HEDLEY, DONLEY COUNTY, TEXAS, FRIDAY, MAY 24, 1946

NO. 28

Baseball

Next Sunday, Bus Dorman, former Amarillo Gold Sox star, will bring his Jr. American Legion team here to battle the local boys. The Hedley boys will face Bob Henry, Amarillo's star lefthander. Billy Hill will probably start the game for the locals.

Last Sunday the boys play errorless baseball to defeat the Claude team by the score of 15 to 1. However it was anybody's ball game until Gilly, the Claude pitcher, weakened in the last inning and Hedley scored 11 runs after two men were out. Everett pitched the first five innings for Hedley and allowed only one run, home by Gilly. Hill finished the game, pitching shut out ball.

Come out to the game, no admission is charged, but a collection will be taken to take care of expenses.

Card of Thanks

We take this means of expressing our deepest appreciation and thanks to the many friends and neighbors for the kindness shown us during the illness and death of our loved one, and the beautiful floral offering.

Lions Club News

The Hedley Lions Club has a good chance of winning the annual membership contest which closes July 1st. Starting the year with 51 members the club now has 93 members. A good whirlwind finish and the club would have over 100 members.

The Hedley Club will be allowed 9 votes at the State and District Convention at Big Springs June 16, 17 and 18. By all means we should have that many delegates go to vote. Let's make our plans now to attend.

This week is ladies night at the school auditorium. A nominating committee will be appointed at this meeting to make their report on the new officers at the first meeting in June. New officers will be elected the second meeting in June and take their offices the first meeting in July. There will be no Lions meeting of any sort next week on account of graduation exercises at the school.

Messrs. and Mesdames T. B. Morgan and Herman Day of Amarillo visited in the Milt Mosley home Sunday.

Can You Help?

Some of the Highway crew are already here. They are looking for places to stay. There are no vacant houses in Hedley or rooms in the hotel. We can if you will go to a little trouble, fix up the spare room and take care of most of them, besides make a little money for ourselves. Let's show them Hedley wants the Highway and take care of as many of them as we can. The more who stay here the more business it is for the town. Call Clifford Johnson, Secretary of the Lions Club if you have a house, an apartment or room to rent.

Billy Van Collier Killed

Billy Van Collier of Amarillo was killed, his father, Horace Collier was seriously injured, and two brothers suffered lesser injuries in a head-on collision near Durant, Okla. Saturday. Two men riding in the other car were both killed.

For What Should The Sinner Pray?

By M. F. Manchester

There are people who believe and teach that a sinner can pray for, and receive the remission of his sins as a result of prayer. It matters not what you or I think on this subject, but what does the Bible say? The New Testament offers not one example of a sinner praying for and receiving the remission of his sins as a result of prayer.

Let us get back to the question: For What Should the Sinner Pray?

Not for God to love him because: "God so loved the world that he gave His only begotten Son, that whosoever believeth on Him should not perish." John: 3-16.

Not for light because: "The entrance of Thy word giveth light." Psalms 119:130.

Not for Christ to come unto him because: "Come unto me all ye that labor and are heavy laden, and I will give you rest." Mat 11: 28.

Not for conversion because: "The law of the Lord is perfect, converting the soul." Psalms 19:7

Not for saving power because: "I am not ashamed of the gospel of Christ; for it is the power of God unto salvation, to everyone that believeth." Rom 1:16

Not for remission of sins because: "Repent and be baptized, everyone of you in the name of Jesus Christ, for the remission of sins." Acts 2:38

We are not boasting, but we will give anyone ten dollars who can show us in the New Testament where anyone was ever told to pray to be saved.

WEEKLY NEWS ANALYSIS

Costly Coal Strike Crimps U.S.; Plan Further Feed Reductions To Conserve Grain for Food

Released by Western Newspaper Union.
(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

Ill-fed and ill-clad, people in Italy clamber atop army truck as it arrives at dump and seek to salvage scraps of food, discarded clothing, cigarette butts and even cardboard boxes. Men, women and children climb up even before G.I.s can unload refuse.

COAL STRIKE: Costly Walkout

Though John L. Lewis ordered his United Mine Workers back to the pits under a two-week truce to receive the critically low supply of fuel, the 1946 coal strike promises to be long remembered as one of the most costly in history, with its restriction for curbing fuel consumption resulting in serious restrictions on public utilities, industry and transport.

Lewis acted as the widespread effects of the walkout on the nation's economy led Senator Eastland (Dem., Miss.) to rise to his feet in the upper chamber to tell his colleagues that as a result of limiting freight movements to essential commodities "... the shipment of embalming fluid has been embargoed and we can't bury the dead."

Most spectacular figure in the strike, of course, was the burly, beetle-browed Lewis, United Mine Worker chieftain, who held out for the operators' consideration of his proposal for a health and welfare fund. Holding fast in face of mounting public opposition and senatorial fury, Lewis received the backing of the American Federation of Labor, to which his UMW is affiliated.

John L.'s acceptance of a truce to discuss the No. 1 issue of a health and welfare fund came after dwindling fuel supplies had led the government to urge coal-burning utilities east of the Mississippi and in Iowa, Minnesota and Missouri to follow Chicago's example in reducing power consumption.
With industrial enterprises limited to 24 hours per week use of coal-burning power and stores and movies opened only several hours per day, Chicago, Ill., remained one of the hardest hit of all the municipalities. Reduction in passenger service and limiting of freight shipments to essential commodities, however, served to bring home the strike to all sections of the country.

CONGRESS: Busy Solons

With the coal strike crippling the economy, U. S. senators moved to take up restrictive labor legislation in the face of public concern over the prolonged walkout even as they were engaged in heated debate over passage of the \$3,750,000,000 loan to Great Britain.

Though Democratic Majority Leader Barkley sought to sidetrack consideration of labor measures while feeling over the coal strike flared at white heat, administration forces were compelled to surrender to congressional pressure for action. Ordinarily pro-labor, Senator Lucas (Dem., Ill.) led the fight for legislation which would give the President power to assure continued operation of essential industries in event of union disputes.

Passage of the \$3,750,000,000 British loan was assured with the resounding defeat of amendments which would have limited the size of the advance, provided for expenditure of 90 per cent of the funds in the U. S., and extension of interest-free, unsecured loans to veterans. The solons also rejected the argument of Senator Johnson (Dem., Colo.) that since the bill contemplated the raising of money for the loan only the house, which directly

POLAND:

While many citizens of Poland resent the Russian occupation of their country, the Polish peasants are realizing a life-long ambition to own their own land under the Soviet domination. Dr. C. S. Anderson, professor of agricultural education at the Pennsylvania State college, says: Large estates, many of them 2,000 acres or more, were taken from the wealthy landlords and now are being divided among the peasants.

represents the people through individual districts, had the constitutional power to originate such legislation.

Pressed by the labor and loan legislation, the senate voted for temporary extension of the draft until the decks are cleared for full consideration of the question.

GRAIN:

Seek Feed Cut

Following the increase in the price of corn, wheat, oats, barley and rye, government officials contemplated a reduction in the ceilings on heavy hogs and a cut in fall breeding as further steps in the conservation program designed to make more grain available for food.

While initiation of the new price program resulted in cancellation of the 30 cents per bushel bonus payment on corn, a similar premium, plus the higher price, was retained on wheat, which is most vitally needed for foreign relief. As a result of the price changes, corn was boosted 25 cents a bushel, wheat 15 cents, rye 10 cents, barley 9 cents and oats 5 cents.

With grain sales being made more profitable than livestock feeding, liquidation of hogs, cattle and poultry was expected to result in increased supplies in the immediate future but less meat later. Even with reduced livestock production growing out of the new price program and the other contemplated government measures, the total supply of meat, eggs and poultry will be above prewar levels, it was said.

Food Prospects

Though farm production remains high, heavy domestic demand and relief needs abroad will out-balance supply, the bureau of agricultural economics reported. Indicative of continued large output, farm income for 1946 is expected to approach last year's record of nearly 21 billion dollars.

The bureau provided this picture of the 1946 food situation:

- Livestock and meat production will continue close to the 1945 level, but fall short of demand, with prices of animals pressing against ceilings.
- Dairy products will remain below demand throughout the year, with butter supplies short even during the flush season of milk production from May to August.
- Poultry and eggs will be plentiful supply through most of the year, with scarcities developing in the last three months of 1946. Prices may be moderately lower.
- Fats and vegetable oils may not be in sufficient domestic supply because of large export requirements of lard, shortening and edible oils.

LEND-LEASE:

Make Returns

Over 10 Allied nations have returned approximately one-quarter billion dollars of lend-lease goods thus far and Turkey has become the first country to settle its lend-lease account in full, the foreign liquidation commission revealed.

Of the total returned by Belgium, Brazil, the British empire, China, Egypt, France, the Netherlands, Russia and Yugoslavia, \$796,000 worth was reissued to foreign governments under the lend-lease program and \$697,000 was sold as surplus.

The first country to settle its lend-lease obligations in full, Turkey agreed to pay the U. S. \$4,500,000 within 30 days.

Corn Borer Hungry Pest

It cost the American farmer nearly \$37,000,000 last year to feed the hungry mouths of the European corn borer, but because the estimates are considered conservative in view of the increased acreage and higher yields during the past few years, losses may be even higher.

Losses caused by the borer in 1944 were considered to be about \$22,700,000.

BASEBALL: Fight Pasquels

At first laughed off by the powerful major league magnates, the Mexican baseball league finally has been taken seriously with the New York Yankees and Brooklyn Dodgers seeking permanent court injunctions against the Pasquel brothers' solicitations of topnotch American performers to play south of the border.

Both the Yankees and Dodgers have received temporary injunctions against the gay grandees' attempts to get U. S. stars to break their American contracts for lucrative Mexican league offers. Granting of permanent restraining orders against Pasquel's agents in this country would seriously crimp their efforts to lure U. S. talent southward.

In going after the Pasquels, Branch Rickey, president of the Dodgers, sadly proclaimed: "... I consider the Pasquel league a temporary nuisance rather than a permanent threat. It is economically unsound. However, this year it could cause irreparable damage to a pennant contender. ..."

RAILROADS:

Want Higher Rates

Railroad spokesmen pressed for a 25 per cent freight rate increase to cover higher wages and operating costs in hearings before the Interstate Commerce commission in Washington, D. C., while shippers called for a thorough examination of the whole tariff structure before determination of permanent schedules.

Declaring wages have increased \$1,300,000,000 since 1941 and the carriers will pay \$500,000,000 more for supplies, materials and fuel, Dr. Julius H. Parmelee, railroad economist, averred that the operators will suffer a \$345,000,000 deficit this year at present rates.

Meeting in Chicago, the National Industrial Traffic league, representing 300,000 shippers, cautioned that higher tariffs may be disastrous to individual industries or discriminatory against them. Asking the ICC to deny the carriers' petition for immediate raises, the organization declared any hearing should provide opportunity for a fair development and examination of facts to determine results.

Eats Meal From Dump

Seated in the house restaurant in Washington, D. C., Representative Norblad (Rep., Ore.) munched on canned meat and cranberry sauce and drank lemon juice which he said the navy had dumped as garbage in Astoria, Ore. While none of his colleagues or newsmen had the stomach to join him in his repast, Norblad said friends of his had also eaten the food without ill effects and some Astorians had done a brisk business selling some of the discarded fare to restaurateurs. On the spot, navy officials declared that the food had been thrown away after some personnel had contracted dysentery after eating it.

MURDER:

Town Agog

If traveling through Texarkana, Texas, one would have seen porch lights burning all night, twinkling bulbs hung out in back yards, watchdogs all over town, and the streets deserted. Further, one would have found residents ready to pull a deadly trigger with any false move.

All Texarkana was on the alert against the phantom killer who had slain two couples at night and killed one and wounded another of a pair. Four of the victims were young couples and the two others were elderly married people who had been fired upon through the window of their farm home. All were shot in the head.

While the authorities told Texarkans to keep their guns at their side and shoot to kill if assaulted, the famed Texas rangers, state highway patrolmen, sheriff's deputies, city policemen and the FBI threw out a dragnet for the murderer. They were joined by thousands of amateur detectives in the search.

U. S. TREASURY:

With receipts for the first nine months of this year already \$33,148,000,000, the treasury department estimates receipts for the current fiscal year ending June 30, 1946, will exceed the budget estimate of \$32,609,000,000, made in January. Because of income tax returns, receipts in March were the highest of any month during the current year. At the same time estimated expenditures of \$64,654,000,000 are now expected to be lower than the figure projected in January.

Sultanate of Oman Hot, Barren and Backward

The Sultanate of Oman on the southeastern coast of Arabia is one of the hottest and most barren and backward countries in the world. Although its area equals that of Kansas and its population that of Cincinnati, Oman has only 30 miles of road, one small hospital, and most of its people live in huts and sleep on the floor. Yet its ruler, Sultan Saiyid Said, receives a salary of \$225,000 a year.

MAKING this comfortable lawn or porch chair is a good week-end project. Just three stock widths of material, simple cuts with the hand saw, and you are ready to nail or screw the pieces together. A pattern gives bill of materials, large cutting diagrams and illustrated construction steps.

When Your Back Hurts -

And Your Strength and Energy is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

HAMMERMILL BOND

The Best Known Name in Paper

Uncle Sam Says

Sixty-three years ago this month, Americans discovered a new way of joshing a neighbor who invested his money unwisely: "Go buy yourself Brooklyn Bridge." Brooklyn Bridge had just been opened. Some people actually turned over their savings to confidence men who sold them the great New York span. I could say to you today: "Go buy yourself a bridge," and I would be giving you sound advice. The bridge I have in mind consists of United States Savings Bonds... a bridge between the present and your future.

Kidneys Must Work Well For You To Feel Well 24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly. Burning, stinging or too frequent urination sometimes warns that something is wrong. You may suffer aching backache, headache, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores. DOAN'S PILLS

HOUSEHOLD MEMOS... by Lynn Chambers

Wedding Parties Need Light, Dainty Types of Food

If you're serving at any of the wedding parties, see that all service is of the finest. It's time to bring the silver out of the mothballs, and to see that the best china is washed gently to sparkle on the wedding reception or breakfast table.

Weddings always pose an interesting refreshment problem because we do not face them every day. With shortages still very much evident, the problem is bound to be just a bit thick, especially if you happen to be personally involved.

Then, too, if the wedding happens to be a big affair with showers and parties preceding the big event, most of us are apt to run out of ideas pretty quickly. For this reason, I've made up menu suggestions for different types of wedding refreshments, including the bridal shower. Everything is on the simple side, but if you choose, you can make it quite an event by garnishing the food attractively, as suggested.

Menu I.—Bridal Shower Frosted Sandwich Leaf Molded Salad Relishes Raspberry Cream Parfait Dainty Cookies Coffee The dessert is an easy to fix number provided you're stocked with fresh berries, ice cream and some currant jelly.

Raspberry Cream Parfait. (Serves 6) 1/2 cup currant jelly 1 cup raspberries 1/2 cup whipping cream Vanilla ice cream Beat the jelly with a fork, fold in raspberries. Add whipped cream. Fill parfait glasses with alternate layers of the jelly mixture and ice cream. Garnish with whole berries.

Menu II.—Spinster Luncheon Consomme with Lemon Slices Creamed Chicken with Toasted Almonds Orange Salad Thin Melba Toast Individual Meringues with Ice Cream Beverage

How to do: Prepare consomme ahead of time; heat when ready to serve. For casserole, use large pieces of white meat, rich cream sauce and top with slivered, toasted almonds. The orange salad may be molded; it's good with a honey french dressing. Tint the meringues pink and serve with ice cream or whole, sugared berries.

LYNN SAYS Taste Teasers: For a summery touch to a consomme noodle soup, add 1 chopped hard-cooked egg to each four servings. Sprinkle croutons with grated, nippy cheese and serve them with soup or vegetable juice as a first course. Two tablespoons of chopped pickle relish adds zip to any macaroni or noodle and cheese dish. Add the relish before baking. Season steaks with a sauce made by mixing chili sauce, grated onion, Worcestershire sauce and a bit of mustard together. Pour over the steak just before it finishes broiling. Halves of canned peaches filled with cream cheese mixed with chopped bits of ginger or slivered almonds are delicious served on a bed of greens. Sprinkle grated cheese on tomato juice before serving for a nippy taste.

LYNN CHAMBERS' MENUS Menu III.—Wedding Breakfast. Iced, diced fruit in Melon Shell Creamed Sweetbreads or Chicken with Mushrooms Buttered Asparagus Ripe Olives Tiny Muffins Endive Salad Ice Cream Bride's Cake Beverage I've found an excellent recipe for creamed chicken which is basic. You may vary it as you see fit, adding pimiento and mushrooms or even substituting sweetbreads, parboiled, for part of the chicken. Creamed Chicken. (Serves 6) 1 4-pound chicken or fowl 5 small white onions 1 bay leaf 2 teaspoons salt 1/2 teaspoon pepper 1/2 cup chicken fat, butter or substitute 1/2 cup flour 1 cup chicken broth 1 1/2 cups rich milk Simmer chicken and onions in boiling water to cover. Add seasonings and cook until tender. Remove chicken from broth and cool. Skim fat off broth and reserve; strain broth, reserving onions and broth. Cut chicken into pieces. Melt chicken fat in top of double boiler, blend in flour and stir in broth and milk. Cook until thickened while stirring. Add onions and chicken. Heat and season further if necessary. Serve in toast cup or patty shells or large silver casserole. Menu IV.—Daytime Reception. Assorted Sandwiches Chicken Mousse Shrimp in Tomato Aspic Oysters or Crabmeat a la Newburg in Patty Shells Frozen Fruit Salad with Fresh Orange Segments and Berries Bride's Cake Bisque Tortoni Decorated Mints Coffee How to do: Everything in this menu is served cold except the hot oysters or crabmeat dish and the beverage. Prepare these cold things ahead of time while you set the table. Leave the hot dish until last. The bride's cake may be homemade or ordered depending upon the amount of work involved. Many guests will prefer taking the cake home, so it is necessary to serve a dessert like Bisque Tortoni: Bisque Tortoni. (Serves 15 to 18) 1 teaspoon unflavored gelatin 1 tablespoon cold water 1 cup sugar or light corn syrup 1/2 cup cold water 1/2 teaspoon salt 6 egg yolks 3/4 cup crushed macaroons or dry cake crumbs 1/2 cup chopped nut meats 3/4 cup chopped blanched almonds 1 teaspoon vanilla 2 cups heavy cream, whipped Soften gelatin in water 5 minutes. Boil sugar, water and salt until syrup spins a thread (230 degrees). Pour slowly over beaten egg yolks, stirring constantly. Add softened gelatin and stir until dissolved. Cool. Fold in macaroons and nut meats. Add whipped cream. Pour into crinkled paper cups, place in freezer tray and freeze. Note: 1 cup chopped maraschino cherries may also be added for extra flavor and color.
