Swing of SOUTHWEST FARM MARKETS

Leading farm commodities registered sharp gains last week, according to production and Marketing Administration, U. S. Department of Agriculture. Cotton, grain, and hogs highlighted the advance, but most other products sold at steady to higher prices.

All classes of hogs went up sharply during the week, averaging a dollar or more higher at some markets. Butcher hogs topped at \$24.50 at San Antonio and \$26 at Fort Worth.

Cattle and yearlings weakened at Texas markets, but mostly steady to higher prices were paid for other cattle at southwest terminals. Houston paid \$12 to \$17 for the week's bulk of common and medium slaughter steers and yearlings; while Fort Worth moved medium and good kinds at \$16 to \$21.50. Low to average medium grass fat steers at San Antonio brought \$17.25 to \$18.50, and yearlings \$18 to \$19.50.

Seasonally increasing receipts of fresh eggs were fairly well absorbed at mostly unchanged prices of around 36 cents per dozen at most central points. Live poultry marketings slowed, but prices held generally steady at 24 to 26 cents per pound for heavy hens and 27 to 30 for fryers and broilers.

Cotton climbed steadily again last week, gaining around \$3 to \$4 per bale. Higher spot prices brought fairly active selling.

Lions Club News

Next Thursday night is regular Lions Club meeting. The time is 7:30 p. m. Let's all be there on time. Miss Myrtle Reeves has charge of the program for that night.

Last Thursday the Lions enjoyed steaks prepared by such famous Chefs as Lions Mathis, Mosley, Bridges, Simmons, Noel, Rains and others. Awards won in the Melvin Jones membership contest were ably presented by Lion Cox to Lions Otis and Sam Owens, Simmons, Boliver, Jerald Sims, Bailey, Timmons, Lewis, C. L. Johnson, Rains, and Pool. Lion E. M. Glass is the latest key member, his key was presented to him at the first February meeting.

Betty, did Homer Lee say he had some competition? What girls can do!

Bobbie Lee, you should have enjoyed the preview Saturday night. Clarendon? Yes!

Kaye, why do you always try to keep your name out of this column Shame, shame on you.

Leon, what happened between you and Jane?

Mary Alice, who were you with at the show Monday night? Was it a good show?

Juarita, who did I see you with Sunday night?

By the way, Redtop, who did you take home Saturday night? "This world and one more."

I would like to know who Lillian Sanders was with Saturday night? Stranger, I believe.

Dolores it looked as if Jerry just came in and took over Saturday night? What about it.

Richard, where has your little car run off to? We're all wondering!

Wanda, won't you be glad when he comes back? It won't be long now.

Frances, you aren't you? Rita, you had better watch her!

It looks like Elsie is always glad to take him back!

Has anyone besides me noticed how bashful all the senior boys are? Will they ever grow up?

We have all been wondering why Lola Faye has lost all interest in the Hardware? Did Clarendon have something to do with this?

Assembly Program

Friday morning, February 28, the Senior class gave an assembly program. The class was seated at the front and the president made an introductory speech introducing each member of the class, each responding as they pleased. Then the announcer took charge and the program was as follows:

Uncle Sam Says

Have you stopped to consider that save-as-you-go is as important to you as the pay-as-you-go plan, which millions of my nieces and nephews are rediscovering this month as their best friend in meeting income obligations? When you are signed up on the payroll savings plan or have arranged with your bank for regular monthly purchases of U. S. Savings Bonds, you're on an automatic, easy save-as-you-go plan which will enable you to meet future personal and family obligations, or a business of your own, pay for a new home, travel or education for your children. As a good American, you are paying your income tax bill to your Uncle Sam to help pay for the war. As a good American, you also have the opportunity to turn the tables on your Uncle Sam, investing in U. S. Savings Bonds regularly, your Uncle Sam will pay you \$4 for every \$3 in ten years.

B. L. Collier Dies

Funeral services for B. L. Collier, who passed away last Thursday in a Clarendon hospital, were held Friday from the Methodist Church here by Rev. E. H. Coston, assisted by Rev. W. E. Bond and Rev. H. T. Harris. Interment was in Hulver cemetery west of Estelline with Womack Funeral Home in charge.

Pallbearers were Ray Moreman, Hobart Moffitt, Pete White, John White, W. M. Biffle and J. P. Gilbreth.

Benjamin Luther Collier was born July 29, 1869, in Texas. He united with the Methodist Church in 1892 at Golden, Texas. He was married in December, 1918, to Miss Mary Richerson of Hall County, and lived in Hall County some 15 years before moving to Donley County in 1928.

He is survived by his wife, Mrs. Mary Collier; two sons, Horace of Alba, Texas and Clyde of Dallas; five daughters, Mrs. Willie Billingsley of Farwell, Mrs. Erma Perry of Los Angeles, Mrs. Geneva Scott and Mrs. Inetha Combest of Clarendon and Mrs. Velma Thomas of Hedley; three sisters, Mrs. Cora Ezell of Alba, Mrs. Ollie Ezell of Golden and Mrs. Bessie Stockdale of McKinney; 16 grandchildren and 12 great-grandchildren.

Catherine Mosley of WTSC. Canyon, spent last week end with her grandparents, Mr. and Mrs. M. W. Mosley.

Among those on the sick list this week are Hobart Moffitt, Jim Vaughn and W. C. Plunk.

Mrs. Nielsen, first grade teacher, was ill in a Memphis hospital last week.

The Wise Old Owl

Frances, why have you been hanging about a certain dark headed Senior girl so much lately? Could it be because of her little brother who is a Sophomore?

Bobbie Lee, Clarendon seems to be a big habit, isn't it?

Well Mary Alice, so you have finally found your boy friend? What about this, Melvin?

Curtis, what were you doing on the back seat by yourself Saturday night?

Redtop, what is this I hear about your reforming. I am rather proud of you and so is another certain little Senior girl.

Betty, it seems like old times are back again. James, that is.

Joan Raye, don't you have a heart throb, or are you planning on being an old maid?

Lola Faye, can't you make up your mind which you like the best Clarendon, Hedley or Memphis? Their names all begin with the letter J.

Wanda Lee, what is wrong, are you losing your grip on Babe? Three times is the limit.

So, Dolores, you are going to invite the guy to your skating party for two reasons. Luck to you!

Juarita, who were you with Sunday night in a black Ford? Remember the Wise Old Owl knows and sees everything.

Uncle Sam Says

Whenever I hear one of my nephews say he has bought United States Savings Bonds, I feel like nudging him and saying "Nephew, you haven't really bought anything. That may sound strange at first, but the proof is simple. Ordinarily when you buy something, you have to spend your money. What you have actually done in acquiring saving bonds is to exchange non-interest bearing notes for interest bearing ones. You have merely converted your money into a different form, a form in which it will start growing in amount. In saving bonds form your money earns interest for every \$100 in ten years.

Christ In March

Shall we continue for Christ movement? Are we making any special progress? I think we are.

In April the revivals in our town start again. Just a little over a month away! Alright, we have a whole month yet to prepare our own hearts and lives as Christians for these services. A revival must begin first in our own hearts if we would see lost ones saved. We must completely search our hearts and lives and see if there is something there that shouldn't be, if we would lead others to God. Then the next step is to reconsecrate our lives to God, showing anyone who might be watching our lives that we truly love God, that we truly want to do God's will. Then we need to pray and pray, seek out our lost loved ones and talk to them about our Savior.

Are we marching as God would have us to? Are we just about half way into the spirit of God's work? Are we still only lukewarm? Are we going to fail God and fail our lost loved ones of town by being unconcerned at where they spend their eternity? Can't we all work hard all the month and pray and talk to the lost in our town that when spring revivals come we will ready have a great number of souls in the house of God?

Let us all work so hard that in March for our God that more persons in our town will be saved than ever before to be saved. Then what a reward we will receive in the glory of God knowing we had not failed.

WEEKLY NEWS ANALYSIS CIO, AFL Discuss Labor Unity; U.S. Aids Starving Romanians; Truman Acts to End Emergency

Released by Western Newspaper Union.

EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

President Philip Murray (left) shakes hands with senate labor chairman Taft (Rep., O.), at hearings on corrective labor legislation. Rapping proposed changes, Murray attributed industrial unrest to workers' reduced real income and high corporation profits.

LABOR: Discuss Unity

Divided in 1935 over the issue of vertical (mass) organization of workers, the "House of Labor" was another tortuous step closer to unity with CIO acceptance of an AFL invitation to merge the two great American labor movements with a total membership of over 12 million.

Significantly, John L. Lewis of the United Mine Workers, who left the AFL to head the new CIO and then returned to the AFL, was named on the AFL negotiating committee headed by Pres. William Green. Familiar with the mechanics and personalities of both unions, John L. is in a strategic position to pave the way for unification.

Representatives of two former unions were named on the CIO committee led by Pres. Philip Murray. They included Emil Rieve of the Workers and Jacob Patofsky of the Amalgamated Clothing Workers. As former units in the AFL, these two CIO unions also can bring their combined experience in both labor movements into the discussion to reach a common ground.

AMINE: Aid Romania

The American Red Cross drew upon Uncle Sam's bounty to relieve Romania's worst famine in 50 years. No less than 500,000 men, women and children were suffering starvation in the Moldavian region and lacking clothing and other supplies.

Red Cross purchases of 4,500 tons of 10-in-1 rations and 2,500 tons of beans from the war department assured the stricken Moldavians of 1,000 calories a day for 16 days.

THE INNOCENT Starves in Romania

Clothing also was provided for ragged and hollow-eyed children.

Meanwhile, Romanian representatives in Washington completed negotiations for the purchase of large supplies of American grain upon condition that the U. S. would supervise distribution to guard against discrimination for political or other purposes.

The famine was brought about by a two year drought, wartime slaughter of livestock, breakdown of transportation and heavy levies by the Russian army.

Hit Chinese Heads

Chinese leaders were under fire from within and without as inflation continued to grip the country in the face of insufficient domestic production and the wholesale supply of Chinese currency.

Foresee Expansion

Gains in both exports and imports this year are forecast in a report on postwar trends in United States foreign trade issued by the Chamber of Commerce of the United States.

Assuming a continued high rate of business activity, the report estimates merchandise exports may exceed \$11,000,000,000 in 1947, compared with \$9,000,000,000 in 1946. The report also estimates imports in 1947

Budget Trouble

As in the case of reducing personal income taxes, the Republican congress divided on the extent of slashing President Truman's 1948 budget request of 37.5 billion dollars.

While GOP members in the house led by Representative Taft (Rep., N.Y.) favored a 6 billion dollar cut, senate Republicans led by Senator Taft (Rep., O.) stood out for a 4 1/2 billion dollar decrease. It was expected that a compromise figure of 5 billion would be reached, permitting a 20 per cent income tax reduction and a sizable surplus to be applied against the national debt.

House Republicans charged their senate colleagues with having succumbed to military and naval pressure against substantial reductions in army and navy expenditures. Declaring there was room for economy "and an end to extravagance" in every federal agency, including the army and navy, they asserted that the services could take a 15 per cent slash in appropriations without hampering national defenses in the slightest.

Taft replied any cut in military appropriations be held to 10 per cent to assure national security and fulfillment of overseas obligations.

POTATOES: Seek to Avert Loss

Seeking to avert the loss of at least 20 million bushels of surplus potatoes taken over by the government in support of the 1946 crop, the department of agriculture offered them to commercial exporters and processors for 5 cents a hundred pounds. The support price was \$2.20.

The department's latest offer compared with a price of 35 cents previously set for export sale. Because of the low food value of potatoes, their perishability and high handling costs, foreign governments have preferred to purchase more nutritious and less cumbersome supplies of grain.

Inasmuch as they can buy wheat flour at five to six cents a pound, the foreign governments also have been hesitant about paying 15 to 20 cents a pound for dehydrating potatoes. Sale of the potatoes to processors at 5 cents per 100 pounds will bring the price of the dehydrated potatoes down appreciably, providing a stimulus for export.

The bargain export price will not apply to U. S. insular or territorial possessions supplied by regular commercial channels.

Medics Study New Malady

Medicine was on the trail of a new disease which has taken a heavy toll of life among babies ranging from two weeks to three years of age in Indiana and Kentucky.

Diagnosed as a virus type of sleeping sickness, the disease infects both children and adults, but older people contract the illness in a milder form and recover.

Fifteen babies died from the disease in the Evansville, Ind., area alone within six weeks, it was revealed. Other deaths were reported in New Albany and Jeffersonville, Ind., and Louisville, Ky. No more than one child was stricken in any family.

Because doctors have not been required to report the disease to health authorities, there has been little opportunity to study it. Post-mortem operations on several of the victims disclosed similar effects, it was said.

SUPREME COURT:

Jackson Assails Black

The "elastic and somewhat unpredictable interpretations" of the laws by Justice Black has aroused the ire of Justice Robert Jackson. In a separate concurring opinion on a case involving apprentice railroad men under the wage-hour law, Jackson sharply criticized Black's reasoning in his written decision. He also took Justice Frank Murphy to task for two decisions in which he wrote the majority opinion. These were the famous Mount Clemens Pottery Co. case, on which portal pay suits are based, and the Jewell Ridge Coal Corporation case, which established the portal to portal pay rights in coal mining.

Black's principal charge was that in these two rulings and in the railroad apprentice case, no notice was taken of "contract or custom" prevailing in the businesses involved. He went on to say that the court should "pay at least some deference to the customs and contracts of an industry" when interpreting the wage-hour law, and not put "industry and labor in a legal straitjacket of our own design."

Endless litigation, he said, would follow from these uncertain decisions, profitable only to attorneys. The true function of the court in wage-hour cases, Black asserted, is to give decisiveness and integrity in borderline cases.

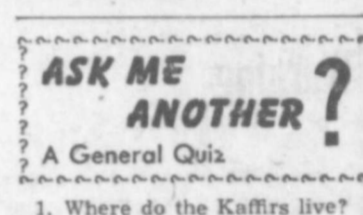

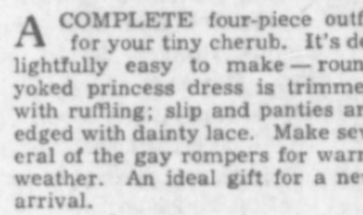

HOUSING:

More new permanent homes (58,000) were completed in December than in any other month in 1946, bringing the total number completed for the year to 454,000, the bureau of labor statistics reported.

Almost three-fourths of the units made ready for occupancy in 1946 were started in the same year. More than 40,000 of the nearly 671,000 new permanent dwellings begun last year were completed in December and

KITE FLYING THROUGH THE CENTURIES

As far as is known, kites were invented by the Chinese about 400 B.C. In China, the ninth day of the ninth month still is "Kite's Day," when men and boys fly colorful kites of many shapes and designs—birds, beasts, dragons and fish.

Through the years, kites also have been used for meteorological and military purposes. Carrying small cameras to great heights, kites have been flown over forts to obtain "bird's eye" view photos of enemy installations. In 1894, Captain B. F. Baden-Powell of the Scots Guards constructed a series of kites fastened together, with which he lifted a man 100 feet! And in 1905, the Prussian aeronautical observatory flew a kite which attained a height of four miles!

It is not known when or where kite flying was first introduced in America, but the sport has become widespread. The kite-flying season is here again. Youngsters who want to enjoy the sport in safety, should carefully adopt the four good rules urged by Reddy Kilowatt.

Kidneys Must Work Well

For You To Feel Well
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood.
If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly.
Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer aching back-ache, headaches, dizziness, rheumatic pains, getting up at night, swelling.
Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and helps them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence at all drug stores.

From where I sit... by Joe Marsh

A Definition of Our Town

Sombody defined our town the other day as "A place where the people talk about you behind your back, and come to you when you're sick."

I've got to admit there's something to it. A lot of our folks are inclined to be pretty outspoken and quick to criticize... even about little things, like a woman's hat, or a man's preference for a glass of beer, or the color of Hartman's new barn.

But when anyone's in trouble, those differences and points of

criticism are forgotten... and folks become neighborly and helpful, like they really are.

From where I sit, criticism never did much harm to anybody, so long as folks don't let it guide their actions... so long as they respect our individual preferences, whether they apply to hats or beer. That's the way it is in our town, anyway, and I hope that it's the same in yours.

It lets you live in the Stratosphere...and OIL-PLATES your engine!

ABOVE 50,000 FT. IT'S 60° BELOW ZERO!
That and 450 m.p.h. speeds make necessary specially designed "wingsuits" for fliers. What enables these new suits to withstand terrific wind-pressure from outside and air pressure from inside... is the force of **molecular attraction**... the basic force that holds things together!

SO THIS SPRING CHANGE TO OIL-PLATING!
Because when Conoco Nth motor oil enters your engine, the tremendous force of **molecular attraction** causes molecules of a special lubricant so closely to molecules of engine metal that cylinder walls and

other surfaces are actually **OIL-PLATED!**
BECAUSE OIL-PLATING RESISTS GRAVITY... stays up on cylinder walls... won't all drain down even overnight, you get: **EXTRA** protection when you first start your engine "dry"... **EXTRA** protection from corrosive acid action when your engine is idle... **EXTRA** protection from sludge and carbon caused by wear... **EXTRA** smooth, cool, silent miles.
