

The Hedley Informer

VOL. 36

HEDLEY, DONLEY COUNTY, TEXAS, FRIDAY, MAR. 29, 1946

NO. 20

Washington Letter

By Congressman Eugene Worley

A very constructive move was made last week by Secretary of War Patterson when he appointed a six-man board of former servicemen to study the much criticized "military caste system."

Heading the Board will be Lt. Gen. James H. Doolittle, of Tokio raid fame and subsequent distinguished service. On the Board will be ex GIs and officers as well.

Secretary Patterson said the Army investigation will look into the relations between officers and men both on and off duty, investigate provisions for their housing, clothing, and recreational facilities, living conditions and the promotion system. Enlisted men and officers in service at the present time will testify at the hearings which will start late this month. A large number of witnesses, including civilians who had close contact with service personnel, such as workers of the Red Cross, will be heard.

It is expected that the Navy will announce the appointment of a similar board soon.

Card of Thanks

I wish to express my sincere thanks to everyone for their thoughtful gifts, many cards, etc., especially the W. S. C. S. for the beautiful flowers.

Mrs. Pauline Sharp

We are glad to report that Mrs. C. W. Lewis is improving.

J. F. Latimer spent the weekend with his sister, Mrs. W. T. Merrell.

For Sale—One year run Northern Star and Delta cotton seed. \$.50 per bushel. See J. H. Koeninger. p6-1

Mr. and Mrs. Pearl Hunt of Ranger are visiting here.

Mr. and Mrs. Melvin Merrell visited in the home of his parents, Mr. and Mrs. W. T. Merrell Sunday afternoon.

The Wise Old Owl

Does Elsie really think her part as a child in the Junior play fits her?

Does Darrell really look like a robber?

Why is Miss Rambo so out done with the Sophomores? Won't they take advice?

Are the Senior girls above playing the part of a maid?

Is someone else taking Pete's place?

Are Vera and Joy really tired of working for some certain cause?

Does T. E. even know where he is going?

Has the hatchet been buried this week between a certain Junior and Sophomore girl?

Joe, is there an attraction in the Bain girls?

What Quail girl does Charles Neal go to see?

Who brought Bonnie home from the party last Thursday night?

Bonnie, what are you worried about?

Lions Club News

The Lions Club Volley Ball team played the Lelia Lake business men's team there last Thursday and Lelia Lake carried off the honors. The teams are to play here Friday night at the school gym.

At last week's directors meeting the directors voted to buy a merry-go-round and donate to the children's play ground at the local school. Drive by the school ground sometime and notice the additions to the ground made lately. Quite a few things have been added for the little folks as well as larger ones. Our teachers should be commended for this good work.

District Governor Charles Dean of Plainview will visit the club at this week's meeting. Lions C. R. Hunsucker and Bill Johnson have charge of the program. Let's all be out.

Junior Picnic

Friday afternoon the Juniors, with their guests, met at the school house before going to the Clarendon park for a good picnic supper. After eating supper and playing for a while, the following people went to the Mulkey Theatre to end the day by seeing a show: Elsie Howell, Lola Faye Owens, Betty and Erma Spier, Warren Wynn, Jimmy Owens, Sam Owens Joe Usrey, Vera Bain, Arthell Gibson, Wanda Jennings, Herman Wells, Mary Sue Scales, Malcolm Usrey, Mrs. Longan, Miss Rambo Mr. and Mrs. Scales, Billie Rich Tipton, Thelma and Louise Moss, Velvia Johnson, Glyndon and Lynn Cherry, Pat, Mariann and Harley Longan, Bonnie Edens, and Margaret Baker.

For Sale—a few strawberry plants, \$1.00 per hundred.

Revival Meeting

The Spring Revival will begin at the First Baptist Church of Hedley April 11 and continue through April 21. Rev. S. R. McClung of Grand Prairie will do the preaching for the meeting. Bro. McClung was at one time pastor at Clarendon church and from there he went as pastor to Floydada church then to Perryton and then to Grand Prairie. He did the preaching here for a revival a few years ago. Make your plans to attend each service.

Bro. McClung was a co-pastor in the Floyd county association with H. T. Harris for a number of years. Come, you will like him.

Bro. Weldon Lewis, educational director of the First Baptist Church of Memphis will have charge of the singing for the revival.

Red Cross Notes

The Red Cross drive is progressing nicely with Hobart Moffitt local chairman again. The workers will attempt to call on everyone, but if you are missed, leave your contribution with Mr. Moffitt.

Seniors Entertained

The Senior class, with a guest each, were entertained by their room mother, Mrs. Roy Blanks, Thursday night, March 21, in her home south of town. The party was carried on in Irish style. After playing many good games, a large green hat filled with paper clover leaves, was passed to each person. After taking a leaf, each boy found his partner by matching the name written on his leaf to some girl's leaf.

Delicious refreshments carrying out the Irish idea was served to Warren Wynn, Vera Bain, Charles Johnson, Joy Blankenship, Mary Sue Scales, Joe Usrey, Arthell Gibson, Jerard Sims, Bonnie Edens, Mary Ruth Sargeant, Patsy Spier, Andrew Hill, Mr. and Mrs. Bill Flatt, Mr. and Mrs. C. O. Hill, Mr. and Mrs. Roy Blanks. Everyone had a wonderful time.

Miss Jessie Cook Announces For County Treasurer

In announcing my candidacy for the office of County Treasurer I wish to state that I have been a citizen of Donley County since 1905 and feel that I am fully qualified to perform the duties of the office.

Your votes and support will be greatly appreciated, and if elected I will endeavor to serve you courteously and efficiently.

On to the Next Accomplishment!

A SUPERINTENDENT of schools visited a night-school for Negro adults. He was called upon to congratulate an old Negress. She had enrolled at the start of the course with a single, avowed intent—to learn to write her name. She had succeeded, and the course was at an end, and she was leaving.

The next year the superintendent visited the same school. The old woman had enrolled again. "Why?" he asked her.

"Ah's goin' to learn to write mah name," she said.

"But you learned that last year."

"Ah' knows dat. But now"—and she swelled with pride—"now Ah gone got married."

WEEKLY NEWS ANALYSIS

Conservative Bloc Fights OPA; G. M. Strike Settlement Spur to All-Out Automobile Production

Released by Western Newspaper Union.
(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

CONGRESS:

Conservative Coalition

Having first shown its strength in passage of the Case anti-strike bill, a coalition of southern Democrats and Republicans is being organized in congress to loosen government regulation over the nation's economy.

Led by Representative Hartley (Rep., N. J.), 100 congressmen already have joined the coalition, with a strategy committee composed of Hartley himself, Crawford (Rep., Mich.), Smith (Dem., Va.), Barden (Dem., N. C.), Camp (Dem., Ga.), Roe (Dem., Md.), Jenkins (Rep., Ohio), Buffet (Rep., Neb.), Pace (Dem., Ga.) and Sundstrom (Rep., N. J.).

Though the coalition strategy calls for an attack on OPA pricing regulations such as requiring sellers to absorb part of increased costs of production and distribution, the group will seek modification rather than outright abolition of the agency. Support would be given to a one year extension of OPA.

Senator Wherry (Rep., Neb.) was to head the coalition in the senate, where support may be slower in developing because of the need for members to canvass their positions more accurately in view of their wider constituencies. Reflecting this more cautious approach, the senate greatly watered the stringent Case bill which restricted labor activities.

WAR CRIMES:

Hermann Brags

Attired in a baggy uniform with a red scarf tied around his neck, Hermann Goering showed all of his old cockiness in being the first of the Nazi war criminals to testify in his behalf in the historic Nuernberg trials.

With a noose staring him in the face, the rumped former Reich air marshal proudly boasted that he had been Hitler's right-hand man and striven mightily to strengthen the national Socialist party rule "to

Hermann Goering on stand.

make Germany free." Though the Nazis had come into power through free elections, he said, every effort was made to retain their leadership even to the elimination of all political opposition.

In recounting the notorious blood purge of 1933, Goering claimed that Gen. Kurt von Schleicher and Gen. Curt von Hammerstein-Equord had sought to overthrow Hitler shortly before the installation of his first cabinet. In a quick Nazi counter-move, the putsch was crushed and von Schleicher murdered.

FOREIGN AFFAIRS:

Russ on Spot

Russia was put on her honor by high American and British officials in the midst of reports that reinforced Red armies were fanning over northern and western Iran and threatening Turkey and Iraq.

In Washington, D. C., President Truman openly expressed confidence that the U. S. and Russia could resolve their difficulties arising over Iran and the Reds stripping of Manchurian industry through diplomatic procedure. At the time Mr. Truman spoke, Russia's only answer to the state department's protest over continued Red occupation of Iran in violation of a tripartite agreement was an unofficial Moscow radio broadcast that reports Russian troop movements in Iran were inaccurate.

Coincident with President Truman's expression of belief in Russia, Foreign Minister Bevin of Great Britain stressed premier Stalin had

unequivocally assured his major war allies that the Reds would respect Iranian territorial integrity in accordance with tri-partite agreements. Foreign Commissar Molotov reiterated Russia's intention to pull out of Iran during the London conference of foreign ministers, Bevin added.

Behind the political tension, reports persisted that the Reds were exerting the strongest pressure on Iran for oil concessions in the north. The British have extensive petroleum holdings in the south as well as in neighboring Iraq, where a native movement for self-rule backed by the Reds is feared.

LABOR:

Auto Wages

Emerging haggard and bewildered from the conference room after 17 hours of continuous negotiation between CIO-United Automobile Workers and General Motors officials, UAW Pres. R. J. Thomas muttered: "Considering everything, I think we've got a pretty good contract."

Settled after a bitter 113-day strike, the pact did provide substantial wage and other concessions to the union, though falling short of UAW goals. Despite the long-drawn bickering, the company granted only 18 1/2 cents an hour instead of the 19 1/2 cents demanded, and the average G. M. wage was set at from \$1.12 to \$1.30 1/2 cents an hour, still below the Ford and Chrysler pay rates.

By obtaining important concessions from the company, however, UAW officials claimed that the total financial gain would exceed the 19 1/2 cents an hour sought. Gains included adjustment of inequalities in wage rates in certain plants, improved vacation pay up to 4 1/2 per cent of gross income of employees of five years or more, double time for the seventh consecutive day on the job, and equal compensation for women.

In winning substantial pay concessions for the future, the strikers paid a heavy price in lost wages of between 138 million and 150 million dollars. The company was estimated to have dropped 600 million dollars in unfilled orders while distributors lost 150 million dollars in sales commissions.

Production Prospects

With the settlement of the G. M. strike, the auto industry hoped to clear the decks for all-out production to meet the tremendous pent-up demand for new cars. Because many parts suppliers still have to negotiate wage demands, however, the threat to full-scale output remained.

In any event, the auto industry will be unable to meet the goal of six million cars set for 1946. With reasonably clear sailing, it is expected that three million passenger vehicles will be turned out during the remainder of the year.

Indicative of the high gear into which the industry must be thrown to meet production goals, Ford has assembled only 76,000 cars thus far; Chrysler, 53,000; General Motors, under 100,000; Willys-Overland, 62,000; Studebaker, 38,000; Nash, 11,000, and Hudson, 4,000.

Other Strikes

Despite settlement of the General Motors strike and the agreement between General Electric and the CIO-United Electrical Workers, strikes continued to cloud the postwar economic picture, with the dispute between International Harvester and the CIO-Farm Equipment Workers the most serious.

With International Harvester and the union deadlocked over the company's proposal that an 18 cent wage raise be conditioned upon government grant of an offsetting price increase, Secretary of Agriculture Anderson called upon management and labor to co-operate in the production of vitally needed equipment to meet the big crop goals. Unless farmers are able to step up the output, he said, this country will be unable to furnish sufficient food to avert mass starvation abroad.

Termination of the General Electric strike, with an 18 1/2 cent an hour wage raise bringing average weekly earnings to approximately \$42, opened the way toward large scale production of home appliances. Previously, General Motors' electrical division had made peace with the CIO union on the same terms.

POLITICS:

Bad Mixture

Though stubbornly fighting to the last, Big Ed Pauley finally conceded that oil and politics don't mix, asking for withdrawal of his nomination as undersecretary of the navy despite President Truman's determined support in the face of strong congressional opposition.

A millionaire California oil-man and former treasurer of the Democratic party, Pauley faced rough going from the start, with astute political observers terming the nomination of any petroleum operator for a navy job a blunder in view of past scandals over navy oil.

Edwin W. Pauley (seated) reads missive from President as brother Harold looks on.

Whatever hopes Pauley nourished for confirmation were rudely shaken with former Interior Secretary Ickes' testimony that he had told him that \$300,000 could be raised from oil men for the 1944 Democratic campaign if the government would withdraw its suit for title over underwater petroleum deposits in California.

In asking the President to withdraw his nomination, which was done, Pauley declared that he had been cleared of all charges against him. Commending him for retiring from the senate, Democratic members of the senate naval affairs committee upheld his personal integrity.

CONSCRIPTION:

Prospects Brighten

Because of the precarious international situation aggravated by Russian moves in the east, congressional support grew for extension of the selective service act beyond May 15.

With war department officials calling for maintenance of military strength in the face of unsettled world conditions, it was revealed that plans called for an army of 1,500,000 officers and men by July, 1946, and 1,000,000 by July, 1947. Pending determination of the aims, policies and programs of other nations, and the efficiency of the UNO in resolving disputes, no decision can be made about the permanent size of the armed forces, it was said.

General Eisenhower declared that one of the principal arguments for the retention of selective service was that it acts as a spur for voluntary enlistments. With volunteers permitted to specify what branch of service they prefer, many young men act to pick their spots before being drafted and made subject to compulsory placement. In five months, 600,017 volunteers enlisted, with 67.07 per cent being World War II vets, 18.7 per cent recruits and 14.23 per cent pre-Pearl Harbor enrollees.

WORLD RELIEF:

Sharing Burden

Assuming the honorary chairmanship of the government's emergency famine committee, former Pres. Herbert Hoover called upon South American nations to join with their Big Brother of the north in conserving cereals for feeding of the hungry in war stricken Europe and Asia.

Prior to leaving for a first-hand survey of overseas conditions, Hoover told a news conference that he believed both North and South America could save upwards of 7 million tons of cereals during the next 120 days to help fill a need for about 9 million tons. The year's requirements will total 21 million tons, he said, but only 12 million tons will be available without the undertaking of broad conservation measures.

Of the total of 7 million tons that the western hemisphere could furnish within the next four months, South America could contribute 5 million tons, Hoover said. This amount could be made available by cutting down purchases of foreign goods requiring payment in grain; reducing consumption, and turning over all surpluses to famine threatened areas.

MILK:

Per capita consumption of milk and cream jumped to 442 pounds in 1945, the highest total ever reached, and 102 pounds more than the per capita consumption in the five year period from 1935-39, government figures show.

Translated into housewife's terms, these figures meant that an average of about 206 quarts of milk in 1945, almost four quarts a week, was consumed for each man, woman and child in the nation, in the form of milk and cream.

NEEDLEWORK PATTERNS

Blouse From One Yard of Fabric

5088

HERE is a smart blouse that even the most inexperienced sewer can put together in a couple of hours. Very pretty too. Takes just one yard of fabric in size 12—use flowered or plain rayon silk or satin. Bind the neck with a double facing of self material, which forms the ties; pinch-pleat the cap sleeves and fasten with a bow, attach sash ties to back—and there you are!

Household Hints

Place a rubber tip such as used on a crutch on the end of your broom handle and it will not slip when stood broom end up.

One-foot squares of burlap may be folded into pads which work very well as scouring pads. Apply scouring powder. After using, rinse well, and the pads will last a long time.

House plants look and even thrive better if the foliage is sponged occasionally with a soap solution.

Instead of using a trowel to work around the roots of small seedlings, try using an apple corer. The sharp point and small size of the corer will not be likely to injure the delicate roots.

Pictures of the articles behind them can be painted on kitchen cabinet and cupboard doors for a lively air.

Drive tractors on the highway as you would a car. Signal for turns. Have proper lights at night.

To obtain complete pattern and finishing instructions for the One-Piece Blouse (Pattern No. 5088), sizes 12, 14, 16 included, send 16 cents in coin, your name, address, and the pattern number.

World Hog Numbers Show Big Drop

Showing a sharp decrease of 2,000,000 head, world hog numbers dropped to 244,000,000 at the start of 1946 in comparison with the year previous. Reductions in central Europe, Canada and Argentina were set only partially by moderate increases in the U. S., France and the Soviet Union, and small increases in other countries.

Because of the critical world shortage of grains, further decline in hog numbers outside the U. S. is forecast in 1946 despite a demand for meat well above the supply.

Canadian hog numbers continue to decline and at the beginning of 1946 showed a drop of 1.8 million head below the year before, or 38 per cent below 1944, while in the U. S. they rose 4 per cent, thus recuperating part of the loss shown on January 1, 1945, compared with 1944.

Kidneys Must Work Well-

For You To Feel Well 24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headache, dizziness, rheumatic pains, getting up at night, swelling.

Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

Let's Grow Vegetables of Finer Flavor

—Photo Courtesy Ferry-Morse Seed Co.

Some of the vegetable varieties grandpa and grandma raised in their garden long ago still can't be beat. But they are exceptions. Plant breeders have been extremely busy during the last half century, and particularly in recent years, developing new and better varieties and strains of all kinds. In addition to improving other characteristics in vegetables, they have been placing a lot of emphasis on getting them to taste better.

Now that peace-time gardens are underway again, you can add to your own keen interest in gardening and your own and the family's zest in eating vegetables by being more discriminating than ever before in selecting varieties to plant. And when you select for finer flavor you'll usually get all the other superb characteristics thrown in, such as tenderness, fine texture, good form, rich color, and often greater vitamin content so much desired today.

Ever munch a carrot right out of the garden row? That's the way to get true carrot flavor. Put in a row or two of Nantes this season alongside the varieties you usually plant. Compare the flavors. Nantes is the one with the blunt rounded ends which many home gardeners especially like.

Even snap beans vary enough so that choice of varieties can affect your enjoyment in eating them. The delicate flavor of brittle, golden yellow Pencil Pod is unsurpassed. Or, perhaps you prefer green beans. Ferry's Plentiful is a decided improvement over many of the older varieties with

flat pods; Tendergreen, a fairly new round pod green bean, is in the same class in excellence.

If you have never tasted the crisp dark green crumpled leaves of Chief-tain, the latest development in Savoy or "odorless" cabbage, you have a treat coming. While there's no mistaking its sistership to other cabbages, there's a difference!

A vast improvement has been made in garden peas these later years. Little Marvel and any of the Laxton type have richer sweeter flavor than some handed down from earlier days.

Naturally, you will want your vegetable garden to consist mostly of your old favorites and standbys. But a few of the newer varieties added along with the others may prove to be a genuine revelation. If your dealer does not have them, he can undoubtedly get them for you.

Year by year plant breeders are forging ahead in the improvement of all characteristics in vegetables. Home gardens of the future are bound to furnish fresh foods even more flavorful, more nearly perfect in every way, than in the past.

OLD JUDGE SAYS...

GEORGE: "Yes, I certainly would like to hear why you call that an old fashioned idea, Judge."

OLD JUDGE: "Glad to tell you, George. Until recently, a person known as an alcoholic was generally treated as a social outcast. Little if anything was done to understand him or help him. But, during the past few years, medical research and study has developed that alcoholics are really sick people... that there is usually a deep-rooted physical, social or emotional reason behind their behavior. That's why today so

much is being done to help them by finding out and correcting the condition that leads them to excess."

GEORGE: "How many folks are there like that, Judge?"

OLD JUDGE: "Well, according to scientific research, 95% of the people who drink, drink sensibly. 5% do so unwisely, at times. Included in that 5% is the small percentage of the sick people I'm talking about."

GEORGE: "That certainly gives me a clearer picture. It's the most sensible approach I've ever heard on the subject."

On Broadway

Faces About Town: Van Johnson having his Sox and undies selected for him (at Abercrombie & Fitch) by his Baby Dalys. . . . Linda Darnell buying a movie mag at 50th and Broadway, the whistle-stop for wolves. . . . "Singapore Sal" (at Leon & Eddie's) admitting to H. Cushing III, that her name is Jane Bishop and that she once was Jane Gale. . . . Katharine Cornell airing her pooches along 7th Ave. . . . Barbara Hutton dining in the Hapsburg with Count Czernin. . . . Russian Princess Stephanie Dorowski strolling through Rumpelmayer's. She's in her 70s, but you can see traces of her girlish beauty. . . . Flo LaGuardia reading a Broadway col'm while waiting his turn on the Garden rostrum during the FEPC rally.

The Word Weavers: Raymond Swing summed up Churchill's speech (via his microphone) with this: "The essence of what he proposes is division, not unity." . . . Mr. Ickes whittled some well sharpened opinions around the Chicago Round Table. He admonished that the first step in preventing another global blood-bath is for Americans to solve their own puzzles. . . . One commentator noted that the solons who voted against the war vets' housing program "are treating heroes like hoboes." . . . Averell Harriman's radiatory fell easy on the ears. Communism, he said, is not a threat, but a challenge—and "the best way to meet that challenge is to improve our democracy." . . . Evidence that surveys of radio listening are pretty close: The new Hooper lists this Sunday-nighter at 19.3. . . . The Crossley puts it at 19.2.

The Cinemagicians: Good to the last tear-drop, "Sentimental Journey" is a misty-eyed opus that goes over with a sigh. Lovely Maureen O'Hara heads the ticker-tuggers. . . . "Shock" is another shivery orbopper which peppers the spine with tingles. . . . Edward G. Robinson lend-leased his talent to a British pulse-hopper: "Journey Together." A meller-diller. . . . "The Notorious Lone Wolf" is a run-of-the-millodrama. . . . Riverboat Rhythm" has one or two juke-able lilt, but most of it is a rhapsody in blah. . . . "You Can't Do Without Love" is a worse advertisement for love than Reno.

The Funnies: Speaking of dramatic critics, as some of us have all week, one of them was asked what he thaw'd of a new play. . . . "Very refreshing," he said. . . . "That's swell," responded one of the authors. "You really found it refreshing?" "Yes," said the reviewer, "I felt like a new man when I woke up!"

Critics usually have the last word and the last laugh. But there have been times when make-believers have flattened their belittlers. . . . Some years ago a player was roasted by a Philadelphia play reporter. He promptly called him and snapped: "How do you expect to hurt me with your review when your whole paper couldn't hurt Roosevelt?"

Quotation Marksmanship: I. Morais: He goes around with a far-away look in his eyes. . . . Disraeli: The defects of great men are the consolation of dunces. . . . D. L. Moody: Character is what you are in the dark. . . . I. Ellinson: I spell it ArgENTINA. . . . Rex Stout: She opened her handbag and dug into it like a terrier. . . . John Moore: A bee was busily scolding a flower. . . . A child's definition: My memory is the thing I forget with. . . . P. Brito: How about calling it Hunter UNOVERSITY? . . . Anon: Ignorance and Intelligence both start with I. . . . G. Drake: Of course time flies. You would, too, if someone was trying to kill you. . . . Anon: Experience makes a man wiser but leaves a woman a complete wreck.

The producer of a flop once but ton-holed Bob Benchley and demanded: "Who do you think you are?" Benchley quietly replied: "I am a critic. Which means that like every man and woman I can express an opinion. The difference is that I express my opinions publicly and get paid for it."

Critic-baiting is an ancient sport. Rub a sensitive ego the wrong way and you're bound to ignite an explosion. . . . But few performers have been gifted with Paderewski's wisdom and tolerance. After the great pianist's first recital in this country, several critics panned him. An editor graciously offered the columns of his newspaper so that Paderewski could reply. But the eminent musician turned down the offer saying: "It is best that they write against me—and I play against them."

HOUSEHOLD MEMOS... by Lynn Chambers

Little Cakes Are Short on Sugar (See Recipes Below)

Little Cakes, Cookies
Haven't you noticed what a nice spot little cakes, cookies and tarts fill in the daily diet? They can be tucked into the lunch box to round out the menu, used as snacks for the afternoon or evening, or kept in a covered container, ready to serve for unexpected guests.

Most little cakes and cookies need but little shortening and sugar, and, for this reason, they are highly adaptable to these days of shortages. Then, too, fruit sauces and other mixes can be used in them to save on sugar.

One of the most delightful cakes in this department is a cup cake made with applesauce. It has sweetness; it stays moist; and it requires no icing:

- Applesauce Cup-Cakes.**
 1/2 cup shortening
 3/4 cup granulated sugar
 1 egg, beaten
 2 cups sifted cake flour
 1 teaspoon salt
 1 teaspoon baking soda
 1 teaspoon cinnamon
 1/4 teaspoon powdered cloves
 1 cup seedless raisins
 1 cup nutmeats, chopped
 1 cup sweetened fresh or canned applesauce

Cream the shortening and sugar until thoroughly creamed. Add egg. Sift the next five ingredients and combine with raisins and nuts. Heat applesauce to the boiling point, then add to sugar mixture alternately with the flour mixture. Turn into a greased loaf pan or muffin tins and bake in a moderate (350-degree) oven. A loaf will take 1 hour and 15 minutes to bake; cup cakes, 45 to 50 minutes.

If you have some leftover egg yolks, you'll find a very special use for them in these Sunshine cup cakes. Frost them with a lemon butter frosting and decorate with pieces of citron or candied lemon and orange peel, and you have a very welcome snack for company:

- Sunshine Cup Cakes.**
 1/2 cup shortening
 3/4 cup granulated sugar
 6 egg yolks
 1 1/2 cups sifted cake flour
 2 teaspoons baking powder
 1/4 teaspoon salt
 1/2 teaspoon lemon extract
 1/2 cup milk

Cream the shortening and sugar. Beat the egg yolks until thick and lemon colored and add to the creamed mixture. Sift the dry ingredients three times and add alternately to the first mixture with the milk. Fold in flavor and beat until smooth. Pour batter into greased and floured muffin pans and bake in a moderately hot (375-degree) oven for 20 to 30 minutes. This will make 2 dozen cup cakes.

Children prefer spicy, chewy cookies in their lunch. Smart mothers will keep the cookie jar filled—this being easily done if one or two large batches of cookies are made once a week. You'll want to use molasses, spices and brown sugar for cookies that youngsters crave:

- Molasses Hermits.** (Makes 4 dozen cookies)
 1/2 cup shortening
 1/2 cup brown sugar
 1/4 cup molasses
 1 egg, beaten
 1 cup seedless raisins

LYNN SAYS

Cookie Tips: If you want a glaze on cookies, beat an egg white with 1 tablespoon of cold water and brush the tops of the cookies before baking.

Drop cookies may be sprinkled with or dipped in sugar or sugar and cinnamon before baking. This gives them a yummy, sugary appearance.

When sifting flour for cookies, save dishes by using paper plates. You'll save shortening, too, when greasing pans if you have the shortening at room temperature. Use a brush for easy work.

Any cookie dough can be chilled. Roll the dough and then cut in slices or squares to save rolling it out or dropping from a spoon.

For leaf designs on cookies use candied citron, angelique or gum drops. For red buds or berries, use candied cherries, maraschino cherries, red gum drops or cinnamon candies.

- 1/4 cup walnuts
 1 1/4 cups sifted flour
 1/2 teaspoon baking soda
 1/2 teaspoon mace
 1/2 teaspoon cloves
 1/4 cup cold coffee or milk

Cream together shortening with sugar. Add molasses and egg and cream thoroughly. Mix raisins and nuts with the flour which has been sifted with the other dry ingredients. Add the flour mixture with the coffee or milk. Drop by teaspoonfuls onto a greased cookie sheet and bake in a moderately hot (400-degree) oven for 10 to 12 minutes.

Apple Butter Cookies. (Makes 40 Cookies)

- 1 cup brown sugar
 1/2 cup shortening
 1 egg, beaten
 3 cups sifted, all-purpose flour
 1/2 teaspoon baking soda
 1/2 teaspoon salt
 1/2 cup buttermilk or sour milk
 1/2 cup apple butter or tart jam
 1/2 cup raisins

Cream together sugar and shortening. Add brown sugar gradually while creaming. Add egg. Sift together flour, baking soda and salt and add with raisins to creamed mixture alternately with buttermilk and apple butter. Chill dough until it is easy to handle. Drop by spoonfuls onto a greased baking sheet, dust with brown sugar and cinnamon and bake in a moderately hot (400-degree) oven for 12 to 15 minutes.

A cookie that looks as though it would just melt in your mouth is one that is made with a meringue topping. Brown sugar and nuts mixed with the egg white that goes on top of the cookie is the reason for its particular appeal. If you are having guests in, be sure to make a batch or two of these Yum-Yum Squares:

- Yum-Yum Squares.** (Makes 28 Cookies)
 1/2 cup shortening
 1 cup granulated sugar
 2 eggs, well beaten
 1 teaspoon vanilla extract
 1 1/2 cups sifted cake flour
 1/2 teaspoon salt
 1 teaspoon baking powder
 1 egg white
 1/2 cup brown sugar
 1/2 cup chopped nuts
 1/2 cup coconut

Cream together shortening and sugar until light and fluffy. Add eggs, vanilla, then flour, salt and baking powder which have been sifted together. Mix thoroughly. Spread in a greased shallow pan. Beat egg whites and mix in brown sugar, nuts and coconut. Spread over the batter and bake in a moderately hot (375-degree) oven for 25 minutes. Remove from pan and cut into 2-inch squares.
