

The Hedley Informer

VOL. 34

HEDLEY, DONLEY COUNTY, TEXAS, FRIDAY, MAY 12, 1944

NO. 2

News From Our Men In Service

Pvt. Oran Wiggins is back in the States in a San Francisco hospital. He expects to be transferred to a hospital in Texas soon.

S 1-c Marion Dale (Booker) Shaw is back in the States. He is in a Naval hospital at Oakland, Calif.

A-c Robert Grimsley of Amarillo visited home folks Tuesday.

Billy Bridges S 1-c arrived in the States Friday and phoned his parents. He said he had made a 5 1/2 month trip and had seen plenty of country. He has been in the South Pacific where he met Potty Richerson. He said he sure looked fine and they were glad to see each other. Potty weighs 170 and Bill 180.

This is Bill's second trip. He is a Navy Gunner on a Merchant Ship.

Pfc. Wilson Morgan writes that he has landed safe over seas.

Cpl. R. H. Alexander is back in San Francisco after another trip overseas. He returned in the same convoy with Booker Shaw and Oran Wiggins.

Pvt. Harold Longan of Hot Springs, Ark., is visiting here.

Eligibility No Tire Guarantee

All "B" and "C" gasoline ration holders became eligible for Grade I tires last week, but that doesn't mean that they will all be able to get new tires—at least, not for the present.

Though eligible, many motorists will not get the tires simply because there aren't enough tires allocated to the boards to meet the applications that are coming in as a result of the increase in the number of eligibles.

Tire quotas allowed for each county are set at only a small increase for the month of May and the quotas will continue to be set month by month to distribute the available tires over the period before more tires can be expected on the market.

Peggy Nell Everett of Frederick, Okla. has been visiting home folks here.

Mrs. Mable Jones visited in Memphis Tuesday.

Hospitals Distribute Penicillin

More than 1,000 hospitals in the United States have been selected to serve as depot hospitals for the limited civilian distribution of penicillin, the WPB announced. The hospitals should have received their first shipments on May 10.

More Irons To Be Produced

Authorizations to produce a total of 193,625 electric flat irons in 1944 have been granted two manufacturers in Mansfield, Ohio, and one manufacturer in New York City, WPB said. The total authorized production is now about 335,000 irons.

Mother's Day

Sunday is Mother's Day. Probably the way to please most of our Mothers would be by attending Sunday School and Church.

Mother's Day is the only special day of the year which regularly falls on Sunday in which we are asked to display flags. Let's not forget this big day of the year that honors our Mothers.

The fellow who wouldn't buy his wife false teeth because she had a biting tongue is the same fellow who wouldn't insure because he never had a fire. Insure with C. L. Johnson at the bank.

For Sale—one registered Chester White gilt, weight about 300 pounds. See Earl Tollett.

For Sale—honeydrip cane seed. 263p Clarence Bairfield

For Sale—pre-war folding baby carriage. See Mrs. W. B. Wiggins 243p

Giles News

By Mrs. Arthur Ranson

Quite a bit of excitement in our little "burg" Sunday with the planes, M. P.'s, Sheriff and Judge all in attendance, besides numerous other people hunting for the escaped prisoners. Glad it didn't take too long to locate them as the suspense was awful and we had to keep our ear almost "glued" to the telephone to hear all the reports that came in.

Haywood Johnson of Pampa, Mrs. C. Y. Johnson of Hedley, Roy Kelley and Mr. Bean of Memphis visited Mr. and Mrs. Kay Autry Sunday afternoon.

Mrs. Jerry Stotts and daughter Nedda Sue and Miss Margaret Baker visited Mrs. Mike Edwards in Chillicothe one day last week.

Mr. and Mrs. Barnie Johnson were visitors in Giles Sunday.

Mrs. Jophyne Foster of Amarillo and Misses Doris Merle Everett and Nina Jo Foster of Memphis spent the week end in the Foster home.

Mesdames R. O. Kelley, Kay Autry, and Arthur Ranson were shopping in Memphis Friday.

Mrs. J. T. Wylie was a Hedley visitor Friday.

Those shopping in Memphis Saturday were Mr. and Mrs. W. B. Proffitt, Mr. and Mrs. J. M. Baker and daughter Kathryn and John Ward and family.

Mrs. Kay Autry is spending this week in Amarillo with her sister, Mrs. Herbert Blackmon.

TWENTY YEARS AGO

In Giles
Mr. and Mrs. Otis Cox, Miss Vivian Miles and Barnie Johnson attended the show in Clarendon Saturday night.

Everyone enjoyed the singing in the J. A. Lemmon home Sunday night.

Quite a large crowd gathered to watch the ball game between the men and boys Sunday afternoon. The men won by a small score.

The Noel family of Hedley spent the day last Wednesday with T. C. Johnson and family.

Mr. and Mrs. Fred Watt and family of Hedley visited in the E. H. Watt home Sunday.

Mrs. Allard of Hope, Arkansas has been visiting her sister, Mrs. J. D. McCants this past week.

Red Cross Notes

Our Work Room is the busiest place in town. The ladies are working hard to get our part of the 1000 hospital garments made for Donley County.

There is work to be done in the home. If you want to do your part call for work.

We wish to thank Mesdames W. C. Plunk, J. M. Everett, Henry Gunn and John Sims for quilt tops. These are quilted in our Work Room. Come in and help us. They will go into our emergency chest.

We will meet on Tuesday and Thursday and not meet on Saturday. If you will sacrifice a little and help us one evening a week we will get our part of these garments made by June 15.

Time: Tuesday and Thursday at 2:30 p. m.

Place: Shaw Variety Store

Legion-War Dad Meeting

The American Legion and the American War Dads met again in joint session last Monday night. Business of the two associations was conducted, a program rendered and eats served. It was ladies night and over fifty present.

Some of the undertakings of the Dads and Legionnaires this month are to try to get the local churches to hold a joint Memorial Day service the Sunday before Memorial Day; work on the cemetery and decoration of the graves on Memorial Day; erection of a "service men's pickup station" on the highway; and work on the Legion Hall so it can be used for meetings. Committees on each of these have been appointed and have started to work.

The June meeting of both associations will again be a joint meeting with the wives present and eats served. This meeting will be June 7th at the American Legion Hall.

Double Egg

Jett Hoggard brought in a plain, jointed double egg Saturday. It measured nearly 8 inches around the long way and about 6 inches the short way.

Sellers Announces For Attorney General

Grover Sellers, Attorney General of Texas, has announced he will be a candidate for a second term in that office in the 1944 primary election.

In announcing his candidacy, Mr. Sellers declared, "I am grateful to Gov. Coke Stevenson for appointing me attorney general, following the resignation of Gerald C. Mann, with whom I had served four years as first assistant.

"To the people of Texas I now submit my candidacy. When elected my one effort will be fair and impartial administration of all laws and the constitution as written by the people. I shall continue to work in complete harmony with other officials and state departments in the efficient operation of our state government."

Mrs. A. G. Alexander writes from San Antonio that they are getting the Informer regularly and enjoy it very much.

Piano Recital

Mrs. Chester Hill presented her piano students in recital Friday night, May 5th, at the Hedley High School Auditorium. The following program was given:

A Salute To The Colors (duet) by Bert R. Anthony, Mary Alice Hunsucker and Anita Bain

Broomstick Parade—by Hugh Arnold

My Little Boat—Ada Richter

Letha Mae Moss

Spinning The Top (duet)—by Walter Rolfe, Lola Fay Owens and Mary Alice Hunsucker

Waltzing In The Night—by Frederick Chapin, Carolyn Reeves

Skating—by Hannah Smith, Wanda Joyce Hall

Little Attic of Dreams (duet)—by Frank H. Grey, Wanda Joyce Hall and Carolyn Reeves

Fragrant Mignonette—by Nellie Stallings Scales, Wanda Lee Shaw

Spring Blossoms—by Elizabeth L. Hopson, Vera Bain

The Black Hawk Waltz—by Mary E. Walsh, Malcolm Usrey

Wild Flowers Waltz (duet)—by Dora Bell Burdette, Vera Bain and Wanda Lee Shaw

An Afternoon Tea—by Robert Keiser, Anita Bain

Dancing Puppets—by Robert A. Hellard, Patsy Blanks

Dance Of The Rosebuds—by Frederick Keats, Julian Hunsucker

Crimson Leaves—by Robert A. Hellard, Sarah Ann Rains

The Skaters—by Emile, Waldeufel, Mary Alice Hunsucker

Tales From The Vienna Woods—by Johann Strauss, Joan Ray Moreman

Il Penseroso—Stephen Heller

Heather Bells, Gustav Lange

Bobbie Lee Hall

Hawaiian Nights (duet)—by Frank H. Grey, Sarah Ann Rains and Joan Ray Moreman

Notice

For Sale—my 4 room modern home with bath, also 8 lots in East Hedley. Also my farm 11 miles north of Hedley, 240 acres, @ \$15 per acre, half cash.

243p J. Les Hawkins

For Sale—teams, tools, and farming equipment, with 80 acres for rent, or tractor for sale with two places for rent. Two miles north and 1/2 mile east of Hedley. 262c Pete Darnell

Found—child's red jacket. Owner call at M System.

WARNING

Due to the prevalence of rabies in parts of the Panhandle, all dog owners are requested to keep their dogs at home, and watch carefully for any suspicious symptoms.

Any suspected dog should be reported at once to the health authorities.

Mr. and Mrs. Albert Johnson and daughter of Knoxville, Tenn., visited in the C. E. Johnson home last week end.

J. H. Koeninger and R. O. Shannon made a trip to Plainview last Wednesday.

Mrs. Mary Jo McCauley visited in Amarillo last week end.

Mrs. J. M. Everett spent the week end in Amarillo.

Lions Club News

The local Lions Club is very proud of the twenty-two Lions who will receive perfect attendance buttons at this week's club meeting for having perfect attendance for the year. These Lions are as follows: R. W. Alewine, W. C. Bridges, D. H. Cox, Chester O. Hill, C. R. Hunsucker, J. Hunt, Roy Jewell, B. C. Johnson, C. L. Johnson, J. R. Hall, R. E. Mann, W. H. Moffitt, Ray Moreman, J. W. Noel, Otis Owens, Sam Owens, Chas. Rains, Leon Reeves, A. T. Simmons, John McCauley, Earl Tollett and J. A. Tollett.

Several of these Lions have had perfect attendance since the club was organized over two years ago. Several other Lions not mentioned above have had perfect attendance since they joined the club, but have not been members a full year.

The local Lions have accomplished many things since their organization and we predict they will do many more good things for our town and community.

Youth Service

Eighteen young people took part in an impressive candlelight service directed by Miss Myrtle Reeves Sunday night at the Methodist Church, in observance of Youth Service. The young people were robed in white and carried Bibles and candles.

A large congregation enjoyed solos by Rev. A. B. Cockrell and Ruth Bond, and a duet by Ruth Bond and Anna Lee Hill, as well as the other numbers presented.

Mrs. L. A. Jamar of Claude visited here last week.

Mrs. W. E. Reeves and Miss Myrtle Reeves left this week for Temple where they will go through the clinic.

Mr. and Mrs. Kermit Johnson and children of Borger visited here the past week end.

Mrs. L. E. Cassidy came home Thursday from Amarillo, where she underwent an eye operation.

Mary Harris visited in Childress Tuesday.

Mrs. Kent Bellah of Saint Jo visited here last week.

Mesdames W. I. Rains, W. C. Brides and Chas. Barnett were Amarillo visitors Wednesday.

Mr. and Mrs. R. W. Alewine visited in Clarendon Monday.

Tom McDougal is visiting here from Adrian.

Lavelle Peters visited in Amarillo, Pampa and Wellington over the week end.

The Finch ranch shipped two carloads of yearlings to Dalhart Thursday.

Mrs. Oran Wiggins of Groom is visiting in the W. W. Wiggins home.

C. E. Johnson at the Hedley Telephone Co. will write your fire and hail insurance.

Phone your news to 101.

3 Prisoners Make Temporary Escape

This community had quite a bit of excitement early Sunday morning when three military prisoners overpowered their guards and escaped from the southbound Denver Zephyr near Giles.

A baby girl, 9 months old daughter of T. Sgt. and Mrs. Carl McGuire, who were en route from Boulder, Colo., to Alexandria, La., was wounded in the thigh when a gun was discharged during the scuffle. She is reported recovering.

Sam Owens notified officials after his son, Jimmy, noticed three soldiers who appeared to be hiding. All three were recaptured by peace officers and military police. They were turned over to military police from the Childress Army Air Field.

The prisoners, who gave their names as John M. Solvey, Gene Merrell and Byron H. Tillotson, were being transferred from Fort Douglas, Utah, to Mississippi.

The House Situation

T. M. Owens has purchased the J. A. Moreman house in west Hedley. We understand it is now occupied by his son Sam, who has had a hard time finding a place to live since his fire. Mr. Owens plans to make some improvements on the house and make it his home. We are mighty glad to see an old timer like Mr. Owens come back to Hedley to settle. Mr. Owens says he has been here over 54 years but denies that he ran out the Indians. However he said if he did it wasn't very hard because Joe Devine beat him here several months and had them already scared.

Mr. and Mrs. C. E. Johnson visited in Amarillo Wednesday.

Men Overseas May Order Gifts

American service men overseas may again order Christmas gifts this year for their friends and relatives in the United States, the Office of War Information reports. The men make their selections from catalogues at army exchanges or navy ship services and list them on order blanks. The orders are then sent to the United States to be filled and mailed in time for Christmas. WPB recently announced that it will approve manufacturers' requests that are certified by the army exchange service or navy ship service stores for additional allocations of material or containers necessary for these orders.

Red Points Cut in Half

As a result of the removal of most meats from rationing, the number of red points to be used for the purchase of beef steaks, beef roasts, cheese, butter, margarine and evaporated milk has been cut in half, the Rationing Division of the District Office of Price Administration announced.

Previously, thirty red points were validated each two weeks. Beginning May 7, red points will be validated at the rate of thirty each month, officials explained.

ON THE HOME FRONT

NO MATTER how often you have to move or whether you change from a spacious house to a room there are certain things that will mean home to you. A few books, a piece of china and some perfectly useless cheering bits of bric-a-brac all mean take them with you and make an attractive setting for them.

A shadow-box cupboard will do the trick. No special skill and almost no tools are needed to make it. If you do not have a saw to cut the scalloped frame, mark it on

plywood and take it to the nearest woodworking shop to have it cut. You may have the straight boards cut where you buy them. Then all you will have to do is to screw them together; tack on the front frame and paint or stain to suit your room color scheme.

NOTE—An actual size pattern for this shadow-box cupboard, list and sizes of all materials; and illustrated directions for making and finishing will be sent for 15 cents. Ask for Pattern 264 and write direct to:

MRS. RUTH WYETH SPEARS
Bedford Hills New York
Drawer 16
Enclose 15 cents for Pattern No. 264.

WEEKLY NEWS ANALYSIS

U. S. Forces Clean Up Hollandia Area; WFA Announces Dairy Subsidy Rates; Heavy Hog Shipments Glut Markets; Aerial Attacks Weaken Nazi Defenses

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)
Released by Western Newspaper Union.

Italy—Italian farmers are shown clearing vineyards of small volcanic stone fragments spewn by belching Mount Vesuvius.

EUROPE:

Invasion Awaited

With huge concentrations of shipping reportedly massed in British ports and the Allied aerial attacks continuing in unprecedented force, Nazi Europe nervously awaited the historic and heralded invasion.

While the U. S. and Britain prepared for hostilities in the west, the Russians were reportedly organizing strength for a new drive into eastern Poland, presumably to synchronize with the invasion. As the Russians gathered their new forces, the Axis armies in southeastern Rumania stiffened resistance and parried Red thrusts along the Dniester river front.

Western Europe found no rest by day or night as British and American heavy, medium and light bombers smashed at the Germans' vaunted concrete and steel Atlantic wall, French and Belgian rail lines over which the enemy could be expected to shuttle troops to meet invasion forces, and German industries supplying the wehrmacht.

AGRICULTURE:

Hog Glut

In the wake of the government's move to buy all corn in 125 midwestern counties for sorely pressed processing industries, heavy hog shipments clogged slaughtering centers, resulting in embargoes in some centers, notably St. Louis, Mo., and Peoria, Ill.

The large shipments were believed also influenced by short feed supplies after two years of extensive use of grain for fattening record numbers of stock, and the government's plan for a minimum price of \$12.50 per hundredweight for this fall.

Taking note of the dwindling feed stocks, OPA announced that effective May 15, the ceiling price on hogs over 240 pounds would be cut to \$14 per hundredweight, to discourage heavy finishing off.

Dairy Subsidy

To encourage conservation of grains during the pasture season to provide for heavier feed during the fall and winter months, the War Food administration announced subsidy payment rates for dairy production for the next 11 months.

Although rates during the next four months will range from 35 to 65 cents a hundred pounds for whole milk and 6 cents a pound for butterfat, beginning September 1 and ending next March 31, rates will range between 60 to 90 cents for whole milk and 10 cents for butterfat.

Estimated to cost between \$300,000,000 and \$400,000,000 annually, the whole program is dependent upon congressional appropriations for administrative expenses, WFA said.

RATIONING:

More Butter

Because of record stocks in warehouses and freezers, 35,000,000 pounds of country butter will be available for civilian use in May at 8 red points per pound, along with 112,000,000 pounds of creamery butter at 12 points.

At the same time, OPA announced that more and better ice cream will be produced in May and June, following permission to manufacturers to increase output to 75 per cent of 1941 figures, and to use a mix 1 to 3 per cent richer in butterfat content.

In addition, reductions in point values are scheduled for flank beef, lamb and mutton, variety cuts of pork and veal, dried beef, potter and dried meats, and sausages.

FLOODS:

Field Work Halted

Floods and heavy rain sweeping the country retarded field work and rail shipments alike, in addition to causing extensive property damage and loss of life.

In the midwest, farm work was as much as three weeks behind schedule, with only half the oats sown in Iowa, and much of that acreage planned to be diverted to corn and soybeans in Illinois. Warm, sunny weather was needed in the winter wheat belt in the southern great plains area. Because of blight and excessive moisture, the south-east feared for its potato crop.

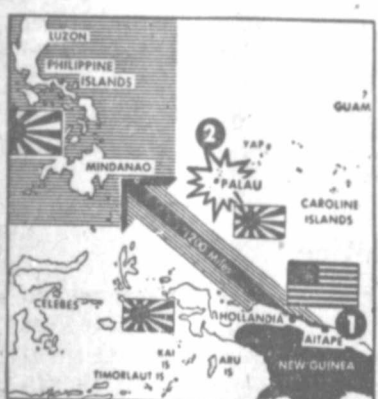

Vegetable and fruit produce enroute to northern markets from the west and south was held up by flood conditions through the Mississippi river basin. A stimulus to the black market was feared through the possible diversion of crops to trucks.

PACIFIC:

Nearer Philippines

Heavy U. S. bombers were within 1,400 miles of the Philippines with the Doughboys' capture of three airfields around Hollandia in northern New Guinea following a whirlwind invasion, which Gen. Douglas MacArthur claimed sealed off 140,000 Japs.

Reinforced by additional troops, British and native units in eastern India braced for a showdown struggle with invading Japs, aiming for the Bengal-Assam railroad supply.

ing Lieut. Gen. Joseph Stilwell's Allied forces, clearing a path for a new communication line to China through northern Burma.

Encountering light resistance, U. S. forces cleaned up Hollandia in record time, extending Allied air and naval control far up the New Guinea coast and threatening the enemy's supply lines feeding bottled troops all the way down to the Solomons to the east. Hollandia's fall also placed General MacArthur one step closer to realization of his vow to return to the Philippines.

SURPLUS GOODS:

Disposal Planned

With government sale of surplus war materials already running at a rate of \$12,000,000 a month, federal officials were reported to have agreed upon a plan for entrusting future large scale disposal of such goods to five agencies and 12 business experts.

Under the plan, the War Food administration would handle food; the treasury buyers, textiles; the Reconstruction Finance corporation, land and factories; the Maritime commission, ships and related materials; and the war department, munitions.

The business advisors would counsel on how the various surplus goods should be distributed, but each agency would be asked to formulate its own policy of sale through negotiation, auction or advertising.

HIGHLIGHTS . . . in the week's news

KNOX DIES: Secretary of Navy since 1940 during which time the fleet became the greatest in the world with a strength of over 4,000 ships and 25,000 planes, Frank Knox succumbed to a heart attack in Washington, D. C., at 70. Knox served with the 153rd artillery during last war. Noted as a newspaper publisher, Knox was the Republican vice presidential candidate in 1936.

BASEBALL VETERAN: Tony Mullane, oldest major league baseball star, died in Chicago at 85. He first played with the St. Louis Browns and later went to the Cincinnati Reds as their star pitcher. He ended his career in 1897 with the St. Paul club. Another claim to fame was that he was said to be the only pitcher who could throw with either hand.

DUCKS:

Population Up

With mallards most numerous, the duck population now approximates 125,000,000, according to figures of Frederick C. Lincoln, chief of migratory birds investigation of the U. S. Fish and Wildlife service.

Mallards now make up 35,000,000 to 40,000,000 of the duck population, Lincoln said, with pintails second with 20,000,000, and bluebills third with 15,000,000. Marked increases also were noted for red-headed ducks and coots and mudhens.

Because of the continuing decrease of woodcocks, however, it has been indicated that the season may be closed on them next fall, along with the Jacksnipes.

BUSINESS:

Oil Supply

Because a tremendous area of prospective oil territory remains to be tested and petroleum could be produced from enormous reserves of coal and shale, the U. S. need have no undue concern over future oil supplies, Edward G. Seubert, president of Standard Oil company of Indiana, told stockholders in the course of a report on the firm's business in 1943, showing profit of \$50,591,371.

At the same time, President Ralph W. Gallagher of Standard Oil company of New Jersey, in announcing profits of \$121,327,723 for 1943, told shareholders that although the U. S. was assured of sufficient oil in the future, two principal problems existed, namely, discovery of more oil, and institution of sound, worldwide conservation policies to prevent wastage in production.

MAIL ORDER:

Legal Battle

Ground was laid for one of the U. S.'s most historic legal battles when the government forcibly took over Montgomery Ward and company's big Chicago plant following its refusal to accept a presidential order to obey a War Labor board's directive to extend a contract with the CIO's Mail Order, Warehouse and Retail employees Local 20 until the union's bargaining rights could be determined.

Claiming that the WLB had no supervision over Ward's because it cannot be classed as a war plant, Ward's 69-year-old President Sewell Avery stuck to his guns to the last, finally being carried from the plant by U. S. troops when refusing to recognize the government's occupancy.

As both sides' W. C. Taylor squared for a court battle Undersecretary of Commerce Wayne Chatfield Taylor took over operation of the plant, lacking cooperation from some Ward officials standing loyally beside Avery.

CIVILIAN GOODS:

Increase Opposed

While congressional leaders pressed for an increase in output of civilian goods in view of a surplus of certain materials and cancellation of some war contracts, government officials cautioned against any considerable boost in production over present levels.

War Production Czar Donald Nelson said military output must be increased in the immediate future and maintained at high peaks until actual needs for operations in western Europe are established.

Undersecretary of War Robert Patterson opposed any notable switch to civilian production on the grounds that it would create unfounded optimism and lead to a rush from war plants to obtain jobs in consumer goods industries.

QUEBEC:

Overseas Service

Paced by Nationalist Member Rene Chalout who declared that any fighting forces should be furnished by the U. S., Britain, China and Russia because only they stand to gain anything from the war, the Quebec provincial legislature cast a 53 to 4 vote expressing disapproval of any move to send Canadian conscripts overseas.

Said Chalout: "Conscription for military service in Canada was instituted because there was supposed to be danger of invasion. If federal authorities were sincere at the time, they should abolish it now since there is no more danger of an invasion of Canada."

The legislature acted after the Canadian national defense minister declared draftees could be used overseas if appropriate measures were taken by the government.

'IRON RATIONS'

American and British troops in India will eat a new and perhaps tastier meal when in tight spots. These emergency meals, packed in large cans, are informally known as "iron" rations.

The condensed food is packed in a can sufficient for eight men for one day, and consists of corned mutton, "vitaminized" crackers, tea, jam, chocolate, chewing gum, salt, sugar, grapefruit juice (for Americans) and lemonade powder (for British troops). Cigarettes are included.

PATTERNS SEWING CIRCLE

1930 32-44
Collarless Two-Piece
IT HAS the new striped neckline look—the clean, comfortable lines of the collarless cardigan! Do it in soft rayon crepes or in fresh-as-paint summer cottons. Make the tailored collar vest of pique—interchange it with a frilled jabot for dressy wear.

Barbara Bell Pattern No. 1930 is designed for sizes 32, 34, 36, 38, 40, 42, 44, and 46. Size 34 jacket, short sleeve, requires 2 yards of 36-inch material; skirt, 3 yards.

Male Brush Turkey Builds 3-Ton Nest; Hatches Eggs

The brush turkey of Australia frequently builds a nest which weighs as much as three tons. It is the cock bird that undertakes the construction of this colossal structure, which is formed of leaves and branches and may measure 12 feet across by 6 feet high.

The depositing of the eggs must naturally devolve upon the female, but, having once played her part, she leaves their incubation to her hard-worked spouse, who periodically takes the temperature of the interior of the nest. In so doing, the bird uses his bare neck as a thermometer, subsequently adding or removing debris as circumstances dictate.

Due to an unusually large demand and current war conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers. Send your order to:

SNAPPY FACTS ABOUT RUBBER

Christopher Columbus is credited with bringing first reports of rubber to the civilized world, but rubber relics found among Mayan ruins lead some scientists to believe that rubber items were in use in the eleventh century.

Rubber, both wild and plantation, grows best in an area 10 degrees either side of the equator.

The production of one complete large bomber tire takes as much time as does the making of several truck tires, or up to 60 passenger car tires of the most popular size. The demand for large tires is severely straining the production facilities of the industry.

HINTS for HOME BAKERS

Cereal Leftovers make Wonderful Rolls!
Make them with Fleischmann's yellow label Yeast—the only fresh yeast with more EXTRA vitamins

CEREAL ROLLS
1 cup milk
2 1/2 tablespoons sugar
4 teaspoons salt
4 tablespoons shortening
1 cup any cooked leftover cereal
1 cake Fleischmann's Yeast
1 cup lukewarm water
8 cups sifted flour

Scald milk, add sugar, salt, shortening and cereal; cool to lukewarm. Dissolve yeast in lukewarm water and add to cereal mixture. Add half the flour and beat until smooth. Knead dough quickly or enough to make easily handled dough. Place dough in greased bowl, and lightly until smooth and elastic. Place dough in greased bowl, cover and set in warm place, free from draft. Let rise until doubled in bulk, about 1 1/2 hours. With light, shape into rolls and place close together in greased layer cake pans. Cover and let rise again until doubled in bulk, about 1 hour. Bake in hot oven at 425°F. until about 25 minutes. Makes 2 1/2 dozen.

Now, more than ever, it is necessary to protect your bedding. Protectors can be made inexpensively, easily, by using the material from laundered cotton bags—bags such as those coming into your home daily as containers for flour, sugar, feed, and other products.

The sturdy cloth from cotton bags can be used in making springs covers to protect the mattress from rust stains and to keep dust from accumulating in the springs themselves; mattress covers to keep the mattress from soiling or fading; quilted pads to shield the mattress from wear, help keep it clean, and make it a softer, smoother bed. The cleaning problem for such items is simply one of soap and water.

Many money-saving sewing ideas are illustrated and explained in the new booklet, "Bag of Tricks for Home Sewing," which you may obtain without cost by writing to National Cotton Council, Box 18, Memphis 1, Tennessee.

MEAT POINTS WASTED BY SHRINKING ROAST WITH TOO HOT OVEN

Conventional high temperature oven cooking wastes meat. This has always been known but its importance has been recognized generally since the scarcity and rationing of meat.

Following is a chart which indicates the cooking time for various meats when roasting, uncovered, at 325 degrees.

	Minutes to Lb.
Beef (rare).....	20-25
Beef (medium).....	25-30
Beef (well).....	30-35
Poultry.....	25-35
Veal.....	30-45
Lamb.....	30-40
Pork.....	35-50
Ham (fresh or smoked)	
4 to 7 lbs.....	40-50
8 lbs. or over.....	30-40
Stuffed fish.....	20

Cooking with low steady temperature will give you plump juicy roasts without charred bones or fat. Even though the cooking period may be slightly longer, less gas fuel is used because the oven is not turned on quite as high. This fuel saving is both economical and patriotic, particularly if you are using "bottled" or "tank" gas which serves those in suburban, small city and farm areas. This gas is now doing war work and you can help by conserving it.

War Dads Club

Meets on the 7th of each month. All War Dads invited. C. O. Hill, President.

Dallas, Texas, May 10—The Texas petroleum industry, mother of industrialization, has brought to this state close to \$350,000,000 worth of investments in the nation's synthetic rubber program which represents an outlay of \$750,000,000, the Texas Mid-Continent Oil and Gas Association said in a statement accompanied by a map which shows that Texas ranks first among the seven areas chosen to carry out the program.

This investment in Texas is by the government and private companies in eleven plants which convert petroleum products into the base stocks used to make rubber from petroleum and six other plants which process these stocks into raw rubber. The rubber program in Texas means steady jobs for about 7,640 skilled workers in these plants with an annual payroll of around \$18,000,000.

BONDS OVER AMERICA

On the cypress dotted slopes of Carmel bay stands the Mission San Carlos Borromeo, founded in 1770, where rests one of California's most illustrious missionaries, Junipero Serra.

Mission San Carlos

Battle Against Inflation
Buy War Bonds

German bombs and German armies of occupation have destroyed hundreds of religious shrines in Europe and 12 million non-Germans work in the Third Reich as slaves of the Nazi war machine.

TO THE MOTHERS

Let us all say a prayer for the Mothers
Of each and every fighting service man
For she is the one who is suffering
Even though it cannot be seen.

She is the one whose heart is torn
With grief and sorrow
When the son that she has borne
Will never return in that far off to-morrow.

She knows what the horrors of War are,
But she gaily waves him goodbye,
Hiding her grief and sorrow
With a smile on her lips, not a tear in her eye.

She sits silently waiting,
Writing to her boy each day,
With hopes that he will return to her
Just as he left, cheerful and gay.

So let us all offer our prayer this Mother's Day
To the Mothers of fighting Sailors, Marines and Soldiers
And to the boys, of some of these Mothers
Who are now lined up in heaven's scenes.

THE OLD JUDGE SAYS...

"Glad you dropped in, Judge. I was just trying to explain to Mary what you told us down at lodge last night... about all the grain used to distill war-alcohol not really being used up. She didn't realize it, either."

"It's true, Mary. Wherever the government has permitted distillers to purchase the equipment necessary to reprocess the used grain, at least 50% of the feed value (25% by weight) of the whole grain is being recovered and returned to farms like yours in the form of premium-quality live-

stock feed. Only the starch is removed during distilling... the part recovered is a highly-prized concentrate containing valuable proteins, fats and carbohydrates. The distilling industry really has taken a leading part in the development of new cattle and poultry feed products from reprocessed grain... products rich in vitamins B₁ and B₂... so essential to satisfactory growth and production. And the recovery of grain will apply also to the making of whiskey when production is resumed."

When Your Back Hurts -

And Your Strength and
Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubts that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

DOAN'S PILLS

STRIBLING'S LICE OIL SPRAY

I'm bugs on cars.

I'd hardly think I'm a real American if I didn't always hanker after the latest thing in automobiles. Most everyone feels the same—wanting a new car. So even with Peace, is some new car with my number on it coming right off the assembly line? Who knows? I'm well off, though—still riding handsome—because I kept thinking of all the different oils to help a car. And I noticed ad after ad agreeing that your engine always forms acids inside... Risky... Bad danger of corrosion. But a station man showed me a can of Conoco Nth motor oil, and it said that a modern synthetic in Conoco Nth furnishes the working parts with OIL-PLATING—like a special surfacing to resist the acids; not letting them easily eat metal away. So you needn't fret too much for a new car, when a switch to Conoco Nth oil will safely OIL-PLATE your engine right now. Let the future car improvements try beating that!

New Plastic Paints Make Decorating Easy

Amateur with brush or applicator can do professional job.

THE new war-born plastic wall finishes make redecorating these days a far cry from old-style painting, when rooms were unusable for days while 2 or 3 coats of slow-drying paint were applied. Dora May Talcott writes in the Rural Home section of Capper's Farmer, a magazine read by 1,250,000 farm families.

With these new paints that can be applied by an amateur and that dry in an hour, rooms can be lived in the same day. There's no paint odor.

"You can paint right over the

wallpaper with these new flat paints," Miss Talcott writes. "One coat covers most any wall and ceiling surface, including painted walls, plywood, wallboard, brick and basement walls."

"Employing a plastic base that makes it extremely durable and washable, this paint comes in paste form and is thinned with water—1 gallon of paste makes 1½ gallons of paint. It dries to a perfectly flat finish without lap marks or streaks, yet it can be washed with soap and water to remove finger marks and smudges."

"Bake" a Cake on
Top of the Stove

The flexible, easily controlled heat of gas ranges makes interesting new surface recipes practical and no longer limits top-of-the-stove cookery to frying and boiling. These advantages are not limited to city housewives, since convenient "bottled" or "tank" gas is the ready source of fuel for thousands of suburban and farm homes outside the scope of public gas utilities.

You can save fuel by "baking" your upside-down cake on top of the stove. Here's one recipe for this convenient dessert:

- 3 tblsp. butter
- ¾ cup brown sugar
- 2 apples

Melt butter in skillet, add the brown sugar and stir well. Slice apples and arrange in mixture in bottom of skillet. Prepare batter and pour into skillet, being careful not to disarrange fruit. Place lid on skillet and cook over low flame for 45 minutes or until done. Make batter as follows:

- 6 tblsp. butter
- ¾ cup sugar
- 2 eggs
- ½ cup milk
- 3 teasp. baking powder
- 1 teasp. vanilla
- 1¾ cups sifted cake flour

Cream butter and sugar until fluffy. Add eggs and beat well. Sift flour and baking powder together and add alternately with milk and vanilla.

There's nothing more practical than smocks. They are simple to make, stylish and charming to wear. Use laundered cotton bags to make them, leaving the material in its natural white or tinting it to the color you prefer.

Add a touch of contrasting color at the pockets and neck. Keep several smocks handy. They will save you much time because you can slip one over your dress rather than change clothes to prepare

dinner or wash dishes. You save on laundry and cleaning bills and extend the life of hard-to-get materials.

Many other practical ideas for conserving the cloth from cotton bags are contained in the new, illustrated booklet, "Bag of Tricks for Home Sewing," which you can obtain without cost by writing National Cotton Council, Box 15, Memphis 1, Tennessee.

西
寸
誤
(HONORABLE MISTAKE)

Little did a group of slant-eyed war lords think 29 months ago that their successful Pearl Harbor attack would turn out to be an "honorable mistake."

Little did they dream that American ingenuity and industry would produce more implements of war in a couple of years than the "sons of heaven" had been able to accumulate in a quarter century. They didn't realize they were attacking a people who prize their American heritage and freedoms more dearly than life itself.

Our organization, together with every business enterprise and individual throughout the land, is dedicated to stamping out these ruthless aggressors . . . to speed the day when peace will again reign supreme.

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become overtaxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling (edema), constant tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to meet off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

DOAN'S PILLS

Hedda Hopper: Looking at HOLLYWOOD

MONTY WOOLLEY has gone to war. The whiskered comedian for whom life began at 50 is grumbling thru his beard in a one-anxious-man crusade.

The objective of his pet hate is the nest of "schools" situated in Hollywood and elsewhere which hold out a hope and a promise of film stardom to all aspirants with the price of tuition.

That their customers possess talents is no prerequisite. The boys and girls, of course, and their fathers and mothers, too, fall for the old malarkey in droves.

There seems to be a widely prevalent notion abroad that anybody short of a deaf mute can master the craft of miming in approximately the time it takes to memorize Hamlet's soliloquy.

Monty Woolley sputters and roars in righteous rage. "Why—why—when I think of mine own kampf—why, damn it all, these arrant tricksters!"

Monty Woolley sputters and roars in righteous rage. "Why—why—when I think of mine own kampf—why, damn it all, these arrant tricksters!"

No Bed of Roses

The point is that Monty resents acrimoniously the inference that people can learn to act overnight. He resents this implied slur even more bitterly because a lot of folks seem to think that's what he did.

"If ever a man came up the hard way I did," said he while waiting to do a scene for "Irish Eyes Are Smiling."

"It's true you'll find in Hollywood and New York as well, certain misguided and uninformed persons who'll tell you that Woolley has been guzzling fine wines, feeding on caviar and terrapin, and wearing costly raiment all his life."

Family Nixed Stage

His dad owned some very prosperous New York hotels. The Woolleys were rolling in it. But when Monty smeared the family escutcheon with grease paint the old gentleman showed him the door.

Undaunted, Monty kept at it. That was 30 years ago and more, and he had bounce. He still has bounce, an amazing share of it.

The fact is that no poor little rich boy ever had more strikes on him than did Monty in his 30 years' war to get somewhere in the theater.

Moss Hart gave him the big chance that really emancipated him in "The Man Who Came to Dinner." Moss made George Kaufman and Sam Harris see Monty's possibilities and Monty and Twentieth Century Fox did the rest.

As the Rose

There's a bloom on Ann Sheridan I've never seen there before and cute, giggling Jane Wyman makes a nice sidekick for her in "Doughgirls."

We got on the subject of Mexico, and the beautiful things Paul-ette Goddard brought home from the museum down there.

I asked Ann to let me see her collection. She said, "Hedda, are you kidding? I didn't visit the museum." . . . Director Jim Kern told me how Eve Arden got the Russian part. She was on the lot doing another picture and called up wanting to test for the part, but Jim, who'd known her for years, said, "Eve, dear, you're not the type." Next day Eve dressed up as the Russian, came on the set, spoke in dialect, and the part was hers—which shows even experienced actresses have to beg for parts they want.

An Old-Timer Suggests

Metro is shooting "Ziegfeld Follies," and if all its elements blend the way they did for Ziggy, it should make screen history. You'll find James Melton singing a love song while Esther Williams and 50 mermaids swim to the rhythm of his voice. You'll pardon me for suggesting, but how about rounding up the former Ziegfeld Follies beauties and having them all glamorized as the ready for a number, just as they were in the old days, then switch and let us see what they're doing today. I believe anybody would get a kick out of a scene like that, but then I'm just an old sentimentalist who loves to see "belles of by-gone years" get another chance. Why not? I got mine.

She's a Smart Girl

It didn't take long for Red Skelton to switch from blonde Muriel Morris to a redhead who is just as friendly with Red's Edna as Red is. . . Gosh! Ed Gardner's swipec Orson Welles' nickname "Genius."

I can't believe that Tommy Mitchell would leave pictures to do "King Lear," even the Arthur Hopkins produces it. . . Allan Jones' fans are hankering to have him back on the screen, but he should worry. His weekly pay check for personal appearances and radio is \$6,500.

Star Dust

STAGE-SCREEN-RADIO
By VIRGINIA VALE
Released by Western Newspaper Union.

A REHEARSAL of Frank Sinatra's Wednesday night air show is something to see. Outside the CBS theater the bobby sock brigade waits; even when he's in California they wait; otherwise they'll lose their places in line. Inside, the Voice, be-spectacled, chewing gum, has a swell time clowning with Jerry Lester. But when he rehearses his songs Sinatra settles down to business, working like the conscientious professional that he is. Seeing him then, you get a new slant on this likable young man who has shot to the top in the entertainment field so rapidly. He ought to stay there—if the ardent admirers who lie in wait for him don't kill him first; one girl almost choked him a while ago!

Adolphe Menjou, debonair as ever, has been dashing about New York, just back from bond-selling in Canada. Meeting friends, he talks about that trip, and goes on to discuss, not the RKO picture he's just

finished with Sinatra, but the fact that he's going to the South Pacific in November. Like other visiting stars, he was booked knee-deep for radio appearances; there's a short age of "names" in New York.

C. S. Forester, the famous author who wrote "Captain Horatio Hornblower" and "The Ship," will write the story in which Greta Garbo will return to the screen. Producer Lester Cowan engaged him to do a story about fighting sailors, men and women, in the Norwegian merchant marine. Miss Garbo, who hasn't liked other ideas submitted to her, must be in favor of this one.

Don't believe that Penny Singleton is as wacky in real life as she sounds in the title role of the air's "Blondie." She was an established Broadway musical comedy star when she was brought to Hollywood for dramatic and singing roles; before that, she'd studied journalism at Columbia university. She turns out a children's story occasionally.

Anita Colby returned from a nation-wide chore on behalf of "Cover Girl" with a new formula for getting a room in an overcrowded hotel. "When they'd say they were all sold out," said she, "I'd ask if they didn't have one room that just wasn't made up yet. They always had. And I can honestly say now that I've made beds in some of America's best hotels!"

Barton Yarborough finally did it. Playing "Doc Long" in "I Love a Mystery," by Carlton Morse, he did 260 performances without a slip of the tongue. Then, instead of saying "I never believe in sockin' a sleepin' man," he said "I never believe in sleepin' a sockin' man."

Bob Burns, radio's "Arkansas Traveler," had to go on a diet for his new picture, "Belle of the Yukon," with Dinah Shore and Gypsy Rose Lee. "Times have changed," remarked Bob. "Twelve years ago I had to diet because I wasn't makin' a picture."

March of Time director Len Lye and cameraman Bob Navarro were in Ireland just before Great Britain imposed restriction of travel between the two countries. They got out in time with the thousands of feet of film they had been shooting. The result is an up-to-the-minute picture, "The Irish Question," that shows Ireland and the Irish as they are today. It's informative and good entertainment.

Stuart Buchanan, who now heads the Blue Network's script department, was one of the first to see "Snow White and the Seven Dwarfs" when it reached Broadway for a return engagement. He'd already seen it at least 1,500 times; he was dialogue director when it was made!

ODDS AND ENDS—Don't be fooled by that carnivorous plant you'll see in "Rainbow Island"; reproduced from a photograph, it operates by electricity. . . The parka worn by Bob Hope in "Road to Utopia" was presented to him by soldiers when he toured Alaska. . . That ex-serviceman who recently released old inhibitions by playing the drums on Milton Berle's "Let Yourself Go" program has had two audition dates, and may land an engagement with a major orchestra soon. . . The bottom fell out of poultry for Don Ameche the other day when an abandoned well caved in under his chicken yard, and plunked his prize hens into the bottom of a twelve-foot hole.

For you to make

Crochet for pleasure in odd moments of leisure. Pattern 7960 contains directions for hat and purse; list of materials. Due to an unusually large demand and current war conditions, slightly more time is required in filling orders for a few of the most popular patterns numbers. Send your order to:

Household Hints

To remove a tight glass stopper, wrap around the neck of the bottle a cloth that has been wrung out of hot water, or soak it in vinegar for a while. Work it gently and it will soon loosen.

If you have any made-up starch left after washing, use it on the linoleum. It lends a gloss and the floor stays clean longer.

Why don't you make a vestee with three jabots that button on for quick change?

To avoid needle marks when shortening a raincoat, use adhesive tape as a hem binder instead of sewing. To lengthen it later, just remove the adhesive tape.

A piece of velvet or corduroy placed in the heel of your shoe will make your stockings wear longer.

When mending woollens, a thread drawn from the hem or side will make a neat and inconspicuous darn. Otherwise, use a mercerized thread in a matching shade. Darn on the right side. Do not use a knot as there is no strain on the material.

THE HEDLEY INFORMER

PUBLISHED EVERY FRIDAY
D. E. Boliver, Publisher

Entered as second class matter October 28, 1910, at the postoffice at Hedley, Texas, under the Act of March 3, 1879.

All obituaries, resolutions of respect, cards of thanks, advertising of church or society functions, when admission is charged, will be treated as advertising and charged for accordingly.

In case of error in legal or other advertising the publisher does not hold himself liable for damages in excess of the amount received for such advertising.

NOTICE—Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The Informer will gladly be corrected upon its being brought to the attention of the publisher.

SUNDAY, MAY 14th

We pause next Sunday to honor mothers,
young and old, on Mother's Day.

Always sweet, courageous, gracious and of good cheer . . . making the best of little . . . doing anything and everything that will help the Nation in today's War emergency . . . Mother sets an example for all by rendering distinguished service on the home front.

Every son and daughter in this community will proudly join Sunday in a tribute to Mother.
