Abraham Lincoln's birthday should be a reminder to my nieces and nephews that they have the opportunity to emancipate themselves from future insecurity by buying United States Savings Bonds regularly. Every time you buy a bond you've added something to the future you're creating—a home, an education for your children, a secure old age for yourself. Every signed payroll savings authorization card is a personal emancipation proclamation—emancipation from the slavery of a future hand-to-mouth existence. Every regular purchase of a Savings Bond at your bank, post office or where you work is another step toward future happiness.

## Seven Injured In Car Wreck Near Here

Three of seven persons injured in an automobile collision two miles west of town Tuesday afternoon were still in a critical condition Wednesday night.

Most seriously hurt was 5 year old Carrol Jewett of Memphis, who suffered a crushed skull. Also critically injured were his parents' Mr. and Mrs. Robert L. Jewett, Mr. Jewett sustaining a skull fracture and Mrs. Jewett receiving several fractures of the leg and head injuries.

The Jewetts were in a Model A Ford headed west on highway 287, and were struck while making a left turn by a 1941 Mercury driven by A. W. Frost of Amarillo. Other occupants of the Mercury were Donald Ray Berry and Wilma Byrene Glenn of Amarillo and Forest A. Richardson of Electra. The four received minor injuries.

## DISMAYED French For New Bond; GOP Chiefs Push Tax Reduction; Ford Takes Price Leadership

Released by Western Newspaper Union

Governor Ellis Arnall (at left) faces Herman Talmadge (at right) in executive office in Atlanta, Ga., as latter claims post left open by death of his father. (See GEORGIA.)

**ALLIANCE: Britain-France**

Traditional allies against Germany, Great Britain and France renewed their old bond in London by agreeing to a treaty of alliance to guard against a rebirth of an aggressive reich.

Though the alliance ostensibly was directed against Germany, observers saw in the pact a strengthening of the western European powers against the expanded influence of Russia on the continent. With Britain and France serving as a core, smaller nations like Holland and Belgium might adhere to the western bloc to check the threat of communism.

In concluding their alliance, Britain and France agreed to work for the orderly development of western European economy to promote mutual prosperity and at the same time prevent establishment of a strong industrial base for war in Germany. Emphasis was placed on harmonizing the British and French economies to remove trade conflicts and harnessing essential German industry, like coal, to the needs of neighboring countries.

ferred that they could be paid out of increasing production of goods, with workers sharing the rising profits.

With prices away up and buyers hesitant to pay for inflated values, American industry stands at the crossroads, Ford said. Bring prices within reach of the average consumer through mass production and the U. S. may well avoid a business recession, he declared. With employee efficiency on the rise, Ford revealed that his company is turning out about 4,000 units a day, exclusive of buses and tractors.

**FOOD: Full Larder**

Sugar, cooking and salad oils and many processed foods containing these ingredients may be in short supply in 1947 but otherwise Americans are assured of a full larder this year, the National Grocers Bulletin reported.

A roundup of the food industry resulted in these predictions:

**MEAT:** Per capita supplies should include 68 1/2 pounds of pork, 68 pounds of beef, 9 pounds of veal and 5 1/2 pounds of lamb and mutton.

**POULTRY:** The number of farm-raised poultry promises to be up 5 to 7 per cent and commercial broiler production up 15 per cent. With exports lower, there should be sufficient eggs despite an 8 per cent drop in production.

**DAIRY PRODUCTS:** Despite somewhat smaller milk output, supplies of dairy products should be adequate to meet demands.

**FRESH VEGETABLES:** Plenty at lower prices.

**FRUITS:** Record volume.

**GRAIN FOODS:** Bumper grain crops assure ample stocks of flour, hot and cold cereals, spaghetti and corn sirup.

**CANNED FOODS:** Production is expected to reach record figure of 600 million standard cases compared with 514 million in 1945.

Even the sugar situation will not be so bad, the Bulletin said. At 35 pounds the per capita supply of sugar will be at least 10 pounds more than in 1946, and use of substitute sweetening agents will help increase production of prepared desserts, cake mixes, chocolate and cocoa, condensed milk, jams and jellies.

**GEORGIA: Chip Off Old Block**

With "Old Gene" gone, "Young Herman" kept alive the fiery Talmadge tradition in Georgia politics.

When his father died before he could be inaugurated, young Talmadge mustered sufficient support in the legislature to have himself named governor; then, defying incumbent Governor Arnall, who held his election illegal, he set up his own offices in the state capitol.

Meeting young Talmadge's bold challenge, Arnall carried the issue to the state supreme court, dominated by his own appointees. But again Herman struck back by threatening to ignore an adverse court decision on the grounds that the constitution empowered the legislature to elect a governor and a denial of the right represented judicial encroachment upon the legislative branch of government.

**FORD: Production Lead**

Declaring that the high standard of American living was based upon mass production, Ford Motor company slashed the price of nine models from \$15 to \$50 to stimulate a cautious buyers' market.

Thus did Henry Ford II, youthful president of the famed auto company, steal a march on organized labor on the eve of negotiations for new contracts and set the pace for industry generally. As labor was clamoring for higher wages, Ford in-

### ITALY: U. S. Helps

Anxious to bolster the democratic elements in Italy against unrest rising from economic chaos following the war, the U. S. granted Italy a 100 million dollar loan to rebuild key segments of industry and also took emergency action to route 50,000 tons of wheat to the distressed country.

U. S. action climaxed Premier Alcide de Gasperi's whirlwind negotiations with Washington for speedy assistance. The lean, bespectacled Italian head of state flew to this country for help as his regime was shaken by continued unemployment and food riots.

The U. S. advanced 100 million from the Export-Import bank on the stipulation that the Italian government could maintain political stability and also provide for other imports needed to make the nation's economy work.

Heeding de Gasperi's plea that Italy was scratching the bottom of its larder and was in need of substantial help before the next harvest, the U. S. diverted to Italy six ships bearing grain destined for Germany.

### CANOL: End of a Project

In negotiating an agreement with the Canadian government for disposal of the Canol oil project in Yukon territory, the U. S. closed the book on one of the most controversial developments rising from the needs of World War II.

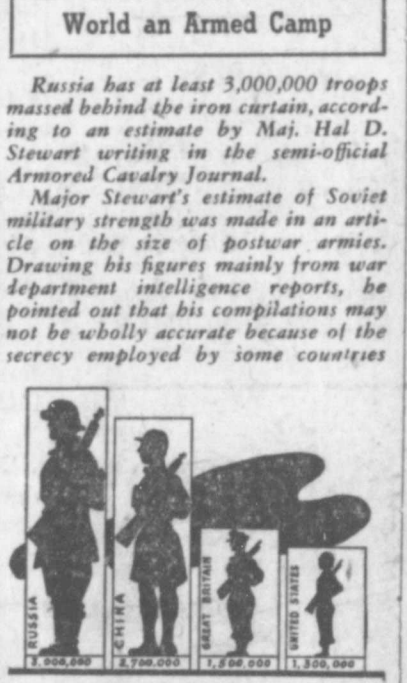

Condemned as a "costly blunder" by the senate war investigating committee last September 1, Canol was built by the army to furnish a convenient source of fuel for use in the Alaskan zone. Though petroleum experts reported that oil resources near Fort Norman were "very limited," the army drilled wells there and erected a 600-mile pipeline to a new refinery at Whitehorse.

By persisting in development of Canol in the face of stiff congressional opposition, the army brought the ensuing wrath upon its own head. Built at a cost of more than 55 million dollars, Canol failed as a big producer from the start, and private interests hesitated to risk its operation in peace. Hence the agreement to sell the facilities on the spot, dismantle them for piece-meal disposal, or abandon them.

**World an Armed Camp**

Russia has at least 3,000,000 troops massed behind the iron curtain, according to an estimate by Maj. Hal D. Stewart writing in the semi-official *Armored Cavalry Journal*.

Major Stewart's estimate of Soviet military strength was based on an article on the size of postwar armies. Drawing his figures mainly from war department intelligence reports, he pointed out that his compilation may not be wholly accurate because of the secrecy employed by some countries

in veiling the true strength of their armed forces.

In all, some 11,000,000 men and women are under arms, Major Stewart said. Next to Russia, the Chinese Nationalist government maintains the largest army with 2,700,000 regulars, while the Chinese Communists claim a force of 1,000,000.

Britain rates third with 1,500,000 troops and the United States follows with 1,300,000. Although a small nation, Yugoslavia has 800,000 in uniform, including 80,000 women.

### FEED: Good Supply

Farmers can count on ample supplies of feed grains for livestock through the current feeding year, the Feed Industry council concluded after a comprehensive study.

Total requirements of 109,465,000 tons of grains and mill feeds should leave a carryover of 16,620,000 tons at the end of the crop year, the council said. A breakdown showed estimated needs of 53,280,000 tons for swine; 24,502,000 tons for poultry; 22,323,000 tons for dairy cattle; 14,833,000 for beef cattle; 967,000 tons for sheep and lambs, and 5,250 tons for horses and mules.

In contrast to the adequate supplies of feed grains, the council estimated a deficit in stocks of high protein feeds. However, the experts averred that the price situation would tend to balance the supply and cause a more careful use of high quality protein by feeders.

### CALIFORNIA:

More than 10,000 new stores or "trade outlets" were licensed in California last fall, and for the first time quarterly taxable retail sales in the state exceeded 2 billion dollars, a state-sponsored survey made to aid business planning disclosed.

Of the 10,176 new trade outlets licensed between July and October, 7,777 were "independents" and 489 were chain stores. The total California retail trade volume was boosted 10 per cent to an all-

### Quitting Was Good

After a few rounds in the ring the fourth rate prize fighter was thoroughly beaten and ready to give up.

"Gowan back in there. You've got him licked," urged his manager.

Encouraged, the bruiser went back in. And at the end of the seventh round, bloody and wobbly, he was catapulted half way out of the ring by his opponent. "Am I still winning?" he asked his manager.

"Sure!" said the manager. "You got him licked to frazzle."

"Then," declared the bruiser, crawling out of the ring, "I quit winner!"

**For You To Feel Well**  
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.  
Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging back-ache, headaches, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. **PEOPLE ARE ASKING THESE QUESTIONS ABOUT ARMY ENLISTMENT**

- Q. What educational benefits do I get under the GI Bill of Rights?**  
A. If you serve honorably on active duty for a period of 90 days, one day of which is served between September 16, 1940, and the date of termination of the present war, or you are discharged because of an actual service-incurred injury or disability incurred within that first 90-day period of service, you are, upon discharge, entitled to one year of education in the college, trade or business school of your choice for which you can qualify. In addition, each month of active duty, including the first three, prior to the termination of the war, entitles you to another month of post-service education, up to 48 months.  
Your tuition, laboratory fees, etc., up to \$500 per ordinary school year will be paid by the government. Also, you will receive \$65 a month living allowance; \$90 a month if you have dependents.
- Q. What about family allowances?**  
A. For men enlisting or reenlisting now, family allowances will continue until six months after the war is officially ended.
- Q. What are my chances of going overseas?**  
A. If you enlist for 3 years, you may select to serve in any overseas theater which has openings, especially Japan or Korea.
- Q. Can I still choose the branch of service I want to serve in?**  
A. Yes. You can pick any branch which has quotas to be filled, if you enlist for 3 years.
- Q. Is there any way I can reenlist in my old grade?**  
A. Yes, you can, if you reenlist for a 3-year term within 20 days after your honorable discharge.
- Q. Is there any other way I can reenlist in grade?**  
A. Yes, if you held one of certain military occupational specialties, and were discharged on or after May 12, 1945, you can reenlist in a grade depending on the length of time you held the desired M. O. S.

**Sam Hackney Reports on the U.S.A.**

Sam Hackney and the missus just returned from a trailer trip around the country. They're tired, and glad to be home, but mighty impressed with what they saw.

As Sam reports—every section has something different; a different way of talking; different tastes in food and drink; different laws and customs. But bigger than all these differences is the American spirit of tolerance that lets us live together in united peace.

"Of course," says Sam, "you run into intolerance from time to

time. Individuals who criticize another's right to speak his mind; enjoy a glass of beer; or work at any trade he chooses. But those are the exceptions—and we're even tolerant of them!"

From where I sit, more of us ought to make a trip like the Hackneys—to realize firsthand how America is bigger than its many differences . . . how tolerance of those differences is the very thing that makes us strong.

# HOUSEHOLD MEMOS... by Lynn Chambers

# Brisk Winter Days Stimulate Appetite For Substantial Food

A fluffy, golden browned casserole is ideal supper fare for cold nights. This one combines protein foods such as dried beef and eggs with the vegetable, which is whole kernel corn.

# Make Hearty Meals

When the family comes tramping home on cold nights with the appetites of woodsmen, many a homemaker is put to the acid test of really filling them up with plenty of hearty, nourishing food. Sometimes appetites seem endless, especially when the food is not suited to weather or to work and play, but there's an answer to all this. Hearty foods solve the puzzle best, so bring out the stews so rich in vegetables and inexpensive cuts of meat, casseroles with sauces and gravy and top them off with hunger-satisfying desserts. Don't forget the vegetables and fruits as these are an important cog in balancing the meal and rounding it out.

Another easy trick to take the edge off sharp appetites is to serve a piping hot soup of some kind just before dinner. This may be light or hearty depending upon the type of family you have. This, too, is economical because you can use bones from roasts or the carcass of a fowl from dinner and toss in some vegetables, and have enough soup for several days.  
 A soup is nice to serve before the following casserole. Top it off with a fruit salad and an easy-to-make pudding dessert, and you have the meal complete.

**Corn-Chipped Beef Souffle.** (Serves 6)  
 4 tablespoons butter  
 1/4 cup flour  
 1 cup milk  
 4 eggs, separated  
 1 cup whole kernel corn  
 1 cup shredded chipped beef (about 3 ounces)  
 Melt butter, blend in flour and add milk. Cook over direct heat, stirring constantly until sauce thickens and boils. Stir hot sauce into well beaten egg yolks, add corn and shredded beef. Fold in stiffly beaten egg whites, lightly but thoroughly. Turn into a six-cup casserole and bake in a moderate (325-350-degree) oven for one hour until a knife inserted comes out clean.

**Salmon-Lima Bean Casserole.** (Serves 6)  
 2 tablespoons diced onion  
 2 tablespoons fat  
 4 tablespoons flour  
 2 cups milk  
 1 teaspoon salt  
 1 tall can salmon  
 2 cups green lima beans, cooked  
 2 slices bread  
 2 teaspoons butter  
 Cook onion in fat until golden brown and tender. Add flour and blend. Stir in milk and salt. Cook, stirring constantly until thick and smooth. Alternate layers of flaked salmon, lima beans (which have been drained) and white sauce in a greased casserole, ending with white sauce. Butter bread and cut in cubes. Sprinkle over top of casserole and bake in a moderate oven for 35 minutes or until golden brown.

**LYNN SAYS:**  
**Tricks for Homemakers**  
**Save Time, Energy**  
 To prevent lumping, store brown sugar in a moist place, such as a breadbox. Confectioners' and powdered sugar may be stored in tightly covered containers.  
 The brownish color on the surface of used tin pans is tin oxide. This is a better conductor of heat than tin, thus explaining why brown so much more than when new.

**LYNN CHAMBERS' MENU**  
 Consomme with Rice  
 \*Lamb Stew with Parsley Dumplings  
 Waldorf Salad \* Rye Bread Toast  
 \*Hasty Pudding Beverage  
 \*Recipe given.

**\*Lamb Stew, Parsley Dumplings.** (Serves 6)  
 Buy 2 1/2 pounds lamb shoulder, chuck or shank. Cut the meat in one-inch cubes, dredge with flour and brown in hot fat. Season with salt and pepper and cover tightly after adding two cups of broth or water. Simmer slowly for 30 minutes and then add whole small sliced onions or sliced onion rings, sliced carrots, diced potatoes and 1 1/2 cups drained peas. Cover tightly and cook until vegetables are tender, about 45 minutes, adding more water or stock if necessary.

To make parsley dumplings, sift 2 cups of flour with 1 teaspoon salt, 4 teaspoons baking powder and 1/4 teaspoon pepper. Add 1 well beaten egg, 3 tablespoons melted butter and 3/4 cup milk. Mix to a moist stiff batter and add 3 tablespoons minced parsley. Drop by spoonfuls onto stew, cover closely and cook without lifting cover for 18 minutes.  
 Remove dumplings to platter and arrange with meat and vegetables. Thicken gravy in pan with flour-water paste. Add a dash of Worcestershire sauce and pour over stew. Serve at once.

How do you plan your desserts? Well, naturally you want them to go with your main dish, but consider their planning from another point of view also. If you're using the oven, have a baked dessert to utilize heat to the fullest. If you're cooking a top-of-the-stove meal, make a refrigerator dessert so as not to use the oven for just one thing.

**American Pudding.** (Serves 6)  
 1/2 cup flour  
 1 teaspoon baking powder  
 4 tablespoons shortening  
 1/2 cup sugar  
 1/2 cup milk  
 4 tablespoons currants  
 1 1/2 teaspoons grated lemon rind  
 1 1/4 cup boiling water  
 1/2 cup honey  
 1/2 teaspoon salt  
 Sift flour, measure, then sift with baking powder. Cream one half of shortening, add sugar. Add milk and flour, alternately beating until smooth after each addition. Add currants and lemon rind. Turn into greased baking dish. Combine remaining shortening, honey, water and salt and pour over batter. Bake in a moderate (350-degree) oven for 40 to 45 minutes. Serve warm with cream.

This next recipe is truly a hasty pudding. It's quickly made and delicious, too, now that whipped cream and marshmallows, absent so long from our grocery shelves, are back with us again.  
**\*Hasty Pudding.** (Serves 6)  
 To one cup of whipped cream, add 1 cup brown sugar and 1 teaspoon vanilla extract. Blend thoroughly. Add 15 graham crackers which have been broken into small pieces; 4 bananas, quartered and sliced, and 16 marshmallows which have been snipped with scissors into small pieces. Mix lightly and chill well before serving.  
 This hasty pudding can be dressed up beautifully for a company dinner in tall glasses and topped with a garnish of whipped cream and a dab of red jelly or jam or a cherry.  
 Released by Western Newspaper Union.

**Household Hints**  
 To prevent a cork from sticking in a glue bottle, dip it in oil. It will then slip out easily with no effort.  
 Slip all tattered and worn? If the skirt is still good, cut off the top part and use the bottom as a petticoat with an elastic sewn in.  
 Throw an old potato sack or two in the car trunk. Excellent to place under the rear wheels when stuck on an icy spot.  
 Potatoes boiled in their jackets hold twice as much vitamin C and three times as much vitamin B1 as baked potatoes contain.  
 When wiping windows use vertical strokes on the inside and horizontal strokes on the outside. This enables you to see as a glance which side must be wiped again.  
 Grease two or three inches up the inside of the pot in which you are boiling rice, noodles or spaghetti, and the water won't boil over.  
 If wax paper sticks together put it in the refrigerator for a few minutes and it will loosen.

**This Home-Mixed Cough Relief Is Wonderful**  
 No Cooking. So Easy. Saves Dollars.  
 To get the most surprising relief from coughs due to colds, you can easily prepare a medicine, right in your own kitchen. It's very easy—a child could do it—needs no cooking, and tastes so good that children take it willingly. But you'll say it's hard to beat for quick results.  
 First, make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. Or you can use corn syrup or liquid honey, instead of sugar syrup. Get 2 1/2 ounces of Pinex from any druggist, and pour it into a pint bottle. Fill up with your syrup. This gives you a full pint of really splendid cough syrup—about four times as much for your money. It never spoils, and lasts a long time.  
 And it gives quick relief. It acts in three ways—loosens the phlegm, soothes the irritated membranes, and helps clear the air passages.  
 Pinex is a special compound of proven ingredients in concentrated form, well known for quick action in coughs and bronchial irritations. Money refunded if it doesn't please you in every way.
