News From Our Men In Service

Naval Cadet Ernest Thompson of Ruston, La., and Neal Thompson of San Francisco visited here last week.

Lieut. Albert Martin is now stationed in Connecticut.

Cpl. Paul F. Smith has been transferred from Canada to Tampa Fla. His wife has returned to Lakeview.

A-C Emory C. Stone of Augusta, Ga., is visiting home folks.

Lieut. Rolan E. Wiley and wife of San Angelo spent last week end in the Biffle home.

Cpl. C. J. Beeckler of Yuma, Ariz., and Mrs. Beeckler of Clovis visited here first of the week.

Cpl. and Mrs. Haskell Srygley of Amarillo are visiting relatives here and in Hall county.

State Files Anti-Trust Suit

The following was taken from the San Angelo Standard-Times: Austin, March 3--The attorney general's department today filed anti-trust suit in 119th District court at Balinger against Fairbanks-Morse and Company of Illinois with offices in Dallas, the H. B. Gieb Company with headquarters in Dallas and the Universal Electric Construction Company of Alabama with offices in Houston.

The petition alleges conspiracy to "furnish, equip and sell Fairbanks-Morse diesel engines and equipment to various municipalities in Texas to the exclusion of all other brands and makes of engines and equipment and further to control municipal elections and determine plans and specifications and the bidding on construction in the cities of Jasper, Angelton, Sonora and Winters."

A further contention was that plans for municipal power plants were so drawn so that only Fairbanks-Morse equipment would meet the specifications.

The state asked a permanent injunction against violation of the anti-trust statutes and statutory penalties of from \$50 to \$1,500 a day from Sept. 1, 1940, to the present.

Who Must File Declarations

The following persons must file a declaration of estimated income and victory tax for 1944 on or before April 15 -- single persons (or married persons who have separated) who expect to receive more than \$2,700 of wages subject to withholding or more than \$100 from all other sources, provided total income is expected to be \$500 or more; married persons if they expect to receive more than \$3,500 of wages subject to withholding or more than \$100 income from all other sources, provided that their combined total income is expected to be \$1,200 or more or his total separate income expected to be more than \$624. Blank forms are to be distributed by the Bureau of Internal Revenue late March.

Mrs. Ora Koeninger

Funeral services were held Tuesday at the Methodist Church for Mrs. Ora Koeninger, who passed away Sunday after a lengthy illness. The services were conducted by Rev. C. R. LeMond, assisted by Rev. A. B. Cockrell. Interment was in Llano cemetery at Amarillo under direction of Womack Funeral Home.

Pallbearers were Raymond Everett, W. C. Quisenberry, Charles Rains, Earl Tollett, Hobart Moffitt and Leon Reeves.

Mrs. Koeninger was born Nov. 11, 1894, in Wise county, Texas. She had lived in this community 20 years and was a faithful member of the Methodist Church.

She is survived by her husband, John Koeninger, one daughter, Lucile, of Hedley, her father, W. A. Armstrong of Amarillo, two brothers, Albert Armstrong of Clarendon, and three half sisters, Mrs. Myrtle Baldwin of Amarillo, Minnie Lee Armstrong of Denver and Mrs. Ruby Fortney of Fort Worth.

Lacy-Bishop

Miss Alice Bishop exchanged marriage vows with G. E. Lacy on Saturday evening, March 11, at nine o'clock. The single ring rite was performed by Thomas L. Campbell, Minister of the Church of Christ, Quanah, Texas. Witnesses were Mrs. Wanda Mayfield Campbell, wife of the minister, and Talmadge, their young son.

The couple are making their home at 1010 West Third Street, Quanah.

The groom is employed in the Post Office in that city.

42 Party

A number of friends enjoyed a 42 party in the Harrison Hall home last Wednesday evening. After numerous games of 42, refreshments were served to Messrs. and Mesdames Barney Johnson, Frank Murray, Chas. Rains, Rolie Kelley, John McCauley and Harrison Hall.

Pvt. Tommie Moffitt, somewhere in the Pacific, and Mrs. Moffitt of Amarillo announce the arrival on Tuesday, March 7 of a fine little son. Mrs. Moffitt was formerly Loyce Wood.

Mesdames Hobart Moffitt, Alva Simmons and D. H. Cox and Miss Myrtle Reeves visited Mrs. Frank Finch in Memphis Wednesday.

J. E. Neely, who is in a Wichita Falls hospital, is improving.

Fats Other Than Lard Are Still Rationed

Announcement from Washington that lard has been removed from the list of ration foods has caused a great deal of confusion as to other fats and oils. J. Doyle Settle, District OPA Rationing Executive, has announced that lard is the only item reduced to zero point value since publication of March point value lists. "Shortening, cooking oils, and other fats remain at their previously announced point value," he stated.

Lion-Legion Meeting

About seventy Lions, Legionnaires and their guests enjoyed the joint Lion-Legion meeting held last Thursday night.

The program was from Clarendon, consisting of piano solo, songs and a talk by Mrs. C. A. Burton, county representative of the Red Cross. Absent Lions and Legionnaires missed a mighty good program. Mrs. Burton spoke on the local Red Cross work, of their aid to the men in service, and to their relatives, the aid to the sick and wounded and of getting mail and food to our boys who are in prison camps, and other Red Cross work. The Lions and Legionnaires pledged their aid in this good work.

Zone President Ray Moreman and about twenty Lions stated their intention of attending the Zone meeting of the Lions Club of this district at Memphis Wednesday night.

It was announced that there would be a one day school at Amarillo Sunday March 19th to acquaint the Panhandle Legionnaires of the benefits to which World War II veterans and their dependents are entitled. Several Legionnaires plan to attend.

This joint meeting was in every way a success and it is hoped that the civic clubs of Hedley will keep working to make Hedley one of the best little cities in the Panhandle.

Bernadine Breining Dies

The following appeared in the Amarillo News Wednesday:

Pampa, Mar. 14--Funeral services for Bernadine Breining, 17 years old, will be conducted Thursday at the First Baptist Church.

Miss Breining died Sunday at the home of her parents in Winchester, Va.

Survivors, besides the parents, are her grandmother, Mrs. J. H. Richey, and an aunt Miss Mellie Bird Richey, both of Pampa.

The Ike Rains jack will be located 3 1-2 miles north of Hedley, on the Adamson estate.

To Our Readers

Our readers will note elsewhere in this issue one of a series of advertisements sponsored by the Conference of Alcoholic Beverage Industries, Inc.

It has not been our policy in the past to accept this type of advertising. The contract for this advertising was signed during our absence last summer, and we wish to state that any opinion expressed therein do not necessarily reflect the opinions of this newspaper.

In printing this notice last week it did not occur to us that it could be wrongly interpreted, and we want to make clear the following facts:

1st, Rev. LeMond did not sign this contract. He was in charge of local news and local ads, and had nothing to do with out of town advertising.

2nd, the Clarendon man who had the Informer leased did not sign up for liquor ads. He merely signed a contract with an agency which handles many kinds of advertising, and had no idea what kinds of ads they might issue.

We hope this statement will do justice to everyone concerned.

RED CROSS DRIVE

The Red Cross drive is progressing nicely. About \$3,000 of the \$4,800 quota has been raised, and the cooperation of everyone is solicited in filling the quota.

Boy Scouts Meet

Troop 36 of the Boy Scouts met last Monday night. Gerald Sims and Charles Neal Johnson were elected patrol leaders and Floyd Sims and Hayden Baker were elected asst. patrol leaders. David Stotts is the Troop Scribe.

Scoutmaster Cockrell and the boys are very enthusiastic over scout work. They are trying to get all of the dues in so the troop can reregister April 1st. We predict that you are going to hear a lot from the scouts this year.

42 Party

A number of friends were entertained last Friday night in the Alva Simmons home with five tables of 42.

Delicious refreshments were served to Messrs. and Mesdames Roy Jewell, Ed Kinslow, Dee Franklin, Herman Horschler, D. H. Cox, Clyde Bridges, Hobart Moffitt and J. B. Masterson, Misses Myrtle Reeves and Jessie Davis, J. W. Noel and the host and hostess.

Flags Displayed

The flag display on our last holiday made the town look mighty well and much credit should be given to the Lions and Legionnaires for this project, also a good many more flags should be sold. However it brought out one fact that had not shown so plainly before, that the awnings of a majority of the business houses are sadly in need of paint. This should be a project for some of the civic clubs, as a couple of buckets of paint would probably paint the front of all the awnings in town, vastly improve the looks of the places and save the owners of replacing these awnings at an early date.

Ammunition Saved For Farmers

While it is possible that by fall there will be sufficient rifle and shotgun ammunition for game shooting, the WPB said that the time being none can be spared from supplies needed by farmers to protect crops and livestock. No ammunition will be made available for amusement purposes.

U. S. War Casualties

Total U. S. war casualties as announced March 9 by OWI were 162,282 -- including 37,853 dead, 57,228 wounded, 35,565 missing and 31,636 prisoners of war.

Miss Myrtle Reeves visited in Amarillo Tuesday.

Mr. and Mrs. Ed Kinslow Sunday in Memphis.

WEEKLY NEWS ANALYSIS

National Income Reaches Record Level; Reds Press Closer to Baltic States; See-Saw Fight Marks Anzio Beachhead; U. S. Reinforced in Admiralty Islands

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper. Released by Western Newspaper Union.)

Marshall Islands—Caught off Jaluit atoll in Marshalls by U. S. naval planes, this Jap freighter was strafed and bombed and set afire.

NATIONAL INCOME: Record Level
Boomed by the war effort, the national income of the nation's 50 million workers soared to 142 billion dollars in 1943, with about two-thirds of it spent for goods and services, the department of commerce announced.

Reflecting the country's full swing into high speed production during 1943, income increased 26 billion dollars over 1942, but reflecting the continued shortage of civilian goods, expenditures only went up 8 1/2 billion dollars.

From July to March, government spending reached 60 billion dollars, with 56 billion dollars paid out for the war effort. During this period, government receipts totaled 25 billion dollars, leaving a deficit of almost 35 billion dollars. Because of the recent fourth war loan drive, the government had a cash balance of 19 billion dollars.

Beverage Purchases
Of the 90 billion dollars that consumers spent for goods and services in 1943, six billion dollars were expended for alcoholic beverages, the department of commerce revealed. This brought expenditures for liquors up to \$46 per person, compared with \$39 in 1942 and \$26 in 1939.

Despite the record expenditures for alcoholic beverages, however, less liquor was actually drunk, price increases accounting for the rise. Less than 74 million gallons of hard liquor were consumed in 1943, compared with 83 million gallons in 1942. Wine consumption dropped below the 1942 level of 112 million gallons.

SOLDIER VOTE: Compromise Bill
In an effort to give servicemen overseas every chance to vote and yet protect states' rights in supervising elections, congressional conferees drew up a compromise bill.

Under the bill, servicemen overseas from states with no absentee voting laws could use the blank federal ballot with only the names of the political parties designated if their governors approve, or, servicemen from states with absentee voting laws could only use the federal ballot if they fail to receive their state ballot by October 1.

RUSSIA: Fighting; Diplomacy
Nibbling deeper into Nazi defense lines, Red troops pressed ever closer to the Baltic states of Estonia, Latvia and Lithuania, while German forces lunged bitterly to their positions behind Russian forces at the southern end of the 800 mile front.

In Finland, there was agitation for better peace terms from the Russians as a basis for withdrawing from the war, with opposition to Moscow's proposals for restoration of the 1940 borders and discussion about disposition of northern Finnish territory.

Crossing the Narva river, Red troops advanced 15 miles into Estonia, while other Russ forces converged on the Latvian gateway of Pskov. Far to the south, the Reds met bitter German resistance as they tried to whittle down Nazi lines to the rear of General Vatutin's troops in Poland.

LEGISLATION: To discourage governmental agencies from issuing directives that do not express the intentions of congress, Rep. Wolcott of Michigan suggested at a committee meeting that hereafter all acts when passed have this footnote added: "By God, we mean it!" He also proposed that all legislation be written in words of one or two syllables.

IRELAND: Affected by War

Although war has not come to Ireland, its effects are being felt in the emerald island where the river Shannon flows, with lack of materials contributing toward the closing of many industries.

Recruitment of 130,000 Irish for work in Britain, and enlistment of another 100,000 Irish in the British army have helped relieve unemployment in the country, however. Even so, at least 50,000 are idle. In an effort to hold skilled help for post-war production to balance the nation's economy, many closed industries are keeping people on their payrolls.

Certain Irish industries are booming, especially those canning meats and milk for Great Britain. With woolen goods imports cut, Irish textile mills also are humming to produce material for the home market. In all, industries generally are operating at 86 per cent of capacity.

ARGENTINA: Quell Revolt

Turbulent South American politics took another dramatic twist with an Argentine army officer's attempted revolt against the new government of ultra-neutral Gen. Edelmiro Farrell, which ousted ex-President Pedro Ramirez because his regime was inclined toward a declaration of war against the Axis.

Because the powerful "Colonels' Club" of army chiefs was behind the move to replace Ramirez, however, the rebellious officer found himself standing alone, with no indication that his 1,000 troops were panning for action. After marching from the capital of Buenos Aires, the rebels surrendered unconditionally.

Argentina's swerving back toward a strict policy of neutrality after the Ramirez' government's wavering away from it, revealed that country's insistence on maintaining its complete political independence, linking it up with its sister republic of Bolivia to the northwest.

COLLEGE EDUCATION: Would Change Titles

Claiming that professors' titles do not always reflect the real achievements of their holders, President Robert M. Hutchins of the University of Chicago proposed abolishing all teaching distinctions like professor, associate professor, assistant professor and instructor, and calling them all merely "members" of the faculty.

Hutchins' proposal was his latest in a long list of changes he has recommended for streamlining higher American education, the most noted one adopted so far allowing students to complete an ordinary four year course in two years.

Under Hutchins' latest plan, neither present salaries nor jobs would be affected by classifying all teachers merely as members, but some complained that in hard times when compensations would be stabilized, they would not be able to offset economic loss by obtaining more prestige through higher titles.

Burma Front

Fighting raged along Burma's mountainous western border country, with Allied troops freeing two divisions of British-Indians trapped by Japanese moving against their rear (lower arrow). In two other sectors, the Allies drove against the enemy in the China hills (middle arrow), and fought to clear a supply road to China in the north (top arrow).

WOOL: Stocks Plentiful

Although the nation now has adequate supplies of wool for clothing, the two-pants suit with a vest is still forbidden by the War Production board. The reason is the shortage of manpower, since it takes more work to make those extra garments. It's the same with pleats in women's dresses, but insufficient rayon goods for linings is another reason given.

Imports of wool from Australia were not halted by the Japanese navy, as was feared. Between 500 and 600 million pounds were brought in last year and in 1942. This, plus a domestic crop stimulated by a subsidy of 18 cents a pound has resulted in a stockpile of large proportions.

DIAMONDS

Germany reportedly is receiving industrial diamonds from the Belgian Congo mines by an ingenious smuggling route. A half million carats have been reaching the Reich from Congo annually, according to London sources. The diamonds are consigned to neutral Turkey and travel across Egypt, which is under British sovereignty. From Turkey the stones progress through the Axis-controlled Balkan states to Germany, it is believed.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no drugs that prompt treatment is water than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

SNAPPY FACTS ABOUT RUBBER

In 1912 tropical Americas produced their greatest output of rubber—62,000 tons. It is expected that we will have imported 41,000 tons from these countries in 1943, an important supplement to our synthetic supplies.

Some experts estimate that there are around 300 million Hevea (rubber) trees in Latin America. Most of them are in jungles, difficult to get to. "Alcohol and driving don't mix" may still be a worthy admonition, but nevertheless, millions of gallons of alcohol are needed as a raw material for the production of tires now so essential to driving.

THE OLD JUDGE SAYS...

"Sorry Judge, my shipment of suspenders still hasn't come in. Some articles are mighty scarce these days. I don't get anywhere near as much as I could sell."

"With the war going on, Frank, we've got to expect those things. It's true of luxuries just as it is of necessities. Take whiskey, for example. There's a real shortage in that. It's to be expected when you realize there hasn't been a drop of it distilled in this country since way back in October, 1942.

"The only thing distillers have been making during that time is war-alcohol for the Government. So, I wasn't surprised a bit to read how bootlegging and black markets have sprung up around the country as a result of the dwindling supply. Our 13 years of prohibition proved that if folks can't get legal whiskey, they'll get illicit whiskey. Sure hope the shortage doesn't last too long. I'd hate to see this country turned over to the bootleggers again."

YOU BE, CHA— I'M FEEDIN' THE MERIT WAY!

"When the chips are down, I want to use a feed I can always depend on. And right now, when it's so necessary to produce more food, I'm stickin' to my favorite brand with the big, red MERIT diamond on every bag. I know it gets results!"

Follow these Simple rules!!!

- 1 Start with good chicks**
- 2 Give them good care**
- 3 Feed MERIT ALL MASH STARTER!**

The road to a successful year with poultry starts with good chicks. There's no such thing as a cheap chick. Be sure to buy high quality chicks, that are bred right and hatched right. Chicks from carefully selected, blood-tested flocks.

Even the best of chicks need good care. Have everything ready before your chicks arrive. Do not overcrowd. Keep their quarters sanitary. Watch the temperature. Look out for drafts. Use good litter. Have a dependable brooder stove.

This vitamin-rich Scattering Mash gives chicks a balanced diet of all the vitamins, minerals and proteins they need for life and fast, uniform growth. It's fortified with CARO-FLAVIN!

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not get so slow—do not get so fatigued—fail to remove impurities—that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up at night, swelling, pain under the eyes—a feeling of nervous anxiety and loss of pep and strength.
Other signs of kidney or bladder disorder are constant burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

Listen **GULF SOUTH!**

First, let me introduce myself. I am "Miss American Red Cross." I am speaking to you frankly, sincerely, as a representative of every Red Cross worker at home and throughout the combat zones.

Red Cross has a big job, a tremendous job. And it needs your help. Red Cross' job is to help fight this war by making easier the hardships of the millions who have taken up arms to defend our freedom.

What does Red Cross do?

It helps save lives. By providing blood plasma and serum albumin. By making bandages and surgical dressings. By delivery of food, clothing, medical supplies to prisoners of war.

It helps maintain and build morale. By advice and assistance to disabled servicemen. By providing recreation facilities and comforts. By financial assistance to men in uniform and their families.

It helps with health, education and safety programs. By recruiting nurses, by training in first aid and accident prevention, home nursing and nutrition. By Volunteer Special Services such as nurse's aides, canteen corps and motor corps.

Yes, Red Cross does these things and many more. Our big job is growing even bigger. Until Victory is won demands for Red Cross aid will be unlimited. Your generous contribution will help us do the job that must be done.

★ ★ ★

Thousands of Red Cross workers are giving unselfishly of their time, money and energies. They are doing a big job, and they need our help. Let's all give generously to the Red Cross War Fund.

Household Hints

An old paint brush is a good cleaning accessory for hard-to-get-at corners. With an old brush of this kind and good soapy water, those stubborn particles of dirt haven't a chance!

A small bread board is useful in the kitchen to protect surfaces from the damage which may follow the many cutting jobs that meal preparation necessitates.

Your used kitchen fats, useless to you, are sorely needed, and saving them is a small but important service to your country. Turn in every ounce you have.

Save brooms from extra wear by hanging or standing them on the handle end. A weekly rinsing in hot soap suds will aid in lengthening broom life.

STAGE-SCREEN-RADIO
 By VIRGINIA VALE
 Released by Western Newspaper Union.

IT'S a great comfort, while watching Universal's "Phantom Lady," to reflect that, no matter how menacing the villain is, he simply must not be allowed to kill the heroine. The picture's a murder mystery that comes very close to being as good as the best of the super-thrillers. There are some strikingly beautiful photographic shots, many excellent performances. The cast is headed by Ella Raines and Franchot Tone; it includes Alan Curtis, Thomas Gomez, Andrew Tombs and Elisa Cook Jr.

All members of the Thursday Bob Burns airshow will be busy movie-making for the next couple of months. The "Arkansas Traveler" will be performing in "Belle of the Yukon," with Dinah Shore and Gypsy Rose Lee; Spike Jones and his City Slickers in "Ziegfeld Folies."

Ella Raines was signed by Charles Boyer and Howard Hawks to a contract when neither had seen her act—yet they made her sole asset of a producing company capitalized at \$1,000,000! During her first year in pictures she made good with lead roles in four pictures for three dif-

ELLA RAINES
 ferent companies. Now under contract to Universal, she's beautiful (brown hair, green eyes), talented (see "Corvette K-225," "Cry Havoc," "Phantom Lady"), and her name is really Ella Raines Trout; her husband is Capt. Kenneth Trout, who has the President's Citation, the Distinguished Flying Cross and the Air Medal.

The crew of a U. S. submarine in the Pacific was the first audience to hear the musical numbers of Samuel Goldwyn's "Up in Arms"; advance copies of records of songs by Danny Kaye and Dinah Shore were presented to Lieut. Com. H. J. Kossler, USN, by RKO Radio.

Marcy McGuire has been besieged by Sinatra fans—by letter and in person—who want to know how she felt when she worked before the cameras with him. "They tell me I'm lucky," says she—as if she hadn't known all along what a break it was for her. But where they saw it as a thrilling experience, she saw it as a big help in her career. And that recent personal appearance tour didn't hurt, either.

Bud Abbot and Lou Costello can claim the title of "The World's Highest Priced Dishwashers" since their recent appearance at a bond rally at Victory House in Los Angeles. Made members of the Dishwashers' Union, they auctioned off their services. Ted Lewis bought them with \$25,000 worth of bonds, invited 12 guests to dinner. The comedians demanded that he double his purchases before they tackled the job.

"Wide Horizons," the new radio series on Mutual Sunday afternoons, is practically a must. Eddie Dowling, the actor-playwright-producer, is a star-maker as well; he launched Bob Hope, Kate Smith and William Saroyan. His new discovery is Maria Mendoza.

Three daughters of famous fathers are working at Warner Bros. these days. Karen Hale, daughter of Alan, makes her film debut in "Cinderella Jones," in which Walter Brennan's daughter Ruth also appears. Dolores Prinz is in musical sequences of "Janie" directed by her father.

The Chicago Symphony Orchestra, one of the world's greatest, will launch a series of five broadcasts over NBC on March 25, under the baton of Desire Defauw. The programs have been titled "The Festival of Symphonic Favorites" and will be broadcast from Orchestra Hall.

ODDS AND ENDS—Alice Faye's first non-musical dramatic role will be that of "Sissy" in the motion picture version of "A Tree Grows in Brooklyn," at 20th Century-Fox... Perry Como will certainly be something for the girls when he does "Something for the Boys"... Norman Corwin has carte blanche on his new radio program, "Norman Corwin Presents"... Hedy Lamarr has been borrowed from Metro by Warner Bros. for the leading feminine role in "The Conspirators," opposite Paul Henreid... Bette Davis asked that George Coulouris be assigned to "Mr. Skeffington," her new picture; he appeared with her in "The Watch on the Rhine."

P. E. P. is becoming a "must" in American schools. In order to cut down the number of unhealthy U. S. citizens, students are urged to enroll in physical educational programs. Coeds of the University of New Hampshire are shown at physical fitness classes.

In top picture the girls are shown trotting through the New Hampshire woods during an early morning exercise. Most P. E. P. classes are held outside.

Top: Stunt and tumbling students give their version of the flying angel which is said to be good for developing balance. Bottom: In this exercise the body is swung from one foot to the other as the hands grasp each ankle in turn.

Archery is included in the P. E. P. program. In top inset belles and their bows are shown lined up on the field. One of the best limbering-up exercises makes use of the grandstand. Instead of just sitting, these coeds run all over it.

These are freshmen lined up for stretching exercises.
