Soil Conservation Meeting at Memphis

Plans are progressing rapidly for a series of five meetings on Soil Conservation throughout the West Texas and Panhandle territory served by the Fort Worth and Denver City and Wichita Valley Railways, sponsored by local committees comprised of representatives of these railroads, local banks, Chambers of Commerce, County Agents, and others interested in this work.

The fourth session will be at Memphis where County Agent W. P. Hooser will call order at 7:30 P. M., Friday, January 24th, in the High School Auditorium.

Card Of Thanks

I want to express my appreciation to each and everyone that sent me all the nice cards during my illness.

Welcome to the

Lions Club News

The Lions Club Ladies night at the school auditorium next Thursday night looks like it is going to be a big event in local Lion circles. Lions Noel and Bridges, who have charge of the program say they have obtained a musical program from Wellington which has all the indications of being a mighty good one.

This week is regular meeting. Come out and hear all the news about the ball games, membership contest, etc. Among the prizes to be given to Lions obtaining a new member, reinstated or transfer member during this month is a Lions Club tie clasp. Get that member and get one.

To Organize Lions Club At Quail

Organization of a Lions Club is now under way at Quail to be made up of business men, farmers, ranchmen and teachers of that community. The minimum membership of 25 required for a charter has been reached and following its approval, an organization meeting and election of officers will be held.

Leading in the formation of this civic club are Noah Cunningham, superintendent of the school, and W. C. Risinger, principal.

The Memphis Lions Club is sponsor of the new club and the Hedley Lions Club is co-sponsor. The organization meeting will be held Monday, Jan. 27.

Mister X

Well kids, here I am again, so don't be surprised if you get told off as there has been quite a few mixups lately. Here is the low down:

Martha Nell, what has happened to your ring; has Paul interfered with your plans?

Charlotte, who were you with Monday night? Snazzy car, no! Erma, you have really been getting around lately. I see you finally got what you wanted, didn't you?

Betty, did you and Lola Fay have a good time Sunday night? Boy, I'll say!

Bobbie Lee, I was really surprised at what happened Sunday night! I had my doubts.

Clara La Nell who were you with Monday night? Cute, no? Margaret, where were you Sunday night? Hershell stepped out on you I believe.

Gip, if I were you I would buy me a car if I were you. You will get old fast if you walk that far every night.

Well kids, tune in again next time, same station.

Game Tournament

The Womans Culture Club is sponsoring a game tournament at Hedley High School Tuesday evening Jan. 28 at 7 p. m.

Tickets will be 35¢ each. Proceeds go toward the Infantile Paralysis Fund. Pop corn, peanuts, and cold drinks will be sold. Everyone is cordially invited to attend.

W. S. C. S.

The Methodist women met at the parsonage Monday afternoon and elected WSCS officers for the new year. The meeting was well attended, and plans were laid for a good year's work. Some much needed work on the interior of the church was planned.

It was decided to meet on the first and third Mondays in each month for a period of three months. The second and fourth Mondays are to be given over to visiting.

A membership contest to last three months was also gotten under way. Mrs. Leonard Chesshir is Captain of the Marys and Mrs. C. L. Johnson is captain of the Marthas.

Each member present entered enthusiastically into the plans and we intend to do our best in our undertakings. Under the leadership of our new pastor we should be able to do some great things in bringing about the Kingdom here in Hedley.

Uncle Sam Says

Abraham Lincoln's birthday should be a reminder to my nieces and nephews that they have the opportunity to emancipate themselves from future insecurity by buying United States Savings Bonds regularly. Every time you buy a bond you've added something to the future you're creating—a home, an education for your children, a secure old age for yourself. Every signed payroll savings authorization card is a personal emancipation proclamation—emancipation from the slavery of a future hand-to-mouth existence. Every regular purchase of a Savings Bond at your bank, post office or where you work is another step toward future happiness.

Hoggard-Whitteker

Mr. and Mrs. H. Hoggard have announced the wedding of their son Gene Maxwell to Shirley Whitteker of Tampa, Fla., where Gene has been stationed since Nov. 1946.

The wedding was held in the church of which the bride's father is pastor, Wanda Whitteker, sister of the bride, sang I Love You Truly and Always.

The couple are in Tampa now, but are going to California soon. Shirley is coming to stay awhile with Gene's parents until he can get stationed.

Woman's Culture Club

Mrs. Charles Rains was hostess to the Womans Culture Club with a pot luck dinner Jan. 20.

After a short program the following officers were elected:

President, Mrs. Darrel Stine
Vice president, Mrs. Craig Johnson
Secretary, Mrs. Floyd Mathis
Treasurer, Mrs. Earl Tollett
Parliamentarian, Mrs. Leonard Chesshir

The Wise Old Owl

If I don't get anything straight this week, don't be surprised! Everything seems to have been in a uproar.

Erma, did you make your sister mad by going with a certain boy Sunday night?

Bobby Everett, were you afraid to go get her Monday night? I see you sent a girl in after her.

Joe, take better care of yourself; she missed you Monday night.

Betty, you had better get back on the beam or you are going to lose him for good!

Say, Bobbie, where and with whom did I see you after church Sunday night? Clarendon College is back!

June, I hear you are carrying a torch for one of the new Sophomore boys. His name is Melvin and he's cute!

Kotty, don't you and Gib ever get tired of walking!

Corky, you and Sara are going to have to get together on the time that you go to the show.

Duane, you and Doris seem to be doing pretty good these days!

Well, I must quit before I get mixed up again!

Boxing Matches

Nearly 1000 people jammed the high school gym last Friday to witness the boxing matches between the Maverick Club of Amarillo and Clarendon High School and Junior College. The matches were held at Hedley on account of there being more space for the fans here than at Clarendon.

The matches were all well enjoyed, the Amarillo club winning five and Clarendon winning five. Charles Neal Johnson, the only local boy, won his match, however most of the boys were well known to local fans. The Owens twins fought an exhibition bout to a draw which so pleased the fans that the bouts had to be delayed a few minutes for the boys to pick up the money thrown them.

Move to Regulate Labor Unions; Marshall Steps Into No. 2 Spot

(Released by Western Newspaper Union)

With money comparatively plentiful and goods scarce, the back door black market thrives in Italy. With head covered to hide identity, illegal operator weighs spaghetti straws on hand scale. Open-mouthed child stands by, holding can of scarce milk.

CONGRESS: Sharpen Payroll Axe

Economy-minded G. House members, axe in hand, were eyeing the big federal payroll in their announced drive to scale U. S. expenditures 12 billion dollars below the 1946 budget of 41 billion dollars.

Declaring that there is hardly a government department that does not have twice as many employees as needed, Representative Taber (Rep., N. Y.), chairman of the House appropriations committee, asserted that 1,000,000 workers could be chopped off the payroll of 2,300,000 without seriously impairing services. Not more than 500,000 employees in all are needed, Taber said.

BRITAIN: Land Control

Proceeding along the path of increasing control of property to assure its widest possible use for public benefit, the Labor government of Britain moved to regulate the sale and use of real estate.

Under the town and country planning bill introduced in parliament and headed for passage despite conservative opposition, the government would compel the sale of unimproved land at existing prices. Only in cases of hardship would prices above the prevailing market value be paid.

STATE DEPARTMENT: Happy Day

"There are two happy days a man has in public life," former Secretary Byrnes told British Ambassador Kerr. "There is the day a man is elected to office. Then there is the day he quits."

January 7, 1947, therefore was a happy day for the dapper little South Carolinian when he stepped down from his high post in the Truman administration. It was a happy day, too—under the Byrnes standard—for General of the Army Marshall who was named to succeed him.

ITALY: Sees Aid

Leaving a hungry and discontented populace behind him, Premier Alcide de Gasperi hurried to Washington, D. C., to seek substantial financial assistance from the U. S. to prevent political and economic chaos in Italy.

Negotiations centered around a billion dollar loan first discussed between Italian and U. S. officials at the time of the Paris peace conference. Italy would not be permitted to apply the proceeds against its reparations bill of \$360,000,000 but would use the funds for food, raw material and industrial equipment.

A substantial loan would help Italy rebuild its once lucrative tourist trade, Italy's "biggest industry" before the war, the trade is severely crippled because of the destruction of hotels and their requisitioning for housing, lack of transport and an unfavorable exchange rate.

Call for Funds to Aid Polio Epidemic Victims

Fighting the ravaging polio epidemic of 1946, the National Foundation for Infantile Paralysis has spent \$10,575,000 for medical and hospital care of patients. Basil O'Connor, foundation president, declared.

"This sum is only the first cost of the most devastating epidemic in four hundred years' history. With ebb, a minimum of \$24,000,000 must be raised in the 1947 March of Dimes drive so that the unified attack against the disease can continue."

Average cost of each case of infantile paralysis is \$1,200. On this basis the 23 states badly hit by the epidemic face a total cost of \$27.6 million.

House Clears College Football

College football long needed the result of action taken by the Collegiate Athletic Association at its annual meeting in New York.

The tremendous growth of the game and the phenomenal increase in betting on contests as a result of widespread interest finally led the collegiate officials to control the sport and avoid discredit through threatened scandal.

Starting rather late—after the growth in popularity of the game, the organization of alumni and the erection of gigantic stadia—the N.C.A.A. moved to curb recruiting of athletes, extension of shady financial assistance to players and competition with violators of the new rules. The curbs are to be incorporated in the N.C.A.A. constitution, to which 252 colleges subscribe.

At the same time, the N.C.A.A. adopted a six-point resolution aimed at the gambling evil. Besides asking for strict enforcement of anti-gambling laws, the resolution called upon newspapers to refrain from printing odds on games, and coaches and athletic directors were requested not to make pre-game predictions.

Used Car Prices Off

Gone are the days of sky-high prices for used automobiles, a nation-wide survey has disclosed.

With buyers no longer disposed to pay almost anything for cars, prices have dropped from 10 to 30 per cent, with dealers expecting further declines. One big dealer in the East expected a drop of from 20 to 40 per cent within 30 to 90 days.

Boston recorded the biggest price decline of from 10 to 30 per cent. New York, Philadelphia and Denver followed with 25 per cent; Atlanta, 15 to 18 per cent; Chicago, 15 per cent, and Los Angeles, 10 per cent, with heavier cars more.

SENATE: Dixie Sees Red

When Senator Bilbo's bitter personal enemy, James O. Eastland, also of Mississippi, rose in the senate to denounce the move to unseat his unpopular colleague, he was expressing the apprehension of every southern senator lest the move set a precedent against conservative members from Dixie.

Although Bilbo was temporarily barred because of an investigating committee's charge that he had accepted favors from war contractors, the real impetus to the move was furnished by liberal groups opposed to Bilbo because of his fight against the fair employment practices act and poll tax, and his encouragement of discrimination against Negro voters.

While Bilbo was the immediate target because of his nationwide reputation, the issue touched southern senators from all "white supremacy" states. Charging that liberal pressure groups were working for Bilbo's debarment, Senator Elander (Dem., La.) cried: "Toppie him off and find out what is going to happen to others who share his views and courage."

ECONOMICS: President Proposes

In the first annual economic report issued by the President under the employment act of 1946, Mr. Truman set forth the principles for a prosperous America. Drawn by a three man council of economic advisers, the report called for continuation of the traditional free enterprise system supplemented by constructive government assistance where necessary.

Long-range recommendations include maximum use of labor and productive facilities, prevention of economic fluctuations, cooperation in international trade and finance, and promotion of welfare, health and security.

Because of their immediate bearing, the short-range recommendations were of greater interest. The report asked for the maintenance of present tax rates to provide for substantial retirement of the national debt; lowering of prices wherever possible to increase consumption; moderation of labor demands to head off additional price rises; increase in the minimum wage above 40 cents an hour, and extension of the fair labor standards act to workers now excluded.

Mr. Truman also asked for extension of rent control beyond next June. Decontrol would result in immediate rent increases, which would materially impair purchasing power, he said.

Farm Briefs . . .

About one out of every five persons in the U. S. lives on a farm and another fifth of our population lives in rural areas strictly dependent on farms, reports the department of agriculture.

Wage rates paid to hired workers on farms reached new highs in 1946, according to the nationwide farm laborers survey. The nationwide farm laborers' average wage was \$91.28 a month.

Asking for It

He was charged with striking a woman and the judge asked him why he did it.

"Well, sir," the culprit replied, "she got on the bus and sat down, opened her bag, took out her purse, closed her bag, opened her purse, took out a penny, closed her purse, opened her bag, put back the penny, and closed her bag. Then she noticed the conductor was going upstairs, so she opened her bag, took out her purse, closed her bag, opened her purse, put in her penny, closed her purse, opened her bag, put in her purse, and closed her bag. Then she saw the conductor coming down the stairs, so she opened her bag, took out her purse, closed her bag, opened her purse, took out a penny, and closed her bag."

"Stop!" cried the magistrate, "you're driving me crazy."

"That's what happened to me, sir," said the man.

AROUND THE HOUSE

Use a two-inch paint brush for dusting grooves and corners in furniture.

Protein foods, such as ham, fish or eggs, lose their food value when allowed to boil at high temperatures. Simmer them.

Slip oil silk covers over the bottoms of hanging plant pots to prevent water from dripping out.

Before washing scrim curtains fold each curtain down the center and baste the edges together. This will keep the edges straight.

If your glass cutter does a messy job on a pane the fault may be found in a dirty, gritty surface. The cutters work well only when the glass has been thoroughly cleaned with a good solvent such as dry cleaner, gasoline or kerosene.

Brushes which have been used for shellac should be cleaned with denatured alcohol and not turpentine.

Seams can be ripped out more easily if you use a pair of tweezers and save your finger-nails. Tweezers hold a firm grip on the long threads and pick out small ones easily.

If your small throw rugs wrinkle up under the cleaning, try using the vacuum crosswise instead of lengthwise.

Slip a finger from that glove all tattered and torn over your curtain rod and the curtain will slip on easily.

15th-18th Century Sundials Were Elaborate Devices

The most elaborate sundials ever made were the portable, watch-sized instruments designed in Europe between the 15th and 18th centuries, says Collier's magazine.

Besides a compass, which was used for orientation, some contained as many as 15 devices, among them being, for example, dials for determining the nocturnal hour by either the moon or certain stars, an adjustment for changes in latitude, a diagram showing planetary positions and a contrivance for ascertaining the time when the sun and moon would rise and set.

Remove onion odor from a knife by drawing the blade through a raw carrot two or three times.

If a porcelain teakettle or coffee pot becomes stained, rub the stained portion with a cloth dipped in baking soda until discoloration is removed. Then wash thoroughly.

Removing rust spots on refrigerator: Sandpaper until the metal is bright. Wipe with turpentine and apply coat of red lead paint. When this is dry apply an undercoat of enamel, then a good grade of surface enamel.

Biographical Cyclopaedia Carried Hoax 33 Years

No hoax of its kind compares with the one perpetrated on the editors of the 1886 edition of Appleton's Cyclopaedia of American Biography, says Collier's. As they accepted in good faith all material received by mail, some unknown person sent them the biographies of 84 fictitious people, which were published.

Although these individuals, their achievements and the books credited to them were supposed to be well known, the hoax was not discovered for 33 years.

Willie Goes to School at 23

Everybody's joshing Willie Wills about going back to school. They remember when Willie would pile out in the woodshed—scared to bring his report card home to Ma. But under the G.I. Bill of Rights, Willie (who has a wife and baby) is getting a free education at the Agricultural College. And Uncle Sam is giving him a fine report: "Department, excellent; Progress, above average." That goes for all those undergraduate veterans. Like Willie, they appreciate an education more than

ever now. They're industrious and well-behaved—their favorite beverage is milk, or a temperate glass of beer. For them the "three R's" seem to mean: Responsibility, Resourcefulness, Restraint. From where I sit, cynical folks who thought veterans wouldn't want to return to school—wouldn't stick to steady habits of work and moderation—have their answer in "undergraduates" like Willie.

That Nagging Backache
May Warn of Disordered Kidney Action
Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.
You may suffer nagging backache, headache, dizziness, swelling up nights, leg pain, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
Try **Doan's Pills**. Doan's help the kidneys to purify the body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

Rural Homemakers Speed Kitchen

Above: kitchen storage space was furnished by built-in cabinets in Mrs. J. Ross Fleetwood's kitchen in Boone county, Missouri. Shelves in cupboards are spaced to fit utensils.

CREATING a bright, efficient kitchen from a dingy, inconvenient one is the first postwar improvement many farm women want in their homes, according to the Rural Home editor of nationally-circulated *Capper's Farmer*.

"Among handy devices that can do lots toward kitchen convenience is a pulled out board that makes it possible to sit comfortably to do many tasks," she writes in the magazine read by 1,300,000 farm families. "Lap-board can slide into a slot in a built-in cabinet at a convenient height for the person who uses it.

"A double-basin sink with swing-faucet, single drainboard and splash back eliminates need for a separate sink and also gives plenty of

space for vegetable preparation, pan rinsing and numerous mealtime jobs. With a drainboard it's easy to let dishes dry by themselves. If sink has no porcelain back, a linoleum splash back 10 to 12 inches high is ideal.

"Space underneath sink should have shelves for cleaning materials and room for trash containers. A door with ventilation holes will allow under-sink moisture to escape. Also needed are toe-space for standing at the sink and knee-space for sitting down."

A hardwood counter top beside the refrigerator is useful as a cutting-chopping block and as a pasting board, she adds. It's always cut and ready. Might be made of heavy, hard maple.

Professional Income

The relation between income and number of years in practice is found to be similar in all professions: income rises for a time, then declines. In medicine and dentistry, professions in which scientific advance has been rapid and skill and dexterity are required, younger men have an advantage and the peak income is reached fairly early—between the 13th and 20th year of practice.

Poultry Management

Egg prices in 1945, which were the highest since 1920, encouraged farmers to take better care of their laying flocks; and the highest chicken prices in 37 years of record, with the exception of 1920, encouraged farmers to cull closely and sell off the weak and undesirable layers.

Population Doubles

Between 1850 and 1940, the population of the earth doubled, increasing from about 1,100 million to about 2,200 million.

Air Freight Widens Farm Produce Market

Peaches, melons and other farm products being put aboard airline plane for quick haul to consumers.

A thriving new air freight industry crisscrossing the skies with cargo planes is opening a wider market to farmers for perishable products which need rapid transit to reach consumers in top quality condition, Clyde Zimmerman writes in an article in nationally-circulated *Capper's Farmer*.

"In the last 2 years, tonnage cargo flown by plane has increased 600 per cent, he points out.

"Current trends indicate fresh fruits and vegetables, flowers, meat and baby chicks, already moving by air, will vastly increase in amount," he declares in the magazine read by 1,300,000 farm families.

Air freight is fast. New, larger faster 4-engined planes will cut transcontinental schedules to 10 or 11 hours. This speed is expensive. Products hauled by air, may sell this the 23 states badly hit by p-

premium prices. Current air rates, although still above those of surface carriers, are low enough so crops such as berries, lima beans, spinach, lettuce, tomatoes, cherries, cauliflower and melons are moving in sky vans from certain areas to Middle Western and Eastern cities.

"Farmers can look to broader markets with air freight because consumers prefer vine-ripened and tree-ripened fruits and vegetables over those that ripen in transit," writes Zimmerman. "Eating quality and nutritional value of such products are higher."

Railroads may enter the air-freight business, Zimmerman says. A few railroads have already announced the organization of air-freight corporations as affiliated companies to workers on transportation.

Kidneys Must Work Well—

For You To Feel Well

24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly. Burning, itching or too frequent urination sometimes warns that something is wrong. You may suffer existing headache, backache, dizziness, rheumatic aches, getting up at night, swelling. Why not try **Dr. Drake's**? You will find a medicine recommended the country over. **Dr. Drake's** stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They are such "Dr. Drake's".

Delight the Family With Coffee Cakes

(See recipes below)

Hot Breads Are Delicious

Whether you serve yeast breads or hot quick breads, they lend themselves graciously to winter menus. The varieties for both are numberless, and you can take your choice of spicy or fruit ones.

Hot breads are hearty foods, but they're welcome at this season both from the point of eating and the comfortable air which fills the kitchen when we make them. They have a staying quality, too, which satisfies winter-sharpened appetites. We start the parade off with a colorful cranberry coffee ring which can be put together in a wink of time.

Cranberry Coffee Ring. (Serves 12)

- 1 1/2 cups sifted flour
- 1/2 cup sugar
- 2 teaspoons baking powder
- 1/2 teaspoon salt
- 1 egg
- 1/2 cup milk
- 3 tablespoons melted shortening
- Cranberry orange topping

Sift flour, sugar, baking powder and salt together. Beat egg, add milk and shortening. Stir into dry ingredients, mixing only enough to moisten them. Spread topping evenly over bottom of greased ring mold. Pour batter over topping. Bake in a moderately hot (425 degree) oven for 25 minutes.

Cranberry orange topping: Mix together 3 tablespoons melted butter with 1 teaspoon grated orange rind, 1/2 cup sugar and 1 1/2 cups of whole cranberries.

Do you want to do something special for breakfast or for lunch box sandwiches? There's nothing better than this flavorful brown sugar butter-milk bread:

- 2 eggs
- 2 cups brown sugar
- 2 tablespoons melted shortening
- 4 cups flour
- 1 1/2 teaspoons soda
- 1 teaspoon baking powder
- 1/2 teaspoon salt
- 2 cups sour or buttermilk
- 1 cup chopped walnut meats

Beat eggs, add sugar and shortening and beat well together. Sift flour, soda and baking powder together with salt and add to egg mixture, alternately with milk. Blend in nuts. Pour into greased loaf pans and bake in a moderate oven (350 degrees) for 45 minutes.

There's nothing so nice for a special breakfast, dinner or luncheon as a sugar-saving cinnamon roll recipe. When it's baked and glistening golden brown, frost it until it looks lacy with a powdered sugar and milk icing if you want it to be especially glamorous.

Cinnamon Rolls. (Makes 3 dozen)

- 1 cup milk
- 2 cakes yeast
- 1/4 cup extra-sweet, white corn syrup
- 2 teaspoons salt
- 3 tablespoons shortening
- 1/4 teaspoon nutmeg
- 1/2 teaspoon lemon or vanilla extract
- 1 egg, beaten
- 4 cups sifted flour

Heat milk to scalding; cool to lukewarm; add yeast and let stand 5 minutes to soften. Cream together the extra-sweet corn syrup, salt, shortening, nutmeg and extract. Add egg and beat thoroughly. Add milk mixture and flour alternately, mixing until smooth after each addition. Cover and let rise until doubled in bulk. Knead lightly on floured surface. Let dough rest 15 minutes. Roll 1/4 inch thick, sprinkle with cinnamon sugar and raisins, as desired. Roll as for jelly roll and slice with a sharp knife. Place in greased cake pan. Let rise until doubled in bulk. Bake in a hot oven (400 degrees) about 20 minutes.

If you like coffee cake made in fancy shapes, you'll like the following, which is just as festive and tasty as possible.

Figure Eight Coffee Cake. (Makes 3 cakes)

- 2 packages yeast
- 1/4 cup lukewarm water
- 1 cup milk
- 1/2 cup sugar
- 2 teaspoons salt
- 2 eggs, beaten
- 1 teaspoon grated lemon rind
- 1/4 cup melted shortening
- 5 cups sifted flour
- Cinnamon sugar

Soften yeast in lukewarm water. Scald milk. Add sugar and salt. Cool to lukewarm. Add 2 cups flour. Mix well. Add softened yeast, eggs and lemon rind. Beat well. Add shortening. Mix well. Add more flour to make a soft dough. Turn out on lightly floured board and knead until satiny. Place in greased bowl, cover and let rise until doubled in bulk. Punch down. Use one-third of dough to make a coffee cake. Cover remaining two-thirds and place in refrigerator to use for coffee cake or rolls.

Let dough which you have left out rest for 10 to 15 minutes. Roll into a rectangle sheet about 18 inches long and 8 inches wide. Spread with melted butter and sprinkle with cinnamon sugar. Roll up as for jelly roll and seal at the edges. Place on greased baking sheet and shape into a figure eight, then seal ends at intersection. With scissors, cut slanted gashes in top of roll 2 to 3 inches apart. Fold back points of cuts to show cinnamon layers. Let rise until doubled in bulk.

Bake coffee cake in a moderate oven (350 degrees) for 25 to 30 minutes. Frost with confectioners' sugar icing after baking and cooling slightly, if desired.

Any type of fruit filling may be used with the above coffee cake: Raisins, either alone or with chopped apples, prunes, figs, nuts, apricots, peaches and pears, or diced, candied fruit.
