VOL. 34

HEDLEY, DONLEY COUNTY TEXAS, FRIDAY, NOV. 19, 1943

NO. 1

## 25 YEARS AGO

Information for Nov 15 1918

The most welcome message that has ever been crashed out by wireless winged its way early Monday morning across the Atlantic, and America was electrified by the words which told that Peace had come and that the war had ended in Victory for the Allied armies.

The greatest accomplishment of the ages has been achieved. Kaiser Bill, the clown prince and the other war lords took to the tall weeds, the world is saved from these devilish fiends and remains a fit place for the temporary habitat of white folks.

T. N. Messer, A. S. Johnson, C. N. Shaw and the editor went to Clarendon last week.

J. B. King has moved his barber shop to the Dunn building on the west side of Main street.

Carl Boston was here Sunday from Quanah.

O. C. Hill was here at the week from Hartley.

## Rationing At A Glance

**Gasoline**—In 17 east coast states A-6 coupons are now good. In states outside the east coast area A-8 coupons are now good.

**Food**—Period 1 coupons are good through January 2.

**Shoes**—Stamp No. 18 good for 1 pair. Validity has been extended indefinitely. Stamp No. 1 on the "Airplane" sheet in Book Three good for 1 pair.

**Sugar**—Stamp No. 29 in Book Four is good for 5 pounds through January 15, 1944.

**Meats, Fats**—Brown stamps G, H, J, and K good through December 4. Brown stamp L becomes good November 21 and remains good through January 1, 1944.

**Processed Foods**—Blue stamps X, Y, and Z good through Nov. 20. Green stamps A, B, and C in Book Four become good Nov. 1 and remain good through Dec. 20.

## Ration-Free Children's Shoes

Some relief from the shortage of youngsters' shoes will be provided about the first of the year by a new supply of children's non-leather shoes for general wear to be sold ration free, OPA has announced. In general, children up to about eight years of age will benefit. The shoes will have canvas uppers and soles made from remnants and heavy woven fabric, reinforced with vulcanized rubber. Shoes of this type larger than misses' and youths' size three will be rationed.

## LIONS CLUB TO SPONSOR SHOW BY BOB CLARK HERE THURSDAY NIGHT, NOV. 18

### FIRST BAPTIST CHURCH

We Baptists were happy Sunday, (those that were there, and there was a lot of us) Don't you wish you had been there? The fellowship was fine at both morning and evening services. Bro. H. T. Harris from Childress preached for us, and at the close of the morning service the church was called into conference. Rev. Harris's name was presented as pastor, a vote was taken, and he was elected as pastor without a dissenting vote. At the evening service our pastor gave us his answer, and that was, he would accept work here and become pastor at once. However he has some work at Childress that requires his presence for a few days before moving on the field but will be here next Sunday to fill the pulpit. Now let us be up and doing for the Pastor cannot do a great work without the full cooperation of the full church membership. Bro. Harris is a good preacher. You will enjoy hearing him, and will receive a spiritual blessing from hearing him.

**For Sale**—Ailsa-Chalmers W. O. Model tractor, made first crop in 1937. See O. J. Henderson. Lella Lane. 15p.

**Bundies and threshed maize for sale**—See G. Adamson.

**Lost**—Ration Book 2 belonging to Anita Bala.

**For Sale**—fresh milk delivered morning or night. Phone 74 or see R. W. Seal.

**Want to buy old electric irons.** Bring to Mrs. Carl Dotson. 15p.

### Auction Sale

**Tuesday, Nov. 23, Windy Valley, teacherage, four rooms, good condition, base shed, storage tank, outbuildings, one butane drum and regulator.**

**Two unfurnished rooms for rent.**

Mrs. G. H. Tineley

**For Rent**—2 cabins and 1 residence. See W. J. Luttrell, 2 miles west of Hedley. 48p.

**Mr and Mrs J. E. Neely and Mrs. W. E. Jones visited G. J. Teel and family at Clarendon Sunday.**

**Mr and Mrs J. M. Tidwell announce the arrival on Nov. 10 of a fine little daughter, weight 8 pounds 10 ounces. She has been named Almada Sue.**

**Mrs. W. D. Franklin was operated on Nov. 4th at Scott and White Hospital at Temple. She is getting along nicely, and expects to return home soon.**

**Mrs. J. B. McCants of Amarillo and Mrs. Mayne Ranson of Giles visited Mrs. John Lemmon Sunday.**

**Donald Bailey and Will Eiten Johnston of McLean were here this week visiting friends and relatives.**

**Mr and Mrs R. J. Whittington of Big Spring visited relatives here this week.**

Bob Clarke of Shamrock, considered the southwest leading entertainer, will present an evening's show at the Hedley High School auditorium at 8:30 p. m. Thursday, November 18th. The title of the entertainment is "In the Realm of the Impossible" and will contain both ancient and modern magic, featuring "Hindu Sands," Lighted Cigarettes, Rising Cards, Multiplying Rice, Easter Bunny, Floating Lady and many other magic effects.

This entertainment is sponsored by the local Lions Club for the benefit of the Memorial Honor Roll Fund and the price of admission will be 15c and 30c. Don't fail to come as it will be a good show and for the benefit of a good cause.

### Lions Club News

The Lions Club met in regular session last Thursday night with a good attendance. All enjoyed an excellent meal served family style.

In observance of Armistice Day a ladies' quartet composed of Messdames Ross Adamson, G. G. Hill, Hobart Moffitt and Alva Simmons sang a medley of songs popular in 1918.

Principal speaker of the evening was Judge A. S. Moss of Memphis, who delivered a very interesting and appropriate address.

The club voted to sponsor a scrap drive this week, and decided to give \$10 to the class of Hedley school which collected most paper.

Next meeting will be Thanksgiving night, Nov. 25. A good program is expected.

**Mr. and Mrs. M. L. Sullivan of Amarillo announce the arrival on Nov. 15 of a fine little daughter, weight 8 pounds 10 ounces. She has been named Pamela Kay.**

### Simplify Gas Rationing

All "B" and "C" gasoline coupons issued after December 1 will be worth five gallons each, compared with the present value of two gallons for coupons of those types in the east and mid-west and three gallons in the far west. This means "B" and "C" books will contain fewer coupons than in the past, but each coupon will be good for more gallons than before. No increase in the amount of gasoline allowed is involved.

**Rev and Mrs. M. E. Wells spent Sunday and Sunday night visiting old acquaintances and making new friends. The Wells are nearly beloved in Hedley. They were on their way to visit a son in Tulsa and one in North Carolina, and then they plan to spend the rest of the winter in Georgia, their native state.**

**Peggy Zoe Stotts visited her aunt and uncle, Mr and Mrs. A. S. Edwards, at Fort Worth the past week end.**

**Mr. and Mrs. O. W. Snelling of Sheppard Field were recent visitors in the Ben Davis home.**

## Methodist Conference Appointments

In the Northwest Texas last week, Rev. G. R. LeMond was sent from here to Turkey and Rev. A. B. Cockrell of near Snyder comes to Hedley. Bro. LeMond has made many friends during his stay here, and the church has been benefited by his good work. Our best wishes go with him.

Other appointments of interest to local citizens include: Dist. Supt., G. T. Palmer; Clarendon H. W. Hanks; Memphis, E. L. Yeats; Brownfield, J. O. Quattlebaum; Lamesa, E. D. Lanorath; Chaplain U. S. Army, Rex S. Kendall.

## Visit Internment Camp

Mrs. Blaine Doherty, Mrs. Harry Womack, Mrs. Chas. Rainey, Mrs. Leon Reeves and Mrs. Ray Moreman went to McLean last Wednesday to attend a meeting of the Camp and Hospital Council of the Red Cross. The Internment Camp there was host to sixteen other companies, and the Day Room furnished by the Donley County Chapter was open for inspection. A program was prepared for the visitors, the high light being an hour concert, played by a famous 50 piece German band captured from Rommel. Last, but not least, refreshments prepared by German Chefs, under American supervision, were served in the Mess Hall.

The work of furnishing recreation and diversion for our guards and hospital patients has just begun, and this committee expects Hedley to do her part in this worthwhile cause.

## J. C. Estlack's Father Dies At Clarendon

Funeral services for Alfred Estlack, who passed away Saturday at Clarendon, were held Sunday from the Baptist Funeral Chapel. He was 100 years of age and was the father of J. C. Estlack, Clarendon postmaster and publisher.

Mr. Estlack was born in 1843 in Utah. He was a scout with the U. S. Army for 12 years, and was with General Custer shortly before the famous battle of the Little Big Horn.

He had been a resident of Texas since 1883, when he settled in Old Tascosa.

J. Mundell of Wichita visited in T. O. McFarland home last Thursday and Friday.

Mrs. W. O. Cape of Dalhart has been visiting in the Stotts and Lemmon homes.

## BARGAIN RATES

We can still accept a few new Informer subscriptions. Until Dec. 1st the rate will be reduced to \$1.00 in cash or \$1.50 in trade for farm produce, canned goods, etc. The price outside Donley county will be 50c higher.

## County Memorial Honor Roll Committee Meets

The Donley County Memorial Honor Roll committee met at Clarendon Monday night with 28 present, representing practically all of the county. They decided on marble slabs placed on a concrete base for the monument. The banks of the county were designated as depositories and they will accept your donations or you may give them to any member of the committee. It will cost approximately \$5.00 per name to erect the monument. The committee has over 700 names at present and expect it will run to near 1000 before the war is over. December 1st is set as a deadline to get the donations in as they would like to start the work immediately.

Barbara Smith of Clarendon was elected President of the committee, C. L. Johnson of Hedley was elected Secretary. The Vice Presidents are Miss Ruth Richardson, Leon Reeves, J. E. Brandon and Cain Aten. Chairmen of their districts in this part of the county are W. O. Hollano, Naylor, J. W. Noel, Hedley, E. M. Glass, Giles, O. P. Messer, Mc Knight, W. H. Clay, Bray, Earl Myers, Lolla Lake and C. A. Crow, Smith.

This is a good move and the monument will be a thing of beauty, something we will be proud of for many years. It will be placed on the court house lawn.

## Pistoria-Doherty

Miss Camilla Doherty of Hedley and Cpl. Lewis O. Pistoria of Great Falls, Montana, and Amarillo Army Air Field, were united in marriage on Sunday, November 14 at 5 o'clock in the home of Mr. and Mrs. C. D. Malone in Amarillo by Rev. Spencer Sibley.

Attendants included Mr. and Mrs. Ray Doherty of Hedley, Mr. and Mrs. Jack Poynter of Amarillo, Mr. and Mrs. Blaine Doherty and daughter, Sandra and Jane Ruth Hall of Hedley, Mr. and Mrs. Dalton Malone and Mrs. D. W. Malone of Amarillo, Luella Mae Held of Panhandle, First Sgt. Leonard Pistoria, Cpl. Sley and Sgt. Hopkins of Alton.

The bride wore a blue jersey dress and a carriage of red roses with matching accessories. Mrs. Pistoria is the daughter of Mr. and Mrs. Ray Doherty of Hedley and graduated from Hedley High School in 1942. She will continue her studies at West Texas State in Canyon for the present, where she is a member of Kappa Tau Delta.

## Cotton Ginning Report

Census report shows that 2997 bales of cotton were ginned in Donley County from the crop of 1943 prior to Nov. 12 as compared with 2910 bales for the crop of 1942.

## Bargain Rates

We are at present authorized to accept renewal subscriptions to the Amarillo News at the rate of \$7.95. This offer may not be open long, so bring in your renewals at once. No new subscriptions will be accepted. The combination rate for the Amarillo News and this newspaper will be \$2.25.

## News from Our Soldiers

Mr and Mrs. M. L. Sims have received a message that their son, Lieut. Mack L. Sims Jr., was slightly wounded over Rabaul, New Britain, on Nov. 2.

Ralph Alewine left Sunday night for Mississippi College at Clinton, Miss., where he spent 8 weeks during the summer.

## Scrap Drive To Continue

The "Victory Scrap Run" drive, scheduled to end Nov. 15, has been continued indefinitely. C. M. Paul, Director of the Salvage Division of W.P.S., said "As long as the war lasts, there will be a continuing need for iron and steel scrap to keep the mills well supplied. The collection of iron and steel scrap from all sources must be a continuing operation."

## Temporary Food Rations

Service men on leave can get temporary food rations without the forms usually furnished by the armed services, according to OPA. In an emergency, application may be made on forms available at local ration boards.

Lieut. and Mrs. Winton Berner dia visited here last week.

Mrs. Ed Harris and sons Leon and Joe of Rotan spent last week end here.

Born to Mr. and Mrs. Bud Frank Wood, Nov. 15, a fine little son. He has been named Charles Alton.

Mrs. J. A. Tollett is convalescing from an appendectomy.

Mrs. John McOasley visited in Amarillo Tuesday.

Mrs. Elvia Davenport has returned from a visit with her son Lyman in Mississippi.

Mrs. Theo Johnson and son of Memphis were in town Tuesday.

Dorothy Dishman of Hereford underwent an operation for appendicitis Wednesday night.

## Mail Christmas Cards Now

Christmas cards to soldiers overseas should be mailed at once, the War Department says. They must be sent in sealed envelopes as first class mail. Christmas cards mailed now will reach even the most remote APO by December 25, according to the Army Postal Service.

## Tire Situation Tightens

Operators of passenger cars may find it impossible to obtain used tires because commercial vehicles delivering essential goods are now eligible to receive used passenger and truck tires of size smaller than 7.50 20 to replace tires no longer serviceable. November quotas recently released by OPA for new passenger and truck tires show 80 percent fewer for trucks and 14 percent fewer for passenger cars.

## WEEKLY NEWS ANALYSIS

### Both Parties Study Election Trends; Higher Wage Scale Ends Coal Strike; Permit System May Regulate Marketing As Hog Shipments Flood Packing Plants

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)  
Released by Western Newspaper Union.

Admiral William Halsey, left, and Gen. Douglas MacArthur map latest Allied war plans in South Pacific. Vice Admiral A. S. Carpenter is pictured behind General MacArthur.

#### HOGS:

##### Heavy Receipts

With hog shipments flooding packing centers and many slaughterers reported shifting receipts to less congested yards, there were rumors that the government may impose a permit system to regulate marketing.

During a recent three-day period, packers received 574,000 hogs, almost 40,000 over the record October peak of the previous week. With packers in possession of from three to ten days' supplies, 250 to 270 pounds brought \$14.40 in the Chicago yards, with weights below 180 pounds dropping from 15 cents to \$1 under the \$13.75 "floor."

Although the government had worked out a permit system for marketing last year, it did not apply it when heavy runs leveled off. According to experts, preference would be given to bigger hogs if the permit system were to be applied now.

#### MEAT PRODUCTION

Meat production for 1944 will total 24 billion pounds, the Bureau of Agricultural Economics reported, but increased government needs will cut civilian allocations.

More than 98 million hogs will be slaughtered in 1944, the BAE said, or three million more than this year. Because of smaller spring pig crops, however, next fall's marketings should drop below current levels.

Despite record slaughterings in 1943, cattle on farms should number about 80 million head January 1. Because of the feed situation, total cattle fed should slide below 1943 levels in the corn belt and other areas, BAE said.

Because of a shortage of ewes and labor, the 1944 lamb crop should be one to two million head smaller than this year, with slaughter also dropping. Butchering of sheep at 1943 levels would seriously deplete supplies by 1945.

#### ELECTIONS:

##### GOP Trend

With the election of Republican Simeon E. Willis as governor of Kentucky, the GOP swept through all recent elections to strengthen indications of a swing in the political pendulum.

In New York, Republican Joe R. Hanley amassed a majority of 348,000 votes to win the lieutenant-governorship from Democrat Lieut. Gen. William N. Haskell. Should Governor Tom Dewey decide to make the presidential race in 1944, Party-man Hanley will fill his shoes.

Governor of New Jersey during World War I, Republican Walter Edge ran up a majority of 128,000 votes to win the office again during World War II, besting labor-backed Democrat Vincent Murphy.

Republicans maintained their 62-year control of Philadelphia with the election of Republican Bernard Samuel for mayor over White House favorite and Democrat William Bullitt by 64,000 votes.

Said GOP National Chairman Harrison Spangler: "The light of the New Deal has flickered out." Retorted Democratic National Chairman Frank C. Walker: "I read no national trend whatsoever in the . . . results."

## HIGHLIGHTS . . . in the week's news

**ENTERPRISE:** A Michigan farmer, Frank Barron of Delta county, had about given up hope of raising anything on an eight-acre patch that lay under water until midsummer. His county agent suggested that Canadian purple top rutabagas might mature before frost. Barron sowed two crops and has harvested five tons to the acre, worth \$70 at \$14 a ton.

#### COAL STRIKE:

##### Agreement Reached

John L. Lewis' 460,000 soft and hard coal miners were ordered back to their jobs following agreement on new wage conditions between the United Mine Workers' steel chief and Secretary of the Interior Harold Ickes.

Lewis (left) and Ickes.

L. Ickes, acting on behalf of the government which again took over the pits when a serious strike threatened.

Bypassing the War Labor board which had consented only to a wage increase of \$1.12½ daily, Lewis and Ickes worked out a formula boosting the bituminous miners' daily take to \$1.50. Under the terms, the work day would be extended to 8½ hours, with miners compensated for the average of 45 minutes of underground travel time, but with their lunch time chopped from 30 to 15 minutes.

Anthraxite miners will receive 70 cents more daily, 37.8 cents more by sacrificing 15 minutes of their 30 minutes lunch time, and 32.2 cents more as a result of a previous WLB award.

#### ITALY:

##### Line Sags

With Generals Clark and Montgomery bringing their full pressure to bear on the western and central sectors of the Germans' Massico ridge mountain line, the Nazis began to slowly give ground.

As they drew back along the west coast, they planted extensive mines and dynamited and blocked off roads, impeding the advance of pursuing Allies.

Smashing through during the night, British troops captured Isernia in the center. By so doing, Montgomery's Tommies cut the Nazis' forward east-west supply road, forcing them to use other routes behind the mountains.

#### SOUTHWEST PACIFIC:

##### Smash Jap Squadron

The battle to clear the enemy from the northern Solomons was on. U. S. troops were pouring ashore at Rekata bay on Bougainville island. In darkness and rain, reconnaissance reported the approach of a strong Jap naval squadron to resist the American landings. U. S. squadrons headed north for the fight.

Ninety minutes of tense maneuvering was followed by two hours of fighting. Toll: One Jap cruiser and four destroyers sunk. U. S. loss: Damage and casualties.

Their footing secure, U. S. troops pressed inland on Bougainville. At the Japs' great base of Rabaul to the west, U. S. fliers dropped hundreds of bombs, with Allied headquarters claiming 100,000 tons of enemy shipping sunk or damaged.

#### Record Debt for U. S.

As of October 31, the direct federal debt of the U. S. stood at approximately 165 billion dollars. Broken down, that represents a debt of \$1,203 for every person in the country or \$5,000 per family, on the basis of four members. Interest rates have fallen to an all-time low of less than 2 per cent, however.

The present debt contrasts with the one of 55 billion which existed before the war, when the interest rate averaged 2½ per cent. Following World War I, the public debt reached 26½ billion dollars, with over 4 per cent interest. The present 165 billion dollar debt does not include over 4 billion dollars of government guaranteed obligations.

#### MANPOWER:

##### Define Essential Industry

At least 75 per cent of a company's business must be essential for employees to be frozen into their jobs under War Manpower commission regulations.

In plants with essential as well as nonessential production, only workers employed on the essential manufacturing can be frozen into their positions.

Workers frozen in essential industry cannot transfer to other jobs without obtaining release from their employers, unless they can offer evidence that their skills are not being fully utilized in their occupations, or they are not being employed full time.

#### RUSSIA:

##### Near Rumania

As German forces retreated in the southern Ukraine, they were only 100 miles from the prewar Rumanian border, while in the north, they fell back to within 45 miles of the old Latvian boundary.

Krivoi Rog remained the focal point in the southern Ukraine, with the Germans fighting bitterly to hold open an escape corridor for their troops threatened with encirclement in the great bend of the Dnieper river. With the Germans holding at Krivoi Rog, it appeared as though they were successful in moving most of their forces from the trap.

Along the Black sea coast further south, Russian troops continued to pour over the bleak, barren Nogaisk plains, with German forces streaming westward toward the Rumanian border. As a result of recent movements, the battle front in Russia ran in almost a straight line from north to south, with the huge Dnieper river bulge eliminated.

#### EUROPE:

##### Food Plentiful

With 1½ billion bushels of bread cereals harvested and dairy herds at high levels, Europe's food stocks appear adequate for the next year on the basis of reports of European newspapers and Swedish correspondents. Only pig and poultry supplies are smaller.

Because of the efficiency of Germany's rationing system, it was said, food will not contribute to any collapse of the Nazi home front. Increased production of vegetable oils are supplementing the Germans' diet. On the other hand, Russia faces serious food shortages this winter, with conditions approaching famine in some areas.

Should the war in Europe end suddenly, big difficulty in feeding the populace would arise in moving the food from the farms to the cities, where plants made idle by cessation of war production would create severe problems of unemployment.

#### INSIDE JAPAN:

##### Morale High

Intensive propaganda has had its effect in Japan, with its 90 million people firm in their conviction that theirs is a holy war to smash the white man's economic domination of Asia.

Early victories after Pearl Harbor heightened Japanese enthusiasm, and although overburdened transportation facilities have aggravated the general food shortage with black markets thriving, travelers say that the usually frugal populace has accepted added privations as one of the necessities of war.

Financed by paper money issuance, Japan's war industries are booming, with everybody from employer to worker prospering. Coolie wages alone have risen from about 34 cents to \$2.30 a day. The Japs are heavy war bond buyers.

As head of the Japanese religion, Emperor Hirohito still commands awesome loyalty of the people, with Premier Tojo cleverly playing upon this reverence to mobilize the state.

#### WAR STOCKS FALL:

Rumors of an early peace resulting from the Moscow conference, and victories on the Russian and Italian fronts, caused declines in so-called war stocks, including railroads, and an upturn in peace stocks on the New York and other markets. Steel, rubber, aircraft, and distilling issues dropped one to two points, as did many low grade rail stocks.

High class rails and many utilities marked up small gains. In commodities, wheat broke one to two cents a bushel, but recovered later.

## Who's News This Week

By Delos Wheeler Lovelace

Consolidated Features.—WNU Release.

**NEW YORK**—If John R. Deane could have kept on winning promotions as fast as he did in the first months of his career in the United States army he would long ago have had no more ranks to conquer.

#### Maj. Gen. Deane Stated to Go Far At a Rapid Pace

He enlisted in the closing hours of World War I, on October 5, two days after the Germans asked President Wilson for an armistice. He was made a second lieutenant on October 26, on the very day Ludendorff resigned his German command. Not that Lieutenant Deane had the field marshal worried. The two events just happened to dovetail. By the next February it was First Lieutenant Deane.

He lagged for a while after that. He waited 16 years for his majority. But he is a major general now, and his present job in Moscow, at the head of the American military commission which is supposed to blow all bottlenecks out of our lend-lease program there, is likely to move him still farther upward, and at a fast pace, too.

Deane is a Californian. Better, he belongs to the topoficial inner circle of Californians who were born in San Francisco, that romantic center of fogs, tip-tilted streets and overcast evenings. He belongs to the army's inner circle, too, is a graduate of the Army War college, where only the smart officers go, and of the Command and General Staff school. Forty-seven now, in his 26 years of military life he has served in nine states, the Panama Canal Zone and China. Just before the Moscow trip he was secretary of the Combined Chiefs of Staff in Washington. That, too, is a job which goes only to the smart officers.

**A** NOTHER friendly gesture from President Carlos Arroyo del Rio of Ecuador pleases but does not surprise the United States. Now those citizens of his small country wish to get into the fight may enlist in our armed forces with his approval.

#### Ecuador's Chief in Another Friendly Gesture to U. S.

Under Dr. Arroyo's presidency, Ecuador has sold us valuable rubber, has leased us invaluable naval and air bases on the mainland and on the Galapagos islands. Dr. Arroyo has made us a state visit, too. In 1942, a tall, heavy man with a big nose, a receding pompadour, smart-tache, dignity, he visited Washington, West Point and New York. His only son is being educated here.

The small republic sitting so cockily astride the equator has had 22 presidents since 1897. Dr. Arroyo, elected in 1940, seems destined to fill out his four-year term. Born in 1893 in Guayaquil, educated there, his personality smacks of this progressive seaport, rather than that of ancient, dreamy Quito, high above in the mountains.

He received his law degree at 20, practiced corporation law with solid success, taught in his alma mater, the University of Guayaquil, served many terms as deputy to the national legislature, was elected to the senate and finally presided over the entire congress. He refused to be candidate for president twice but luckily for us was willing in 1940.

**S**PORTS writers who knew him when he was running the athletic show at West Point said then that Maj. Philip Bracken Fleming

#### Maj. Fleming Has Full Administrative 3 Words to Ease Trough A Tough Problem

was a tactful administrator, never at a loss for the word needed to ease a bad situation. Now that he is a major general and Federal Works administrator, he still has the needed word. Three, in fact! They are: "A billion dollars."

That much money, the general reckons, will nicely cushion the impact of postwar unemployment feared by so many. Republican voices offstage seem to groan that so much money ought to cushion anything, but the tactful general pays them no heed.

Fleming finished up with West Point 10 years ago. An army engineer, with a highly regarded knowledge of construction, he was drafted by Roosevelt, a fledgling president then, to head up the Public Works administration.

He has done a passel of jobs since that time and has been called an ace New Deal trouble shooter. He has been FWA administrator for two years and before that wiped up a lot of spilled milk for the Wage-Hour administration.

Major Fleming is just a little short of 60 years old now. His hair is graying, his mustache is gray, but his eyebrows are startlingly black, with a heavy, quiet face and a full mouth.

He was born in the Middle West; Iowa, in fact, and was graduated from West Point in 1911.

Transfer No. Z9585.

**PANHOLDER** styles to please everyone. There is a pair of plump, pink "porkers," flower bedecked, to protect your hands from hot pans; a coy peach is wooed by a boy pear for another gay duo. The round-eyed twin babies would surely call your attention to the pan that was boiling dry. Plate, sugar and creamer panholders duplicate your best china. The fifth set of panholders is for you to piece from your prettiest prints.

Due to an unusually large demand and current war conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers. These five sets are included in Transfer No. Z9585. The price is 15 cents. Send your order to:

The gaily enameled unit insignia you see on a soldier's lapels and overseas cap are reproductions of his regimental shield displayed in the center of the eagle on his regimental flag. It's a part of U. S. Army tradition. Traditional, too, is the Army man's preference for Camel cigarettes. (Based on actual sales records from service men's own stores.) It's a gift from the folks back home, that always rates cheers. And though there are Post Office restrictions on packages to overseas Army men, you can still send Camels to soldiers in the U. S., and to men in the Navy, Marines, and Coast Guard wherever they are.—Adv.

## SNAPPY FACTS ABOUT RUBBER

Of the 125,000 communities in the United States, 84,000 have no rail connection. They depend on rubber tires for their existence and their contacts with other communities. They rely solely on buses, trucks and passenger cars.

Reduction of the national average mileage of passenger cars to 5,400 miles a year through rationing has proved an important factor in rubber conservation. An idea of how this mileage is regulated will be understood when it is known that 55 per cent of the country's cars are operated on "A" gas ration books allowing about 25 per cent "B," and 20 per cent have "C" books for supplementary supplies.

Help Them Cleanse the Blood of Harmful Body Waste  
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.  
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.  
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

**For Freedom's Right!**

FOURSCORE and seven years ago our fathers brought forth upon this continent a new nation, conceived in Liberty, and dedicated to the proposition that all men are created equal."

FOURSCORE years ago this November, Abraham Lincoln began his immortal Gettysburg Address with those words, in dedicating the National Cemetery at Gettysburg, Pa. Through the years that address has come to be known as one of the greatest documents of the ages, calling every loyal heart to "be here dedicated to the great task remaining before us . . . that these dead shall not have died in vain . . . that this Nation, under God, shall have a new birth of freedom."

FREEDOM . . . that little word that means so much! In this country we see its symbols everywhere. Our churches, our newspapers, our lecture halls, our assemblies, our businesses . . . all represent that one, all-important word. Under the influence of Freedom and what it represents, our country has grown in 150 years from a wilderness to the strongest power on earth. Today it is free people who are saving the world. People who will never allow themselves to be conquered!

FREE ENTERPRISE . . . Another word that creates tangible results. Free Enterprise . . . the force that enables private business-operating companies, like ours, to serve the public in their own zealous individual service-giving manner. From them each of us has earned personal benefits—our community has prospered and our country has become the richest in the world. When those who are fighting the battle of freedom return home to America, they'll expect this ideal to be preserved. It's up to us to do it!

Let us commemorate this, the 80th Anniversary of Lincoln's Gettysburg Address, as "dedication day," an occasion for re-dedicating ourselves "to protect the rights and liberties of American Citizenship and maintain National Honor, Union and Independence."

What You Buy With WAR BONDS

Prevents the "Bends"

Before our fighting pilots take to the air for stratosphere flying they must be "supep-up." To do this the pilot just before he takes off pedals a stationary motor driven bicycle to reduce the amount of nitrogen in his blood. Otherwise gas bubbles would collect in his blood stream.

The stationary bicycle is an inexpensive piece of equipment, but the vast quantities of this and other materials of war make it imperative for all of us to keep our fighting men well supplied by greater and greater purchases of War Bonds.

TRUST the movies to come up with something new! When Gertrude Lawrence sang "The Saga of Jenny" in the stage version of "Lady in the Dark," audiences may have experienced mild, delightful shocks—but when Ginger Rogers sang the song for the movie version she was the one who experienced shocks—electrical ones. Something in the atmospheric conditions, and the fact that Ginger was dancing on a coco-matting carpet, set up electrical charges when the mink evening gown (yes, really, mink) she wore swept the matting.

Gail Russell could give Cinderella pointers on how it feels to find oneself famous in practically no time

at all. A good role in "The Uninvited," then another in "Our Hearts Were Young and Gay," and now she's right up top in "Fear."

Edwin C. Hill's ode to "An Old Fashioned Thanksgiving," which the commentator has given annually for almost a decade, will be given a special Thanksgiving day network spot of its own this year, with all the production trimmings.

Although the popular ballad, "All or Nothing at All," was published but a few months ago, it could very easily have been Dinah Shore's theme song a few years ago. Dinah, who stars now on her Thursday night program, sang on small radio stations when she first came to New York for "nothing at all"; some of the people who worked with her then say that they thought she didn't have much of a voice and they couldn't believe that she had a future in radio, but that they kept encouraging her because she was such an awfully nice girl!

Loretta Young was so impressed with the play, "Lost Yesterday," in which she appeared on the CBS "Silver Theater" that she is trying to interest film producers in the script, with a view to playing on the screen the role she did on the air.

Last November, Hunt Stromberg predicted that his new contract player, Michael O'Shea, would become one of the most promising stars of the screen within a year. The young Irish actor played his first movie scene as a putty-nosed comic in "Lady of Burlesque," last December. He was borrowed to star as "Jack London"; before that picture was finished he was given the role in "The Eve of St. Mark" which he created on the stage. He's booked now to star in a screen character patterned after Henry J. Kaiser, the shipbuilder, in "Man From Frisco," and Darryl Zanuck has arranged for him to star in two pictures a year for the next six years for 20th Century-Fox.

Guest stars, heretofore exclusively an evening radio feature, have been adopted by at least one daytime serial—big name personalities are becoming regular visitors in the script of "Bright Horizon," heard over CBS mornings. Mrs. Wayne Clark, wife of the Fifth Army's General Clark, was the first celebrity to be written into the script, Bea Wain the second.

The title of Sammy Kaye's picture for United Artists has been changed from "Song of the Open Road" to "It's Great to Be Young." Reports of a housing shortage on the Coast have caused Kaye to start planning for accommodations now. He's trying to get the house Jimmie Dorsey is living in at present; Dorsey will finish his picture and leave Hollywood about the time Kaye arrives.

ODDS AND ENDS—Mrs. Dick Haymes takes all the buttons off the singing star's coat before each broadcast, sees them back on after the show, because studio fans have a habit of snatching them for souvenirs. . . . Katina Pasinou, prevented by illness from playing a supporting role in Ginger Rogers' "Tender Comrade," will do RKO's "Mamma's Bank Account" as her first starring picture. . . . Looks as if Paul Muni never will escape history—he's booked now for "At Night We Dream," a film to be based on the life of Chopin. . . . "Lassie Come Home" not only filled New York's huge Music Hall week after week but children begged to see it again!

A typical illustration of the sudden sweep of righteous beligerency which suddenly transformed America into a hard hitting war machine is a group of former housewives, stenographers, and feminine factory workers who guard the Allis-Chalmers supercharger plant in Milwaukee, Wis. Before Pearl Harbor, these women probably would have been shocked at the sight of a gun. Now they are crack shots with pistols, shotguns, and tommy guns, as they and other patriotic women guard our vital war plants.

CHECK—All vigiladies have orders to be suspicious. Jewell Halliday, left, not only checks this visitor's credentials but also the inside of a leather bag he is carrying. **V-Mail Christmas Presents**

Relatives and friends still have time to send men and women overseas V-Mail notices of war bond gifts for Christmas. The Army Postal Service has assured delivery by December 25 of all V-Mail notices sent before December 1. War bonds as Christmas gifts will help to hold down inflationary buying of scarce merchandise, and will be a financial cushion for the service man or woman upon return to civilian life. The Treasury Department added

**Mail Christmas Gifts and Cards During November**

The postoffice department has stated that all Christmas gifts and cards to anyone should be mailed during November or delivery before Christmas cannot be promised. The unprecedented volume of mail makes this step necessary, and the public is asked to cooperate.

**BARGAIN RATES**

We can still accept a few new Informer subscriptions. Until Dec. 1st the rate will be reduced to \$1.00 in cash or \$1.50 in trade for farm produce, canned goods, etc. The price outside Donley county will be 50c higher.
