Swing of SOUTHWEST FARM MARKETS

Grain prices spiraled upward, and most other farm markets continued steady to strong last week, according to the Production and Marketing Administration, U. S. Department of Agriculture. Hogs eased back from record prices of recent days.

Eggs and poultry found a firm market last week, as demand remained good. Current receipt eggs averaged around 37 to 38 cents per dozen at San Antonio, Fort Worth, Dallas, and Oklahoma City.

Spot cotton advanced about \$2.50 per bale. Activity increased in the central exchange but slackened in farmers markets. Demand weakened as offerings increased.

Grains made even more spectacular advances last week than the week before. Wheat led the swing upward, soaring 23 cents per bushel in seven days at Fort Worth and Galveston.

Feed prices moved up to sharply higher levels, reflecting the upward surge of grains. Good quality alfalfa hay showed strength, but inferior grades showed weakness.

Bank of hog sales at the close of the week went at \$26.50 for medium weight good and choice grades at Fort Worth; and \$28.25 at Wichita. The late-week top was \$26 at San Antonio.

Cattle advanced to new all-time high levels in practically all classes at Fort Worth, and sold at steady to strong prices at most other terminals. Common and medium cows moved at \$10.50 to \$13.50 at Houston. Medium and good kinds turned at \$13 to \$15 at San Antonio; and \$12.50 to \$15 at Fort Worth.

THAT HELPS YOU SELL GOODS
Your sales messages click better when they are well printed on a quality paper. Let us show you how our good printing on Hammermill papers will help you sell more goods.

Good Fire Record

Hedley will receive a good fire record credit of 25% on fire insurance again next year, according to information received by local agents from the State Fire Insurance Commission.

Owing to one heavy fire last year it was thought that we might lose this credit, but since the credit is based on the five year average we retained it this year.

However we have had one fire already in 1947 and if we wish to retain this credit in 1948 we must be very careful about fire hazards. Keeping the premises alleys clean will help a lot.

The Volunteer fire department should be commended. These boys for little or no pay have been on the job at every fire and held our losses down to a minimum.

Mister X

Babe, what is this I hear about your going with a little sophomore girl? How about this, June?

Well, Bobby Ray, how did you and Dorothy Meeks make out Friday night. Wonderful, I heard. Betty, where were you and Erma Jean over the week end? I didn't see much of you.

Juarita, it looks as if you are stranded for awhile. Maybe J. R. will get his little car fixed soon.

Rita, who did I see you with Sunday night? So your dream finally came true.

Brick, I believe you are off the lately. Don't you care for the little girls anymore.

Betty Margaret, who invited you to go to the Senior party Tuesday night? Why don't you let us in on these things?

Wanda, did you have a snazzy time Saturday night? So he finally came back to you, which wasn't much of a surprise.

Anita, who were you seen following around Friday night at the show? Are you sure you weren't trying to make Mary Alice jealous.

Let C. E. Johnson, manager of the Hedley Telephone Co., write your fire and hail insurance.

M. Y. F.

The Methodist Youth Fellowship attended the subdistrict meeting held at Clarendon, Monday night. The conference opened with a business meeting. Officiating was Charles Russell from Turkey. Clarendon gave a very nice program consisting of some hymns followed by a scripture reading, 1st Psalms, and a talk by the district superintendent, Rev. Tom Johnston entitled The Road to Somewhere. The meeting was adjourned by a prayer. New officers were elected and one of our representatives was nominated secretary. Afterwards refreshments were served and games were played.

Those going were Joan Ray Moreman, Martha Alexander, Jerry Banister, Dolores Gunn, Edward Todd, Mr. Todd, Mr. C. O. Hill and Br. Costen. A very good time was enjoyed by all going.

Next month, April 27, Clarendon District goes to Childress for a joint meeting of the Clarendon-Vernon Districts. Let us all try to attend and represent our town, church and Clarendon District.

Senior Class Program

The Senior class will sponsor a program to be given Thursday March 27 in the High School auditorium at 8:00 p. m. This program is an annual affair given each year as a part of the scheduled senior activities. The proceeds derived are used to help pay expenses for the class during commencement.

The program starts off with a "bang-up" fiddlers contest with real money prizes to winners, first, second and third places. Other contests are popularity contests with comedy contests thrown in for good measure. In the popularity contests nominees are as follows:

Rita Johnson vs. Martha Alexander
Bobby Everett vs. Jimmie Owens

In the grades the following have been nominated:
Barbara Johnson vs. Mary Ruth Sargent
Jimmie Lynn vs. Bart Harris

Prizes will be given to each winner with consolation prize to loser. Candidates will wear formal dress and be presented to audience as contest before the evening begins.

Following the contests there will be a lunch for two with a box sale another contest will be staged with contestants nominated from the floor—the Uggst Man Contest—winner gets a beautiful prize.

Climaxing the evening's program the Seniors will present a farce, Senior Follies, with help of other high school and grade students. Persons who saw our production of the Grand Ole Opry last year will know the Seniors have something interesting to offer in the way of an evening's fun. One lady remarked after our Grand Ole Opry: "You have made people who dislike each other dip each other on the back and laugh! So come laugh yourself into a good humor with the world, and help the Seniors as another Spring around!"

How many of your New Year resolutions are unbroken? Some you made in jest. Others represent a serious effort, such as a thrift plan. You may have resolved to step up your savings bonds allotment through the Payroll Savings Plan, or you may have resolved to ask your bank to buy a savings bond for you every month out of your deposited funds. You can't afford not to keep this resolution for your own good. Even an \$18.75 investment once a month in a \$25 savings bond will provide you with \$22.50 in ten years.

"I'll be fired for that fool story!"

The managing editor of the New York Herald took a day off on December 21, 1879. So this headline in his paper hit him without warning.

EDISON'S LIGHT—
IT MAKES A LIGHT, WITHOUT GAS OR FLAME!

The public promptly shouted "hoax!" Scientists called Edison crazy. And our shocked, angry editor expected to be fired.

But he wasn't. Eleven days later, Thomas Edison held a unique New Year's party in his laboratory at Menlo Park, New Jersey, and invited the world to see his "flameless light." Thousands came and were convinced. The incandescent lamp was real.

Soon small private companies were bringing the benefits of Edison's newfangled lamp to the people. Engineers and business men poured in their energy and time... risked their own savings... overcame all kinds of obstacles... broadened and improved the service.

Government didn't do the job. Individuals did. And in the process, they created jobs for many thousands of Americans, as well as a great new service for many millions more.

When Edison opened the first power-plant in 1882, electricity cost 25¢ a kilowatt-hour. This year, as we mark the 100th anniversary of the great inventor's birth, the average price of household electricity across the country is only 3½¢ per kilowatt-hour.

Thanks to Edison's imagination and enterprise—thanks to the courage and initiative of many men and women, working under the American business system—this country enjoys the most and the best electric service in the world. And all our lives are richer, safer, more productive.

When Your Back Hurts -

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling, sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

Mystery of the Rocking Chair

Ma Hoskins has a favorite rocking chair that's worn and shabby, with a noisy creak. Pa Hoskins has listened to that squeak for thirty years... and he decided to do something about it. So he bought a new rocker, and hid the other in the barn.

Ma allowed as how grateful she was... but when Pa missed her one afternoon, he heard a familiar sound that led him to the barn. There was Ma rocking happily in her old chair—squeak... squeak. No need to tell you how Pa felt.

Quick as a wink he hid the new one and then brought Ma's chair back to the house. Now when Ma hears that squeak, he looks at the mellow glass of beer he's drinking and says to himself: "She's just entitled to her small pleasure now and then." From where I sit, that's one of the reasons the Hoskinses are the happiest, oldest-married, peeviest folks in our town.

Why freight rates are going up...

Since 1939, railroad employees have had three general pay raises totaling 62 1/2%, and the prices of fuel, materials and supplies have risen 61 1/2%.

But when the war ended in 1945, the railroads were still hauling freight at rates no higher, and in some cases lower, than when the war began.

Without increased revenues, railroads could not meet these costs and also provide improvements in equipment and facilities—improvements that are essential for the lowest freight and passenger services which are necessary to America's high standard of living.

Under these circumstances—and almost a year after the last major wage increase—the Interstate Commerce Commission recently approved an average increase in freight rates of 17 1/2%.

Of all the price increases in America

today, few have been so little and so late as that in the price of railroad transportation.

How important are healthy railroads to a prosperous country?

Only when the railroads are financially healthy can they provide the new equipment, improved road beds, and better terminal facilities needed for still better service to you.

The defense of the nation depends upon the continuance of the efficient transportation which served the nation so well in the last war.

The railroads are among the largest employers of labor. They buy over

100,000 different products. They pay big taxes—taxes which are spent not only for public schools, public health, and police and fire protection, but even for highways, airways, airports and inland waterways.

Railroads are America's lifeline—keeping goods flowing among the 48 states day and night in all weather.

They can continue to do this only if there is a reasonable balance between income and outgo. Like yourself, the railroads must make ends meet!

We are publishing this and other advertisements to talk with you at first hand about matters which are important to everybody.

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

HOUSEHOLD MEMOS... by Lynn Chambers

Let Children Entertain Their Young Friends At Home Suppers

When serving supper to a gang of teen-agers, prepare a casserole as illustrated here, and let the youngsters serve themselves. Complete the main course with a tossed salad.

If you're one of the many mothers worried about where your teen-aged children spend their recreation and leisure time, then start doing a little hinting that it would be nice occasionally to entertain their friends at home.

You can enlist the help of other mothers in the neighborhood and plan a series of suppers or evening snacks for the younger crowd, and in this way, have some idea of where the children spend their idle hours.

Daughters, and sons, too, will be glad to cooperate with mother in "cooking up" something super special in the way of refreshments which should be simple but good to eat.

If you want to have a snack party for the youngsters, here's an easily planned and executed snack idea:

Salmon Salad Bread Box
Pickles and Olives Potato Chips
Dutch Apple Cake Ice Cream
Milk or Chocolate

The salad loaf can be made ahead of time and set in the refrigerator for chilling, then removed at serving time and sliced.

Salmon Salad Bread Box (Serves 6 to 8)
1 tall can red salmon
1 tablespoon plain gelatin
2 tablespoons lemon juice
¼ teaspoon salt
Dash of Worcestershire sauce
¼ teaspoon grated onion
¼ cup salad dressing
1 loaf (small) unsliced white bread

Drain salmon; remove skin and bones. Flake fish into small pieces. Soften gelatin with lemon juice and dissolve over hot water. Add seasonings and salad dressing; combine with salmon, mixing thoroughly. Trim crusts from bread; cut thick slice off top of loaf. Remove inside of loaf leaving a wall about ¾ inch thick. Fill box with salmon mixture; replace top slice of bread, pressing it in gently. Chill thoroughly. When ready to serve spread top and sides with extra salad dressing and garnish with ripe or stuffed green olives. Serve in slices.

Another easy type of dinner to serve is an oven stew with a simple tossed salad.

Both of these can be prepared ahead of time, and finished up by the gang, if necessary. For dessert, serve something frozen because of the convenience of preparation.

Supper Idea.
Oven Stew
Baking Powder Biscuits
Tossed Vegetable Salad Relishes
Frozen Lemon Cream Milk
The stew is rich in vegetables and will be filling enough for hearty, youthful appetites if prepared as follows:

Oven Stew (Serves 6)
1 pound beef or lamb, for stew
2 tablespoons butter or other fat
¾ cup sliced onions
3 cups boiling water
¾ cup diced carrots
¾ cup diced turnips
¾ cup diced potatoes
2 teaspoons salt
¼ teaspoon pepper
½ cup cooked peas
¼ teaspoon Worcestershire sauce
¾ cup cold water
3 tablespoons flour

Brown beef or lamb in fat. Add onions and saute until golden brown; then add water. Turn into casserole, cover and cook in a moderate

LYNN SAYS:
Serve Fruits Often For a First Course

Give your appetites a new slant on dinner. Try serving fruits and fruit juices in delectable combinations.

Canned raspberries and seedless grape halves, marinated with a bit of orange juice are a grand combination.

Equal parts of orange segments

Grape juice mixed with gingerale is guaranteed to whet jaded appetites.

Avocado slices which are combined with grapefruit or orange sections may be served sprinkled with halved, seedless grapes.

For a rich new smoothness in ice creams, whip butter-ripe avocado with a rotary beater until fluffy. Then beat into ice cream, frozen to the mushy stage. Return to refrigeration.

(350-degree) oven for 1½ hours. Increase heat to hot (450 degrees). Add carrots, turnips, potatoes, salt and pepper and continue cooking covered for 20 minutes or until vegetables are nearly tender. Add peas and Worcestershire sauce. Add water gradually to flour, mixing to a smooth paste; pour into stew, stirring vigorously. Place biscuits on top of stew; turn into oven and bake 12 to 15 minutes longer or until biscuits are browned.

Dutch Apple Cake.
2 cups sifted flour
2 teaspoons baking powder
½ teaspoon salt
¾ cup butter
1 egg
¾ cup milk
¾ cup sugar
5 apples, cut, pared
1 tablespoon cinnamon
¾ cup currants

Sift together flour, baking powder and salt. Work butter into flour mixture. Beat egg, add milk and stir into dry ingredients. Spread the dough in a well buttered biscuit pan. Spread apples on dough, pressing sharp edges of fruit into mixture. Sprinkle with currants, sugar and cinnamon which have been mixed together. Bake in a moderate (350-degree) oven for 30 to 40 minutes.

Baking Powder Biscuits. (Makes 12)
2 cups sifted cake flour
2 teaspoons double acting baking powder
¼ teaspoon salt
4 to 5 tablespoons shortening
¾ cup milk

Sift flour once, measure, add baking powder and salt and sift again. Cut in shortening. Add milk and stir until soft dough is formed. Turn out on lightly floured board and knead 30 seconds. Roll ¼ inch thick and cut with floured, 2-inch biscuit cutter. Use on top of stew. The remainder may be baked on an ungreased baking sheet in a hot (450-degree) oven for 12 to 15 minutes.

Frozen lemon cream is the perfect dessert for a hearty main dish. This dessert may be made in the freezing tray or a mold.

Frozen Lemon Cream. (Serves 10)
¾ cup finely crushed corn flakes
2 egg whites
6 tablespoons sugar
2 egg yolks
¾ cup evaporated milk, thoroughly chilled and whipped
1 teaspoon grated lemon rind
3 tablespoons lemon juice

Thoroughly butter freezing tray of refrigerator and cover sides and bottom with cornflakes. Reserve some for top.

Beat egg whites stiff but not dry. Add sugar gradually, beating constantly until thoroughly blended. Beat egg yolks until thick and lemon-colored; fold into egg white mixture. Then fold in evaporated milk, lemon rind and juice. Turn into freezing tray. Cover top with remaining corn flakes. Freeze until firm, using coldest freezing temperature. Freezing time: 4 hours. Unmold and cut in slices for serving.

Or, pack in large melon mold, using equal parts of ice and salt (without stirring); let stand until firm (about 5 or 6 hours) pouring off salt water as it accumulates, before it reaches top of mold.

HOUSEHOLD HINTS

Cut worn out bath towels into rectangles to put under table mats. The toweling protects the table from hot dishes which may mar the surface, especially if the mat used is of a thin material.

For removing rust from steel iron, a combination of steel wool and kerosene is good, although considerable elbow grease certainly will be necessary.

If the collar of a man's shirt is badly worn, cut it off with a razor blade and use it for a pattern in cutting a new collar from the tail of the shirt.

If a shingle stain has been exposed to the weather for three or four years it can be safely painted. Earlier than that, there is a chance it will become discolored.

Have you ever thought of making cupboard doors or sliding racks under the stairs? It's a handy place to keep bridge tables, folding chairs, games and other bulky equipment.

Touch of Home
A sergeant, stationed in Germany, was given a pass to visit Paris. He was very excited about visiting the famous City of Light, but he was most anxious to see the Mona Lisa in the Louvre.

When he returned to Germany one of his friends asked him if he had seen the famous painting.

"Yes," he said, with little enthusiasm.

"You don't sound very enthusiastic about it," replied his friend.

"Well," said the sergeant, listlessly, "I've heard hundreds of stories about her 'enigmatic smile,' so you can imagine how disappointed I was to find that the painting was not the Mona Lisa I had heard of."
