## Masons To Meet At Memphis Nov. 13

Memphis, Nov. 8—One of the largest gatherings of Masons of the lower Panhandle in years, is anticipated by the Memphis Lodge on Tuesday night, Nov. 13, when the Texas Grand Master, Bascom Giles of Austin, will be the honored guest at a zone meeting here.

"Masons of this area are indeed honored," said W. B. Hooser, worshipful master of the Memphis Lodge, "in having our Grand Master present and we hope every Mason in this area will take advantage of the opportunity and be present."

An invitation has been extended all Lodges in the lower and east Panhandle, from Vernon on the east to McLean on the north, to send as large delegations as possible and participate in the program honoring the Grand Master and hear his message.

P. L. Vardy, Jr. of Turkey, District deputy grand master, and N. W. Durham of Memphis, Grand Marshal of the Grand Lodge of Texas, are assisting Hooser in the arrangements for the zone meeting which is scheduled for 7:30 o'clock.

It is the grand master's only scheduled visit in this section and for that reason members of the Memphis Lodge are hopeful of a large attendance from Lodges throughout the area.

## American Legion

Next Tuesday night is regular American Legion meeting night. The time is 7:30 p. m. Come out, several things of importance to ex-service men are to be discussed.

Good row binder for sale or trade. See R. T. Everett 503p

You are urgently asked to be at the High School Friday, Nov. 9 at 4 o'clock for the purpose of reorganizing the P. T. A.

Mrs. E. M. Glass was a Clarendon visitor Friday.

Mrs. T. C. Johnson of Hedley visited Mrs. K. Autry Sunday.

Mr. and Mrs. John Cde of Amarillo visited in the J. O. Stotts home Sunday.

Kathryn Baker of Memphis was home over the week end.

We are glad to have Nelson Johnson and family move back to our community.

Mr. and Mrs. Robert Caradine are the parents of a new son, born Oct. 31. He has been named Patrick Henry.

Mr. and Mrs. Jackie Johnson of Amarillo visited in the Arthur Ranson home Sunday.

## POPULAR MAGICIAN TO BE IN HEDLEY NOV. 17

Raymond Sheetz, popular magician, and his company will appear at the Hedley High School Auditorium Saturday night, November 17th at 7:30 p. m.

This is not "just another magic show." The stage settings, lighting effects, stage manner and illusions are refreshingly original. The program, while a riot of fun, is dignified and unique. More than half a ton of equipment is used. The menagerie includes a dog, birds, ducks, guinea pig and rabbits.

This should be a good show and something we should not miss. It is sponsored by the local Lions club.

## Hunt Grocery Sold

W. A. Pierce, J. W. Thomas and B. D. Knight have taken charge of the Hunt Grocery which they purchased last week, and will operate it under the name of W. A. Pierce Grocery Co.

They plan to carry on the store in the same way, buying all kinds of feeds, cottonseed, stock, poultry, eggs and all types of farm produce.

They will handle all kinds of staple and fancy groceries, feeds and seeds, and will feature home killed grain-fed beef in the market.

They invite you to call on them and inspect their stock. Read their ad elsewhere in this issue.

If you want top money at your farm sale, see Milt Mosley, farm auctioneer, or phone 44-3 rings. Terms reasonable. 524p

Lost—pale red yearling, weight about 350 or 400 lbs.

## M. D. Latimer Fatally Injured In Car Wreck

M. D. "Dan" Latimer was fatally injured and Radell Latimer suffered a broken collar bone when the car in which they were riding overturned Monday afternoon after a tire blew out about five miles north of Qual. Walter Johnson, third occupant of the car, escaped with bruises.

Mr. Latimer suffered a broken neck in the tragic accident, and succumbed to his injuries Wednesday afternoon in St. Joseph's Hospital at Wellington, where Radell is undergoing treatment. Walter was able to return home Monday night.

Funeral services will be held at the Church of Christ here at 2:30 Friday afternoon by M. F. Manchester of Clarendon. Interment will be in Rowe cemetery.

Pallbearers will be M. W. Mosley, C. C. Cavender, O. C. Sargent Hobart Moffitt, J. M. Tate and G. C. Moore.

Murry Dan Latimer was born in Paris, Texas, Sept. 16, 1889, being 56 years of age at the time of his death. He had lived in and near Hedley for about 45 years, and had many friends throughout this part of the Panhandle.

He is survived by his wife, three sons, Radell of Amarillo, Wayne and Gene of Hedley, two grandchildren Kay and Neil Latimer of Amarillo, two brothers, Earl and Frank Latimer of Roswell, N. Mex., and two sisters, Mrs. Hugh Turner of Mangum, Okla., and Mrs. J. W. Shown of Monte Vista, Colo.

## News From Our Men in Service

The following appeared in last week's Olney Enterprise:

Coxswain Marvin Hickey arrived home Monday from Seattle, Washington, to spend a 21-day furlough with his wife and son before reporting to Dallas for his transfer and discharge or for other orders.

Hickey returned to the States July 29, after many months in combat duty at Okinawa, Iheya Jima, Agana, Iwo Jima, and Guam. Serving with the amphibious forces, he was in charge of a landing craft mechanized, or tank lighter, in Navy venacular. He was attached to a landing ship dock, and his big job was to put tanks ashore under fire, at Okinawa, for the 96th tank division. One of his most realistic memories at Okinawa was the daily and deadly air raids and the way he and his crew of four celebrated Easter Sunday and April Fool's Day on the famous April 1, 1945 when the initial landings were made on Okinawa. His LCM was busy there 91 days, although the island was secured in 84 days.

Hickey's landing boat participated in invasions on two of the most deadly islands off Okinawa, Iheya Jima and Agana, also.

Earlier in the spring, on February 19, 1945 his LCM saw duty off Iwo Jima for twelve days, when the water was too rough for the fleet to come in to be serviced with ammunition. The landing craft was called on to take ammunition to the beachhead for the first day and one-half under fire.

His first combat experience was at Guam, when beginning July 22, 1944, his crew landed tanks or other heavy equipment and helped unload cargo ships for 15 days in the thick of the firing.

Prior to his first combat experience, Hickey spent three months in Pearl Harbor at the Waipio Amphibious Operating Base. He left the States March 24, 1944, after completing boot training at San Diego, and attended Landing Boat School for six weeks. He joined the Navy in November 1943.

Hickey wears the Asiatic-Pacific theater of operations ribbon with three battle stars. Before entering service Coxswain Hickey was shop foreman for the Olney Enterprise.

R. H. Alexander has been promoted to Staff Sergeant.

Sgt. Clarence Moss came in Tuesday night with a discharge from the Army.

## Victory Loan Drive

The Victory Loan, the last of our big public drives, started on Monday, October 29th. Featured in the drive is a new \$200.00 E Bond, bearing the portrait of our late President Roosevelt.

The funds from this drive will be used to bring our forces home and give them mustering out pay, to take care of the sick and wounded, and maintain armies of occupation until order is restored.

Government expenditures are being drastically cut and this will continue vigorously, but meanwhile the enormous obligations incurred in the achievement of victory must be paid.

## WHAT DOES OUR HOME TOWN NEED?

Hedley needs a Parent-Teacher Association! For over a quarter of a century we have had an active group, but for a number of reasons—overworked people, days full of anxiety and stress, gas and tire rationing—it became a war casualty. We should all feel ashamed that it did, but not spend our days lamenting its failure. Let's get busy and we can soon have it active again.

There are many good organizations in our home town, but few offer such a wide scope of membership nor such vast opportunities for real service. It is non-political, non-sectarian and is not a social club. It represents the cross section of our Democracy, and any teacher, parent, grandparent, pre-school parent or any interested school patron is eligible for membership. The dues are low and the ideals high.

Plans should be made for our annual Harvest Festival, while money is plentiful. Our school needs many things and we should see that our teachers and students have the best of materials available. Our school is the heart of our town and community, let's make it the best!

You are urgently asked to be at the High School, Friday, Nov. 9 at 4 o'clock for the purpose of reorganizing the P. T. A.

## Jack Ables Dies

Funeral services for Jackson Ables, who passed away suddenly Sunday in Amarillo, where he had been working for some time, were held here Wednesday from the Womack Funeral Home, with Jimmy Wooten of Amarillo officiating. Interment was in Rowe cemetery with Womack Funeral Home in charge.

Pallbearers were Hobart Moffitt, Leon Carter, M. W. Mosley, C. E. Flowers, C. L. Johnson and H. Mobley.

He is survived by his mother, Mrs. Mary V. Ables, two brothers, Charlie of Hedley and Jim Bland, N. Mex., and six sisters, Miss Emma Ables of Hedley, Mrs. Katy Stubbs and Mrs. Laura Anderson of Sulphur Springs, Mrs. Ollie Alsop of California, Mrs. Rosie Hyde of Durant, Okla., and Mrs. Mel Williams of Pampa.

WEEKLY NEWS ANALYSIS

Congress Fashions 5 1/2 Billion Dollar Tax Reduction for 1946; Ponder Postwar Army Training

Editorial Note: When opinions are expressed in these columns, they are those of the Redley Informer and not necessarily of this newspaper.

With freedom of speech assured under Allied orders, former Japanese political prisoner addresses gathering in Tokyo. Under proposed liberalized constitution, all Nipponese elements would be afforded opportunity for recognition in nation's governmental councils.

TAXES: Good News

Though the senate and house had yet to compromise their differences, John Q. Public could look forward to substantial reductions in income taxes in 1946, and American business was assured generous relief for the immediate postwar period.

No less than 2 1/2 billion dollars was expected to be lopped off of individual income taxes as a result of provisions for permitting \$500 exemptions for dependents before payment of the normal 3 per cent levy and the scaling down of surtax rates.

Close to another 8 billion dollars was scheduled to be pared from corporation income taxes through substantial reduction or total elimination of the excess profits assessment; repeal of the declared value excess profits and capital stock levies, and graduated decrease in surtax rates on companies with less than \$60,000 net return.

In addition to income tax reductions, the use tax on automobile and boats was expected to be dropped. Solons were divided on the question of wartime luxury levies, however, with the house for cutting present rates to prewar levels July 1 and the senate against the action.

With reserves well over 6 billion dollars, both houses were unanimous in freezing present social security payroll taxes at 1 per cent on employee and employer alike and forestalling an automatic increase to 2 1/2 per cent apiece January 1.

Under the tax relief bill drawn up by the senate, G.I.s would not be required to pay taxes on service compensation during the war years, and officers would be permitted to spread tax liabilities over a three year period interest free.

LABOR: Setting Pattern

With both Henry Ford II and United Automobile Workers' leaders expressing confidence in settlement of a wage adjustment at the company, government officials held high hopes that an agreement might result in the establishment of a postwar pay pattern and clear the way for speedy reconversion.

Government optimism was a welcome note in the dreary labor picture, pointed up by the deadlock in negotiations between the UAW and General Motors over the CIO union's demands for a 30 per cent wage increase to maintain wartime "take-home" pay and the corporation's resistance to the demands because of possible effects on prices.

Setting the pattern for other CIO unions, the UAW declared that General Motors was well able to dip into alleged huge wartime profits to carry over any losses accruing from higher wages until future production reached big volume levels. Reflecting industrial sentiment for its own part, General Motors denied exorbitant wartime earnings and declared any withdrawal from reserves would crimp expansion plans.

As the companies and unions clashed, the administration worked on a reconversion wage policy designed to guide negotiations through the troublesome days ahead. Strongly influenced by labor, the government reportedly favored substantial wage boosts to maintain wartime "take-home" pay while freezing prices at prewar levels, except in hardship cases.

Giving both capital and labor its say in the formulation of a reconversion pay program, the government moved slowly in the establishment of policy. Hopes ran high that the forthcoming management-labor parley would result in the voluntary creation of machinery for settlement of important disputes.

MILITARY TRAINING: Await Response

Having received President Truman's recommendation for one year of postwar military training for American youth 17 to 20, congress adopted a cautious attitude on the question, with one ear perked for popular reaction and the other for military argument.

Personal congressional response to the President's request varied, with Senator Revercomb (Rep., W. Va.) declaring " . . . I am open minded—I want to hear both sides of this. . . ." while Representative Celler (Dem., N. Y.) exclaimed " . . . We

President Truman asks congress for military training for youth.

want no truck with compulsory military conscription. . . ."

Meanwhile, it was estimated that about 975,000 youth would be called up for training each year under the President's program, with 250,000 rejected for physical or mental deficiencies. Because of weather considerations, the largest number of camps undoubtedly would be located in the south, with regular army officers and non-commissioned officers in charge. Fewer routine tasks, such as kitchen police, would be in store for reservists, military sources said.

JAPAN: Reform Imminent

Her military machine smashed, Japan's highly developed economic monopolies, designed for foreign as well as domestic exploitation, also faced imminent dissolution as part of the Allied program to strip Nippon of her war-making potential and democratize the country.

The losers figured to be the five great financial-industrial families of Japan, which, as the dominant civilian powers, had exercised strong pressure on the nation's foreign policies. Backed both politically and financially by the government, the big five, known as the "zaibatsu," were heavy investors in overseas development.

By smashing the "zaibatsu," the Allies planned to loosen their grip over Japanese politics and permit more liberal and democratic elements to exert influence over government direction. At the same time, destruction of the great combines promised freer opportunity for economic development in the country.

As steps were taken for the dissolution of the "zaibatsu," the political transformation of Japan slowly gained ground with new parties in the development stage and more liberal political institutions impending in the rewriting of the national constitution.

Huge Postwar Market for Autos Looms

Potential demand for automobiles by domestic consumers next year should amount to 9,843,000 cars, after allowing for 331,000 cars to meet the increase in population, says the Alexander Hamilton Institute.

At the beginning of 1942, the number of passenger automobiles in operation in the United States was at a record peak of 27,364,000, results of an extensive survey showed. As the result of the stoppage of production during the war, the prospect is that there will be only 21,921,000 cars in operation at the beginning of 1946. Taking into account the increase in population since 1942, the number of passenger automobiles in operation at the beginning of 1946 will thus be 6,768,000 cars below the normal level and in addition 2,744,000 cars may be scrapped in 1946.

While the 1944 collections were 25.6 per cent lower than those received during the peak year of 1941, when receipts amounted to \$1,004,626,000—they were 3.9 per cent higher than the total 1943 figure of \$719,175,000.

In general, collections during 1944 showed an upward trend compared with 1943. The greatest absolute amounts of revenue received from gasoline taxes during 1944 were collected by Texas, \$51,500,000, and California, \$50,820,000. New York, Ohio, Pennsylvania and Illinois followed.

SNAPPY FACTS about RUBBER. Over 300 patents dealing with rubber chemistry are among the 45,000 United States patents seized from aliens and nationals of occupied countries which are now available for licensing to American citizens.

Even at peak production rates, it may take eight years for manufacturers to meet the demand for new automobiles. In five years the number of synthetic rubber passenger-car tires in this country has risen from a few thousand tires to about 33,000,000.

To combat the shock from contact with icy waters, E. F. Goodrich has produced a new synthetic rubber anti-exposure suit for fliers.

In addition to jobs created through the construction of rural power lines, Wickard said that each dollar spent is more than matched by the dollars the consumer will subsequently spend for farm wiring, radios, refrigeration, chick brooders, ranges, motors, milking machines and milk coolers, toasters, freezer cabinets and water pumps. A survey of rural electrification made a year ago by REA indicates that within five years it should be possible to bring electricity to 3,655,000 additional consumers in rural areas.

For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.

If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling.

Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

Let's tear your electric bill to pieces

**GO AHEAD, lady—tear your electric bill apart and see what it's made up of.**

This little piece lights all your lamps. This one plays your radios. This cools and keeps your food. This washes your clothes. This takes care of the cooking and ironing and cleaning. And so on.

That's a lot of different jobs to be covered by one small bill. And—hold on! You've paid for more than just electricity. About 25c of every dollar you pay for electric service goes in turn for taxes which benefit your community and help carry our heavy federal government expenditures.

Taxes UP.... General cost of living UP.... You'd think the cost of electric service would be up, too. But it isn't. The overall rate has even come down a little since the war began. Actually—

The average family gets about twice as much electricity for its money today as it did fifteen years ago!

This welcome fact comes from the careful planning and progressive spirit of America's business-managed, self-supporting, tax-paying electric companies.

**NOV. 21, 1945**

AN IMPORTANT DATE FOR  
THOUSANDS OF ARMY VETERANS  
NOW IN CIVILIAN LIFE

Between now and November 21, thousands of Army veterans will reenlist in Uncle Sam's new volunteer peacetime Army. Because men who have been discharged between May 12 and November 1 of this year and reenlist on or before November 21 will be able to return to the Army with the same grade as they held when discharged.

Men with six months of satisfactory service discharged as privates will, on reenlistment before November 21, be given the grade of private first class.

Men now in the Army who apply for discharge after NOVEMBER 1 for the purpose of reenlisting in the Regular Army will also retain their present grades, if they enlist within 20 days after discharge and before FEBRUARY 1, 1946.

**"BEST JOB IN THE WORLD"**  
These special privileges are typical of the new law recently passed by Congress. Few opportunities for a lifetime career offer as many attractive advantages.

Can you think of any other job that would give you good pay, your food, clothing, quarters, free medical and dental care, world-wide travel, 30 days' furlough every year, education and training in any of nearly 200 skills or trades, and enable you to retire with a life income any time after 30 years' service? There isn't any! That's why a job in the Regular Army has been called "The Best Job in the World."

**HIGHLIGHTS OF THE NEW ENLISTMENT PROGRAM**

- Enlistments for 1 1/2, 2 or 3 years. (1-year enlistments permitted for men with 6 months' service.)
- Men reenlisting retain their present grades, if they reenlist within 20 days after discharge and before Feb. 1, 1946. The same applies to men discharged between May 12 and Nov. 1, 1945, who reenlist before Nov. 21, 1945.
- An increase in the reenlistment bonus to \$50 for each year of active service since the bonus was last paid, or since last entry into service.
- 20% extra pay when overseas.
- Paid furlough, up to 90 days, depending on length of service, with furlough travel paid to home and return, for men now in the Army who enlist.
- Mustering-out pay (based upon length of service) to all men who are discharged to reenlist.
- Option to retire at half pay for the rest of your life after 20 years' service—or three-quarters pay after 30 years. (Retirement income in grade of Master or First Sergeant up to \$155.25 per month for life.) All previous active federal military service counts toward retirement.
- Benefits of GI Bill of Rights.
- Family allowances for the term of enlistment for dependents of men who enlist or reenlist before July 1, 1946.
- Choice of branch of service and overseas theater in Air, Ground or Service Forces on 3-year enlistments.

**Washing Woodwork**  
When washing woodwork, use dry suds from whipped soap jelly to prevent streaking walls. Use a strip of cardboard to protect the wall next to door frames and baseboards from getting splashed.

**Celery Soup**  
Chopped celery tops flavor soups, stews, bread stuffings. To make a base for cream of celery soup, combine celery tops with coarse ends of celery, cover with water and cook until soft.

**Honor Caesar**  
The month of July was named after Julius Caesar. Caesar was born during the Roman calendar period, "Quintilis," changed to "Julius" the year after Caesar's death and since perverted to "July."

**Cleaner Eggs**  
Less work will be required in cleaning eggs if the laying house has a nest for each five hens and if the nests are deep enough to contain 4 inches of nesting material.

**Avoid Sticking**  
Before melting chocolate in a dish over hot water, rub inside of dish with melted butter or olive oil to prevent sticking. Measuring cups may be greased in the same manner before measuring molasses or syrup.

**Lifts Bed**  
An electrically operated hospital bed has been invented. It raises and lowers with the flick of a switch. The use of a nurse or hospital aide is eliminated.

**MRS. MARY MAJOR STOPS STICKY IRON**

PENDENNIS, KANSAS. — Mrs. Mary D. Major has discovered one of the secrets of Faultless Starch, according to a letter she wrote recently. She said,

"The last time I was in town, I purchased a box of Faultless Starch, and used it on my wash. I surely was pleased with the results, when I ironed my clothes. My iron just glided along. There was no sticky starch on my iron. The starch is well named. It is all you need. It is absolutely faultless."

Isn't that a fine letter? She says that there was "no sticky starch on my iron"—and, of course, that means she did not have a "sticky iron."

**STOP YOUR STICKY IRON**

If you have to fight a "sticky iron" every time you iron, change to Faultless Starch and see the difference. It's no fun to iron with a "sticky iron." It's hard work to iron when the iron seems to stick at the end of each stroke. Your arms, your back, your neck, your legs ache with strain when you have a "sticky iron."

But you don't HAVE to fight a "sticky iron"! Just starch your wash with Faultless Starch—and see how easy it is to iron! You see, Faultless Starch contains ironing-aids that make your ironing smooth, easy and beautiful. With Faultless Starch you make ironing a joy—not a job. And when ironing is a joy, it's really fun to do beautiful starching.

**SAVE STARCH-MAKING TIME**

Another wonderful thing about Faultless Starch is that you can make perfect hot starch WITHOUT COOKING! And in barely a minute! Just cream the starch with a little cool water and add boiling water while stirring. That's all! Isn't that easy?

So change to the starch that Mrs. Major says, "It is all you say it is. It is absolutely faultless." **FAULTLESS STARCH**—at your grocery store.—Adv.

**British Plane Makes Fastest Ocean Crossing**

LONDON. — The British air ministry announced recently that the fastest recorded east to west Atlantic crossing was made by a royal air force Mosquito recently when it flew from England to Newfoundland, about 2,300 miles, in 7 hours and 2 minutes. It was believed to have knocked five hours off the previous best time for the east to west crossing. The plane averaged 322 miles an hour.

**May Warn of Disordered Kidney Action**  
Modern life with its hurry and worry, frequent habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.  
You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feeling constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.  
Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

**Substantial Quality Food a Necessity on Winter Social Menu**

Fiesta punch is delicious served either hot or cold. No sugar is required when one of the suggested substitutes is used, and the beverage can be quickly made a short time before guests arrive.

With so many families returning to the old home town, and couples who married during the war finally getting settled together, welcome parties are becoming quite the style. Social engagement books which looked blank are now filled again.

Yes, entertaining is due for a revival. This is the time, because the holiday season is approaching in full glory. Food is not the problem it was last year although there still are restrictions, and it's fairly easy to serve something nice and make the table look its prettiest.

If the group is mixed and there are a number of men (big eaters, now that they have learned to have lots of chow or go to mess regularly!), plan to have a substantial casserole dish with some hearty trimmings like big salads and rich-looking cakes or pastry.

Or, if the affair is to be just a snack, serve bread with a choice of fillings and the usual accompaniments like potato chips, pickles, olives, relishes, and punch or some favorite beverage.

**Suggestion I.**

Assorted Bread: Oatmeal, Raisin, White and Rye.

Sandwich Fillings: Nippy Cheese and Peanut Butter.

Relishes: Olives, Radishes, Carrot Sticks, and Celery Hearts.

Beverage: Orange Juice or Fiesta Punch.

**Nippy Cheese Filling.** Combine equal parts of cream cheese and butter. Add salt and paprika to taste and 1 teaspoon each of finely minced parsley, pickles, olives and green pepper. Flavor with sardine paste.

**Peanut Butter Filling.** Peanut butter may be served alone or it may be combined with any of the following for a delicious filling: jam, chopped bacon or grated raw carrots.

**Fiesta Punch.** (Makes 1/2 gallon)

- 1 cup strong tea
- 3/4 cup sugar, honey or corn syrup
- 1/2 cup lemon juice
- 1 1/2 cups orange juice
- 1 cup grape juice
- 1 quart water

Make the strong tea by pouring 1 cup boiling water over 4 teaspoons of tea. Dissolve sugar or substitutes in the hot, strained tea. (The tea should steep first for 5 minutes.) For a hot punch, combine the tea with the fruit juices and add the water which should be boiling hot. Serve at once.

For cold punch, chill the tea and combine with well-chilled fruit juices and iced water. Garnish the punch with slices of orange and lemon.

**LYNN SAYS**

**Care for Your Silverware:** Clean, hot, soapy water is recommended for both flat serving pieces and tableware. Rinse in boiling water after washing and wipe dry as soon as possible.

To remove tarnish, use a good silver polish or wet a little sifted whiting with ammonia and apply with a soft cloth. Let stand until dry, rub off with soft cloth, rinse and polish with a second cloth or chamois.

Silver tarnished with egg should be cleaned immediately. A small soft brush is best for cleaning ornamental pieces. Silverware should never be heated directly or placed on the range. Serving dishes may be heated over hot water or kept warm on the radiator if an asbestos pad is placed under them.

**LYNN CHAMBERS' IDEAL MENU**

- Oyster Rarebit
- Crackers Jellied Vegetable Salad
- Apricot Cobbler Cream
- Tea, Coffee or Milk

**Suggestion II.**

- Farm Sausage Casserole
- Combination Salad
- Crusteds Rolls
- Favorite Cake
- Beverage

The main dish for this hearty snack can be made ready before company comes, and then heated about half an hour before serving time rolls arrive.

**Farm Sausage Casserole.** (Serves 6)

- 1 1/2 cups broken macaroni
- 1/2 cup diced American cheese
- 1 tablespoon minced onion
- 3/4 teaspoon salt
- 1 1/2 cups thin white sauce
- 1 cup green peas, cooked
- 1/2 cup sauteed mushrooms
- 1/2 cup chopped pimiento
- 1 pound pork sausages, broiled
- Buttered bread crumbs

Cook macaroni in boiling, salted water until tender. Drain and rinse. Combine with all remaining ingredients, except sausages and bread crumbs. Place in casserole which has been greased. Top with sausages and sprinkle a few bread crumbs over the top. Heat in a slow (325-degree) oven for 25 minutes.

**Combination Salad.** (Serves 6 to 8)

- 1 head lettuce
- 1 cucumber
- 2 to 3 tomatoes
- 1 bunch radishes
- 1 bunch small onions
- 1 green pepper
- Celery curls
- Carrot curls
- French dressing

Wash all vegetables carefully and allow to chill. Break lettuce into chunks and line salad bowl. Toss in all other ingredients which have been sliced or cut into pieces and sprinkle french dressing over them.

**Favorite Cake.**

- 1 cup whipping cream
- 1 cup sugar
- 2 eggs
- 1 teaspoon vanilla
- 1 1/2 cups sifted cake flour
- 2 teaspoons baking powder

Whip the cream until slightly thickened but not stiff enough to hold a peak. Fold in the sugar gently, the beaten eggs and vanilla. Add the flour which has been sifted with the baking powder and a speck of salt. Mix only until smooth. Place in two shallow cake pans and bake in a moderate (350-degree) oven for 25 minutes. Cool. Frost with seven-minute icing and sprinkle with coconut. Or, frost with whipped cream and sprinkle with coconut.

For impromptu entertaining, there's nothing easier to prepare than a tray of sandwich spreads with assorted bread and health drinks of citrus fruit juices in colorful glasses.

**Seven-Minute Icing.**

- 1 egg white, unbeaten
- 3 tablespoons cold water
- 3/4 cup granulated sugar
- 3/4 teaspoon cream of tartar
- 1/2 teaspoon vanilla

Place all ingredients in top of double boiler. Beat with rotary beater until mixed, then place over hot water, and continue beating until frosting stands up in peaks (about 7 minutes).

Ahead of the other foods the returned G.I. will look forward to are the good, homemade desserts. Whatever was his favorite when he left is sure to be his favorite when he returns. He has spent many hours thinking and dreaming of that desert.

Chocolate has been a favorite of the serviceman. His favorite may have been chocolate ice cream, chocolate pie or chocolate cookies. The sizes of portions should be man-size, he has learned how to eat in a big way and will not be at home when dainty portions are passed out. Milk seems to be the favorite beverage of returned servicemen. This might be served with the addition of chocolate or in form of a malted or egg malted drink, all of which will be welcomed. Give him a try with bread, raisin, nut, potato, or best of all a real home baked loaf. He may be tired of dark tack and stale white bread, and anxious to try something new and different.

Total social security payments to individuals have approximated \$9,000,000,000. These payments have been made up under five programs in the attack on destitution... the federal system of old-age and survivors insurance, the state-federal system of unemployment compensation and the three state-federal programs of public assistance to the needy aged, dependent children and the needy blind.

IT WAS A LONG, long road to Berlin and to Tokyo. For many it will be a long road home, but those who are returning are, or will be, on their joyful way, and we eagerly await their arrival. Our tears and prayers are for those who will not return.
