Basketball News

Last Friday night at the Hedley High School gym, the Quail teams defeated the Hedley High School boys and girls teams in two well played games. The girls game was a high scoring contest especially for girls games, the Quail girls winning by the score of 34 to 23. In the boys game the Hedley boys seemed to have trouble finding the basket and the Quail boys defeated them 22 to 13.

After the game Coach Flatt of the Hedley School presented gold basketballs to the player on each team that showed the best sportsmanship. Referees Richardson and Pickett said this was very difficult as all the players on both teams showed good sportsmanship and both games were exceptionally clean games. The awards were given to Odell Murray and Alvin Taylor on the Quail teams, Bett Cooper and Gerald Sims on the Hedley teams.

The teams clash again at Quail Thursday night. Go over and you will see some good games.

American Legion

The American Legion Hall looks mighty good with its new roof. Sheetrocking the inside will start in the next few days, just as soon as the material is available.

The Legion extends invitation to all returning veterans to join. Give your dues to C. L. Johnson, adjutant, just let another member know you want to join. The dues are only \$3.00 a year.

Mrs. Medart Honored

A group of about a hundred friends gathered in the home of Walter Moss Tuesday evening honoring Mrs. Henry Medart, the former Miss Johnnie Crawford, with many gifts for the bride.

The guests were requested to sign the bride's book as they entered, over which, Miss Peggy Everett presided. The group enjoyed games of forty-two, dominoes and cards and music played by Walter Johnson, Roy Rea and the Moss family.

Refreshments of coffee and cake were served in an ensemble of hearts, carrying out the theme of Valentine.

The only accusations heard was on the clock, just too fast for the guests. An enjoyable time was reported.

Mr. and Mrs Sims Receive Letter

Dear Mr. and Mrs. Sims:

Since your son, First Lieutenant Mack L. Sims, Jr., 0735828, Air Corps, was reported missing 26 March 1944, the War Department has entertained the hope that he survived and that information would be revealed dispelling the uncertainty surrounding his absence. However, as in many cases the conditions of warfare deny us such information.

Public Law 490, 77th Congress as amended, provides for a review and determination of the status of each person who has been missing or missing in action for twelve months. Accordingly, your son's case was reviewed and he was continued in the status of missing as of 27 March 1945. The law further provides that a subsequent review shall be made whenever warranted. Upon such subsequent review the making of a finding of death is authorized.

All available records and reports concerning the absence of your son have been carefully investigated and are deemed to warrant a subsequent review of his case. Information in the hands of the War Department indicates that your son was a crew member of a B-25 aircraft which took off on a non-combat mission from Nadzab, New Guinea, and failed to return to its base. The plane was last seen after its take off, and circumstances surrounding its disappearance are unknown. Extensive searches were made on the following day, but no trace of the plane or its missing crew members could be found. A review of all the facts in the case at this time has failed to reveal any further information.

Since no information has been received which would support a presumption of his continued survival the War Department must now terminate your son's absence by a presumptive finding of death. Accordingly, an official finding of death has been recorded. The finding does not establish an actual or probable date of death; however as required by law, it includes a presumptive date of death for the purpose of termination of pay and allowances, settlement of accounts and payment of death gratuities. In the case of your son this date has been set as 19 January 1946.

I regret the necessity for this message but trust that the ending of a long period of uncertainty may give at least some small measure of consolation. An appraisal of the sacrifice made by your son in the service of his country compels in us feelings of humility and respect. May Providence grant a measure of relief from the anxiety you have experienced during these many months.

Sincerely yours,
Edward F. Witsell
Major General
Acting the Adjutant General of the Army

Novelty Trio To Give Program Here Tuesday

The Novelty Trio will appear at the Hedley High School Auditorium on Tuesday, Feb. 12th at 7:30 p. m., according to an announcement by the local Lions Club.

This is really a three-in-one program, featuring juggling and balancing, trained dogs and novelty music.

For many years Al Conner has been a headliner in vaudeville, circuses, and on school assembly circuits with his balancing and juggling act. Among other things he mounts a wagon wheel and rides it, a step at a time, up a stairway and then jumps to the ground still astride the wheel. This is the only act of its kind in the world.

Miss Eddy's dog menagerie consists of four poodles and a Scotty. In one act they are dressed to imitate motion picture stars such as Mae West, Popeye, Dagwood, etc. This is one of the most complete and delightful dog acts on the platform today.

Miss Jane Cole provides piano music as background for the rest of the program and gives solos on beautiful English Organ Chimes imported from England before 1900. Marimba tumblers, played by merely rubbing the tips of the fingers over the glass, and ever popular Swiss Bells lend a novel and delightful touch to the program.

Lions Club News

The Lions Club membership conference closed last Thursday with 38 new members added to the club. With the 46 old members this makes a total of 84 members which substantiates Hedley's claim to having the largest Lions club for a town of its size in America.

The Navy led by Otis Owens won with 16 new members, closely followed by the Air Force led by Alva Simmons with 14 members. The Army captained by Sam Owens had 8 new members.

Thursday night at the regular meeting place the Navy will be treated to a feed by the Army and Air Force teams. Steaks and French fry heads the menu.

Next Thursday is regular meeting night. Come out or you will miss a good meeting.

Stewarts Honored

Miss James Ross Adamson, Leon Reeves, Jesse Beach, Jap Shaw and Tom Cherry were hostesses at a show Monday evening in the Methodist Church basement honoring Mr. and Mrs. H. Stewart.

Mrs. Beach greeted the guests at the door and presided at the register. Mrs. Leon Reeves presided over a tea table covered with a lace cloth and decorated with Valentines and lighted candles.

Mrs. O. Hill and Mrs. L. P. Trimble played piano numbers while the guests gathered.

Mrs. Zebbie Land sang The Desert Song and I'd Love to Live in Love Land.

Mrs. V. F. Gaede gave three readings which were presented in a very clear manner in a make-believe to chest.

Those present were Zora M. Chandler, Frasier Chandler, Elba Chandler, Myrtle Reeves, Jessie Davis, Gayne Latimer, Messrs. James Ross Adamson, Herman Kirkpatrick, R. W. Alewine, W. F. Gaede, E. M. John S. Edwards Dies

The many Hedley friends of the family are very sorry to learn of the death of John S. Edwards, who died suddenly of a heart attack Tuesday morning while working at Furr Food No. 1 in Amarillo.

He lived in Hedley for many years until he moved to Amarillo in 1936. He was a member of the Methodist Church.

Survivors include his wife, Laverne; four daughters, Mrs. R. G. Wood, Mrs. W. S. Joiner, Mrs. Arthur DeHart, and Miss Peggy Edwards, all of Amarillo; five sons T. A. of Atlanta; Jack of the United States Army, who is on his way home by boat from Germany; Bruce and Carl, both of Amarillo; a brother, Zino of Boyd, and two sisters, Mrs. B. L. Blackman of Beulah, and Mrs. Minnie Taylor of Memphis.

The body is in state at the Boxwell Brothers Funeral Chapel with services tentatively set for Friday.

WEEKLY NEWS ANALYSIS
Radar Opens Way for Scientific Exploration of Stratosphere; Filibuster Fair Employment Bill

Released by Western Newspaper Union.
 (EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's analysts and not necessarily of this newspaper.)

RADAR: Reach Moon
 With U. S. army radar contact with the moon, vast possibilities confronted a rapidly developing scientific world, which had recorded the explosive use of atomic energy only a short six months ago.
 Having sent radio waves 238,857 miles up to the moon at the rate of 186,000 miles a second and registered echoes 2 1/2 seconds later, army physicists working on the project at the Evans Signal laboratory in Belmar, N. J., saw these possible revolutionary wartime and peacetime uses of the new technique:
 ● Radio control of long-range jet or rocket-propelled missiles, circling the earth above the atmosphere.
 ● Study of effects of upper layers of atmosphere on radio waves.
 ● Drawing of detailed topographical maps of distant planets and determine the composition of other celestial bodies.
 ● Radio control of strato-ships sent aloft to record astronomical data computed aboard such craft by electronic devices.

CONGRESS: Seek Labor Curb
 Despite the general congressional tendency to give the administration wide latitude in handling the strike situation, especially in an election year, southern solons led by Representatives Smith (Dem., Va.) and Cox (Dem., Ga.) have prodded cautious legislators toward consideration of anti-strike measures.
 Hitting congressional timidity for taking the teeth out of the President's proposed fact-finding legislation, Smith declared his intentions to restore the right of federal officials to look into disputants' books in studying issues and establish a 30-day anti-strike period.
 In addition, Smith joined with other congressmen in calling for legislation which would make unions as well as companies equally responsible for observing contracts, and went even further in demanding the prohibition of sympathy strikes and the organization of supervisory and management employees.

Crippling Strike
 As the far-flung steel strike involving upwards of 800,000 workers took effect, government officials looked to a widespread closing of many plants dependent upon the vital material for peacetime products.
 Ordinarily, the big auto manufacturers hold only a 10-day inventory of sheet steel, while producers of washing machines, vacuum cleaners and similar items build up 30 to 40 day stocks. Anticipating a walkout, however, many companies ordered heavily in preceding weeks, though the government restricted permissible inventories of sheet steel to 45 days and other steel to 60 days.
 In evaluating the situation, government officials declared that the volume of production would be partly influenced by the amount of material manufacturers may decide to draw on from stocks. Though many of the bigger companies in the auto and appliance industries have been struck, smaller plants and parts suppliers have been free to work.
 Rescinding all priorities after the CIO-United Steel Workers left their jobs, the government directed warehouses to channel stocks to utility, fire, police, hospital, railroad, food processing and other outlets serving the public needs.

Plant Seizures
 In taking over struck packing plants, the government declared that meat was a vital product, necessary for the maintenance of American strength in securing the peace during the continuing postwar emergency, differentiating it from goods of a civilian nature.
 Though AFL members agreed to return to their jobs, the CIO packinghouse workers rebelled at going back in U. S. controlled plants under old pay rates. By taking over the plants and re-establishing old conditions, they said, the government had robbed them of their one weapon for enforcing higher wage demands.
 While the government took over the plants of Swift, Armour, Cudahy, Wilson, Morrel and others, with company officials conducting the business under U. S. supervision, federal conciliators maintained efforts to bring the disputants together on the wage issue. Increased price ceilings were proposed to offset higher pay advances.

GRAIN: Big Demand
 With the government planning to export between 200 and 225 million bushels of wheat during the first half of 1946, and with livestock producers and distillers scrambling for grain to meet heavy feed and processing needs, farmers were assured strong and steady markets through the year.
 Because of the government's export program and feed and processing needs, the nation's supply of wheat was expected to dip to around 200 million bushels by July 1, with some sources predicting even less. With one to two months supply on hand, many mills already are beginning to feel the pinch, and distillers have been forced to use hulled oats for alcohol despite smaller gallonage per 100 bushels.
 Though the department of agriculture considered limiting the use of wheat for feed, it reportedly was reluctant to act because of a shortage of feed in the poultry producing New England states.

South America May Be Rich Oil Source
 Some of the world's greatest deposits of oil may be found locked in or beyond the forbidding Andes mountains of South America, says Ethyl News magazine. South America already is the second largest oil-producer in the world, and evidences of the presence of petroleum are found the full length of the Andes, giving foundation to the belief that some of the world's major de-

PEARL HARBOR: Short's Turn
 In telling the Pearl Harbor investigating committee that the war department's withholding of intercepted Japanese messages prior to the fatal attack on the naval base had not permitted him to make adequate preparations against assault, Maj. Gen. Walter C. Short took the same position as Admiral Kimmel.
 Lashing the war department for having made him the "scapegoat" for the disaster, Short declared that had he been furnished the gist of intercepted Japanese messages pointing toward imminent war, he would have girded his Hawaiian command for an all-out alert. As it was, he said, he only ordered a watch against sabotage and presumed it was satisfactory since Chief of Staff Marshall had not countermanded the step.
 Discussing the intercepted enemy message of December 6, indicating a break in diplomatic relations, and the concluding part of the dispatch December 7, specifying the exact time for the rupture, Short asserted that had the war department sent him the information promptly, he would have had four hours in which to prepare for an attack. A telephone call to Hawaii would have taken a few minutes, Short stated.

TALK: And More Talk
 Resisting northern efforts to push through the fair employment practices bill, which prohibits discrimination in hiring workers, southern senators led by Mississippi's Theodore G. Bilbo carried on a lengthy filibuster against the measure in their drive to talk it to death.
 With all of the southern senators save Pepper (Dem., Fla.) lined up against the FEPC, one outdid the other in holding forth against the measure. Whereas Bilbo announced his readiness to deliver a 30-day speech, Eastland (Dem., Miss.) threatened to outshine his colleague by filibustering for two years.
 In forming ranks to talk the FEPC to death, the southern senators, referring to chamber members as "my delightful and revered friend," etc., concentrated on discussion of

GERMANY: Rural Elections
 First free voting in Germany since the Nazi rise to power in 1933, elections held in the rural sections of the American zone of occupation resulted in a decided victory for the liberal Social Democratic party, which polled 41.4 per cent of the ballots.
 In swinging to the Social Democrats, the Germans passed up the conservative Christian Democratic Union of Catholics and Protestants, which drew 28 per cent of the vote, and the radical communists, who polled about 3 per cent.
 Lending credence to the American authorities warning that the elections were largely determined by personalities rather than basic party principles was the defeat of the Christian Union. Seeking to swing over the small land-owners' vote, organization candidates asserted that a radical victory would lead to subdivision of existing acreage to accommodate refugees.
 Reflecting increased emergency needs resulting from the economic dislocations following V-J Day, life insurance policy loans have risen since the end of the war, almost doubling in the case of some companies over the record low point of 1945. Advances averaged between \$100 and \$200.
 Despite the rise in new loans, however, the debt position of policy-holders was far more favorable than in 1939, the amount outstanding at the end of 1945 having been pared almost 200 million dollars to about 1 billion from the prewar years. Whereas the ratio of loans to reserves stood at 13 per cent in 1939, it now is only 5 per cent.
 While cash surrender value payments also rose moderately following V-J Day, the total of 240 million dollars in 1945 compared with 732 million in 1939.

FARM PRICES: Familiar Pattern
 Since the end of World War II, the prices of farm products have shown a tendency to follow a trend similar to that which occurred after the end of World War I, according to the Alexander Hamilton Institute. When World War I was drawing to a close, prices first showed a moderate recession from the peak which was reached during the wartime rise, and then resumed their advance.

VETS: Surplus Goods
 Disposal of surplus goods to vets promised to be speeded up through the formation of a special division in the War Assets corporation to handle the program and meet numerous objections posed by past practices.
 Though the volume of surplus goods for disposal will depend upon the final determination of service needs after demobilization, the Chicago regional office of WAC was quick to set up model procedure to facilitate the movement of government material to G.I. applicants.
 Under the new system, any vet desiring surplus goods will be given a certificate to purchase whatever material he wants, and a WAC representative then will conduct him to the department handling the item. If the product is not available, the vet will then be notified when it has been received, and he will be permitted to make a purchase under ceilings established by OPA.
 Formerly, vets had complained that ceiling prices were too high, and that they had not been notified of public sales to dealers on a bid basis for unclaimed surplus material.

OLD FASHIONED ?
No More So Than
POOR WIRING !

Poor wiring is as outmoded as the high-wheeler grandfater used to ride. Today we have so many electrical aids that good wiring is a necessity if we expect efficient service.

Plug too many appliances into one poorly wired circuit and it may overheat if fuse does not blow in time to shut it off. The loss of electrical energy into heat on such an overloaded circuit also reduces the efficiency of each appliance attached.

It's quite easy to get your wiring up to date. Start planning now and remember that full benefit of electrical appliances depends upon adequate and proper wiring.

Let Victory Gardening Live On!

—Photo Courtesy Ferry-Morse Seed Co.

During the war many a family, for the first time in their lives, ate fresh vegetables right out of their own garden. Better yet, they found they liked 'em! If Victory Gardening in America accomplished nothing more, that was a priceless gain.

Thousands of men, women, and children in cities, towns, and on farms have been enjoying better meals the last four years because of their fine response to Uncle Sam's urge to "grow your own." The little backyard patch, the vacant lot, or a few square feet of ground in a community plot became a gold mine. Over and over it has been proved that the food value is greater, the flavor more delicious, when vegetables are eaten garden-fresh.

Have you heard of gardening as an important form of exercise for health? Certain field hospitals began to establish Victory Gardens during the war to help convalescing service men rebuild their minds and bodies. Other field hospitals all over the country are now going ahead with the idea. Doctors and scientists are urging "back to the soil and gardening" as a vital force in stimulating physical and mental health. A garden in connection with a hospital must necessarily be the "pound of cure." A home garden can well be an "ounce of prevention." And every member of the family can profit by it.

In many cases the home Victory Garden actually became a family affair. Dad, Mom, and the youngsters had fun together planting, weeding, and water-

ing the rows, and gathering the luscious tomatoes, tender young peas and beans, sweet flavored carrots and corn. The secret of continuing this family interest as a delightful peace-time hobby is to plant only as much as can be cared for easily with the work shared by all.

A special kind of neighborliness grew up in America during Victory Gardening years. A business man admits that the good-natured rivalry and vegetable swapping between him and his next-door neighbor have made them friends for life. City families who shared a large garden plot and a common picnic table and fireplace nearby have found a permanently richer community life. Employers and employees working side by side in industrial gardens have reached a better understanding of each other's viewpoint.

Will Durant, a popular philosopher and psychologist, believes that America will never be a true democracy until every family owns a piece of ground and cultivates at least a part of it. The eighteen million Victory Gardens of the war years have been a big step toward that goal.

UNDEVELOPED WEALTH

Pennsylvania leads the Nation in the production of coal, coal tar, pig iron, ferro-alloys, sand, stone, cement, coke, slate and sulphuric acid. It has the largest aluminum producer and is first in machine shop products. Its legion of diversified factories will meet post-war needs, adding billions to the Nation's wealth in which all investors in Savings Bonds are shareholders.

When Your Back Hurts -

And Your Strength and Energy Is Below Par
It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.
You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

Other signs of kidney or bladder disorder are sometimes burning, steady or too frequent urination. There should be no doubt that prompt treatment is wiser than neglect. Use **Doan's Pills**. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. **Doan's Pills**

Things You Knew All Along: (But which doper me just found out.)

President Truman is not ill, but the Army has completed plans for a Presidential suite at Walter Reed Hospital. FDR and other gov't officials invariably used the Naval Hospital at Bethesda, Md. Since Mr. Truman served in the Army (in World War I), the Army has no intention of turning over its prize alumnus to Naval medics, should he need a doctor. (Mr. Truman discovered that trying to be a middle-of-the-roader means you get slugged from both sides.)

In Berlin the Nazis (civilians, too) gather in front of U. S. PXs and beg the Yanks "for chawlkott, choongum" and other goodies, even ciggies. The Americans often share with them. When the Nazis are a safe distance away they make "cracks," thumb to nose, etc. Nurses just back also report the Nazis practically dare the Yanks to hit them with their vehicles or bikes as they cross streets. But when they see the Russians coming in cars, they flee. Because the Russkys run over them! (They respect THEM!)

"Fala at Hyde Park" is the title of an unusual short released on FDR's birthday, Jan. 30th.

Six thousand of the 82nd Airborne Division (who marched up Fifth Ave. the other day) will re-enlist.

During the war ammunition was manufactured in the House of Lords, London.

Believe it or not, but there is even a lobby in Washington to prevent the gov't from establishing national cemeteries in each State. (Cemetery associations are behind the lobby.)

Telephones Immaculate (The Hygienic Phone Service of N. Y., Inc.) is a service which disinfects your phones twice weekly. A New Yorker borrowed the idea from London, which is supposed to be decades behind New York.

Denver has a law which prohibits anyone from photographing a woman in her bathing suit without her consent. (How about without her bathing suit?)

It's against the law in England to marry your mother-in-law.

The howl of wolves at night is really a love call.

A Marine never wears pants or carries a gun. Marines wear trousers and they never call a rifle a gun. (Such airs!)

Pawnshops use three brass balls as a sign because they were part of the coat of arms of the Medici family, the first famous pawnbrokers. (My hockshop told me.)

The moon is gradually applying brakes to the earth's spin. As a result, the day is now lengthening at the rate of one-thousandth of a second a century. (Fevvensakes!)

Napoleon invented the income tax to pay for wars.

Midtown Novelty: A noted attorney revealed this in the Blue Angel. A mother and a daughter were threatened with eviction from a 72nd St. apartment. . . . Because the neighbors complained of the girl's vocalizing. "She's always practicing!" said the landlord. . . . Her lawyer argued the owner into withdrawing the dispossession notice and warned him: "Some day you'll pay to hear her sing!" . . . They moved, anyway, because the neighbors were so mean. . . . That was 3 years ago. . . . If those neighbors do not know what became of that girl—they can pay to find out—at the Met Opera House. . . . Patrice Munsell!

The Late Watch: Clark Gable's steadiest companion is Virginia Grey. The reports linking him with this and that gal are strictly "fillers." . . . Big furor in Washington over Gen. Ike's shakeup at the Pentagon. They're the lads "who flew a desk" largely because socially ambitious wives "couldn't live anywhere else." . . . Hotels will be jammed until next December without a let-up. Conventions, buyers, etc. . . . The Burke-Van Heusen score in "Nellie Bly" is rated a goody. . . . Groucho Marx's dghter, Miriam, has switched from a newsmag (as copy gal) to an a. m. paper as cub reporter, already.

Faces About Town: Jimmy Stewart of the films being introduced to the men who erased Hiroshima and Nagasaki, in the Stork Cub section. . . . Jimmy Doolittle at Shor's in his mufti, plus discharge button in lapel. . . . Gen. Vandegrift of the Marines having his boots shined on 50th St. . . . Sandwiches, Salads Form a Basis for Nourishing Lunches

Hot sandwiches are a welcome treat for quick lunches. They may be prepared with ground meat, cheese or cold meats and flavorfully garnished with tomatoes, mustard, onions or mayonnaise.

It's eat and run in most households for lunch time because the children must run back to school or husbands must hurry back to work. If foods are prepared in advance, however, even the quick lunch can be nourishing and satisfying.

Sandwiches, of course, are an old standby, but they should be rounded out with soups and salads instead of just a beverage and a piece of cake. Cold meats are easy to use, but they can be served warm to add more appetite appeal to the noon-day meal.

Left-over vegetables from the night-before dinner, when well chilled and mixed with crisp greens, make an appetizing salad. They may also be used, along with left-over meat, for delicious soup which is so welcome with a fairly dry food like a sandwich.

If sandwiches are served, the dessert should be preferably a pudding or ice cream to give contrast. These, too, are easily prepared in the morning and will be ready to serve for lunch.

I have chosen a number of sandwiches called "burgers" which I think you will find highly suitable for that quick noon-day get-together.

Hamburger. Combine 1 1/2 pounds of ground beef with 1 egg, 1 1/4 teaspoons of salt and 1/4 teaspoon pepper; mix thoroughly but lightly. Shape into large patties about 1/2 inch thick. Heat bacon drippings until sizzling hot in a heavy skillet, lay patties on it and brown quickly on both sides. Reduce heat, cover and cook slowly about 8 to 10 minutes. Place on plain or toasted bun, serve with tomatoes, onion, mustard or mayonnaise.

Liver Sausage Burger. Remove casings from slices of liver sausage and brush both sides with butter. Pan fry in heavy skillet, turning to brown on both sides. Pan fry bacon until crisp. Arrange bacon and liver sausage on split plain or toasted bun. Serve with mustard or mayonnaise.

Cheeseburger. Mix 1 1/2 pounds of ground beef with 1/4 cup milk, 1 teaspoon salt and 1/4 teaspoon pepper. Form into six patties about 3 inches in diameter. Cut six slices of cheese slightly smaller than meat patties. Mix 1/2 cup chili sauce and 2 teaspoons horseradish. Pan fry meat patties in bacon drippings or butter slowly for 10 to 15 minutes, turning several times as they cook. Spread with chili sauce and horse-

Lynn Says: Make the most of your fruit: Apples for baking are more attractive if the skin is peeled in stripes from the upper half of the apple. Use a moderate oven for baking.

All fruits should be washed before using. Spraying of the leaves often leaves a deposit on the fruit. Bananas will not darken if dipped in lemon juice when peeled. Grapefruits and melons will keep fresh if wrapped with waxed paper when cut. Roll oranges and lemons until slightly soft before squeezing. The juice will flow more freely.

radish and top each pattie with a slice of cheese. Broil until cheese melts. Serve on plain or toasted buns with tomatoes, onions, relish or mayonnaise.
Here are two rich hearty soups which you might like to serve with any type of sandwich. These, of course, may be made ahead of time as soup will improve in flavor on standing.

***Pepper Pot. (Serves 6)**
1 onion, sliced
1/2 cup celery, diced
1/4 cup chopped green pepper
1/4 cup butter
1/4 cup flour
1 1/2 quart of meat stock
1 1/2 cups diced potatoes
1 tablespoon salt
1 teaspoon chili powder
1 cup cream, whipped
Simmer onion, celery and green pepper in butter about 15 minutes. Add flour and stir until well blended; then add meat stock, potatoes and seasoning. Cover and allow to simmer one hour. Add cream just before serving.

Corn Chowder.
1 quart potatoes, diced
2 cups boiling water
2 tablespoons salt pork
1 medium onion, chopped
1 No. 2 size can of corn
2 cups milk
1 tablespoon salt
1/4 teaspoon pepper
2 tablespoons clopped parsley or celery leaves
1/2 cup cream
Cook diced potatoes in boiling water for 10 minutes. Cut salt pork in 1/4-inch dice, saute and add onion. Continue cooking until pork is brown and crisp and onions are soft and yellow; then add these, with the corn, to the potatoes. Boil gently until potatoes are tender; add milk, salt and pepper. Bring to the boiling point again and add parsley or celery leaves and cream. Serve piping hot.

Two desserts which come to mind for meals such as I've just described are a Cranberry Parfait and a Fluffy Fruit Ice. They are light enough to contrast well with soup and sandwich luncheons and easy to make.

Light, fruity desserts offer taste and color contrasts to rich, heavy meals. Here, Cranberry Parfait is served in tall glasses topped with a square of jelly to make the dessert more attractive.

***Cranberry Parfait.**
1/2 can cranberry sauce
2 tablespoons powdered sugar
1 egg white
1/2 pint cream
1 teaspoon almond extract
Beat the cranberry sauce and powdered sugar with a fork. Whip the egg white and cream. Combine the two mixtures. Flavor with the almond extract and chill. Serve with a square of cranberry sauce.

Fluffy Fruit Ice.
2 tablespoons unflavored gelatin
2 tablespoons cold water
2 tablespoons sugar
1/2 cup water
1 cup syrup from mixed fruit
2 tablespoons lemon juice
1/4 teaspoon salt
1 egg white, beaten
1 tablespoon sugar
Soften gelatin in cold water. Bring sugar and water to a boil. Add gelatin and stir until dissolved. Cool. Add syrup, lemon juice and salt. Pour into refrigerator tray. Freeze until firm. Place in a chilled bowl, break into pieces, and fold in egg white which has been beaten with remaining sugar. Return to refrigerator tray and freeze until firm. Mixed cooked or canned fruit may be served as a garnish.

Maid Has Toothsome Bit Of Information for Mistress

THE mistress had given the nursemaid notice to leave. "So I'm a flirt, am I?" said the nurse indignantly. "You are — and more," answered the mistress. "Well, replied the girl, "I just think you're jealous because I am better looking than you are — your husband told me so! And what's more, I can kiss better than you. Like to know who told me that?" "Don't you dare to suggest that it was my husband!" stormed the mistress. "I'm not suggesting anything," laughed the maid. "But if you must know, it was your dentist!"

Mix This Cough Syrup at Home. Quick Relief

Easy Mixed. Needs No Cooking. Here's an old home mixture your parents probably used. But, once tried, you'll always use it, because it gives such quick, pleasing relief for coughs due to colds. And it's so easily mixed. Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking is needed. Or you can use corn syrup or liquid honey, if desired. Now put 2 1/2 ounces of Pinex (obtained from any druggist) into a pint bottle, and fill up with your syrup. This makes a full pint of truly splendid cough medicine, and gives you about four times as much for your money. It keeps perfectly, tastes fine, and lasts a long time. You can feel this simple home mixture take right hold of a cough. It loosens the phlegm, soothes irritation, and helps clear the air passages. Eases the soreness, makes breathing easier, and lets you get restful sleep. Pinex is a special compound of proven ingredients, in concentrated form, well known for its quick action on throat and bronchial irritations. Money refunded if it doesn't please you in every way.—Adv.
