Memorial Park

The drive to raise funds for the Donley County Memorial Park and Memorial Building, Recreation Hall and other buildings will officially begin next Monday, November 26th. All persons have been thinking of a proper and fitting memorial for the over 1000 Donley County men and women who have been in service since the declaration of war, and the American Legion Posts of Clarendon and Hedley have chosen the Johnson 93 acre tract near Leila Lake as the most suitable site.

The charter has been drawn up and approved by both Legion posts. It will be called the Donley County Memorial Association and be governed by six members of the Clarendon Legion Post and six members of the Hedley Legion Post who will elect them a chairman and secretary. Receipts will be issued for all donations and no money spent without the sanction of both Legion Posts.

The Memorial, while primarily for World War II veterans, will be open to the general public.

Hedley will start its drive with a meeting at the American Legion Hall Monday night at 7:30 p. m. All persons interested in a suitable memorial for the service men and women of Donley County are urged to attend.

Basketball News

Prospects for a winning basketball team looked mighty good after the Hedley Owls defeated the Lakeview Eagles in the initial game of the season last Thursday night by the score of 23 to 16. This is something they failed to do in three tries last year. The Hedley boys kept the ball most of the time and roundly outplayed the Eagles. Of course they missed many shots and passes, but this is to be expected in the first game of the season.

Box score is as follows:

Everett forward	points 2
Johnson forward	points 7
Wynn forward	points 0
Gibson center	points 6
Simms guard	points 2
Huffman guard	points 6
Total	points 23

In the first game of the evening the girls lost to Lakeview by 5 points, the score being 14 to 9. The Hedley girls also showed the promise of a good team. They should win many games when they learn to maneuver under the basket.

In the last game of the evening the Hedley B team defeated the Lakeview B team by the score of 14 to 5. These boys show lots of promise and should be valuable substitutes to the A team, and carry on for Hedley next year. Let's give them all the support we can, as these boys have set their aim for the district championship this year.

COMING - - - WHAT? P. T. A. CARNIVAL!

The P. T. A. is again sponsoring the Harvest Carnival. We have been privileged to have a full harvest. Now may we as a community come together at the school where each citizen should feel it a privilege to have a school like Hedley School to send our children to, in our land where we have not known the horrors of air raids as many countries have. The P. T. A. invites every person in and around Hedley to attend the Carnival.

The school needs the money, you need an evening of fun and folly. Following are the Carnival committee chairmen: General Chairman, Mr. Flatt; Bingo, Lions Club; Doll Rack, Winfred Doherty; Goal throwing, Leon Reeves; Penny throw, Joe Usrey; Dart throwing, Miss Tipton; Fortune telling, Mrs. H. C. Shaw; Penny jug, Carter Huffman; Fishing pond, Mrs. Longan; Cake walk, Mrs. Ray Moreman; Hot dogs and hamburgers, Mrs. Barney Johnson; Sandwiches, Mrs. Leon Reeves; Pie and Coffee, Mrs. Clyde Bridges; Pop corn, Mrs. Flatt; Lemonade and candy, Junior and Senior girls; Coronation committee, Mesdames Longan, Davenport and Shaw, and Misses Rampy and Watt.

Plenty of good clean entertainment for the entire family. Come early, eat supper, have a good time, help the school and keep all your money at home. Nov. 23, 7:00 o'clock.

1st Baptist Church

We are planning a special program for Sunday November 25, a Thanksgiving service. We are hoping to have 150 in Sunday School Sunday. We had 116 last Sunday, so come in time for Sunday School.

We believe that since so many of our soldiers are coming home that we will have a Thanksgiving spirit and will want to go to church Sunday. So the superintendent and pastor want to see you at Sunday School and Church next Sunday. If your kin folks come to see you Sunday give them a treat by bringing them to church. It may be that you can help them more that way than by giving them a big dinner. Give them a spiritual meal.

H. T. Harris, pastor

Singing

Next Sunday is regular Singing Day at the Nazarene Church. Ham Earthman of Alanreed will be there and also Mr. and Mrs. Pearl Hunt. All singers are urged to be present.

Mesdames Leon Reeves, Charles Rains and Ray Moreman attended a coffee at the Miss Mary Cooke home in Clarendon Tuesday honoring Mrs. Dick Cooke of Dallas.

Church Of Christ

M. F. Manchester is now preaching every Sunday at the Church of Christ. Everyone is cordially invited to come out and hear him.

News From Our Men In Service

Dear Ed,
Even into the wilds of Samar the Hedley Informer adventures in typical Texan tradition to bring news to its men in uniform.

I am sure that the boys from the other 47 states thank us a great and noble ally—without Texas how could have his great war been brought to a close so quickly?

We are indeed grateful for the Hedley Informer to let us know in the October 26 issue "What Does Our Home Town Need" column that Texas won the war. If the need should ever arise again I am sure the other 47 states would sincerely hope Texas would side with them.

My dear sweet Mother and Dad,

I will drop you all a line to let you know I am still kicking. How are both of you? Fine, I do hope. This leaves me homesick so homesick. We just now hit our first port. We were broke down in the middle of the blue water for one month, but finally made it in. I don't think that I will get any mail here, but I sure am hoping I will when we land at the next port I think it will be about another week. I sure am getting anxious to hear from my dear sweet mother and dad.

I guess Dad is working hard as ever. Mother, is your health better? I sure hope so. When is the last time you saw Maria and my sweet precious baby. I can't hardly wait to see her. I guess she will be 9 or 10 months old before I get to see her, or maybe older. The war has really messed up our lives as well as lots of others. I sure am glad this mean old war is over. Maybe when I come home this time it will be for good. I sure hope so any way. I won't know how to act coming home to a wonderful sweet wife and darling baby and seeing sweet smiling friendly faces all the time. It has been so long since I have had a home to live in, it will seem like waking up in a new world. Well, I will stop for now. You and Dad take good care of your selves and write me all the news and gossip. To my dear sweet mother and dad who I love so much.

Your loving son,

Odell Whitwell

Dear Ed and Joyce,

I keep reading about all of the fellows coming home from the army; so just thought I'd drop a card to say hello to all of them through you. If you see old Marvin Hickey, Snitch Pickett or Spot Laurence, give them special greetings from me. I am so happy they made it home.

I hope some day we will be able to have another Ex-Senior affair, and if so, that I can attend and see all of you guys.

"NONE SO GOOD," SAYS MRS. CARL STOWE

SPRINGFIELD, MISSOURI. — Mrs. Carl Stowe finally got around to writing to Faultless Starch. Here is what she says:

"I've intended to write for a long time, but just kept putting it off. I just wanted to say I have used Faultless a long time. I have tried other starches but none so good as Faultless. It is more economical and does not blow out of the clothes. Then they iron so much easier. I sure am sold on Faultless and I just wanted to tell you so."

That is a wonderful letter, isn't it. Mrs. Stowe has tried other starches and she says "none so good as Faultless."

DOES NOT BLOW OUT

One thing she says in her letter may be very interesting to you. She says that Faultless Starch does not blow out. Now you probably have had the experience of getting your wash all done, starched and on the line—only to find when you go to iron that the wind has whipped all the starch out! And you have to starch all over again—put them on the line—and iron a day late!

Now, you don't HAVE to go through that... not if you use Faultless Starch!

You see, Faultless Starch is made a special way so that the starch penetrates into the fabric. It doesn't just stick to the outside. As a result, the wind doesn't blow it out—and a freeze won't freeze it out!

Think what a lot of time and work that one thing can save you some busy week!

But that isn't the only wonderful thing about Faultless Starch! It takes only a minute to make perfect hot starch—WITHOUT COOKING! And, it contains ironing-aids that keep the iron from sticking—NO "STICKY" IRON! It's so easy to do smooth, beautiful ironing.

So, try Faultless Starch, and you'll never go back to the old, hard-work way of starching.—Adv.

WEEKLY NEWS ANALYSIS

Plan to Remove Food Subsidies; Atom Bomb Figures in Allies' Postwar Diplomatic Movements

Released by Western Newspaper Union. EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

No longer capable of doing heavy labor, and sick, diseased and disabled, German prisoners of war released by Russians trek through Berlin on their return to homes in the west.

SUBSIDIES: Time Removals

Designed to hold down living costs during wartime, government subsidies to food producers and processors will be gradually removed to lessen the impact on the civilian price structure. Stabilization Director John C. Collet revealed.

Timid plans call for the abolition of subsidies on vegetable shortening by December 1, 1945; cheese, not later than February 23, 1946, and the \$1.30 rollback per 100 pounds on pork not later than March 31, 1946. In addition, subsidies on canned and frozen vegetables, dried edible beans, prunes and raisins will be terminated at the close of the 1945 crop year, with dairy production, fluid milk, feeder cattle, beef, sheep and lambs and flour payments expected to be ended not later than June 30, 1946.

With the department of agriculture estimating the cost of food subsidies for the fiscal year ending next June 30 at \$1,798,000,000, payments on slaughter of livestock are expected to total \$535,400,000; dairy production, \$534,000,000; flour, \$190,000,000, and beef cattle, \$40,000,000.

LABOR-INDUSTRY: Discuss Bargaining

Backed by AFL Chieftain William Green and representatives of management, burly John L. Lewis of the United Mine Workers ripped the CIO proposal to tie wages into the present labor-industry conference in Washington, D. C., and demanded the talks be confined to establishing machinery for settlement of disputes.

In spearheading the opposition to the CIO proposal based upon President Truman's wage policy, Lewis asserted that the problem of pay should be left to collective bargaining and not strait-jacketed by any formula based on cost of living. In granting employees increases and adjusting their price structure, employers will be governed by competition to assure reasonable costs, Lewis said.

Even as the 36 labor and management representatives pitched into their task, trouble brewed in the automobile and steel industries, with the CIO asking the government to intervene following collapse of negotiations with General Motors and U. S. Steel corporation over wage increases to maintain wartime take-home pay.

ARMY: Step Up Discharges

Nearly European vets originally marked for redeployment to the Pacific, 50-point enlisted men presently home on furlough or on temporary duty in the U. S. have become eligible for discharge, the army reported.

At the same time, the army announced that no enlisted man with 21 or more months of service since September 16, 1940, will be sent overseas for permanent duty except for language specialists, regular army personnel and volunteers. Also exempt from overseas assignment are officers who have 33 or more months of service, or medical officers with 30 months, except for those who have chosen to remain on active duty, are regular army men or are classed as scarce specialists. Nurses who are 30 years of age or have 12 points will not be sent overseas.

GRAIN SUPPLIES:

The bulk of the supplies of wheat available for export in 1945-46 is in North America, the department of agriculture reports. With exports from the United States currently estimated at 300 to 325 million bushels, shipments from Canada may be about as large.

Under favorable transportation, marketing and handling conditions, somewhat larger exports would be possible from the United States through shipments from Argentina may fall short.

FOREIGN AFFAIRS: Atomic Talk

The red-hot question of sharing the atomic bomb featured the recent diplomatic news as the U. S., Britain and Russia continued their polite tug-of-war for favorable positions in the construction of the postwar world.

Russia's tough little Foreign Minister Vyacheslav Molotov started the ball rolling in an address on the eve of the 28th anniversary of the Red revolution, declaring that in this scientific age no such discovery as the atomic bomb could eventually the Soviet would have it. Telling the world that possession of the atomic bomb should not be used as a diplomatic weapon in obtaining advantages, Molotov also said that its real effectiveness for preserving peace has yet to be tested.

Indirectly answering Molotov in Britain's house of commons, the equally tough Foreign Minister Ernest Bevin declared that it was entirely proper for Britain, Canada and the U. S. to proceed slowly on the question of sharing the atomic bomb in view of its tremendous potentialities. In finally determining the bomb's disposition, he asserted, statesmen and not scientists should make the final decision because of their closer acquaintance with political conditions.

In addressing commons, Bevin rapped Russia hard, stating that Britain had met every territorial demand of the Reds only to find them increasing their claims, particularly for control of North Africa and Eritrea on the British lifeline to the east. Meanwhile, Secretary of State Byrnes projected the U. S. into the international picture with the revelation of this country's support of an Allied commission to guarantee free access to the Black or Mediterranean seas through the vital Dardanelles and Bosphorus straits, and the release of Italy's territorial views.

By calling for an Allied commission, Byrnes favored revision of the present Montreux agreement entrusting Turkey with control of the strategic straits, but centering the Russian demand for military bases along the vital waterways to assure free passage.

In submitting its territorial views, Italy favored readjustment of its French and Yugoslavian boundaries and establishment of Allied bases in its former North African colonies, but asked for retention of certain Near Eastern possessions of economic value.

All these diplomatic problems, plus consideration of the question of Jewish immigration in British controlled Palestine were reportedly part of British Prime Minister Attlee's scheduled discussions with President Truman.

AID POLIO VICTIMS

More than \$1,000,000 in epidemic aid has been disbursed by the National Foundation for Infantile Paralysis so far this year, with more than three-fourths going to Illinois, No. Carolina, New York and Virginia. Principal expenses of National Foundation chapters include hospitalization and transportation of patients, purchases of special equipment and salaries of doctors, nurses and other professional personnel.

CHINA: Battle On

Full-scale civil war loomed in China as negotiations between communists and nationalists bogged and the Reds took to the offense in an effort to prevent Chiang Kai-shek's forces from infiltrating into their northern strongholds.

As a result of the outbreak of hostilities, the U. S. decided to withdraw American troops from the scenes of combat, the Yanks having been used to aid nationalists in taking over former Jap-held territory. Removal of U. S. units did not signify any reversal of policy in supporting Chiang, however, with reports that the administration would continue to offer him material aid.

Thus did the threat of civil war, following close upon V-J Day, dampen long-suffering China's hopes for a period of peace and tranquility in which to unify the nation politically and lay the foundation for economic development and modernization.

FINLAND: Try Leaders

Charged with refusal to mediate differences with Russia and prosecuting war on the side of the Axis instead, eight prominent Finnish leaders were arrested by the new government and scheduled for early trial in the people's court.

In the unprecedented movement of a country to punish former leaders for their official acts, Vaino Tanner, dominant Finnish politico of 1941, was accused of failing to take advantage of a U. S.-British offer to mediate with Russia that year.

Tanner again was named for failure to accept a U. S. proposition to conciliate Finnish-Russian differences in 1943 along with former President Risto Ryti, Foreign Minister Henrik Ramsay, Prime Minister Edvin Linkomies, Gen. Rudolf Walden, and Finance Minister Tyko Reinikka.

POLITICS: No Trend

Continued Democratic domination of the big cities and Republican inroads in small municipalities marked the recent election results and offered little clue to a political trend prior to the all-important congressional elections in 1946.

Most significant feature of the balloting was the CIO's failure again to capture the mayoralty in Detroit, Mich., motor car center of the U. S. and United Automobile Workers stronghold. Calling upon the unorganized residents of the city to rally for an impartial rather than a labor dominated administration, Mayor Jeffries won re-election over CIO Candidate Frankenstein by a comfortable margin.

Maintaining their dominance over the big municipalities, the Democrats handily won the mayoralties of New York, Boston, Pittsburgh and Cleveland, while Republicans won back Buffalo, N. Y., and New Haven, Conn., after more than a dozen years.

Sets Air Speed Record

Exciting possibilities for speedy post-war air travel were opened with the record-breaking performance of Britain's jet-powered Gloster Meteor piloted by Capt. H. J. Wilson.

Smashing the former official mark of 481.24 miles per hour set by Capt. Fritz Bendel of the German air force in 1939, Wilson averaged 616 miles per hour in four runs over a 1.25-mile course at Herne Bay, England.

At Wilson's rate of speed, excited statisticians figured that a plane could travel non-stop around the world in 41 hours; from Los Angeles, Calif., to New York City in 3 hours and 59 minutes; from Chicago, Ill., to Panama in 3 hours and 49 minutes, and from Chicago to Mexico City in 2 hours and 46 minutes.

NAZI SPY: Tipped Off FBI

Asserting that his only intention in accompanying saboteurs to the U. S. in 1942 was to get out of Germany, a Nazi spy disclosed the whole emergency plot for damaging U. S. plants and facilities and terrorizing civilians to the FBI, leading to the early roundup of the entire clique landed by submarine.

Let off with 30 years imprisonment for his disclosure and testimony at the trial resulting in the execution of six of the saboteurs and a life sentence for another, the spy, George Dasch, named the other conspirators and furnished information which enabled the G-men to cover their movements and track them down in New York and Chicago, Ill.

FIBER SOURCE:

Never grown in the western hemisphere before Pearl Harbor except experimentally, abaca—from which Manila rope is made—is now being produced in quantity on five plantations of 27,500 acres in four Central American republics and Panama, the state department disclosed. The western hemisphere production of abaca, which was obtained largely from the Philippines before the war, may aggregate 25 million pounds this year and from 45 to 50 million pounds in 1946.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up at night, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.

Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

SNAPPY FACTS
about
RUBBER

Twenty-five years ago passenger cars used only three to five pounds of rubber, not counting tires. Today the average car contains fifty pounds of rubber products.

More than half of all the estimated 100 million automobile wheels in America are now rolling on synthetic rubber.

Nanking University is experimenting with a new type of seed with a view to growing rubber in some of the arid regions of China.

New automobiles built this year will be delivered without spare tires.

When Your Back Hurts

And Your Strength and Energy is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acid and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning in another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won country-wide approval than on something less favorably known. Doan's have been tried and tested of many years. Are at all drug stores. Get Doan's today.

HOUSEHOLD MEMOS... by Lynn Chambers

Follow Directions for Tender, Home-Baked Breads (See Recipe Below)

Hot Breads

If you want to choose one item that will make a company meal out of a plain menu, then add fragrant home-made bread or rolls to it. Fresh-from-the-oven bread or rolls are meal tonics hard to beat.

If you want to add extra nourishment to your menus or to give inexpensive energy to your family, then the formula is bread—or rolls! They contain carbohydrates, some fat and milk and eggs.

Bread can be used lavishly in many interesting ways. A fruited coffee ring for breakfast can mean the difference between a well begun day or a dull, prodding one. And think of the difference between fresh, moist bread in sandwiches for lunch and dry, stale bread.

First of all, there's this scarlet-topped and crystal-glazed quick coffee cake to start the day right. Or, if you prefer, it will do nicely for dessert, thank you!

Cranberry Coffee Ring.
(12 Servings)

1½ cups sifted flour
¼ cup sugar
2 teaspoons baking powder
¼ teaspoon salt
1 egg
¼ cup milk
3 tablespoons melted shortening
Cranberry Orange Topping.

Sift flour, sugar, baking powder and salt together. Beat egg and add milk and shortening. Stir in dry ingredients, mixing only enough to moisten them. Spread topping evenly over the bottom of a ring mold. Pour batter over topping. Bake in a moderately hot (425-degree) oven for 25 minutes.

Cranberry Orange Topping.
3 tablespoons melted butter
1 teaspoon grated orange rind
¼ cup sugar
1½ cups whole, raw cranberries

Mix together in order given and use it as directed above.

Now that cheese is plentiful and unrationed, it's a good idea to use it for main dishes and desserts, too. With plump, red-checked apples and cheese, you can make this delectable dessert:

Cheese-Apple Cobblerettes.
(Serves 6-8)

2 cups sifted flour
3 teaspoons baking powder
¼ teaspoon salt
¼-1 cup nippy grated cheese
2-4 tablespoons shortening
¾-¾ cup milk

Oatmeal Bread.
(Makes 1 loaf)

1 cup rolled oats
2 cups milk
½ cup molasses
2 teaspoons salt
4½ cups sifted flour
1 tablespoon melted shortening
1 yeast cake softened in ½ cup warm water

Four hot milk over oatmeal and let stand until lukewarm. Add yeast, molasses, salt and shortening. Stir in flour and let rise. When light, pour into greased bread pans and let rise again. Bake in a hot (425-degree) oven for 15 minutes, reduce heat to moderate (350 degrees) and continue baking for 35 minutes.

Have you ever looked for a really good roll recipe? Here is one that is easily and quickly made. The trick is to have all the ingredients in the dough at room temperature (lukewarm).

Company Rolls.
(Makes about 2 dozen rolls)

1 cake yeast
¼ cup lukewarm water
¾ cup milk, scalded and cooled to lukewarm
1 teaspoon salt
½ cup sugar
¾ cup melted shortening, cooled to lukewarm
2 eggs, well beaten
About 4 cups sifted flour

Pour the ¾ cup lukewarm water onto yeast, add 1 tablespoon of the sugar, stir and let stand about 5 minutes.

Dissolve salt and rest of the sugar in milk. Blend lukewarm, add yeast and blend with 2 cups flour. Beat very thoroughly. Mix well and beat 3 minutes. Add remaining flour to make a smooth dough. Knead lightly on board for about 5 minutes. Use only enough flour to keep from sticking. Dough should be kept as soft as possible. Place in a lightly greased bowl. Grease top and let rise until doubled. Fold dough down and let rise again until doubled. Shape into rolls. Let rise in greased pans until doubled. Bake 10-12 minutes in a hot (425-degree) oven.

Shaping Rolls.

The latest in dough tricks is this: after the first rising, shape finger strips of dough 8-12 inches long and wrap around a clean clothespin. Proceed to let rise again until light and bake as rolls. After baking remove clothespin. Fill hot or cold with any desired sandwich filling. Or, proceed in the same manner but wrap finger strips of dough around a frankfurter, dainty or large, hearty size. These make fine snacks for either an evening or children's party.

LYNN SAYS

Bread Baking: For baking bread and rolls, the oven should be fairly hot. On gas, electric or oil ranges, the oven temperature should read from 380 to 400 degrees.

Pans (if more than one loaf is baked at a time) should not stand too close together, so that heat may circulate freely around them. After about 10 minutes of baking, the temperature should be reduced to about 350 degrees and maintained until the loaves are done. Medium-sized loaves require 45 to 50 minutes' baking time, while large loaves need an hour or longer.

If there is no oven thermometer handy, the temperature may be tested as follows: Spread ½ teaspoon flour on an inverted baking tin in a layer ¼ inch thick and place in the oven. At 400 degrees, the flour will become light brown in about 5 minutes. If it darkens more quickly than that, allow the oven to cool before placing bread in to bake.

Curtains to Match Chair Covering Will Create an Illusion of Space

the kitchen miracles away from expectant guests is one of many problems solved in this booklet. A balustrade gives a sense of being two rooms, but the two are drawn together and an illusion of space created by repeating the plaid of the chair for the curtains in the distance. The booklet also shows how to hang the curtain dividing the room so that it may be drawn with a swish. Diagrams are given for cutting and making all types of draperies, and fixtures required are clearly illustrated.

HANG ON!

Don't let go now—when the battle against rising prices is almost won. Now is the time to hang on to your War Bonds, to keep buying new Bonds, to plan your spending and plan your saving.

Here is why. Prices are high today. Goods are scarce. Competitive buying of scarce commodities bids prices up, makes our dollars buy less.

Help the nation's effort to keep your living costs DOWN, the buying power of your dollar UP.

So, plan your savings now—buy Victory Bonds, add to your bank account regularly—for that big purchase you will want to make in the future, a home of your own, perhaps. Later, in a more abundant time, this institution can supply you with the credit needed to buy what you most want—if you save the down-payment now.
