Basketball News

The Lions Basketball team won their fourth straight game Monday night by a very small margin, defeating the Lakeview All Stars in a tough game by the score of 33 to 31. It was anybody's game all the way through with Lakeview leading until the last five minutes of the game when the Lions caught up and forged ahead just before the bell.

The Lions will go to Turkey next Tuesday night and tackle Colvin's All Stars. The High School girls also play the Turkey High School girls at the same time. The girls also have a perfect record, winning all games played. The High School boys have had trouble getting games, many of the schools now playing football. The boys are coming along fine and it looks like we are going to have another good high school boys team this year.

Special Services at the First Baptist Church

The Baptist Church here had a group of nine young people, students from Wayland College at Plainview Saturday night and Sunday, and the church was greatly blessed by the fine program presented by them. The group was served supper at the church basement by the church. Mrs. Jesse Beach and Mrs. Mike Harris were in charge of the entertainment, and really did a great job of it. The basement and auditorium were decorated with all kinds of Halloween decorations and fall flowers.

The young people spent the night with the following folks, two with Rev. H. T. Harris, two with M. W. Mosley, two with R. W. Alewine and three with Claud Bain.

Our prayers go out for these young people in the Lord's work. We hope that next year our church will have a large number of young people to attend Wayland College. We have two attending this year.

The pastor was well pleased with the fine spirit the group left with us. We also had a good service Sunday night with 69 present. The pastor spoke on the subject, "The Christian Failure When He Doubts God's Word." Let all of us come next Sunday and start November off in a big way. We will be expecting you.

Halloween Party

The Senior Class entertained the Juniors with a Halloween party Tuesday evening from 7:00 to 9:30 at the home of Mr. and Mrs. Bill Scales. The house decorations were works of art. Black cats peeped from dark corners, and jack-o'-lanterns, witches and ghosts helped to create a spooky atmosphere. Halloween colors, black and gold streamers, hung from the ceiling like witches' rain.

Bats, owls and goblins peeped from the windows. A center piece of beautiful autumn leaves arranged about a huge bowl of golden chrysanthemums was one of the most attractive features and even this had the Halloween motif. Two black cats prowled among the leaves.

The guests were greeted at the door by a ghost, an imp of Satan, and a witch and were led to a table where they were served with witch's brew. Later they were presented to the Queen of Darkness, Lola Faye Owens, who gave them fortunes in a nutshell, invited them to unmask and welcomed them to the party.

Games consisted of contests in apple paring, unscrambling jumbled Halloween words, apple bobbing, and telling continued ghost stories. Prizes were given the winning couples in each contest. The winners in costume contests were Margaret Baker, who appeared as an imp of Satan, Velva Johnson, who dressed as the Jill of Hearts and Malcolm Usrey and Darrell Proctor who wore ghost and clown costumes.

Refreshments consisting of punch, cake, and fruit salad in orange baskets were served to about forty guests.

Among those present were Mr. and Mrs. Sam Owens, Mr. and Mrs. J. M. Baker, Mr. and Mrs. C. O. Hill, Mr. and Mrs. Craig Johnson, Mr. and Mrs. Bill Scales, Mesdames Davenport and Usrey, and the following Seniors and Juniors: Mary Sue Scales, Malcolm Usrey, Darrell Proctor, Hayden Baker, Lynn Cherry, Velva Johnson, Juarita Usrey, Margaret Baker, Willie Vic Goode, Lola Faye Owens, Elsie Howell, Bobbie Lee Hall, Bobby Everett, Junior Skaggs, R. L. Stone, Duane Naylor, Bobby Solomon, Betty Usrey, Joe Neal Bevers, Martha Nell Reed and Charlotte Parks, Merle Berle, and Carol Owens.

Dr. and Mrs. Coffey Honored On Golden Wedding Anniversary

Dr. and Mrs. J. C. Coffey celebrated their golden wedding anniversary with open house from 3:00 to 5:00 P. M. Sunday Oct. 27, at their home in Hedley. The doctor and his wife have long been among Hedley's most beloved pioneer citizens here where for many years he was practicing physician. He retired from active practice a few years ago, and since has lived quietly in his home here.

The party was arranged entirely as a surprise by close friends of Dr. and Mrs. Coffey. Over a hundred guests from various Panhandle cities registered. Many unable to appear sent beautiful gifts to help express their love and admiration for the dear old couple whose friendship every person in Hedley claims and values. Some of those present were ushered into the world by Dr. Coffey.

The arriving guests were greeted by Dr. and Mrs. Coffey and close relatives.

Mrs. Coffey was beautifully dressed in black with a corsage of golden chrysanthemums, a gift of Miss Myrtle Reeves. Golden bowls of chrysanthemums, dahlias, marigolds, and other cut flowers decorated the living room and dining room where tea was served throughout the afternoon with golden cake. The cake itself was a work of art, golden, three-tiered, and topped by a miniature bride and groom. It was a gift of Mrs. Lily Sullivan of Ardmore, Okla., cousin of Dr. Coffey and sister of Mrs. J. B. Masterson. Tea was poured during the afternoon by Mesdames Jesse Beach, Leon Reeves, Ross Adamson and Royce Hall.

Among the gifts received and arranged for all to see were two beautiful reading lamps, a 36 piece golden banded dinner set, a golden chenille bed spread, gold vases, a small gold tray, golden luncheon sets, towel sets, bathroom sets, and one immense golden double wool blankets. There were salad bowls, wall vases, pepper and salt sets, all in gold or gold banded, and many other things too numerous to mention.

Guests registering were as follows: Dr. Coffey's sister and niece from Paducah, Mrs. J. W. Ledbetter and Mrs. Garland Cole; the couple's only daughter and family of Canyon, Mr. and Mrs. Roy Hunter, Louise, John Coffey, Roy and Virginia Hunter, Virginia Leid and Leta McNutt also of Canyon; Mr. and Mrs. O. R. Culwell, Childress; Messrs. and Mesdames V. Alewine, C. E. Johnson, John Dickson, J. J. Beach, J. W. Reese, L. Spaulding, F. G. Swing of SOUTHWEST FARM MARKETS

Livestock lost some of recent gains, cotton rallied then sagged, but peanuts and sweet potatoes, grains and citrus moved upward while eggs and poultry, potatoes and onions weakened at southwest markets last week, says USDA's Production and Marketing Administration.

Cotton gained about half of recent heavy losses early last week but sagged later. Spot market activity was slack but increased as prices advanced.

Eggs fared better than poultry last week as more meat appeared. Southwest markets reported good demand for eggs at steady prices, but dull demand for poultry at prices a nickel to a dime below recent high levels.

Butcher hogs were up \$2 a cwt. at Fort Worth to reach an all-time peak. Other markets reported prices 50 cents to \$2.50 higher than the previous week's close.

About 93,000 cattle arrived at southwest markets last week, only slightly more than the previous week, but enough to cause the worst congestion at Ft. Worth since 1917.

Why does Marg always want to turn east at the north end of Main Street? Silly, you should know what's down that way. A filling station a hubba, hubba boy! Doris, where and with whom did I see you last Sunday night? And say, Sue, who did I see you with Saturday night? I see your wish came true!

WEEKLY NEWS ANALYSIS
U. S. Moves to Free Economy; Paris Parley Ends in Dissent; Ask Reds to Settle Lend-Lease
Released by Western Newspaper Union
EDITOR'S NOTE: "The opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper."

Luxembourg palace was all lit up on the eve of adjournment of Paris peace conference but the weariness attending the 11 weeks of bitter hickering was indicated by the slumber of the bartender on his stool (upper left) and the newspaper man at his desk (upper right).

DECONTROL: Speeded Up

Hundreds of non-essential items were scheduled to be removed from price control as OPA moved to comply with President Truman's plans for a speedy shift to a free economy. Whereas 52 per cent of the nation's economy was under regulation, the total was expected to be reduced to 40 per cent by the end of the year.

Items basic to production or living will continue to remain under control to keep the economy within balance. Included in this category are farm equipment, needed for output of food and fibers; building materials in widespread demand for housing; clothing; household appliances and furniture.

Removal of controls from livestock led to OPA decontrol of fats, oils and feeds. Because of the lifting of ceilings on lards, OPA said it would be difficult to keep corn oil, cottonseed oil, peanut oil and soybean oil under control. Free market prices for livestock might lead to excessive use of cheap mixed feeds, OPA declared.

See Hope for Soap

Prospects for improved shipments of livestock following decontrol promised to relieve the critical soap shortage although a continued scarcity of copra from the Far East threatened to limit maximum production.

Normally, soap consists of 50 to 70 per cent tallow or grease, obtained from cattle and hogs, and 25 to 30 per cent coconut oil, derived from copra.

Since experiencing a shortage of coconut oil, producers have been increasing the amount of tallow and grease for soap. Heavier marketings of cattle and hogs thus would enable them to step up their production.

Despite high production of coconut oil in the Philippines, crippled grinding mills have been unable to turn out large volumes of copra. While cottonseed mills in the U. S. could crush the coconut, it was said that OPA ceilings were inadequate to permit operations.

PARIS: Grim Ending

Secretary of State Byrnes made a final address about a "people's peace"; Molotov spoke of a "democratic peace," and Bevin prayed for a "lasting peace," but there seemed as yet to be no peace as the Paris conference ended in the ornate Luxembourg palace.

Ten empty seats belonging to the Yugoslav delegation strongly attested to the differences existing between the powerful western and eastern blocs. Complaining that depositions had not been reached on the basis of existing facts, but rather in the interests of the nations commanding a majority, Yugoslavia referred to remain away from the closing session.

Yugoslavia's action pointed up Molotov's declaration that the newly established democratic Slav states would not be "dictated to" by the western powers. The Russian foreign minister had backed Yugoslavia's strong protests against the creation of a neutral governor for the key port of Trieste and rejection of Tito's claims to Italian border territory.

Mar Duke's Happy Return

For the first time since their historic marriage in a French chateau, Duke of Windsor took his wife, former Wallace Warfield Simpson, back with him to England. Hardly had the couple settled down on a two-month sojourn in the country when a thief stole a million dollars in jewels from the duchess while she was entertaining nobility. Included in the booty were sapphires, rubies and diamonds.

MEAT: In Offing

If meat was slow in coming onto the market following decontrol of the industry, consumers could kick their chops for a big feast ahead. While housewives were sure to find increasing quantities of meat at market in the ensuing months, the chief effect of President Truman's

The record number of livestock on farms and ranges was instrumental in influencing the administration to lift controls, Secretary of Agriculture Anderson told the Illinois Chamber of Commerce. Were the nation to suffer a drought, the meat industry would be menaced with loss and disorganization, he said. As of last January, there were 40,900,000 beef cattle on farms and ranges, and with the recent rate of slaughter the number would have risen to 44,800,000 by the end of the year.

decontrol will be to induce farmers to use their record supplies of feed to fatten cattle and hogs to prime beef and pork, experts said.

In the meantime, farmers are expected to market suitable livestock now, with the high prices prevailing influencing the culling of cows, fat bulls and old canner cows from breeding herds. While prices were expected to rocket with the first wave of buying, experts said they would level off once distribution channels were returned to normal or if consumer resistance was met.

LEND-LEASE: Ask Russ to Settle

In asking Russia to settle its lend-lease account of \$11,141,000,000, the state department reported that the action was taken in compliance with congressional desires to speed up final liquidation of such obligations.

Settlement is expected to follow the pattern of previous arrangements made with Britain and France, with the Reds paying only a percentage of the cost of the guns, tanks, airplanes and other material sent during the war. In arriving at the final figure, the U. S. has always written off part of the debt owed in consideration of losses and casualties suffered in the common cause.

In the case of the British and French, the U. S. extended credits for the purchase of surplus goods as part of the settlement, and the same privilege could be afforded the Russians. As it is, the U. S. advanced the Reds between 300 and 400 million dollars at the time of the cessation of lend-lease to permit them to obtain supplies ordered but not yet delivered.

Withdraw Czech Aid

Possessing no inclination to be Uncle Sam, Uncle Sam withdrew a 40 million dollar credit to Czechoslovakia and suspended negotiations for a 50 million dollar loan following the Czechs' support of Russian charges at the Paris peace conference that the U. S. was trying to enslave Europe economically.

While Czech support of Red baiting of the U. S. constituted the principal reason for the action, the state department also charged the Czechs with profiteering in the resale of American surplus goods to Romania and stated that the Czechs were far ahead of other European countries in postwar recovery.

INDIA: Strange Interlude

It takes a big man to admit a mistake, as Mohandas K. Gandhi did in New Delhi, but it also takes a smart politician to cut the ground from under his opposition, as the Hindu leader also sought to do.

Gandhi's double-edged action occurred as his all-India congress party and the Moslems continued to fence for political advantage in the proposed New Indian government. It was reported that Gandhi had carelessly endorsed a Moslem statement claiming that their party was the sole representative of the Moslems in contradiction to his own repeated assertions that his Congress party embraced all faiths.

With Moslem leaders in possession of Gandhi's endorsement and in position to publicize it as a lever for obtaining wider representation in the new government, the little Mahatma put on his sack-cloth and ashes in an attempt to head off his foes. Said he: "I feel impelled to tell you of an error committed by me. . . . It may be that I am old and my brain is getting weak. . . . I am telling you of this mistake in order that you may learn a lesson from it and never be hasty or careless in your actions. . . ."

AFL: For Americanism

AFL delegates representing seven million members took a firm stand against Communism in their 65th convention in Chicago, proclaiming their devotion to a free, democratic government in opposition to "a godless dictatorship seeking to subvert liberties won from previous tyrannies."

At the same time the AFL urged the government to continue a firm course against Russia, declaring appeasement would not halt the Reds' efforts to extend their domination over other countries. The U. S. plan for atomic energy control was deemed the only sound proposal for assuring against the production or use of nuclear power for war.

Adoption of a resolution boosting per capita assessments on internationalists was expected to yield the AFL an additional \$400,000 annually to support its year-round program. Fees were raised from 1 1/2 cents to 2 cents on the first 200,000 members of affiliated unions, with 1 1/2 cents charged on all members over 200,000.

NUERNBERG: Slick Escape

Nazis snickered as allied investigators pressed a thorough inquiry into the spectacular suicide of Hermann Goering, top German war criminal who escaped death by hanging in swallowing potassium cyanide shortly before the hour of his execution.

Always a favorite with the Germans because of his rollicking, open-handed mannerisms, Goering appeared to have salvaged some of his lost prestige by thwarting the

For Hermann: Potassium Cyanide

allied noose at the last minute. Whereas suicide is considered an act of cowardice in the U. S., Germans regard it as a means of redeeming lost honor. Allied authorities wondered if Goering's dramatic demise would tend to take some of the sting out of the war crimes trials in the German mind. Despite the execution of 10 other top Nazis, Goering's escape from the noose took on the effect of a subversion of allied justice.

AGRICULTURE: Future Pattern

Increased agricultural production in the face of uncertain demands threatens to pose another historic farm problem.

Indicative of what may lie ahead, the department of agriculture re-imposed production controls on potatoes following the bumper output of 1946. Despite a reluctance to restore regulation, the department acted to prevent the waste which accompanied the banner harvest this year.

Until plans for increasing consumption overseas and in the U. S. materialize, re-imposition of controls to prevent excessive production of various crops may develop. Reduction of some acreage, however, may be accompanied by shifts to the increase of other products like meats, milk, fruits and vegetables to provide a better balance in diets.

While stimulation of consumption in the U. S. would require maintenance of good wages and perhaps even the payment of subsidies to low-income groups, big foreign demands for food hinge upon reduction of trade barriers and distribution to needy areas.

POLLUTION: Ask U. S. Control

Limited government control over water-pollution problems to provide cleaner waters in the United States was advocated by the Federation of Sewage Works associations at the group's 19th annual convention in Toronto, Canada.

International pollution authorities from all states in the U. S. and from Canada, Britain and Argentina, approved the resolution calling for federal control of U. S. pollution problems with limiting provisions.

HOW TO BUY A USED CAR
—as suggested by "Automotive News," the newspaper of the industry

1 Your best guarantee of a good buy is a good dealer. But today's used cars are often offered by "curbstone operators," or so-called "private parties." Then it's wise to get off alone with the car. You can judge general appearance... try lights, brakes, wiper, horn. Allow \$10 for repairing a broken window, \$5 for a dent. Always...

2 Shine your flashlight on the engine. Extra dirty? This shows many miles of poor care. Rust streaks or fresh oil on the block may mean cracks—around plugs, it shows oil pumping. And your flashlight will spot motor numbers—show at once if they match the title. Next...

3 Turn beam along frame and body—kinks suggest "Rebuilt wreck." Grease on running gear means wear. Look for worn pedals, shabby upholstery, dirt. Lift rubber around windshield! See yellow or green paint? Look out! May be an ex-tail!

4 In car or camp, home or office, always rely on "Eveready" flashlight batteries for "a longer life of brighter light." They are the largest-selling flashlight batteries in the world—and justly so! Ask for "Eveready" flashlight batteries by name. Their extra life and light cost no more!

Time to plant one more crop of cheer

MILLIONS of folks—here and abroad—owe the cheerful sight of food on the table to you, Mr. Farmer!

Through long, hard work, you've helped keep us the best fed country in the world—while helping to feed many of the world's hungry.

Now we need your help to plant another important crop—one more crop of cheer for our servicemen.

Today, thousands of our boys, scattered over half the earth, are hungry for a touch of home. For a sight of their own people, the music of their own songs, the laughter of their own jokes.

You treat them to all these things when you give to the USO. Every dollar you give helps prevent another of yesterday's heroes from becoming one of today's "forgotten men." By sending USO entertainers to keep up their morale... by giving them a friendly home away from home through USO Clubs... by bringing entertainment to those in hospitals—for whom the war hasn't ended—to help them fight their way back to health.

You help keep America close to millions of homesick GI's... and keep them close to America. It's a job we all want to pitch in on. Lend a generous hand, won't you? Let's give the boys a big crop of cheer.

Keep it up... **USO** Don't let them down!

BASIC forces of attraction and repulsion keep a comet in its course around the sun. By ceaseless study of the molecular attraction between liquids and solids, Conoco engineers are able to bring America's motorists new and better oils.

For example, under the laws of molecular attraction, a special ingredient in Conoco Nth motor oil is attracted to working surfaces of your engine. So strong is this attraction that cylinder walls and other parts are OIL-PLATED.

And because molecular attraction holds OIL-PLATING up where it belongs... prevents it from all draining down to the crankcase, even overnight... you get these benefits:

Friendship—Three Thousand Miles Apart

Ever play chess? It's a great game! One of the strongest friendships I know of started with a game of chess—between Dad Hoskins, in our town, and a man named Dalton Barnes, in England.
They've never seen each other, never met. But for the past eight years they've been playing chess by mail together—Dad puzzling over Dalton's latest letter, while he sends a chart of his next move to England.
Dad always thinks best with a mellow glass of beer beside his chessboard. And the Englishman writes him that he does the same. "You know, it's almost as if we shared a glass of beer together, too!" says Dad contentedly.
From where I sit, you can talk about diplomacy and foreign policy, but it's often those little things—like a game of chess or a glass of beer—that can make for tolerance and understanding... between people of all nations... between neighbors here at home!

Kidneys Must Work Well—
For You To Feel Well
24 hours every day, 7 days every week, never stopping, kidneys filter waste matter from the blood.
If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot get into the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.
Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling.
Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's Pills make the function of the kidneys and help them to flush out poisonous matter from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

Thicken Soup

One of the secrets of good chowders and thick soups is to let the vegetables do the thickening. Potatoes and other vegetables will cook down so that they will thicken the soup themselves, without the addition of flour and fat. If flour is added to thicken a soup, don't use too much and be sure to cook it enough to give it a distinctive flavor. Unless flour is used carefully, the cream soups come out stodgy and tasteless.

Stand Up And Be Counted!

President Truman recently told the nation that his New Deal Administration had come within a hair's breadth of confiscating every head of cattle off our Texas ranges. He admitted that public opinion was the only thing that stopped him.

Last May 21, the New Deal Secretary of Agriculture, using war-time powers in peace-time, ordered our farmers to sell half their wheat immediately and at prevailing prices, whether they wanted to or not,—OR ELSE. The order was rescinded only when public opinion forced the New Deal to retract.

Both these decrees were Socialistic in their very nature. They are indistinguishable from similar decrees in Russia. And the only thing that stopped the New Dealers from making them permanent was the fear that it would cost them the national elections on November 5.

But what do you think is going to happen if America elects another New Deal Congress on November 5? What do you think is going to happen if another Democratic majority puts the radicals in the saddle in Washington again with no fear of elections for two more years? State Socialism, such as was fondly contemplated by the Truman administration, will be forced down the public's throat whether it likes it or not.

The only way you can prevent State Socialism from becoming a tragic reality in America is to elect a Republican Congress on November 5. If you want to support the Democrats running for State offices, that's all right, but VOTE FOR THE REPUBLICAN CANDIDATE FOR CONGRESS.

Because this is true as Gospel, the Panhandle today is being swept by the greatest political tidal wave in its history. Hundreds upon hundreds of lifelong Democrats have pledged themselves to vote for Frank T. O'Brien, the Republican candidate for Congress, because they want to have a voice in our Federal government instead of turning it over lock, stock and barrel to the Communists in Washington. Even if your present Congressman were a Conservative, the very fact that he is a Democrat would help to give the New Dealers enough votes in the House to dominate the nation as it has never been dominated before.

The November 5 election is not a matter of party against party. It's a matter of America against Russia. It's a matter of YOU, THE PEOPLE, AGAINST FEDERAL DICTATORSHIP.

The time has come for good American citizens to STAND UP AND BE COUNTED. Tell your friends you've had enough. Tell them you're going to vote for Frank T. O'Brien at the November 5th general election because you want to free this great and troubled country from the dictatorship of Harry Bridges, Dave Dubinsky, Tom Pendergast, Ed Kelly, Walter Reuther, John L. Lewis, Caesar Petrillo, Henry A. Wallace, Mayor Hague and the other un-American individuals who have become our lords and masters.

This isn't Nazi Germany or Fascist Italy. It isn't even Soviet Russia, though many of the New Dealers have tried their best to make it so. If an honest American citizen is afraid to stand up and admit that he is on the side of Democracy against the forces of Communism then the future of this great nation is in grave peril.

The only way we can save ourselves from Socialism is to elect a Republican Congress in 1946. And in the Panhandle that means casting your vote FOR Frank T. O'Brien, of Potter County, and AGAINST your present New Deal Congressman.

IT'S TIME TO STAND UP AND BE COUNTED AS A REAL AMERICAN IF AMERICA IS TO BE SAVED FROM STATE SOCIALISM.

Potatoes fresh from the oven contain a full quota of vitamin C which is important to the health of teeth and gums. YOU DON'T HAVE TO VOTE FOR THE DEMOCRATIC NOMINEE

Article Six, Section Two, of the Texas State Constitution guarantees the right of qualified Texas electors to vote as they choose—and expressly provides that "this provision of the Constitution shall be self-enacting without the necessity of further legislation."

The Supreme Court of Texas has ruled, in the case of Koy vs. Schneider (218 S. W. Reporter, page 479):

"EVEN AFTER PARTICIPATING IN THE PRIMARY, THE QUALIFIED VOTER IS LEGALLY FREE TO VOTE AS HE CHOOSES IN THE GENERAL ELECTION."

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—the risk of exposure and infection—tends heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all seem out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try **Doan's Pills**. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

Sweet Potatoes With Citrus Flavor

(See Recipes Below)

Winter Vegetables

The passing of summer is no good reason to neglect the serving of vegetables. We all need their precious vitamins and minerals in cooler weather and there are plenty of the winter variety to take their rightful place in our menus.

The yellow vegetables: carrots, turnips and squash are a good source of vitamin A, necessary for resisting infection, and essential for the health of eyes, ear, nose and throat. Serve these vegetables frequently, and test your ingenuity by trying new ways with them.

Green vegetables plentiful can be found, too, for cabbage, green pepper, lettuce, etc. are abundant. And don't forget the canned variety, for canning cupboards are undoubtedly well-stocked with summer's produce. Use them up during the winter so you have space and jars for next year's produce.

Beets can be popular with your family if you prepare with flavor.

Stuffed Beets.
(Serves 6)

6 medium-sized beets
1/4 cup diced bacon or drippings
1/2 cup onion, chopped
1 tablespoon chili sauce
1 teaspoon lemon juice
1/2 cup cottage cheese
1/2 teaspoon salt
1/2 teaspoon pepper

Boil whole beets about 40 minutes or until almost tender. Rub off skin under cold water. Scoop out centers, then sprinkle sides of beet with a little salt. Chop the removed pulp fine, add remaining ingredients. Fill beet shells with this mixture. Place in a dish containing a small amount of hot water and bake in a moderate (375 degrees) oven until browned, about 30 minutes.

Any type of cabbage may be used in the following sweet-sour recipe. Use all the seasonings listed for that mouth-watering flavor.

Sweet-Sour Cabbage.
(Serves 6)

4 to 6 cups cabbage, shredded
8 strips of bacon, diced
1 tablespoon brown sugar
1/2 teaspoon salt
1/2 teaspoon pepper
1/4 teaspoon paprika
1/2 teaspoon dry mustard
3 tablespoons vinegar
1 table.poon water

Boil cabbage until tender, drain and keep hot. Cook bacon until crisp, then add combined dry ingredients to it. Add vinegar and water and heat to boiling point. Pour over hot, cooked cabbage and serve at once.

Parsnip Patties.
(Makes 8)

4 cups pared, cored, thinly sliced parsnips
1/2 cup sliced onions
1 1/2 teaspoons salt
1 1/2 cups boiling water
1/2 cup minced parsley
1 egg, beaten
1/2 cup coarse bread crumbs
Finely sifted bread crumbs
2 tablespoons fat or oil

Winter Vegetables

Stuffed Green Peppers
Tomato Gravy
Squash De Luxe
Bananas-Apple Salad
Peanut Butter Drink
Apricot Mousse
*Recipe Given

Cook the parsnips with the onions and salt in boiling water for 15 minutes or until tender. Drain and mash well. Add parsley, egg, coarse bread crumbs. Chill well and form into patties. Roll in finely sifted bread crumbs and saute on both sides in fat until golden brown. Sprinkle with paprika, garnish with parsley and serve as a luncheon dish or as a side dish with meat.

Sweet potatoes are one item you'll be serving often in the next few months. I'll guarantee you'll like this way of preparing them.

Orange Sweet Potatoes
(Serves 4 to 6)

6 medium-sized sweet potatoes
1 cup orange juice
2 teaspoons grated orange rind
1 tablespoon cornstarch
3 tablespoons melted butter or substitute
1/2 cup brown sugar
1/2 cup granulated sugar
1/2 teaspoon salt

Cook potatoes in their jackets until tender. Remove skins. Meanwhile, combine remaining ingredients in a saucepan and cook, stirring until thickened. Arrange sweet potatoes, either whole or cut in lengthwise slices, in a baking dish. Pour sauce over them. Cover and bake in moderate (350 degrees) oven for 20 minutes. Uncover and bake 15 minutes longer. Cut-up pieces of marshmallow may be sprinkled over the potatoes during the last 15 minutes of baking.

Squash De Luxe.
(Serves 6 to 8)

1 medium-sized squash
1 medium onion, minced
1/2 cup butter or substitute
2 tablespoons granulated sugar
2 teaspoons salt
1/2 teaspoon pepper
1/4 teaspoon mixed, powdered herbs
Elich milk, scalded
Melted butter or drippings

Remove seeds and stringy portion. Place in steamer or colander over boiling water and cook on top of range for about 45 minutes or until tender. Scoop squash from shell, leaving each shell intact. Mash squash thoroughly, then cook onion until clear in butter. Add to squash with the next four ingredients. Add enough milk, if necessary to make a fluffy mixture. Brush lightly into shell sections. Brush with melted fat and broil for 10 minutes, or until squash is browned.

Turnips with Peas.
(Serves 6)

3 cups hot, diced cooked turnips
2 1/2 cups canned peas
1/2 cup rich milk
4 tablespoons canned, diced plimnetoes
1/2 teaspoon salt
2 tablespoons butter or substitute

Combine turnips with other ingredients in order given. Place in a saucepan and heat thoroughly before serving.

Tips on Vegetable Dishes

When broiling vegetables, brush them with salad oil or melted butter to make them brown more evenly.

To make delicious fried potatoes, melt enough cooking oil or bacon drippings in a pan. Add sliced potatoes which have been cooked for 10 minutes, then peeled, and chopped onions. Let potatoes brown before turning them with a spatula.

LYNN SAYS:

Unless you have your own vegetables, choose those you buy with extreme care. Look for freshness, since most vegetables lose their crispness and flavor as soon as they are picked.

When using frozen vegetables, it's best not to let them defrost before cooking as they deteriorate rapidly after thawing. Experts say they should be placed in boiling water in their frozen form.
