to Leningrad from the south, with lines branching off into Poland to the west.

MOSCOW: New Mission

Whatever has been passing in the brain of Joseph Stalin might become known to U. S. and British statesmen when they gather in Moscow for conferences with the Russians on present and postwar questions.  
Mysterious Russia's mysterious man has already laid claim to parts of Finland, all of Latvia, Estonia and Lithuania, eastern Poland and sections of Rumania. Courted by Germany for an armistice, he has told the Germans they can have peace with him provided they chuck the Nazis.  
To hold Russia in the war against Germany, and yet work out means of satisfying her territorial demands without impairing U. S. and British interests, is the problem confronting Allied statesmen. Leading the American delegation at the conference will be Secretary of State Cordell Hull and the new U. S. ambassador to Russia, Banker W. Averell Harriman.

EUROPE: Sufficient Food

Germany's conquest of Europe early in World War II has assured her of sufficient food to carry on the conflict. At present, German rations are three times higher than they were at the close of the last war.  
Besides being able to draw on all of Europe for food, Germany's own 1943 production was at top levels. Bread and cereal crops were said to be one-third higher this year than last.

**Overweight Oil makes Old Cars Older—Fast**

Note how **Light** a grade of oil can make good, with your engine **WINTER OIL-PLATED**

You can change to an OIL-PLATED engine by changing to any grade of Conoco N<sup>th</sup> motor oil—from **lightest** to **heaviest**—and you can change to any grade of Conoco N<sup>th</sup> at the same popular price. But the **lightest** possible grade of oil that's fit for the Winter change your car needs now will help to save your battery—your gasoline—your engine. The more the oil is overweight the greater the wear, and when that makes you try still heavier oil you get still more wear—still more oil and gasoline consumption—worse and worse and worse. Short-circuit this ruinous process by having your engine OIL-PLATED.

OIL-PLATING is distinct from the familiar liquid type of high-strength oil film also provided by Conoco N<sup>th</sup> oil. Both oil film and OIL-PLATING are paired against wear every mile. Every time your engine rests, however, any liquid film drains down to the crankcase. But OIL-PLATING doesn't all drain down. It tends to stay wherever attached by Conoco N<sup>th</sup> oil's "magnet-like" action—achieved synthetically. Often now you don't use your car for days. Yet when you start, the OIL-PLATED surfaces are still ready-lubricated... "faster than instantly." That's how the former fierce wear of cold starting is reduced by OIL-PLATING your engine. All other wear, too, meets its match in your OIL-PLATED engine. Change at Your Mileage Merchant's Conoco station—today. He knows the **lightest** grade of N<sup>th</sup> for you. Continental Oil Co.

**Dread Engine Acid is Fought by OIL-PLATING**

Normal combustion always leaves acids inside of your engine when it stops.

Formerly it seldom stood idle long. Soon mileage and speed heated your engine enough to oust acids.

But nowadays rationing may force long rests, while corrosive acids gnaw. To combat corrosion, metals are plated. You combat acid corrosion with your engine OIL-PLATED.

**REGISTRATION FOR RATION BOOK NO. 4**

Attention is called of registration for War Rationing Book No. 4 to be held at all rural schools on Friday October 22nd from 10:00 a. m. to 9:00 p. m. In Hedley registration will be Thursday and Friday. School will necessarily be dismissed that day. Registration will be handled by the teachers. Applicants must bring War Ration Book III in order to obtain Book IV. Application blanks will be available at all grocery stores and applicants are asked to have these blank-filled in when they appear at the schools to get Book IV.

**Army-Navy Test For Students**

The next qualifying test for the army and navy college program will be given to high schools and colleges, Tuesday, November 9, according to the War Department. The test is open to male graduates and high school seniors in their last semester who will reach their sixteenth birthday but not their twenty second birthday by March 1, 1944. The test will provide an opportunity for these men to qualify for college training in studies for which the army and navy have vital needs. Graduates of the program will serve as specialists, technicians and officers in the armed forces.

**Watch Your Kidneys!**

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.

Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

Keep Vitamins In Home-Canned Tomatoes

The tomato rates respect because it is chock-full of vitamins (A and C). Those vitamins are spark plugs that keep one feeling fit.

Because tomatoes are an important food, it is imperative that every one not needed for immediate use be saved by canning, but they must be canned right else there will be

little or no vitamin C left in them. Judicious exposure to air after the skins are removed and over-cooking in an uncovered container destroy vitamin C. This is one reason that tomatoes should be prepared and canned as quickly as possible. Usually whole tomatoes have more food value than tomato juice, partly because a considerable amount of vitamin A is lost in the pulp that falls to the bottom of the can.

If you want first-class canned tomatoes, use locally raised, firm, ripe, sound fruit—one small bad spot can ruin a whole batch. Wash the tomatoes before scalding; scald a few at a time. Remove all cores, slip off the skins, and cut away green spots. Peck the tomatoes tight to the can. Wash well and cut away all decay. Leave the tomatoes whole and steam or bake them until they are soft; then press through a fine sieve, preferably a conical strainer, to get rid of most of the excess vitamins.

The best tasting juice is that made by pressing whole home-canned tomatoes through a sieve just before serving. Any seasonings liked may be added before canning but the juice will be better if seasonings, except salt, are added when the juice is opened for serving, and even seasonings may be left out.

What You Buy With WAR BONDS

Pig Boat

At sea on a submarine isn't exactly the "life of Riley." In the Battle of the Atlantic, or on the great stretches of the Pacific these sailors know the hazards of their work.

One of the spots aboard these "Pig Boats" that all crew members enjoy is the galley, or kitchen. Space limitations prevent an elaborate set-up, but cooks aboard these vessels are justly proud of the meals they prepare for their crews. Your increased purchase of War Bonds helps make submarine life as pleasant as possible.

STAGE SCREEN RADIO

By VIRGINIA VALE  
Released by Western Newspaper Union.

ED PAWLEY, one of Hollywood's better known bad men, will get a chance to reform now that "Big Town" is returning to the air. Pawley, who has appeared in "G Man," "Jesse James," and several hundred other pictures, will play the part of the crusading "Steve Wilson," Managing Editor of the Illustrated Press, in the new "Big Town" series, Tuesdays over CBS. This

ED PAWLEY

season the series will be concerned with the American press' unceasing battle against subversive influences and fifth column activities.

Nancy Kelly sang and danced as a child performer in vaudeville, but only in her latest picture does she get a chance to do it for the cameras. She's the feminine charmer of "Tarzan's Desert Mystery"—plays a chorus girl stranded in the Sahara. Looks as if there'd been some drastic changes made in the Tarzan background, but Johnny Weissmuller still has the leading role.

There's a lot of sentiment attached to the fact that Amos 'n Andy are again appearing on the National Broadcasting company after a two-year absence from its air waves. It was on NBC that they first appeared, and rose to radio fame.

James Jordan, 19-year-old son of Fibber McGee and Molly, makes his screen debut as one of the sons of Maj. Frank Cavanaugh in RKO's "The Iron Major," which stars Pat O'Brien. The fact that young Jordan was honorably discharged from the Air Force, in which he had enlisted, gave him the chance to play Phil Cavanaugh—who in real life is a lieutenant in the United States army.

United Artists, topping the bids of two other major studios, acquired distribution rights to "Voice in the Wind," which U. A. executives think is a "sleeper"—in other words, one of those pictures that are made without hullabaloo and coin a mint. It was made on rented stages by Arthur Ripley and Rudolph Menter—with no guarantee of a release, they gambled on their ability to turn out a box office attraction. It's "the story of two gentle people, a man and a woman, whose love beats against the grim events of a world at war."

Gloria Holden says a compliment Spence Tracy paid her has influenced her acting career more than any other one thing. Appearing in "Test Pilot," with Tracy and Clark Gable, she played the widow of a pilot killed on the eve of their honeymoon. She finished the scene in which Gable gave her the prize money that was to have paid for the honeymoon; Victor Fleming, the director, had made her cry steadily for 15 minutes before she went into it. "Honey," said Tracy, "You don't have to ask anybody for anything when you can act like that!"

One sure-fire way to make an Australian mad is to let him hear an American actor use a cockney accent when playing an Australian. Alan Carney, one of the best dialect actors in radio, perfected his "Ausie" accent by talking to Australian newsmen at their News Service headquarters in New York. After the broadcast they phoned him their congratulations.

Kate Smith has begun her 14th year on the air with Ted Collins acting as producer-director; he discovered her and guided her to the top. One of the best talent scouts of radio, he discovered and introduced Rudy Vallee, Abbot and Costello, Tommy Riggs and Henry Youngman, among others. He insisted that Kate introduce "God Bless America"—thinks the new "Old Acquaintance" will be a hit.

**ODDS AND ENDS**—Bliss Network's "Keepsakes" pays five dollars for each of those sentimental mementoes that it uses. . . Mickey Mouse is growing up; he's fifteen now. . . Joe Boland, who played the policeman who helped "Abie's Irish Rose's" "Abie" and "Rose" get married, is now the moving man who's trying to get them moved to a new home. . . Julia Sanderson does not feel that she can return to radio, now that her husband and partner, Frank Crumit, is gone; Julia of the lovely laugh and charming singing voice will devote her talents to entertaining servicemen—but the radio public hopes that eventually she'll return to them.

## MOTHER-IN-LAW CHEERS LONG SOUGHT RELIEF!

Had Been "Irregular" for Years!

Have you often despaired of ever finding normal regularity? Then, by all means, read this unsolicited letter:

"For many long years, my mother-in-law had suffered from common constipation. She used to take all kinds of pills and medicines, but got no lasting relief. Upon starting to use KELLOGG'S ALL-BRAN, her trouble cleared up. She feels like a new person, she says. She wanted me to tell the world how your product helped her." Mrs. Poline Ballis, 754 East 160th Street, Bronx, N. Y.

How do scientists explain the apparent "magic" of KELLOGG'S ALL-BRAN's relief? Simply this: ALL-BRAN is one of Nature's most effective sources of "cellulose" elements—lack of which in sufficient amounts in the diet is a common cause of constipation! These elements help the friendly colonic flora fluff up and lighten the colonic wastes for easy, natural elimination. KELLOGG'S ALL-BRAN doesn't work by "purging"—or by "sweeping you out." It is a gentle-acting, "regulating" food!

If this is your trouble eat KELLOGG'S ALL-BRAN regularly. Drink plenty of water! See if you don't find the welcome relief you've hoped for! Insist on genuine ALL-BRAN, made only by Kellogg's in Battle Creek.

## This Chair Has No Springs, Yet It's Comfortable and So Easy to Make

THE war is bringing many changes in the things we use and the things we do. Women as well as men are learning to handle tools. If a chair is lacking we make one. If we cannot have springs we find a way to make it comfortable anyway. That is the spirit of the times.

Perhaps you have made lawn chairs all with straight cuts of the hand saw. Have you ever stopped to realize that it is almost as easy to cut curves with a compass saw? Curves add comfort as well as beauty and a tufted cushion distributes the weight so that springs are not missed so much. The curved pieces of the charming chair sketched here are shown at the left. You can see how easy they are to cut out of odds and ends of one-inch lumber that you may have on hand. The reinforcing pieces are all straight cuts.

## Aborigines of Australia Still Practice 'Hoodooing'

"Pointing the bone" is a well-known and curious feature of Australian aboriginal life, of great antiquity, and still of practical use. It is a remarkable form of "hoodoo" and is frequently used by one aboriginal to ensure the death of another.

The "bone pointer" is believed by his victim to cast a spell—a hoodoo—over him. So great is the psychological effect of this on the untutored mind of the savage that he is unable to overcome it. He yields to the malign influence, becomes greatly depressed and eventually dies.

Medical men who have investigated such deaths apply the term "obsession and persecution complex" as the cause of death.

## Household Hints

For the children's sandwiches add chopped raisins to peanut butter, also a speck of salt, and use as a filling between slices of whole-wheat bread.

If pillows are forced into pillow cases that are too small for them, the cases will soon wear out.

Dried fruit, if cooked in the oven, need not be soaked first. Cover fruit with water. Bake in a covered dish. Slow oven cooking seems to bring out the sweetness of the fruit. If sweetening is needed, add a little sugar or honey.

If coconut is a little hard for desserts, soften it by soaking several minutes in milk or fruit juice.

Oilcloth covering for cupboard and pantry shelves is a real work-saver. To keep crumbs and dust from collecting under the edges, seal them with cellulose tape.

When making a dress sew the collar and collar-facing in place before closing the under-arm seams, so that the work lies flat on the machine.

When dampening and rolling up the wash before ironing, put at the bottom of the basket the pieces you like to iron best and which are the easiest. That way, the last of the ironing will go fast and seem easy.

## SNAPPY FACTS ABOUT RUBBER

South America supplied 65 per cent of the world's rubber needs in 1930, while in 1922 only about 6 per cent came from that section. For East plantation development accounts for the drop in the demand for Amazon Valley rubber.

Synthetic rubber is defined as a man-made combination of molecules that form a substance having the chief characteristics of crude rubber.

In 1938 the total of American-controlled rubber plantations was about 260,000 acres, mostly in the Far East. These plantations produced 80,000 tons annually, or about 8 per cent of U. S. imports.
