HEDLEY, DONLEY COUNTY, TEXAS, FRIDAY, MAR. 21, 1947

Donley County N.F.L.A. Pays Dividends

The Informer received an announcement this week by Mr. Rayburn L. Smith that members of the Donley County National Farm Loan Association have been mailed checks representing a 5% dividend on their stock.

He states that the aim of the Federal Land Bank's, operating through locally managed associations, is to bring dependable loan service to farmers and ranchers at the lowest possible interest rate. In 1946 borrowers in Donley County received a total of 10% in dividends, which brought the average cost of their money to only 3 3/4-100%.

Federal Land Bank loans may be secured to purchase land, pay certain agricultural indebtedness or to provide buildings and equipment. Mr. Smith states that at the present time a number of homes, farms, etc., are being financed with these loans.

Lions Club News

The Lions plan to aid the school in their free show and get together at the High School Auditorium Thursday night, so there will be no directors meeting. Let's all make it a point to be at the school house on that night. The school needs our support and the better the school the better the town we will have.

Last Thursday night's meeting was exceptionally good. The good Methodist ladies gave us a good supper, the attendance was away above average and the program, arranged by Miss Myrtle Reeves and put on by high school boys and girls was exceptionally good. There is lots of talent down at the school if someone would just take time to develop it.

Next week's meeting is 7:30 p. m. Let's try to remember to be there. Another good crowd will put our attendance up for the month. Lions Sam Owens and Leon Reeves have charge of the program.

District Governor Frank Jordon of Brownfield will be at next week's meeting. All Lions are urged to be present to hear him.

Mister X

Dorothy Meeks, why didn't you go Saturday night? Handicap! Babe, it doesn't look like you are having much luck lately! Is she trying to play hard to get?

Juarita, who have I been seeing you with so much lately? You had better be careful what you do in the day time! I am always around you know.

Betty Margaret did you enjoy the show Wednesday night? Pretty good for Darrell's first date!

Why does Bobbie Lee call two girls Muttonhead and Turtlehead? Faye, do you and Jean know? Suits you perfectly.

Margaret, I hear you have already made quite a few plans as soon as school is out. "Some Sunday Morning It's Going to be."

Melvin, you seem to have a pretty good grip on her. What about it, Mary Alice?

Anita, you were doing okay Sunday night when I saw you last week. We are all waiting patiently for Malcolm to announce his first date. Will it be soon.

Betty Jo, seems to me as if Lelia Lake is interfering again?

Willie Vic, who did I see you with Saturday night? Gee, but he's big and strong.

To Members of the First Baptist Church

To all members of the First Baptist Church in Hedley I want to make this announcement. I know there is a feeling in some people's hearts that perhaps I have done all I can do here as pastor, and I am asking all members of the church to be present at the church at the 11:00 a. m. service Sunday, March 23 to express their feeling in the matter by a standing vote as to whether they feel I have been here long enough or should stay longer. This same body called me by a public expression of how they felt, and I feel they should have the right to express themselves on this matter.

I have not been asked by anyone to call this meeting and it is not a conference of the church, but just to see how every member feels. You will be given the opportunity to let all people know how you feel, and if the members of the church feel it would be better for me to resign as pastor I will gladly do so.

But I don't feel that we as church and pastor should do anything to destroy the revival that is to start April 9. If the meeting reveals the fact that I should not stay as pastor, I will offer my resignation to take effect May 1, 1947, if all the members will fall in and cooperate from now till May 1 so the revival will be a success and the church left in a good way.

This move is no reflection on the church and no reflection on the pastor. The interest of the church should be the main thing to be considered.

So if you are a member of the church be sure and come and here is the proposition. I will state this matter to the body and without any charges or debates on the matter. I will ask all that feel I have done all I can do as pastor to stand, and then I will ask all that feel I should stay longer to stand. There will be no discussion. It is not a conference, but just so the pastor can have some idea as to how the church feels. Come and pray and act as you are led of the Spirit and I will be glad to be guided by the feelings of the church.

Tell every member you see between now and Sunday to come. This is my request as pastor. Let me know how you feel about this matter. If you know of a member that don't take the paper show them this and ask them to come. H. T. Harris, pastor

Church of Christ

Sunday School 10:00 A. M.
Welcome to the Church of Christ.

Free Show

Thursday night, Mar. 20, at 7:30 there will be a free show and get-together rally at the high school auditorium. Several entertainers from Amarillo will be present and will give a program lasting approximately an hour and a half, followed by a general get-together.

The P.T.A. will sell refreshments at intermission.

Some business of interest to the entire community will be discussed. Make your plans to be present.

Revival Meeting

A revival will begin at the Baptist Church April 9 and close April 20. Rev. Jay Harris, pastor of the Riverdale Baptist Church in Knoxville Tenn., will do the preaching for the revival and Brothers Leo Jordon and Bill Ware from Wayland College will direct the singing. Bro. Jordon will come for the first 6 days and Bro. Ware will be here the last 6 days.

Let us pray that God's will be done in this meeting and that many may come to Christ. We especially urge all to come and let us do our best for Christ. The pastor extends a special invitation to people in the community who are not members of our church to attend these services. Come to our Sunday services when you can.

The Wise Old Owl

Well, kids, it like Juarita has really been getting around lately. You know anything about this R. L.?

Thelma, who was the boy I saw you with last Wednesday night after the show? He really has a snazzy car.

It seems like Mary Sue found her plenty of boyfriends while she was gone to Fort Worth. Why come to Hedley to look for them?

Redtop, what was the matter with her Saturday night? Didn't she like the idea? How about that Dorothy?

Babe, don't give up going with her again. You will finally succeed.

Erma Jean, why wouldn't you go Saturday night? Did you really have a date?

We are proud to tell you all that Betty Margaret and Darrell announced having a wonderful time last Wednesday night?

Martha, we hate that this column got you in trouble last week. Maybe he will wait for you.

We are wondering why Lynn started shaving more often. Lynn let us in on a little secret, have you found you a girl?

Margaret, I hear you have a special reason for wanting school to soon be out June 1st! You and Hershel will always remember that important date.

Betty Jo, you seem exceedingly happy since you hear a certain guy in the Marines is on his way home. Luck to you!

Senior Class Program Baseball

The Senior class will sponsor a program to be given Thursday March 27 in the High School auditorium at 8:00 p. m. This program is an annual affair given each year as a part of the scheduled senior activities. The proceeds derived are used to help pay expenses for the class during commencement.

The program starts off with a "bang-up" fiddlers contest with real money prizes to winners, first, second and third places. Other contests are popularity contests with comedy contests thrown in for good measure. In the popularity contests nominees are as follows:

Rita Johnson vs. Martha Alexander

Bobby Everett vs. Jimmie Owens

In the grades the following have been nominated:

Barbara Johnson vs. Mary Ruth Sargent

Jimmie Lynn vs. Bart Harris

Prizes will be given to each winner with consolation prize to loser. Candidates will wear formal dress and be presented to audience as contest before the evening begins.

Following the contests boxes containing a lunch for two will be sold to highest bidders. During box sale another contest will be staged with contestants nominated from the floor—the Ugliest Man Contest—winner gets a beautiful prize.

Climaxing the evening's program the Seniors will present a farce, Senior Follies, with help of other high school and grade students. Persons who saw our production of the Grand Ole Opry last year will know the Seniors have something interesting to offer in the way of an evening's fun. One lady remarked after our Grand Ole Opry: "You have made people who dislike each other clap each other on the back and laugh! So come laugh yourself into a good humor with the world, and help the Seniors as another Spring rolls around!"

Notice

Washington, March 10—Price Administration announced today that spare steel ration books will become good on April 1 for 10 pounds of sugar.

Standard No. 53, now good 51 pounds of sugar, expires March 31.

OPA said that barring unusual circumstances, it will be unable to make another 10 percent stamp valid on July 1.

The OPA intends to allow a pound of sugar to house this year.

Standard No. 11 will be valid until September 30. It will cover some use and has a stamp valid on July 1.

The Finance Committee however has approved a bill transferring sugar controls to the Agriculture Department.

Set Defensive Pattern Against Future Reich; Lewis Ruling Upholds Power of Judiciary

Released by Western Newspaper Union

EDITOR'S NOTE: When opinions are expressed in these columns they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

EUROPE: Hem in Reich

Even before determination of the future design of Germany, the major powers are proceeding to build a ring of steel around the Reich to guard against a revived German state waging a third war of aggression.

The British and French forged the first link with a 50-year alliance, pledging the two countries to go to each other's assistance in the event of an attack by Germany or any other country. At the same time, the two allies agreed to integrate their economies to build an industrial base for war and promote the exchange of goods.

France's declaration that she would offer the same terms to other major powers led to speculation whether the treaty would implement the U. S. proposal for a defensive alliance of the Big Four against the threat of future German resurgence. Thus far, Russia has shied away from the U. S. proposition, but has been dickering with Britain for a mutual aid pact.

Holland and Belgium were expected to act favorably upon the French invitation to consummate a similar defensive and economic pact. On the other hand, Poland and Czechoslovakia were expected to look to Moscow for instructions on negotiating such a treaty.

PALESTINE: Use Psychology

Britain resorted to psychology instead of arms in an effort to check the rampant Jewish underground in Palestine.

By imposing martial law in Tel Aviv, the British sealed this Jewish industrial, financial and commercial hub from the rest of the country, seriously disrupting its business. Thus, the Jewish leaders were faced

British soldier searches aged bomb suspect outside detention camp in Palestine.

with continuing heavy losses or cooperating in suppressing the terrorists.

Martial law also was imposed in the Jewish quarter of Jerusalem. British authorities arranged for movement of bread and vegetables to 25,000 isolated Jews and the Jewish welfare committee was permitted to set up free milk and food kitchens for the needy.

The British cracked down after the Irgun Zvai Leumi underground organization had blown up a British officers' club in Jerusalem with a loss of 14 lives and attacked other British personnel and installations in its fight for a Zionist state in the Holy Land.

CONGRESS: Doom OPA

Long the whipping boy for public and politician alike, OPA was headed for the discard by June 30 because of congressional limitation of its funds. The office of temporary controls, established last December as the supervisory agency over remaining wartime regulatory bureaus, also was scheduled to go.

With abolition of OPA, it was reported that rent control would be transferred to the department of commerce and sugar control to the department of agriculture. Because of the scarcity of housing and sugar in the face of tremendous demand, legislators continued to favor their regulatory to prevent hardship and skyrocketing prices.

While the Republican minority continued to ride herd in the house and threatened to put OPA out of

DIET:

Recent limited experiments conducted under direction of the quartermaster corps have indicated that unless a man consumes a minimum of 1,800 calories a day, it is impossible for him to retain the proteins essential for nourishment of his body tissues. The army ration provides a minimum of 3,600 calories. These studies and associated re-

business before June 30 by refusing a deficiency appropriation and chopping nine million dollars from previous appropriations, the senate provided funds for closing out the agency within the next three months. As a result of these differences, the bill was sent to a senate-house conference for settlement of terms.

JUDICIARY: Curb Lewis

The Supreme court decision against John L. Lewis and the United Mine Workers has been regarded as one of the most momentous verdicts in American history, definitely establishing the power and dignity of the courts in civil affairs.

By a 7 to 2 ruling, the court cracked down on Lewis and the UMW's open flaunting of Circuit Judge Goldsborough's order calling for a suspension of the recent soft coal strike to provide additional time for working on an agreement. In his majority opinion, Chief Justice Vinson wrote:

"The interests of orderly government demand respect and compliance be given to orders issued by courts. . . . In our complex society there is a great variety of limited loyalties, but the overriding loyalty of all is to our country and to the institutions under which a particular interest may be pursued. . . ."

To emphasize the gravity of the offense, the court sustained Lewis' fine of \$10,000 and placed the UMW fine at \$700,000.

The accompanying issue of whether the Norris-La Guardia act prohibiting the issuance of injunctions against strikes in labor disputes could be applied in the UMW walk-out against the government found the court more narrowly divided. By a 5 to 4 decision, the majority decreed that the act does not apply to government employees and since the U. S. has been operating the mines UMW members fell in that classification.

SMALL BUSINESS: More Openings

Fully expectant of cashing in on the huge postwar need for all kinds of goods, 509,000 new small businesses were opened up in 1946, the department of commerce estimated. This brought the total number of business enterprises up to 3,733,000.

During the first six months of the year, 365,000 new businesses were begun, the department disclosed. While the rate declined somewhat in the latter part of the year, it was estimated 322,000 new establishments opened their doors, bringing the grand total to 867,000. Against this, 187,000 businesses failed.

Shortages of some goods, high prices and stiff taxes failed to check the small business boom. Other lines were adopted to supplement income, an increase in installment buying helped to ease high prices and operators still made money despite federal taxes.

MEAT: Consumer Pressure

During the extensive debates over decontrolling meat, arguments flew thick and fast whether strict government control or the law of supply and demand constituted the best method of keeping retail prices within bounds.

Little was heard of consumer sense, but consumer sense it is that has been keeping meat prices within reasonable levels in recent weeks, packers report. Much as people like pork, they have been passing it up for cheaper cuts of beef, and many butchers have been following the line of least resistance in serving customers.

Having processed pork from the recent record price hogs for fresh sale, packers have been compelled to cut wholesale charges as much as eight cents a pound under costs to move their supplies. Even with the cut, they have encountered difficulty selling their meat. With the pork trade determined by demand, packers have scaled down their offerings for live hogs, with the result that the record prices gradually have receded.

Lobbyists Crowd Capital

As if their own business were not enough, harassed congressmen find themselves beset with no less than 544 lobbyists swarming the oval for some special interests.

Of the total, 239 speak for industry, 121 for labor organizations, 20 for agriculture, 20 for vets, 11 for religious interests and 8 for education. Fifty-five represent liberal groups and seven fall into mixed categories of classifications.

Alarming Rise

Authorities' fears of a postwar crime wave materialized in 1946 when cases broke all records for the last decade. A total of 1,685,203 major offenses was committed, an increase of 119,622 over 1945.

One major crime was committed every 18.7 seconds and every 5.7 minutes there was a case of murder, manslaughter, rape or assault to kill. Thirty-six persons were slain daily.

As law enforcement agencies, the judiciary and penal institutions were strained to combat the growing crime wave, at heavy cost to the taxpayer, most categories of offenses showed appreciable increases. Totals:

- Murder and manslaughter, 8,442.
- Manslaughter by negligence, 4,701.
- Rape, 12,117.
- Robbery, 62,782.
- Aggravated assault, 67,512.
- Burglary, 357,991.
- Larceny, 941,738.
- Auto theft, 229,920.

GREECE: SOS

A rightist bastion in the eastern Mediterranean and scene of a bitter undercover political war between Britain and Russia, Greece appealed to the U. S. for financial and technical aid to keep from going under and becoming a Soviet satellite.

Greece's plea followed Britain's notification to the U. S. that her own economic difficulties made it necessary for her to pull out of the country. In asking the U. S. to assume her obligations, Britain estimated that it would cost 320 million dollars to bolster Greece during the next three years. Congressional sources stated that 250 million dollars in relief and credit may be required this year alone.

Primarily an agricultural state, Greece was hit hard by the war, with communications shot up, production hampered by lack of equipment, livestock depleted and essential imports cut off. As a result of Britain's inability to lend economic assistance because of the pressure of satisfying domestic needs and maintaining essential exports, the U. S. already has extended Greece 400 million dollars in postwar aid.

U. N.: Atom Row

The question of national sovereignty of a country retaining its freedom of action—has long blocked efforts at effective international cooperation, and the same question threatens the utility of the United Nations.

Russia brought the question into the open in the U. N. security council's deliberation on the U. S.'s proposal for international control of atomic energy. Delegate Gromyko declared that any plan that failed to protect the national sovereignty of participating nations lacked reality and could not be accepted by practical statesmen.

Under the U. S. proposal for an all-powerful atomic authority that would regulate the use of nuclear energy and possess rigid inspection rights to guard against violations, Gromyko said that the authority could interfere in Russia's internal affairs in matters not directly associated with atomic production. He repeated the charge that the U. S. plan placed other countries at a disadvantage because America would retain its atomic secrets and plants during the period when the rest of the world would be complying with initial controls.

Mighty Little Man

A mighty little man is Edward James Millsat, age one, of Los Angeles, Calif. Medics say that Edward has the physical and mental characteristics of a 3½-year-old boy and well they may. From 7½ pounds at birth he has grown to 35 pounds, has eight teeth, walks and trots and can utter a number of words. Even hardened reporter raises eyebrows in wonder.

INSURANCE:

Nearly 25 per cent of the funds invested by U. S. life insurance companies last year was placed in the securities of industrial concerns of this country, compared with less than 10 per cent in 1945.

Industrial and miscellaneous bonds purchased by these companies last year amounted to \$1,930,000,000 and stocks acquired, in large part industrial shares, came to \$403,000,000, making an aggregate of \$2,333,000,000. Total holdings rose to \$4,375,000,000.

Arabian Was First With 24-Equal-Hour Day Plan

There are 24 hours in a day as a matter of convenience. The old day-points of sunrise, midday, and sunset were too indefinite, and the ancient Greeks and Egyptians divided daylight—the time between sunrise and sunset—into twelve "hours." Daylight, however, varies with the season of the year, and consequently the length of these "hours" varied also.

In the 13th century an Arabian mathematician named Hassan maintained that an hour should equal the twelfth part of daylight at the equinox, when day and night are equal, but it was some centuries before the world adopted his sensible plan.

Cranberry Pie Solves Short Sugar Ration

What's good for the sauce is good for the pie, is especially true of cranberries, according to Marjorie Griffin, Rural Home editor of nationally-circulated Capper's Farmer. "There's a blend of orange marmalade, apple slices and cranberries in the flavorful filling," she tells home makers. "White corn syrup, one of the standby sugar savers, is used with egg whites in making the fluffy meringue."

Sugar Cranberry Pie.
2 apples
1 c. orange marmalade
2 c. fresh cranberries
1 tsp. corn starch
2 tsp. cold water
2 egg whites
1/2 cup white corn syrup
1 baked 9-inch pie shell

Peel and slice apples. Heat marmalade; add apples and cook gently for 3 to 4 minutes. Add cranberries; continue cooking until cranberry skins pop open --- about 10 minutes. Blend cornstarch and water to a smooth paste; add to cranberry mixture. Cook, stirring constantly, until filling is slightly thickened and clear. Cool; pour into pie shell. Beat egg whites stiff, gradually adding corn syrup while beating. Pile meringue in ring around edge of pie. Bake in slow oven (325° F.) until golden brown --- about 15 minutes.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work---do not act as Nature intended---fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes---a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

A MESSAGE FROM THE SECRETARY OF WAR

How you can help YOUR ARMY DO ITS PART FOR PEACE

WITH the President's proposal for the discontinuance of Selective Service on March 31, America will rely on voluntary enlistment for the maintenance of the Regular Army at authorized strength.

In view of world conditions today, this is a step of the gravest importance to every American citizen. Never before in history has any nation raised and maintained a million-man army by the volunteer system alone. Our ideals, our belief in individual freedom, our safety and our duty to promote world peace --- all are bound up in this decision.

This is your Army and voluntary enlistment is your choice. It must not fail. With your help it will not fail. The Army must continue to provide adequate occupation forces overseas, to supply these forces, and to help in keeping America strong and secure.

Your help and understanding can do much to encourage a steady flow of 3-year voluntary enlistments, necessary to sound training and the efficient performance of the Army's task.

When you discuss this subject with your sons, brothers, husbands or friends who may be considering an Army career, bear in mind the advantages offered by a 3-year enlistment. Among them are the choice of branch of service and of overseas theater where openings exist, and the opportunity for thorough training in valuable skills.

A job in the new Regular Army compares favorably with the average in industry, and has more opportunities for promotion than most.

You can help by giving your respect and support to the man who enlists voluntarily --- to do his part in carrying out your country's world-wide obligations to build a peace that will endure.

ROBERT P. PATTERSON

HERE'S HOW!

Reddy Kilowatt doesn't come to you direct from our large generating stations. It takes lots of briefing and screenings to send him to you as a useful household servant.

In order for him to do work so economical, it is necessary to generate power and energy for him in vast quantities and at voltages fast and high for any commercial or residential use.

From Reddy Kilowatt's birth of energy in power stations, to transmission lines, to substations, to the wires to your home, it takes "know-how" for him to economically and efficiently deliver at half the wages he was paid even 20 years ago.

And he is always Reddy.

From where I sit ... by Joe Marsh

Do Men Like Women?

Maybe you read that recent article in a national magazine, claiming that American men don't really like the company of women. They just put them up on a pedestal and leave them there.

But I wouldn't say that that was so in our town. Look at any married couple—like the Cuppers. Jane wouldn't nag if Dee spent his evenings "with the boys"—but actually Dee likes nothing better than to stay home by the fire, sharing a glass of beer with Jane, playing cribbage, or just talking.

And when he does go out, for an afternoon of fishing down at Seward's Creek, or for an evening glass of beer at Andy Botkin's Garden Tavern, Jane is almost always with him (except when she's got a spot of baking in the oven).

From where I sit, respect doesn't rule out everyday companionship . . . and never should. They go together—essential parts of a successful marriage.

Joe Marsh

WATCH JERUSALEM

EREKELI 20-25-30
Therefore I thus with the Lord God: Now will I bring again the captivity of Jacob, and have mercy upon the whole house of Israel, and will be jealous for my holy name. After that they have borne their shame, and their trespasses whereby they have trespassed against me, when they dwelt safely in their land, and none made them afraid. When I have brought them again from the people, and gathered them out of their enemies' lands, and am brought in them in the sight of many nations. Then shall they know that I am the Lord their God, which caused them to be led into captivity among the heathen: but I have gathered them unto their own land, and have left none of them any more from them: for I have poured out my spirit upon the house of Israel, saith the Lord God. Heralds! Great Britain and all foreign countries, and yes, America, our own nation! We had better befriend the Jews and do it now. They are God's chosen people as a nation and about whom God said they are the apple of mine eye. Israel has sinned and paid their price, but they have not sinned any greater than the Gentile nations of the world. Now we the Gentile world had better be careful. Hands off Jerusalem, Palestine and Land of Canaan. As soon as the nations of the world acknowledge this truth and do not deed them their land which already is theirs, and move out of it and leave it to them, and say "God bless you" the better of the nations of this world will be I repeat, beware, nations of this world the way we are treating the Jews. Interesting Vegetables

I sometimes think when I look at vegetables come to the table looking drab and colorless how futile it seems for them to have color and freshness in their fresh state if they are so mutilated by cooking. Look at their glorious greens and yellows at the market or in the gardens, and think how wonderful it would be to have at least a reasonable facsimile at the dinner table!

The secret is in their care and preparation. Wash and refrigerate them upon arrival in the kitchen. Then, do take care when you cook them... prepare just to doneness and you will save their crispness and color, and, of course, their nutritive values.

Use interesting methods of preparation to bring out their fullest delicate flavors. Make them into croquettes, toss them into a casserole or a salad, but do keep them looking like vegetables! Your own pleasure and that of your family will well repay your efforts.

***Baked Vegetable-Nut Croquettes.**

- (Serves 6)
- 1 1/2 cups canned corn
- 2 cups seasoned mashed potatoes
- 2 tablespoons melted fat
- 1 teaspoon chopped parsley
- 1/2 teaspoon salt
- 1/2 teaspoon pepper
- Dash of cayenne
- 1/2 cup chopped nutmeats
- 1 egg, slightly beaten
- 2 tablespoons cold water
- 1 cup bread crumbs

Drain corn; combine with potatoes, melted fat, onion, parsley, seasonings and nutmeats. Divide mixture into uniform portions and shape into croquettes by molding into a pyramid shape with hands. Dip each croquette lightly into crumbs, then into egg which has been mixed with water, then again in crumbs. Place on a well greased baking sheet and bake in a moderate (375-degree) oven for 30 minutes or until lightly browned.

Snap Beans and Bacon.

- (Serves 5)
- 1 quart can or
- 1 1/2 pounds of fresh snap beans
- 2 medium sized potatoes, diced
- 1/4 pound bacon, diced
- 1/4 cup chopped onion
- 1/2 cup water
- 1 1/2 teaspoons salt
- 1/2 teaspoon pepper

Brown the bacon, add the onion and let onion brown slightly. Add to other ingredients. Bring to a boil, then cook over low heat, fresh beans 25 minutes or long enough to heat canned beans.

Creamed Corn with Green Peppers.

- (Serves 5)
 - 2 tablespoons butter or substitute
 - 2 tablespoons flour
 - 1 cup milk
 - 1 teaspoon salt
 - 1/4 teaspoon pepper
 - 1 teaspoon sugar
 - 1 egg, well beaten
 - 1/2 cup chopped green pepper
 - 2 cups corn kernels, canned or frozen
- Melt butter, add flour and blend

Churchill Had Pressure Chamber for High Altitudes

The only personal pressure chamber known is that built for Winston Churchill in 1944 to enable him to take plane trips at high altitudes where he had been forbidden to fly by his physicians. Made of heavy cast iron, the chamber is shaped like an artificial Easter egg, is ten feet high, weighs two tons and its upper half is raised and lowered by a motor. The fittings include a couch, cupboard, book shelf and a number of ash trays.
