Basketball News

It looks like the Hedley boys are on the way to a good season. Tuesday night at Estelline they were ahead 8 to 6 when the lights went out. They lost at Quail last week by 4 points but looked much better than the week before. Their defeat of Lelia Lake 68 to 2 showed they were getting into form.

Friday the Owls play Brisco in the district tournament, at Goodnight. Lelia Lake draws Claude and Quail plays Kelton. Give our boys the support they need to bring home a trophy.

Lions Club News

Lions International send awards to the local club to present to members for the work in adding 3 new members to the club during the January members contest. The Lions to receive awards this week are Lions Otis Owens, E. M. Glass, Sam Owens, W. P. Doherty, W. C. Bridges, Ray Moreman, A. J. Simmons, David Stotts, C. L. Johnson, W. W. Platt, W. H. Moffitt, Leonard, Chesshire and Leon Reeves.

Next week is regular Lions Club directors meeting. All offices and directors are urged to attend. Keep your attendance records up. Perfect attendance buttons will be given at the end of the contest in April.

The Lions basketball team played a double header with the team from the Lakeview Club last week winning one game and losing one. They are planning a game with the Memphis Club soon. Watch for the date.

The Wise Old Owl

Why is Betty going to play hard to get? Or is she?

What was the matter with Dorothy Johnson Monday? Seems as if she was lonesome.

Has Margaret Johnson been getting letters from a certain boy whose name is L. C.?

Is Reba falling for Quail? Seems that way.

Who has Sam taken an interest in? Could she be a Sophomore?

What does Mr. Platt mean when he says, "We are all just one big happy family?"

Was Vera really surprised Friday night?

How did the mix-up turn out at the party Friday night?

Is Mildred Bailey really getting interested in a new boy?

Card Of Thanks

We wish to take this means of expressing our sincere thanks to all our friends for their sympathy and help, flowers and kind deeds during Betty's illness.

Your many kindnesses will never be forgotten.

Obe Holland and family

New Mulkey Theatre

We visited the new Mulkey Theatre in Clarendon Friday and had the pleasure of inspecting one of the most modern theatres in the Panhandle.

The new theatre, named for the late Homer Mulkey, replaces the Cozy Theatre which burned almost a year ago. It occupies the space of the old Cozy building and the old Clarendon News location.

The appearance of the theatre, both inside and out, would do credit to a much larger city. Soft carpets, indirect lighting throughout, rest rooms in both the balcony and the main floor, and spring cushioned seats contribute to the comfort of patrons. Pads for the seat backs will be added as soon as they become available.

The latest type of projection and sound equipment has been installed to bring the very best entertainment. The new show has a seating capacity of 683.

The Mulkey opened Wednesday with one of the latest musical comedies, "Tars and Spars." It is now showing every day, and the Pastime will hereafter be operated only on Saturdays.

Mrs. Homer Mulkey, owner, and Lee Bell, executor of the Mulkey estate, are to be commended for their efforts to offer the highest class of entertainment to the citizens of this section.

Rollie Kelley Announces For Commissioner

I have authorized the Informer to announce me as a candidate for County Commissioner from Precinct 3, subject to the Democratic primaries.

I feel that I am qualified to properly perform the duties of this office. I have lived in this county since 1927, and have had 16 years of experience in the kind of work required of a commissioner.

I sincerely appreciate the support given me two years ago, and respectfully solicit your vote and influence again.

Half-Baker Marriage Read In Pretty Home Ceremony

Jane Ruth Hall became the bride of Warren Baker, in simple but impressive rites performed Saturday evening at 7 o'clock, February 9. Witnessed by relatives and close friends, the double ring ceremony took place at the bride's home with Rev. H. T. Harris, the pastor of the First Baptist Church of Hedley officiating.

The bride is the daughter of Mr. and Mrs. Harrison Hall of Hedley, and the groom is the son of Mr. and Mrs. J. M. Baker of Giles.

For the ceremony the nuptial space was backgrounded by potted palms and baskets of white gladiolus. The setting was completed with the use of branched candelabra which held white tapers lighted by Josie Plunk and Betty Caldwell.

Mrs. Zebbie Land, vocalist, gave the pre-nuptial selections, "I Love You Truly" and "Because". She was accompanied by Mrs. Conley Ward, of Memphis, pianist, who also played the traditional processional selection, as well as providing muted interpretations of "Ave Marie" and "O Perfect Love" during the ceremony.

The bride, who was given in marriage by her father, was lovely in an aqua crepe fashioned with a fitted bodice and full skirt, complimented by white and brown accessories. She wore a single strand of pearls, and "something old" was a piece of jewelry of her mother's. She also carried out the tradition of "something borrowed and something blue and a sixpence in her shoe. The bridal costume was completed with a white Bibie topped with a white orchid from which showered white ribbons tied with bouvardia blossoms.

Miss Bobbie Hall, sister of the bride, was maid of honor. She wore a beige crepe with brown accessories and her bouquet was tulle and roses. Best man for the groom was Adell Myers. Mrs. Hall wore a brown crepe dress, accented with a corsage of jonquils.

Following the wedding an informal reception was held at the home of the bride's parents. In the dining room, the lace covered refreshment table was centered with the tiered wedding cake topped with a bell, surrounded by white carnations and greenery. Miss Kathryn Baker presided at the cake after the bride and groom cut the first slice, and Miss Margaret Baker served punch. Duties of serving were shared by Mrs. Leon Reeves and Mrs. Ross Adamson. Signatures of the guests were secured for the bride book by Josie Plunk.

The reception preceded the departure of the bride and groom for points unknown. On their return they will establish residence in Pampa. For travel, the bride chose a smart blue wool suit, with accessories of brown.

The bride is a graduate of Hedley High School and attended West Texas State Teachers College at Canyon and Texas State College for Women at Denton. The groom is also a graduate of Hedley High School. He was discharged from the Navy Jan. 20. He spent 18 months in the Admiralty Islands.

Those witnessing the ceremony were Mr. and Mrs. J. M. Baker,

Stockholders Meeting

J. B. Masterson and Rayburn L. Smith have been selected by the board of directors of the Donley County National Farm Loan Association as delegate and alternate, respectively at the stock holder's meeting of The Federal Land Bank of Houston on February 19-20 in Houston.

The Donley County Association organized in 1943 by consolidation of the Clarendon and Hedley Associations, has \$33,360.00 stock in the Land Bank, which is owned entirely by the national farm loan associations throughout Texas.

Josie Plunk, Mr. and Mrs. J. T. Wylie, Mr. and Mrs. Bill Pletcher, Mr. and Mrs. Kenneth Taylor, Mr. and Mrs. Willard Knox, Mrs. Conley Ward, Mary Noel, Mr. and Mrs. Louis Pistoria, Adell Myers, Mr. and Mrs. Frank Kendall, Rev. and Mrs. H. T. Harris, Mrs. Ross Adamson, Mrs. Zebbie Land, Myrtle Reeves, Mr. and Mrs. Leon Reeves, J. S. Gilliam, Bobbie Hall, Betty Caldwell, Margaret and Kathryn Baker.

Rehearsal Dinner

On Friday evening preceding the wedding Mrs. Leon Reeves and Mrs. Ross Adamson were hostesses for a rehearsal dinner given at the latter's home. Guests were seated at the tables attractively centered with an arrangement of red carnations. The dinner which preceded rehearsal for the wedding was attended only by members of the wedding party and the immediate families of the bride and groom.

Bridal Shower

Miss Jane Ruth Hall was the honoree at a lovely shower given in the home of Mrs. Ross Adamson on Thursday evening at 7:30 o'clock. The hostesses were Mesdames Alva Simmons, Hobart Moffitt, Leon Reeves, Frank Kendall, Frank Murray, Charles Rains, Barney Johnson and Ross Adamson.

Mrs. L. P. Trimble played beautifully as the guests gathered and were registered by Mrs. Frank Kendall.

The tea table was laid with a lace cloth centered with a large doll dressed in a bride's gown of white satin. Crystal candelabra with tall red tapers and vases of red rose buds completed the decorations. The tea table was presided over by Mrs. Barney Johnson and Mrs. Frank Murray who served refreshments of angel food cake and punch.

Mrs. Winfred McPherson sang Always, accompanied by Mrs. C. O. Hill at the piano. Mrs. Elvia Davenport read three appropriate poems and a trio consisting of Mary Alice Hunsucker, La Rita Raye Johnson and Sarah Ann Rains, accompanied by Joan Ray Moreman at the piano, sang two numbers.

Mrs. Ruth Land entered the room singing A Garland of Old Fashioned Roses and pinned a sweet pea corsage on the honoree. She was followed by a group of girls, Vera Bain, Mary Sue Scales, Joy Blankenship, Theresa McPherson, Margaret Baker and Bobbie Lee Hall, each carrying a gift topped with a red rose and holding the garland of red ribbon which was twined around the honoree as the gifts were placed in her lap.

J. E. Neely Dies

J. E. Neely, a long time resident of this county and a highly respected citizen, passed away at his home here Tuesday night after an extended illness.

Funeral services were held Thursday afternoon from the Methodist Church here by Rev. W. F. Gaede. Interment was in the Clarendon cemetery with Womack Funeral Home in charge. Pallbearers were Roy McKee, John Nash, Dee Franklin, Leon Reeves, Hobart Moffitt and Alva Simmons.

James Emerson Neely was born May 29, 1859, in Smith County, Texas. He was married to Miss Pantha Smith Oct. 10, 1887 at Midlothian, Texas. To this union four children were born, one son and one daughter preceding him in death.

The family came to Donley County in 1901, settling near Clarendon, and moved to Hedley in 1910, farming near here until they moved to town last spring.

He joined the Methodist Church as a young man, and was a faithful member as long as his health permitted. He was a kind and loving husband and father, a good citizen who was highly esteemed by all who knew him.

He is survived by his wife, two daughters, Mrs. H. C. Nash of Amarillo and Mrs. W. B. Jones of Hedley; three grandchildren, Mrs. Lena Mae Morris, Jimmie Nash and Ivan Jones; one great-grandson, Edward Morris Jr. and one step-great-granddaughter, Beverly Ann Jones.

Business Changes

R. C. Wakefield assumed ownership of the Darnell Grocery last week, and is operating it as Wakefield Grocery, Market and Feed. They are handling a full line of groceries and feeds, and invite the public to pay them a visit.

J. B. Pickett has purchased the Boren Grocery, and took charge this week. He expects to operate it as J. B. Pickett Grocery.

Old timers here will recall buying groceries from Mr. Pickett quite a few years ago. He invites both old and new customers to call on him.

Wayne Latimer and Bill Stone have bought the equipment of the Hedley Produce and will open the L&S Feed Store next week in the same location, behind the Charm Beauty Shop.

They will buy cream, eggs and poultry and will handle a full line of feeds, besides other lines to be added later. They invite the public to call on them.

Family Reunion

A number of relatives gathered in the home of Mrs. W. A. Wylie Feb. 3 to observe her 85th birthday. Among them were Mr. and Mrs. W. Wylie and son of Amarillo, Leon Wylie and wife of Napa, Calif., Pfc. Ozier Jenkins, wife and son of Childress, and Mrs. Lela Jenkins and Carl Jenkins.

Our thanks to J. M. Dickson for a package of English cigarettes purchased in South Africa. We also have an interesting brief history of his ship, the Tennessee, which we will print next week, due to lack of space in this issue.

Those visiting in the home of Mr. and Mrs. W. F. Merrell Sunday were Mr. and Mrs. Melvin Merrell and daughter Patsy Lynn and Mr. and Mrs. Y. B. Merrell and daughter Nahna Ruth and sons Montie and Billy Ray of Childress.

Mrs. Nadene Lewis and children are visiting this week with Mr. and Mrs. C. M. Lewis and her brothers Melvin and Y. B. Merrell of Childress.

To Save Money, Mix Your Cough Relief at Home

So Easy! No Cooking. Quick Relief. Even if you're not interested in saving good money, you surely want a really effective relief for coughs due to colds. So try mixing it yourself in your kitchen, and be ready for a surprise. It's so easy to mix, a child could do it. Make a syrup by stirring 2 cups of granulated sugar and 1 cup of water a few moments, until dissolved. No cooking is needed. Or use corn syrup or liquid honey, instead of sugar syrup. Put 2 1/2 ounces of Pinex (obtained from any drugist) into a pint bottle. Then fill up with your syrup. This makes a pint—about four times as much for your money. It tastes good—children really like it. It lasts a family a long time, and never spoils. But what you'll like most is the way it takes right hold of a cough. It loosens the phlegm, soothes irritation, and helps clear the air passages. Eases soreness, and let's you sleep. You'll say you've never seen its superior. Pinex is a special compound of proven ingredients, in concentrated form, well-known for its quick action on throat and bronchial irritations. Try it, and if you're not really delighted, your money will be refunded. —Adv.

WEEKLY NEWS ANALYSIS Farm Equipment Output to Hit Peak Late in Year; Push Fight Against Postwar Price Control

Released by Western Newspaper Union. (EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

FARM MACHINERY: Output Off. Hampered by material shortages, inexperienced help, inability of suppliers to deliver parts and strikes, farm machinery manufacturers do not look for attainment of peak production until later this year or early 1947.

When full-scale operations are resumed, it was said, companies will first concentrate on the output of parts for worn equipment since many farmers will be compelled to make their machinery do until new units begin to appear in satisfactory volume.

As it is, manufacturers' efforts to meet a part of the tremendous demand for plows, planters and cultivators for spring use have been cramped by production difficulties, with no substantial deliveries of these items forthcoming. With 30,000 workers of the International Harvester company out on strike over demands for a 30 per cent wage increase, the total of idle employees in the industry approximated 36,000 of 90,000.

UNO: Avoid Strife. Invoking article 33 of the United Nations charter calling upon warring governments to attempt conciliation of their difficulties first before appealing to UNO, Russia moved to settle her differences with little Iran privately and take the matter out of the hands of the security council.

By so acting, the Reds succeeded in avoiding a ticklish situation within UNO itself, with possibilities that the U. S., Britain, France and China might have placed Moscow in a compromising position in investigating the row. In permitting the Reds and Iranians to thrash out their own problems, however, the security council called upon the disputants to report on the progress of their negotiations.

In originally appealing to UNO to look into the controversy, Iran had charged the Russians with interfering with government efforts to subdue a leftist rebellion in the north-west province of Azerbaijan. Sent into the oil-rich country in 1942 to guard supply lines leading into southern Russia, Red and British troops were scheduled to pull out early this spring.

Give and Take. Continuing to give and take in their relations, the Big Three agreed to the election of stocky, 50-year-old Trygve Lie (pronounced Tryg-va Lee) of Norway as secretary-general of UNO. Russ-backed, the selection of the bulky Norwegian foreign minister offset the earlier elevation of British-backed Paul Henry Spaak of Belgium as president.

The U. S. played a key role in balancing the powers through the elections. After the Russians had charged Secretary of State Byrnes and company of having double-crossed them in not pushing Lie's candidacy for president as against Spaak's, Chief Delegate Edward R. Stettinius later arranged for the Norwegian's selection as secretary-general in a five-power pow-wow in his Clarendon hotel suite.

The son of a carpenter who became active in the Norwegian labor movement immediately after his graduation from Oslo university in 1919, reddish-faced, bustling Lie will occupy a key position in UNO as secretary-general, having within his power the authority to submit any problem he chooses to the security council.

CONGRESS: Labor Curb. Despite the brightening industrial picture, a strong coalition of Republicans and conservative Democrats in congress moved for adoption of restrictive labor legislation against the vehement protests of liberal members.

Amid charges by Representative Sabath (Dem., Ill.) that the conservative bloc was being used by Wall street, 153 Republicans and 105 Democrats joined forces to pile up a 258 to 114 vote for immediate consideration of a bill which would set up a labor-management mediation board; provide for a 30-day cooling off period before a strike or lock-out; make both parties liable for violations of a labor contract; prohibit unionization of supervisory employees, and ban sympathy walk-outs. While liberal members vigorously

SEED: Over 50,000 tons of seeds being dispatched now for the spring planting season to nine European countries and China by the United Nations relief and rehabilitation administration include cereal and vegetable seeds, seed potatoes to step up food production for human consumption, forage crops, grass and root crop seed to increase the supply of animal feed and industrial seeds for oil and fiber.

denounced the restrictive measure as one of the "most vicious anti-labor bills ever brought before the house," conservative proponents declared that representative action could be taken in amending or revising the bill during floor discussion.

PRICE CONTROL: Under Fire. First to break the wage deadlock in industry with a 15.1 per cent, or 18 cents an hour, increase to his employees, Henry Ford II came out for abolition of government price control except on food and rent as a means of breaking the bottleneck in civilian production and permitting a rapid flow of goods to consumers.

Declaring that existing price ceilings had the effect of squeezing smaller parts makers between rising operating costs and fixed re-

Henry Ford II

turns, Ford said that the productivity of the big manufacturers depended upon suppliers' activities. If price control were abolished, he declared, the heat of competition for markets would bring down the cost level.

In keeping with his announced position for firm control, President Truman rejected Ford's suggestion in a news conference, asserting that the removal of OPA regulation would result in wild inflation with its disastrous effect upon purchasing power.

Henry II's attack against price control came even as clothing and shirt manufacturers blamed OPA for the insufficiency of stocks on dealers' shelves in the face of tremendous demand from consumers. Charged with withholding at least 400,000 suits from the markets, clothing makers were particularly resentful of OPA regulations, claiming that with their recent grant of a 22 1/2 per cent increase in wages to workers price readjustments were necessary to permit them an adequate profit.

Shirt manufacturers rapped the OPA's so-called "maximum average" price regulation for failure to produce adequate stocks, claiming that they were unable to turn out more of the better grade items in the face of a shortage of cheaper fabrics because OPA required balanced output of all types.

FARM STRIKE: Cool Reception. While farmers in southeastern Nebraska, incensed by the machinery shortage, talked up an agricultural strike in protest of industrial walkouts, farm organization leaders discouraged the idea because stoppage of shipments of fresh products would result in costly waste.

In calling for the withholding of agricultural products to force resumption of industrial output, Strike Leader Hubert Johnson, 48, of Edgar, Neb., listed farmer grievances: "Four years now we've been getting along without new machinery," he said, "and we've been told we would probably get nothing this spring. . . . We need farm tools and bathtubs and refrigerators. . . . We need automobiles. . . . We can't even buy a pair of overalls. . . ."

Taking issue with the farmers' "no machinery for us, no food for you" battle-cry, President Edward A. O'Neal of the Farm Bureau, reflecting leading agricultural organization opinion, pointed out that it would be impossible to halt production of milk, eggs, etc. Withholding of these items from market would only result in loss to farmers as well as consumers, he said.

On the farm. . . . Poultrymen generally can expect an income in 1946 somewhat lower than 1945 earnings, in the opinion of Economist John W. Carncross of Rutgers. Pointing to last year's all-time high egg consumption record of 300 per person, he said it is not likely to be duplicated this year. Some reduction in consumer incomes during 1946, a greater quantity of red meat available to civilians, and reduced military requirements, add up to less egg demand.

Creating Modern Air About the House By Placing Emphasis Upon Windows

NEW BOOK SHELF, LAMP SHADE AND GAY CHINTZ MAKE THIS CHANGE — CURTAINS HANG OVER WALL FROM THE PICTURE MOULDING. WINDOWS SEEM SMALL AND ROOM LACKS COLOR.

By Ruth Wyeth Spears. HOUSES of glass are realities today and, if you want to give any house a modern air, try to make the windows seem important. One way is to frame them in a group by covering the wall and leaving the glass exposed.

An inexpensive chintz with grey-green ground and a flower pattern is used for draperies and to trim the couch cover of heavier grey-green cotton material which is also used for the cushions. The glass curtains are hung on rods suspended from the picture moulding with picture wire and hooks. The side drapes are unlined but the valance is made over buckram. Both are tacked to pine strips and are hung with picture hooks. One

end of the book shelves is closed in to make a head for the couch. The outside is painted grey-green and the inside dark green. The parchment lamp shade has green bindings.

Man's Brain Proves to Be Superior to Brawn of Jungle Champions

Nature fairly bristles with "Sandows" whose capabilities in the way of strength are almost unbelievable. The fighting strength of a full-grown gorilla is estimated to be equal to that possessed by four strong men.

Once an alligator gets its teeth into anything it never lets go. One investigator proved this in a convincing manner. He thrust a piece of steel, two inches thick, between the jaws of a large alligator. The animal's jaws closed so forcefully on the metal that two of its teeth shot right through the bony top of its jaw and protruded above the skin.

The tremendous strength of such beasts as the elephant and the bear is well known. Man, compared with the lower species, is a creature of puny physical power. But in the struggle for survival brains have proved themselves infinitely superior to brawn. Man's strength, intelligently directed, has made him the master of the world.

Orchids Cheap

In some Latin-American countries, orchids are so plentiful and cheap, seldom costing more than two or three cents a blossom, that few fashionable women ever wear them.

Let's go to town — at home! NO TELLING what tomorrow's weather may be. It fools the best forecaster. But we do want chintz for the windows. We do need a carpet sweeper, a new percolator, and a new end-table in the living-room. And we don't want to sash around rainy streets to hunt them. Problem: How to thwart the weather man. Simple enough! Let's sit down by the fireplace and read the advertisements. Here it's comfortable and snug. We'll take the newspaper page by page, compare prices, qualities, brand-names. Tomorrow, rain or shine, we'll head for the store that has what we want, and home again in a jiffy.

Ah—a capitalist!

Now—it's just a penny in a piggy bank. But soon his piggy bank will be full. Then the pennies will be taken to a real savings bank.

The bank will put his pennies to work. Some of these pennies almost certainly will be invested in electric utility securities. Financial institutions, including insurance companies, prefer such securities because sound, thrifty business management has made them a steady, dependable investment—as dependable as electric service itself.

So, the little boy has a personal stake in the electric service industry. Practically every American has—millions of people as direct stockholders, other millions of citizens as savings depositors and life insurance owners.

This is the American private initiative economic system. It's called capitalism. It's a good system. It helped make America great. It produced to save the world. It had more electric power in service than all sources of electric power of all enemy countries combined. And it will continue to open doors of opportunity for all little boys and girls with piggy banks.

More Flowers In Postwar Gardens

—Photo Courtesy Perry-Morse Seed Co.

This year many a home dooryard will take on gay colors than for some years past. Victory Gardeners who concentrated on vegetable growing during the war can now afford to give more attention and space to flowers while continuing to raise enough vegetables for the table. From now on, seed of a greater range of flowers will be available, too. Certain kinds which were produced to a limited extent or not at all during the war are coming back.

You can find annual flowers suitable for almost any location on your home grounds. Is the soil sandy and inclined to be poor? Nasturtiums often like it better and bear more abundant bloom than when the seed is sown in more fertile ground. The same is true of poppies, portulaca, and zinnias.

Do you have a 'hot spot' where the soil is likely to dry out rapidly? Ornamental sunflowers, petunias, annual gaillardia, calliopis, sweet alyssum, four o'clocks, and cosmos can endure quite a lot of heat and drought.

No annual flowers will thrive in all shade, but in a place where they get sunshine only part of each day you can enjoy the moose beauty of pansies, violets, bachelor buttons, and mignonette.

Plan for a border of annuals that will furnish cut flowers over a long season with plenty left on the plants for dooryard charm. Most fall well repay you in the same kind of soil that will grow good vegetables.

No annual flower in the world is more attractive, graceful, and longer lasting than the aster. Be sure to select wilt-resistant strains in their lovely pastel tints and shades. Other easily grown annuals with long stems for cutting are tall marigolds, giant zinnias, calendula, Pink Queen cleome, and cosmos in white, pink, orange, and the newer yellow tints. With shorter stems, though still ideal for bowls and vases and effective in the foreground of a border, are lilliput zinnias, the brave array of newly developed dwarf marigolds, annual pinks and chrysanthemums, snapdragons, and bachelor buttons in white, rose, red, and the popular blue.

Somewhere near a porch where you sit after the day's work is done, raise a clump or row of nicotiana or "flowering tobacco." The plants with their long trumpet blossoms are attractive, and a breath of the heavenly fragrance as night falls will repay you for giving nicotiana a spot in which to grow.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging headache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

HOUSEHOLD MEMOS... by Lynn Chambers

Serve Salads for Afternoon Snacks (See Recipes Below)

Entertaining Easily

Wartime brought back a simplicity of entertaining which will last for some time. We learned that an elaborate meal need not be served for a gathering to be successful. In fact, the simplest of food well prepared and nicely served will bring cheers from any crowd.

A salad with tiny sandwiches served with tea is ample refreshment for an afternoon meeting of the club. A mouth-watering coffee cake with coffee is ideal for an evening get-together. Chocolate milk and sandwiches or a casserole is perfect fare for the children's party.

With sugar still among the scarce items, it's a good idea to conserve on this precious foodstuff whenever possible. Judicious use of sugar substitutes will pull you through many a scarce period, and salads and sandwiches served with beverages will take care of the other times.

When selecting a recipe, check over the amount of sugar required before starting to mix so that you will not be caught short-handed. Consider also whether it is wise to use, say two cups of sugar for a cake, or whether a cake with half or less of that amount couldn't do just as well. It often will.

Many cookies and dessert sauces can be made just as sweet without sugar. These little economies will save sugar for the times when you really need it.

Here are two versatile salads which can easily meet entertaining needs. Both can be served with thin strips of sandwiches to act as a main dish.

Molded Main Dish Salad.
1 tablespoon unflavored gelatin
1/2 cup cold water
1 cup tomato juice
1 small can salmon, flaked
2 diced, hard-cooked eggs
1/2 cup chopped celery
1 tablespoon chopped onion
1 teaspoon salt
1/4 teaspoon pepper
Salad greens

Soften gelatin in cold water. Heat tomato juice to boiling. Add gelatin and stir until dissolved. Chill until partially congealed. Flake salmon; add. Add remaining ingredients. Place in individual ring molds or one 8 1/2-inch mold. Chill until firm. Unmold on bed of lettuce greens and serve with french dressing or mayonnaise.

Frozen Fruit Salad. (Serves 8)
1 cup cottage cheese
1/2 teaspoon salt
1 cup pineapple, finely diced
1 cup cherries, pitted
2 oranges, diced
8 marshmallows, quartered
1 cup whipping cream
1/2 cup mayonnaise

Combine cheese, salt, fruits and marshmallows, tossing together

Lynn Says:
Keep well-groomed: Art gum or wall paper cleaner may be used on light-colored felt hats and kid gloves for cleaning.

Light-colored furs may be cleaned and much improved in appearance by rubbing well with corn meal or flour. Shake out thoroughly and then brush well.

To prevent blisters from new shoes, cover irritated surface or place where shoe is most likely to rub with a small piece of adhesive tape.

To mend woolen garments, ravel a thread from the cloth itself and use for darning.

lightly with a fork. Chill. Whip cream until stiff and combine lightly with mayonnaise. Fold in cheese mixture. Place in freezing tray for three to four hours; or, pack in equal parts of ice and salt for four hours. Serve on crisp lettuce and garnish with additional whipped cream blended with mayonnaise.

Sandwich Fillings
1. Combine 2 cups ground ham, 5 tablespoons mayonnaise, 5 tablespoons prepared mustard and use on whole wheat or rye bread.
2. Mash 3 ounces of cream cheese with 1 tablespoon worcestershire sauce and 2 tablespoons finely cut chives. Use with rounds of whole wheat or white bread.
3. Combine chopped hard-cooked eggs with minced celery, onion juice, chopped sweet pickle and mayonnaise to moisten. This is good on any type of bread.
4. Combine cottage cheese with chopped dates and preserved ginger and spread on white bread.
5. Mix cottage cheese with chipped, crisp bacon and add salad dressing to moisten.
A fruited coffee cake is always delightful because it has flavor and is appealing to look at. Here is the quick type which uses an easy method with a choice of fruit.

Fruited Coffee Cake.
2 cups flour
3 teaspoons baking powder
1/2 teaspoon salt
1/2 cup sugar
1/2 cup fat
1 egg, beaten
1 cup milk
8 apricot halves or
4 peach halves or pineapple slices
Sift flour once, measure. Sift flour, baking powder, salt and sugar together. Cut fat into dry ingredients until mixture resembles coarse corn meal. Combine egg with milk. Add to dry ingredients. Stir only until mixed. Pour into a greased 8-inch square pan. Leave apricots whole and cut peaches or pineapple in half. Arrange fruit over top of dough. Mix 2 tablespoons flour, 2 tablespoons brown sugar, and 1 tablespoon fat together. Sprinkle this mixture over the top. Bake in a moderate (375-degree) oven for 30 minutes.
If you want to serve a light dessert for an afternoon club meeting or evening snack, it can be made entirely without sugar. Orange juice and prunes offer a flavorful combination.

Frozen Orange Prune Whip. (Serves 8)
1 egg white
1/2 cup extra-sweet corn syrup, golden type
1/2 cup prune pulp
1 cup cream, stiffly beaten
1/2 cup orange juice
1/2 teaspoon grated orange rind
1 tablespoon lemon juice
Beat egg white stiff. Gradually beat in syrup. Add prune pulp (made by rubbing cooked prunes through a sieve, or by chopping fine), folding it in thoroughly. Chill cream until very cold, then whip until stiff. Add orange juice, grated rind and lemon juice to cream. Combine prune and cream mixtures and freeze in refrigerator tray until firm.

AROUND THE HOUSE

When the family time of the usual breakfast food, serve big bowls of freshly popped corn with milk or cream, and sugar. It is a swell change.

Book shelves should be cleaned and painted, and books frequently dusted, to prevent the breeding of moths, silverfish, or other book devouring insects.

When laundering woollens, be sure to use plenty of stoppuds. It minimizes the rubbing and therefore preserves the garment longer.

The dress you just bought will wear longer if you will take the trouble to secure dangling threads. Pull the thread ends to the inside and tie securely. Or, run them through a needle and fasten with a few over-and-over stitches.

To grow ivy in water, put in one teaspoon of liquid plant food to quired. From time to time, as the water evaporates, add more of the each part of water used and let it alone. No changing of water is required food in proportion to the water added.

If Washington could give us a personal message this month, he would probably urge us to keep buying and holding Victory bonds and to accept the sacrifices we are called upon to make willingly and without complaint.

Food for thought: Do we measure up to the standards Washington might set if he were alive in 1946?

A WORD TO THE WISE

Wise housewives no longer spend wearisome hours shopping about from store to store or market to market. Instead they choose a dependable one-stop, complete food market where they may begin with the meat, and shop on through the fruits and vegetables, the well known grocery items they need, the baked goods, and countless specialties. On the corner, 'M' System has become the first choice of discriminatingly wise shoppers.
