Laymen's Meeting

The following Hedley representatives attended the Laymen's Meeting at Shamrock last Sunday: C. O. Hill, Leon Reeves, Hobart Moffitt, Royce Hall, Dave Moore, J. W. Noel and Frank Kendall.

The meeting lasted from 10 a. m. until 5 p. m. Dinner was served by the ladies of the church. Everyone enjoyed a fine time, and all enjoyed the inspirational services.

Card of Thanks

We wish to express our sincere thanks to our many friends and neighbors for the kindness shown during the illness and death of our beloved uncle.

Miss Jessie Davis
Mrs. Ethel Miller

Baseball

The school baseball ground has been worked over, the backstop repaired and two gates added, also a smaller backstop erected for the younger students.

The boys hope to arrange a game for next week.

Miss Thelma Ivie, Mrs. Carl Millions, Mrs. T. R. Easter Jr. and Charles N. Johnson left Wednesday for Dallas to visit Mrs. Billy C. Johnson and Billy Johnson and Billy Clifford Jr.

Miss Peggy Nell Everett, who has been employed in the Security State Bank here for about 12 years, has resigned her position here to attend the State University at Austin.

Mrs. L. E. Cassidy and Mrs. W. O. Snow are visiting in Turin, Ark., with Mrs. Cassidy's daughter who is quite ill.

Mrs. Fred Carter underwent a major operation in an Abilene hospital Wednesday.

Mrs. Pauline Sharp, who is in Temple hospital for treatment, is reported somewhat better.

Mrs. Letha Youngblood and so Adrian were accompanied by M and Mrs. Leroy Harris to the burial service of their mother, Mrs. W. S. Stout at Quanah Sunday.

Cpl. Ora Wiggins of Camp Leonard Wood, Mo., is visiting home folks.

Mrs. Kent Bellah of Saint Joe is visiting here.

Mrs. Pauline Wood has been visiting in the J. B. Pickett home.

Church of Christ

M. F. Manchester is now preaching every Sunday at the Church of Christ. Everyone is cordially invited to come out and hear him.

Lions Club News

At last week's Lions Club meeting part of the Lions left early in the Lions Club ball team who played in the Memphis All star tournament. So part of them saw a good ball game and part got to enjoy a good program put on by Mack Graham and his boys from Memphis, but all enjoyed a good feed put on by the Methodist Ladies. The ball team lost in the finals of consolation to Memphis 42 to 39.

This week is regular directors meeting at the bank at 7:30 p. m. All officers, directors and committee chairmen are urged to be present.

Next week's meeting of the club will be at 7:30 p. m., the regular meeting time. District Governor Chas. Dean of Plainview has been asked to present the award and keys won in the Melvin Jones birthday membership contest. Let's have a good attendance and show him what the club is doing.

Mrs. W. S. Stout

On Monday, Feb. 18, Mrs. J. D. Masten was called to the bedside of her mother, Mrs. W. S. Stout, who passed away Friday night in Amherst Sanitarium. She was 87 years old. Funeral services were held Sunday at the Methodist Church in Earth, with burial in Quanah cemetery Sunday afternoon at 4:30. She made her home here with Mrs. J. D. Masten until the death of Mr. Masten.

Family Reunion

La Villa—Enjoyable event of the week end was the reunion of the family of John Wade of this community, the get-together being held at the R. O. Wade home. Mr. Wade had his three sons, R. O., J. R.; and V. F. of Hedley, a home for the first time in over two years. Of further interest was the fact that this was the occasion for the silver wedding anniversary of Mr. and Mrs. V. F. Wade.

Mesdames R. O. and J. J. Wade were co-hostesses for the dinner party which marked this joint celebration. Centering the large table where the guests were seated for dinner was a beautiful wedding cake. Mr. and Mrs. Wade were presented with a gift of silver by their relatives. Entertainment for the afternoon was conversation and group singing.

Present for this occasion were John Wade, Mr. and Mrs. J. J. Wade, Howard, Elmo and Myrtle Wade; Mr. and Mrs. V. F. Wade, a daughter, Mrs. Hoover Harrison and her son, Wade, of Hedley; and Mr. and Mrs. J. J. Wade and daughter, Doris May.

Members of the immediate family who were unable to be present were L. J. Wade and wife and Mr. Harrison of Hedley, Miss Mary Wade of Kingville, and Mr. and Mrs. Ben F. Freasier and son, Ben of Kingsville and Pvt. J. R. Wade of Camp Crowder, Missouri.

Mr. and Mrs. J. R. Wade entertained at dinner on Monday at the J-Bar Ranch in La Villa, honoring Mr. and Mrs. V. F. Wade and Mrs. Hoover Harrison and son, Wade of Hedley.

Arthur Lee Davis Dies Parent-Teacher Assn.

Funeral services for "Uncle Lee" Davis, who passed away last Thursday after a lengthy illness, were held Friday from the Church of Christ here by Minister Frank Cnison, assisted by Rev. W. F. Gaede and Rev. J. T. Harris.

Interment was in Rowe cemetery with Womack Funeral Home in charge.

Palbearers were Raymond Everett, V. Alewine, Hobart Moffitt, R. W. Scales, E. M. Glass and R. L. Harris.

Arthur Lee Davis was born July 15, 1862, in Jacksonville, Texas, being over 83 years of age at the time of his death. He was married to Miss Delilah Blankenship in 1891 at Gainesville. They lived at Tucumcari, N. Mex., for several years before moving to Hedley in 1936, making their home with Miss Jessie Davis and Mrs. Ethel Miller.

Mrs. Davis preceded him in death Dec. 8, 1944.

He was an invalid for some time before his death, having suffered a broken hip, but had recovered enough to be up with the aid of crutches. He was of a kind and pleasant disposition, and was a faithful member of the Church of Christ.

He is survived by his two nieces, Miss Jessie Davis and Mrs. Ethel Miller.

"Uncle Bob" Watson

Word was received here Wednesday of the death of Uncle Bob Watson at Abilene Wednesday morning from a heart attack. Funeral services were to be held there Friday.

Further information was not available for this issue.

J. W. Alewine, son of Mr. and Mrs. V. Alewine of Hedley, is one of the veterans attending Abilene Christian College under the GI Bill of Rights.

Mrs. Mildred Springs, who was brought home last week from the Fair hospital, is reported improving.

Culwell-Stephens

Announcement has been made of the marriage of Ray Culwell, son of Mr. and Mrs. O. R. Culwell of Childress, to Lt. Dorothy Stephens of Sault Ste. Marie, Mich., which took place at Canyon Feb. 10.

Ray graduated from Hedley high school with the class of 1931. He was a Staff Sergeant in the medical corps of the 7th army and was in Berlin when the Germans surrendered. He sent home over 100 pieces of Hitler's silverware.

He plans to leave soon for Nevada to attend medical school.

Hy Smith-Wells

White Deer, March 6—Miss Jo Wells became the bride of Jack S. Hy Smith on Feb 21 in the home of her parents, Rev. and Mrs. M. E. Wells of White Deer, with the Rev. Wells officiating.

Mrs. Hy Smith was graduated from the Hedley High School and attended Clarendon Junior College and West Texas State College. Until shortly before her marriage she was employed in Pampa.

Mr. Hy Smith is a graduate of the Caddo High School and plans to enter college at John Tarleton next semester.

Mr. and Mrs. J. E. Blankenship received word this week from their son, 1st Lieut. Lionel Blankenship that he had landed in Seattle, Wash. and would soon be home. Lt. Blankenship has served in the Pacific area for nearly 2 years, taking part in the Philippine campaign. He was last stationed in Korea.

Mt. Sgt. James W. Mann of El Toro Marine Corps Air Station has been visiting his parents, Mr. and Mrs. J. F. Mann. He has been in service nearly 6 years, and was at Pearl Harbor at the time of the Japanese attack.

A postcard from Mr. and Mrs. Les Hawkins orders their Informer sent to their new address at Big Spring.

In Loving Memory of Mrs. J. S. Hill

She has gone, my dear, dear friend,
Gone to her beautiful mansion above.
'Tis sad her life has come to an end,
O precious friend that we love.

She lived a saintly Christian here,
Devoted to family and home.
Was patient, tender and kind,
And her voice had a Christlike tone.

She loved her Savior as Christian should,
And loved her church home well;
Was true and faithful as long as she could
And at the Master's feet she fell.

She loved the noble and the good,
And for right living firmly stood;
She wasn't tossed by every wind that
blew,

But was solid and true blue.

She was a wonderfully inspired poet,
And put so many thoughts in rhyme:
Beautiful thoughts, never false or rude,
Thoughts wonderful and sublime.

Her going brought sadness to my heart,
And tears to my eyes o'erflowing,
O' how sad from her to part,
And how I grieve her going.

She didn't touch with skilled hands the
canvas,
Or paint a picture the world might praise
But with her loving voice she lifted souls,
Throughout her earthly days.

Her friend, Mrs. O. R. Culwell

Add Shelf Units With One for the Corner

IF YOU want shelves on one side of the room only, one or more of the B units shown here with an A unit at each end is a smart combination. If you wish to run the shelves around two sides of the room, a corner unit, shown at C, will also be needed.

All of the units in the sketches are well proportioned with deep shelves and are especially designed to be made by the

man who is handy with hammer and saw. Patterns are available with actual-size cutting guides for the curved shelves. Stock widths of lumber are given and the pattern lists all materials needed. Only the simplest hand tools are required.

The A and B units are made with pattern 270; the C unit for the corner with 271. Patterns are 15 cents each or 25 cents for both patterns mailed to one address. Send requests for patterns direct to Mrs. Spears.

Reds Charge Canada With Bad Faith in Atom Row; Strive to Hold New Stabilization Line

Released by Western Newspaper Union.
EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

Pointing up army warnings of short food supply in reich, Germans are shown scouring rubbish pile behind allied barracks in Berlin for edibles.

ATOM SPIES: Russ Reply

Canada's disclosure of an atom spy ring had ticklish diplomatic ramifications with Russia's angry protest against the dominion's announcement of the news without prior consultation with Moscow with a view toward correcting the situation. Though admitting that the soviet military attache had received atomic information from Canadians, Moscow said the data was of a minor nature and the recipient official had been recalled when it learned of his activities. It was hinted that dominion's action was calculated to impair Russian prestige at a time when the Reds were advancing the cause of independence for subject people in the United Nations organization.

In discussing the atomic information its military attache received, Moscow declared that it consisted of data already compiled by Russian scientists or included in a book by Dr. Henry Dewolfe Smyth of America. A consultant to the army on manufacture of the A-bomb, Smyth detailed atomic developments from the 1920s through the war, but omitted vital figures in the formula for producing the necessary materials. As the Canadian case developed, pressure in this country increased for added safeguards for protecting America's secret of manufacturing the A-bomb. Declaring that more atomic information had been divulged since the introduction of the A-bomb than during actual work on the project, army men were said to have charged some of the leaks to scientists' discussions.

STABILIZATION: New Rules

In determining wage adjustments under the new stabilization program formulated by the administration to clear the hurdle for postwar production, the stabilization board will permit pay increases within a pattern set for an industry, as in the case of oil, steel and automobiles where the figure of approximately 18 cents an hour was established.

To speed settlement of current disputes, the new order also permitted employers to grant wage increases without prior government approval in industries where pay patterns have been formed, or where only so-called "fringe" adjustments involving vacation and holiday pay and shift premiums are involved. Wherever any advances are made the basis for applications of higher

Reflecting increased provision against a rainy day and potential purchasing power, national savings jumped 20 billion dollars in 1944 for a total of 142 billion, the Institute of Life Insurance reported. Holdings included U.S. bonds, insurance, bank deposits, postal savings and accounts in savings and loan associations. The 142 billion dollar total exceeded record coxamer purchases in 1945 by 40 per cent.

ceilings, however, they must be submitted to the stabilization board for an o.k. While only firms employing eight or less persons were exempted from the new stabilization regulations, government officials revealed that other companies may also be excluded if their wage adjustments do not have an inflationary effect. While Stabilization Director Bowles admitted that the new wage-price policy constituted a "bulge" in the line against inflation, he declared that there would be no big

MEAT:

World meat output in 1945, excluding Asia and relatively unimportant countries in Africa and Latin America, totaled about 59 billion pounds, according to the department of agriculture. This is a drop of 6.8 billion pounds from 1944. The reduced output in 1945 reflects the war losses of livestock in European areas; declining feed supplies in many countries and unfavorable pasture conditions.

GERMANY: Private Relief

As a result of President Truman's approval of the establishment of a private relief council composed of religious, labor and social agencies, needy Germans may receive up to 2,000 tons of supplies each month if shipping and port facilities allow.

Set up after heavy pressure had been exerted for the alleviation of starvation and privation in the conquered Reich out of humanitarian considerations, the new council, known as CRALOG, will include the American Friends Service committee, Brethren Service committee, Christian Science War Relief committee, Church Committee on Overseas Relief and Reconstruction, International Rescue and Relief committee, Labor League for Human Rights (AFL), Lutheran World Relief, Inc., Mennonite Central committee, National CIO Community Service committee, Unitarian Service committee, and the National Catholic Welfare conference.

With the U. S. army in over-all control, and a CRALOG representative checking on distribution and surveying needs, shipments will include evaporated and powdered milk, sugar, fats, clothing and shoes and medical supplies.

Relief Racket

With the shipment of private relief packages to European countries outside of Germany growing into a big business, the OPA moved against fraudulent operators in New York City accused of overcharging clients for food deliveries to Europe.

Begun four months ago when government officials noticed the discrepancies between the prices and contents of packages, investigations reportedly disclosed that cheaper foods were being substituted, items listed were not enclosed, excess postage was charged and insurance fees were asked on uninsured parcels.

With several hundred companies already engaged in the business, firms are now shipping packages at the rate of 3,500,000 a year.

Connie Still Bosses A's

As the major league baseball teams, strengthened once again by return of their stars from the service, opened spring training in the sunny southern and western climes, 33-year-old Connie Mack was on hand to greet his Philadelphia Athletics at West Palm Beach, Fla.

Manager of the A's since 1901 and winner of nine American League pennants and five World Series, the

Connie Mack greets A's.

soft-spoken, balding diamond wizard gathered a group of hustling youngsters about him in another effort to develop a championship club from promising r-r material. So had he built up his great teams of 1910-14 and 1929-31 and so he would try again, leaving the other clubs to build around expensive stars purchased around the circuit.

As the A's settled down to work, interest centered on 6-foot 4-inch Dick Fowler, who pitched a no-hitter against the Browns last year, and Eddie Collins Jr., a Yale graduate and son of the former great second baseman who paced Mack's famed 1910-14 aggregation.

VETS: Unemployment High

Speaking at a meeting of the American Legion's national employment committee, designed to spur community services for vet hiring, Gen. Omar Bradley declared that 13 per cent of the G.I.s in the labor force remained jobless, with 1,035,000 receiving unemployment compensation in the early part of February.

The relatively high percentage of unemployed vets contrasted with the general rate, Bradley said, stating that only 5 per cent of males in the labor force were out of work, and the total jobless approximated 4 per cent.

Employment of disabled vets has similarly lagged, Bradley said, with the hiring of handicapped G.I.s three times behind applications in September and even lower in December and January.

WHEAT:

When flour mills, under new wheat conservation measures, begin milling flour containing 40 per cent of the wheat, this country still will have a lower milling percentage than most of the rest of the world, the department of agriculture reported.

In practically all of Europe and Russia, wheat flour extraction rates for bread are 85 to 90 per cent, according to reports received by the Office of Foreign Agricultural Relations.

LOUISVILLE'S INDUSTRY
Three-fifths of the output of Kentucky's 1,700 industries by dollar value comes from plants in Louisville. About 75,000 wage earners in the state are paid some \$70,000,000 annually to turn out items valued at over \$900 millions. It's a fine showing for an essentially agricultural state and will go far to guarantee Savings Bonds for you to come.

Spray or Dust — For 'Peace' In the Garden

—Photo Courtesy Ferry-Morse Seed Co.
Watch for destructive insects as soon as the first little leaves poke through the soil in your garden. They are unusually ravenous for tender young foliage, shoots, and buds, and the smart gardener will be on hand with the proper control even before the pests show up.

Two types of insect are well known nuisances—those that suck the juices or sap of the plant, as aphids or plant lice, and those that chew or bite off bits of the plant. The work of the first is seen in general drooping and unhealthy appearance of the plant; the work of the second shows up in actual riddling of the leaves and other plant parts.

For sucking insects the spray or dust must hit and cover the insect, actually smothering it. Stomach poisons are required for destroying chewing insects. The material is dusted or sprayed thoroughly on all surfaces of the plant so as to make a deposit. When the insect starts to eat the plant, it also takes in some of the poison and is killed.

Either dusting or spraying can be effective if properly done with a good insecticide. Now that the war is over, many of the old brands and various new ones will be plentiful. You may want to adventure with some of the new ones, but always follow directions. In small gardens dusting is perhaps even easier than spraying. Here's a simple apparatus for applying insecticide dust which you yourself can easily prepare:

Take a square of cheesecloth, a strong string, and a slender stick. Spread the cheesecloth on a flat surface and pile the insecticide dust in

the center. Gather the cloth by the four corners and tie the string securely around it, leaving the contents resting loosely inside.

Hold the bag with one hand directly over the plant and strike it gently on one side with the stick (see illustration). Part of an old broom handle will do nicely. The dust should cover all parts of the plant. It will stick better if put on when the plants are moist with dew, rain, or water from the hose. Do not put it on just before a shower or your work will be useless. By taking a little extra care, the dust will reach the under side of the leaves as well as the upper surfaces. It is important to choose a day when no wind is stirring.

If you spray instead of dust, see that the leaves and other parts of the plant are dry so that the solution will not be diluted as it strikes the surface. A hand spray with a glass jar attached is simple to use. The glass can be readily cleaned after using, and strong solutions cannot corrode it as they might a metal container. In using a spray, the same as with a dust, be sure to reach the underside of the foliage where insects are even more likely to be feeding than on top.

ALL THEY ASKED WAS AN EVEN BREAK

Building a new country was no easy job. But there were men and women willing to tackle it—to turn their backs on the government managed way of life and their faces toward new frontiers. All they asked was an even break.

Free enterprise is another way of saying "an even break." It's the basic American principle of vision and private initiative. Just give an American an even break—a chance to get ahead—and he'll go on from there.

But when government goes into business, in competition with its citizens, the American ideal of an even break is destroyed—for government in business enjoys special privileges that are denied the people.

Take the case of government-owned power plants, for example. They pay no taxes; get money from the U. S. Treasury at little or no interest; make up losses out of the pockets of the taxpayers.

On the other hand, America's business-managed power companies—owned and operated by millions of folks like you—are on their own. They pay their full share of taxes, and they pay fair interest on loans.

The same foresight and experience which furnished electric power for a global war will assure America dependable—and cheap—electric service for a post-war world. There are still new frontiers in electric living to be opened. And business men can do the job better than bureaucrats.

When Your Back Hurts

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer sagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countryside approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

"It's a buy!—with an OIL-PLATED engine!"

You want an eye-ful of 1946 style. . . . And you're taking in many an earful on chassis features. . . . And you can have an OIL-PLATED engine—a wear-fighter!—by simply saying a mouthful. Just say you want Conoco Nth motor oil—because you want minimum carbon and sludge, plus fat mileage. Those gains depend largely on wear-resistance, and that's exactly what OIL-PLATING is for. Here is how it works . . .

In any make of new car—or equally well in your old car—OIL-PLATING will make an addition to inner engine surfaces. That's where it's fastened durably—across the path of wear—by Conoco Nth oil's magnet-like action. This power to OIL-PLATE and protect comes from the added Conoco Nth ingredient. It will add to the safety of your new car investment. . . . It will add to your veteran car's chances! . . . And the cost it adds is a few cents! Watch Your Kidneys!
Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—and do not act as Nature intended—fall to remove impurities that, if retained, may poison the system and upset the whole body machinery.
Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.
Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
There should be no doubts that prompt treatment is of great importance. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

DOAN'S PILLS

Fun to Stay Home:

A drive in the country has its perils. The parade of sappy billboards is bound to affect your nervous system. And there is always a lunkhead on the road, who will send you to the nearest hospital babbling that he had the right of way.

Nothing can top a home-cooked meal. The cuisine in swanky spots is usually tatty, but a glance at the steep fees for food is bound to give anyone not on the columnist "cuff" indigestion.

Locking paws with a cutie-pie or patting her knees under a cafe table is a popular form of recreation. Yet the privacy of the home provides the coziest atmosphere for cupidooes. Besides, you can be arrested for playing Post Office in public.

There is plenty of danger in night clubs. The air is usually foul, the music is brassy and the emcees' inept cavorting is invariably pitiful. Making goo-goo eyes at the doll across the room is more perilous than smoking hop. She might have a boyfriend who packs a wallop like Joe Louis. Or what is worse—she might know a good lawyer.

Traveling has many advantages but the scenery is never as compelling as it appears in travelogues. All you are certain to acquire while romping around the globe is an acute case of homesickness.

Strolling in the street isn't all it's cracked up to be. Mendicants clutter every block, and you risk running into hoers you're trying to duck. Then there are the sadistic motorists who have declared war on every pedestrian.

The politicians have tipped their mitt for 1946. . . . It's going to be reckless racism—pitting the Poles versus the Russians—the Irish versus the British, etcetera. . . . Cutting up Europe's quarrels to fan up ballots is what too many office-seekers try to peddle as "Americanism." As the lady in "State of the Union" observes: "I thought the Poles voted in Poland!"

Faces in the Dimout: Judge Ferdinand Pecora, Bernard Gimbel, John Gunther and reporters trying to decipher the Mayor's closing proclamation to Sherman Billingsley at the Stark Club. "All I know," said the famed host, "is that this is the first time I ever got hit by an atomic bomb!" . . . Keenan Wynn, just in from Movietown, getting caught in a 59th St. spot's free-for-all. . . . Jane Wyman and her groom, Ronald Reagan, impressing local yocals with their pleasantries. . . . John Steinbeck, the book-writer, trying out his Spanish on the Havana-Madrid crowd. . . . Lovely Alexis Smith elbowing her way through the Radio City signaturists. . . . The Joe Cottens at the Carnival, a gay spot. . . . Augustin Duncan, who attracted sugary notices for his performance as the blind parent in "Lute Song." He is blind.

Sallies in Our Alley: Peter Donald (he was among the recent White House entertainers) told it at the Singapore last night. Margaret O'Brien, the moppet, asked the President: "Was the White House like this when America was born?" . . . "No," said the President. "In those days they didn't have rich young ladies such as you to pay taxes." . . . At Sardi's, Mrs. John Wildberg remarked: "Money is worthless today." . . . "Unless," said her producer groom, "you have none." . . . Buddy Lester says that with the shirt shortage—it is amazing how many people are still willing to risk losing theirs in Wall St.

Manhattan Murals: The swan in Central Park, which accepts food only from males—refuses to come near the gals. . . . The lingerie shop on 5th, which calls its very daring negligees: "indiscretions." . . . The Lincoln, the only hotel in town that plays Negro orchestras. . . . The Embassy's powder room attendant who owns a 24-room mansion uptown.

The Funnies: Lincoln was resting in a hotel lobby after a campaign speech when some of the villagers gathered there. One remarked: "Mr. Lincoln, your speech was good, but there were some points quite beyond my reach." . . . Abe chuckled: "I'm sorry for you; I once had a dog that had the same trouble with fleas!"

Quotation Marksmanship: E. Howe: Make a woman mad and she is no more polite than a man. . . . Vincent Sheean: Churchill's personality is like an army with banners; your first impulse is to get out of its way. . . . M. B. Greebie: Beautiful young people are accidents of nature. But beautiful old people are works of art. . . . N. Coward: It's surprising how many are shocked by honesty and so few by deceit. . . . Alf D. Runyon: The nearest thing to perpetual motion is a mother with a child.

Serve Cake for Your Sunday Best
(See Recipes Below)

Distinctive Cakes

Homemakers will approach the task of deciding desserts more lightly when there's a luscious cake stored away in the mysterious recesses of the cupboard. Besides, it's an elegant idea to have cakes on hand in case unexpected guests drop in.

Then, too, those of you who want to raise money for your church or club group might want to have a sale of home-baked goods. Cakes, of course, will bring handsome profits if the cakes are light and feathery, and frosted beautifully.

When making a cake, try using a cake or pastry flour. These flours made of soft wheat contain less gluten than all-purpose flour, and will give cake a better, softer texture. Follow the methods given, either that of creaming the shortening and sugar, or using the one-bowl method. Recipes must be tested for each type of method, and it is best to use the directions as they are given here.

All the cake recipes have been tested for freshness. You'll find they keep exceedingly well when covered or kept in a cake tin.

From the south comes this yummy cake with the unusual flavor of pecans in its base:

- Pecan Cake.**
3 cups pecans, finely ground
6 eggs
1 cup sugar
1 tablespoon flour
1/2 teaspoon salt
1 teaspoon baking powder
1 teaspoon vanilla

Beat the egg yolks until light, add sugar gradually. Add nuts to the flour which has been sifted with salt and baking powder. Stir in stiffly-beaten egg whites and flavoring. Pour into two eight-inch pans which have been well greased and lined with greased waxed paper. Bake in a moderate oven (350 degrees) for 35 to 40 minutes. Top lightly with sweetened whipped cream and fresh fruit. Bananas, pineapple, raspberries and strawberries are a treat!

If you want a cake with a melt-in-your-mouth quality try a spice cake made with sour cream and a fine combination of spices. There's interesting texture and flavor given from the mashed bananas that go into the cake itself.

- Spice Cake.**
1/2 cup butter or shortening
1 1/2 cups brown sugar
4 eggs
3 bananas, mashed fine

LYNN SAYS

When You Buy, Take Care: If you are selecting poultry, see that the bird is plump, firm and well-rounded. The skin should be smooth and without discoloration. Clear, even yellow-white color is best. Avoid birds that look extremely blue or gray. Look for a flexible breast bone, smooth feet and claws for roasting, broiling or frying purposes.

In buying fish, be sure that the flesh is firmly attached to the backbone. This flesh should show no mark when pressed with the thumb. There will be little fishy smell if the fish is really fresh. The eyes should be clear and bulging, not sunken.

Vegetables should be firm, full-bodied and fresh appearing. Guard against wilted, shriveled tops, and bruises. Any vegetables which are in the pod should be moist, not dry.

Look for fruits that are as fresh as possible—firm and full-bodied. It is best to buy by weight rather than by bunches or the dozen.

LYNN CHAMBERS' MENU IDEAS

- Macaroni-Cheese Loaf
- Tossed Carrot Salad
- Green Peas
- Whole Wheat Bread
- Jam or Jelly
- Ice Cream with Butterscotch Sauce
- Beverage

- 1 cup sour milk
- 2 teaspoons cinnamon
- 1/2 teaspoon each, nutmeg, allspice
- cloves

- 2 1/2 cups cake flour
- 3 teaspoons baking powder

Cream together the butter and sugar, add beaten egg yolks and bananas. Sift dry ingredients and add alternately with the milk. Fold in stiffly beaten egg whites. Bake in layer cake pans or large oblong pan.

Marshmallow Icing.

Combine 2 unbeaten egg whites with 1 1/2 cups granulated sugar. Add 1 1/2 teaspoons corn syrup and 5 tablespoons water. Cook rapidly over boiling water for seven minutes, beating constantly with a rotary beater. Then add 8 marshmallows which have been softened over hot water. Add 1 teaspoon vanilla extract and beat until icing stands in peaks. Spread on cooled cake and dot primly with bits of maraschino or candied cherries.

If you want to save time and energy, you will want to use this frosty lemon cake right away. It's made in one bowl and requires only accurate measurements and a specified amount of beating time.

- Frosty Lemon Cake.**
2 cups sifted cake flour
1 1/4 cups sugar
3 1/2 teaspoons baking powder
1 teaspoon salt
1/2 cup shortening
1 cup milk
1 1/2 teaspoons vanilla
3 egg whites, unbeaten

Put dry ingredients—flour, sugar, baking powder, salt and shortening—in one large bowl. Add about 2/3 of the milk, then vanilla and beat until smooth. Add remaining milk and egg whites before 100 strokes have been completed. Scrape bowl and spoon often during mixing. The batter will be quite thin, but very smooth. Bake in two greased 8-inch cake tins in a moderate oven (350 degrees) 30 to 35 minutes. Spread lemon filling between the layers and dust with powdered sugar.

- Lemon Filling.**
3/4 cup sugar
3 tablespoons flour
1/2 teaspoon salt
1/4 cup lemon juice
Grated rind of 1 lemon
1/2 cup water
3 egg yolks, slightly beaten

Mix sugar, flour, salt together. Add lemon juice and rind and mix well. Add water and egg yolks. Blend carefully. Place over hot water and cook until smooth and thick, stirring constantly (about 15 minutes). Cool and spread between cake layers.

- Chocolate Cake Filling.**
1 square unsweetened chocolate
1/2 cup milk
6 tablespoons sugar
2 tablespoons flour
1/2 teaspoon salt
1 tablespoon butter
1 teaspoon vanilla
1/2 cup cream, whipped

Add chocolate to milk in double boiler. When chocolate is melted, beat with a rotary egg beater until well blended. Combine sugar, flour and salt and add gradually to chocolate mixture. Cook until thickened, stirring constantly. Then cook five minutes, stirring occasionally. Add butter and vanilla. Chill thoroughly, then fold in whipped cream.

AFTER dinner, dishes are fun to do when you've sewels embroidered with these gay sunbonnet girls and colorful balloons! Simple stitchery.

Household Hints

Grease glass baking dishes before putting food in them to bake and they will be much easier to wash.

Wrap gold and silver evening bags and slippers in dark-colored cloth to prevent tarnish.

If you have a favorite piece of jewelry which cannot be worn because it discolors the skin, try this: After cleaning it, give the back a coat of colorless nail polish.

Immediate patching of worn spots may add years to the life of a roof if it is, on the whole, still in good condition. It is, however, usually poor economy to do a patchwork job on a roof that is well worn.

Before stuffing fowl wipe the inside thoroughly dry to prevent the stuffing from being soggy.

An old tennis racket makes a mighty good carpet beater.

Do not throw away used wax jelly tumbler covers. Wash in cold water, dry them, and place in an empty tin can. When the can is filled, they should be melted together to form a cake and covered. Thus, it will be kept fresh and as good as ever to be used for next season's jelly jars.

Goldfish, Freed, Reverts To Original Color, Size

Centuries of breeding have made the goldfish the most modified of all domesticated creatures in the animal kingdom.

Yet when this species of fish escapes into open water where its chances of survival are endangered by its bright color and small size, it reverts to its original dark olive color and triples its size within a few generations.

FIELD SEED

We now have a stock of both Martin and Plainsman maize, also corn and millet seed.

We still have plenty of Oats and a few sacks of Bran.

A good supply of washed Nut Coal.

Watch this ad for other feeds and seeds that we might add.
