Nurnberg Trials Published

Even as the twenty odd top Nazi leaders, who stood as defendants before the four power military tribunal at Nurnberg, await the verdict of that court, the great presses of the United States Government Printing Office at Washington are already impressing their words and the evidence of their probable guilt in permanent volumes for all the world to see.

The mass of documentary evidence collected by the American and British prosecuting staffs including the material relative to the trial, fills eight volumes which are to be made available to the general public for \$18 per set through the Superintendent of Documents, Government Printing Office, Washington, D. C.

Hall of State Seeks County Histories

Dallas, Sept. 26.—The Texas Reference Library in the Hall of State, Dallas, wants materials on the History of Donley County, and officials of Dallas Historical Society are appealing to the citizens of the county to help locate the needed items.

"Copies of these books and pamphlets are in the hands of pioneer citizens and their descendants," Director Herbert Gambrell said, but they are not to be found in bookstores. Placing them in this great shrine of Texas History for the use of the public, will not only be a permanent memorial to the donors, but a genuine service to those seeking accurate information about the county.

Information regarding available county materials should be addressed to the Director, Hall of State, Fair Park, Dallas 1.

Biographical directories, booklets on the histories of towns, churches, schools and other institutions, are also desired for the library, along with histories of the county itself. Special anniversary numbers of county newspapers are also wanted.

A special museum display of Texas County Histories is planned for the Hall of State during the State Fair of Texas in October. The Hall of State occupies the center of the Fair Park, and will be open daily, free of charge to visitors.

Uncle Sam Says

Hats off, my countrymen, to your newspaper boy. Once a year, we set aside Newspaper Boy Day to honor his thrift and enterprise. On Newspaper Boy Day in 1943 the late President, Franklin D. Roosevelt, paid him tribute for his inspiring work of selling nearly two billion ten cent war stamps. Today he rates a salute for setting an example in training for success. He is now enrolling in Treasury Department Newspaper Boy Thrift Clubs by which he invests his earnings in U. S. Savings stamps and bonds, which will pay him \$4 for every \$3 ten years hence.

Well kids, from now on it is double trouble. So you had better act your age.

The first question is: Why does Juarita go to town so often? Does she have part interest in the Hardware?

I have noticed that there is a new addition to the Senior class. Sue, it is your only chance.

Why are so many of the girls jealous of Fay? What has she got that the rest of you gals haven't got? Well, I can answer that one, she has the man.

Katty, did I hear you say that you would give him one more chance? Honey, you had better hold on; these men are scarce.

Who thinks enough of Erma Jean to go ask her pop if she can go to the football game with him?

Betty Jo, how do you like your new beau? You don't seem to get along too well.

Why does Bobbie wish that she were out of school? Brother, you will never answer that one.

Does anyone know of any loose men running around. If so, please notify me, because I have some man-less women on my list.

Well kids, you will hear and see more of me next week. So be careful.

FOREIGN AFFAIRS:
Trade Pact

Pres. Juan Peron and his entire cabinet looked on as British Ambassador Reginald Leeper and Argentine Foreign Minister Juan Bramuglia signed trade accords cementing commercial relations between the two countries. Pleased by the event, Peron announced that he had ordered three shiploads of meat to be sent to Britain before Christmas with the compliments of his government.

Peron might well have been tickled with the agreement, which calls for Britain's purchase of 83 per cent of Argentina's exportable meat surplus in the first year at prices 25 per cent over prevailing levels. During the second year, Britain will take 78 per cent of Argentine supplies. The latest price boost brings the total increase up to 45 per cent over the 1939 level when Britain first went in for large-scale buying.

In another accord, the British relinquished their control of Argentine railways in exchange for shares in a new company including Argentine government and private capital. Under a third agreement, Argentina will be permitted to utilize blocked wartime trade balances in Britain for retiring sterling debts, buying out British investments, or making cash withdrawals of 25 million dollars annually.

PUBLIC WORKS:
Huge Backlog

Helped by federal aid in planning, states, cities and counties have drawn up a huge \$4,107,136,000 public works program. Along with federal projects running into the billions, the nation's overall program not only promises to provide necessary public improvements but also a possible source of bolstering employment in the event of a business let-down.

State, city and county programs are broken down into those using federal funds for planning and other

ers blue-printed by the various governmental units themselves. In obtaining U. S. money for planning, applicants must show a capacity to build within four years with their own funds and agree to repay federal advances without interest at the start of construction.

Of the 4,630 projects totaling \$1,296,977,051 mapped with federal funds, sewer, water and sanitary improvements costing approximately \$546,000,000 constitute the largest item. Following are school extensions or new buildings, \$319,000,000; public buildings, \$117,000,000; hospitals and clinics, \$73,000,000; highways, roads and streets, \$46,000,000; parks and other recreational facilities, \$30,000,000; bridges, viaducts and railroad overpasses, \$28,000,000; airports, \$20,000,000; and miscellaneous projects, \$115,000,000.

FIRE LOSSES:

Estimated U. S. fire losses totaled \$40,019,000 for the month of August, an increase of \$5,923,000 or 17 per cent over losses of \$34,096,000 for August, 1945, the National Board of Fire Underwriters disclosed in a report.

The losses were the highest recorded in August of any year since the national board began tabulating monthly losses in 1929. They were a bare 2 per cent under losses of \$40,998,000 recorded in July.

WARFARE:
New Horror

Add the latest to science's horror weapons:

A new poison so deadly that less than one-seventh millionth of a gram is enough to kill a man and a one-inch cube could wipe out every person in the U. S. and Canada.

Existence of the new terror weapon was revealed by Dr. Gerald Wendt of New York City in a General Electric Science Forum. Describing the latest killer as an innocent looking crystalline toxin, he revealed the poison was invisible, microscopic in size and easily spread. Because of its great destructiveness and cheapness in manufacture, any small nation possessing the toxin could become a formidable world threat.

Wendt declared that the U. S. already has spent 50 million dollars in research on the new weapon, a small sum in comparison to expenditures on radar and the atom bomb.

MEAT:
Crisis Widens

No less than 36,000 butcher shops throughout the nation were said to have closed and almost 100,000 clerks and packing house employees were reported idle as the crisis in meat continued.

Receipts of cattle and hogs remained far below the high levels established during the suspension of OPA and ran considerably below last year's runs. As packers awaited the large seasonal fall shipments, they were compelled to bid ceiling prices for lean, grass-fed cattle and inferior grades of hogs. Some of the stock received was said to be suitable for by-product purposes only.

Meanwhile, OPA promised to act upon restaurant operators' protests against imposition of June 30 ceilings on meat dishes. With the restaurateurs claiming that the restoration of old prices in the face of increasing costs would force them to close, OPA said it would modify ceilings to assure adequate earnings if evidence of hardship were offered. Where restaurants spent 40 cents of each dollar of revenue for food, they now expend 55 cents, it was said.

YUGOSLAVIA:
Jail Archbishop

Acting upon the testimony of the voluble secretary to Archbishop Alojzije Stepinac, head of the Roman Catholic church in Yugoslavia, Marshal Tito's communist government arrested the high prelate and prepared to try him for "crimes against the people."

With 12 priests already on trial on the same charge, inclusion of the Archbishop would further tend to discredit religion in the Russian-dominated nation, following the pattern of communist hostility to all creeds. While the powerful Croatian peasant leader, Vladimir Macek, was implicated in the Archbishop's alleged machinations, the government hesitated to move firmly against him for fear of political repercussions.

Talking freely against the Archbishop, his former secretary alleged that the prelate's castle in Zagreb was the center of an anti-Tito movement to set up an independent Croatian state. Charging that the Archbishop worked closely with one of Draja Mihailovitch's ex-aids in promoting anti-government bands, the secretary declared that the high churchman planned to finance a terrorist campaign for separation.

Permanent Auto Finish

You can throw away your polishing rag and cease worrying about the paint on your car.

Progress being made in the development of silicones derived from sand indicates that within five years autos, refrigerators, electric ranges and hospital equipment will be finished with a silicone paint that will retain its original color and gloss permanently.

FREIGHT RATES:
Wind Up Hearings

Department of agriculture representative bucked the railroads' petition for a 25 per cent rate increase in final hearings before the Interstate Commerce commission in Washington, D. C., while the carriers argued that the boost was necessary to prevent deficit operations.

Department opposition was based upon two points: First, that an increase in freight costs to farmers would retard the electrification of rural regions, and, second, that it would impose a heavy burden upon the fish industry and curtail the movement of its products.

Railroads are destined to lose more than 200 million dollars at present rates next year, the carriers argued. Since 1939, wages, fuel and supplies have risen 50 per cent to a total of 2 billion dollars, they said, and even with the present high volume of traffic they only figure to earn 30 million dollars in 1946. Pending settlement of the carriers' petition, the ICC held over a temporary 10 per cent wartime raise.

WORLD LABOR:
Wage Warning

As delegates to the 29th general conference of the International Labor organization convened in Montreal, Que., Director Edward J. Phelan issued a warning against rising wages not based upon increased production.

Hitting against inflationary wage boosts in a 113-page report reviewing the world reconversion picture, Phelan told delegates from 51 member countries including the U. S. that workers should refrain from strikes crippling resumption of large-scale output; employers must keep prices within reasonable limits, and governments should act to bring capital and labor into harmonious agreement.

Wage boosts based on increased productivity are essential to continued prosperity, Phelan declared. While more goods will tend to lower prices, higher pay will permit a greater consumption, bolstering both employment and business. Under those circumstances, profit-sharing represents a fair measure for wage determination, Phelan said.

MARRIAGE:
Rocky Road

For every three marriages in 1945 there was one divorce, the Federal Security agency reported in the first government reporting of such statistics.

From the rate of 1.9 divorces per 1,000 population in 1937-'39, separations jumped to 3.6 in 1945, it also was revealed.

Except for the depression years, the divorce rate has gone steadily

upwards in the U. S., even rising through the wartime period when marriages dipped between 1942 and 1945.

FSA studies showed that marriage and divorce rates rise with prosperity and war and sink with depression.

EUROPE:
Proposes Union

Winston Churchill echoed U. S. Secretary of State Byrnes' proposal for a strong, unarmed Germany in calling for a united states of Europe to work within the framework of an international organization to preserve peace.

Speaking at the University of Zurich in Switzerland, Churchill suggested that a reconciled France and Germany form the cornerstone of a continental union, with the British empire, U. S. and Russia lending assistance. In welcoming Germany back into the family of nations, Churchill asked that the people be distinguished from their Nazi leaders.

A united states of Europe established to preserve peace in the old world would not conflict with the United Nations, Churchill argued. On the contrary, he said, success of the U. N. was dependent upon a natural grouping of western countries strong and desirous enough to meet threats to security.

TIRES:

Passenger car tire shipments reached a record during the first seven months of 1946, the Rubber Manufacturers association reported. However, the day when motorists can walk into a dealer's shop and buy new tires "all the way around" is still months away.

Manufacturers shipped almost as many replacement passenger tires between Jan. 1 and July 31 of this year as they did in the entire year of 1941, which was the highest since 1929.

Slenderizing Frock

CREATED especially for the more mature figure is this beautifully slenderizing daytime frock. Scallops edge the side closing, shoulder gathers give a soft feminine look. Choose a pretty all-over scroll of flower print, or solid navy or black will be nice.

Pattern No. 8951 comes in sizes 36, 38, 40, 42, 44, 46, 48, 50 and 52. Size 38, short sleeve, 4 1/2 yards of 35 or 39-inch.

Household Hints

A large paper bag slipped over the end of a furnace pipe will save a lot of dirt when cleaning the pipes.

For a door or opening which appears too small, the eye can be deceived with a wallpaper border of the right width around the door.

Glue thin sections of cork to the back lower corners of picture frames to prevent a dust line on the wall.

To remove decalcomanias from your walls before painting, soften them a bit with denatured alcohol. Then sandpaper the surface carefully for its coat of paint.

Before stringing small beads dip the end of the thread in glue which will dry quickly. The beads will thread easily without the use of a needle.

Ever think of keeping strands of embroidery floss straight between pages of a book? Lay strands of one color across one page, strands of another color across another page, and so on. Leave ends peek out the top to find the color you want.

When cleaning the floor use a mop instead of a broom and you get the dust and dirt all at once.

Scallops and Puffed Sleeves
SHE'LL feel so grown-up in this adorable two piece dress—just like big sister's. The jacket is daintily scalloped, with puffed sleeves and a pert Peter Pan collar. The swinging skirt is attached to a bodice for comfort.

Salmon-Tomato Pie Has Taste Appeal

There's true flavor teamwork when salmon and tomatoes are combined in a pie shell, writes Marjorie Griffin, Rural Home editor of nationally-circulated Capper's Farmer.

"If you are short on time, dispense with the crust," she advises homemakers in the magazine read by 1,300,000 farm families. "Just have a fish and vegetable casserole. Grated cheese is a delightful topping."

TOMATO-SALMON PIE

- 2 lbs. chopped onion
- 1/2 c. chopped green pepper
- 1/2 c. margarine
- 2 1/2 c. canned tomatoes
- 2 tsp. flour
- 1/4 tsp. salt
- 1/4 tsp. pepper
- 2 tsp. sugar
- 1 lb. can salmon
- grated cheese
- 1 unbaked pie crust

Saute onion and green pepper in margarine. Add the tomatoes, flour, seasonings and sugar. Cook about 15 minutes. Fit pie crust into baking dish; spread salmon over top of it. Cover with the tomato sauce. Bake at 400° F. for 20 to 25 minutes.

From where I sit... by Joe Marsh

Bert Childers and the Melon Patch

Bert Childers put an ad in the Clarion the other day. Here's what it said:

"Planted more melons than I can eat this year. Stop by and pick as many as you want. All free."

As you can guess, plenty of folks sent their kids over and plenty of the parents came too. Stripped Bert's melon patch in no time. And as they went away, Bert treated the kids to lemonade, and offered the grownups a glass of ice-cold sparkling beer.

Naturally it puzzled some folks... but Bert explains: "It gives me a kick to share things when I can afford to—whether it's the melons, or the lemonade, or beer. I guess I just like to indulge my whims."

From where I sit, if we had more "self-indulgent" people like Bert—who believe in share and share alike, live and let live, this tired world would be a whole lot better off!

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its busy and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feet constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

DOAN'S PILLS

Walter Winchell (WNU Service)

For the Record:
In 1940 and repeated as late as 1944, Stalin declared that a Communist state was never safe until the whole world was Communist.

The diplomatic rat race, started by Russia, is on. History will record the unspeakable tactics to snare the support of Germans as an atrocity of peace. The allied diplomatic throat slitting (while promising to revive Naziland's power) not only emphasizes their split — also underlines the cleavage between FDR's foreign policy and the zig-zagging now practiced by America's leaders. Roosevelt said:
"As for Germany, that tragic nation which has sown the wind and is now reaping the whirlwind—we and our allies are entirely agreed that we shall not bargain with the German conspirators, or leave them a shred of control—open or secret—of the instruments of gov't. We shall not leave them a single element of military power—or of potential military power."

From a front page story in the New York Herald Tribune of January 1, 1945: "Allied supreme headquarters, confirming reports from the front of a mass slaughter by the Germans of American soldier prisoners, issued today an official statement which said that 115 Americans were murdered in this way soon after the German counter-offensive began. The statement (issued after an investigation) said the Americans captured near Malmedy, Belgium, were lined up in ranks six deep and were mowed down by machine-gun fire."
But a year and a half later American diplomats are ready to treat German soldiers like allies!

There is nothing so hypocritical and stupid as the current syrupy drooling by allied diplomats about the difference between "The German people" and the Nazis. "The German people" is the most obnoxious type of weasel-wording. . . . Nazism is merely a new label for ancient German venom. One of Germany's military heroes is General Count von Haesler. He once declared:

"It is necessary that our civilization build its temple on mountains of corpses, on an ocean of tears and on the death cries of men and women without numbers. Germany must rule the inferior races of the world!" He said that in 1893!

Sec'y Byrnes' naive babbling that the Germans will behave like good little rodents if they are gifted with democracy, must make intelligent citizens shudder. Germans had a taste of democracy during the days of the Weimar republic — after the First World war. They promptly spit it out and swallowed Nazism.

Allied hop-heads now are cooing with Nazi militarists. But it's safer to tangle with a cobra than clutch the paw of a Junker killer. In 1944 Field Marshal von Rundstedt issued a secret report to German generals that stated:

"With the booty we have accumulated, the enfolding of two generations of enemy manpower and the destruction of their industries, we shall be better placed to conquer in 25 years than we were in 1939. We don't have to fear peace conditions analogous to those which we have imposed because our adversaries will always be divided. Their disunity will force them to fight each other, and Germany will play one side against the other."

Allied plans to rebuild German industries must have been inspired by the ghost of Hitler. When the Nazi military machine cracked, leading German industrialists held a secret meeting on August 10, 1944—and blueprinted strategy for mobilizing German industry for the Third World war.

The following news clipping should be on the desk of every delegate at the Paris conference. It was published in the January 29, 1930, issue of the German zeitung, "Volkischer Beobachter":

"Germany can have only one ardent wish, namely, that the spirit of misfortune should hover over every allied conference, that discord shall arise therefrom, and that finally a world peace which would otherwise ruin our nation should dissolve in blood and fire."
From a speech by Adolf Hitler.

New York Vignette: Lorraine De Wood, the thrush, was motoring up Riverside drive. . . She kept holding one arm out of the car, waving it aimlessly. . . The motorist behind her (so the story goes in the mail) couldn't savvy her signals and the machines collided. . . "Oh, lady," he almost wept, "I couldn't tell what you were signalling!" Lorraine said, shifting her choon-gum, "I was just drying my nail polish!" . . . Bilbo's mouth operation was a flop—he can still talk!

Invite the Neighbors for a Harvest Special!
(See Recipes Below)

Harvest Party

If you're planning to ask some of the neighbors to drop in and help you with that last batch of harvesting, wedding, gardening or what-have-you, then be sure you have plenty of good food that can be served to them, family style.

Should the weather be warm and lovely, plan to eat under the shade of the old tree, or on the porch, as you'll find the outdoors makes even ordinary food taste pretty special. Set the table with your checked gingham and have plenty of paper napkins for buttery fingers and hands still wet from the succulent fruit.

Everything in the way of food should be simple, but good, and make sure there's plenty of it. This will be the reaping in of everything that's edible from your season's produce and the table should be as bountiful as you can possibly make it.

Tomato Soup.

- (Serves 6)
- 12 fresh tomatoes
 - 8 scallions
 - 1 teaspoon salt
 - 1/2 teaspoon pepper, freshly ground
 - 1 teaspoon sugar
 - 1/2 teaspoon sweet marjoram
 - 1/2 teaspoon thyme
 - Juice of 1 lemon
 - 2 teaspoons grated lemon peel
 - 1/2 cup sour cream
 - 1 teaspoon curry powder to taste

Dash of salt
Peel tomatoes and press through a coarse sieve. Add minced scallions, salt and pepper, sugar, herbs, lemon juice and peel. Chill for 2 hours or longer. Heat until just hot, then serve in soup plates with sour cream and minced parsley, if desired.

If you're having barbecued chicken or ribs of beef or spareribs, then you'll certainly want to have some of these picnic-type beans:

Baked Beans.

- (Serves 4 to 6)
- 1/2 cup minced onion
 - 1 1/2 cups minced green pepper
 - 4 tablespoons butter or substitute
 - 4 cups canned baked beans
 - 1/2 cup diced dill pickle
 - 1/2 cup grated American cheese
 - 1/2 cup soft bread crumbs

Saute the onion and green pepper in 2 tablespoons butter. Add beans and arrange in alternate layers with cheese and pickle in a buttered casserole. Top with crumbs mixed with remaining butter. Bake in a hot (400-degree) oven for 25 minutes.

Red Cabbage With Apples.

- (Serves 6)
- 1 2 1/2 pound head of red cabbage
 - 1/2 cup boiling water

Cut cabbage into quarters, remove core and slice into thin strips. Add water and cook in a covered pan for 15 to 20 minutes.

Blanch: a verb meaning to plunge into hot water for a few minutes, then in cold water to remove skins as on tomatoes or peaches and nuts.

Braise: means to brown meat by pan-broiling, baking or broiling, then covering it with a liquid and cooking at a low temperature until tender.

Brush: to spread thinly.

LYNN CHAMBERS' MENU

- Pan Fried Pork Chops
- Apple Rings
- Candied Sweet Potatoes
- Carrots and Celery
- *Frozen Pear-Grape Salad
- Muffins
- Peach Pie
- Beverage

*Recipe given.

- 3 large cooking apples
- 3 tablespoons melted butter or substitute
- 1/4 cup vinegar
- 1 1/2 teaspoons flour
- 1/4 cup brown sugar, firmly packed
- 2 teaspoons salt
- 1/2 teaspoon pepper

Finely shred cabbage, discarding core and tough portions. Add the boiling water and cook, covered, 20 minutes or until cabbage is tender. About 10 minutes before cabbage is done, add peeled, cored apples which have been sliced and cook 10 minutes longer. Then add remaining ingredients, combined, tossing lightly with a fork. Heat and serve.

With all these vegetables, you'll want to savor of a light fruited salad such as this one:

***Frozen Pear-Grape Salad.**

- (Serves 6)
- 6 to 8 pear halves, canned or fresh
 - 1 3-ounce package cream cheese
 - Green or Tokay grapes
 - Salad greens

Dressing
Mash the cream cheese and add slivered grapes to it. Stuff into cavities of the pears. Use 1 cup pear juice or mixed fruit juice and add six tablespoons french dressing to it. Beat with a rotary beater, adding to this mixture one extra package of cream cheese and mixing till smooth. Place stuffed pears in refrigerator tray, pour beaten mixture over them and let freeze until firm. Serve on greens with extra salad dressing.

Bran Refrigerator Rolls.

- (Makes 2 dozen)
- 1/2 cup shortening
 - 6 tablespoons granulated sugar
 - 2 teaspoons salt
 - 1/2 cup boiling water
 - 1/2 cup bran
 - 1 cake yeast
 - 1/2 cup lukewarm water
 - 1 egg, beaten
 - 3 to 3 1/4 cups sifted flour

Mix shortening, sugar and salt with boiling water; then add bran and cool to lukewarm. Soften yeast in lukewarm water; add with egg to bran mixture. Stir in enough flour to make a soft dough and beat thoroughly. Cover and store in the refrigerator overnight. Form into small balls and place three of the balls in each greased muffin pan. Cover with a clean towel. Let rise in a warm place until almost doubled in bulk. Bake in a hot (425-degree) oven for 15 to 20 minutes.

Dutch Plum Cake.

- (Serves 6)
- 1 cup sifted flour
 - 1 1/2 teaspoons baking powder
 - 1/2 teaspoon salt
 - 3 tablespoons granulated sugar
 - 1/4 cup shortening
 - 1 egg
 - 1/4 cup milk
 - 3 1/4 cups peeled, pitted plums, cut in eighths
 - 1/2 teaspoon cinnamon
 - 1/4 teaspoon nutmeg
 - 2 tablespoons butter or substitute

Sift together flour, baking powder and salt. Add 1 tablespoon of the sugar. Cut in shortening with pastry blender or knife and work mixture together until it looks like coarse meal. Stir in egg and milk which have been combined. Spread in a greased or oiled pan. Place cut plums on top, sprinkle with cinnamon and remaining sugar, and butter. Bake in a moderately hot (400-degree) oven for 40 to 45 minutes or until plums are tender. Serve warm, cut in slices with foamy sauce, vanilla sauce or plain cream.

Joe Wished Bill to Share Solitude Found in Heights

Joe and Bill, two steeplejacks, had been commissioned to cover a job in the town. Joe climbed to the top of the stack, and Bill got to work at the bottom.
"Hey, Bill," shouted Joe, "come up here a minute."
After half an hour's laborious climbing, Bill reached the top.
"What do you want?" he asked breathlessly.
"Sh-h-h! Listen!" replied Joe. "But can't hear anything," said Bill, breaking the silence.
"No. Ain't it nice and quiet up ere?" came the reply.

Northwest Indians Placed Wealth in Copper Plaques

Until a generation ago, the numerous tribes of Northwest Coast Indians used a standard woolen blanket as their medium of exchange, says Collier's. To concentrate their wealth, men invested their blankets in "coppers," painted and engraved copper plaques, the value of which increased through resale.

At a ceremony held by the Haida Indians on the Queen Charlotte Islands off British Columbia in 1893, one of these coppers brought 7,500 blankets and, incidentally, lived up to its lengthy name—"All Other Coppers Are Ashamed to Look at It."

One more row to hoe

The boy from the farm is on foreign soil today!

Instead of overalls, he's wearing his country's uniform. He's standing watch over the hard-won peace. He's safeguarding your future!

At heart, he's still that farm boy. His laughter sounds the same—when he can laugh. He still goes for cokes and cakes—when he can get them. And he still gets mighty homesick—when he has nothing else to do but think of home.

Your USO has one more row to hoe. Another round of laughs to plant. Another crop of cheer.

Your USO needs your help, as much as ever. For millions of American boys still need the USO. They need the camp shows and clubhouses—the hours of relaxation and entertainment—a place to hang their hats and loosen their belts.

They need to know that the folks back home are still thinking of them—are still willing to pitch in and make their task a lighter one.

Tell the farm boy you're with him—every step of the way—through the USO. Say it with dollars!
