Baseball

The Hedley baseball team will probably play their last game of the season next Sunday, playing Memphis at Memphis. The boys have had a mighty good season, winning about three fourths of their games and taking on all comers. They have only lost to two teams at home this year, Amarillo and Memphis and later defeating both of these. Next year the boys should be a lot better and Hedley should have a team in one of the leagues next year.

Lions Club News

Next week's Lions Club program will be in charge of Lions Craig Johnson and Chester O. Hill. We hope this will be a program from our schools. The Hedley Lions are mighty proud of our school and would like to give them our full support and cooperation.

This week will be directors meeting at the bank. Several Lions were absent from last week's meeting and can make up, and keep their perfect attendance record by attending this meeting. Items to be discussed will be the Lion play for benefit of athletic fund and other matters of importance.

The attendance at last week's meeting was below normal. Maybe the attendance committee should be on the job. Program under sponsorship of Lions Deahl and Moreman was excellent and enjoyed by all.

Woman's Culture Club

The Womans Culture Club met Wednesday afternoon in the home of Mrs. Leonard Chesshir.

Following a short business session presided over by Mrs. Barney Johnson, the following program was given.

Members answered roll call on home making arts.

Mrs. Frank Murray gave a very interesting part on What Could We Do to Encourage Home Building in Our Community.

Mrs. Ray Moreman led a round table discussion on Homemaking vs. Housekeeping.

Refreshments of cake and coffee were served to thirteen members.

Mrs. Burt Stone has been brought home from an Amarillo hospital.

Singing

The Hedley singers meet Sunday at 3 p. m. at the Nazarene Church.

Stamps Quartet To Be In Hedley Sept. 27

The Stamps-Baxter Men's Quartet of Dallas will give a concert at the Hedley High School Friday night, Sept. 27, at 8 p. m., featuring laughter, tears, melody and harmony. Admission will be 50¢ and 25¢, and tickets can be obtained at the Wilson Drug Co.

The quartet, consisting of Gene Moss, Glenn Sessions, Clarence Campbell, Arlie Brumley and pianist Dale Dennis, is heard every day at 6:45 a. m. over KGKO and every Tuesday at 11:05 p. m. over WFAA.

They will be in Clarendon Saturday night and Sunday, Sept. 28 and 29, for the Four County Fifth Sunday singing convention.

Smith-Bain

The First Baptist Church in Plainview was the scene of a very impressive wedding ceremony read for Miss Letha Bain, daughter of Mr. and Mrs. C. W. Bain of this city, and Basil W. Smith, son of Mr. and Mrs. V. L. Smith of Clarendon.

Dr. Hope Owen read the double ring service at 5:00 Sunday afternoon, September 15.

The bride's sister, Miss Vera Bain, who is attending Wayland College at Plainview was maid of honor. She wore a green dressmaker suit with brown accessories and a corsage of yellow chrysanthemums.

Billie R. Andis of Amarillo served as best man to the groom.

The bride was attired in a timber brown wool gabardine suit. She wore brown accessories with a single strand of pearls, a gift of the groom and a heart shaped shaped corsage of white carnations with white streamers.

Mr. and Mrs. Winfred E. McPherson and daughter, Mariwyn of Amarillo attended the wedding.

The bride was graduated from Hedley High School with the class of '45. The groom was graduated from Clarendon High School with the class of '42. He also attended Clarendon Jr. College before entering the U. S. Navy.

After a short wedding trip, the couple will be at home in Clarendon where the groom is employed by the Ray Palmer Implement Co.

Uncle Sam Says

All of us are familiar with quizzes about this and that. Let's take this question: What is the strongest, economic family asset in America? Millions of you could win the jackpot prize for the correct answer. U. S. Savings Bonds, of course. Ownership of U. S. Savings Bonds is now part and parcel of our American way of life because Americans know that Savings Bonds help to build a better, firmer future. Americans know that they yield a good profit at no risk at all to the principal.

American Legion

Several items of interest were taken up at Tuesday night's call meeting of the local American Legion Post. One of the most important was a G. I. Vocational school for Hedley where agriculture, business administration and other subjects would be taught. For particulars see some of the Legion. Also a Legion auxiliary was discussed, each member to contact eligible ladies and report back at the October meeting. It was decided to stucco the building with work to begin soon. Commander Blankenship called a meeting of the firing squad and color guard for Tuesday night, Sept. 24th.

Senior Pictures

If anyone saw the Seniors last Saturday and wondered why we were dressed up, it was because we had our class pictures made. We have received our proofs and all seem to look like themselves. Leon Doherty has agreed to help Mr. Alderson with the art work. This will be something to be left in the school for everyone to remember Leon by.

Reporters: Elsie Howell and Margaret Baker

Hedleyans attending college this term include Buck Everett, who is attending McMurry College at Abilene, Vera Bain and Leroy McKee, who chose Wayland College at Plainview, and David Stotts, Sam Owens Jr. and Charles Neal Johnson, who are going to Clarendon Junior College.

Mrs. Ed Harris of Rotan is visiting home folks here.

Ivan Jones and family have moved here from Fort Worth.

1st Baptist Church

Following is a report of the additions to the Baptist Church in August. There was a total of 13 came for baptism and 2 more came for baptism Sept. 1, making a total of 15. Here are their names, Clara Leland Holland, Erma Jean Spear, Belle Spear, Wanda Jennings, Billy Ray Scaggs, Bill Scales, Roy McKey, Billie Proctor, Floyd Sims, Mr. and Mrs. Winnie Bowden, and Donald Chumley. These were baptised August 25. There are 3 others to baptise yet.

Those coming by letter are Donald Proctor, J. B. Proctor, Mr. and Mrs. W. M. Proctor, Mr. and Mrs. L. L. Spear, Mr. and Mrs. J. W. Mann, and Mrs. Kenzie by statement.

During the past associational year we baptised 24 and have 3 others waiting baptism. We took into our church 28 by letter during the year and lettered out 8. We had a net gain of 44 members this last associational year. Our total offering for all causes for the year was \$700.00 plus.

We have had a good year and the pastor makes this method of thanking everyone for their help during the past year and pledges that there will be many blessings for the faithful Christians who cooperate in the Lord's work.

E. T. Harris, pastor

The Wise Old Owl

Dear Friends,

Sorry I haven't dropped you a line sooner but there is so much going on in this little burg that it is hard to keep up with it all. Well, here is some of the latest:

The Chandler boys seem to be doing super-plus with the Goode sisters. How about that you glamour gals, going to let them take them without a fight?

Say, who is Mary Sue's latest heart throb? Boy, does he have a car! He seems to be taking her away from an ex-senior.

Did Martha Jo and Doris really have dates for last Saturday night? Who interfered?

Did Lola Faye and Bobbie Lee really have a snazzy time last Saturday night? Say gals, what time did you get home? Early, no??

Is Wanda Jennings really jealous of Juarita? Wanda, how about you taking back an old boy friend?

Why is it Joe Neal won't put up the Junior flag? Is he too interested in a certain Senior girl?

Will Betty Jo ever decide who her heart throb will be? I doubt it.

Jimmy, do you like the job of assistant chauffeur?

Sarah, what Sophomore boy are you about to fall flat for? Maybe he will help pick you up.

We are very sorry if Margaret Baker was lonesome last week end. We will try to see that it never happens again.

Say, Thelma, who were you with last Sunday afternoon in that little blue Ford?

I wonder if someone had some watermelons missing last Monday morning. Kids, you went to the wrong patch, but if you want to know where some good ones are call on the Wise Old Owl. He knows. Watch out.

WEEKLY NEWS ANALYSIS

Nazi Bigwigs Await Sentence;
Dewey Faces Mead in Strategic
Race for Governor in New York

Released by Western Newspaper Union
EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts, and not necessarily of this newspaper.

Searching for mines of the type that blew up transport scheduled to carry illegal Jewish immigrants to Palestine in detention camp on Cyprus, British combed seaside settlement of S'Doth Yam. Tommy is shown tapping floor of nursery in quest for hidden cache.

WAR CRIMINALS:

Germany

Defiant to the last, Nazi bigwigs awaited sentence on war crimes after a 10-month trial at Nuernberg. Winding up the lengthy case, in which 3,000 documents were introduced and 5,000,000 words of testimony taken, former Reichsmarshal Goering denounced the allies for accusing the German leaders alone of violations of international law; ex-Foreign Minister Von Ribbentrop ripped the prosecution for refusal to admit as evidence an alleged warning by Churchill that Germany would be destroyed if she became too strong, and Finance Minister Schacht pleaded he had tried to avert the war.

Japan

Counsel for 27 high Japanese leaders on trial for war crimes in Tokyo was thrown into a dither by the revelation that officials of the war department had misused confidential information to tip off the prosecution on its strategy. Knowledge that counsel would claim Japan was forced into the war by America's diplomatic moves and economic sanctions was radioed to the prosecution and accidentally fell into the hands of the defense.

Philippines

Concluding three days of fiery oratory before the people's court for his release on bail, Jose Laurel, Filipino puppet ruler under the Japanese charged with collaboration, declared everyone had worked for the enemy out of fear or other motives. Mentioning Japanese money, Laurel shouted that it was in general circulation throughout the nation and therefore everyone who accepted it had assisted the Nipponese.

AUTO OUTPUT:

Hits Lag

In calling a press conference in Detroit, Mich., C. E. Wilson, president of General Motors corporation, presented the company's case against both the government and workers for the serious lag in auto production.

Pointing out that G.M. had turned out only 400,000 cars and trucks in the year following V-J Day instead of the 1,400,000 scheduled, Wilson charged the Truman administration with having attempted to appease labor unions by taking the lid off wages while at the same time stating that price increases were unnecessary. As a result, manufacturers were "put in the nutcracker," he averred.

Although G.M. has 88,000 more employees on its payroll than in 1941, production is about half, Wilson said. Tests on relative jobs have shown that worker productivity is about 80 per cent of the pre-war rate. Refusal of employees to extend themselves, a high absenteeism rate, inexperience and a large turnover partly due to the ease in collecting unemployment compensation all have contributed to the inefficiency, Wilson declared.

HOUSING:

Fear New Obstacle

Having trimmed commercial construction and tightened allocation of materials to speed up the veterans' emergency housing program, Housing Expediter Wilson W. Wyatt feared a prospective labor

REDEVELOPMENT:

Big problems of small towns recently assumed the limelight in Oklahoma where technical aid and research facilities are being centered on rural redevelopment by the new state Institute of Community Development.

The institute is helping small towns build a new economy to fit the changing times since the traditional pattern of rural life in the state is affected by soil erosion and a growing manpower surplus.

shortage as a new obstacle to the rapid erection of dwellings.

Revealing his apprehensions in his August report on the vet housing situation, Wyatt indicated that the government would strive to head off the latest bogeyman with an intensive recruiting and apprentice training program.

Despite a pickup in new building in July, Wyatt disclosed in his report, the emergency housing program is lagging behind the announced goal of 1,200,000 homes and apartments for this year. During the first seven months of 1946, 607,100 new dwellings were started and 287,100 completed.

NEW YORK:

Election Battle

Gov. Thomas E. Dewey's renomination as the Republican candidate for re-election in November, and Sen. James M. Mead's selection as the Democratic choice for the office, promised to make New York one of the strategic political battlegrounds for the 1948 presidential race.

In naming Mead, the Democrats pushed one of their strongest stand-by-ard-bearers into the fight to capture the governmental apparatus of the all-important empire state and at the same time squelch Dewey's aspirations for the White House. The son of Irish immigrants, who got his start in life as a water carrier for a railroad section gang, Mead has made an impressive record in the senate, particularly as head of the war investigating committee.

That Dewey hoped to make the impending gubernatorial race a springboard for the 1948 presidential run was seen in his strong castigation of the Truman administration for "bungling and confusion" in his renomination speech. As the party lines were being drawn for battle, Dewey stood as the favorite to win because of his administrative record in office.

NAVY:

To Provide Comforts

One could almost have heard the rattle down in Davey Jones' locker when the navy announced that it was air-conditioning the new cruisers, Salem and Newport News, to determine the best kind of equipment for eventually cooling all of its ships.

In announcing the navy's plans for providing additional comfort for crews on the bounding main, Vice-Adm. Edward L. Cochrane, chief of the bureau of ships, emphasized that air-conditioning had proved invaluable in boosting morale and fighting efficiency in combat.

Various types of new air-conditioning equipment will be used in the tests in the new 17,000-ton cruisers, with the cool air transmitted into all living and working compartments save machinery areas where the heat is too intense. Simplified coils will be shockproof and easily cleaned, it was said.

Farm Co-Ops Grow

Business volume and membership of farmers' co-operative associations showed a substantial increase in the 1944-45 marketing season over the previous season, according to Farm Credit administration.

Estimated membership in the agricultural co-operatives operating in the year ended June 30, 1945, was 4,508,000, an increase of 230,000. Business handled by the co-ops went from \$5,160,600,000 to \$5,645,000,000.

VFW:

Ask Vet Aid

Adoption of resolutions calling for increased benefits to World War I vets and satisfaction of domestic needs first before providing for those of other nations highlighted the Veterans of Foreign Wars national encampment in Boston, Mass.

Congress was urged to authorize pensions for World War I vets for old age and disability, with payments made for the latter regardless of whether the disabilities resulted from military duty. Such payments are made to Spanish-American war vets.

The government was asked to halt shipments of food to former enemy countries as long as any American was unable to obtain sufficient food stuffs to maintain proper health. A protest was raised against deliveries of grain abroad at the expense of U. S. brewers while beer was being imported from England, Belgium and Holland.

Other resolutions called for the trial of Yugoslav airmen who shot down American fliers; support of the Anglo-American recommendations for admission of 100,000 Jews to Palestine, and condemnation of the practice of awarding actors combat awards for troop entertainment.

FOREIGN RELATIONS:

Russ Rap Envoy

From Rio de Janeiro, Brazil, the Federated Press dispatched a story which read in part:

"Information has reached here . . . of a sensational war-mongering speech delivered . . . in Buenos Aires by George S. Messersmith, U. S. ambassador to Argentina. Messersmith's speech, a so-called 'off-the-record' affair at a meeting of the American Legion post in Buenos Aires, pictured war between the U. S. and Soviet union as inevitable. . . ."

Quick to respond to the alleged address, Pravda, the Communist party organ in Moscow, opined that the state department had sanctioned Messersmith's talk, thus directly charging this government with a hostile attitude. Pravda declared that Messersmith had said that his views were shared by higher-ups.

In Washington, Undersecretary of State William L. Clayton asserted that Messersmith had denied categorically that he had said war with Russia was sure to come.

MARITIME:

Big Walkout

Government authorities pressed hard to settle the walkout of 43,000 AFL seamen and avert a crippling strike of all 500,000 members of AFL and CIO maritime unions in sympathy with their protest over a wage stabilization board ruling nullifying substantial wage increases.

The trouble developed when the WSB ruled that ship owners were entitled to apply for rate increases only on the basis of monthly wage boosts of \$17.50 as established in the settlement of the threatened CIO walkout. The operators had granted the Seamen of the Pacific a monthly hike of \$22.50 and the Seafarers International Union \$27.50.

In backing the AFL walkout, Big Joe Curran, CIO maritime leader, was quoted as saying wage boosts for any union were good for other workers in the industry. CIO bigwigs were said to feel that success of the AFL organizations in cracking the industry's wage pattern would lead to readjustments of their own contracts to iron out inequalities.

INDIA:

Showdown

Ominously the Moslem newspaper Dawn of New Delhi lamented:

"India finds itself turned into a prison house for Moslems. The prison keepers must be overcome. The art of gentle persuasion having failed, the hard road of resistance alone remains."

Even as the words were being written, bloody rioting, engendered by the initiation of a Hindu-dominated interim government, raged in Bombay. Following the pattern of costly outbreaks in Calcutta, mobs of Moslems and Hindus invaded opposing neighborhoods, knifed and beat their victims, smashed shops and homes and looted property.

With such violent riots long predicted by the British in the event of their surrender of political control of the country, leaders of the large Hindu majority welcomed the outbreaks at the very inception of the new independent government as a test of their ability to maintain order. The Moslems, on the other hand, appeared equally determined to press the issue for "pakistan," a Moslem state within India.

VOLUNTEERS:

Local volunteer groups that performed valuable wartime services are "reconverting" to peacetime activities in many cities.

In Philadelphia, 900 auxiliary policemen, virtually all with experience in the civilian defense organization during the war, have been sworn in to serve in time of emergency and when major events are staged. Columbus, O., recently created a volunteer police force of 200 members.

Tells of Training Methods to Overcome Common Dog Faults

A well-trained dog is a much more agreeable and amusing companion than the harum-scarum, "rough neck" dog that has never been taught the niceties of canine etiquette, says the Gaines Dog Research Center, New York City. Dogs are not born with good manners any more than are children. A badly behaved dog is a reflection on his owner.

One of the most common faults of dogs is jumping up on people. Usually the dog does this in an over-exuberance of friendliness. But no matter how sociable the dog's intentions are, no one wants clean clothing smeared with dirty paw marks. The best time to start training against this habit is when the puppy is three or four months of age. Every time he jumps up, he should be pushed away with a sharp-toned command of "No!"

There are two good methods for training older dogs out of this habit. One system is to grasp the dog's front paws when he jumps up, hold them firmly, and at the same time reach out with one foot and step slightly on the dog's back feet. If this procedure is followed every time the dog jumps up, he soon learns to associate discomfort with jumping on people, and abandons the practice. Another cure for this habit is raising the knee just as the dog jumps so that the dog's chest will be hit, and he is thoroughly jarred and perhaps even toppled over backward. The knee should be raised and lowered as quickly as possible so that when the dog regains his balance and looks up, he sees you standing quietly as though nothing had occurred. Either of these two methods, followed consistently, should stop the most persistent jumper. It will serve no useful purpose, however, to correct the dog on one occasion, and pet him the next time he flings himself joyously upon you. The procedure must be followed every time the dog jumps up. It is helpful if your friends can be persuaded to follow these same methods, then the dog soon learns he must not jump on any one at all, as he gets the same handling from everybody.

Sometimes a house-dog will decide the floor is not comfortable enough for him and will start using the chairs, sofas and beds for resting places. Once a dog has acquired the habit of sitting on furniture it requires a good deal of firmness and

patience to cure him. The dog should be pushed to the floor whenever he is discovered on the furniture, and scolded in a severe and shocked tone. Occasionally a dog knows better than to get on the furniture in the presence of the family, but will immediately avail himself of the best chair in the house when he finds himself alone. Placing a set mouse-trap on the chair or bed will discourage this habit. The dog's weight

Famed trainer Blanche Saunders shows how to discourage a dog from jumping on people.

will spring the trap, making a loud snap, which will not harm the dog in the least, but will startle him sufficiently to cause him to lose all interest in any place where he has this unpleasant experience.

Dogs that bark and howl whenever they're left alone often are a problem. The best way to avoid trouble of this sort is to commence training when the dog is young. Start out by leaving him closed in a room by himself for short periods. If he barks, go to him, scold him and give him a light slap or two on the rump with a folded newspaper. Do not go back more than once, though, or the dog will get the idea he can make you come to him by barking. The periods can be gradually lengthened until the dog becomes accustomed to being alone and realizes he is not being permanently deserted by his owner whenever he finds himself without company.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste
 Your kidneys are constantly filtering waste matter from the blood stream. If kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body mechanism.
 Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
 There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

"Doggone, Mrs. Spaniel, you've got a fortune there!"

"Wonder how much, friend Foxhound?"
"I'd say a hundred bucks apiece, charming lady!"
"Flatterer! Why, when my grandpa was a pup, he brought only \$25. That was 20 years ago, of course, but he became a Champion!"
"My good woman, don't you realize how much prices have gone up since then? Look at hamburger, for instance..."
"Oh, Mister, how I'd love to look at hamburger!"

"Stop it—please! My point is that the price of nearly everything has gone way up in the last 20 years. Except electricity. And dogs don't use electricity. That's unfair. I'm going to raise a howl about it!"
"But we do use electricity in lots of ways. It cooks our food and warms our baths and waxes our spare hairs off the furniture."
"H-m—guess you're right, gorgeous gal... And it'll please you to know that the average family gets twice as much electricity for its money today as it did 20 years ago!"
"Twenty years ago—when Grandpa was a pup—and hamburger was... how much did you say hamburger was?"
"I'll have to scratch up the exact figure for you. But now I must run along and pick up a scent. Electricity and I—forgive me—do a great deal of work for a cent. Yip, yip! Good day, Mrs. Spaniel."

Though this story's all fun, its facts are all true. Many things are scarce and expensive these days, but electricity is plentiful and cheap. One reason it's so cheap is because of your wider use—but another big reason is because America's business-managed electric companies constantly seek and find new ways to keep it so.

The Force that Holds Up the Rainbow Natural Bridge..
OIL PLATES Your Engine!

ONE of America's wonders is the tremendous Rainbow Natural Bridge in Utah. Weighing millions of tons, it's held up by the mighty forces of attraction that exist between molecules of stone.
By ceaseless study of the molecular attraction between liquids and solids, Conoco engineers are able to bring motorists new and better oils. For example, under laws of molecular attraction, a special ingredient in Conoco Nth motor oil is attracted to working surfaces of your engine. So strong is this attraction that cylinder walls and other parts are OIL-PLATED.

Because molecular attraction holds Conoco OIL-PLATING up where it belongs

... prevents it from all draining down to the crankcase, even overnight... you get these benefits:

- added protection when your engine starts up
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Co.

Parade of Cakes

If you long to make a cake tender to the touch, feathery in texture, and delicate to the taste, then success is yours if you measure carefully, use good ingredients and bake carefully.

Maybe yours is one of those week-end does not begin unless there's a luscious cake reposing on the cake dish. If so, you'll want variety in addition to goodness, and there will be here for several week-ends, if you just clip out these recipes and use them as you go along.

This orange cake may be frosted with either orange or chocolate frosting depending upon your taste:

Orange Cake.
(Makes 2 8-inch layers)
2 cups sifted flour
2 1/2 teaspoons baking powder
1/2 teaspoon salt
3/4 cup shortening
1 cup sugar
3 eggs
1 1/2 tablespoons grated orange rind
1/2 cup orange juice

Sift flour, measure, then sift again with baking powder and salt. Cream shortening, add sugar gradually and cream until light and fluffy. Add well-beaten eggs and cream thoroughly, then add orange rind. Add dry ingredients alternately with orange juice, blending thoroughly after each addition. Bake in two layers in greased pans or as cup cakes or loaf cake. Use a moderate (350-degree) oven for 30 to 35 minutes.

Orange Butter Frosting: Cream together 1/2 cup butter with about 1 pound of powdered sugar (3 1/2 cups sifted). Add a few grains of salt, 1 1/2 teaspoons grated orange rind and 1 teaspoon lemon juice. Add enough liquid to make of spreading consistency.

Chocolate Butter Frosting: Use same ingredients as above, omitting orange and lemon juice and rind. Substitute 3/4 cup of cocoa sifted with powdered sugar and enough milk to make of spreading consistency. Flavor with 1 1/2 teaspoons vanilla.

Chocolate Spice Cake.
(Makes 1 9-inch tube pan)
2 3/4 cups flour
4 teaspoons baking powder
1/2 teaspoon salt
1 teaspoon cloves
1 teaspoon allspice
1 cup shortening
1 1/2 cups sugar
4 EGGS
3 squares unsweetened chocolate
1 1/2 cups milk

Sift flour, measure, then sift again with baking powder, salt and spices. Cream shortening, add gradually the sugar and cream together until light and fluffy. Add well-beaten eggs, then chocolate which has been melted and cooled and beat until smooth. Add dry ingredients alternately with milk.

LYNN SAYS:

When You Bake Cakes: Use these tips to make your work more efficient:
Oven should be heated to desired temperature before placing the cake within it. A good work order to follow is to lay out your utensils and ingredients, then light the oven, and then mix your cake. In this way you don't have to stop during mixing to light the oven.

The cake is done when it is lightly browned, and when it springs back lightly as touched. It may show very slight shrinkage from the edges of the pan.

stirring only long enough after each addition to make the mixture smooth. Pour into a greased tube pan and bake in a moderate (350-degree) oven until done, about 1 hour. When cool, spread with chocolate or mocha icing. If you like fruit in your cake, I'd suggest you try a Prune Cake which will keep nicely moist for at least a week. Dress it up with orange frosting, sprinkled with shredded cocoanut.

Household Hints

The lint from white clothes is apt to cling to the clothes of succeeding tubfuls, and shows badly on dark pieces. Pull a wire strainer, about 5 inches in diameter, through the water in the machine and rinsing tubs and you'll be surprised at the amount of lint you get.

If sunshine fades your colored clothes, you are an accessory after the fact. Hang colored garments in the shade after laundering to preserve their colors.

To prevent milk from boiling over while being heated, rub the rim of the saucepan with butter.

Use lukewarm water and borax to wash out your refrigerator. It will keep it sweet and clean.

When painting, wear an old sock over your shoe to wipe drips on the floor without stooping.
