COMMENTS

By Gully A. ent Charles Reed

This year farmers have until January 15, 1945 to file their declaration of estimated income tax for 1944. Last year the declaration had to be in by December 15. But don't let this additional time delay you in preparing your return. The best procedure is to get ready early, advises Cyrus R. Lamm, economist in farm management for the A. and M. College Extension Service.

And in case you've forgotten final returns for the calendar year 1944, still are due on or before March 15 next. There's no change on that point.

Now about payment. Mr. Tims says it must cover the remaining amount not previously paid with earlier declarations of estimated tax, if you made one. In other words, you're expected to get square with Uncle Sam's bookkeepers on March 15 or when you make your declaration on January 15.

You can get the forms you'll need by writing to your nearest internal revenue office.

6th War Loan Drive

The bond rally Wednesday night was a nice success from the financial standpoint, bonds sold amounting to \$10,375.00. This will help a lot on Hedley's quota, but there is still some distance to go yet.

Buy all the bonds you can, and help Hedley reach her quota by the close of the drive Saturday night.

The Woman's Society for Christian Service of the Methodist Church met Monday evening at 8 o'clock to elect officers for the New Year.

Almost all the officers who had served during 1944 were re-elected. Each member was very enthusiastic about the work to be done in 1945. Every officer was glad to serve another year.

We are all looking forward to a busy year for the Kingdom. Now is the time for every woman in the church to get into the Society and do her bit. Let's rally around our new pastor and help him to do his best for our community and the Kingdom.

"Go ye therefore, and teach."

HOW MANY ANSWERS TO THIS AD?

OBVIOUSLY, the only servant who will do so much for so little these days is *electricity*.

We're glad that electricity is able to work around the clock in war plants and still stay on the job in your home. We're proud that you pay low pre-war wages for its services!

That's *news* in wartime. It's possible only because of sound *business* management—and because your friends and neighbors in this company *know* their business.
