American Legion News

World War II veterans should put in their applications for "Master Out Pay" immediately. Blank can be obtained at the bank

The local post now has \$22 m.m. dues paid up for 1944. March 15th is the American Legion's Twenty-Fifth Anniversary and they are putting on a drive to get all 1944 dues by that time.

Since the "Master Out Pay Bill" has been approved, the Legion is working on the "Schooling for Discharged Soldiers" bill. If you are in favor of this it might help to write your Representative or Congressman.

The Legion is making another drive for Veterans records for service men and women and have started a campaign to "Write to someone in service"

Have you written to some soldier, sailor or marine this week?

Jerry Tidrow Honored

Mrs. Roscoe Lund, assisted by Mrs. W. J. Bridges, entertained several members of the younger set Tuesday afternoon with a birthday party honoring her grandson, Jerry Dee Tidrow, on his fourth birthday.

The children were entertained with a story told by Mrs. Bridges and several games were played

After the ceremony of blowing out the candles on the cake was observed, slices of the beautifully decorated cake and fruit punch were served to Donnie Cox, John Robert Nash, Jane Mesley, Barbara and Jacque Johnson, Billy Wiggins, Rodney Myers, Tommie Earl Tollett, Bill and Don Reeves Ben and Carol Cole, Benny Cliffon, Jerry Tidrow and David Edward Seliver.

The honoree received many nice gifts.

DONLEY COUNTY EXCEEDS BOND QUOTA

Monday night's total shows Donley County something like \$65,000 above their quota, and bond sales still coming in. It is hoped the county's quota will be over-subscribed over \$100,000

Hedley was nearing the \$40,000 mark, Giles and McKnight near \$5,000 and Bray having a good percent of their quota raised

The good work of the bond committees and others in the various districts shows what Donley County can do when she really goes to work.

Basketball Tournament

The Dist. 10 Girls Basketball League's Tourney will be held in the Hedley Gym this week end. Play starts at 4 p. m. Friday and ends Saturday night.

Fourteen strong teams are entered and some very thrilling matches may be expected.

On Friday night at 8 p. m. the District Champion Goodnight boys will play the Hedley Owls. An added attraction will be a game between the coaches of the district and the Hedley Lions Club. Both lineups will be filled with former college stars. For the Lions such all time greats as Leon Reeves, Earl Tollett, Chas. Estess, John McCann, Blaine Doherty will perform. For the coaches Edinger, Mesley, Naylor, Percival, Denton, Clarke, all should give an evening of entertainment as interesting as Uncle Dennis' night off

Lions To Eat Friday Night

At last week's meeting of the Hedley Lions Club it was voted to treat both the sides in the membership contest to a Louisiana catfish supper next Friday night at 8 p. m. The club is furnishing the fish and the members doing the work. The fish have been ordered. We hope they come in.

Guests at last week's club meeting were Chief Petty Officer Robert Pickett, of the U. S. Navy, Cpl J. S. Long and Private Homer Lee Morgan of the U. S. Army David Stotts and Wendell Smith of the Clarendon Club.

No new business was taken up as the Lions are all busy pushing the bond drive

Jack Griffiths To Be Here

Jack Griffiths of Pandle, District Governor of the Lions Club, will be with the Hedley club next meeting night, Feb. 24.

Lions Zone Meeting

There will be a zone meeting of the Lions Clubs of Clarendon, Hedley Memphis and Childress at Memphis Texas on Wednesday night, March 15th.

Ray Mereman, Zone Chairman says Roy Keaton of Austin, State Lions Secretary, Jack Griffith of Panhandle, Lions District Governor and J. R. Whitworth of Matador, Deputy District Governor will be there and he would like a good attendance from all the clubs. This will be a stag affair, and strictly business

Card Of Thanks

We wish to take this opportunity to express our sincere appreciation to our many friends and neighbors for their kindness and help to us during the illness and at the time of the death of our loved one and for the beautiful floral offering and for the food that was served. When this great sorrow comes to you may this same kindness in the helping hands of your friends and neighbors and God's richest blessings be returned to you a thousand fold in our prayer.

The Kyser

Mrs. E. C. Seliver returned Tuesday from Wichita after a month's visit with her mother who has been quite ill.

Our Superintendent Stays With Schools

Our superintendent Mr. Chesler O. Hill, has been solicited by Hedley and Clarendon citizens to run for County Judge. After consideration of the matter he has decided that he prefers the administration of schools for the time, at least.

Mr. Hill is a graduate in law and has practiced two years. He is one school man in the Panhandle that has three degrees and is a candidate for a fourth, his doctorate. His Master's work was done in the University of Texas. He says he considers it every man's duty to study politics, and prophesies that in the future men and women will be voted for more for their ideas and the things for which they will stand than for their being a candidate on a certain ticket. However, he is a life-long Democrat.

For Sale—Butane drum with double regulator. 148p L. M. Harris

Mrs. W. C. Bridges visited in Clovis, Canyon and Hereford last week.

Mrs. Willard Hurst of Amarillo spent last week end in the O. L. Johnson home.

Rev. H. T. Harris and family attended the Pastors and Laymen's Conference at Plainview last Monday and Tuesday.

FIRST BAPTIST CHURCH

We had a good day Sunday at the Church. There was a falling off in attendance for Sunday School, but a good church crowd. The pastor spoke on the following subjects: "Thirteen Bible reasons why I am a Baptist" and at the evening service, "Visible marks of a Christian that can be seen by all men."

We are to have the Workers Meeting here with our Church, Feb 22 and expect a great day. In this paper you will find the program for the meeting. All members of the Church are especially urged to come and bring something to help feed the crowd for we expect a large number. This meeting will begin at 6 o'clock the 22nd day of February. Come and be with us next Sunday, and the pastor wants all intermediates, both boys and girls, to come to the training union next Sunday at 7:15 p. m. We want to reorganize the union at that time. We will be expecting you.

Household Hints

If wool clothes get wet or muddy, dry them slowly at room temperature (never close to a stove or radiator). When dry, brush them.

Cellar windows should be opened frequently to purify the atmosphere of the cellar and entire dwelling.

Children's glossy paper picture books will give much greater service if you treat each page to a coat of clear shellac. This helps prevent tearing. Pages may be cleaned with a damp cloth.

Paint the bottom step of your cellar stairs white so it may be easily seen and prevent falls.

Don't use soap on enamel paint, it dulls the gloss. Clear hot water, to which one teaspoon of washing soda has been added for every gallon, should be used. On varnished or flat-painted surfaces, use a mild soap, rinsing quickly with clear water and wiping dry.

When you hear a Marine called a "Leatherneck," it has nothing to do with the epidemics of his neck. Years ago the Marine uniform was equipped with a high stiff leather collar. From that time on, "Leatherneck" has been the word for a Marine. The word for his favorite cigarette is "Camel"—the favorite cigarette also of men in the Army, Navy, and Coast Guard. (Based on actual sales records from service men's stores.) And though there are Post Office restrictions on packages to overseas Army men, you can still send Camels to soldiers in the U. S., and to men in the Navy, Marines, and Coast Guard wherever they are.—Adv.

WEEKLY NEWS ANALYSIS

Two-Way Red Army Offensive Traps German Divisions Southeast of Kiev; 'Bitterest Battle' Wages Near Cassino; Furloughs Likely for Pacific Veterans

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.) Released by Western Newspaper Union.

RUSSIA: 'Molotov's Cocktail'

Big international news of the month was Russia's grant of independence in foreign affairs and defense preparations to 16 republics making up the soviet government.

"Molotov's latest cocktail" was the way London's diplomatic circles described the move, which, to all practical purposes would still leave all 16 of the republics under Moscow's control through the Communist party, but at the same time would qualify each one to representation at the peace table.

Announced by Foreign Commissar Vyacheslav Molotov, the plan embraced the territories of Estonia, Latvia and Lithuania, of White Russia in old Poland, and of Karelo-Finland, all of which would be constituted as republics after their annexation by Russia, as a fulfillment of the Atlantic charter's guarantee of self-government for all small nations.

Drive Continues

Driving on the heels of retreating German troops, the Reds crossed into Estonia on the Baltic battlefield, while farther to the south, other Russ forces continued their hammering along the prewar Polish border.

By smashing toward the Baltic at one end of the 250-mile northern front, and pressing their attacks along the prewar Polish border at the other, the Reds threatened a breakthrough that would trap the whole German army in this sector.

Stiffest German resistance was being met near the prewar Polish border, although the Nazis were fighting a strong rear-guard action in the Baltic. As a result of the Baltic drive, the Reds cleared the Nazis from below Leningrad, gaining control of the extensive network of railroads in the vicinity.

"Attrition warfare"—that is, the wearing out of the enemy—continued in the Ukraine, where the Russians went back to the offensive after German counterattacks 80 miles from the Rumanian border.

FURLOUGH: For Pacific Vets

If the facilities and battle conditions allow, an increasing number of veterans with two years or more service in the Pacific area will be granted furloughs, Com. Gen. Milford F. Harmon declared.

Already a program of replacing vets with fresh troops has been initiated, General Harmon said, but on a limited scale. Availability of shipping and need for troops for the increasing tempo of the Pacific warfare will determine the extent of the furlough program, General Harmon explained.

"Anyone in a responsible position in the army, from General Marshall down, appreciates the desirability of rotating men in the combat zones," General Harmon said. "But they also appreciate the need for winning the war, and you cannot allow rotation of personnel to interfere unduly with that accomplishment."

PACIFIC: Won't Fight

Again the boastful Japanese fleet refused to come out and fight, and following the heaviest naval bombardment in history which left shore defenses in smoking tatters, U. S. forces overran the Marshall islands in mid-Pacific.

One of the enemy's last outer defensive rims of their main holdings in the Philippine area, the Marshalls, were virtually surrendered by the enemy, without the bitter, last-ditch fight expected. When marines swarmed ashore after a murderous barrage of U. S. naval guns, they met only scattered pillbox opposition, the enemy's own big artillery pieces have been smashed.

Invasion of the Marshalls gave the U. S. a springboard for the next step in the march to Tokyo, now 2,000 miles off, while reports indicated that the Japs were massing planes all through the Philippine and homeland area to meet the push of the greatest naval armada in history, when that day comes.

ITALY: Bitterest Fighting

Bitterest battle of the bitter Italian campaign was being fought around the Nazis' mountain stronghold of Cassino, with valiant U. S. doughboys working their way into the town behind the rumbling roar of their tanks, while German suicide squads sniped from battered buildings now in rubble.

Forty miles to the north, the enemy rushed in reinforcements to counter the Fifth army operating from its beachhead below Rome, with paratroopers, anti-aircraft gunners, tankmen and reconnaissance units formed into regular units to fight off the U. S. and British troops moving on the Germans' supply roads under the heavy fire.

Although Cassino itself lay heaped in ruins, the enemy clung stubbornly to dominating heights around the town, and dug firmly into a strong web of concrete machine-gun and mortar pits on the level ground. As doughboys picked their way through the defensive maze, they closed on the main highway leading northward to Rome, over which the enemy was supplying his troops.

SOLDIER VOTING: Red-Hot Issue

Joining with the almost solid Republican bloc, southern representatives in the nation's Capitol held their ground for state control of soldier voting in opposition to the administration's plan for federal supervision of elections for the offices of President, senator and congressman by means of a blank ballot on which servicemen would write in either the names of their choices or just mark the party they favored.

A compromise between the senate and house loomed, with the senate favoring a bill which would allow use of the federal ballot for soldiers whose states failed to provide for absentee voting by July 1, and the house lined up for a measure directing the distribution of applications for ballots among servicemen and prompt provision of such ballots by states if the application is accepted.

SUPREME COURT: Changeable Opinions

Litigants and lower courts are being left without a basis for settling legal disputes as a result of the Supreme court's tendency to disregard its previous decisions, Justices Roberts and Frankfurter declared.

The two justices expressed their opinion following the Supreme court's award of compensation to a seaman for injuries sustained as a result of the use of defective equipment by the employer, when better facilities were available. The court's action reversed its previous rulings in similar cases.

Said Justices Roberts and Frankfurter: "The evil resulting from overruling earlier considered decisions must be evident. . . . Defendants will not know whether to litigate or settle, for they will have no assurance that a declared rule will be followed. . . . Respect for tribunals must fall when the bar and public come to understand that nothing that has been said in prior adjudication has any force in a current controversy."

WAR SPENDING: On Rise

During the first half of the 1944 fiscal year starting last July, U. S. government expenditures totaled \$2 1/2 billion dollars, compared with 4 1/2 billion dollars for the same period in 1943, and the increased spending rate was maintained during January.

More than 7 1/2 billion dollars was spent last month, in comparison with about 6 1/2 billion dollars for January, 1943, with the army accounting for 1 1/2 billion dollars of the increase and the navy \$98 million dollars.

Because of the current pay-as-you-go tax deductions from weekly wage envelopes, treasury receipts for January were above last year, thus bringing in-go and out-go into better balance. Bond sales also were over more than 450 million dollars over January, 1943.

FEED: See Relief

Because of a decline in requirements of concentrates when pastures are opened and a 16 per cent drop in the 1944 spring pig crop, the nation's tight feed supply should be relieved soon, the Bureau of Agricultural Economics said.

However, overall prospects for the year are not so rosy, even though the geographical distribution of supplies has been improved by an increase in the corn price ceiling and the set-aside allocation for high protein feeds.

BAE noted that with prices for laying mash this spring up 12 to 15 per cent over last year, the egg-feed price ratio will be less favorable, since returns on eggs are not likely to increase. Total slaughter of chickens for 1944 should approximate the 1943 record of 3 billion 800 million pounds, despite probable decrease in the marketing of young chickens.

STOCK EXCHANGE: Shows Profit

For the first time since 1936, the New York Stock Exchange showed a profit in 1943, earnings amounting to \$675,509 against a loss of \$815,972 in 1942.

In addition, it was revealed that the Stock Exchange collected \$223,000 in initiation fees, which was not added to profit but rather was transferred to the capital account. Last year, \$296,000 was collected in such fees.

Reflecting the increased investment interest as a result of the war boom, 278,742,000 shares of stock were traded in 1943, compared with 125,685,000 shares in 1942. Daily trading averaged approximately 1,000,000 shares, against 450,000 throughout 1942. The brisk action has been maintained this year.

Weights Less

Six pounds, five ounces when born, tiny Paulette Matthes of Chicago celebrated her first birthday, weighing three ounces less, in a case that has baffled physicians.

Only able to digest a little of a formula of milk and water, tiny Paulette has been in need of almost day and night care, which her mother has unselfishly given. It was a happy birthday, with Paulette, now 25 inches long, smiling for the first time. The Matthes have a thriving son, Ronald, 4.

MORE MONEY: Circulation Up

Tax evasion by people with large incomes, and activities of "black market" operators are at least partly responsible for the huge rise in money in circulation, a current survey has revealed. At the present, currency in circulation amounts to 20 billion dollars, or \$150 per capita. Demand for \$1,000 bills has more than doubled since the war started. There were 300,000 of these floating in 1941 and there are now 700,000 now. One hundred dollar bills are most in demand, their use rising from 8 million to 27 million since Pearl Harbor.

"Black market" dealers in furniture, jewelry and the like, buy and sell on a strictly cash basis, keeping no accounts on which taxes might be levied, the survey explained. Similar ways of tax evasion are possible in other transactions, all requiring large amounts of paper money.

Lipstick Troublesome

Imprinting letters with lipstick might provide a thoughtful and tender touch, but when they're to be sent V-mail, they smear the equipment and blur the film, Chicago V-mail authorities say.

Other difficulties encountered in preparing V-mail film include letters written with a hard lead pencil or faulty typewriter which cannot be photographed. Because all V-mail is sent by air, delivery time averages five days. About 100,000 pieces of such mail are handled daily.

ACCIDENT TOLL

Last year 94,500 people were killed in accidents, and 9,700,000 were injured. The death toll represented a decline of 1 1/2 per cent from 1942. The death rate of 70.4 per 100,000 population was the lowest since 1922.

Motor vehicles accounted for 23,300 deaths, 5,000 under 1942, and smallest since 1925. Occupational accidents took 18,000 lives, 3 per cent below the previous year. Thirty-three thousand people were killed in accidents at home, and nearly 5,000,000 were injured.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—all to remove impurities that, if retained, may poison the system and upset the whole body machinery. Symptoms may be nagging backache, persistent headache, attacks of dizziness, itching up night, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

SNAPPY FACTS ABOUT RUBBER

With synthetic tires about to be in general use, experts emphasize again that speed is important in determining tire mileage. The legal limit of 35 m.p.h. has been found to be the best mileage conservator with synthetics, just as it was with tires of crude rubber.

Tire cords lose elasticity as they grow older, which accounts for many blowouts when a well-worn tire strikes a rough spot in the road.

Wartime regulations are saving nearly 200 million bushels a year for the country's highway transportation system. Converted into tires, this conserved mileage means a lot to the rubber program.

Letters FROM UNITED'S MEN OF WAR

From Rabaul to Rome, from the shores of Burma to the air above Berlin, United's men of war are fighting shoulder to shoulder with other freedom-loving people.

Their letters home to fellow workers are read and reread, passed from friend to friend. We treasure these letters. They often reveal the hardships and sacrifices of war but they reveal, too, courage and determination and the confidence of America's fighting men in final and complete Victory.

And just as we welcome their letters now, we will welcome these men home when Victory is won. We look forward to working shoulder to shoulder with them in extending the American system of free enterprise and opportunity which they are now fighting so well to preserve.

More Raisins, Less Cheese

An additional 54 million pounds of raisins from the 1943 pack is being released for U. S. civilian use by WPA. This action makes 286 million pounds of raisins released to civilians from the 1943 pack. Cheese supplies in 1944 will be divided so as to make available for civilians about four pounds per capita, or one pound less than they received during 1943. About five million more pounds of cheese have been allocated to U. S. servicemen than they used last year, an increase necessary mainly to provide milk nutrients for the larger number of soldiers overseas.

Canning Sugar Now Available

Housewives may now get five pounds of canning sugar by using stamp No. 40 in a book four OPAs has announced and additional canning sugar later will be available on application to local boards. Stamp No. 40 will be good 18 months, through February 28, 1945.

Getting the Most from your Victory Garden

Take Care of Your Garden

Weeds are a Victory Garden's most serious enemy. Once started, they rob tiny vegetable plants of food and moisture and gang up on the gardener to rob him of joy in his job.

"The time to kill weeds is before they start to grow," declares Harm Drewes of the Ferry-Morse Seed Breeding Station where war against weeds never ends during the growing season. "Hoing the surface soil not only kills the sprouting weed seeds; it actually prevents their germination. As soon as the vegetable seedlings break through so that the rows can be easily seen, it is time to begin stirring the soil between rows and as close to the plants as possible without disturbing them. Either a hand hoe or a wheel hoe is an efficient tool."

If it rains within a few days after the first cultivation, stir the surface soil again as soon as it is dry enough, but do not wait longer than a week before cultivating a second time, rain or no rain, unless the ground is too wet to work.

Weeds within the row will have to be removed by hand while the plants are small. As the plants grow larger they will dominate so that weeds in the row should seldom prove troublesome. One exception is clovers; the spear-like leaves do not shade the ground enough to keep down weeds.

Besides keeping ahead of the weeds, tilling the surface soil lightly forms a mulch to prevent evaporation of moisture. It is particularly essential to stir the soil around plants as soon as soil and plants are dry enough after every rain. Care should be taken, however, not to dig too deeply near the plants as the roots may be injured.

THIS ADVERTISEMENT, ONE OF A SERIES TO HELP ACQUAINT THE GENERAL PUBLIC WITH THE DAIRY FARMER'S CONTRIBUTION TO THE WAR EFFORT, appears in The Saturday Evening Post February 12th and in Collier's February 26th issue

Furlough till milking time (5 a. m.)

Saturday night. He is tired from a week of 14-16 hour days. But, stepping lively, he's got the chores all done and now he can take time off... till 5 a.m. tomorrow.

Fellows in war plants work shorter hours, get more money. That makes no difference to the thoughtful man on a dairy farm. He's in the thick of the food fight, the fight our nation must win if the Allies are to win this war.

Milk, the most precious of foods, is vitally needed. So, too, are the products of milk. Cheese, for example. Why, the U. S. Government's requirements alone this year have been estimated at

nearly 400 million pounds of cheese. Over 500 million more pounds will be consumed by you and other civilians. America needs now more than twice as much of this nutritious food as the nation could produce when the last war ended in 1918!

We'd like to shake the hand of that farmer on furlough till 5 a.m. . . . or somehow make him understand that people appreciate what he is doing, he and all the men and women and boys and girls on the nation's dairy farms.

Because of the tremendous demand, both military and civilian, you may not be able to get as much Kraft Cheese as you would like, or get your favorite varieties—Kraft American, "Old English," "Philadelphia," Brand Cream Cheese, Veveeta, and so on. But you may be sure, as always, that any cheese or cheese food which bears the Kraft name represents the very highest standard of quality.

"I WAS CONSTIPATED FOR MANY YEARS!

Now I'm 'Regular' Every Morning!"

Constipated? Then here's an unsolicited letter you'll want to read: "I'd been troubled with common constipation for many years. Was taking laxatives and pills all the time, and feeling very weak and run down. 5 months ago I began eating KELLOGG'S ALL-BRAN daily. Now I have a regular, natural movement every morning, which helps me feel my best!" Mr. Samuel D. Blank, 292 Kings Highway, Brooklyn, New York.

What is this seeming magic of KELLOGG'S ALL-BRAN? Scientists say it's because KELLOGG'S ALL-BRAN can really "get at" a common cause of constipation—namely, lack of sufficient "cellulosic" elements in the diet. KELLOGG'S ALL-BRAN is one of Nature's most effective sources of these elements, which help the friendly colonic flora fluff up and prepare the colonic wastes for easy, natural elimination. KELLOGG'S ALL-BRAN is not a purgative! Doesn't work by "sweeping out." It's a gentle-acting, "regulating" food!

If you have constipation of this type, eat KELLOGG'S ALL-BRAN or several ALL-BRAN muffins regularly. Drink plenty of water. See if you don't find lasting relief! Insist on genuine ALL-BRAN, made only by Kellogg's in Battle Creek.

Consolidated Features.—WNU Release.

NEW YORK.—The name of Napoleon Zervas keeps coming into the news that is relayed from Greece, and he may be the leader around whom his people **May Rise to Be** when the **Greek Tito Bros** Nazi invaders try to retreat up the Valley of the Vardar, down which they marched in such easy triumph a while back.

Just now, as long ago in Yugoslavia, there has been a split among Greek partisans, and Zervas has just broken away from the oldest guerrilla forces to set up his own movement. He calls it the National Andartes band and hopes to keep its members free from the bribery which, he says, taints the old group.

Allied leaders in the Middle East call Zervas Greece's ablest guerrilla leader. Before the war he was an officer of the regular army. Now he calls himself "General Zervas" but whether he uses this title on more than his own authority is not clear. He is old enough to have been a general.

His present fight against the Nazis is being waged in the northwestern province of Epirus. This is his home and his birthplace. He knows every dim trail over its wild mountains as Alvin York knows his Tennessee hills. Every tree, every rock is a friendly shield, and every small village a fortress with a hundred sally-ports out of which to attack or... when the enemy presses hard... escape to fight again when the odds have evened.

SINATRA fans from coast to coast are rising to defend their idol against slurs cast by Artur Rodzinski. Older and soberer and more eminent

Rodzinski Takes folk, too, **On Sinatra; Winner** led by Conductor Stokowski, are speaking up in gentle reproof of the maestro. This corner enjoys a bit of boogie woogie but still it thinks that the conductor of the New York Philharmonic should not go undefeated.

Certainly he has courage. The smoke caused by his quarrel with dismissed New York musicians has just stopped getting in his eyes, and now he takes on the embattled 'teen agers. The man positively enjoys squaring off for a fight.

Of course age doesn't have to worry him yet. He was born in Spalato, Dalmatia, only 50 years ago. And if he needs legal aid in his squabbles, it's right in his own head... or ought to be. To please his father he got a law degree at the University of Vienna as well as a doctorate at the Vienna Academy of Music. He began as conductor of the chorus at Lwow; he went on to Warsaw; came to the U. S. at Stokowski's invitation to be assistant director of the Philadelphia orchestra. This was in 1926.

He isn't the long hair that Sinatra calls him although he has an ample pompadour. He has a tall virile figure, nearsighted lively eyes, and a quick likeable grin. His manner on the podium is matter-of-fact but he has plenty of temperament, as all know who listen in Carnegie Hall and over the revealing air waves.

THE seldom-heralded earl of Selborne (Roundell Cecil Palmer) reports that Germany cannot hold out much longer, and the announcement is as significant as one would be by Eisenhower

Reports Germany Close to Bottom Of Her Barrel telling of shattered Nazi corps. Selborne is Britain's minister of economic warfare and it is his business to keep tab as much on Germany's resources as upon those of his own country. If he didn't know what bombings and the blockade and sabotage were doing to his enemy's stockpiles, he would hardly know how high to heap his own for victory.

He is a rock-ribbed conservative, but bold in his estimates of Germany's staying power. He knows that four million of her best men have been killed in battle, and he knows that this has weakened Hitler's fortress, and how the bombings have weakened it, and the lack of oil, rubber and textiles. He doesn't say just when the break through will come, but his guess ought to be good.

The Selborne earldom is not old. It dates back only 62 years or so, but this is the third head of the house to have an important, although unobtrusive finger in his country's problems. The first earl gave sound legal advice to Prime Minister Palmerston in troublesome matters arising out of the American Civil war. The second earl, as high commissioner for South Africa, helped build the Union now standing loyally with the mother country. And the present Selborne has been directing the ministry of economic warfare three years.

Star Dust

By VIRGINIA VALE

Released by Western Newspaper Union.

THE talented folk responsible for the Inner Sanctum thrillers (Saturday evenings, CBS) are hoping the police won't think they're prophets. A while ago their weekly sketch was called "The Candlestick Murders"—a few days later one of New York's most shocking murders took place, when a young woman was killed with a candlestick. Soon afterward the city was horrified when many of the pigeons that fly about St. Patrick's cathedral (near the CBS studio) were poisoned—that week the Inner Sanctum mystery was "The Bird of Doom," and had Laird Cregar, of the movies, poisoning pigeons. It begins to look as if somebody around there had a crystal ball.

A large amount of money, time and labor was spent on the dream sequences of "Lady in the Dark," but they couldn't possibly be lovelier or more dream-like than those in the Claudette Colbert-Fred Mac-

FRED MacMURRAY

Murray "No Time for Love." That hilarious comedy bears a striking resemblance to the story of the Ginger Rogers picture, and deserves to be rated among the year's top productions.

At the suggestion of Bette Davis, star of the picture, Warner Bros. have changed the name of Douglas Drake to Johnny Mitchell, the name of the character he plays in "Mr. Skeffington." Gig Young also was named from a film character, his role in "The Gay Sisters."

On Broadway service men stand in line to get into "Destination Tokyo," along with the rest of the public. The picture was just as popular during its recent one-week run at the Mare Island naval hospital, San Francisco. Because many patients could not be moved to the hospital theater, a 16-mm. print was screened in wards and sick-rooms.

"The Song of Bernadette" is an impressive picture; it was done beautifully, reverently, with dignity. Jennifer Jones, new to the screen, seems to have been perfectly cast as the heroine; many of the best actors and actresses in the theater and the motion picture are in the cast, and all have given their best.

Paramount had a problem in "The Uninvited." The star-spangled cast includes Ray Milland, Ruth Hussey, Donald Crisp and Gail Russell. But there had to be an unseen actress who moans and weeps heartbrokenly in the night, filling the hearts of you and me and the rest of the audience with cold terror. She's the ghost of a Spanish gypsy girl. Betty Farrington, character actress, got the role.

Quite a deal, the one by which RKO will release the star-studded product of the new International Pictures, Inc., representing one of the strongest independent organizations of producers, writers, directors and stars in Hollywood. Lined up are Gary Cooper, Sonja Henie, Edward G. Robinson, Teresa Wright, Dinah Shore, Frank Morgan, and other headliners. The first picture will be "Casanova Brown," costarring Gary Cooper and Teresa Wright.

"Your America," the first coast-to-coast program sponsored by a railroad (NBC Saturdays), is that rare thing, something new in radio programs, taking us behind the scenes of railroad operation. Music is provided by an orchestra and a chorus, both composed of workers for the railroad, and there are dramatic stories by Nelson Olmsted.

Hope you've already formed the habit of listening to Walter Pidgeon's new radio series, "The Star and the Story," which bowed in on February 6. He presents first ranking actors in the vehicles that skyrocketed them to fame.

ODDS AND ENDS—F. Hugh Herbert's "Meet Corliss Archer" will become a movie for Columbia Pictures... Frances Langford and Barbara Jo Allen (Fera Fague) have signed for two pictures a year with RKO... A Liberator bomber in the South Pacific is named "Lili 'n' Chester Morris" for the actor and his wife... Usually cast as a Nazi soldier, Helmut Dantine appears as a Frenchman in Humphrey Bogart's "Passage to Marseille"... He'll be William Bendix versus Dennis O'Keefe, a sergeant and a corporal in the marines, in "Abroad With Two Yanks"... Bob Trout was married on July 5th... that he'd remember his anniversary!

GEORGE WASHINGTON

As a nation, we pause to honor the birthday of George Washington. If Washington could give us a personal message this month, it would urge us to go all out for Victory to buy more War Bonds to accept the sacrifices we are called upon to make willingly and without complaint.

Food for thought: do we measure up to the standards Washington might set if he were alive in 1944.
