## Mrs. Pickett Honored

On Wednesday, May 1st at 3:00 p. m. in the basement of the Methodist Church, Mrs. Wanda (Horn) Pickett was honored with a lovely bridal shower.

Miss Thelma Moss played several piano selections as the guests arrived. They were greeted at the door by Mrs. Clyde Grimsley, who asked them to register in the bride's book, which was presided over by Mrs. Royce L. Crisler.

Mrs. T. J. Cherry and Mrs. S. G. Adamson served punch and cookies from a table covered with a lace cloth underlaid with blue. The punch bowl was surrounded by a wreath of red roses. The guests were then seated and the following program was given:

Till The End of Time and Some Sunday Morning, the Moss Girls accompanied by Mrs. C. O. Hill.

Original Readings of the Lovers History by Mrs. Elvia Davenport. A Garden of Old Fashioned Roses and I Love You Truly sung by Mrs. Zebbie Land, accompanied by Mrs. C. O. Hill.

A few words were spoken by Mrs. T. J. Cherry honoring the bride, after which Joan Adamson and Rose Lanell Cherry entered carrying a May basket filled with gifts. Many other gifts were brought and piled high at the bride's feet.

A large number of guests attended and many sent gifts. Everyone departed wishing for the bride and groom many happy days together.

Recent visitors in the home of Mr. and Mrs. J. T. Bain included W. P. Smith and daughter of Wichita Falls, Mr. and Mrs. G. E. Threadgill of Long Beach, Calif. and Mr. and Mrs. Burt Staley of Inglewood, Calif.

## To Cream Producers:

Due to strict State regulations on the handling of cream, and due to the fact that any cream station in Hedley would require alterations too expensive to be worthwhile for all four stations, the following feel that we must discontinue buying cream after Saturday, May 11.

Farmers Grocery and Market Moreman Grocery and Locker Wakefield Grocery

The L. & S. Feed Store is being remodeled to comply with the requirements of the State Department of Health, which will give Hedley at least one cream station which will meet the State regulations.

They will appreciate your cream patronage, and will do their best to serve you efficiently.

## Birthday Party

Mrs. Olon Anderson entertained a group of young folks last Saturday afternoon with a birthday party honoring her daughters, Wanita and Glenda. It was Wanita's 7th birthday and Glenda's 5th birthday. Several games were played by the guests, gifts were opened and admired, and pictures were taken.

Refreshments of ice cream and cake were served to Billie Wiggins Lynn Chenault, Nancy Hunsucker, Barbara Johnson, Jimmie Taylor, Guyon and Betty Frazier, Elvie and Michael Williams, Carolyn Sue and Kathleen McPherson, Mary Alice Hunsucker, Elsie Howell, Mary Sue Scales, and Wanita and Glenda.

Mattie Lou and Mary Helen McKee sent a gift.

## Railroad Circus Coming To This Vicinity Soon

This vicinity will feel the lure of the circus when Dailey Bros. Three-Ring Railroad Circus presents performances at 3 and 8 p. m. at Memphis, Wednesday, May 15.

Not a truck show but a modern three-ring circus traveling aboard its own special train of 25 double-length railroad cars, Dailey Bros., recognized as one of America's largest circuses, will present two-hours of the world's greatest circus entertainment at both matinee and evening performances.

An outstanding feature of the Dailey Bros. Circus is the \$50,000 horse fair. Scores of beautiful palominos, stallions and pintos include such famous blue ribbon winners as "Lipstick," "Black Diamond" and "Major." Directed by Miss Hazel Kfng, premier horsewoman of circusdom, the horses present many beautiful and intricate routines.

The circus carries a huge menagerie of animals from the far corners of the earth, including a pair of polar bears. There is no extra charge for the menagerie and tents for the huge horse fair are arranged to provide easy access from the menagerie tents.

Jeff Murphree, world famous clown, heads a troupe of 20 clowns in a constant series of new and original rib-ticking antics.

Doors will open an hour prior to performance time for both matinee and evening performances to allow ample time for free inspection of the huge menagerie and horse fair. Performances will be presented rain or shine.

## Royal Ambassadors

Our chapter met Wednesday night, April 1st, at the home of Mrs. Jesse Beach, after prayer meeting at the church. Our lesson was taken from World Comrades. It was about Southern Chaplains and various ways baptism was conducted overseas during World War I.

Eight of our ambassador members were present with five visitors. We enjoyed the whole program conducted outdoors and around a big camp fire. Hot dogs were made of the weiners roasted over the camp fire, then the fire kept us nice and warm while we ate ice cream and cookies. We hope all the Ambassadors might be present next meeting at the Baptist Church basement, May 8th at 7:00 o'clock instead of 6:30 as previously announced. Counsellor

## How We Are Saved By Grace

By M. F. Manchester

May I give you an example of faith at work, or faith obeying, "And the hand of the Lord was with them; and a great number believed and turned unto the Lord." Acts:11:21. Their faith was strong enough to cause them to turn unto the Lord. They were saved by grace through faith.

Another example of being saved by grace is found in the second chapter of Acts: "Now when they heard this (Peter's sermon) they were cut to their hearts, and said unto Peter and to the Apostles, men and brethren what shall we do? Then Peter said unto them, Repent and be baptized every one of you, in the name of Jesus Christ for the remission of sins. Verse 37-38. They accepted God's grace for we are told in verse 41, "Then they that gladly received his word were baptized." Their repenting and being baptized was not works of their own, about which they could boast, but God's own means of saving them by His grace.

When a man repents he does so because he has faith in Christ. It is his faith in action. Confession of Christ by the sinner is the expression of a living active faith, and baptism is the final step that puts him in Christ. "For you are all the children of God by faith in Christ Jesus, for as many of you as have been baptized into Christ, have put on Christ." Gal.:3:26-27 "Preach the Gospel to every creature, he that believeth and is baptized, shall be saved." Mark 16:16. Saved by grace through faith.

Crack Down on G. I.s in Europe; UNRRA Aid Falls Short of Needs; U. S. Sets Foreign Loan Terms

Released by Western Newspaper Union.  
EDITOR'S NOTE: When opinions are expressed in these columns, they are those of (Western Newspaper Union's news analysts and not necessarily of this newspaper.)

Pointing up Herbert Hoover's statement that 30 million European children are in need of extra food, these Italian youngsters beg photographer for bread. Boy at left tries to sell peanuts to obtain money for purchasing cereals.

ARMY: Tighten Discipline

With the low state of discipline leading to loss of respect for American authority by the enemy and injury to our reputation among the Allies, Gen. Joseph T. McNarney, U. S. commander in Europe, ordered all unit commanders to jack up on personnel.

Citing the rapid demobilization and dissolution of tried battle groups, McNarney declared that makeshift units possess none of the pride of the veteran outfits and officers do not have the same traditional attachment to their men as they would have for those regularly under them.

McNarney listed six indications of a deterioration of army discipline in Europe, including participation in black markets and drunkenness; high absence without leave; the imposing automobile accident rate; excessive venereal disease infection; lack of smartness in appearance and conscientious observance of military courtesy, and complaining attitudes toward top authority.

OVERSEAS RELIEF: UNRRA Aid

Set up to provide relief for war-stricken areas, the United Nations Relief and Rehabilitation Administration furnished 4 million tons of supplies costing almost 700 million dollars up to December 31, 1945, but help extended constitutes only a drop in the bucket compared to over-all requirements.

President Truman's release of a report of UNRRA's activities came as the combined U. S., British and Canadian food board allotted the international agency 460,000 tons of cereals from its grain pool. While UNRRA Director LaGuardia had asked for 700,000 tons, Allied food experts were unable to grant his requests in view of the needs of other people not fed by his organization.

With the U. S. and Britain providing the bulk of the funds, UNRRA's distributions to December 31, 1945, included:

Country	Tons	Value dollars
Greece	1,776,957	294,107,000
Yugoslavia	978,223	190,057,000
Czechoslovakia	498,427	87,575,000
Poland	345,249	113,212,000
China	197,112	23,237,000
Italy	134,617	24,129,000
Albania	67,175	12,000,000
Ukrainian S.S.R.	44,136	16,434,000
Byelorussian S.S.R.	23,226	4,697,000
Dodecanese Islands	1,588	125,000
Others	20,447	8,992,000
Totals	3,959,237	681,553,000

Concern over the feeding of the world's hunger hit areas was heightened by a U. S. weather bureau report that rain was sorely needed in some sections of the great plains wheat growing states if the department of agriculture's forecasts of another bumper crop were to materialize.

U. S. CREDIT: Name Conditions

While the U. S. was determined to demand free trade in eastern Europe as a condition for granting Russia a one-billion dollar loan, a 90 million dollar advance was made to Soviet-dominated Poland on the stipulation that free and unhampered elections would be held to name a representative democr-

EX-CONVICTS:

Thirty-nine states are now participating in a nation-wide system designed to aid rehabilitation of the paroled convict who wants to "start life over" in a new environment, the council of state governments reports.

The compact was designed not only to aid rehabilitation of those with criminal records but also to stop "commuting criminals" from taking advantage of the devices affording protection by state lines.

ic government for the country.

Of the 90 million dollar loan to Poland, 40 million will be used for the purchase of American coal cars and locomotives to facilitate the movement of fuel to western Europe and the Balkans, the U. S. state department disclosed. The remainder of the credit will be applied against Poland's acquisition of surplus property in Europe.

Besides requiring the conduct of free elections, the U. S. obtained Poland's agreement not to discriminate against American nationals and trade and to properly compensate U. S. citizens and corporations whose property has been taken over or nationalized.

U. S. demands on Russia for free trade in eastern Europe in exchange for a one billion dollar loan followed the Soviets' quick postwar maneuvering to bring the region under their economic domination.

Under a five-year pact with Hungary, joint Russo-Hungarian navigation, oil, aviation, bauxite and aluminum companies were set up, while a similar deal with Romania resulted in formation of Russo-Romanian bank, oil, navigation and aviation enterprises. In some instances, the Soviets' equities consist of concessions or Axis property claimed as reparations.

Short term barter agreements also were negotiated with Poland, Yugoslavia, Czechoslovakia, Finland, Bulgaria, Romania and Hungary, involving substantial amounts of raw and finished material.

Ripping into the Soviets' eastern European deals, the U. S. has protested on the grounds that no permanent peace treaties have yet been drawn as a basis of negotiations; the major allies pledged themselves to work together for rebuilding ex-enemy countries, and composition of joint companies can be implemented to exclude other nations from participating in economic enterprises.

ITALY: Fascist Underground

Theft of the remains of Benito Mussolini from a potter's field near Milan pointed up the undercover activities of fascist forces in Italy. Bitter foes of the communist-socialist bloc, Il Duce's followers have been working quietly in the immediate postwar period, seeking to capitalize on complaints of cumbersome democratic processes and foster sentiment for renewed authoritarian rule.

When Mussolini's body was dug up from an unmarked grave and carried off, with a boot with part of a rotted leg left to lie behind, a note extolling Il Duce and signed "Democratic Fascist party" was placed near the burial plot. In lyrical style the note read: "The time will come in which Benito Mussolini in his coffin, kissed by our sun, will parade through the streets of Italy and all the roses of the world and all the tears of our women will not be enough to give extreme greetings of the country to this great son."

According to some estimates, no less than 200,000 Italians are said to be members of the secret S.A.M. (Squadre d'Azione Mussolini) organization, which has been most active in the northern section of the country. Consisting of personnel of former fascist military units, the S.A.M. work in units of from 25 to 50 persons, with instructions to check political activity and infiltrate into parties and foment discord.

Gas Revenues Increase

Ten states collected more than 25 million dollars each from gasoline tax revenues in 1945 when total receipts from such levies reached \$49.6 million dollars—an increase of 13 per cent over 1944 collections which totaled 747.4 million dollars. Of the 10 states that lead in collections, Florida with its levy of six cents a gallon had the highest tax rate.

RYE:

Futures Soar

With May rye hovering at the \$2.63 a bushel mark and daily future transactions running far above prewar levels, the Chicago Board of Trade was scheduled to undertake its second investigation of dealings in the commodity to ascertain if any operator or group possessed a corner.

Having failed to uncover a "corner" after a probe several months ago, the board renewed its investigation by ordering all members to report accounts with open positions.

Because May rye carries no ceiling, observers said that the high prices the grain commands reflect supply and demand. Against the \$2.63 a bushel figure in the open market, the new crop was selling around the \$1.48 a bushel ceiling.

RAIL WRECK: Big Toll

In the worst train wreck since 1944, when two sections of the Southern Pacific collided near Great Salt Lake, Utah, and 48 persons were killed, the Burlington's Exposition Flyer plowed into the rear of the stalled Advance Flyer in Naperville, Ill., to take a toll of approximately 48 dead.

Running on the same track three minutes apart, the two crack trains crashed when the Advance Flyer pulled up to a stop for its crew to investigate a flash of flame from beneath one of the coaches. Though an automatic caution signal went on 7,784 feet to the east and a danger signal beamed 1,100 feet from the stalled train, the engineer of the Exposition Flyer was unable to brake his charging Diesel in time to avoid the crash.

Though Engineer W. W. Blaine, 68, of Galesburg, Ill., himself suffered only a face cut, many passengers were killed when his big locomotive ripped into the last steel coach on the Advance Flyer and the impact buckled the diner ahead of it and overturned two other cars. In all, six coaches were upset or derailed and lay strewn over the twisted track like toys. In addition to the 48 killed, over 100 were injured.

DIPLOMACY: Four-Power Meet

Settlement of the ticklish Yugoslav claims to Italian Trieste loomed as the foreign ministers of the U. S., Britain, Russia and France met in Paris in an attempt to iron out complex political and economic questions holding up the formulation of peace treaties for former Axis satellites.

As Byrnes, Bevin, Molotov and Bidault met to speed up the con-

Bevin, Byrnes and Molotov.

clusion of terms, their deputy foreign ministers who had foundered over a majority of the issues happily advanced a solution to the Trieste problem: Agreeing to settle territorial claims on the basis of residential nationalities, the deputies recommended Italy's retention of Italian-populated Trieste and surrender to Yugoslavia of Yugoslavian-settled land nearby the vital port.

Disposition of Trieste was only one of the knotty problems facing the Big Four in drawing terms for Italy. One of the principal bones of contention centered in Russia's demands for trusteeships over Italy's North African colonies situated along Britain's Mediterranean lifeline to the Far East. With Britain resisting the Reds' claims out of an unwillingness to establish the Soviets in a strategic position along the imperial lifeline, the U. S. advanced a compromise under which the colonies would be placed under a United Nations' trusteeship.

CIGARETTES: Hike Prices

In granting increases in the price of cigarettes, OPA declared that rising manufacturing costs necessitated the boosts to assure producers of earnings equal to prewar levels. While manufacturers were allowed a 25 cent raise per 1,000 cigarettes, retailers were permitted to hike the prices a half cent a pack on multiple sales of two, four, six, etc., packs and five cents on a carton of 10 packs. Where sale of cigarettes through vending machines is permissible, an increase of one cent a pack was granted.

Allowed primarily on sales of multiple packs offered at cut-rates, the price increases were not extended to single packs.

BANKING:

For the first calendar year in history, no American bank failed during 1945.

Records of the Federal Deposit Insurance corporation for the past year reveal that no bank depositor in the United States experienced a loss from a bank failure. The number of bank failures is always small during a period when bank assets are increasing rapidly and the national income is high, according to the FDIC, but 1945's record was unique.

### How do you like your Eggs?

Reddy Kilowatt as a trouble-shooter isn't worrying about your eggs—or whether you want 'em soft boiled, fried, scrambled—or if you like eggs at all.

But he is worrying about keeping your electric service flowing along as usual. If that means eggs for your breakfast, okay then, that's why he's up on a storm-lashed power pole.

And, he'll stay there till he gets your line repaired—in spite of hot wires sputtering around him. In spite of rain... lightning... thunder... and a high wind howling, "Watch out, fella, we're gonna hit it again!"

You don't have to send him a check for his trouble. You won't pay any more on your electric bill—to cover his hard, wet work and the materials he uses. Chances are you'll never know a line went out.

This kind of service is routine stuff for Reddy, and the electric company he works for. Storms—the repairs and cost—are all prepared for and handled in a businesslike way. But it isn't an easy job. Keeping your electric service dependable and cheap is the result of careful planning and sound business management.

### The History of Coffee

The fragrant cup of coffee which makes us civil every morning and renews us so often during the day links many nations in a long and romantic history. Just when it first appeared as a beverage no one can say exactly. But that it was an Arabian discovery seems very likely in view of the fact that coffee grew wild in that part of the world before the ninth century after Christ, and fanciful Arabian nights tales have been handed down about the first brew.

The most popular legend concerns Kaldi, an Arabian goatherd, whose dull life on the hillside made him a gloomy Joe indeed. But he picked and ate some of the berries his goats were fond of nibbling, because he noticed that after eating these berries, the goats became gay creatures. Kaldi himself became a new man. Thereafter coffee berries were indispensable to his diet, and so carefree and lively did he become that he often joined his goats in a merry dance.

A monk, to whom Kaldi confided his experiences, prepared a drink from the beans and served it to the members of his order. They found the beverage sustained their energy and helped them to pray and meditate longer, so they adopted the drink and cultivated the plant.

Gradually the popularity of the beverage spread to Turkey, where, in 1554, the first public coffee house was established. It was introduced

to the Venetians in 1615, the French in 1644, the English and Viennese in 1650, and it was brought to North America in 1668. But promptly the power of the beverage to stimulate clear thinking and plain talking converted the popular coffee houses into discussion clubs. And political debate that exploded into dissension, direct action and resistance made coffee houses the targets of tyrants like Charles II of England, who termed them seminaries of sedition.

But, according to Disraeli, London and Paris coffee houses of the seventeenth and eighteenth centuries held the mirror to "the manners, the morals and the politics of a people."

Here in colonial United States, too, the coffee house became the meeting house of the town fathers, and after a time changed from purely social centers to focal points of merchant trade and political discussion. Daniel Webster called Boston's Green Dragon Coffee House "the headquarters of the American Revolution."

The Dutch took the coffee plant to South America back around 1718, with a result that every sixth grader knows. Today's coffee plantations in Pan-America produce three-fourths of the world's coffee. And because we are the world's greatest coffee drinkers, of course we're the biggest customers for the Pan-American yield. All previous invoices were topped in 1945, when the United States imported 20,279,690 bags of coffee, each containing 132 pounds!

**Kidneys Must Work Well**

For You To Feel Well  
24 hours every day, 7 days every week, never stopping, the kidneys waste matter from the blood.  
If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there might be better understanding of what the whole system is upset when kidneys fail to function properly.  
Burning, itchy or too frequent urination sometimes warns that something is wrong. You may suffer regular headache, dizziness, faintness, rheumatic pains, getting up at night, swelling, etc.  
Why not try Doan's Pills? You will be using a medicine recommended by the country over. Doan's stimulate the action of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

**DOAN'S PILLS**

**"Um-m-m... there's MEAT FOR A WHOLE WEEK!"**

Never a worry about spoilage! You'll buy meat and other perishables by the week when you have gas refrigeration, and any woman can tell you what that means! Gas refrigeration is the modern, economical way. It's silent... has no moving parts... nothing to wear out. It's GOOD to have GAS in your home!

**NATURAL GAS PUTS DOLLARS IN YOUR POCKET**

There would be no natural gas industry in this area today if it were not for the initiative and enterprise of private firms like the United Gas Pipe Line Company and its associated producing and distributing companies. The United Companies built a complex network of pipe lines to link wellheads with markets, released millions of pent-up dollars in payments to royalty owners, taxes and payrolls. United Gas investments and operations benefit every family in Texas, in one way or another.

Watch Your Kidneys! Help Them Cleanse the Blood of Harmful Body Waste. Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not let Nature intend—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery. Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor! DOANS PILLS

HOUSEHOLD MEMOS... by Lynn Chambers

Lemon Chiffon Sponge Cake—Fairy-Like Dessert (See Recipe Below)

Dessert Tips

The one department in which we always welcome new ideas is in the dessert line. This season it is no different, and even more exciting.

First of all, whipping cream has returned to the market, and we're having great fun using it. Bananas are seen at the markets more frequently and, of course, strawberries are just coming in season plentifully.

Because of the warmer weather, all of us are on the lookout for those cool, cool desserts that just seem to slip down our throats, leaving only their delicate flavor to tease the appetite. My advice to you is serve light meals, well balanced, to be sure, and then top them off with a grand, brand-new dessert!

This first suggestion is tart but smooth and pretty enough for company. If you don't make the cake yourself, buy one ready-made to save time, sugar and energy.

Lemon Chiffon Sponge Cake. (Serves 8) 1 envelope plain, unflavored gelatin 1/4 cup cold milk 3 egg yolks 1 cup sugar 1/2 teaspoon salt 1 cup milk 1/2 cup lemon juice 1 tablespoon lemon rind 3 egg whites 1 sponge cake 1/2 cup chopped nutmeats 1/2 cup canned, sweet cherries

Soften gelatine in cold milk. Combine slightly beaten egg yolks, sugar and salt. Scald 1 cup milk in double boiler and add very slowly to the egg mixture. Return to the top of the double boiler and cook until of custard consistency. Remove from heat, add softened gelatine and stir until dissolved. Cool, add lemon juice and rind. Fold in stiffly beaten egg whites. Scoop out center of sponge cake and fill hole at bottom with extra pieces of cake taken from sides. Line inside of cake with nuts. Pour in lemon mixture and chill until firm. Garnish dessert with halved and pitted cherries and sprigs of mint if desired.

Caramel Cream Parfait. (Serves 6) 1/4 teaspoon unflavored gelatin 1 1/2 teaspoons cold water 1/2 cup extra-sweet, light corn syrup

Lynn Says: Serve a Salad: There's no better way to get fresh vegetables into the diet than via the salad route. Here are combinations which you will like: Salad greens with one or more of the following: avocado slices, raw carrot or turnip strips, raw cauliflower flowerets, silvered celery, diced or sliced raw cucumber, raw tomatoes, green pepper rings, minced onions.

Serve vegetable salads with a dressing made of oil, herbs, and a bit of crumbled blue cheese. One or more of the following cooked vegetables makes a pretty salad plate: peas, lima beans, kidney beans, sliced beets, asparagus tips, canned, mixed vegetables, cauliflower or brussels sprouts.

Vary your salad greens often to avoid monotony. Here are a list of greens: young raw spinach, cabbage, chinese or celery cabbage, dandelion greens, chicory or endive, watercress and leaf lettuce.

Lynn Chambers' Menus

- Cubed Steak Hashed Brown Potatoes Cream Gravy Green Lima Beans Grapefruit Salad Bread Jellied Fruit Mold Cookies Cream Beverage

1/4 cup cold water 2 egg whites 1 cup cream, thoroughly chilled 1 teaspoon vanilla Soften gelatine in cold water for 5 minutes. Boil syrup and 1/4 cup water together to the soft ball (238-degree) stage. Pour slowly over stiffly beaten egg whites. Add gelatin and beat until cool. Chill cream and beat until stiff. Fold into cool egg mixture. Add vanilla. Pour into freezing tray; freeze without stirring, until firm.

Variations. 1. Add 1 cup chopped, cooked prunes and 1/2 cup chopped nuts when whipped cream is folded into mixture. 2. Add 1 cup crushed raspberries when whipped cream is added. 3. Add 1 cup crushed peanut brittle with whipped cream. 4. Add 1 cup crushed pineapple with whipped cream.

Banana Cream. (Serves 6) 1 medium sized banana 1/2 cup confectioners sugar 1 tablespoon lemon juice 1/4 teaspoon salt 1 1/2 teaspoons vanilla 1 1/2 pints whipping cream Slice banana very thin and add to sugar. Mix well. Add lemon juice and cream and pour into freezing tray to freeze until firm. Remove to mixing bowl, add vanilla and beat until mixture becomes very light. Return to freezing tray and freeze again until firm.

Strawberry Meringue Cake. (Serves 10 to 12) 8 egg whites 1/2 teaspoon salt 1/2 teaspoon cream of tartar 2 cups sugar 1/4 teaspoon lemon extract Fresh strawberries Add salt to egg whites and whip until foamy. Add cream of tartar and continue beating until they hold a point. Fold in sugar gradually. Add lemon extract. Pour into a shallow loaf pan lined with waxed paper. Bake in a slow (300-degree) oven for 45 to 50 minutes. Lift from pan onto cake rack and cool. Serve with fresh strawberries topped with whipped cream and garnished with extra whole sugared berries. Peaches or another tart fruit may be used.

There are few desserts more luscious than meringue with chocolate ice cream garnished with mints. Use a very slow oven for baking the meringues, for they really require only enough heat to dry out thoroughly.

Mint Meringues. (Serves 6) 2 egg whites 1/2 cup confectioner's sugar Few grains of salt Few drops green coloring 1 or 2 drops oil of peppermint Chocolate ice cream Whipped cream Peppermints Beat egg whites until nearly stiff and add sugar gradually. Beat all the while. Add salt, very pale green coloring and flavor. Mix lightly. Drop by tablespoonfuls on cookie sheet covered with heavy paper. Bake in a slow (275-degree) oven for 30 to 35 minutes until dry on surface. Remove from paper and cool. Pile ice cream in center of plates, place a meringue on each side and garnish ice cream with whipped cream and peppermints on top.
