

# The Hedley Informer

VOL. 34

HEDLEY, DONLEY COUNTY, TEXAS, FRIDAY, JULY 7, 1944

NO. 34

## News From Our Men In Service

Pvt. Jewel T. Stone and wife have been visiting here. Pvt. Stone is being transferred from Fort McClellan, Ala., to Lamead, Md.

A-c Robert Grimsley of Amarillo visited here last week end.

A-c William Truell Huffman has finished his basic training at Taft, Calif., and is beginning advanced training at Douglas, Ariz.

Pvt. Gerald Bland has been at home on furlough from Oregon.

## Family Reunion

At the T. J. Cherry home on June 25th a happy day was spent celebrating the return of Glynis T. Cherry S.M. 2- who had not been home in 17 months, most of which time was spent in the South Pacific. Those present were M. and Mrs. Loyd Kidd and daughter of Clovis, N. Mex., Mrs. Baiford Rochell and son of Amherst, Tex. Mrs. Roy Wallace and children of Amarillo and Mr. and Mrs. J. E. Kidd and family, Mr. and Mrs. L. E. Howell and family and T. R. Kidd, all of Hedley. Mrs. John Alexander came for a visit in the afternoon, which we all enjoyed very much.

There's hoping there'll be such another reunion with other members of the family present. Two of the absent ones were Cpl. Robert E. Kidd in Italy and J. E. Kidd Jr. A-S of Camp Wallace, Texas.

## Some Foods Again Rationed

The OPA has restored rationing to best cuts of lamb in order to get better distribution among customers, and it has restored point values to certain types of cheese and canned asparagus, peas and tomatoes, which were unrationed for two weeks because of large stocks on hand.

## Notice

From July 1 to August 1 is the time allotted for transferring pupils to the school which they will attend next school term. Those districts whose schools are taught at home and the grades that are offered in the home district, the children will not have to be transferred.

Let C. E. Johnson, manager of the Hedley Telephone Co., write your fire and hail insurance.

## Rationing At A Glance

Shoes—Airplane stamps 1 and 2 good indefinitely.

Meats, Fats—Red stamps A8 through W8, are good indefinitely; X8, Y8, Z8 become good July 2

Processed Fruits, Vegetables—Blue stamps A8 through V8 are good indefinitely; W8, X8, Y8, Z8 and A5 become good July 1.

Sugar—Stamps 30, 31 and 32 good indefinitely. Sugar stamp 40 is good for five pounds of canning sugar through February 28, next year.

Gasoline—A-12 coupons are good through Sept. 21.

## Fifth War Loan Drive

News from the Italian front shows that we are taking town after town but have had many casualties in this campaign. News from the Saipan front shows that the Japs are being pushed back, but we lost in 14 days fighting 9,752 men, killed, missing or wounded. News from the second front in France shows that our boys are going steadily onward but not without great sacrifice to them. But news from the home front is not so encouraging. Hedley's quota of \$49,700.00 in the Fifth War Loan drive has not been reached. With only two more days to go sales reported show only \$35,630.00 in bonds sold. Our quota may be large and the sacrifice to us may be great, but it is nothing to the sacrifice they are making over there. Let's make another effort, try a little harder and buy that extra bond to put us over the top in this drive. Reports from other surrounding school districts are as follows: Bray \$3100.00, McKnight \$2306.20 and Giles \$2806.25.

## Notice

Due to the lack of help we are forced to stop doing washings ourselves.

If you are unable to do your own laundry, get someone to bring it and put it through. We have the machines for rent and we surely do appreciate your business.

E-Z Way Laundry

## Girls News

By Mrs. Arthur Ranson

Mr. and Mrs. J. T. Wylie and daughters, Mrs. J. M. Baker and son Bobbie spent the week end in Pampa visiting friends and relatives.

Mrs. E. Bromley and Mrs. Bill Bromley of Clarendon were recent visitors in the E. H. Watt home.

Mr. and Mrs. J. D. Foster and children and Mrs. Milton Foster all of Amarillo visited Mr. and Mrs. Geo. Foster over the week end.

Chief Petty Officer and Mrs. Bill Fletcher have returned to their home at Great Lakes, Ill. Miss Kathryn Baker accompanied them home where she will spend the summer.

We are glad to report that Mrs. E. H. Watt is improving from a serious illness.

Mr. and Mrs. Kay Autry, Mr. and Mrs. R. O. Kenney and daughters and Mrs. Ozier Hoggard and sons, visited the Dick Spoon family in Memphis Sunday night.

Miss Margaret Baker is visiting in Perryton this week.

Jack Eden and family visited his parents at Antelope Flat Sunday.

J. T. Glass from Dumas is visiting his brother E. M. Gass.

Cpl. Hubert Foster, Jack Eden and Jerry Stotts made a business trip to Amarillo Monday.

## Lions Club News

About 75 Lions and their guests enjoyed the Lions annual family picnic at Lake McClellan last Thursday night. The barbecue and other eats were both good and plentiful. Many thanks should be given to barbecuers Noel, Hunsucker and Moffitt.

This week the Lions Directors will meet and map out plans for next year. All Lions are invited.

Next week the newly elected officers and directors will be installed and the year's work started. Let's all plan to attend next week's meeting and show the new officers that the club is behind them. Hedley has won many prizes and can win more. With a little more effort we can make our club on top in attendance, membership and activities.

A Durham bull for sale.  
343p J. W. McPherson

## R. A. Shaw Receives Good Conduct Medal

The Army's Good Conduct Medal has just been awarded to T-5 Richard A. Shaw, son of Mr. and Mrs. C. N. Shaw of Hedley, for "having demonstrated fidelity, exemplary behavior, efficiency through capacity to produce desired results, and having attained the required period of service."

He is serving with the 214th Hospital Ships Complement at Camp Anza, Calif.

## Frank Miller

Miss Jessie Davis left Wednesday for Okmulgee, Okla., in response to a message that her brother in law, Frank Miller, had passed away from a heart attack.

Mr. and Mrs. M. W. Mosley have returned from Azle, where they have been for some time on account of Mrs. Mosley's health.

Mr. Mosley states that he plans to cover the precinct as well as possible before the primary, but that due to the gas shortage he will see as many of the voters as possible in town.

Mrs. J. D. Shaw of Klamath Falls, Oregon is visiting her mother, Mrs. Myrtle Tinsley.

Mr. and Mrs. O. G. Morgan from Wichita Falls have been visiting his mother, Mrs. W. B. Morgan.

Mrs. Carl Dotson and children have moved to Grand Prairie, Tex. where her husband is now employed.

Mrs. Lula B. Owen of Lefors has been visiting here.

Mrs. Opal Blackwell and children of Amarillo visited in the J. W. McPherson home this week.

Mr. and Mrs. Kenneth Perryman and children of Tascosa visited here this week.

Mrs. Margaret Smoot of Willow Okla., is visiting her sister, Mrs. Lee Davis.

Floyd Naylor and family of Wichita Falls visited here first of the week.

## Security State Bank In Good Condition

At the close of business June 30th the Security State Bank paid its regular 5% dividend and salary bonus to employees, added \$500.00 to surplus account and \$4100.00 to undivided profits. The bank showed deposits of \$328,208.69 which is a substantial increase over last year's deposits at this time and a small increase over the report of April 13th of this year. They show loans of \$127,850.00, and cash, bonds and other quick assets totaling \$262,075.20.

Organized in August 1913 the bank will soon start on its 32nd year. The bank was organized with a \$15,000.00 capital, later raised to \$25,000.00 and to \$35,000.00 in 1929. Recent addition to surplus and profits account now gives the bank capital of \$5,000.00, surplus of \$23,000.00 and profits and reserves of \$5947.81, making a total capital structure of \$63,947.81 which should amply take care of the community under any conditions.

The bank's policy, "Take care of your community and your community will take care of you" has proven successful throughout the years. We would like to congratulate the bank on their splendid report.

## Ira McLaughlin Is Awarded Purple Heart

The following appeared in "Prop Wash" published at the Corpus Christi, Naval Air School: Highlights of the Personnel Inspection to be held this Saturday will be the presentation of the Purple Heart to Ira McLaughlin, Pfc., U.S. M.C.R.

Pfc. McLaughlin whose exploits were narrated in detail in these columns some weeks ago, participated in the Tarawa landing and is credited with killing four Japs. He knocked off three in a pill box with a hand grenade, and got the fourth on the run. He managed to catch a grenade thrown at him, but it exploded before he could hurl it away far enough for safety, and was severely wounded by shrapnel.

## Lieut. E. L. Gordon Awarded Air Medal

The following appeared in the Lamesa Reporter of June 29:

Lt. E. L. Gordon, son of Mr. and Mrs. Ed Z. Gordon, has recently been awarded the Air Medal and an Oak Leaf Cluster. He informed his parents that the awards had been made to him "the other day" in a letter postmarked June 4. Lt. Gordon, co-pilot on a Flying Fortress, has been in the service nearly four years and has been in England about three months. He has never stated the number of missions completed nor did he relate any details concerning his performances which merited the awards.

Mrs. Elvia Davenport and Mrs. T. J. Wiggins of Borger visited here last week end.

C. E. Johnson at the Hedley Telephone Co. will write your fire and hail insurance.

## TEMPLETON CAMPAIGNS

R. L. Templeton took his campaign for representative to the north end of the district this week after speaking at Abra Tuesday. The clear-eyed, smiling veteran of 16 bombing raids over Germany, is conducting a write-in campaign in Wheeler and Gray counties where he has received numerous pledges of support from veterans of the First World War and from people who have sons, brothers and husbands in the present terrible conflict.

At Abra, Templeton explained that he would need a large majority in Collingsworth and Donley, where his name is on the ballot. "I realize that it is an uphill fight," he said, "but I have been in uneven fights before when our air force was greatly outnumbered by the Germans. I came through that alive even though disabled, and I am confident that good fortune will be with me in my desire to serve the people of this district just as Providence was with me in the skies over Nazi Germany."

Templeton also told the group at Abra simply that he would do his best to be a good representative. If elected I will carry out the duties of my office as my conscience and my desire to obey the will of the people tell me. I have no radical ideas. I will not be influenced by pressure groups nor will I allow prejudice or partiality to influence me against my better judgement.

My primary interests are for the farmer, cattleman and ordinary businessman because these are the ones I know and understand best. I propose to do my best to be of service to every legitimate business organization in my district, be it large or small; I want to help the new as well as the old industries in Texas.

As for old age pensions, my grandmother gets a pension and through her I have been able to see how much that little income means to all lonely old people like her. The independence and security she gets from that pension, although it has been cut while my opponent was in office, is the only bright spot in her lonely life. I am not one to make glowing promises that I might not be able to fulfill; but I will say that you can depend on me to support old age pensions.

Mr. and Mrs. J. H. Repper and daughter Johanna and Mr. and Mrs. Bob Horschler and daughters Mary Ann and Jeanette of Fort Worth and Miss Betty Moore of Pampa were Hedley visitors last week.

June Kirkpatrick has returned from a visit to Amarillo.

## IMPROVEMENTS

Mrs. W. B. Morgan has improved her place by adding a new yard fence.

## Legion-War Dad Meeting

A large crowd is expected out to the American Legion and War Dad joint meeting at the Legion Hall at 9 p. m. Friday the 7th. The Legion will elect officers for next year and there will be several other matters to come up.

Members are to bring sandwiches or pie and the clubs will furnish the drinks. A good program has been arranged consisting of quartette singing and other entertainment. All war veterans, and war dads and their ladies are invited and a special invitation is given to all war mothers.

## Wifadasos Club

The Wifadasos Club will meet on Tuesday July 11th at the home of Mrs. R. E. Newman. All members are urged to be present.

A member

## Tubes Now Unrationed

Moving to conserve tires by making new inner tubes more readily obtainable, the OPA has announced the removal of all inner tubes from rationing.

The stockpile has grown enough to meet the estimated demand of 1,500,000 tubes a month.

Peggy Zoe Stotts of Memphis is visiting her mother today.

## Informer Rates

Please remember that the informer rate is \$1.50 per year in Donley county, and \$2.00 per year elsewhere, except that service men get the \$1.50 rate.

WEEKLY NEWS ANALYSIS  
U. S. Navy Blasts Japan's Fleet But Enemy Refuses Showdown; Allies Push Forward in Europe

Released by Western Newspaper Union.  
(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

Pacific—Circle indicates scene of big naval battle in which U. S. fleet clashed with strong Jap forces.

EUROPE:  
Last Stand

As U. S. Doughboys closed on the big French port of Cherbourg at the tip of the Cotentin peninsula about 75 miles from Britain, desperate German defenders acting on Field Marshal von Rundstedt's orders to resist to the last man, put up a bloody last-ditch fight, demolishing the harbor facilities to prevent their immediate use when the town fell.

As the Yanks pressed in on Cherbourg, other Allied forces along the 100-mile-wide beachhead continued to probe deeper inland, meeting up with stiff Nazi counterattacks designed to curtail their advances. Fleets of Allied bombers roared over the battle area, hitting at Nazi strong points and aiming at enemy reinforcements moving up to the front. Ramps in the Calais region from which the Germans were launching their rocket bombs for attacks against southern England and London, remained under heavy fire of Allied aircraft.

Other Fronts

On other European fronts, the Russians reportedly launched a large-scale offensive against the Germans' big bulge on the north end of the 1,200-mile eastern battle line, while Allied troops chased the Nazis up the Italian peninsula to prepared positions guarding the northern plains.

Using strong tank and infantry forces, the Reds reportedly struck at German forces massed to retake the Nazis' last great foothold on Russian territory, even while they were continuing their drive through tiny, tottering Finland from the southwest and east. Not only would the direction of the new big offensive point Red armies toward Warsaw and Berlin, but it would also serve to whittle down a potential Nazi springboard for an encirclement attack against Russian forces to the south.

In Italy, Allied forces moved ahead after eliminating pockets of stubborn German rear-guards, putting up a desperate delaying action to permit the bulk of the Nazi forces to retire behind the new defense line.

BILL OF RIGHTS:  
For GIs

Estimated to cost from 3 to 6 billion dollars, congress passed and the President signed the so-called "bill of rights" for vets of World War II, designed to avoid the hardships suffered by soldiers of World War I upon their demobilization. Under the "bill of rights," vets will be entitled to an unemployment compensation of \$20 a week for 52 weeks during the first two years after the war, if unable to find suitable work. Also available will be at least one year of schooling for vets whose education was interrupted by the war, with the government providing \$500 for tuition and \$50 monthly for subsistence, plus \$25 for dependents.

For vets seeking to buy or repair farms or homes or establish small businesses, the government will guarantee 50 per cent of the loan up to a maximum of \$2,000, with interest at 4 per cent and the amount repayable in 20 years. The veterans' administration also is authorized to spend one-half billion to provide hospital facilities for the care of returning servicemen.

PACIFIC:  
Japs Run Out

Venturing forth from its home waters, Japan's boasted imperial fleet sailed within proximity of the U. S.'s mighty Fifth naval force but dodged a showdown fight after U. S. planes sent one enemy aircraft carrier and three of his tankers to the bottom of the sea between the Marianas and Philippine islands.

Plowing boldly into the foe's home waters to support U. S. marine and ground troops in their assault on Saipan island in the inner ring of the Japs' defense system, the Fifth naval force under command of Adm. Raymond Spruance offered a brave challenge to the enemy fleet close to its major bases, but the Nips broke off the engagement after suffering loss of 373 planes besides the four ships in two days of continuing action.

Meanwhile, U. S. ground forces met bitter opposition on Saipan, about 1,500 miles from the Japanese homeland, as they fought to extend their hold on the central sea top of the island.

OPA:  
Vote Extension

By agreeing to allow revisions in ceilings of major textile items to reflect parity prices on cotton, senate and house conferences paved the way for extension of OPA to June, 1945. The nation's farm bloc scored another victory in the act's provision that the President take all lawful action to assure parity on cotton, corn, wheat, rice and tobacco.

Whittling down a maze of amendments to the act, the conferees did provide for some changes in OPA, including:

1. Filing of protests against OPA regulations;
2. Adjustment of rent ceilings where they are higher or lower than the prevailing standards, or if landlords' costs or taxes have increased substantially;
3. Permission for retailers to carry higher priced goods in certain lines than they did in the prewar period.

FOOD:  
Postwar Stocks

In order to avoid the glut of 1919, the government's surplus stocks of foods will be released through normal trade channels after the war, M. Lee Marshall, War Food administration director of distribution, revealed.

Although original vendors would be given the opportunity to repurchase food stocks, WFA will only accept fair bids and sell in areas where particular types of commodities are scarce, Marshall said.

With the termination of the war in Europe and the shipments of food overseas, there will be no need for the stockpiling of commodities, Marshall said. Coupled with military reserves, present food stocks should provide a large part of the needs of liberated people, who will have to eat while being rehabilitated.

HIGHLIGHTS . . . in the week's news

**P.O.W. STRIKE:** German war prisoners have refused to work in beet fields near Scotts Bluff, Neb., because their pay basis has been changed. Formerly they received 50 cents a day flat rate. This has been changed to a piece work rate of 30 cents for each quarter acre thinned. Lieut. Col. Clyde Dempster said disciplinary action would be taken if the men continued on strike.

**EMPLOYMENT:** A decline of 100,000 workers per month in war plants has been the trend since the beginning of the year, the department of commerce reports. While in sections shortages of manpower exist, the overall picture of the nation is a downward movement in factory employment, the report went on. In nonwar jobs, employment will remain the same.

CONGRESS:  
Spends Less

For the first time since the war broke out, congressional appropriations will fall below the 100 billion dollar mark for the fiscal year starting July 1.

Because of the completion of capital outlays and the large stockpile of war materials, Chairman Cannon (Mo.) of the house appropriations committee estimated provision of 86 billion dollars for the impending 12 months, including approximately 5 1/2 billion dollars for such items as financing the national debt.

Following Pearl Harbor, congress appropriated 147 billion dollars, and then supplied 114 billion dollars for the next year. Declaring congressional appropriations "definitely have passed the hump," Chairman Cannon said they would continue on the down-grade, regardless of war developments.

AGRICULTURE:  
Release Trucks

To help in the harvest of this year's big wheat crop, surplus used army trucks will be made available to farmers and haulers through the medium of county AAA offices.

Because of the limited supply of trucks, however, only a small percentage in proportion to actual demand will be available, and the vehicles will be allotted only on the basis of the most critical need.

After certification of an application by the AAA, dealers will then purchase the trucks from the U. S. treasury's regional procurement office at an appraised price, and sell to the farmer or hauler at or below OPA ceilings.

SURPLUS GOODS:  
Overseas Disposal

Treated as a valuable national asset, U. S. surplus goods overseas should be disposed of in foreign countries with the aim of realizing the highest possible profit, a business advisory committee established by the government said.

Although keeping one eye cocked on postwar trade, the committee advocated the disposal of surplus industrial equipment, observing that the sooner the devastated countries can be restored to production, the sooner they will cease to be candidates for relief.

In cases of low bids for surplus materials, sales might be made on the condition that the foreign purchasers will buy other new equipment from this country, the committee counseled.

RECONVERSION:  
Conflicting Plans

The question of whether policy on the reconversion of industry from a war to a peacetime basis should allow certain manufacturers to resume civilian output while competitors are still engaged in war work, reportedly has divided the War Production board into two camps, with W P B Chairman Donald Nelson favoring the procedure and W P B Vice - Chairman Charles Wilson opposing it.

In recently relaxing restrictions on use of materials for civilian production in areas with labor surpluses, Nelson declared that the withholding of civilian production until all companies might return to such work would result in regimentation of industry for a prolonged period.

On the other hand, Wilson reportedly contends that manufacturers allowed to resume civilian production before others would enjoy a jump in the market on war contractors, who would virtually be penalized for their efficiency in fulfilling government orders.

WHISKY:  
May Ban Corn

Although distillers' facilities have been released from the production of industrial alcohol for war purposes during August, the prospect arose that they would be unable to use corn in the manufacture of whisky during the month because of the War Food administration's opposition in view of the tight feed situation.

Because of this opposition, distillers may be compelled to use wheat, rye and possibly Caribbean molasses, it was reported, with restrictions even on wheat.

With farmers already having turned in close to 65,000,000 bushels of corn to the government for processing uses despite the tight feed situation existing, the WFA promised that none of the grain would be diverted to alcohol.

PATENTS

"Distinct patent rights should not be granted for the sole purpose of handicapping future inventors whose discoveries would not otherwise infringe the complete patent," ruled the U. S. Court of Appeals for the District of Columbia in a case involving a canning company.

A concurring judge stated that the decision will "require considerable reexamination—if not readjustment—of patent office practices and procedures, especially with respect to subcombination claims."

Maternity Wear  
A MATERNITY frock to be worn during the hot weather months must be cool, comfortable and as pretty as possible so that you do not grow weary of it. This young-looking dress and jacket will please you.  
Barbara Bell Pattern No. 1995 is designed for sizes 12, 14, 16, 18, 20 and 22. Size 14 dress requires 4 1/2 yards of 30-inch material; sleeveless jacket takes 1 1/2 yards.

Brief Sun Clothes.  
BE FREE and gay in the sun clothes you wear—acquire a tan in prettiness and comfort! The smart sun-back dress with matching "cover up" bolero is tops in looks. Set is perfect for midsummer wear about the house, too.  
Barbara Bell Pattern No. 1983 is designed for sizes 12, 14, 16, 18 and 20. Size 12 dress requires 2 1/2 yards of 30-inch material; bolero, 1 1/4 yards.

Flags on Capitol Fly Day, Night Since World War I  
The office of the architect of the Capitol says that the custom of flying a United States flag night and day at all times from the east and west porticoes of the United States Capitol originated during World War I. It was felt for patriotic reasons that there should be one building over which the flag never ceased to fly.  
The Capitol was selected as being typical of the United States, and as being outside of military regulations, which, of course, demand the furling of the flag at sunset.

FLIT kills flies, ants, moths, bedbugs and all mosquitoes.  
BE SURE IT'S FLIT!  
Kills 40% more than any other mosquito killer.

**BONDS OVER AMERICA**

**Maine Blockhouse**

The United States Government built Fort Edgecomb in 1806-09 for the protection of the early settlers. Entire families from lonely farms, bringing food and gunpowder, could find safety within these walls.

When Germany loosed the Blitzkrieg millions of families were forced to burrow in the earth for protection. Arms and food have been systematically denied them.

**Back the Attack!  
Buy More Than Before**

**Iced Coffee and Milk Combine  
In Cooling, Hot-Weather Drink**

Make iced "Cafe Au Lait" to serve this summer with lunch, dinner, or as between-meal refreshment.

Cafe Au Lait, that popular half coffee, half milk beverage, is a delicious hot weather cooler when served iced. The best iced coffee is made by pouring hot, freshly made, double-strength coffee over ice cubes, and the same goes for making Iced Cafe Au Lait. In this case, both the milk and coffee are poured hot into tall glasses filled with ice cubes. Freshness and strength are vitally important in making good iced coffee. Double-strength brew is needed to counteract the diluting effect of melting ice, and since Iced Cafe Au Lait is further diluted with milk, you may wish to make the coffee triple-strength. The strength of your coffee depends also on how fresh it is, so it is wise to use glassed coffee from a vacuum-packed jar which protects the contents from the air. Make sure the resealable cap is kept securely closed when the jar is not in use. Iced Cafe Au Lait: (For 3 servings.) Scald one pint of milk and cool. Make one pint of double- or triple-strength coffee. Fill tall glasses with ice cubes. Then, half fill the glasses with scalded milk and fill to top with freshly made hot coffee.

**Swing low  
Sweet Kilowatt!**

The cost of living has gone up like this —

But the price of electricity has come down like this!

NOBODY needs to tell you that the cost of living has been soaring toward high C.

But maybe you do need a reminder that the cost of electricity has been sliding down.

If yours is an average household, you're getting about twice as much electricity for your money today as you did 15 years ago. And 1944 government figures show that the average price has continued to ease off a little — even since war began. That fact ought to be music to your ears!

Getting prices down and keeping them down is one of the electric industry's greatest achievements.

It took a lot of planning, perspiration and practical business management to do this job in wartime. All our people helped.

### THE AMERICAN'S CREED

I believe in the United States of America as a government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign states; a perfect union, one and inseparable; established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes. I therefore believe that it is my duty to my country to love it; to support its constitution; to obey its laws; to respect its flag, and to defend it against all enemies.

### THE OLD JUDGE SAYS...

"The men overseas don't mind any words about the way they want to find this country when they come marching home... do they, Judge?"

"They certainly don't, Herb...and they shouldn't. They're doing a masterful job fighting over there to protect our rights and they have good reasons to expect us to protect them back here at home. One thing they're mighty clear on is their stand on prohibition."

"Their position on that subject was stated very emphatically in a poll taken recently

among American service men in England by the British Institute of Public Opinion. When hundreds of men were asked point blank how they would vote on prohibition, 85% of them stated, in unmistakable terms, that they would vote against it. There's no doubt about it, Herb...the men overseas don't want any action taken on that subject while they're away."

"And they're 100% right, Judge, because I know how I felt when I came home after the last war—only to learn that we had been over there fighting for so impractical a thing as Prohibition."

### Kidneys Must Work Well—

**For You To Feel Well**  
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly. Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging back-ache, headaches, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

### DOAN'S PILLS

## STRIBLING'S LICE OIL SPRAY

### I'm not losing face.

I guess you've seen pictures of those real ancient cars that are quite a fad with some prominent people. I'm no big shot, but folks envy me, even at that, for keeping this car like an heirloom. Oh, some say that any good motor oil would largely do the trick, and they're welcome to believe it. I simply say this: Keeping my engine OIL-PLATED ever since I switched to Conoco N<sup>th</sup> motor oil, has helped me beat the curse of engine acids. I got wise that acids from combustion always try to corrode an engine's inside finish, but OIL-PLATING furnishes special protection. A synthetic in Conoco N<sup>th</sup> oil, I've learned, behaves almost like magnetism. This makes the working parts attract OIL-PLATING, and hold on to it. It's fastened as closely as chrome plating to keep metal under cover from acids. That would certainly be a check on corrosion, from the minute you switch to an OIL-PLATED engine. So just get Conoco N<sup>th</sup> motor oil.

CONOCO  
N<sup>th</sup>  
MOTOR OIL

*Vengeance... from the Gulf South\**

This airplane represents more than simply another sweep across enemy lines to the attack. It is a fighting memorial to the employees of our Company who have made the supreme sacrifice for freedom, and it was bought and paid for by the personal sacrifice of our home front employees.

For in the 4th War Loan, our Caddo Parish, Louisiana, employees, who were already buying War Bonds through payroll allotments, went beyond that. They oversubscribed their quota of additional War Bonds by enough to pay for this \$75,000 plane and nearly \$10,000 more, and earned the right to name the ship.

Our organization is, and the Gulf South as a whole can be, deeply proud of the "United's Gold Star Avenger."

\* Here's the North American P-51 Mustang Fighter bought with War Bonds and Stamps and christened "The United's Gold Star Avenger," the winning entry in a naming contest conducted by the Company. Now it's the Fifth War Loan—Keep Backing the Attack!

**UNITED GAS PIPE LINE COMPANY**

WEEKLY NEWS ANALYSIS

Yanks Advance on Two Fronts As German Resistance Stiffens; B-29s Blast Steel Mills in Japan

Released by Western Newspaper Union.

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

Top American military leaders are pictured during their visit to the Normandy beachhead. Left to right: facing camera, Adm. Ernest J. King, commander in chief of the United States fleet; Gen. George C. Marshall, chief of staff of the army; Gen. Dwight D. Eisenhower, supreme Allied commander, and Rear Adm. Alan G. Kirk.

THE INVASION: Steady Progress

Supported by the greatest air fleets in battle history, Allied forces continued to expand their beachhead area in Normandy in the face of stiffening resistance on many fronts.

U. S. forces to the northeast of Cherbourg surged past Montebourg, which was still being contested, and captured Quineville on the east coast of the Cherbourg peninsula. Hammering to the west across the peninsula on a 10-mile front, the Yanks met stiff resistance from crack grenadiers of the fifth German tank division thrown into the Normandy fighting.

A communique from General Eisenhower's headquarters said that steady progress had been made west of Carentan across the base of the Cherbourg peninsula and between the Elle and Vire rivers toward St. Lo, key junction 15 miles southeast of Carentan.

Battle Westward

All along a 10-mile front, units of the American Fourth division and the 29th Air-Borne division were battling westward against strong resistance in a drive to pinch off the peninsula, and with it the prize port of Cherbourg.

Nazi Field Marshal Erwin Rommel had thrown approximately 700 tanks into the fighting on the eastern sector and appeared to be using far more infantry than the German command intended to use for the defense of one comparatively small section of the invasion coast.

Despite early successes on the invasion front, a word of warning came from Secretary of War Stimson who said that Allied troops in Normandy soon must face fiercer counter-blows "than any we have ever met." At the same time he predicted they would smash ahead until France is liberated and Germany crushed.

While the troops on the Normandy coast were fighting off the German counter-attacks on land, residents of England itself were dealt a serious "anti-invasion blow" when a fantastic stream of pilotless Nazi bombers rained fire and explosives across the island. This was Hitler's long-awaited "secret weapon" and no attempt was made by the British authorities to minimize the effectiveness of these robot, radio-controlled bombing plane attacks.

CONVENTIONS: In Chicago

As the advance guard of the Republican party convention delegates began arriving in Chicago, political dopesters had all but awarded the Presidential nomination to Gov. Thomas E. Dewey of New York, but friends of Gov. John W. Bricker of Ohio would not let their candidate be counted out without a battle. They said that the contest for the nomination would go to the convention floor.

Bricker sources could not see a first-ballot victory for Dewey. However, the New York governor entered the convention with more delegates actually pledged to him than any other candidate, including Governor Bricker.

Officials in charge of arrangements for the Chicago meeting revealed that the candidate selected would probably make his acceptance speech from the convention floor on the day after his nomination.

Meanwhile the Democrats announced that Gov. Robert S. Kerr of Oklahoma would keynote their convention scheduled for July 19, also in Chicago.

PACIFIC: Action Here, Too

U. S. citizens got a breath-taking indication of the mighty striking power of their vast armed forces when within ten days of the European D-Day, terrific blows were dealt the Japanese on the opposite side of the globe.

Day before the new Super-Flying Fortresses bombed Japan proper, a powerful navy sea and air force blasted the outer defenses of the island off Saipan in the Marianas to prepare the way for the landing of American troops on that strategic Jap base only 1,500 miles southeast of Tokyo.

To wrest Saipan from the Japanese, Americans had a job which combined the worst factors of Tarawa and Guadalcanal. For like at Tarawa they had to land over a well-defended coral reef and like on Guadalcanal, the Jap had himself well entrenched in good fortified positions which extended all the way across that jungle island. When the beachhead on Saipan was established there was still a long way to go but word from Adm. Chester W. Nimitz, headquarters indicated that the Yanks were advancing.

Initial reports listed moderate casualties while the official bulletin revealed that: "Virtually all heavy coastal and anti-aircraft batteries on the island were knocked out by naval gun fire and bombing."

While these no longer worried the Americans, they knew their test would come in the inner jungles as they faced the Jap artillery, mortar and machine gun fire.

Super Raid

From secret bases in China, not from an aircraft carrier this time, American planes dealt Japan proper a smashing air blow, when a squadron of the new Super Flying Fortresses bombed Japan's homeland. Tokyo radio said industrial areas of Moji and Shimonoseki were hit.

Only a dribble of official news came from American sources on the raid but announcement of aerial task force attack of the giant B-29's indicated that they flew from the China-Burma-India theater land bases. This raid also revealed the formation of a new air force, the 20th, which would serve the United Nations cause as a roving, globe-circling task force much like a naval fleet. This air arm will not confine itself to attacks on Japan but is "able to participate in combined operations, or to be assigned to strike wherever the need is greatest."

Before any official announcement of the targets was made by the army, a report in congressional circles hinted that Tokyo itself was one of the main objectives.

ITALY:

Allied Drive Continues

German defenses on a broad front 50 to 80 miles above Rome were shattered when Allied Fifth and Eighth army troops drove north in a plunge which netted them hundreds of prisoners.

German resistance had cracked all the way from the Tyrrhenian seacoast around the northern end of Lake Bolsena and down to Terni, 70 miles east of the Allied advance coastal columns.

The enemy was in full retreat from the entire Adriatic sector. Their retreat was so fast that speedy Eighth army flying columns were unable to contact Nazi rear guards. Even fresh German reinforcements, hastened from the north to halt the Allied advance, were routed after joining the Nazi 14th army in a furious three-day battle.

Star Dust STAGE-SCREEN-RADIO

By VIRGINIA VALE

Released by Western Newspaper Union.

THE glamorous ladies of Hollywood, perhaps learning from the example of old-time stars like Corinne Griffith and Ruth Roland, look upon real estate as a sound investment. Paulette Goddard revealed on the set of "I Love a Soldier" that she owns four houses, which she rents — she bought them for her mother to rent and manage. Lovely Georgia Carroll, between singing with Kay Kyser's band and appearing with it in such films as Columbia's "Battleship Blues," has re-finished and sold ten houses during the past year. But before she married Kyser she lived in a rented apartment with Marguerite Chapman — she preferred to let the landlord worry about keeping her home in order!

Gracie Fields, who's been part of Hollywood for several years, is still puzzled by the Hollywoodites. The way they hire other people to do for them things that are fun to do yourself, like driving your own car, or arranging parties. "It's a place where girls like me self from the

GRACIE FIELDS

workin' classes get into the movies and suddenly decide they came over in the Mayflower," says she. The famous English comedienne, now replacing Edgar Bergen and Charlie McCarthy on the air, firmly established herself in movies in "Holy Matrimony."

Remember the famous sleeping bag which Gary Cooper and Ingrid Bergman shared in "For Whom the Bell Tolls"? Well, Fred MacMurray tucks himself into it for several scenes in Paramount's "Practically Yours" — with a small Cairn terrier named Piggy.

Apparently success in radio means more than success on the Broadway stage, at least to Kenny Baker. He gave up his leading role in a smash hit, "One Touch of Venus," to take over the Groucho Marx program on CBS for the summer, and after the summer series is over Baker plans to remain with the show, both as a singer and as co-comedian with Marx.

Georgia Burke was all set to leave the cast of "When a Girl Marries" and go to Hollywood for the filming of the stage production, "Decision," in which she also appears. Preparations were made to write her out of the radio script, bid her farewell and speed her on her way — when it was announced that the play would be filmed in New York, after all. It's for United Artists release.

Pity poor Ann Thomas, who plays "Casey" in NBC's "Abie's Irish Rose." She's cutting her sixth wisdom tooth. "Most other people settle for four," she complains. "But I always have to be different." With all her stage and radio engagements, maybe she needs two extra ones!

Replicas of "Duffy's Tavern" are popping up all over the various fighting fronts. The first was a palatial hut on a South Seas island. Now they're everywhere, and Ed "Archie" Gardner is sending autographed pictures to adorn their walls.

Remember when Ralph Edwards asked a "Truth or Consequences" audience to send pennies to Mrs. Dennis Mullane, and she was practically snowed under by 300,000 of them? Recently Edwards received a letter and a snapshot from the Mullane sons, Dennis Jr. and Joseph, both marines, who were reunited on a small island in the South Pacific. They said they were "famous" even there because of those pennies.

ODDS AND ENDS—"Double or Nothing" gets a stream-lined format, with everything new but the quizmaster, John Reed King. The "Superman" cast's favorite pre-broadcast game is making a lot of words out of one—they got 32 out of "suppsich" recently. "Fibber McGee and Molly," originally scheduled to take a vacation after the June 20th broadcast, postponed it; their replacement is "Theater of War." And Sinatra returns August 16th. Get your wind-shield sticker saying "No Black Market Gas for Me" by writing to Michael West, of the CBS "Bright Horizons." G. Aubrey Smith was knighted recently.

ON THE HOME FRONT with RUTH WYETH SPEARS

she can enjoy them if she has a bulletin board in her room.

NOTE—Mrs. Spears has prepared an actual-size pattern and complete directions for making the combination bulletin board and blackboard. Stencil designs and color guide for decorations at top and on the handy trough at bottom are included. Pattern No. 267 will be mailed for 15 cents. Address:

MRS. RUTH WYETH SPEARS  
Bedford Hills New York  
Drawer 10

Enclose 15 cents for pattern No. 267.

Name.....  
Address.....

HERE is a bulletin board and blackboard that is easy to make and is so decorative that you will enjoy having it in the kitchen, the upstairs or the downstairs hall; the rumpus room; the children's room or that private corner called one's own.

Dad will find a thousand uses for one of these gayly decorated boards in his study, or den, or over his workbench in the basement. Mom will find one handy in the sewing room where she can pin up fashion ideas and pattern instruction sheets for reference. And, in case you have forgotten it, Grandmother is probably the greatest pin-up fan of all. Pictures of the family, bits of poetry, and greeting cards go right up where

New ROYAL S.A.S. PHOSPHATE BAKING POWDER

KILL THE ENEMY who's after your BLOOD!

Spray FLIT on all mosquitoes... it's an easy way to kill 'em quick. Best of all it wipes out Anopheles... the mosquito that spreads malaria. Yes! FLIT not only mows down this carrier of disease... but kills the baby Anopheles, when sprayed on stagnant waters where it breeds. Arm yourself with FLIT, today!

FLIT kills flies, ants, moths, bedbugs and all mosquitoes. BE SURE IT'S FLIT!

Things to do

Pattern No. 5162

THESE seven, smiling little busybodies of kittens will put you in a very good humor, indeed. Each design for towels, for kitchen curtains, for the corners of a breakfast cloth, is about 8 by 6 inches and is done in cross stitch and outline.

To obtain transfer patterns for all seven kittens, sketches of stitches used, color chart for working the Kittens Towels (Pattern No. 5162) send 18 cents in coin, your name, address and the pattern number.

Due to an unusually large demand and current war conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers. Send your order to:

RHEUMATIC PAIN

Don't put off getting C-222 to relieve pain of muscular rheumatism and other rheumatic pains. Caution: Use only as directed. First bottle purchase price back if not satisfied. 90c and \$1.50. Today, buy C-222.

FOR QUICK RELIEF CARBOLL ANTI-SEPTIC SALVE

Used by thousands with satisfactory results for 40 years—its valuable ingredients. Get Carboll at drug stores or write Sperlack-Neal Co., Nashville, Tenn.

WHY TAKE HARSH LAXATIVES?

Simple Fresh Fruit Drink Makes Purgatives Unnecessary for Most People

Here's a way to overcome constipation without harsh laxatives. Drink juice of 1 Sunkist Lemon in a glass of water first thing on arising.

Most people find this all they need—stimulates normal bowel action day after day!

Lemon and water is good for you. Lemons are among the richest sources of vitamin C, which combats fatigue, helps resist colds and infections. They supply valuable amounts of vitamins B and P. They pep up appetite. They alkalize, aid digestion. Lemon and water has a fresh tang too—clears the mouth, wakes you up, starts you going.

Try this grand wake-up drink 10 mornings. See if it doesn't help you! Use California Sunkist lemons.

HIGHLIGHTS... in the week's news

PAIN DETECTOR: An electrical device, said to be able to detect diseased organs of which the patient is unconscious, was demonstrated at the convention of the Gastro-entological association meeting in Chicago. Dr. Lester Morrison of Philadelphia read a paper on the machine, and explained that it operated by the "viscerogalvanic reaction" of the patient.

FACTORY WAGES: In April earnings of factory workers on an hourly basis reached a new high at \$1.057 per hour, the National Industrial conference reports. Because of a shorter work week however, total earnings were somewhat lower, being \$48.08 on the national average, down 7 per cent from March. Average work week was 45.2 hours in April.

**That Nagging Backache**  
 May Warn of Disordered Kidney Action  
 Modern life with its busy and worry, irregular habits, improper eating and drinking—the risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become overtaxed, and fail to filter excess acid and other impurities from the life-giving blood.  
 You may suffer nagging backache, headache, dizziness, getting up nights, leg pain, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.  
 Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

Keep Cool With Frosty Ice Box Pudding (See Recipes Below)

**Summer Favorites**  
 If appetites are dawdling, a real job confronts the cook. Summer or winter, the body needs nourishment, and the basic seven foods must be included in the diet.

What, then, must be done? Well, for one thing, the appetite must be coaxed with new and different combinations of food. Even in summer there should be one hot food in the meal, but the cold ones should be very cool and tempting.

Attractive serving can help consumption, too. If there are cool, crisp looking tablecloths, napkins and dishes, the appetite will naturally perk up. Add to this, green, crisp garnishes, pleasing color combinations and well prepared foods, and there need be no difficulty in having the food eaten even on the warmest day.

**Save Used Fats!**  
 Today's round-up of recipes will help in planning palate-pleasing menus for hot summer days.

- \*Veal-Cheese Sandwich (Makes 6 sandwiches)
- 1/2 pound prepared veal loaf
- 1/2 cup cottage cheese
- 6 stuffed olives
- 1 teaspoon grated onion
- 1 tablespoon mayonnaise
- Butter
- 12 slices bread

Chill veal loaf and slice thinly. Mix cottage cheese, chopped stuffed olives, onion and mayonnaise. Place veal slices on buttered bread. Top with bread spread with cottage cheese mixture. A leaf of lettuce may be placed in between. Serve with pickles and potato chips for lunch.

- Jellied Chicken and Vegetables.** (Serves 6)
- 1 tablespoon unflavored gelatin
- 1/2 cup cold water or stock
- 1 1/2 cups hot chicken stock
- 1/2 teaspoon salt
- 1 cup chicken, chopped
- 1 cup cooked vegetables (peas, string beans, beets, asparagus, carrots)
- 1/2 pint milk or green pepper

Soften gelatin in cold water. Add to hot stock and stir until dissolved. Rinse a square mold in cold water, pour a thin layer of liquid jelly. Let stiffen slightly and decorate with pepper and other vegetables. Arrange the thickening jelly, chicken and vegetables in layers and chill. Unmold on lettuce.

**Lynn Says**  
 The Score Card: Potatoes and onions are coming into the markets. They are very much usable in summertime menus.

Plan to use plenty of peaches, apricots and melons this year. Crop supplies look plentiful. Ice cream consumption has increased from eight pounds per person in 1924 to sixteen pounds in 1942.

Homemakers are urged to can as many fruits and vegetables this season to give themselves point-insurance for the winter. Last year, more lard was produced than at any time during the nation's history.

Egg supplies are still plentiful. Use at least one a day to fortify your diet. Sugar stamps 30 and 31 (book 4) are each good for 5 pounds of sugar. Sugar stamp, number 40, will give you 5 pounds of sugar for canning. An extra 20 pounds of canning sugar is available with stamp 37, upon application to your local board. This will give you 10 pounds now and 10 pounds later.

 Pan-Fried Potatoes Carrot Salad  
 Pan Rolls Marmalade  
 \*Fig Ice Box Pudding  
 Beverage  
 \*Recipes Given

**Barbecued Frankfurters.** (Serves 6)  
 1 medium-sized onion, sliced  
 3 tablespoons salad oil  
 1 tablespoon sugar  
 1 teaspoon dry mustard  
 Salt and pepper  
 1/2 cup catsup  
 1/2 cup vinegar  
 1 tablespoon Worcestershire sauce  
 Drop of tabasco sauce  
 12 frankfurters

Lightly brown onion in salad oil. Add combined remaining ingredients, except frankfurters. Simmer 15 minutes. Split frankfurters and place in shallow baking dish. Pour over barbecue sauce and bake in moderate oven (375 degrees) 30 minutes, basting several times.

From main dishes and salads we go to desserts. These are designed to be perfect foil, light endings to meals. You'll find them flavor-perfect and easy to make:

- Red Currant and Raspberry Ice Cream.** (Makes 2 1/2 cups)
- 2 pounds red currants, stemmed
- 1 pint red raspberries
- 1 cup granulated sugar
- 1 pint cream or evaporated milk, whipped
- 1/4 teaspoon salt
- 1/2 teaspoon vanilla

Stem currants, wash and drain. Wash, pick over, hull raspberries. Combine both fruits, crushing coarsely. Sprinkle sugar on fruit, then let stand 1 hour. Then turn mix in enamel saucepan, cover and cook over low flame 10 minutes, stirring occasionally to prevent scorching. Remove, squeeze through double cheesecloth. To this add the following syrup:

- 1/2 cup granulated sugar
- 1/4 cup cold water

Stir sugar and water, bring to boiling point and boil 5 minutes. Remove, stir into first mixture, then strain again through cheesecloth. Chill, fold in whipped cream, salt and vanilla and freeze in hand freezer. Use three parts ice to one part rock salt. Freeze until solid, then pack in four parts ice and one part rock salt and let mellow for two hours.

- \*Fig Ice Box Pudding. (Serves 10)
- 2 cups dried white figs
- 1 1/2 cups water
- 1 cup granulated sugar
- 1 teaspoon cinnamon
- Few grains salt
- 1 tablespoon plain gelatin
- 3/4 cup cold water
- 1 tablespoon lemon juice
- 1 1/2 cups cream or evaporated milk, whipped
- Lady fingers
- Cornstarch custard

Cover figs with boiling water, let stand about 10 minutes. Drain, clip stems and grind or chop figs fine. Add 1 1/2 cups cold water, bring to a boil and cook about 5 minutes or until water is evaporated. Remove from heat, add gelatin moistened in 3/4 cup cold water. Stir to dissolve. Cool, add lemon juice and blend. Whip cream and beat into fig mixture. Line sides of a 1 1/2 quart ring mold with lady fingers. Pour fig-cream mixture into mold. Chill until firm. Unmold onto serving plate and fill center with cornstarch custard or serve plain.

If you wish more detailed instructions on vegetable canning, write to Miss Lynn Chambers, Western Newspaper Union, 210 South Desplaines Street, Chicago 6, Illinois. Please don't forget to enclose a stamped, self-addressed envelope for your reply.

Released by Western Newspaper Union.

**Victorian Quilts For Modern Bed**

ON THE center table in most Victorian parlors there was a kaleidoscope. Guests gazed into this after they tired of looking at the family album. Bits of colored glass were reflected in an endless number of intricate patterns in this ingenious device. Very much the same effect was obtained by the method of putting together the simple six-inch quilt block shown here and that is why the pattern was called the kaleidoscope. This quilt has just the right flavor for today's decorating trends.

It will make a stunning spread for your bed either in the colors suggested here or in any other combination that suits your room. The blocks are so easy to piece and are such a convenient size to carry around that they make ideal summer pick-up work.

NOTE—Mrs. Spears has prepared a large sheet with actual size quilt piece patterns for three of her favorite quilts. The Kaleidoscope, the Ann Rutledge and the Whirl Wind are included. This is pattern No. 290 and the price is 15 cents. Address:

**State Legislators' Salaries Are From \$150 to \$2,500**

For regular sessions, some 7,600 members of the 48 state legislatures receive annual salaries totaling no more than \$4,900,000, says Collier's, which is 8 per cent less than the \$5,310,000 paid to the 531 members of the Congress of the United States. While the average compensation for all state legislators throughout the Union is about \$845 a year, their salaries range from \$2,500 in New York to \$150 in Connecticut and Kansas.

**ATHLETE'S FOOT NEWS**  
 "80.6% of sufferers showed CLINICAL IMPROVEMENT after only 10-day treatment with SORETONE"  
 Foster D. Snell, Inc., well-known consulting chemists, have just completed a test with a group of men and women suffering from Athlete's Foot. These people were told to use Soretone. At the end of only a ten-day test period, their feet were examined in two ways: 1. Scrapings were taken from the feet and examined by the bacteriologist. 2. Each subject was examined by a physician. We quote from the report:  
 "After the use of Soretone according to the directions on the label for a period of only ten days, 80.6% of the cases showed clinical improvement of an infection which is most stubborn to control."  
 Improvements were shown in the symptoms of Athlete's Foot—the itching, burning, redness, etc. The report says:  
 "In our opinion Soretone is of very definite benefit in the treatment of this disease, which is commonly known as 'Athlete's Foot.'"  
 So if Athlete's Foot troubles you, don't compare with this remedy, do it, and you'll be free from the infection. Get Soretone at McKesson & Robbins, Inc., Bridgeport, Connecticut.

**SNAPPY FACTS ABOUT RUBBER**

Latest government figures show that 80 per cent of the nation's war workers travel to and from their jobs by automobile. Still an important reason why available tires have to be distributed judiciously.

R. F. Goodrich has created and is now beginning to produce an improved general-purpose synthetic rubber, the details of which must remain confidential until after the war. Introduction of a certain abundant natural material has developed a synthetic rubber that approaches natural rubber in characteristics during processing and has proven superior in large truck tires.
