## Lions Club News

Next week's Lions Club meeting will be at 8 p. m. which is the regular time set. Lions Ray Moreman and Carroll Deahl have charge of the program. It promises to be a good one.

This week is directors meeting. How about getting the Lions Club basketball team started early this year?

The family picnic last week, held at the school building on account of the weather, was enjoyed by all who attended. Plenty to eat, program and games made it a delightful occasion.

## Seventh Grade

The seventh grade of Hedley Jr. High held their first meeting on Sept. 4, to elect the following officers:

President, Geneva Beach  
Vice President, Jimmie Lamberson  
Secretary, Wanda Joyce Hall  
Treasurer, Ronald Doherty  
Reporter, Virginia Owens  
Room mother, Mrs. Cherry  
Sponsor, Mrs. Bailey

The seventh grade is looking forward to a very profitable year.

## Tax Discounts

There will be a 3% discount on all city taxes paid from Sept. 15 to Nov. 1; 2% discount on all city taxes paid during November, and 1% discount on all city taxes paid during December.

By order of the City Council

## Notice

Don't forget that you can still wash at the E-Z Way Laundry for 45¢ an hour. Plenty of soap, starch and bleach now.

For Sale—5 or 6 good milk cows, Jerseys and Durhams, milking now. See Winfred Doherty. 423p

Lost—in June, 1945, a black and white spotted dog, with collar bearing name A. C. Ledbetter, Mount Vernon, Texas. My present address is Box 132, Cimarron, N. Mex. \$15 reward.

Mr. and Mrs. D. B. Thomas of Amarillo visited here Monday.

## Uncle Sam Says

I doff my hat to labor, Labor Day, not only for doing a grand job for our country in time of war but for its good sense in continuing to invest part of its earnings in U. S. Savings Bonds. Millions of my nieces and nephews discovered that ownership of U. S. Savings Bonds is an easy, effective, profitable way to save for their future. Savings Bonds are as American as Labor Day itself. Be in step with today's parades of payroll savers.

## Woman's Culture Club

The Woman's Culture Club met Sept. 4 in the home of Mrs. Barney Johnson with a brunch. The menu consisted of bacon, eggs, jam, hot biscuits and coffee.

After breakfast was served a short business session was held.

The following program was given with Mrs. Gaede as leader. Roll Call, Vacation Highlights Pledge to the flag Club Collect

President's Message, Mrs. Barney Johnson  
Presentation of Year Books, Mrs. Harrison Hall  
Group singing

Those attending were Mesdames Ross Adamson, Leon Reeves, Harrison Hall, Ray Moreman, Charles Rains, Frank Murray, Winfield Mosley, Barney Johnson, Wilbur Gaede, Mike Harris, Leonard Chesshir, Winfred Doherty, Darrel Stein, Floyd Mathis, Robert Lester, Harry Womack, one guest, Mrs. Alva Simmons, and our honorary member, Mrs. Hobart Moffitt.

The government has a new bulletin on "How to Treat a Black Eye." More useful would be one on how to explain it. If you should have a fire it might be hard to explain to your wife why the furniture wasn't insured. Try C. L. Johnson at the bank.

J. P. Gilbreth killed a large diamondback rattlesnake Tuesday on the school ground. The snake had eight rattles and a button, and was attempting to enter the high school building. Mr. Gilbreth suggested that everyone should be on the lookout for another snake in the vicinity.

## Notice

Trash and tin cans will be hauled away next week. Please have your trash and cans where the collector can get to them.

By order of the City Council

## Announcement

Until further notice, we are authorized to accept subscriptions to the Fort Worth Star-Telegram, new or renewal, at the bargain rate of \$10.95.

## News From Our Men In Service

The following poem was sent in by Pvt. Gene E. Davis of the Marine Corps.

Down where there are no ten commandments,  
And a man can raise a thirst  
Lies the outcast of civilization  
Life at its very worst.

Down on the rum soaked yellow sea

Are men that God forgot.

We're fighting the fever  
The itch and the Chinese rot.

Nobody knows why we are living,  
Nobody gives a d—.

Back home we're soon forgotten,  
We're the Marines of Uncle Sam.

And when we have a mail call  
Some guys get it all.

While others morals are broken.  
Because someone's not on the ball.

Haunted with the past in the evenings,  
We sit on our bunks with our dreams.

Killing ourselves with vodka  
To dam up memory streams.

Living with dirty chinks,  
Across the freezing zone

Down by the devil made ditch  
Ten thousand miles from home.

In Tangku city, on pay day  
We squander our meager pay,

And raise merry h— for an evening

And are broke the following day.  
Vermin on our pillows at night

Ills that no doctor can cure,  
H— no, we are not convicts

Just Marines on a foreign tour.  
So when St. Peter calls us

There's one thing we know d— well,  
We are all going to heaven

For we served our hitch in h—.

## Fish Dinner

Those enjoying steaks from a 28 lb. Albacore at Otis Owens' residence Sunday were Mr. and Mrs. T. H. Owens of San Bernardino, Calif., Mr. and Mrs. T. D. Northcutt and family, Mrs. W. T. Owens, George Owens and son, Orel Owens and family, R. D. Greer of Amarillo, Mr. and Mrs. C. S. Hall and son of Plainview, Mr. and Mrs. H. H. Owens and son of Childress and Mr. and Mrs. Bill Coursey of Memphis.

## Auction Sale

On Friday, Sept. 6, at 1 p. m., 5 miles southeast of Clarendon, first house east of Chamberlain school house, on south side of road, a list of household goods and farming implements.

R. W. Moore, Owner  
M. L. Putman, Auctioneer

Mr. and Mrs. J. S. Hinds and daughter visited in the Frank Kendall home over the week end. Mr. Hinds is the new supt. of schools at Jayton.

Mr. and Mrs. Otis Owens returned last week from a trip to California. They enjoyed an ocean fishing trip while there, and brought back a 28 pound albacore, a barracuda, a white sea bass and several calico bass.

Walter Moss conducted the song services for a revival at Lodge last week.

## Hedley Schools Open

The Hedley schools opened their new session Monday with a nice increase in enrollment in both high school and grade school. Schedules and plans have been worked out, the entire school is operating smoothly, and it is hoped that this will be the Hedley schools' most successful year for some time.

The school began two weeks later than usual this year, and it has not been definitely decided whether there will be cotton picking holidays or not.

## Methodist Church

Mrs. Gaede, Nea Ann and myself take this means of expressing our gratitude for the many kindnesses we received while in Hedley. We feel we are leaving many friends whom we will miss in our new work. However, we trust we shall make friends there as well as here. We are not taking this new work because we are dissatisfied here, but we feel it is a field in which we can render a service to those who are in greater need. They are rather new as far as churches are concerned; and we ask you to pray for us as we enter this field.

May we say again we are indeed appreciative of all you have done for us, and may God richly bless you as you continue in the work of the church.

Sincerely,  
Rev. and Mrs. W. F. Gaede  
and Nita Ann

Mr. and Mrs. E. E. Darnell were in Amarillo Tuesday and visited Bill Snelson and Mrs. B. C. Stone in St. Anthony's hospital. They report both of them doing nicely. Mrs. Stone will return home in another week, and Mr. Snelson will remain two more weeks.

Miss Catherine Mosley of Pampa visited her grandparents, Mr. and Mrs. M. W. Mosley, last week end.

Mr. and Mrs. Homer Grimsley of Inglewood, Calif., visited relatives here recently.

Miss Mary Lou Hawkins has been visiting here. She has completed her training in New Orleans, and is to be stationed at Amarillo.

Rev. and Mrs. W. F. Gaede and daughter left this week to make their home at Sanford, in Hutchinson county.

Mr. and Mrs. W. M. Jones visited in Fort Worth last week end and attended the Jones family reunion at Lake Dallas Sunday. Sixty registered at the reunion.

Mr. and Mrs. G. J. Threadgill of Tulsa, Okla., have been visiting her mother, Mrs. J. T. Bain.

Misses Ola and Lula Curd of Amarillo were Hedley visitors last week.

Mr. and Mrs. B. Stewart, H. and Paul Stewart returned last Friday from a trip to Hillsboro.

C. E. Johnson of the Hedley Telephone Co. will write your fire and hail insurance.

## Parent-Teacher Ass'n.

The PTA will meet next Tuesday evening at 7:30, to discuss a lunch room for the school. All parents are urged to attend.

## R. L. Nivens

Funeral services for R. L. Nivens who passed away Monday, were held Wednesday from the Womack Funeral Home at Memphis by Rev. H. T. Harris. Burial was in Rowe cemetery. He was 70 years of age.

Well folks, I'm back. Yes it's really me, "The Wise Old Owl." I am warning you now to watch your step 'cause "The Wise Old Owl" is always watching you day and night. If I don't see everything I hear it, so don't say I didn't warn you.

## Card Of Thanks

I want to take this means of expressing my thanks to all my customers for the patronage given me while I had the Hedley Cafe leased. Your business was very much appreciated.

Vital waterway connecting Mediterranean and Black seas, Dardanelles loom as new trouble spot. (See: Foreign Affairs.)

**FOREIGN AFFAIRS:**

**U. S. Stays Tough**

If the Russians sought to test American temper on their aggressive postwar diplomacy, they received ample indication that this country would stand fast on a stiffening of its principles.

Even as the state department peppered Russia and its satellites with strong notes, four U. S. cruisers, six destroyers and the giant aircraft carrier Franklin D. Roosevelt hovered in the Mediterranean, joining the British fleet in an impressive show of strength.

**Yugoslavia**—Strongest U. S. action was taken against Tito's Communist-dominated Yugoslav government for shooting down two unopposed American transport planes which strayed off their course while en route from Austria to Italy.

**Dardanelles**—With the Russians backing up their demand on Turkey for joint control of the Dardanelles straits connecting the Black sea with the Mediterranean with a show of military strength in the surrounding territory, the U. S. warned Moscow that an assault upon Turkish soil would be considered a threat to world peace.

While rejecting Russia's proposal for joint control of the vital waterway with Turkey, the U. S. indicated its willingness to participate in a conference to revise existing regulations and expressed agreement with the Soviet on these points:

1. Merchant ships of all countries should be allowed to use the straits.
2. Warships of the Black sea powers should always be allowed passage through the straits.
3. Special permission should be needed for passage of the warships of other powers through the straits.

**Poland**—Charging irregularities in counting ballots, censorship restrictions and persecution of non-Communists, the U. S. note to Warsaw accused the Russian-dominated government of violation of its commitments to hold free and unfettered elections.

To achieve such elections, the U. S. said, fullest freedom must be given to such parties as the Polish workers, Peasants, Labor and Socialists. Further, representatives of those parties must be granted positions on electoral commissions; local results must be announced and adequate appeal provided for election disputes.

**HAPPY BIRTHDAY: Collects Old Check**

It took him 26 years to get around to collecting it but T. N. Myers of Alliance, Neb., is \$4.80 richer today because of the Chicago and North Western railway's record system.

**MEAT:**

**Bolster Enforcement**

Reimposition of OPA controls on meat led the big packers to predict a revival of the black market, but agency officials replied that a strengthening of its enforcement powers would enable it to cope better with illegal operations.

With meat ceilings scheduled for September 9, OPA Administrator Paul Porter reported that the agency would employ 2,500 investigators to check against black marketeers. Although doubling the number of agents, Porter stated that it would be impossible for OPA to curb illegal operations entirely.

**MOBILIZATION: Plan Ahead**

Warning that the U. S. will have little time for preparation before the next war, army and navy members of the services' industrial college issued a 37-page report outlining tentative plans for economic mobilization in event of hostilities.

Elaborate groundwork for M-Day would be laid during peacetime under the plan. Headed by the President, a national security council would formulate diplomatic and military policy; a resources board would develop policies for controlling wartime economy; a central research agency would co-ordinate scientific work, and a civilian plans board would fit together the activities of the various groups.

In addition, a national intelligence authority would furnish planners with necessary information; a foreign resources board would evaluate the requirements of countries aiding our economy, and a public relations agency would keep the public informed on mobilization plans.

**HOUSING: Materials Problem**

Pressed by the American Veterans' committee's advisory council, Housing Expediter Wilson W. Wyatt declared that more materials would be diverted from commercial construction for private dwellings to meet the huge demand for living quarters.

At the same time, Wyatt revealed that the government has been forced to slash its provision of temporary dwelling units in some localities because of increased costs. As head of the AVC delegation which met with Wyatt, Franklin D. Roosevelt Jr. asserted that during the first seven months of this year, commercial construction totaled over 3 billion dollars in comparison with only 1 1/2 billion dollars for private dwellings. He called for channeling of 90 per cent of materials to dwellings.

**PARIS:**

**Present Claims**

New claims were advanced against the vanquished at the Paris peace conference by smaller nations seeking geographical security against potential aggressors and compensation for war damages.

Hitting against award of the South Tyrol to Italy after World War I Austria asked the conference to settle the territorial status of the region in a manner satisfactory to the predominantly Austrian populace.

Basing its claim on maps dating back to 1327 A. D., Egypt demanded the return of the oasis of Giarub, ceded to Italy in 1925, air also asked for the plateau of Solium, invasion pathway from Libya. In addition, the Egyptians requested reparations from Italy for the bombardment of cities and ports.

**REFUGEES: Come Long Way**

Immigration authorities agreed to consider the admission of 18 Estonian refugees to the U. S. after first turning down their plea to enter this country following their arrival in Miami, Fla., on a 36-foot sloop from European waters.

Comprising 11 men, six wives and a flaxen-haired five-year-old girl, the Estonians first fled their native country when the Germans took it over. Declaring that the Russians were equally repressive, the refugees refused to return to their Communist-dominated homeland and left Sweden for the New World May 30. They were at sea almost continuously for 2 1/2 months.

**Reject Baseball Guild**

Big bow-legged Honus ("Hans") Wagner, once the greatest shortstop in the business and now a coach with the Pittsburgh Pirates, pointed up to the clubhouse blackboard. It announced that the team had rejected the American Baseball guild by a 15 to 3 vote.

Wagner points to results.

The disclosure that the Pirates had voted against unionization in an election conducted by the Pennsylvania labor relations board did not deter stubborn, soft-spoken Robert Murphy, guild chief. Though the

national labor relations board had thrown out his earlier complaint against the Pittsburgh management of unfair practices, he filed similar charges before the PLRB.

**BRITAIN: Control Steel**

Pending formulation of plans for nationalization of British iron and steel operations, the labor government announced the formation of a special board to control production, distribution and prices of the industry.

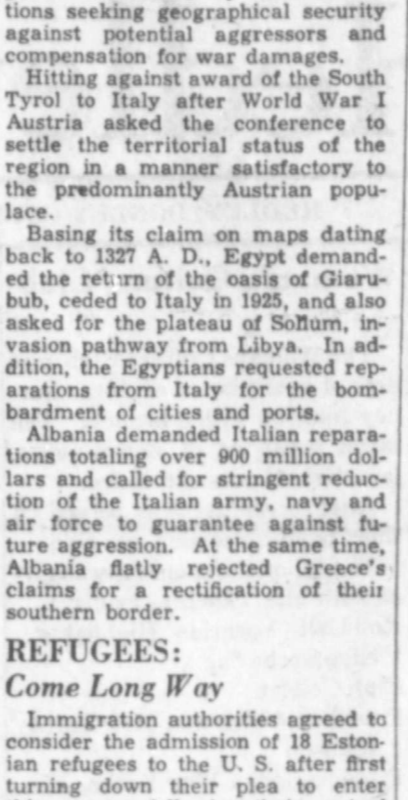

While Supply Minister John Wheat revealed that the industry's leaders had agreed to accept positions on the new board in order to familiarize themselves with nationalization proceedings, he said that they would not advise the government on plans for public ownership. Pending nationalization, the industry agreed to push modernization of facilities to step up output.

**FARM REALTY: Still Rising**

The upward movement in farm real estate values continued during the four months ended July 1, with an increase for the country as a whole of about 4 per cent, the department of agriculture reported. This brought the U. S. index (1912-14=100) to 147, a rise of 13 per cent since July, 1945.

**Mighty Fittin'—Those Old-Time Tomato Preserves**

—Photo Courtesy Ball Bros. Co.

"How dear to my heart are the scenes of my childhood!" Memories of old oaken buckets belong to a vanishing generation but almost everybody has fond recollections of the favorite foods of his childhood. Every year a good many people write Gladys Kimbrough, Home Service Director for Ball Brothers Company, manufacturer of fruit jars, requesting a recipe for pickles or preserves "like my mother or grandmother used to make."

**An Old Favorite**

A recipe popular a half century ago appeared in an early edition of the Ball Blue Book. It reads: "To every pound of small yellow tomatoes allow one pound of sugar. Put the tomatoes and sugar together and to every seven pounds of sugar allow the juice of three lemons. Let stand together all night and in the morning drain off the sirup and boil. (The recipe doesn't tell how long, but 10 minutes should do.) Put in the tomatoes and simmer for twenty minutes after they boil. Remove the tomatoes and allow the sirup to boil until thick. Just before taking from the fire, add the lemon juice. Put the fruit in the jars and cover with boiling sirup. Seal immediately."

If a more modern recipe is wanted, you might try:

2½ pounds (peeled) small tomatoes  
2½ pounds sugar  
2 cups water  
¼ ounce whole ginger  
1½ lemons (sliced thin)  
½ ounce of stick cinnamon

Boil together water, sugar, lemon and spices for fifteen minutes; add tomatoes, a few at a time, and cook gently until the tomatoes become bright and clear. Then pour

into shallow pans, cover and let stand over night. Pack the cold tomatoes into hot jars and strain the sirup over them. Process twenty minutes at simmering.

If you are wondering where you are going to get the sugar, as who isn't, here is your recipe:

**Recipe for Less Sugar**

2 pounds tomatoes  
2 cups sugar  
2 cups corn sirup, light or dark  
¼ cup water  
1 lemon  
1 small orange  
1 stick cinnamon  
2 pieces ginger root  
6 whole cloves  
½ cup raisins

Use small, firm, red, yellow or green tomatoes. Scald one minute. Dip into cold water. Skin but do not core. Combine sugar, sirup, water, lemon, orange (sliced thin) and spices, and simmer 30 minutes. Remove spices. Add tomatoes and boil gently until they are bright and clear. Add raisins. Cover and let stand over night. Pack cold tomatoes into hot fruit jars. Boil sirup until thick as honey and pour over tomatoes. Process 15 minutes at simmering.

## The House That Jack Built

This is the house that Jack built.

This is the wife that keeps house in the house that Jack built.

This is the washer that does the wash that helps the wife keep house in the house that Jack built.

This is the iron that irons the wash the washer washed, that helps the wife keep house in the house that Jack built.

This is the wire that carries the power that heats the iron, and turns the washer that does the wash, that helps the wife keep house in the house that Jack built.

THIS is the story of better living—of electric living—in Jack's house. The tale could go on endlessly. For electricity is a servant of many talents, of which washing and ironing are but two.

The electric power that helps Jack's wife is always ready, dependable, available in any quantity at any time. And Jack doesn't need much jack to pay the bill.

This is the company that strings the wires and makes the power that gives the Jacks—and countless families like them—all the comforts and convenience of electric living.

### Kidneys Must Work Well-

For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling.

Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

**The Force that Holds a Giant Stalactite Up...**

**OIL-PLATES Your Engine!**

THE tons-heavy stalactite—the giant "icicle" of stone—is held tight to its cavern roof by the tremendous attractive force of molecules pulling up against gravity. Utilizing the force of molecular attraction (basic force that holds things together) Conoco scientists bring to America's motorists the benefits of new and better oils.

By molecular attraction, a special ingredient of Conoco N<sup>th</sup> motor oil is bonded so strongly throughout your engine that cylinder walls and other parts are OIL-PLATED! And because molecular attraction holds Conoco OIL-PLATING up where it belongs ... prevents it from all draining down to the crankcase, even overnight ... you get these benefits:

- added protection when your engine starts up
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now ... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

**That Nagging Backache**

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—the risk of exposure and infection—throws heavy strains on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

Keep a supply of cookies on hand because they're so easy to wrap and slip in the lunch box with fresh fruit. Drop cookies with fruit and nuts are excellent from a nutritional standpoint.

**School Days**

School days, school days... they should be golden rule days for mothers as well as children. It's a well proved fact by now that unless the youngster has a good lunch to nourish and satisfy him, the grades are apt to go downward.

Most mothers wouldn't hear of the youngster eating a slim sandwich and a coke if they were eating at home, but many of them ignore such eating habits away from home. Each child, who eats out near school, should be thoroughly coached in the selection of his food.

If lunch is brought from home, the mother has an accurate check on her child's food. She will be able to tell whether the child eats his food or not by his general behaviour and physical condition.

Now, what are the requirements of a good noonday meal? They are a third of the day's calories and a third, if possible, of the fruit, vegetables, meat or substitute, bread and milk required for good health.

A good idea for the mother who must prepare daily lunches is to have a shelf with all lunch-making equipment assembled, plus a corner in the refrigerator to take care of the perishables. This makes speed and efficiency possible.

A variety of breads is essential if lunches are to stimulate interest in eating from day to day. You can purchase white, whole wheat and rye bread, but it's smart to make specialty breads occasionally.

**Graham Prune Bread.**  
 1 cup bread flour  
 2 1/2 cups graham flour  
 1 teaspoon salt  
 4 teaspoons baking powder  
 1/2 cup sugar  
 1 1/4 cups milk  
 1 beater egg  
 1 tablespoon melted shortening  
 1 cup prunes, cooked, stoned and dried

Sift together dry ingredients. Add milk and egg, then fold in shortening. Fold in prunes last and bake in a greased loaf pan in a slow (325 degree) oven for about one hour. Prune juice may be substituted for part milk.

**Orange Nut Bread.**  
 3 cups flour  
 3 teaspoons baking powder  
 1/2 teaspoon salt  
 1/4 cup sugar  
 1/2 cup chopped walnut meats  
 1 tablespoon grated orange rind  
 1/2 cup orange marmalade  
 1 egg, well beaten  
 1 cup milk

Sift together all dry ingredients, then add walnut meats, orange rind

**LYNN SAYS:**

Serve Mixed Grills: When you want something novel and appetite-appealing, put fruit, vegetables and meat together to broil. Here are some intriguing combinations:

Filets of beef with mushroom caps; tomato slices dotted with butter, sprinkled with salt and pepper.

Thick lamb chops with kidneys, bacon and little pork sausage; slices of pineapple or whole, broiled peaches.

Asparagus rolled in thin slices of ham; sweet potatoes in apple or orange shells; mushroom caps and cauliflower flowers.

Sweetbreads placed on ham or Canadian bacon slices; mushroom caps and bananas wrapped in bacon.

**Spicy Pumpkin Cookies.** (Makes 2 dozen)  
 1/4 cup fat  
 1/2 cup sugar  
 1 egg, beaten  
 1/2 cup pumpkin, cooked  
 1 cup flour  
 2 teaspoons baking powder  
 1/2 teaspoon salt  
 1 1/4 teaspoons cinnamon  
 1/4 teaspoon ginger  
 1/4 teaspoon nutmeg  
 1/2 cup raisins  
 1/2 cup chopped nuts

Cream fat and sugar; add egg. Blend in pumpkin, then add flour and baking powder, salt and spices. Fold in raisins and nuts. Drop by teaspoonfuls on greased baking sheet and bake in a moderate (375 degree) oven for 15 minutes.

**Recriminations, Reflections—**

Ruthless, rapacious James Caesar Petrillo seems hell-bent to wreck the nightclubs of New York, which cannot meet his latest demands and live. Petrillo hasn't been getting his name in the papers lately, and has apparently decided to see to that. . . . I have long observed this egomaniac. . . . His union, though in the AFL, is autonomous and he is its absolute duce. . . . He defies economic laws as he defies the nation's laws, which he now is doing flagrantly and blatantly—and he loves it; he loves that sensation of dictatorial arrogance: "Hah—I'm bigger than all America. Nothing can touch Petrillo. The world can't live without music—and I own the music. I have millions of dollars and don't account to anybody. My voiceless fiddlers and drummers and horn-blowers worship me. Congress passes a special law just against me—and that law I break. . . . So this is a republic. . . . No king. . . . What a laugh!"

Meyer Davis, the society maestro, wires me a lengthy defense of James Caesar Petrillo, who, he says, "has absolutely no jurisdiction over proposed raises in N. Y. nightclubs." He adds, "There is too much honey about Petrillo, just because he is colorful." If that's what's the matter with Petrillo, I'm color-blind, I'm also dumb. But I retain my sense of smell!

The dynamic six-footer, Walter E. Smith, is in town again, third time in two weeks he's flown hither. . . . "I got a nap in the plane," he tells me. "I hadn't been to bed in four days and nights." . . . Smith, whose hair is pretty white, is only 40. But he does more things than anyone I've ever known. . . . Within the year he has bought and converted a Hollywood cafe into Tom Breneman's, run the morning breakfast broadcast there into a national sensation, had it filmed for a feature; promoted rodeos, signed Gene Autrey for five years and will publish his biography; bought a hotel and cabanas in Palm Springs; tied up "Pappy" Boyington for his book and picture rights, and has a \$150,000 Warner option on the latter; organized a company to publish a magazine devoted to western movies; incorporated a company to produce Nils T. Grandlund's picture, "Rhythm Ranch"; bought Chestertown, favorite in the Hambletonian, for \$40,000, highest price ever paid for a trotter, to add to his large stable; founded the association which converted Santa Anita to trotting; conducts the largest enterprise in the West making aluminum furniture and luggage. . . . And nobody can play harder than he—or work half as hard.

Durocher, says Lew Parker, acts as though he were fighting Joe Louis, not St. Louis!

Lt. Col. Gregory (Pappy) Boyington's book is finished and in the hands of the busy Walter E. Smith, who seems to have about eight hands. Not only will Smith publish, but he'll do the movie himself, as an independent, perhaps as a road-show entry. Admiral Nimitz has offered Smith any fleet facilities required for the screen adaptation. The title, first time announced anywhere, is "Where Are We Now?"

Even Stalin's spies don't know—Margaret Truman's calls from Missouri to Washington are person-to-person—and the person is Marvin Coles, counsel for the merchant marine!

Gwendolyn Stone is a beautiful and talented dancer. . . . She has appeared in several west coast revue creations and in films, including "Night and Day." . . . No one seeing her would imagine that she is a deaf mute and has been since childhood. . . . She picks up rhythms with her feet, via vibrations. . . . She takes direction and cues by un-failing lip-reading.

Santa Fe Skyway is carrying specialized cargoes, including perishables. . . . No schedules will be made. . . . Flying personnel will be mostly veterans, 11 of whom have signed on. . . . One plane has refrigeration equipment, which weighs only 1 per cent of the gross tonnage and can register 120 degrees below zero.

Marie Windsor, Utah beauty who took over Broadway via stage and radio, is an outlander in Hollywood. . . . Ben Bogaus and Case Robinson, who bought Henryway's "Short and Happy Life of Francis Macomber" for peanuts (\$85,000 worth) are aiming at an Oscar. . . . Pat O'Brien is trying to interest movie money in a screen biography of his pal, Mayor Bill O'Dwyer, Pat to play him. . . . (With Abbott and Costello playing the role of two other guys named LaGuardia!)

**Chair, Shelf and Cornice Easily Made**

By Ruth Wyeth Spears

IT IS a combination of things that harmonize that make a home cozy and attractive. This corner of a room that was furnished with next to nothing proves that.

The chair frame was made from odds and ends of lumber—no piece longer than 2 1/2 feet. The shelf and matching cornice also were made of scrap lumber. The curtains and chair cushion are of an inexpensive cotton print.

This chair is made with pattern 265; and the scallops with No. 267. The curtain idea is from the booklet Make Your Own Curtains. Booklet and patterns are 15 cents each postpaid. Please mail requests for booklet and patterns direct to:

**ATHLETE'S FOOT NEWS**

"80.6% of sufferers showed CLINICAL IMPROVEMENT after only 10-day treatment with SORETONE"

Foster D. Seel, Inc., well-known consulting chemists, have just completed a test with a group of men and women suffering from Athlete's Foot. These people were told to use Soretone. At the end of only a ten-day test period, their feet were examined in two ways: 1. Scrapings were taken from the feet and examined by the bacteriologist. 2. Each subject was examined by a physician. We quote from the report:

"After the use of Soretone according to the directions on the label for a period of only ten days, 80.6% of the cases showed clinical improvement of an infection which is most stubborn to control."

Improvements were shown in the symptoms of Athlete's Foot—the itching, burning, redness, etc. The report says:

"In our opinion Soretone is of very definite benefit in the treatment of this disease, which is commonly known as 'Athlete's Foot.'"

So if Athlete's Foot troubles you, don't temporize with this nasty, devilish, stubborn infection. Get SORETONE! McKesson & Robbins, Inc., Bridgeport, Connecticut.
