NO. 7

Basketball News

Last Friday night the Hedley Boys Basketball Team defeated Memphis here for the third time this year by the score of 20 to 19. It was a close game all the way and the fans got their moneys worth. Sims was high point man for Hedley. Box score follows:

Player	Fouls	Points
Johnson	3	3
Gioson	4	0
Eve.ett	0	6
Simms	3	12
Huffman	2	0
Stone	1	0
W. an	0	0
Total	13	20

In the second game of the evening the Hedley girls defeated the Clarendon girls by the score of 16 to 8. In the last game of the evening after leading for three quarters the Hedley outsiders dropped a game to Clarendon College 24 to 10.

Thursday night the Hedley boys will be the guests of the Lions Club and Friday night they play the strong Claude team here. Claude won the district championship last year and this should be a mighty good game.

Also Friday night the Girls play Lakeview, the Lions play the All-Stars, and a game has been tentatively arranged with the Lakeview girls.

Four games have been matched with Samnorwood for Tuesday, New Years night.

Handy Door Pocket And Laundry Bag

THE door pocket and laundry bag shown here are from Book 8 of the series of booklets offered with these articles. Here are the details so you can go right ahead now.

Choose chinings 36 inches wide with bias tape to match. You will need 2 1/2 yards of chinings and 10 yards of the tape. Buy an extra yard of chinings and tape for the laundry bag. Cut the foundation piece for the door pocket 18 inches long and 18 inches wide. Bind the top around first. Shoe pockets are 22 inches long and 8 inches deep.

Plan the other pockets to fit things for which they are to be used. Bind the top of pockets. Use a 1-inch box pleat in the bottom of each, turn under raw edges; then sew and stitch them to the foundation.

The 26-inch-deep laundry bag is a full width of the fabric folded and stitched down one side and across the bottom, but stitch the extra front pocket on before you do this. The bound slash in the front is 12 inches deep and the top is shaped to fit a handle.

NOTE: Book 8 is 15 cents postpaid and contains 22 pages of useful things that you will be wanting to make for your home. Send for it to:

Ever Try Making Cough Syrup In Your Kitchen?

Quick Relief, No Cooking, Easy! If you've never tried mixing your own cough medicine, you've missed a lot. It's not trouble—needs no cooking—and gives you about four times as much cough syrup for your money. You'll say it beats anything you ever tried for coughs due to colds. And here's how it's done:— Make a plain syrup by stirring 3 cups of granulated sugar and one cup of water a few moments, until it is dissolved. You can use corn syrup or liquid honey, instead of sugar syrup. Get 2 1/2 ounces of Pinex from your drugstore. Put this into a pint bottle and fill up with your syrup. This makes a pint—a family supply. Tastes fine and never spoils. Children love it. And as for results, you've never seen anything better. It goes right to work on the cough, loosening the phlegm, soothing the irritation, and helping clear the air passages. You will like it for its results, and not merely for its taste. Pinex is a special compound of proven ingredients, in concentrated form, a most reliable soothing agent for throat and bronchial irritations. Money refunded if it doesn't please you in every way.—Adv.

Kidneys Must Work Well

Do you feel well? Do you feel every day, 7 days every week, after stopping, the kidneys filter waste matter from the blood. If you are not aware of how the kidneys constantly remove surplus uric acid and other waste matter, they cannot stay in the blood without injury to health. There should be a better understanding of why the kidneys are so important when kidneys fail to do their proper job. Better, surer, and too frequent urination sometimes warns that something is wrong. You may suffer sagging backache, indigestion, dizziness, rheumatic pains, and up at night, swelling. What is the cause? Filter? You will be given a medicine recommended by the doctor. This medicine restores the function of the kidneys and helps them to flush out poisonous waste from the blood. They contain nothing harmful. Get yours today. Use with confidence. At all drug stores.

WEEKLY NEWS ANALYSIS

Congress Reacts to Labor Unrest; Truman Maps Broad Program to Ease Critical Housing Shortage

Released by Western Newspaper Union. (EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

Searching for wood or food scraps, residents of Nuernberg scour Allied food dump. Despite plans for food shipments to Reich, U. S. reports present ration of 1,500 calories will not be increased.

LABOR: Congress Reacts

Inflamed by labor unrest retarding reconversion, congress moved for passage of an "anti-violence" act providing a maximum penalty of 20 years imprisonment for forcible interference or threats against interstate commerce. Labeled as an anti-racketeering measure, the bill grew out of protest against the AFL International Teamster union's collection of funds from independent truckers entering large cities where the ITU is strongly organized.

While congress vented its wrath against the strike wave with the "anti-violence" act, it cooled to move more slowly on President Truman's recommendation for anti-strike legislation calling for creation of fact-finding boards empowered to look into both company and union books to determine merits of wage disputes.

Hotly opposed by labor leaders, the President's proposal has been half-heartedly received by industry, with both parties continuing to favor the least possible restraint upon their full bargaining advantages in adjusting their differences.

UAW Backs Down

Meanwhile, negotiations proceeded apace in the automobile industry, where the powerful CIO-United Automobile Workers sought maintenance of high wartime wages.

A break in the UAW's demands for a 30 per cent pay boost came in its dickering with Ford, with the union announcing a willingness to compromise on its position if the company proposed an annual wage and other concessions like pensions, retirement compensation and vacations.

In an effort to meet Ford in the negotiations, the UAW also drew up an unprecedented security clause against wildcat strikes, agreeing on the imposition of a \$3 a day fine against workers found guilty of an unauthorized walkout for a first offense, and \$5 a day for a second.

While the UAW-Ford discussions progressed, the union's parley with General Motors lagged a step behind, with President Truman seeking to actively intervene in the dispute with the appointment of a fact-finding board to help speed settlement of the wage issue. Unlike the machinery that Mr. Truman would have set up in his anti-strike legislation, however, the G.M. fact-finding board lacks power to force either party to turn over its books.

Production Off

Crippled by strikes, parts shortages and labor scarcities, automobile production has fallen far below previous expectations, with only about 50,000 cars having been manufactured up to mid-December out of a year-end goal of 500,000.

Of the Big Three in the industry, only Ford has achieved any kind of volume of output, having turned out over 25,000 vehicles or about half of the over-all total. G.M. production has been retarded by the big auto strike while Chrysler activity has suffered from supply and labor shortages after a late reconversion start caused by a cleanup of government orders. Packard, Nash, Hudson and Studebaker have all fallen far behind schedule, while Willys-Overland's production of jeeps has been stymied during the last two months.

FARM PRICES FOLLOW WORLD WAR I TREND

After declining from the World War II peak of 206 in July to 197 in September, the price index of farm products, as compiled by the department of agriculture on the basis of August, 1909-July, 1914, recovered to 205 in November. This indicates a continuation of the World War I price pattern which has been closely duplicated since the outbreak of World War II, according to

HOME BUILDING: Seek Speed-Up

Moving to ease the nation's strident housing shortage, President Truman mapped a broad over-all program calling for the channelling of building materials into lower cost construction, imposition of price control on new and old dwellings, and emergency use of wartime government shelters for home-seekers. The President took action as Reconversion Director Snyder declared that a million families already are doubling up in existing homes and the number may continue to grow as service discharges mount. With several years of peak construction necessary to relieve the situation, the industry will do well if it puts up 500,000 dwellings next year, Snyder added.

In exercising its emergency power to route building materials into lower cost housing to accommodate average pocketbooks, the government will favor homes under \$10,000, with preference given to vets. Essential industrial and commercial construction also will be granted priority under the plan.

With housing expected to remain short for several years despite increasing production, the President's proposal for legislation for ceilings on new and old structures aimed at keeping prices within reasonable bounds to head off an inflationary spiral.

In providing emergency facilities, including army and navy barracks and dormitories, for temporary shelter in crowded areas, the government will move the structures wherever necessary. At the same time, surplus government building materials also will be disposed of, with 70 per cent earmarked for low cost housing.

To speed the program, President Truman named former Mayor Wilson Wyatt of Louisville, Ky., housing expediter to work under Snyder.

PEARL HARBOR: Testimony Clashes

Divergence of testimony over the war department's receipt of the fateful "winds message" disclosing Japan's decision to wage war against the U. S. on December 3, 1941, marked the congressional inquiry into the Pearl Harbor disaster.

Whereas a top secret report of the army's Pearl Harbor inquiry board stated that the navy had intercepted and decoded the message four days before the surprise attack and then transmitted it to the White House and war and state departments, affidavits later obtained through a special investigation asserted that the army had never received the information. Copies of the message have disappeared from navy files, the army board reported.

Undertaken by the war department after the army board had filed its report, the special investigation was conducted by Lt. Col. Henry C. Clausen, and disputed other facts originally presented besides those pertaining to the "winds" message. In completing one week of testimony before the congressional committee, Gen. George C. Marshall, ex-army chief of staff and President Truman's special envoy to China, backed up the revised finding, denying that he had seen the December 3 message.

SALARIES: Report Highest

In earning \$908,070, movie magnate Louis B. Mayer enjoyed the top income in the U. S. for the calendar year 1943 or fiscal year ending in 1944, the treasury reported. Far behind Mayer, Charles E. Wilson, president of General Motors, drew \$459,041 to rank No. 2, with Thomas J. Watson, president of the International Business Machines corporation, No. 3 with \$425,548.

Fred MacMurray's \$419,166 topped movie star salaries, with other peak Hollywood incomes including Deanna Durbin, \$326,401; Barbara Stanwyck, \$323,333; Bing Crosby, \$294,444, and William Powell, \$292,500.

General Motors officials were among the highest paid of the nation's executives, other G.M. bigwigs besides Wilson in the top brackets including Ormond E. Hunt, \$359,519; Albert Bradley, \$350,432; John Thomas Smith, \$306,310; Donaldson Brown, \$306,160, and Charles F. Kettering, \$306,117.

NUERNBERG TRIBUNAL: Faces Test

First great undertaking of its kind to provide a precedent for the punishment of war-makers, the Allied tribunal trying top Nazis in Nuernberg, Germany, will receive its stiffest test if defendants press their efforts to get prominent personages in the U. S. and Britain to testify as witnesses.

Under regulations drawn up by the U. S., Britain, Russia and France, the tribunal is empowered to subpoena witnesses in other countries, in which case the latter could then appeal to their own national courts against being forced to appear. Upon the verdict of these judicial bodies, then, the authority of the tribunal would be legally defined.

Under the tribunal's charter, the defendants themselves cannot challenge its validity, their early protests having been denied and their proposals for a mixed court of allied, neutral and German judges rejected. As the case proceeded, U. S. prosecutors outlined the conscription of hundreds of thousands of foreign workers for slave labor in Germany.

BIG THREE: Foreign Chiefs Meet

Simultaneous with Sec. of State James F. Byrnes' departure for the meeting of foreign ministers in Moscow, the U. S. state department released its plans for the economic reorganization of Germany, limiting the Reich's industry to necessities at the outset and pegging its living standard to the European average.

Pressing European and Asiatic diplomatic problems as well as the control of atomic energy were high

General Eisenhower (left) sees Secretary Byrnes off to Moscow.

on the Big Three's agenda—as the Moscow parley took shape. Immediate cause of concern lay in the troubled Iranian situation, where Russia has resisted proposals for a withdrawal of its troops from the north in the midst of a Red-backed autonomy movement in Azerbaijan province, aiding the extension of communist influence in the oil-rich middle east.

In advancing its plan for the economic revamping of Germany, the U. S. said food shipments to the Reich will be necessary during the reorganization period of two years. After that, the Reich should be able to supply its minimum needs and also produce enough to export goods to balance import requirements.

TROOP TRAVEL: Claims Rail Cars

With 35 per cent of all coach seats and 75 per cent of all sleeping space on railroads diverted to troop use, civilians faced difficult transportation conditions over the holiday season.

Charged with the task of moving a million men during December alone, with 600,000 debarking on the west coast, the railroads anticipate an equally heavy load during January.

No less than 40 to 50 trains a day are needed to keep Pacific ports clear, with 90 per cent of all the beds and seats for eastward travel occupied by the military. Of the 22,000 men moving inland from the west each day, 85 per cent travel to destinations east of the Mississippi river.

Profits Down

Railroad profits during the first nine months of this year declined to 452 million from 503 million dollars in the corresponding period last year, figures show. In view of this showing, the prospect is that annual profits in 1945 will be smaller than in 1944.

Operating revenues during the first nine months and especially in September, fell below the record high rate in 1944 while operating expenses, on the other hand, were at the highest rate in history.

Junior Frock Has Brief Sleeves Smart Go-Everywhere Two-Piecer

JUNIORS love it—the gay cap-sleeved frock that fits like a dream. This long-waisted version has soft waistline gathers to accent a tiny midriff and a flattering sweetheart neck.

Pattern No. 8901 comes in size 11, 12, 13, 14, 16 and 18. Size 12 needs 3 yards of 39-inch or 2 1/2 yards of 36-inch material.

MRS. DYE MAKES OVERALLS LAST

PITCHER, OKLAHOMA.—Mrs. L. E. Dye has had a lot of experience in washing overalls for five boys and her husband. She has found out how to make them last longer. Here is what she says in a letter to Faultless Starch.

"I cannot wash without Faultless Starch. You bet I think it will make overalls last longer and look ten times better. I know. We raised five boys, so I know what Faultless Starch means to overalls. Have used it as far back as I can remember and my mother used it, too. I can't say enough for Faultless Starch."

Now there is an important message for anyone who has overalls in her wash. Mrs. Dye says that Faultless Starch makes overalls wear longer (that's mighty important, today) and look "ten times better" (and that's important, too).

HOW TO STARCH OVERALLS

Overalls, work pants, wash shirts—and children's play clothes usually get very, very dirty. Sometimes it takes a lot of rubbing on a scrub-board to take the dirt out. And everyone knows that rubbing wears out clothes as much as washing them does. But when you give them a LIGHT starching with Faultless Starch you save a lot of that rubbing. You see—Faultless Starch penetrates the fabric—so dirt can't grind in so easily. And Faultless Starch dissolves instantly in water and carries most of the dirt right out with it. So when you starch other things, be sure to give overalls, work pants, children's clothes, etc., a very light starching at the same time. You'll notice the difference when you wash them!

SO SMOOTH TO WEAR

The men will really like it, too. The fabric feels smooth and slick—not scratchy and rough. They won't chafe as much around the neck and the arms. It's a wonderful relief to wear smooth, slick work clothes! Try it, this wash-day. And be sure to use Faultless Starch!—Adv.

EASY to make and a joy to wear, this simple yet sophisticated two-piece costume will see you through many a busy day. Dainty gathers at sleeves and waistline give a gentle feminine look. And for trimming, use unusual flower-shaped buttons.

Pattern No. 1386 is designed for sizes 12, 14, 16, 18, 20, 40 and 42. Size 14, short sleeves, takes 3 1/2 yards of 39-inch material; three-quarter sleeves, 3 1/2 yards. Due to an unusually large demand and current conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers. Send your order to:

SNAPPY FACTS about RUBBER

The majority of Army surplus tires are to be allocated among states, cities, counties and federal agencies, and then to veterans. The great battery of synthetic rubber plants erected during the war cost approximately \$700,000,000. More than 30,000 synthetic rubber compounds were prepared during the war, about 500 will have peacetime uses. The heaviest single load ever moved on pneumatic tires was 300 tons and for a secret military project equipment was carried on a huge trailer having 64 wheels shod with B. F. Goodrich truck tires.

ORIGIN OF CANINE TERMS EXPLAINED

Dog Authority, on Radio, Tells Meaning of Popular Expressions

Some unusually interesting facts about the origin and meaning of dog words and dog expressions were related by Harry Miller, executive secretary of the Gaines Dog Research Center, New York City, while a guest on the "What's the Good Word?" program over the Mutual network recently.

Originally, he said, the word "dog"—from the old English "dogge," the French "dogue" and the Latin "dogo"—was used to designate a certain type of fighting or hunting dog, but later came into general usage for all types of dogs. The word "dog" is believed to be a corruption of the sound "daw, daw, law," which is the sound of the bark of a dog when heard in the distance.

The expression "dog days" comes to us from ancient times and has its origin in the fact that the sun is nearer Sirius, commonly called the Dog Star, during the hottest part of the summer. Today "dog days" are considered to continue for 40 days—20 days before and 20 days after Sirius appears; or from July 3 to August 11.

According to Mr. Miller, "mongrel" came from the word "mingre"—descriptive of a mixed or unknown pedigree; "Fido" is Latin for faithful—certainly a term well deserved by the dog, the most faithful of man's companions through the ages; and "Terrier" derives from the Latin word "terra" and the French word "terre," both meaning earth. Terriers were dogs originally employed for digging after game in the earth, as in hunting foxes and badgers.

Mr. Miller also gave quick explanations on how certain breeds of dogs got their names: "Schnauzer is derived from the German term for whiskers, for which this breed is famous. "Chow Chow. Chow in Chinese means something that is edible, and in China the Chow Chow is favored as an all-around dog, including its use for food in an emergency. "Whip, et. The Whippet was always a running dog. It was noted that this dog had the habit of snapping at the heels of other dogs when running after game, and that the noise made by this snapping resembled the crack of a whip."

Light after Darkness

This is our brightest Christmas in a long, dark time. Every light on every tree—every window that greets night with cheerful challenge—is a shining symbol of the passing of war's shadow. There is radiant happiness in family gatherings this year. Men are coming home from war. And those who hear their Christmas carols under strange skies are closer, nearer to home than they have been in a great while. For many, this will be a wistful Christmas—but a Christmas brave and strong in the knowledge that those who bought victory so dearly will make tomorrow's world a brighter place for us all.

THE OLD JUDGE SAYS...

STEVE: "How was the hospital dinner, Judge? Sorry I couldn't get there."

OLD JUDGE: "Very interesting, Steve. One of the doctors on the staff read a paper on the research work that is going on at one of the big universities where they are studying chronic alcoholism."

STEVE: "I'd like to have heard that, Judge." OLD JUDGE: "He pointed out that approximately 95% of the people who drink do so sensibly. Only 5% abuse the privilege oc-

asionally and included in that 5% is the very small number known as alcoholics. Then he quoted a doctor from a famous university who said 'Alcoholics are sick persons and, if treated as such, may be cured.' Alcoholism, he said, is not caused by alcohol but by deep-rooted emotional derailments which can be prevented by education and often cured through modern psychology!"

STEVE: "That's the most sensible approach to the problem I've heard."

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—in the risk of excessive and inaction—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter wastes and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

After Holiday Meals Can Be Attractive If Carefully Prepared

The cottage cheese adds savory flavor to these fried noodles when it is allowed to melt over them before serving. Broiled tomatoes with parsley are an attractive garnish.

Are you one of those homemakers who finds herself with a refrigerator full of leftovers and does not know what to do? Yes, I know it is sometimes difficult to disguise these bits of turkey or chicken or roast, but glance at some of these recipes I'm giving you today! They'll prove to you that even the leftovers can be palatable.

If you have had a large roast, then serve all the meat from it sliced, until you get down to the bones and can cut off meat only in chunks or bits. Then go to work with your eggs, milk, etc., and make something out of it. Even the bones can be used as a base for delicious soup, after the meat is gone. Don't feed the garbage pail with rich tidbits that can really be good eating.

Chicken Loaf.
(Serves 6 to 8)
2 cups hot milk (or stock and cream)
2 eggs or 3 egg yolks, slightly beaten
1 cup soft bread crumbs
1/2 teaspoon salt
1/2 teaspoon paprika
3 cups diced cooked chicken (or turkey)
1/2 cup chopped celery
1 green pepper, chopped
1/2 tablespoons lemon juice

Pour hot milk slowly into eggs, stirring constantly. Add remaining ingredients, mix well and pour into a buttered mold. Bake in slow (300-degree) oven until knife inserted into the center comes out clean which is about 45 to 60 minutes. Be careful not to overbake. Serve with mushroom sauce.

Chicken Turnovers.
(Serves 4)
1 1/2 cups minced cooked chicken
3/4 cup thick white sauce
1 tablespoon minced parsley
1 recipe pastry
1 egg white

Combine chicken, white sauce and parsley. Roll pastry to 1/4 inch thickness, cut into squares and brush with egg white. Place two tablespoons of the chicken mixture on each square, fold over and press edges together with a fork. Place on a baking sheet. Prick upper crust to allow for escape of steam. Bake in a very hot oven (450 degrees) until browned. Serve with gravy or seasoned white sauce.

Sliced leftover meat can always be served cold with a nice but simple hot dish like the following, for example:

***Cottage Cheese With Noodles.**
(Serves 2 to 3)
2 cups cooked noodles
Salt and pepper

LYNN SAYS:

Use These Handy Hints: If you happen to have a refrigerator with a special compartment for keeping butter at a spreading consistency, keep only one day's supply in that compartment. Keep the main supply in its original paraffined carton in the main storage section of the refrigerator.

Remember that butter is a delicate food and easily absorbs other flavors in the refrigerator. One way to make sure of the delicious flavor is to make sure it is always kept in a paraffined paper carton.

A piece of stale bread put in water in which onions are boiled will take away most of the odor. Leftover sausage meat will bring a cheer when used in pancake or waffle batter or in mashed potato cakes.

Syrup left over from spiced fruits makes an excellent basting for ham, pork, veal or lamb roasts.

*Recipe given.

3 tablespoons shortening
3/4 cup cottage cheese
1/4 cup chopped peanuts

Drain cooked noodles until almost dry. Sprinkle lightly with salt and pepper. Melt shortening in skillet and brown noodles in it. When noodles are golden brown arrange in serving dish with cottage cheese over them. Top with peanuts. Cover; heat for a few minutes until cheese is melted through the noodles. Serve with whole broiled tomatoes and garnish with parsley.

An excellent way to extend a small amount of leftover roast is to serve it with macaroni. Sour cream is used to add creaminess, and mushrooms add their delicate flavor to this grand leftover dish:

Creamy Macaroni with Meat.
(Serves 6)

1 teaspoon salt
3 quarts boiling water
1/2 pound elbow macaroni
1/4 cup fat
1/2 cup chopped onion
1/2 cup sliced mushrooms, if desired
1 1/2 cups ground leftover beef, lamb, pork or chicken
2 teaspoons salt
2 teaspoons paprika
2 tablespoons flour
1 1/2 cups milk
1 cup sour cream
1/4 cup chopped parsley
1/2 cup buttered bread crumbs

Add the salt to the boiling water. Gradually add the macaroni and let boil until macaroni is tender, about 10 minutes. Melt fat in skillet. Add onion, mushrooms and meat. Cook until brown, about 15 minutes. Add the two teaspoons salt, paprika, flour and mix well. Gradually add milk, cream and parsley. Fold in macaroni which has been drained and rinsed. Pour into a two-quart greased casserole. Sprinkle with bread crumbs. Bake in a moderate (350-degree) oven for about 30 minutes.

It's a good idea to serve something different after the holidays just to add variety to the meals. Then there's nothing like baked beans with brown bread.

Baked Beans.
(Serves 12)

4 cups dry navy beans
1/2 pound salt pork
1 cup pure, dark molasses
1 teaspoon dry mustard
1 tablespoon salt
1/2 teaspoon pepper
3 cups boiling water (from simmered beans)

Do something different during the after-holiday season, and serve home-baked beans with brown bread. A bean pot or a three-quart casserole will be enough for serving 12 people.

Wash, pick over beans and soak for three hours in boiling water to cover. Cover and bring to boil in same water to preserve minerals and vitamins, adding extra water if needed to cover well. Skim; cook slowly until tender, about 50 minutes. Drain beans, reserving water. Turn beans into bean pot or three-quart casserole. Scrape rind of pork until white, score top by cutting down one inch, and bury in beans with rind exposed. Mix remaining ingredients and pour over. Cover and bake in a slow oven (325 degrees) 3 1/2 hours or until tender, uncovering during last hour of baking. If necessary, add more water during baking.

Brown Bread.

1 cup bread flour
2 teaspoons soda
1 teaspoon salt
1 cup corn meal
1 cup whole wheat flour
1/2 cup pure, dark molasses
2 cups sour milk
1 cup raisins or nuts, if desired

Sift flour, soda and salt. Mix with corn meal and whole wheat flour. Mix molasses and sour milk; add dry ingredients. Beat well. If desired, add raisins and nuts. Steam two hours in greased molds, filled 3/4 full and covered tightly.

NEW YEAR'S DELIGHT

A bugle sounded. The army band began to play a slow march. Molly straightened. She'd have to go in as she was. But she'd never be able to get through the crowd in time. She decided to go through the back door. She knocked.

"Come in." A red-headed soldier was staring at a big unfrosted cake on the kitchen table. Without looking up he murmured, "Well, it's about time you got back, Sophronia. Captain Adams just told me to go get his wife. Said she could cook anything. Sure need somebody. The Old Man is in a jam. Everything's gone wrong since this general got here about an hour ago, inspecting for the War Department. He don't seem to think much of the Old Man, and he's right likely to lose his regiment. If he does, I lose my job as colonel's orderly. Don't look like it's gonna be much of a happy new

"Well, it's about time you got back, Sophronia."

year. And on top of it you didn't show up this morning and—"

So colonels, too, had problems. Molly smiled. Don had been going to send for her. Gayly she said, "I'm not Sophronia."

"What?" the soldier turned and looked at her. He groaned. "Just my luck! Guess I'll have to find that Mrs. Adams."

"I'm Mrs. Adams," she said. "We'll have to get busy. How much time have we?"

"Bout twenty minutes," volunteered the soldier.

"I see," smiled Molly. She surveyed the kitchen. A knife would improve the sandwiches. Punch was simple, with lemons and oranges and tea in the refrigerator. She made the icing. Fluffy white and rich brown chocolate.

The soldier tasted. "Say, ma'am, it's swell! But oughtn't it to be a little fancy? Roses and things like that?"

"That's an idea!" Molly's dimples appeared. Once she'd made a cake for Don and put his initials on it in chocolate frosting. Printed letters must have a magic charm. That night Don had proposed. Humming a tune, she spread the smooth chocolate. Don would have to admit now that she was a good army wife. Wasn't cooking the way to a man's heart, and hadn't Napoleon mentioned a soldier's stomach? She stopped in sudden realization. What were the colonel's initials?

Molly sighed, "I'll have to find out." She hurried into the library. Ah, the silver! She carefully copied the letters, Q.M.C. The cake was beautiful. One look and the colonel would be impressed.

She'd been right. Molly watched the colonel stand still and stare. So did the guests. There was an odd expression on the visiting general's face. Still, thought Molly, probably generals never smiled. Then she started. Mrs. Major Arnold was talking to Mrs. Captain Fox. "I wonder what the general thinks of Colonel Jones' having the initials quartermaster corps on his cake. Unusual, to say the least, when Colonel Jones is in the field artillery."

Another mistake! Molly turned. She'd failed. She'd hurt, not helped. Don. She'd never be a good army wife.

Don stopped her. "Molly, what did you mean?"

"I'm sorry—they were on the silver."

"The colonel," Don laughed, "hasn't got his things here, so he borrowed from the quartermaster. Darling, it was a wonderful idea. The general was quite flattered. He used to be in the quartermaster corps. In fact, everybody is happy. Come in, Molly. Wish the colonel a happy New Year. And it will be, thanks to you."

Why, to Stone, Coolidge Was Ideal Orator

Silent Cal they called Calvin Coolidge, even before he became President of the United States. On one occasion, while he was yet vice president, Coolidge was invited to a dinner party by Alice Roosevelt Longworth, whose brilliant salons were the hub of Washington's social life. After an hour of chattering to Coolidge without getting any response better than a mumble, Mrs. Longworth asked with venom, "Mr. Coolidge, why do you go to so many dinners if they bore you this much?"

Cal kept munching and just shrugged, "Well, a fellow has to eat some plain."
