Lions Club News

The Lions will sponsor a show at the High School auditorium Monday night November 18th. Bill Callahan and his Blue Ridge Mountain Folks will put on something like a two hours show, featuring "Old Huckleberry."

At next week's Lions Club regular meeting the program will be given by Chas. E. McDaniel of Abilene, representative of the National Cotton Council of America.

Ninety-five members and guests attended the Lions ladies night and halloween party last Thursday night. An excellent meal was served by the Home Ec girls, and the program given by Harvey Gaddis of Amarillo was enjoyed by all.

Veterans expecting to enroll in the vocational course for veterans being sponsored in this county by the County School Board in cooperation with the Veterans' Administration and the State Board for Vocational Education are asked to meet at the Clarendon College Auditorium, Tuesday, November 12, at 7:30 p. m. Twenty veterans will be enrolled in an agricultural unit at that time, and the course will be started either the last of the week or the first of the succeeding week. The board has only one man who meets the qualifications set up to serve as instructor in the work and only one unit will be started in the agricultural field at this time. The first twenty men who have their claim numbers and certificates of eligibility will be the men selected to fill the first unit.

All veterans in the county who expect to participate in any one of the three programs sponsored in the county (Agricultural, Trades and Industries, or Distributive Education) are asked to be sure to attend this meeting. A representative of the Veterans' Administration and a representative of the state board for vocational education will be present at the meeting and should be able to answer any questions concerning the program. It is probable that the county board will be able to offer a unit in the trade and industry field for those veterans interested in this work at an early date.

Parent-Teacher Ass'n.

Our regular meeting of Parent Teachers will be Tuesday Nov. 12 at 7:30 p. m. We hope that each member will be present as we have some important things to discuss.

Our lunch room will be open Monday morning. If you would like to pay for your child's lunch one week in advance you may do so. We will keep each meal checked.

We are asking for a kitchen shower for the lunch room. We are asking for a tea towel from each family and would appreciate any kitchen articles you feel we might use. We are starting this lunch room under many disadvantages so please help us in any way you are asked.

Thank you,
Mrs. T. J. Cherry, pres.

Swing of SOUTHWEST FARM MARKETS

Easy trends showed up on most farm products at southwest markets last week, reports USDA's Production and Marketing Administration. Oats and barley had about the only strength. Livestock prices started to level off followed by sharp cotton losses and steady declines on sorghums, poultry and eggs plus an easy undertone on most vegetables.

Cotton rallied late last week after markets closed Wednesday to allow the trade to recuperate from a loss of \$22.50 a bale during the first part of the week. Prices in general dropped about 4 to 5 cents per pound below the previous week's close but were about 7 cents above last year. Demand for cotton was slack because of the unsettled market. Farmers held nearly all current ginnings and took steps to put more cotton under government loan.

Southwest egg and poultry markets reported weaker prices and dull demand for most offerings last week. Trade was barely normal for this season of the year. Turkeys held steady.

Less cattle arrived at southwest markets last week compared to the week before, and prices began to decline. Common and medium steers and yearlings brought \$12 to \$15 per hundred at Houston; \$12.50 to \$16, San Antonio; and \$12 to \$18, Ft. Worth. Oklahoma City quoted common and medium steers \$13 to \$16 while Wichita quoted medium and good steers at \$17 to \$20. Denver moved medium and good shortfed steers around \$20.

J. P. Alexander Dies

J. P. Alexander, a long time resident of the Panhandle, passed away Monday night in McLean after an illness of about six years.

Funeral services were held Wednesday morning at 10 o'clock from the First Presbyterian Church at McLean by the pastor, Rev. Floyd Grady. The body was then brought overland to the Womack Funeral Home in Hedley, and lay in state from 1 o'clock until 2:30. Interment was in Rowe cemetery here.

Pallbearers were John Cooper, Clifford Allison, Charles Cousins, F. H. Bourland, Kid McCoy and Charlie Gatlin.

Mr. Alexander was born April 23, 1862, at Lampasas, being 84 years of age at the time of his death. He was married in Lampasas County April 23, 1890, to Tishie Ruth Rhea, who survives him. He was converted many years ago at Giles, and united with the Christian Church.

The family moved to Hedley in 1901 and lived here 35 years, moving to McLean in 1936.

Besides his wife, he is survived by four daughters, Mrs. T. J. Coffee of Lubbock, Mrs. Emmett Thompson of Quannah, Mrs. Elton Johnson of Vernon and Mrs. Lou Wood of Stinnett, and four sons, Otis of Wichita Falls, Oscar of Albuquerque, Alva of Amarillo and Don of McLean; also 16 grandchildren, 10 great grandchildren, 2 brothers, W. C. of McLean and Jasper of Lampasas, and 1 sister, Mrs. J. B. Townsen of Lampasas.

Attending the funeral services were all his children and their husbands and wives, together with most of the grandchildren. We were unable to secure all their names.

During his many years in Hedley, Mr. Alexander made many friends here who will mourn his passing. He was a kind and affectionate husband and father, and will be greatly missed in the home and community.

Mrs. Tate Honored

Mrs. Tommy Tate, the former Dorothy Brinson, was honored with a shower last Thursday in the Baptist Church basement, which was decorated with autumn flowers for the occasion. Hostesses were Mesdames Alva Simmons, Barney Johnson and Harrison Hall.

The guests were greeted at the door by Mrs. Simmons and ushered to the register, which was presided over by Mrs. Johnson. Bobbie Lee Hall was in charge of the tea table.

The program consisted of piano numbers by Mrs. C. O. Hill, Carolyn Reeves and Bobbie Lee Hall, and a vocal solo, "If You were the Only Girl in the World," by Margaret Baker, accompanied by Mary Sue Seales.

A large array of gifts on a little red wagon were pulled in by Mrs. Hall, dressed as a farmer's wife and looking for a job of boll pulling.

Spiced tea and cookies were served to those present.

Mr. and Mrs. M. P. McMillan of McAlester, Okla. visited in the J. M. Everett home last week end enroute to Phoenix, Ariz. and Riverside, Calif. for a visit.

County Honor Roll To Be Dedicated

Monday, November 11th at 11 o'clock a program sponsored by the Clarendon and Hedley posts will be given honoring the service men and women of the county, and presenting the Memorial Plaque which has been installed inside the Court House to the citizenship of the county. The program will be given on the Court House lawn if the weather permits. In case of bad weather it will be at the Methodist Church.

All service men and women of the county are asked to be present and in uniform if possible. All citizens of the county are urged to attend. The High School and Junior College will attend in a body with the G. I. students leading the group. Music will be furnished by the School Band.

The program will begin at 11 o'clock with the presentation of Colors by the Hedley Legion Post, followed by prayer by Rev. H. W. Hanks, the Chairman of the Donley County Memorial Committee will present the Memorial to the citizens of Donley County and the Service Men and Women. The response and address will be made by Lt. Col. Charles B. Robinson of the Reserve Officer's Corps, Chaplain, followed by music from the Band.

After the ceremony the plaque may be viewed in the main hallway of the Court House. This Honor Roll was made possible by donations from all the citizens of Donley County and is dedicated to the Service Men and Women of World War I and World War II.

Miss Gertrude Masco and Joyce McDaniel of Memphis, Mrs. C. O. Hill, Mrs. S. G. Adamson, Bobbie Lee Hall, Mary Sue Seales, Joan Ray Moreman, Anita Bain, Jacque Johnson, Jane Bosley Jo Ann Adamson and James Stone attended a piano concert by Arthur Rubinstein in Amarillo Monday night.

Alva Simmons, Charles Rains and Ed Boliver attended a special meeting of the Memphis Lions Club Monday night and heard talks by International Director Herb Petry of Ozark Springs, District Governor Frank Jordon of Brownfield, and several others.

There seemed to be as many on the outside at the Junior-Senior party the other night. Could the boys have been waiting on their girls?

I wonder if any Sophomore girls could tell you about putting cactus in cars? I bet they know plenty!

I wonder if Bobbie's interest in Clarendon Jr. College returned to her last Thursday night?

What was the little argument 3 girls were carrying on in town Saturday?

Betty Jo, where did you pick up the guy you were with at the football game?

Wanda, what happened to your sailor boy?

Say Lowell, who did I see you with at the preview last Saturday night? Cute, no!!

Faye, why did you do Pete "dirt" last Thursday night?

On account of the bad weather, I didn't get around much over the weekend, but remember, I will this week.

WEEKLY NEWS ANALYSIS Labor Asks New Pay Boosts; Thorny Issues Face U.N. Meet; Free Food of OPA Controls

Released by Western Newspaper Union. EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

Taking full advantage of their new right to strike, employees of Tokyo radio parade en masse before building of Japanese Broadcasting Corporation in protest against the hiring of government technicians to operate station during strike.

LABOR: New Demands

New contract demands by the auto, farm equipment and mine unions left Americans wondering if a new wave of strikes was in the offing just as production appeared to be getting into full swing.

Auto—Widespread interest centered in the CIO-United Auto Workers offensive against the Chrysler corporation for wage increases corresponding to the rise in the cost of living since the union was granted an 18 1/2 cent an hour boost last January.

In pressing its offensive against Chrysler in the hope of establishing a wage pattern for the entire industry, the UAW disclosed it would ask for a minimum increase of 16 cents an hour to take care of the 12 1/2 per cent rise in the cost of living since last January.

Farm Equipment—In re-opening contract negotiations with International Harvester, the CIO-Farm Equipment Workers asked that union members "be allowed to share in the prosperity of the company and the country."

Besides hitting for substantial pay increases, the FEW also will seek a guaranteed annual wage assuring a minimum of 40 hours compensation for each of 52 weeks.

Coal—Charging the government with violating the contract with the United Mine Workers under which the U. S. is operating the nation's soft coal pits, UMW Chieftain John L. Lewis called for a new pact embodying revised wages and hours.

As breaches of the old contract, Lewis cited the government practice of weighing washed coal instead of raw coal at the mine tipple in estimating payments of five cents a ton to the UMW royalty fund, and of allegedly misinterpreting eligibility of union members for vacation pay.

Secretary of the Interior Krug's attempt to defer the opening of negotiations met with Lewis' blunt assertion that failure to hold discussions would void the contract. Without a contract, the miners traditionally have refused to work.

U.N.: Meeting Underway

Vyacheslav M. Molotov shook the hand of Mr. Truman warmly in the lobby of the United Nations meeting place in New York after his address to the delegates and a Russian interpreter told the President: "Mr. Molotov wants to congratulate you heartily on that speech. He thought it was a great speech."

Later that night when Mr. Truman greeted the delegates at the Starlight Roof of the Waldorf Astoria hotel, Molotov and the President again shook hands warmly, and the interpreter repeated: "Mr. Molotov wants to thank you again for your splendid speech."

The speech which Molotov so highly praised was a masterful diplomatic piece, indeed. It recognized the talk of another war arising from the differences of the big powers over the postwar composition of the world, but appealed to the sensibility of the major statesmen to avert such a disaster. It called for compromises to adjust

MARKETS:

Money spent for new automobiles, home equipment, clothing and furnishings might reduce the number of dollars city people will spend for food in 1947, rural economists opine.

Economists point out that goods which people have been waiting to buy are likely to be higher in price in 1947 than in the period 1942-46. The higher price and the greater volume of goods offered for sale may take a larger part of city family incomes.

differences between the East and West, but committed the U. S. to no definite adjustments. While firm, it was conciliatory.

Thorny Issues

Mr. Truman could well prepare the path for firmness and conciliation what with the U. N. about to mull over an agenda packed with explosive possibilities. Foremost of these was the proposals advanced by Australia and Cuba to eliminate the veto right of the big powers on the security council, a right the Russians have jealously guarded to protect their interests against the Anglo-American majority.

Other thorny issues included: • Creation of trusteeship council to govern dependent areas of the world, particularly the strategic Italian colonies along the Mediterranean.

• Russia's proposal that allied countries report on their maintenance of troops in other states, except former enemy nations.

• Iran's protest against Russian pressure for political and petroleum concessions.

• Russian demands for the early ouster of the Franco regime in Spain.

Tough Egg in Making

Reported pleas of poultrymen and handlers for a more durable egg that would better withstand the vicissitudes of distribution appear to be near answered.

Department of agriculture scientists report that they have developed an egg that will resist between eight and nine pounds of pressure compared with the present average of four pounds. "We really have something," a department spokesman declared.

Breeding has played the most important role in the development, it was said. Egg characteristics especially sought were a tougher, less porous shell and a firmer white, both essential in shipping and storage.

OPA: Free Food

In removing virtually all food items from food control except sugar, syrups and rice, OPA declared that the previous decontrol of meat and edible oils no longer made it feasible to regulate the few remaining foodstuffs.

Items freed include bread and bakery products; flour and breakfast cereals; most edible oils; bananas and oranges; canned fish, tomatoes and tomato products; pineapple and pineapple juice; candy and macaroni.

Following the relaxation of restrictions on brewers' and distillers' use of grain, controls were removed from beer and whisky. Brewers were authorized to use 90 per cent of the grain they used in the corresponding quarter of 1945 while distillers are to receive between 300,000 and 500,000 additional bushels of grain monthly.

As the U. S. moved more rapidly toward a free economy, OPA freed scores of other goods from control, including stove polish, bicycle tires and tubes, rubber tractor and implement seat cushions, metal tire valves, wheel blocks, paper household aprons, sanitary napkins, paperboard pots and trays, and cosmetics.

Home Rule for Counties

Recent provisions and proposals for county home rule in several states are focusing widespread attention on the problem of modernizing government at the county level, according to the International City Managers' association. Thirteen states so far have amended their constitutions giving counties the opportunity to adopt home rule government.

VETS:

Warned of Idling

Vets who have been taking it easy and drawing unemployment compensation checks were advised to get out and look for work if they were to take advantage of existing opportunities and conserve their jobless benefits for a rainy day. Vets are allowed \$20 a week for a maximum of 52 weeks or \$100 a month for 10-25 months up to two years after the war has been officially declared over.

Expressing concern over the rate at which many vets are exhausting their jobless benefits, Veterans' administrator Bradley issued this friendly advice:

"A veteran who lies idle for a year, living on unemployment checks in a period when jobs are more plentiful than they may be later, might find it hard to get work and to get to work when his readjustment allowance ends.

"That veteran is losing seniority and experience leading to a better job. "He is forfeiting the cushion of his deferred unemployment payments—a cushion that is like money in the bank."

The VA disclosed benefits are being used up to a greater degree in the South than elsewhere. Whereas only 2,228 of 1,407,000 New York vets have exhausted their payments, for instance, the rate for Mississippi is 3,429 out of 193,000.

FAO:

La Guardia's Cause

Tempestuous Fiorello LaGuardia, variously known as the "Little Flower," "Butch" and "The Hat," has gone to bat for a new cause—the United Nations' Food and Agriculture Organization plan for a balanced world food distribution.

Under the plan, the FAO would purchase all of the food above stated per capita requirements in surplus producing nations, then resell

La Guardia: No Spaghetti

it to countries lacking ample supplies. A revolving fund of 750 million dollars would be needed, with member nations contributing their pro rata share.

Because surplus purchases would tend to stabilize markets, LaGuardia predicted bitter opposition from speculators who depend upon price variations for profits. Said "Butch": "As long as there are fluctuations in the ticker tape, the boys make money. But ticker tape ain't spaghetti."

BRITAIN:

Socialism for Reich

The British Labor party's plans for the socialization of heavy industry in the British occupation zone of Germany waited upon U. S. acceptance.

Advanced by Attlee's government as a projection of the Labor party's own socialization program and in deference to popular German demands for distributing wealth, the plan could not be expected to work without U. S. political and financial aid.

Should the U. S. demand a larger degree of free enterprise in the post-war German economic picture, Britain could hardly resist since American credit will be needed for rebuilding war-battered industry and supplying needed materials. Unless the U. S. provides one-third of the British zone's wheat requirements, Britain would have to halve the bread ration in the United Kingdom.

In socializing the coal, steel, chemical and engineering industries, the Labor party proposed to invest ownership in the German public, with adequate controls worked out to prevent a resumption of war production.

WOMEN:

Good Soldiers

Women soldiers withstood the physical and mental ordeals of war almost as well as men, according to figures released by the army. Although their sickness rate was above that of the army as a whole they showed no outstanding disqualifying weakness as a group and—especially overseas where they were subjected to more hardships—the difference between sickness rates for WACs and male personnel was very slight.

In the U. S. hospital admission rates for disease during the last year of the war averaged 506 per thousand persons per year for all military personnel. That for WACs was 793 per thousand annually or approximately 56 per cent higher.

The common respiratory diseases and influenza constituted the greatest single cause for hospitalization in this country. In this category, the statistics show, the women ran far ahead of the men with a rate of 100 per thousand per year as compared with 100 for the army as a whole.

Household Hints

Used orange rinds make excellent dishcloths. When washed thoroughly, rinsed and dried, they are soft, absorbent and scour well.

To prevent the rusting of needles, keep them in a small bottle.

To revive blanket nap after laundering, hang the blanket up over the shower rod or towel rack nearest the bath tub. Fill tub with hot water. Nap will fluff up.

If you must set a dish directly on the ice in the ice box, place a jar rubber underneath it. This will prevent its sliding.

This Home-Mixed Syrup Relieves Coughs Quickly

Needs No Cooking—Saves Money.

The surprise of your life is waiting for you, in your own kitchen, when it comes to the relief of coughs due to colds. In just a moment, you can mix a cough syrup that gives you about 4 times as much for your money, and is surprising for quick results.

Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking needed—it's no trouble at all. Or you can use corn syrup or liquid honey, instead of sugar syrup.

Then put 2 1/2 ounces of Pinex (obtained from any druggist) into a pint bottle. Fill up with your syrup, and you have a full pint of really wonderful cough medicine. It never spoils, lasts a long time, and children love it.

This home mixture takes right hold of a cough in a way that means business. It loosens the phlegm, soothes the irritated membranes, and quickly eases soreness and difficult breathing.

Pinex is a special compound of proven ingredients, in concentrated form, well known for quick action in coughs and bronchial irritations. Money refunded if it doesn't please you in every way.

"COLD BUG" GOT HIM DOWN?

GET MENTHOLATUM QUICK!

What does it take to run a baby?

Plenty—and plenty of electricity, too. A hungry young citizen needs food—lots of it—often. That food needs preparation—refrigeration—reheating.

Baby needs hot water—lots of it—often. So does his wardrobe. And because Mother worries about germs, she boils practically everything but Baby himself.

Clocks must be dependable when there's a baby in the house. Lights must go on—quick—when he cries out in his sleep. Rooms must be kept warm—the list is endless.

Today's mothers are luckier than those of 20 years ago. With electricity ready at all times—in any quantity—to help with the household chores, mothers have more time to enjoy their youngsters. Never before has electricity done so many tasks for so little cost. Actually, the average family today gets twice as much electricity for its money as it did 20 years ago. Your friends and neighbors in this company—and your own increased usage—helped make that possible.

From where I sit... by Joe Marsh

Who Gets Off Easiest—Men or Women?

Maybe you saw that poll on who has the easiest life—men or women? Of course, the men voted that the women did, and the women vice versa.

It would be the same in our town—take any family. Thad Phibbs envies his Missus spending the day at home, with no lot office to attend to. And Sue envies Thad his luncheons with the boys; and his evening glass of beer with friends (while she cleans the dishes in the kitchen).

Of course, none of it goes very

deep. Thad knows way deep down that the Missus has plenty of work running a house; and Sue knows Thad's friendly glass of beer is well-deserved relaxation after a long hard day's work.

From where I sit, most husbands and wives may grumble now and then—but they know in their hearts it's a case of live and let live, give and take, that comes out pretty even in the end.

Forces of Attraction Hold the Moon "Up" in the Sky....and OIL-PLATE Your Engine!

THE moon isn't really "up" in the sky, but it is held from flying off into space by gravitational attraction between it and the earth.

Exploring the realms of molecular attraction, Conoco chemists have been able to bring America new and better oils. In fact, the force of molecular attraction bonds a special ingredient in Conoco Nth motor oil to working surfaces of your engine. So strong is this attraction that cylinder walls and other parts are OIL-PLATED.

And because molecular attraction holds Conoco OIL-PLATING up where it belongs... prevents it from all draining down to the crankcase, even overnight, you get these benefits:

- added protection when your engine starts up
- added protection from corrosive action
- added protection from wear that leads to fouling sludge and carbon
- added smooth, silent miles

That's why to OIL-PLATE now... at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Co.

BETTER OIL-PLATE NOW!

When Your Back Hurts -

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backaches, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling, sometimes frequent and scanty urination with smarting and burning in another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.
