Army News Release

Persons seeking information on service men's allotments, station, or provisions of army regulations and procedures are requested to go to the nearest army recruiting station and consult the officer in charge. Particularly those desiring to correspond with the War Department or the Adjutant General's Office in Washington, D. C. or with Headquarters Eighth Service Command in Dallas are requested to allow the Army Recruiting service's many branch stations to initiate the matters through regular channels. This will aid materially in having communications receive attention and will insure receiving the desired action or answer.

Main army recruiting stations are located in Dalhart, Borger, Pampa, Shamrock, Perryton, Childress, Plainview and Brownsville.

Card of Thanks

I want to thank the people of Hedley and Giles for all they have done and for the kindness they have shown me and my family all during my illness. Thank you very much and God Bless you.

Who is Betty trying so hard to get? You might as well give up, Betty.

Does Wanda really find it hard to leave Hedley?

It seems that Duane is slipping a good bit lately.

Has a change really come over Elsie the past three weeks? Which kind?

Kids, I am afraid you are all going to get a bit fooled at the end of school. You know that is when I will uncover my name.

Why were Margaret and Elsie worn out Monday? They apparently had a bad week end.

Does Reba ever get around with veterans? Watch out, Reba.

Why were Joy and Bobbie Lee in such a hurry Monday night?

Lions Club News

Awards won in the membership contest will not be presented to the local Lions Club until March 23. Chas. H. Dean of Plainview, District Governor, wishes to present them himself and he is booked up until that time.

This week's program will be furnished by talent from the local high school and it should be a splendid program. Let's all make it a point to be there.

The Lions have been asked to take over the Red Cross Drive in Hedley. The Red Cross is doing wonderful work and we should all contribute to this good cause.

Attend Convention

Mesdames Ross Adamson, Ray Moreman, Leonard Chesshir, Harrison Hall and Winfield Mosley attended the District Seven convention of the Texas Federation of Women's Clubs at Amarillo last week end.

Mrs. Adamson is public welfare chairman and Mrs. Moreman is homemaking chairman of the organization.

Notice of City Election

Pursuant to an order issued by the City Council of the City of Hedley, notice is hereby given that a City Election will be held on Tuesday, the 2nd day of April, A. D. 1946 in the City Hall of the City of Hedley, Donley County, Texas, for the purpose of electing a mayor and five (5) aldermen.

Leon Reeves, Mayor

New home construction is doing nicely here, houses being under construction or planned by Ansil Adamson, Carl Reid, S. G. Adamson and Brnt Stone, and we hear rumors of two others to begin soon.

Visiting in the J. E. Blankenship home are his brother C. E. Blankenship of Mercedes, Texas, and son Truett and wife of Stockton, Calif.

Giles News

Mrs. R. R. Stotts

Mr. and Mrs. Ned Barber of Camp Bowie spent the week end in the A. E. Ranson Jr. home.

Mr. and Mrs. Freeman McGee and daughter of Turkey and Mr. and Mrs. Ozier Hoggard and children of Amarillo were recent visitors in the K. Autry home.

Mr. and Mrs. H. B. Smith of Tell spent last Sunday with Mr. and Mrs. Robert Caradine.

Mr. and Mrs. J. M. Baker and Bobby visited relatives in Pampa, over the week end.

Miss Irene Proffitt visited in Amarillo last week.

Mr. and Mrs. H. H. Foster of Amarillo and Nina Foster of Childress visited in the G. T. Foster home Sunday.

Mrs. Arthur Ranson and Mrs. Rollie Kelley attended the funeral of A. G. Huffmaster, in Estelline last Sunday.

Mrs. Jerry Stotts and daughter Nelda were recent visitors in Estelline.

Mr. and Mrs. A. E. Ranson Jr. and Retha spent Sunday in the Lewis Curry home in Memphis.

Mrs. G. T. Foster visited in Amarillo Friday and Saturday.

"Uncle Bob" Watson

"Uncle Bob" Watson passed away of a heart attack last Wednesday in the office of Dr. Gary Woods in Abilene, where he had been living with his nieces, Mrs. Hattie Cathey and Mrs. Stella Black.

Funeral services were held Friday from the Elliott Funeral Parlor by Paul C. Witt. Relatives attending included his sister, three nephews and a niece from Dallas, a nephew from Amarillo and a niece from Ballinger.

Shower

Mrs. Oneal Weatherly, the former Anna Sue McKee, was the honoree at a shower last Friday in the Baptist Church basement. Hostesses were Mrs. J. P. Gilbreth and members of her class, including Lola Faye Owens, Bonnie Eden, Joy Blankenship, Vera Bain, Bobbie Lee Hall and Mary Sue Scales.

The program consisted of piano numbers by Vera Bain and Joy Blankenship, an accordion solo by Mary Sue Scales and a reading by Bobbie Lee Hall. Mrs. Gilbreth and the class then presented the gifts to the honoree.

Punch and cake were served to Mesdames R. E. Beach, C. W. Bain, R. W. Alewine, John Fowlkes, Alva Simmons, W. C. Quisenberry, H. T. Harris, K. N. Neighbors, R. W. Scales, C. A. Reed, J. F. Carroll Lewis Announces For Sheriff, Assessor-Collector

I have authorized the Informer to announce me as a candidate for the office of Sheriff, Tax Assessor and Collector, subject to the Democratic primaries.

In making this announcement, I wish to state that I have lived in this county for 39 years. I realize the responsibilities of this combined office, and feel that I am capable of taking care of them. I promise, if elected, to do my best to properly perform these duties.

I will try to see every voter in the county before the primary, and will sincerely appreciate your support.

COTTON TEXTILES
The cotton-textile industry has spearheaded factory growth in North Carolina from 1880 to the present. Centered in the Piedmont area, coarse yarns were spun at first but now medium and fine textures are turned out. It is a \$9 million dollar business. All the world will need these products which will add to the Nation's wealth to back the Savings Bonds you buy.

Parent-Teacher Assn.

The local P T A met March 11 in the high school building. A very nice report was given by the treasurer informing us of the things that have been done with the P T A funds for the benefit of the school. It makes our hearts swell with pride for our small-but-eager P T A.

During the business session Mrs. Clyde Bridges was elected as Chairman of the Nominating Committee for the next year. Mrs. Leon Reeves and Mr. Baker were elected as assistants to serve with her.

The school fair will be held April 8th. All parents are welcome to come and see what your children have been doing in school. A Rounders Day Program was led by Mrs. Bridges. She read several facts about the origin and progress of this organization.

When the Lights Go On Again and the bells of St. Mary were sung by Margaret Baker, Bobbie Lee Hall, Vera Bain, Mary Sue Scales, Lola Faye Owens and Bonnie Edens. They were accompanied by Joy Blankenship at the piano.

A playlet, The Light of Tomorrow, was enacted by Mrs. Longan, Bill Platt, Mrs. Todd, Carolyn Reeves, Geneva Beach, Anita Bain, Jacque Ann Johnson and Joan Ray Moreman.

A poem was read by Mrs. Bridges.

The two founders of the P T A, Mrs. Birney and Mrs. Hearst, past presidents who are with us, past presidents who have gone, and our present president, Mrs. Ray Moreman, were honored by having a candle lighted for each.

Music was rendered by Patricia Murray, Mary Alice Hunsucker, and Sarah Ann Rains while fruit juice and cookies were served to those present. A good visit was had by all.

Donley Co. Memorial Committee Meeting

At a meeting at the Legion Hall, Clarendon, Feb. 25, committee members from Giles, Goldston, Martin, Ashtola, Lelia Lake and Clarendon decided to place before the people of Donley County the proposition of honoring ex-service men by placing a walnut panel in the Court House to contain all the names of the veterans of World War II.

The reason for this change of plans is the fact that the increase in prices in materials and in the number of names to be added would necessitate the raising of some three thousand dollars more funds in order to erect the concrete-marble outdoor monument as originally planned.

The following motion was introduced, seconded and passed unanimously: "That after thirty days notice in the two County papers that we go on record as favoring an Honor Roll panel to be purchased and placed in the Donley County Court House, if sufficient funds remain after any persons not satisfied with this proposed change have been given a chance to withdraw their money in this effort to honor veterans of World War II.

Anyone who contributed to this fund and is not satisfied with the above plans may receive a refund of his money if called for on or before April 1, 1946. Those wishing their money refunded may call upon Clifford Johnson, Hedley, or Rayburn Smith at Clarendon.

Those attending the meeting were Ruth M. Richardson, Lu McClellan, J. R. Brandon, J. C. Gibbs, John White, G. G. Henson, Roy Jewell, J. W. Noel, E. M. Glass, W. C. Higdon, Rayburn L. Smith, C. B. WEEKLY NEWS ANALYSIS

Rip Franco Rule; U. S. Stiffens Foreign Policy; Readjust Crop Goals to Meet Emergency Needs

Released by Western Newspaper Union
(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

Hoping to meet Allied demands for democratization of Japanese government, Emperor Hirohito makes tour of industrial plants, tipping hat to reverent subjects at Kanagawa-Ken.

SPAIN:

Hot Spot

With leftist elements in France pressing the issue, a new government loomed in Franco Spain, long under fire for Fascist connections but reportedly countenanced by Britain because of its neutrality during World War II, which diverted direct attack on Gibraltar.

The Allies' first major step in seeking to supplant Franco came with France's closure of its border against Spain. Prodded by French proposals to take up the matter with the United Nations organization, the U. S. and Britain then reportedly agreed to form a common front to apply pressure for Franco's removal.

While renouncing intentions to meddle with Spain's internal affairs, the U. S. and Britain moved to denounce the continued existence of Franco's regime and proclaim their willingness to recognize an interim representative government if he were ousted. Awaiting resolution of the situation, the U. S. and Britain would not break off economic ties or diplomatic relations, leaving the road open for negotiations for creation of a democratic government.

FOREIGN POLICY:

U. S. Stiffens

Answering demands of Sen. Arthur Vandenberg (Rep., Mich.) for a firmer foreign policy in reaching an understanding with Russia, Secretary of State Byrnes declared the U. S. would go to war to curb future aggressors and peace and reparations settlements must be reached speedily and equitably to permit the economic revival of the world.

Vandenberg

Byrnes' enunciation of the administration's foreign policy followed Vandenberg's charge upon returning from the United Nations Organization sessions in London that the American representatives sat back with compromising attitudes while Russia and Britain pressed their political ambitions. Unless the U. S. pushes its ideals, Vandenberg said, Russia will continue to press ahead in the Far East, eastern Europe, North Africa and Asia Minor where continued aggressiveness may set off a powder keg.

In reaffirming U. S. determination to check future aggression, Byrnes declared that the present arrangement of the three great powers precluded world domination by any one of them, but that efforts to upset the balance would imperil peace. In calling for early peace treaties, he asked for an ending of the draining of occupied countries. Demanding equitable reparations agreements, Byrnes said the U. S. would not tolerate any power deciding for itself what to take.

STRIKES:

Costly Walkout

The General Motors and CIO-United Automobile Workers pitched battle over wages ranks as one of the costliest industrial disputes in U. S. history, with financial losses of over 800 million dollars to company, union, dealers and other producers dependent on G. M. for parts.

With its plants closed as tight as a drum throughout the country, G. M. was estimated to have lost 500 million dollars in unfilled orders.

NATIONAL INCOME:

With the national income in each month of 1945 running below the 1944 level, the year's total dropped to 145,594 million dollars in 1945 from the record high of 160,695 million dollars in 1944. National income, however, was practically as large as in 1943 when it was the second largest on record. Furthermore, the fact should not be overlooked that the 1945 figure is preliminary and actually may be larger.

while 175,000 production employees missed 113 million dollars in wages. Dealers and salesmen were said to have lost another 100 million dollars in commissions.

Because of G. M.'s production of parts, other manufacturers have been forced to curtail assemblies, increasing profit and wage losses. At the Packard Motor Car company, 8,000 production workers have been off more than a month because of the shortage of G. M. supplies.

Of 50,000 G. M. employees in Flint, Mich., over 2,000 strike-bound workers are receiving welfare relief at a rate of \$38.06 weekly.

GERMANY:

Ration Cut

Reduction of the food ration to 1,000 calories daily in the British occupation zone in Germany, and need for substantial imports into the American-held sector if the present level of 1,500 calories is to be maintained, pointed up the critical situation in the fallen Reich.

Seeking to alleviate the new hardship imposed by the ration slash and head off possible rioting, Field Marshal Montgomery flew to London to discuss ways of providing additional food for the 20 million German residents in the highly industrialized northwestern region held by the British. Because a division of British food supplies would not furnish substantial relief, however, authorities appealed to the U. S. and Russia for food shipments.

While Germans in the U. S. occupation zone are receiving a subsistence ration of 1,500 calories daily, two-thirds of the food eaten is coming from local stocks. If the present allotment is to be maintained, imports soon will have to be upped and a total of 700,000 tons shipped in during the first nine months of 1946. Because of scarcities of fertilizer, seeds, tools and farm machinery, fall crops may be appreciably curtailed.

FOOD:
Crop Readjustments

In readjusting 1946 crop goals, the department of agriculture sought to assure a greater supply of edible grain, nutritious relief fare, fats and oils and animal feed to meet not only U. S. needs but growing European emergency requirements.

Because winter wheat already has been planted, the additional 1,000,000 acres asked will have to be seeded in the spring wheat area, the department declared. While North and South Dakota, Montana and Minnesota are expected to plant the bulk of the extra acreage, other spring wheat areas were called upon to increase their crop.

Since smooth dry edible peas constitute a good protein relief food and ship well, the department planned for a 100,000-acre boost in plantings, principally in Colorado, Idaho, Montana, North Dakota, Oregon and Washington.

With small world supplies of fats and oils in the face of the slow movement of shipments from the Pacific and heavy overseas relief needs, soybean goals were boosted by 1,100,000 acres. Iowa, Ohio, Illinois, Indiana, Minnesota and Missouri were asked for the greatest increase.

Faced with the need for high meat and dairy output with feed stocks dwindling, farmers were asked to increase corn production over 1,000,000 acres and also step up roughage cultivation. At the same time, producers were told to maintain the flow of cattle to market, ship hogs at lighter weights and cull poultry flocks.

World Supplies

Supplies of all grains in the principal exporting countries in January were about 15 per cent smaller than at the beginning of 1945, with wheat stocks about 25 per cent less, according to the department of agriculture.

Total wheat supplies in U. S., Canada, Argentina and Australia were placed at 1,392 million bushels compared with 1,868 million bushels on January 1, 1945. The exportable surplus of 475 to 500 million bushels is below world needs.

STATE BANKS:

Ship-Shape

With government bond holdings, loans and discounts and other assets showing substantial increases, the nation's 9,538 state banks boosted their total resources to almost 87 1/2 billion dollars in 1945.

A breakdown of assets showed government bonds, totaling 50 billion dollars, made up 57.4 per cent of resources at the year end, with loans and discounts, amounting to 16 1/2 billion dollars, next at 18.8 per cent. Cash and balances with other banks amounted to over 15 billion dollars to constitute 17.6 per cent of assets while state, municipal and private securities and other resources approximating 5 billion dollars rounded out the holdings.

The 9,538 state banks had capital stock totaling 1 1/2 billion dollars, surplus of 3 billion dollars, undivided profits of 1 billion dollars and reserves of 365 million dollars.

Ready Credit

Alive to the growing volume of installment financing, over 12,000 state and national banks will extend consumer credit in the postwar years, greatly expanding their prewar operations when they supplied 46 per cent of such loans in the country.

While not all of the banks intend to extend all types of consumer credit, 10,500 plan to make personal loans. By buying dealer paper or advancing money directly to consumers, 9,400 banks will finance sales of automobiles and 8,000 will back purchases of such goods as home appliances, farm equipment and airplanes.

Over 5,000 banks will make FHA loans covering home repairs while 7,900 will extend credit for modernization plans of small businesses or residential owners.

Fritz Finds Heavy Going

Deported in September of 1945 as dangerous alien after he had been deprived of U. S. citizenship, former Bund Chief Fritz Kuhn is now baggage smasher in Hohenasberg castle in Stuttgart, Germany.

BIG MAN:

Grows Bigger

One of the biggest of the wartime entrepreneurs, Henry J. Kaiser continued his postwar growth with the leasing of two huge government aluminum mills at Spokane, Wash., with options to buy.

In granting Kaiser companies use of the plants, the government announced that it sought to increase competition in the industry presently dominated by two companies. Because Kaiser plans to extensively employ the metal in his automobiles, the government also said, he might open a new field for use of the material and thus open a market for other U. S.-owned aluminum plants.

In leasing the \$17,630,000 Trentwood aluminum rolling mill, Kaiser-Frazier agreed to pay a yearly rental amounting to 5 per cent of gross sales or fixed sums, running up to \$2,667,000 in 1951. In obtaining the \$22,270,000 Mead aluminum reduction plant, Kaiser Cargo, Inc., will pay annual charges up to \$1,248,000 in the fifth year.

MEAT:

Consumer Costs

Though consumers will have to pay the full cost of the packing companies' 16 cent an hour wage boost to employees, the actual outlay will approximate only 81 cents a year per person on the basis of record consumption, the department of agriculture reported.

In arriving at the figure, department economists divided the 1 1/2 per cent price increase allowed packers into anticipated consumption of 155 pounds of meat per person in 1946 at an average of 35 cents a pound. However, the actual cost might be less since the estimated consumption of 155 pounds per person reflects a peak and is far above the average prewar level.

Despite the 1 1/2 per cent price boost granted packers to offset the wage increase, the American Meat Institute termed OPA's relief entirely inadequate if livestock is to flow to legitimate channels. Even with the new price increase, the institute said, legal operators would be pressed to compete with black marketers in bidding for cattle.

TIRE OUTPUT:

The tire manufacturing industry produced approximately one tire for every automobile on the road in 1945, casings totalling 28,147,538 units. While this exceeded the war-restricted quotas established early in 1945, output fell far short of meeting long pent-up civilian demand.

Rapidly accelerating production in the closing months of 1945 and steadily increasing production since the first of the year had carried current weekly output to an all-time record high by mid-February.

Tot's Ensemble

YOUR little tot will look like the angel she is in this dainty square-necked dress. Note the soft lace or ruffle edging, the pert puffed sleeves. Pattern includes an easy-to-make sunsuit—why not run up several in different colors for warm weather. Slip and panties complete a grand ensemble for the younger set.

SCALLOPS make a striking finish for this smart daytime frock designed for the slightly larger figure. The pretty neckline is flattering, brief cap sleeves are comfortable and practical. Choose a gay flower print and accent with unusual novelty buttons. A go-everywhere style for spring.

Pattern No. 1469 comes in sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 requires 3 1/2 yards of 36" or 38-inch material.

Household Hints

Cook a piece of salt pork with green string beans for good flavor without the addition of butter.

Laces and embroidery should be pressed on the wrong side. Place a Turkish towel under embroidery so designs will stand out.

Learn to sew with a thimble. It saves time and will prevent your finger from becoming sore. Wear the thimble on the third finger of your right hand and push the needle with the side of it.

In sewing on pockets, baste top of pocket in place first, then sew around the sides and bottom, to get the pocket straight.

Fingernail polish thickens all too soon but you can delay it by storing in the refrigerator.

Oriental on U. S. Stamp

The only Oriental personage whose portrait has appeared on a U. S. postage stamp is Dr. Sun Yat-sen, first president of the Chinese republic, who was honored on our China Commemorative stamp issued in 1942.

Yes, she's back at her old job of home-making—that 24-hour-a-day job with no overtime pay.

Mom learned a lot about electric service during the war. She found that stitching up a cruiser and stitching up a curtain are both done more easily and quickly when electricity lends a hand.

And when home-making had to be sandwiched in after war-plant hours, Mom learned that the touch of a finger-tip brought her a dozen willing servants for the cost of a candy bar.

Mom's back in the kitchen. And electric service—always ready, dependable and cheap—is there with her, making her tasks easier, her life more comfortable. Service like that just doesn't happen. It takes hard work and good business management. The men and women in Mom's electric company—and yours, too—make it possible.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. If kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

DOAN'S PILLS

THE OLD JUDGE SAYS...

TED: "Clem and I were wonderin' what you thought of that new movie about the chronic alcoholic, Judge. Understand you saw it before we did."

OLD JUDGE: "Well... it's true most of us never see a case as extreme as that in real life because they are so few and far between. But it does point out one thing... chronic alcoholics are abnormal people and we've got to change our ideas about how to help them."

CLEM: "In what way, Judge?"

OLD JUDGE: "We've got to realize that excessive drinkers are suffering from more than a craving for alcohol. According to

psychiatrists and medical men at one of our great universities, the alcoholic is a sick person. The study of hundreds of cases shows he is suffering from some physical, social or emotional condition... just as in the case of that poor chap in the picture. Fortunately, they represent only a very small percentage of those who drink."

TED: "Is anything being done to really help these folks, Judge?"

OLD JUDGE: "Yes... a great deal in clinics throughout the country. And with the cooperation of the beverage distillers who sincerely want their product used only in moderation."

Why Not Grow Better Sweet Corn?

—Photo Courtesy Ferry-Morse Seed Co.

What's your favorite garden vegetable? "Roastin' ears!" you can hear whole families shouting in the Southern States. "Corn-on-the-cob!" exclaim the Northern folks. It's the same everywhere. Sweet corn is even more American than 'hot dogs'.

During the war many Victory Gardeners discovered the real flavor of sweet corn for the first time. They found that all the luscious sweetness is preserved by cooking the ears as soon as they are picked. When they are allowed to lie around half a day before boiling or roasting, much of the sugar turns to starch, and there's a flat, unappetizing taste.

Because garden-fresh sweet corn is bound to be a "must" for many peace-time homes, here are a few tips on how to enjoy even better results than in the past.

If you have been growing white corn up to now, why not adventure with some of the yellow types? Many think the flavor richer, and most experts agree that yellow corn is superior in vitamins. Some of the new yellow hybrids have certain advantages over the older types. The ears are large, the yield unusually heavy for the space occupied, and most hybrids are resistant to certain plant diseases. Golden Cross Bantam does well almost everywhere; Joana is a favorite in southern areas; Marcross is especially adapted to northern gardens.

Where corn diseases are not common, some of the regular varieties still take precedence. Many gardeners think nothing surpasses the flavor of true

Golden Bantam. And fortunate folks who have had a chance to sink their teeth into the deep milky kernels of Ferry's Golden want nothing else in their sweet corn patch.

Whatever the variety, several short rows should be planted to form a compact plot, rather than one or two long rows. This is to make sure that the wind will carry pollen to every silk on every ear for only in that way can all the kernels develop.

Whether hybrids or regular types of corn are grown, be sure to put in several plantings ten days to two weeks apart instead of sowing all the seed at once. Extend your sweet corn eating time over as long a season as possible.

Take courage if you have been a bit discouraged because of the corn borer or ear worm. There are more preventives this year and fairly simple ways to combat the pests. Begin early if you suspect a corn borer attack. Apply rotenone dust liberally on the plant just before the ears form. Do this four more times, five days apart. To outsmart the corn ear worm, wait until the ear has formed and the silk has dried. Snip off the dried silk close to the husk, or apply mineral oil at the ear tips.

When Your Back Hurts
And Your Strength and Energy is Below Par
It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.
You may suffer nagging backache, rheumatic pain, headaches, dizziness, getting up night, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won country-wide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

HOUSEHOLD MEMOS... by Lynn Chambers

Serve a Salad... Save the Vitamins (See Recipes Below)

Spring Salads

One of the best ways of fulfilling the vitamin and mineral requirement in the diet is to have a heaping bowl of fresh salad at luncheon or dinner. If tasty combinations of fruit and vegetable are used, the family will enjoy nibbling these precious morsels of health.

Salad greens should be washed thoroughly and examined carefully to insure the removal of all foreign substances. Then they are placed in a towel or a vegetable hydrator and chilled before being folded together. The bowl in which the ingredients are mixed and the plates on which the salad is served should also be chilled.

When salad materials are cut in pieces, they should be uniform and well-defined enough so that they will not lose their shape in the folding process.

A marinade is often used to add flavor to salad materials. This is made by mixing oil, salt, lemon juice or vinegar. Vegetables, fish or meat may stand an hour or so in the marinade before using. When several vegetables are used, each one should be marinated separately.

I have chosen several crisp spring salads which I know you will enjoy using. They will be particularly welcome with fish dinners or meals made up of casseroles or other hearty foods.

Jellied Vegetable Salad. (Serves 4 to 6)

- 1 envelope (1 tablespoon) unflavored gelatin
- 6 tablespoons cold water
- 2 tablespoons cider vinegar
- 1 tablespoon lemon juice
- 1/2 teaspoon salt
- 5 tablespoons granulated sugar
- 1 cup boiling water
- 1 cup diced, cooked carrots
- 1/2 cup diced celery
- 1 cup shredded cabbage

Soften gelatin in cold water. Mix the vinegar, lemon juice, salt, sugar and boiling water together. Bring to the boiling point, and add softened gelatin. Stir until gelatin dissolves. Chill until syrupy. Fold in vegetables. Chill until firm. Serve with mustard salad dressing.

Garden Salad. (Serves 6)

- Lettuce
- Romaine
- Mustard greens
- Tiny onions
- Sliced radishes
- Fluted carrot strips
- Green pepper rings
- Sliced tomatoes
- Sliced cucumbers

LYNN SAYS

Meat Cooking Hints: Grinding less tender cuts of meat breaks down tough connective tissue and makes them tender. Use ground meat for patties, meat loaves and meat pies.

Canned meats and ready-to-eat meats may be heated or served with vegetables and a starchy food. There is little waste in them, making them economical. In buying ham, it is best to buy a whole ham rather than slices. Center slices bought separately are usually twice the price of ham bought whole.

Steak continues to cook after it is removed from the broiler. Serve it at once, if you want it medium or rare.

Stuff corned beef hash into green pepper halves, top with grated cheese for a quick supper idea.

LYNN CHAMBERS' MENUS

- Cheese Souffle
- Carrots and Green Beans
- Bran Muffins
- Apple Butter
- Cabbage, Apple and Raisin Slaw
- Fruit Fritters
- Lemon Sauce
- Beverage

Arrange crisp greens in salad bowl. Add onions, radishes, carrot strips and green pepper rings. Make a border of alternating slices of tomato and cucumber. Just before serving, toss with french dressing.

Cut paper-thin lengthwise slices of carrot. Flute like ribbon candy. Secure with toothpicks. Drop into ice water. Remove toothpicks when thoroughly chilled and crisp.

Vitamin Salad. (Serves 6)

- 5 cups shredded raw spinach
- 1 cucumber
- 3 tomatoes
- 12 radishes

Wash spinach thoroughly; break leaves into small pieces; measure five cups. Peel cucumber; score lengthwise with tines of fork; slice. Peel and slice tomatoes. Slice radishes. Combine; serve with mustard salad dressing.

Some fruits and vegetables such as the calavo may be served just sliced in half, without peeling, and removing the seed with the sharp point of a knife, and sprinkling with lemon juice and salt.

If you are looking for molded fruit salad, you will like the following:

Lime Fruit Salad. (Serves 12)

- 1 package lime gelatin
- 1 cup boiling water
- 1 cup cold water
- 4 slices canned pineapple
- 1/2 cup canned white cherries
- 1/4 cup red seeded grapes, cut into fancy shapes
- 4 pears, halved.

Dissolve gelatin in boiling water and add cold water. Set aside to cool slightly. Add fruit and pour into mold. Chill until firm.

Garnish:

- Head lettuce and endive
- Pimiento cream cheese
- 1 No. 2 1/2 can pears
- Cream cheese
- Raisins
- Nuts
- Preserved ginger
- Sliced pineapple

Frozen Pistachio Cheese Salad. (Serves 8)

- 3 3-ounce packages cream cheese
- 1 1/2 ounces blue cheese
- Green food coloring
- 1/2 cup chopped pistachio nuts
- 1/2 teaspoon salt
- 1 tablespoon lemon juice
- 1/4 cup light or heavy cream

Mix the cream cheese and the blue cheese with a fork until soft. Tint a delicate green with food coloring. Add the chopped nuts, salt and lemon juice. Add the cream. Turn into a freezing tray of an automatic refrigerator with temperature control at coldest setting and spread smooth with a spatula to a thickness of about 3/4 inch. Freeze until firm. Cut into small squares and serve on crisp lettuce in the center of individual salad plates with radish roses and cucumber slices around it. Serve with french dressing.
