

# The Hedley Informer

VOL. 34

HEDLEY, DONLEY COUNTY, TEXAS, FRIDAY, OCT. 6, 1944

NO. 47

## Lions Club News

Mary Sue Seales and Zebbie LaVell furnished the program at last week's Lion Club meeting and it was enjoyed by all. Things discussed were the Amateur Night contests to be held by the Lions Club at the High School Auditorium on Friday night October 13th, and a clean-up drive for the town.

This week the Lion directors and committee chairmen will meet to figure out the details and prizes on the Amateur night entertainment, the clean-up drive, the Community War Chest fund drive and other matters.

Next week's meeting, which will be at 8:30 P. M., the time set for the winter months, should be a good meeting and with good attendance. In the perfect attendance contest Lion Moffitt's side and Lion Reeves' side are tied with 16 members each having had perfect attendance.

Let C. E. Johnson, manager of the Hedley Telephone Co., write your fire and hail insurance.

## No Ceiling On Boll Pulling

Charles Reed, Donley County Agent, received official notice from War Food Administration Wage Board that only 40% of cotton producers in 70 county area desired ceiling prices for picking bolls since 60% of the cotton producers did not declare their desire for ceiling prices or were against ceiling prices, the War Food Administration Wage Board stated that ceiling prices would not be set up. No further action is contemplated by the WFA Wage Board since many of the heavy cotton producing counties have been contacted and interest is not sufficient to reconsider the matter of wage ceilings for picking bolls.

## Card Of Thanks

We wish to express our sincere thanks and appreciation to each and every one who helped in any way to lighten our burden, during these hours of sorrow. May God's richest blessings be on each of you.  
The Randall and Adams family

For Sale cheap—5 room house and 12 lots at Giles, all chicken-proof fence, good water well, on Hedley school bus line.  
Johnson  
Hedley, Tex. Box 643

For Sale—battery radio in good condition. Mrs. Lela Hemelstrand

C. E. Johnson at the Hedley Telephone Co. will write your fire and hail insurance.

## Another Shoe Stamp Nov. 1

Another shoe ration stamp will become valid November 1, the Rationing Division of the Office of Price Administration announced today. In addition, both of the currently valid shoe coupons, Airplane stamps 1 and 2 in War Ration Book III, will overlap the new stamp and will continue to be good indefinitely.

Early assurance that another stamp will be validated is being given so that the shoe trade can prepare its stocks and to let consumers know they can count on a new ration before winter.

## BASKETBALL

Last Friday night's basketball games with Lelia Lake reminded us of old times with a good crowd on and Hedley taking all three games.

The first game was won by the Junior team, score Hedley 27 and Lelia Lake 16, the second game by the Hedley girls 9 to 3 and the third game by the High School team 37 to 4. Coach Christian used every man on the squad in this game and they all looked good. Stone and Johnson were high point men with 11 points each.

Lelia Lake was handicapped by size and experience and having only about two weeks practice, but kept fighting until the last whistle blew. We predict Coach Seago will have a good little fast team before the season closes. The same teams play again at Lelia Lake this Friday night.

Now is the time to check up on your insurance needs before you get busy and forget it. See C. L. Johnson at the bank.

**OVERSEAS BOXES**—Empty boxes for sending gifts to the boys overseas. Just the right size. No wrapping necessary. Strong and durable with address space. Approved by the WPB and Post Office department. For sale at, **STOCKING'S DRUG STORE** Clarendon, Texas

For Sale—Good coal heater with pipes. See Mrs. Jessie Kyser at Ross Adamsons. 463p

## Giles News

By Mrs. Arthur Ranson

Mr. and Mrs. La Von Lewis and children from Fresno, Calif. J. D. Foster and C. R. McGowan of Amarillo were Sunday visitors in the Geo. Foster home.

Cpl. Tom Stotts has returned to March Field, after visiting friends and relatives here for several days.

Kay Autry was a business visitor in Santa Fe, N. Mex. last week.

Mr. and Mrs. Noah Profit and family, Mrs. Whitt Profit and daughter visited Mr. and Mrs. W. B. Profit Sunday.

Mrs. John Ward received a message that her mother had passed away in Lubbock Sunday morning. We extend our sympathy to this family in their sad hour of bereavement.

Mr. and Mrs. Jake Fowler of Altus, Okla., Sam Baldwin of Harvey, Ark. visited Mr. and Mrs. J. M. Baker over the week end.

Nelda Sue Stotts has been quite ill this past week but glad to report the little lady is better now.

Mr. and Mrs. Nelson Johnson and children have returned to Giles after spending a few months at Santa Fe, N. Mex.

Mr. and Mrs. R. O. Kelley and daughters of Hedley were Giles visitors Sunday.

Mr. and Mrs. Kay Autry visited Mr. and Mrs. E. W. Godfrey at Memphis Sunday.

Mr. and Mrs. A. E. Ranson and daughter Reatha of Lakeview visited in the Arthur Ranson home Sunday.

Mrs. Chas. Levi and Mr. and Mrs. J. O. Stotts visited friends in Memphis Saturday.

## Amateur Contest

Sponsored by the Lions Club there will be entertainment for all at the High School Auditorium Friday night October 13th at 8:30 P. M. This will be in the form of an Amateur Contest with Charles Rains as master of ceremonies. Suitable prizes will be awarded to the winners, anyone who wishes to participate should see Mr. Rains. There will be songs, dances, music, old fiddlers and other things which should be worth your time and money. Prices of admission will be 15¢ and 25¢.

## Clean-Up Drive

The Lions Club Clean-Up Drive, although started very late in the year, nevertheless should do a lot of good. Probably if the streets and alleys cleaned now they will stay so for awhile. Anyway the frost will get the weeds before they can get very high again.

The Lions Club committee met with the city council this week and they have promised their cooperation. Also several Lion farmers of the community offered to bring in their mowers and help rid the town of weeds. However it looks like we could and should be able to keep our town clean without calling on outside help, so let's get busy and clean up our town, residences and places of business.

For Sale—not to be moved, the T. R. Moreman residence, also the residence just north of my home. Terms if desired. Also For Sale—living room suite, bedroom suite gas cook stove and kitchen cabinet. See Ray Moreman

Want to buy your 1943 equities and spot cotton. 464p Alabama Hill

## United Gas Pipe Line Co. Re-hires Discharged Veterans

United Gas Pipe Line Company, Union Producing Company and associated companies are regularly carrying out their announced policy of giving former employees on leave in the armed services jobs to come home to, according to figures released this week by the general office personnel department of the companies in Shreveport.

To date, according to the official release, 942 employees have gone into the armed forces. Forty-two veterans now are in the employ of the companies, in positions either identical with or corresponding to those which they left when they went into service.

Despite the fact that essential workers who have gone to the army, navy and marine corps have been replaced wherever possible in the interest of continued efficient operation, all returning veterans who were regular employees and are able to work will be given positions with the companies, the release revealed. Although this policy is but one phase of the companies' reconversion plans, it is considered a vitally important one.

"The men and women of our armed forces," the statement declared, "have served their country well, and are continuing to do so. We feel that the least we can do for those who are able to carry on is have jobs, waiting for them whenever they come home."

## Mrs. Ida Mae Randall

Another old timer in this community passed away Sunday when Mrs. Ida Mae Randall died after a lengthy illness. She was 58 years of age and had lived in and near here for 44 years.

Funeral services were held Wednesday from the Methodist Church here by Rev. C. R. LeMond, assisted by Rev. A. B. Cockrell. Interment was in Rowe cemetery under direction of Womack Funeral Home.

Pallbearers were Hobart Moffitt, Ross Adamson, Jim Tidwell, T. J. Cnerry, Herman Kirkpatrick and S. C. Richerson.

Flower bearers included Eva Jean Cherry, Jonnie rightower, Modena Spier, Joy Blankenship, Dorene Word and Flora B. Mado-lock.

Mrs. Randall was born Feb. 25, 1885 in Wichita county, Texas, the daughter of Mr. and Mrs. J. B. Grimsley.

She is survived by her husband, J. F. Randall, four sons, W. E. and Joe Adams, George and Tom Randall, four daughters, Gladys Cantrell, Grace Laney and Lottie Mae Randall of Amarillo and Mary Waido of Jemning, N. Mex., also ten grandchildren.

## LEGION-WAR DAD MEETING

Henry Teubel of Tulia will address a joint meeting of the American Legion and War Dads at the Legion hall Wednesday night, October 11. All War Dads and ex-service men are urged to come and bring the ladies and other guests as this will be a talk everyone should hear. Mr. Teubel, a German born American citizen, spent his early days in Germany, enlisted with the American forces in World War I and served over seas.

He is doing a great lot of work in World War II, now serving his second term as 18th District Commander of the American Legion. All should hear him and know just what the boys have to put up with over there.

The new officers of the American Legion will be installed and other business of the Legion and Dads will be carried on. The meeting will be carried on. The meeting will begin at 8 P. M.

## Singing

Sunday is singing day again. Everyone come out and help to have a good singing.

Mr. and Mrs. James Reid and son, Nollie Summey and Ila Faye Reid of Amarillo visited home folks Sunday.

They were accompanied by Pvt. Cliff Brown of Amarillo and Cpl. C. H. Brown of South Carolina.

Mrs. A. C. Williams and daughter visited in Wichita Falls this week.

Jim Gilliam of Amarillo visited here last week end.

Mr. and Mrs. H. R. Sims of Los Angeles, Calif., are visiting here.

John Richard Lemmon of Memphis is visiting his grandmother, Mrs. J. A. Lemmon.

Peggy Zoe Stotts visited in Lelia Lake Wednesday night.

## War Community Chest

G. G. Reeves, Chairman and C. L. Johnson, Vice Chairmen of the United War Community Chest drive met with the school and solicited the teachers and pupils in this drive which starts next Monday. The Lions Club will handle the business district and the school residence district. Last year Donley County raised the least amount of any county in the State in this drive and we don't want this to happen again.

The fund aids 22 different relief organizations, but principally goes to aid our boys in the camps, battlefields and prison camps. Donley County's quota is \$2300.00, Hedley quota is \$350.25, Giles' is \$46.22, McKnight's is \$40.86, Lelia Lake's is \$175.12 and Smith's is \$35.03.

The community leaders are as follows: C. L. Johnson, Hedley; Malcolm Glass, Giles; W. H. Clay, Bray; O. F. Messer, McKnight; Quin Aten, Lelia Lake and C. A. Crow, Giles.

Let's all be ready when the solicitor comes to see you and if he fails to do so leave your contribution at the bank.

Room for rent and also some quilts to sell. 473p Mrs. D. L. Hickey

For Sale or Trade—Young team, mare and horse. L. A. Reeves, 1 mile south of Hedley. 472p

Lost—Saturday, Sept. 23, 6:50 x 16 tire, puncture proof tube, chevrolet wheel between Hedley and my home. B. N. Mason

I have a 5 acre farm, 1/2 mile east of Hedley, out of city limits, to sell. Anyone interested see Mrs. J. A. Bowling at the Doherty cabins. 473c

I have moved my cotton office to the Beach Service Station, and will be in the market for your cotton and equities. 472c J. W. Reese

Bundles for sale. See S. G. Adamson or phone 48.

For Sale—good wood wheel wagon, also small two wheel trailer. 462c Wes Banister

John Alexander is reported seriously ill in a Memphis hospital.

## Texas-Oklahoma Singers To Meet At Wellington

The largest group of singers in this entire area, the Oklahoma-Texas District Singers Association, will hold its annual convention in Wellington Saturday night and Sunday, October 7 and 8. More than 3,000 persons from throughout the Panhandle and western Oklahoma are expected to attend.

The singing will be held in the community building, with the Rotary Club co-operating with local singers in sponsoring the evening. Bess Owen and Bob Spears are in charge of local arrangements.

"There's no doubt about it, this will be the biggest and the best singing Wellington will see this year. Chances are it will be the best convention the Association has had in several years, in spite of war time restrictions," Mr. Owens said in a Wellington Leader

What were Joe and Johnnie doing under the Sinclair station Saturday night?

What could have been wrong with Carter Sunday night?

Did Coach make a business pleasure trip to Amarillo Sunday?

Could Johnnie have found a right girl? He's gone with three times straight.

Why did Charlie enjoy Biology Thursday?

Has Vera finally found her man? It seemed so Tuesday night.

What boy will end up with Margaret Baker?

What boy is always about going with Carlott?

Why was Bucky so Tuesday night, especially the red ford was anywhere?

What does the town think the basketball team this year?

Are David's baby blue eyesing him?

Eva Jean seems to be making up for lost time.

Why is a certain '33 Chevrolet always jacked up at Ross's every morning? Charlie knows.

Was there anything to Bragg's argument in history class?

Is an ex-teacher really interested in a future soldier?

Why was James having such hard time talking to Wanda Tuesday?

For Sale—1 horse, 1 mare and 6 whiteface bulls, 1, 2 and 4 year 453p Ray Doherty

## News From Our Men In Service

**WEEKLY NEWS ANALYSIS**  
**Western Front Aflame as Nazis Strive to Hold Allied Advance; Congress Shapes Postwar Aid**

Released by Western Newspaper Union.  
(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

As war comes to their soil, German civilians pack belongings and move from battered villages in war zone to safety.

**EUROPE:**

**Battles Rage**

In some of the bloodiest fighting since D-Day, the west western front from Holland down to Switzerland was aflame, with Allied forces slugging through stubborn enemy defenses and then holding their own against German counter-attacks.

Especially bitter fighting occurred on Lieut. Gen. George S. Patton's Third army front, where U. S. tanks spearheaded a drive on Germany's famed coal and industrial Saar basin, and the enemy lashed back with strong armored forces. As Patton's men edged forward, the enemy fell back on the rugged and wooded slopes of the Vosges mountains, where they were expected to make a stand before retreating to the Siegfried line to their rear.

Stiff German resistance and repeated armored counter-attacks also slowed progress of Lieut. Gen. Courtney Hodges' First army to the north of Patton's Third. In this sector, enemy strength concentrated about Trier and Stolberg in an effort to throttle Hodges' drives to the great Rhineland industrial cities of Cologne and Coblenz.

In Holland, an estimated 100,000 Germans fought against entrapment by Allied ground forces driving up the eastern border of the country toward the Zuider Zee, and paratroopers dropped in their rear.

Effect of the Allies' drive not only was to threaten the pocketing of these six divisions in western Holland, but also to put them into position to drive around the Siegfried line ending to the south of this sector and burst out into the Ruhr valley.

Clawing through the battered "Gothic line" under the cover of the rolling barrage of their massed artillery, Allied forces looked out onto the rich Po valley in northern Italy, as German armored formations sought to stem their rolling advance in this great agricultural and industrial region.

**Russ Break-Through**

Heaviest fighting on the eastern front centered in the north, where the Germans claimed more than 600,000 Russian troops were attacking to clear out the Baltic states of Estonia, Latvia and Lithuania.

Despite the Germans' hard defense of their lines, built up in the swampy lake country of Estonia and Latvia, the Reds punched out sizeable gains.

The old Polish capital of Warsaw was a fiery inferno as the Reds pumped shells into the German defenses of the city, and Red troops surging across the Vistula river came to grips with enemy units.

**Armistice Terms**

Calling on the nation to "... stick to reality and try to build up ... existence with the opportunities that are left to us," Finnish Acting Prime Minister Ernst von Born disclosed Russian armistice terms to a heavy-hearted people.

Including restoration of the 1940 Russo-Finnish border; cession of Petsamo to the Reds; leasing of the Porkkala peninsula on the Gulf of Finland for a Russian naval base, and reparations payments of \$300,000,000, the armistice terms were described as "the hardest ... in our history" by Von Born.

Restoration of the 1940 border meant Finland's surrender of its most highly developed industrial region containing 10 per cent of its population, and cession of Petsamo meant the country's surrender of rich nickel mines.

**GAS TEST**

Five hundred officers and enlisted men have been commended by the chemical warfare service of the army services forces for voluntarily exposing themselves to lethal gases in order to test a new anti-gas protective ointment.

As a result of the tests, during which men entered gas-filled chambers and inhaled and inhaled the

**PACIFIC:**

**No Pause**

Even as U. S. marines and dough-boys cleaned up resistance in the Pala islands, 600 miles east of the Philippines, American airmen were on the go softening up other enemy strong-points.

Again the Philippines were the principal targets. Hopping off from New Guinea, army bombers blasted the southern port of Davao, shuttle point for enemy troops and supplies in the area, and carrier planes operating in the Third fleet hammered shipping, airfields and military installations around Manila bay, nerve center of the islands.

In striking the southern Palaus, whose conquest placed U. S. forces closer to the vital enemy water route from the Indies to Japan, American troops encountered fanatical resistance, more than 7,000 Nipponese soldiers out of a force of 10,500 fighting to the death on the main island of Peleliu.

**FIGHTING SHIPS:**

**Allied Might**

Recognized naval manual of the world, the 1943-44 edition of "Jane's Fighting Ships" noted the increasing strength of Allied might on the high seas and the continued decline of Axis strength.

Indicative of the growing power of the U. S. navy, "Jane's" revealed that it numbered 4,167 ships last January, exclusive of thousands of landing craft, with high watermarks including the scheduled launching of two new 45,000-ton battleships this year, the development of a fleet of 100 aircraft carriers, and the construction of new 2,200-ton flotilla leaders.

Referring to Axis naval strength, "Jane's" reported that disablement of Germany's Tirpitz and Gneisenau removed its last big capital ships from service, and despite the launching of two new 45,000-ton battleships, Japanese shipbuilding facilities were running behind demands.

**CONGRESS:**

**Charts Reconversion**

With the fall elections rapidly approaching and congressional leaders pressed to assemble sufficient quorums, the house and senate made preparations for handling the post-war economic crisis and then moved toward a recess until November.

First bill to get an O.K. and be sent up to the White House for the President's signature was the one providing for a three-man administrative board to supervise the disposal of an estimated 100 billion dollars of surplus war goods, with no

discrimination to be shown against little business and sale of all war plants over \$5,000,000 subject to congressional approval.

The second bill passed called for establishment of an office of reconversion, which would coordinate the work of all government agencies in the switch-back to peacetime conditions, and also authorized the lending of funds to states if needed to meet unemployment compensation payments.

**MISCELLANY**

**NELSON:** Having concluded conferences in China looking toward the reorganization of the rickety Chinese industrial machine, Donald Nelson was scheduled to head for home to work out America's participation in the project.

**BULLETS:** ...

**A Grand Gift Item**  
**In Pansy Designs**

Worked in Cross Stitch

**COLORFUL big pansies**—three inches across—done in shades of purple, lavender, pale yellow and a touch of lipstick red make exciting designs on linen pillowcases, hand towels or on pale green, lavender or yellow tea cloths. "The Brains are Great Foods"—*Kellogg*  
Kellogg's Corn Flakes bring you nearly all the protective food elements of the whole grain declared essential to human nutrition.

**AUNT SASSIE and the FOLKS**  
Elvira Williams was downright worried when her husband, Eph, started praising her corn bread. Said he never was one to pay compliments an' what did I suppose ailed him? She was really scared he was sickenin' for something.  
"Don't worry, Elvira," I says. Remember, you're usin' that grand old S.A.S. Phosphate Bakin' powder now an' it gives such light, mouth-meltin' hot breads they'd bring compliments from a wooden Indian!"  
Have you tried new Royal yet, folks? You're missin' something mighty good if you don't. Get a can from your grocer today. Use new Royal for all your bakin' an' watch the compliments start comin'!

**Now try the CORN BREAD Eph relished so!**

**Aunt Sessie's Favorite Corn Bread**  
So light and tender made with new ROYAL  
1 cup sifted all-purpose flour  
2 1/2 teaspoons Royal S.A.S. Phosphate Baking Powder  
1/2 teaspoon salt  
1 1/2 cups milk  
1 egg, beaten  
1/4 cup melted shortening  
4 tablespoons melted shortening

Sift together flour, baking powder, salt and sugar. Add corn meal and mix thoroughly. Combine beaten egg, milk and cooled, melted shortening. Stir into flour mixture and stir enough to moisten the dry ingredients. Pour into greased 8-inch square pan. Bake in hot oven at 425° F. 30-40 minutes. 6-8 servings.

THE OLD JUDGE SAYS...

"The war stories I like best, Judge, are the ones by the special writers overseas who live right with our troops. They give us a better idea of how our men react to things going on over there and back here at home."

"I agree with you, Sam. I never miss one of those stories in the papers or magazines. And there's one thing those writers seem to agree on no matter where they are stationed with our men...and that is that the men who have left their homes and families to go

away and fight this war don't want to come back and find that prohibition has been put over on them while they were away...either nationally or locally. They have heard about the attempts being made and they resent it bitterly."

"I agree with them, Judge, even though I don't happen to drink myself. Furthermore, I don't think it's fair for us at home to be making any major changes while 10,000,000 of our fighting men are away and have no chance to express their opinions."

# CHRISTMAS PACKAGES FOR G. I. JOE

### Let's Get Them Off Early!

REDDY KILOWATT  
Your Electric Servant

Army and Navy rules for shipping unsolicited Christmas packages overseas are the same as for last year—but correct addresses are more important than ever.

The package must be mailed between September 15 and October 15. They cannot weigh more than 5 pounds, be more than 10 inches in length, nor more than 36 inches in length and girth combined. Perishables are not allowed and fragile things will be strongly discouraged.

Remember that incorrect addressing can delay delivery for 90 days or more. One reason this is true: Just among the Navy's enlisted men there are 16,000 Smiths, 300 of them with identical first names and middle initials.

### Kidneys Must Work Well

For You To Feel Well 24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly. Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer aching back-ache, headaches, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

### Winter Is Coming!

## MOOS OF THE MOMENT

BY UNCLE BOB

of the Kraft Dairy Farm Service

How much milk a cow will produce during a year depends greatly on the condition of the cow at freshening time, the extension services say. Cows which have been built up in weight during their dry period and which are properly cared for in the first few weeks after calving will be in better condition to deliver maximum milk during the rest of the year.

There are certain standard recommendations as to handling fresh cows, which are generally agreed upon by dairy specialists of the extension services. The need for building up the weight of the cow 150 to 200 pounds during her dry time has been discussed in this column.

A few days before calving, the cow should be separated from the rest of the herd and placed in clean, comfortable surroundings. In winter, the cow should be sheltered from cold drafts and should have luke-warm water for drinking.

Feeding should be light in the few days before calving, with bran mashes, a limited amount of silage and good legume hay suggested. A mixture of three parts ground oats, two parts wheat bran and one part linseed meal is recommended after two or three days, to take the place of the bran mash.

Too rapid increase in feeding after calving may cause indigestion or bloat. In four or five days, if the cow is doing well, up to five pounds of grain may be fed daily, this quantity increased one pound each two or three days thereafter until maximum milk production is reached.

The extension services also say not to milk the cow thoroughly, but to draw only a small quantity of milk from each quarter during the first three days after calving. This will help prevent milk fever.

For detailed suggestions on handling the freshening cow, I suggest you write the USDA at Washington, D. C., and ask for Farmers' Bulletin No. 1470, which is free, and also the Extension Service at the University of Minnesota, St. Paul, Minnesota, for Bulletin 218.

Maybe the reason we have so many more crossing accidents now than in the horse-and-buggy days is because in those days the driver did not have to depend so much on his own intelligence.

You know Mark Twain's remark that "everyone talks about the weather, but nobody does anything about it." Seems to me I'm getting so I talk just as much about pas-

tures, but the difference is that a good pasture is an item you can do something about.

In many places, they call a good pasture a "mortgage lifter." It is one of the most important parts of a sound dairy program.

It may not be too late yet to get lime, superphosphate and other fertilizers on your pasture, for that needed fall application. Scattering of barnyard manure with a chain harrow is a good suggestion from the extension services for this time of year also.

One of the important things to guard against right now is pasturing too late in the fall. You can do a lot of damage to pastures by keeping your herd on the grass in late fall. It should be permitted to recover from summer and early fall grazing, so as to withstand cold weather.

Farmers' Bulletin 1942, by the USDA, Washington, D. C., recommends removing the herd from a pasture while the grass still has at least three inches of top growth. This allows the grass to store up root reserves, and will give you better grass, both tops and root, next spring. This bulletin is entirely on "good pastures" and is worth writing for.

One of those skeptical Scotsmen was riding with a friend on a train. They passed a field of sheep and the friend remarked, "All those sheep have just been sheared." "On this side anyway," said the Scot.

Frozen milk may be all right when it comes in the form of ice cream, but it is a dead loss in most other cases. It is still important in winter time to cool milk down to about 50 degrees after milking, but care must be taken to prevent much lower temperatures.

While waiting for the pick-up truck, cans should not be left out of doors unprotected when there is danger of a sharp freeze. Loss from freezing is a dollar waster which can be avoided with but little trouble.

The best thing to do is keep the cans under cover, in the milk house, in a shed or some other protected place until pick-up time. This is something which will begin to be a problem in a short time now so it might be a good idea to check up, and see whether you have a proper place to handle the cans.

NOTE: There usually is a 5c charge for pamphlets mailed to non-residents of a state, but possibly your own state has a free pamphlet on the same subject. Ask your county agent.

Uncle Bob

PREPARED NOW AND THEN BY THE CHEESE COMPANY

The "heavy foot" has been replaced by great headwork in Wartime driving. And that's a great hint for the future.

"Scorchers" are rare. The cops have to look thrice—and even then what they mostly see is skilled, ticket-proof driving that earns their respect. For as experts they know that's really how to get there, without taking it out on your car. You too, knew it all the time, but war "alerted" you to it—and you're staying alert. Now be still more alert to the perils of engine acids. Those can be curbed by one brainy move... by having your engine OIL-PLATED.

Changing to Conoco N<sup>th</sup> motor oil—at popular price—is all it takes to own an OIL-PLATED engine. One special characteristic of OIL-PLATING is the acid-resistance that costly pioneer research developed. This acid-fighter—OIL-PLATING—becomes surfaced to your engine's fine inner finish as closely

as chromium plating could be. That's made possible by Conoco N<sup>th</sup> oil's special ingredient whose magnet-like nature holds OIL-PLATING direct to metals—square in the path of the acids always created by every engine explosion. Contact between acids and metals is checked. Then so is corrosion.

And now here looms the season of lowest engine temperatures—unable to clear out acids sufficiently. So they could now do their worst—but not with your engine safely OIL-PLATED by Conoco N<sup>th</sup> motor oil. Get it at Your Mileage Merchant's Conoco station. Today. Continental Oil Company

DOANS PILLS

Star Dust STAGE-SCREEN-RADIO

By VIRGINIA VALE Released by Western Newspaper Union. FOR years an extravagant dream has floated around radio circles—that of persuading Ethel Barrymore to do a regular radio program.

ETHEL BARRYMORE

ance is more important than security—a fitting vehicle for one of the leading actresses of our time.

Clifford Odets, the playwright, has signed a long-term contract as writer-director with RKO—they took a look at "The Corn Is Green," starring Ethel Barrymore and Cary Grant, for which he was responsible, and wanted to nail him down.

With Bing Crosby in Europe entertaining servicemen, workmen in Hollywood were creating European scenes for the first of the Bing Crosby Productions, Inc.—"The Great John L." Such scenes as an entire hillside in Chantilly, France, a Parisian hotel, and the interior of Buckingham Palace, where the great John L. met Edward, Prince of Wales, but Bing draws bigger crowds than John L. did.

Marlene Dietrich has said it publicly, but she also tells her friends, privately and sincerely, that the thing she cares most about doing is entertaining the men overseas—that she doesn't give a hoot about making pictures, in comparison.

It doesn't seem quite reasonable—but 18 fledgling virtuosos have been signed to play 18 piano arrangements of Liszt's second Hungarian Rhapsody for a scene in, of all things, "Anchors Aweigh," starring Gene Kelly and Frank Sinatra.

There couldn't be a more inspired piece of casting than RKO's giving us Barry Fitzgerald in "The Flying Yorkshireman." It's planned to put the picture into production following "Bar of Music," which Leo McCarey is preparing for Bing Crosby, with Fitzgerald in a supporting role.

Fred Waring doesn't choose the musical numbers for his Thursday night program on the Blue network till an hour before airtime. The orchestra and vocalists are constantly in rehearsal the week before the program; after Fred makes his selections, the writers go to work on the script.

Allan Jones will continue his broadcasts until November 28, when he will go to the coast for six weeks, make a picture for Universal, then return to the program. He was due in Hollywood two months earlier, but Nate Blumberg, president of Universal, agreed to let him change his plans, after Jones' radio sponsors appealed to him.

Vick Knight, now overseas producing GI shows and broadcasts, recently reported that Dinah Shore was working like ten women, did shows in cow pastures with no mike equipment, in forest camps, in bad weather. The boys wanted to vote her "Invasion Sweetheart."

ODDS AND ENDS—Dorothy Gish, returning to the screen in Paramount's "Our Hearts Were Young and Gay," after 15 years, refers to her return as "my second childhood." Meanwhile her sister Lillian, appearing in Paramount's "Miss Susie Slagle's," has been signed to an optional five-year contract.

NIGHT COUGHS

due to colds are eased, sticky phlegm loosened up, irritated upper breathing passages are soothed and relieved, by rubbing Vicks VapoRub on throat, chest and back at bedtime.

SNAPPY FACTS ABOUT RUBBER

Rationing of tires and gas has its headaches, but government agencies estimate that it has been responsible for cutting in half the annual scrapings of used cars.

In 1941 the U. S. consumed some 764,000 long tons of natural rubber, an all-time peak, but in 1944 the country is expected to use only 164,000 long tons.

Talking of tire conservation, city driving, with "stop and go" conditions, causes seven times as much wear on tires as 25-mile-per-hour driving in rural sections.

Marlene Dietrich has said it publicly, but she also tells her friends, privately and sincerely, that the thing she cares most about doing is entertaining the men overseas—that she doesn't give a hoot about making pictures, in comparison.

SEWING CIRCLE PATTERNS Smart Jumper for Fall Wear Nipped-In Waist, Flaring Skirt

For Her Party THIS little girl's party frock will make up beautifully in a winter velvet. The nipped-in waist and perky flare of the skirt will make a dress she'll love to wear when parties come along.

For Sports or Street Wear A CHECKED cotton jumper and a white blouse, worn with a red leather belt. It makes a costume admirably suited for sports and street wear.

Barbara Bell Pattern No. 1214 is designed for sizes 11, 12, 14, 16 and 18. Size 12 jumper, requires 2 1/2 yards of 35-inch material; short-sleeved blouse, 2 1/2 yards.

For this pattern, send 25 cents, in coin, your name, address, pattern number and size wanted.

Matching Cornice And Radiator Shelf

THIS winter as last we should remember that the purpose of a radiator is to radiate heat and that we are not getting the maximum from fuel if we box the radiator in with a tight cover.

reflector which also covers the wall back of the radiator. The front and end of the shelf are trimmed with cut-out wooden scallops repeating the curves of those used for the cornice shelf above the curtains.

There is a trick about the cornice too. It fits over the top of the window frame but is considerably wider to allow the over-drapes to hang straight at the sides of the radiator which is the width of the window.

NOTE—The attractive chair behind the radiator shelf is made with pattern No. 295. Scalloped pattern No. 297 illustrates the steps in making cornices and also gives actual size pattern for scallops for cornice and edging of the shelf. Patterns are 15 cents each. Address:
