

The Hedley Informer

VOL. 34

HEDLEY, DONLEY COUNTY TEXAS, FRIDAY, JAN. 28, 1944

NO. 11

20 YEARS AGO

Taken from the Informer files for Jan 28 1924:

Little Mary Rains Bridges is on the indisposed list this week.

There will be a Box Supper at Giles school house Friday night, February 1st, for the purpose of buying playground apparatus for the Giles school.

H. N. Season, former Hedleyan now with the First National Bank at Wellington, was a visitor here a few days ago.

Rev and Mrs Jehu H. Crow and son, Will Allen, came down from Mebeetic last week for a visit with relatives and friends.

Homer Bridges has returned from Brownfield, Terry county, where he went with R. A. Soles the first of last week.

Dr. J. W. Webb attended to business in Fort Worth the first of the week.

Mr and Mrs Vestal Mesley of Lella Lake spent the week end at the M. W. Mesley home.

Rationing At A Glance

Gasoline—In states outside the east coast area A-9 coupons are good through January 21.

Shoes—Stamp No 18 good for 1 pair. Validity has been extended indefinitely. Stamp No. 1 on the "Airplane" sheet in Book Three good for 1 pair.

Sugar—Stamp No 80 in Book Four is good for 5 pounds through March 31.

Meats, Fats—Brown stamps R, S, T, and U are good through January 29. Brown stamp V is good through February 26. Brown stamp W becomes good January 30 and remains good through February 26.

Processed Foods—Green stamps G, H and J in Book Four are good through February 29.

Stabilize Ration Buying Power

Under the new ration token plan effective February 27, the housewife will be able to buy about the same amount of rationed processed foods and meat fats as she can now. Point values will be adjusted so the individual's allotment of 60 points for buying meats and fats will buy the same amount as the present allotment of approximately 64 points. Similarly, under the token plan the 50 point allotment for processed foods will buy an amount equal to the present 48 point allotment.

METHODIST CHURCH

A. B. Cookrell, pastor

Our attendance was up some what Sunday. Especially were we delighted with the congregation Sunday evening. In the evening we give special attention to a period of evangelistic singing. We invite you to be with us for both services next Sunday. The morning service will have as its theme the Crusade for a New World Order which was inaugurated by our bishops. In the evening service we bring the third in our series of studies about the "Kingdom".

We call the attention of our people to the study course sponsored by the Board of Missions and Church Extension, beginning Monday evening and continuing for four consecutive nights. We urge that as many of our membership as possible attend these studies. We expect to enjoy some entertainments. Every one is invited to attend. The study is "The Church After the War."

Lieut. Teddy L. Hull Killed in Action

The Informer family was saddened last week by the news that our nephew and cousin, Lt. Teddy L. Hull, was officially listed as killed in action after having been reported as missing in action since last June. The following report appeared in last Thursday's Wichita Daily Times:

Lt. (j. g.) Teddy L. Hull, former Wichita and nephew of Mrs. W. L. Shipley, 1711 Dayton, was killed in a midair crash while participating in an engagement with the enemy in the Southwest Pacific last June. Members of his family have been informed.

Hull earlier was listed as missing in action.

He enlisted in the navy in January, 1940, and received his wings as the Corpus Christi Naval Training Base in July, 1942.

He was credited with engaging a squadron of 45 Japanese planes, shot down two Zeros, and with the sinking of a Japanese admiral's barge. He was awarded the Distinguished Flying Cross.

He was a son of Mr. and Mrs. O. G. Miles of Winslow, Ark.

Ease Restrictions on Plumbing

Consumers who wish to buy plumbing, cooking, and heating equipment in most cases no longer need authorization from WPB. Some of the items which need no priority rating are bathtubs, lavatories, toilets, laundry trays, showers, shower stalls, condensation pumps, chemical toilets, drinking fountains, septic tanks, grease interceptors, flush tanks, nebulizer sinks, and wash fountains. Unrationed cooking and heating stoves also may be purchased without WPB authorization.

Mrs. Freddie Denton and Al Beck of Washington, D. C., Mrs. D. B. Thomas and Miss Neoma Thomas of Amarillo were guests of Mr. and Mrs. John Thomas over the week end.

Extend Ration-Free Shoe Sale

Sales of certain (chiefly novelty) types of women's shoes, ration-free, at three dollars or less a pair, have been extended an extra week, through February 5, OPA has announced.

Winfred Eugene McCracken spent the week end with his grandparents Mr. and Mrs. J. W. McPherson.

Miss Pauline Wells of Orest, Calif. visited in B. M. Stewart home last Monday.

Billy C. Johnson is again attending Texas Tech at Lubbock.

Found—pair of suitcase keys. Owner call at Informer office.

Pre-War Baby Carriages Back

Pre-war model baby carriages, strollers, walkers, and pushchairs will reappear on the market in about six weeks, according to WPB. Greater availability of steel makes possible the production of these pre-war models.

War Dads Elect Officers Lions To Buy Bonds

At last Friday's meeting of the local Chapter of American War Dads the following officers were elected for the year: Chester O. Hill, president; W. O. Bridges, Sec. Treasure; A. P. Todd, Chaplin; Marshall Stone and J. W. De Board, Sergeants at Arms. Vice Presidents are J. A. Tollett, J. M. Tate, W. H. Ivey, R. W. Alewine, Clyde Grimsley, O. P. Meser, W. W. Wiggins and G. L. Johnson.

These officers will take charge at the next meeting on the 7th day of February.

F. W. & D. Buys War Bonds

It was announced today by R. C. Vinson, agent, Fort Worth and Denver City Railway Company, that the Fort Worth and Denver Line will allocate \$10,000 of a large purchase of Series 'G' Savings Notes in furtherance of Donley County Fourth War Loan Drive.

Mr. Vinson said that the total purchases of the Burlington Lines in Texas will be one million dollars in the Fourth War Loan effort. He pointed out that this does not include, but is in addition to, the approximately quarter million dollar annual purchase of War Bonds by the employees of this railroad through the salary deduction plan.

Sam J. Hamilton Announces For District Attorney

Sam J. Hamilton of Memphis has authorized the Informer to announce him as a candidate for the office of District Attorney subject to action of the Democratic primaries.

He has been filling this office since last March, when he was appointed to fill out the unexpired term of John Deaver, who resigned to enter the Marine Corps as a Captain.

Mr. Hamilton is a law partner of Mr. Deaver, and has been engaged in the practice of law at Memphis since July, 1912.

He will deeply appreciate your support and influence in the coming election.

H. B. Monroe Writes

A letter from H. B. Monroe of Santa Anna states that Mrs. Monroe is ill in a hospital there. Her mother Mrs. S. G. Justice, passed away Jan. 16 and was buried Jan. 11 at Santa Anna. She was 87 years of age.

G. L. Johnson, local Lions secretary and Ray Mereman, Zone commander, visited the Memphis Lions Club Wednesday. They report a fine time and state that the Memphis club is doing much worthwhile work.

Little Miss Mary Eilonor Quisenberry of Amarillo is visiting her grandparents Mr. and Mrs. J. W. McPherson.

HARSH LAXATIVES UNNECESSARY?

Millions Find Simple Fruit Drink Gives Them All the Laxative Aid They Need

Don't form the habit of depending on harsh, gripping laxatives until you've tried this easy, healthful way millions now use to keep regular.
It's fresh lemon juice and water taken first thing in the morning—just as soon as you get up. The juice of one Sunkist Lemon in a glass of water. Taken thus, on an empty stomach, it stimulates normal bowel action, day after day, for most people.
And lemons are actively good for you. They're among the richest sources of Vitamin C, which combats fatigue, helps resist colds and infections. They supply vitamins B and P, aid digestion and help alkalize the system.
Try this grand wake-up drink 10 mornings. See if it doesn't help you! Use California Sunkist Lemons.

SNAPPY FACTS ABOUT RUBBER

Inflatable rubber barges for the U. S. Navy are "cured" at S. F. Goodrich in a steam vulcanizer that is 42 feet long, 10 1/2 feet in diameter, weighs 35 tons and has a door that alone weighs 10 tons. It's a record for size and turns out the 25-foot barges at a rate of one every 30 minutes.
Synthetic rubber plants already completed and those scheduled for construction will have an annual rated capacity of 850,000 long tons. Before the war the United States consumed about 600,000 long tons of rubber annually. Now, however, our supplies must be shared with the United Nations.

WEEKLY NEWS ANALYSIS

Congress Studies National Service Act; Russia Asks Creation of New Frontiers; Tighten Deferments to Ease Dad Draft; Senate Votes to Freeze Security Tax

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)
Released by Western Newspaper Union.

TELEFACT

HOW PRE-PEARL HARBOR FATHERS WILL BE CLASSIFIED

DRAFT: Tighten Deferments

In an effort to ease the dad's draft, Selective Service officials called a halt to the granting of occupational deferments to youths between 18 and 21, except those engaged in agriculture.

As a result of the order, at least 115,000 non-fathers are expected to become eligible for induction, although 11,000 dads between 18 and 21 will fall under the new regulation.

High school students are to be allowed to complete their education, but college deferments will be suspended except for critical courses like medicine, dentistry or veterinary, and the number of youths permitted to major in scientific fields after graduation will be restricted to 10,000.

Although 446,000 fathers were expected to be called by January 1, only 90,000 actually were inducted.

RUSSIA: Polish Boundaries

Declaring that it does not consider prewar Poland's 1939 borders unchangeable, Russia proposed the creation of new frontiers along lines suggested by Great Britain in 1919, which would place White Russia and the western Ukraine in the Soviet union.

Brought to the fore by the Red armies' advance into the disputed territory of prewar Poland, the boundary question has found the Poles' government-in-exile in London insisting on restoration of the prewar frontiers. In its latest proposal, Russia suggested that the Poles annex other territory inhabited by its people, like East Prussia, to lay the foundation for a postwar state.

Reds Surge On

As argument over the Polish eastern boundary went on, Russian forces surged forward in eastern prewar Poland and gradually hammered down the German front in the great Dnieper bend.
With one eye peeled on Allied movements in western Europe where invasion preparations were underway, the German high command fought a defensive war, refusing to throw in its mobile reserves into a large scale action in the east.

Instead, the German policy appeared to be maximum resistance to the Russian steamroller until superior forces necessitated a withdrawal, and repeated troop movements along the wide front to prevent a complete Russian breakthrough to their rear, where encirclement might trap their entire forces.

EUROPE: Pound Balkan

As the invasion hour drew near, huge Allied forces were being massed in Britain, with the Germans saying reconnaissance showed that the attack might take the form of a pincers movement against the continent.
As both sides girded for the showdown in the west, U. S. fliers struck hard at German supply and communication centers in the Balkans, particularly pounding the Bulgarian capital of Sofia, hub for railroads radiating to Rumania and Yugoslavia.

In Italy, U. S. troops continued their advance, beating through tangled German defenses with machine gun and mortar fire, after heavy artillery preparation.

LABOR DRAFT: Urged by FDR

To hasten the war's end, President Roosevelt urged enactment of a labor draft as part of a broad wartime legislative program, which also included:

1. A bill to tax all unreasonable individual and corporate profit;
2. Continuation of the present law to rewrite war contracts to remove excessive costs;
3. A law placing minimum prices on farm products and ceilings on consumer prices through subsidies.

4. Continuation of the price and wage-fixing law, expiring June 30.
"Of the labor draft, FDR said: "... I recommend... a national service act which for the duration of the war will prevent strikes, and, with certain appropriate exceptions, will make available for war production or for any other essential services every able-bodied adult in this nation."

Freeze Security Tax

With the social security reserve fund for 1944 estimated at five times the amount of payments due in any of the next five years, the senate cast a 48 to 17 vote to keep the social security payroll tax at 1 per cent each for employee and employer.

Although Senator Barkley (Ky.) declared extension of the low rate now would only mean increase of the rate later on to meet cost of disbursements, Senator George (Ga.) said the present 1 per cent rate would "completely protect the solvency of the old age and survivors benefit fund."

Retention of the present rate would save employees and employers alike 1 1/2 billion dollars a year over the proposed doubling of contributions, Senator Vandenberg (Mich.) said. The senate's action marked the third time it blocked a rise in the rate.

SOLDIER VOTE

Gov. Ellis Arnall (seated) signs soldier vote bill.

First state to pass legislation on soldier voting, Georgia's bill calls for ballots to be sent servicemen overseas after they have registered through applications mailed to them by request of themselves or friends. Servicemen will return the registration applications and then the ballots by mail.

Designed to simplify balloting by the state's 250,000 servicemen, Georgia's soldiers' vote bill was passed after five days' debate, then speedily signed by 35-year-old Governor Ellis Arnall.

Second state to shape a soldiers' vote bill was West Virginia, which permits a serviceman's family to register for him, with ballots returnable up to election day.

HIGHLIGHTS . . . in the week's news

INCOMES: A decline of 3 per cent in individual incomes was noted in November, compared with October, the commerce department reports. Nevertheless, November figures were 16 per cent, or 12 billion dollars, above the November, 1942, totals, which were about 10 1/2 billion dollars. Total income for 1943 is estimated at 142 billion dollars, highest in history.

BABY CARRIAGES: All restrictions on the use of steel in manufacture of baby carriages, push-carts, strollers and walkers have been removed by the WPB. Improvement in the steel supply is given as the explanation. An estimated 800,000 metal carriages will be produced during the year, if steel becomes available in sufficient quantity.

AGRICULTURE: Wheat Loans

Completion of loans on 127,277,698 bushels of wheat by the Commodity Credit Corporation during 1943 showed a sharp drop from the 386,297,684 total of 1942.

During 1943, farm stored wheat was estimated at 43,585,791 bushels, and that in warehouses at 83,641,907.

Hog Embargo

To help relieve feed conditions in storm areas of the Southwest where wheat pastures have been covered by snow, Commodity Credit Corporation has made an emergency allocation of 20,000 tons of soybean meal. Southern cottonseed mills are processing this cake, with extra allotments being made from the government's share of a special crush of 13,000,000 bushels of soybean.

Hog Embargo

A steady stream of trucks, sometimes forming a waiting line two blocks long, delivered 57,000 hogs to Chicago's sprawling stockyards on the opening day of last week's marketing, and when the first two hours of buying had filled packers' needs, there was a holdover of 77,000 pigs.

Many receipts were credited to loads received from other crowded markets, the farmers again were asked to curtail shipments as the War Food Administration considered imposing an embargo on deliveries. As a result of the glut, Chicago yards paid an average of \$13.20, compared with \$14.60 last year.

MODERN OPERA: Executes Son-in-Law

In action as melodramatic as any Italian operatic tragedy, Benito Mussolini's reorganized Republican Fascist government executed the Duce's former foreign minister and son-in-law, Count Galeazzo Ciano, to death for plotting to overthrow the old regime.

Also executed were four other members of the Fascist grand council, which voted to overthrow Mussolini during the early hours of July

Count Ciano in palmier days.

25 after a full night of stormy debate. Thirteen others were sentenced to death in absentia, among them being Count Dino Grandi, who helped sell Fascism abroad in the 1920s.

Dark, dapper and ambitious, Ciano was known as the "personality diplomat," holding a position of influence in the Duce's government after his marriage to Mussolini's daughter, Edda, who bore him two children. At the end, neither the Duce nor Edda intervened in his behalf.

SOUTHWEST PACIFIC: Tanks Lead Way

Press-back by fighting U. S. marines on Cape Gloucester, New Britain, Jap troops gave ground only after vicious combat, in which both sides used artillery to batter at defense positions through heavy jungle foliage.

To the west, Australian units continued their march up the coast to join up with U. S. forces, which landed at Salor 60 miles to the north. Jap machine gun and mortar fire slowed the Aussie drive to a walk, but the enemy were scattered when tanks were brought up to lumber through the rugged defenses.

With part of the naval personnel getting a long-needed rest, the remainder were working double-time supplying Allied ground forces in the Southwest Pacific area, with many at their posts since last April.

YOUNGEST MOTHER: 10 Years Old

Reputed to be the youngest mother ever to give birth to a child in the U. S., a 10-year-old Negro girl bore an 8 pound 8 ounce girl in Monahan, Texas, through natural delivery.

"The child never did know what was happening," said her physician, Dr. J. E. Cook. "She had been told she was going to have a baby, but she wanted to get right up and go out and play with the other children."

Even for a 10-year-old girl, the young mother is small, Dr. Cook said.

CAN'T FIGHT

Members of congress are barred from the armed forces, the President ordered following a conference with the attorney-general. It was decided that the Constitution forbids a man from serving as a legislator and a soldier or sailor at the same time.

Apparently only two representatives would be affected: Henry Jackson of Washington state, now a private in a tank destroyer unit, and Albert Gore of Tennessee, stationed at Camp Shelby.

Reply That Should Answer Multitude of Questions

During a question period following a lecture, a man arose and put a foolish query to the speaker. The latter replied:

"The logic of your question makes me think of another. Can you tell me why fire engines are always red? You can't? Well, fire-engines have four wheels and eight men. Four and eight are twelve. Twelve inches make a foot. A foot is a ruler. Queen Elizabeth was a ruler. The Queen Elizabeth is the largest ship that sails the seven seas. Seas have fish. Fish have fins. The Finns fight the Russians. The Russians are red. Fire-engines are always rushin'. Therefore, fire-engines are always red.
"I hope this answers your question also."

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, tingling, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, stinging or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

Electricity is Cheap

THERE'S plenty of waiting in line during these wartime days. But, there is no waiting for electric power. Yes, the demand for electricity is the greatest ever. But business managed companies have been able to produce all the electric energy needed for war production and still have ample supply for your domestic needs without rationing!

The simple, startling fact about electricity without rationing is that while the cost of living has been climbing up, the cost of electric service has been dropping down.

Today, the average American family gets about twice as much electricity for its money as it did 15 years ago. Perhaps you haven't noticed the reduction in your own rates because you have been adding appliances and using more and more electricity. But the saving is there, as you may use twice as much for the same money.

In view of wartime costs of production and taxes, electricity has become just about the biggest bargain on the market. The reason is that your electric company — under careful business management — has devoted all its energy and experience toward keeping the service good and the price down.

ON THE HOME FRONT WITH RUTH WYETH SPEARS

THE corner shelf with towel rack screwed to the bottom and red cut-out scallops across the front is an idea for a kitchen brightener. The scalloped strip of wood over the stove with cup hooks for pan holders is another. It is the Mexican pan holders, tow-

els and curtains that will interest the gift maker with needle and thread.

A whole set of amusing Mexican figures may be embroidered in simple outline stitch in bright colors. Some of the transfer designs are large and some are small so that they may be used for many different purposes. Try them on a luncheon set of coarse turquoise linen.

NOTE—You will enjoy making articles embroidered with these quaint colorful Mexican figures. There are more than twenty on this hot iron transfer sheet—all different and all easy to do. Price 15c. Order No. 233 and it will be mailed immediately upon receipt. Address:

Who's News This Week By Delos Wheeler Lovelace

Consolidated Features.—WNU Release.

NEW YORK.—Every morning at eight bells—3 a. m. to landlubbers—the navy's top man squints upward from the deck of the yacht Dauntless in the Washington navy yard and throws a smart salute toward the high-flying flag which he now says will throw heavier and heavier shadows across Japan as this new year runs along. A full admiral, there is talk of raising him still higher, to match senior officers of our Allies. This would make him admiral of the fleet, a rank no American has held since Dewey 45 years ago.

Adm. Ernest Joseph King's family, as much as an ardent army has left of it, lives in Washington but the admiral sleeps on the Dauntless because it can also accommodate the staff which helps him plan the coming offensive. Having given his smart salute he walks, probably by way of Virginia avenue, to the Navy building on Constitution.

There he puts in a big day's work for a man already two birthdays past retirement age. He was 65 in November and about then a rumor got around that Admiral Nimitz would succeed him. When this did not happen the rumor died a natural death.

Married since 1915, with a son in Annapolis, and five daughters, of whom four are married to army officers, Admiral King has been in the navy for 40 years. He has had his flag for 10, has been a full admiral for 7, and has had his present high post for more than 2.

WILLIAM LOREN BATT of the War Production board looks ahead to the days when the war will be stumbling offstage and doesn't like what he sees. He sees lots of workers and lots of material, but too few products for a commodity-hungry United States. This is likely to be so, he says, because workers will be in one region, stockpiles in another.

The government gives Batt a dollar a year for miscellaneous jobs, chief of which is the vice-chairmanship of WPB. He has worked at the latter since early in '42. His assignments keep him in his office 13 hours a day and busy at home more nights than not, but he still finds time to lie postwar problems. He believes that if management and labor pull together this country can have an unequalled prosperity with living standards so high the golden '30s will seem poverty-stricken by comparison.

Batt has been studying the relations of management and labor for years. In private life he heads the S. K. F. Industries at Philadelphia. He got to that post from a running start off an Indiana farm. Born near Salem, he walked six miles a day to get part of his schooling and finally was graduated from Purdue with an engineering degree. That led him into manufacturing, and manufacturing forced him into a study of management on which he is now an authority.

Away from Washington he lives in a Philadelphia suburb. For 35 years he has been married to a chum of his childhood and they have 5 children, as well as a substantial equity in 5 grandchildren.

WORD reaches this corner by a round-about road from Teheran that the Big Three included Finland in their talks and that when Russia sits down to make peace with her small northern neighbor she may be surprising-ly reasonable. This is a rumor to file for future reference, and meanwhile it will cheer Premier Edwin Linkomies. Since he took his job last March he has worried chiefly about Russia's intentions.

Linkomies is one of Europe's most erudite statesmen. Educated abroad, chiefly in Italy and Greece, he is vice president of Helsinki university and professor there of Latin and Roman literature and is certainly the only prime minister who has written a Latin grammar. Six years ago, when ex-President Hoover visited Finland, Linkomies welcomed him with a Latin oration.

His political activities have kept pace with his academic progress. He has held various municipal posts in his native Viipuri and for 10 years has been a member of parliament. He is titular head of Uusi Suomi, leading conservative daily and organ of the National Coalition party.

Fifty years old, Linkomies is energetic, persuasive and a terrific worker. Notwithstanding his professional background he gets on with all sorts of people and is popular partly, perhaps, because of his quick, sharp, dry wit.

Star Dust STAGE SCREEN RADIO

By VIRGINIA VALE Released by Western Newspaper Union.

AFTER three days on location, Director Leigh Jason issued an order to the cast of "Nine Girls" that there'd be no more eating between meals; he was afraid that they'd be unable to get into their clothes before the picture was finished. The first day, Jeff Donnell had brought three pounds of chocolate cookies, Jinx Falkenberg brought two quart-bottles of chocolate milk, and Leslie Brooks contributed a large box of candy. Evelyn Keyes and Nina Foch brought fruit. Between scenes Anita Louise, Lynn Merrick, Shirley Mills and Marcia Mae Jones helped eat. Then they had lunch, later, tea. The invigorating air was responsible—and they gained from one to two pounds each!

Some six years ago, when Connie Haines was singing at New York's Roxy theater under her real name—Marie Ja Mais—her manager brought a picture talent scout to see her. "She's fair," said the scout,

CONNIE HAINES

"but I'm afraid she'll never amount to much." Recently he heard her on the Abbott and Costello program. "Miss Haines," said he, "you're a wonderful picture bet; somebody should have signed you long ago."

Losing weight was Willard Parker's trouble. Doing a hot rumba all day for a scene in "What a Woman!" he wrecked five stiff-bosomed shirts, lost 10 pounds. "That's my last shirt," said he. "From now on, far's I'm concerned, we're doing a remake of 'Sahara.'"

Universal has just produced a featurette on the history of a professional model's career; called "Cover Girl," it stars the much-publicized Candy Jones. It shows her being interviewed by Harry Conover, being referred to members of his staff for tips on grooming, wardrobe accessories and demeanor, being sent out on various assignments, finally being selected to pose for a magazine cover.

Guy Kibbee, who's checked in at Warner Bros. for his role in "The Horn Blows at Midnight," starring Alexis Smith and Jack Benny, has an impressive title in the picture. He appears in a heavenly sequence of "Chief in Charge of Small Planet Management!"

When "Stagecoach" was released in the 1939-39 season, it picked up two Academy awards—one for Thomas Mitchell as the year's best supporting player, and the picture's scoring was given the second honor that year. It co-starred Claire Trevor and John Wayne, with Mitchell and Andy Devine in supporting roles. Now it's being released again—good luck for everyone who missed it the first time.

A significant new series titled "American Story," written by Archibald MacLish and tracing the history, development and fulfillment of the literature of the Americans, will be presented by the NBC Inter-American University of the Air Saturdays, beginning February 5. This is the third permanent series of the NBC University; others are "Lands of the Free" and "Music of the World."

Are you "the undiscovered voice of America"? The Hour of Charm begins its fourth singing contest February 10; "the ideal girl singer of America" will receive a 13-week contract at \$150 a week, and will sing with the Spitalny all-girl orchestra. The preliminaries will be conducted locally, and the 10 best contestants will go to New York for the finals, to sing once on "The Hour of Charm."

ODDS AND ENDS—CBS has engaged a notable array of soloists for the "Institution to Music" programs for the next three months ... Clay Womack, the original "Mr. Five by Five"—the writers dedicated the song to him; he weighs 312 pounds—has been signed by Warners for a comedy role in "Make Your Own Bed" ... Clifford Odets, actor and playwright, turns director with "None But the Lonely Heart" as his story and Cary Grant as his star ... C. Aubrey Smith, 80, celebrated his 52nd year in show business with the start of "Sensations of 1944" ... Terminating a two-year absence, Dorothy Coninger returns to the screen in "The Holy App."

Catching Soup-Fin Sharks Is a Lucrative Business

To catch soup-fin sharks, West coast fishermen now use large hooks, baited with mullet or kingfish, that dangle at the end of six-foot chains, says Collier's. They are hung at 25-foot intervals along a 1,000-foot master chain. Within a day or two, the catch of three long chains usually averages 25 sharks, whose livers alone, owing to the heavy demand for their oil, have a market value of some \$4,500.
