Swing of SOUTHWEST FARM MARKETS

Cotton and feed prices lost ground again last week, and spots of lower values appeared among cattle, sheep, and vegetables, according to the Production and Marketing Administration, U. S. Department of Agriculture. Other southwest farm products sold mostly firm to stronger.

Grains reversed their recent downward trend and started climbing again. Wheat registered a net gain of 15 cents per bushel and sorghums 11 to 14 cents per hundred pounds. Other grains advanced by lesser amounts. Friday's price was \$2.88 on wheat at Fort Worth and Galveston, and \$3.20 on No. 2 yellow milo. Spot cotton prices declined about \$3.75 per bale last week. Higher grades sold readily, but the lower classes found fewer inquiries and trade remained on reduced scale.

Eggs and poultry met mostly firm to slightly stronger prices last week. Eggs sold for 39 to 40 cents per dozen at Dallas and Fort Worth and 37 cents at Amarillo.

Cattle ruled steady to strong at most southwest markets last week but some classes closed lower at San Antonio and Oklahoma City. Medium to good yearlings brought \$18 to \$20 at Houston, and \$19 to \$21.25 at San Antonio. Medium to good steers and yearlings turned at \$18 to \$23 at Fort Worth.

Hogs scored substantial gains at most terminals, but lost some at Oklahoma City and Wichita. Closing bulk prices on good and choice medium weight butcher hogs averaged \$25.50 at Fort Worth. At San Antonio the closing top was \$25.50 and at Oklahoma City \$26.25.

Warning

Some complaints have been made of cows and chickens running at large. This is a violation of a city ordinance, so please keep your stock and poultry at home. By order of the City Council

Mister X

Velva, did you have an enjoyable week end? Kind of lonesome, huh?

Bobbie Lee, who did I see you with Monday night? Kid, you can't fool me, although you try awful hard.

Elsie, can't you make up your mind?

Martha Jo, did you enjoy the show last Tuesday night? Be sure there's no mistake!

Rita, it is too late to do anything about it now. No one will ever know.

Hershel, you had better keep an eye on her or Richard is likely to take over.

Lola Faye did you and Bobbie see some cute boys Saturday at Amarillo with Pampa ball jackets on? From what I hear you must have.

Erma Jean from what I hear you like to have los. Paul over the week end.

Revival Meeting

The Baptist revival is progressing nicely. There will be a special young people's service Friday night. Intermediates are especially invited.

Card Of Thanks

We wish to express our deepest and sincerest thanks to the good people of Hedley for the way they helped care for our husband and father, A. P. Todd, during his long illness. We wish to thank in a special way those who were so faithful and attentive during the last few weeks.

The Wise Old Owl

Due to bad weather there wasn't so very much happening this past week.

Elsie, have you finally decided which of two boys that you really want to go with? I thought you would choose the little Junior boy.

Richard seems to have a strong desire to go with a certain Senior girl. Hershel, watch her.

Sue, who did I see you with Sunday night after church? Boy, he is really snazzy! You had better watch the girls at Clarendon.

Linnie, have you heard from Wayland since this last week end.

Darrell, when are you going to get the family flivver again? Or have you found a girl yet?

Joyce, who sat by you in the show last Friday night? You seem very happy about it.

Lynn, when are you going to start going with girls? We are all patiently waiting.

Sara, is he back under control? We hope so.

Anita, who are you so interested in? Couldn't be a short Sophomore boy, could it?

Hayden, it doesn't seem as if you are keeping your promise about a certain little item. We were all hoping you would.

A. P. Todd Dies

Funeral services for Atha P. Todd, who passed away early last Thursday morning, were held last Friday afternoon at the First Baptist Church in Clarendon. Clergymen who conducted the services were Rev. J. D. Horton, Rev. Milo D. Arbuckle of Frederick, Okla. and Rev. V. A. Hansard of Amarillo. Interment was in the Citizens Cemetery at Clarendon with the Murphy-Spicer-Buntin Funeral Home in charge.

Pallbearers were Clyde Bridges, Woodsie Richards Henry Moore, L. M. Harris, Sam Owens and R. W. Alewine.

Mr. Todd was born Sept. 26, 1876, at Bryan, Texas. He was married Nov. 21, 1900, to Miss Mae Wilson. They moved in 1905 to Castro county, then in 1910 to Hall county, living there for 28 years before coming to Clarendon. They moved to Hedley Feb. 24, 1943.

He joined the church at the age of 20, and was for many years church clerk and a deacon of the Baptist church at Harvey, Texas. He was also a deacon in the Hedley Baptist church, and was a faithful worker as long as his health permitted.

Survivors other than his wife are two daughters, Mrs. L. L. Mitchell of Memphis and Mrs. Lola Bess Dyess of Dimmitt; six sons, T. C. Todd of Amarillo, Rev. Byron F. Todd of Frederick, Okla. Bill Todd of Clarendon, Edd Todd of Amarillo, Hardy Todd and Dexter Todd of Odessa; nine grandchildren and 3 great grandchildren.

Birthday Party

Mrs. Vergil McPherson entertained Saturday afternoon, April 12th, with a party honoring her daughters, Carolyn Sue on her eighth birthday and Kathleen on her third birthday, in the home of their grandparents, Mr. and Mrs. J. W. McPherson.

A number of amusing games were played. Then the high light of the party for the honorees was opening of the many pretty gifts and lighting the two beautiful cakes.

Refreshments of angel food cake and punch were served to Billy Wiggins, Claudia and Leeneil Chesshir, Rodney Myers, Gloria and Neva Nell Thomas, Berl and Vance Stone, Waunita and Glenda Anderson, Charlene and Perry Johnson, Jane Mosley, Barbara Johnson, Ruby Joyce Harris, Glenda Hansard, Nancy Hunsucker, Carolyn Sue and Kathleen McPherson, and Oma Bell and Ona Gail McPherson from McLean.

Don and Susan Cox, Bobbie Beach, Russell Mosley, David Edward Boliver, Bennie Sims, and Joan Gay and Winfred Gene McCracken from Pampa sent gifts.

Mrs. Nollie Hunnicutt, who underwent an operation in an Amarillo hospital last Wednesday, is reported getting along nicely.

Remove Coyote Bounty

Due to the fact that most of the counties surrounding Donley County have no bounty on coyotes, it is the opinion of the Commissioners' Court of Donley County that we are paying for coyote scalps from other counties. Therefore, after May 1, 1947 there will be no bounty on coyotes in this county.

the swing is South

The choice of United Gas is the "best" of gas services in every respect. It is the best in every respect in every respect. It is the best in every respect in every respect.

There are good reasons for this trend—abundance of diversified raw materials... skilled native workmen... transportation facilities and natural gas.

UNITED GAS Gulf South

The phenomenal industrial development of the South, and especially of those states along the Gulf of Mexico, is the theme of an advertisement appearing in the March 31 issue of TIME Magazine over the signature of United Gas, which serves much of this area.

This is the latest in a series that United Gas has been sponsoring for almost eight years in TIME, BUSINESS WEEK, MANUFACTURERS' RECORD and other magazines and newspapers.

N. C. McGowan, United Gas president, of Shreveport, stated the advertising has been directed primarily to the industrialists of the North and East. "There is a major trend in industry toward decentral-

News Conferences Net Few Leads

Truman's Press Confabs Lack Color of FDR's

By BAUKHAGE News Analyst and Commentator.

WNU Service, 1616 Eye Street, N. W., Washington, D. C.

WASHINGTON.—President Truman held his 100th White House press and radio conference recently. He said he had enjoyed them all. The reporters, he said, had been fair; had reported the facts. Thank you, Mr. President.

"How have I been?" he might have asked us, but didn't. On the way back from the White House that windy 100th day, some of us discussed the question. That 100th conference was the first since his Florida trip which began when the Sacred Cow winged its way from the national airport, some 30 minutes after Mr. Truman left the chamber of the house of representatives where he had delivered his historic message.

Meanwhile, the new declaration of American policy had wakened thousands and thousands of words, spoken and printed in every nation and in almost every newspaper in the world. Diplomats, generals, statesmen, people big and little, had quaked or exulted. So we naturally looked for something very hot to write about as a result of our first White House conference thereafter. We didn't get it.

We did hear former Ambassador to Poland Arthur Bliss Lane's blast against Communism; we found out that the President was a left-handed bowler (he had just been presented with a bowling alley); we were assured that he was concerned about rising prices; we listened to him express the hope that industry would see "the handwriting on the wall" and stop an upward spiral which would bring forth renewed wage

of type that almost always appeared after a Roosevelt news conference. We wondered why. Looking back over the hundred conferences with Mr. Truman, we agreed they had been pretty good. But of late, we agreed, it required a bit of digging to get the news. Roosevelt usually gave us something which, even if it wasn't news, had a strong human interest appeal. Even if it were only a striking simile like the one Roosevelt used in connection with lend-lease.

(You may remember, he said that if a neighbor's house was on fire, you naturally would lend him your hose if his weren't long enough, not only to help him save his home but also to keep your own from catching fire. And you wouldn't demand payment for its use. After the fire was out the neighbor would give back the hose or pay for it with whatever he had to offer in return.) Even the anti-Roosevelt papers would have to report stories like that, whether they agreed with the idea behind them or not. And if Roosevelt hadn't any specific comment on the important news of the day, he frequently would make use of a parable or give us a homily, which showed us how he was thinking on the subject, something that managed to get his ideas over and furnish us with the background we needed to interpret the daily happenings.

We talked the 100th press conference over, lamenting that nothing had come out of it which would clarify the Greek-Turkish aid program. We regretted that President Truman hadn't injected a little more of himself into the meeting. It would have been to the advantage of the news folk, the program itself, the people who were trying to get support for it.

Of course, there was reason for Mr. Truman's reticence. He had been criticized early in his administration for answering some questions too glibly. He had suffered

NEWS REVIEW

German Miners Strike; British Draft Extended

GERMANY:

Strikes for Food

Coal miners in Germany's Ruhr area are striking for larger food rations for themselves and their families. This region is in the British zone. More than 300,000 miners have been off the job at various times in demonstrations against what they consider inadequate food allowances. Most of the Ruhr's 170 mines have been idle at some time or other during the past two weeks. The Ruhr is the heart of industrial Germany, containing coal and iron mines, steel mills and other heavy industries.

British authorities have been appealing, for the most part futilely, to the miners to remain on the job. The situation has been getting worse for some time, largely as a result of British inability to obtain and transport large enough quantities of foodstuffs to maintain a minimum subsistence diet. Heavy workers feel the lack even more acutely, and trouble has been brewing all winter.

Curtailed coal output has serious consequences, not only for Germany, but for 13 European countries now receiving 10 per cent of the German coal production. Electric power reductions soon will become necessary in these nations, it is feared. In an effort to ease the situation, British authorities are rushing all available food from other parts of their zone.

BRITAIN:

Peacetime Draft

Recognizing the threat to peace that the Russian foreign policy presents to Britain, as well as to all the world, the parliament passed a peacetime conscription bill, distasteful as this is to the Labor government. A curious alignment combined to force passage of the bill as Conservatives joined with Laborites to vote the act through. There was embarrassment on both sides, for many of the Labor party members had voted against conscription at the beginning of the war. The Conservatives, led by Winston Churchill, reluctantly favored a bill sponsored by the party they ardently dislike. Liberals and certain pacifist Laborites voted "no" on bill. The national service bill extends the present conscription laws for five years beyond January 1, 1949. It provides for 18 months of active service for all men 18 to 26, and five and a half years of part-time service.

COAL MINES:

Closed as Dangerous

Five hundred and eighteen government-operated soft coal mines have been closed down as unsafe by Secretary of the Interior Krug. They will remain closed for an indefinite period, until inspections indicate that they are "reasonably safe." Representatives of miners' unions also will pass on the safety element in each mine. About 40,000 miners are employed in the 518 dangerous mines. The greatest risk, Secretary Krug said, is from explosive gas and dust. The

other 2,013 mines under federal control have reopened. It is estimated that coal output has been reduced about one-sixth by the closing order. John L. Lewis, who was testifying before a house labor subcommittee when Secretary Krug issued the order, commented, "I point out that Secretary Krug is doing now what he should have done ever since the safety code became effective. He's started to enforce his own code after 111 deaths."

ICELAND:

Ash Ruins Farms

Ashes from the furiously erupting Mount Hekla are ruining pastures in a large area around the cone, which is situated in southern Iceland. The volcanic dust is three inches thick, and constantly getting deeper. It is feared that 17 farms, 20 to 30 miles from the volcano, will be ruined. Three main volcanic craters are active. Streams of lava two miles wide and 48 feet high are flowing from the mountain. Boulders hurled into the air explode like artillery shells. Farmers are slaughtering their livestock and moving out of the ash-covered area.

RADAR:

Tests are being made at the Washington, D. C. and Chicago airports to determine how practical the ground approach control method is for commercial aviation. This method, found successful by the army and navy air corps, employs radar to guide planes to a safe landing.

Experiments will be conducted also at New York and eventually at other leading airports. The test period will continue, according to Civil Aeronautics administration officials, until it is determined to what extent radar could be used to supplement or substitute for instrument landings.

American Money Flows Abroad

WASHINGTON.—As evidence of the huge amounts of American money being poured into foreign countries, the commerce department estimates that residents of the United States sent \$296,900,000 to friends and relatives in other countries during 1948. In addition, gift parcels valued at \$125,500,000 were sent abroad last year.

The actual money sent was \$10,500,000 more than in 1945 and \$109,500,000 more than in 1944, the de-

\$86,500,000 went to people in Canada, Mexico and Latin America; \$1,900,000 to Africa; \$60,000,000 to Asia, and \$4,700,000 to Australia and other Pacific ocean islands.

Among individual countries, Mexico got the largest sum, \$44,000,000. Much of this represented money earned in this country by Mexican workers—largely engaged in farm work—and sent home to their families.

United States residents sent \$600,000 to Russia and the same amount to Egypt, the smallest amount recorded for any place.

Britain and Northern Ireland, \$17,400,000; Bermuda and other British dependencies in the Caribbean, \$12,200,000; Canada, \$11,700,000.

Persons in Greece, for which congress now is considering loan aid, got \$11,000,000 from people in this country. The sum of \$10,800,000 went to Switzerland, \$10,700,000 to Sweden, \$10,300,000 to Spain and \$4,300,000 to Palestine.

United States residents sent \$600,000 to Russia and the same amount to Egypt, the smallest amount recorded for any place.

A Great Bunch - Those Ex-G.I.'s

Willie Wells and a bunch of the boys from our town went to Pound Ridge Saturday to a reunion of their old regiment.

There were about two hundred and fifty boys who came from miles around to a good old feast in Farmer Collins' barn. I expect they seemed a lot different to each other out of uniform. But they had a good time, spinning yarns, drinking beer, and talking over the old times in South Africa and Italy and the Alsatians.

I went over to cover the meeting

for the *Clarion*, and one thing that sure impressed me was the good behavior of those boys—their preference for a moderate beverage like beer—their friendly spirit.

From where I sit, our ex-G.I.'s are making as good a showing as peacetime as they made during the war. And they're setting mighty good examples to the rest of us in tolerance, and good fellow-

Pop's on K.P.!

POP! How willingly he took over when Mother tripped. But Mother will have a relapse when she happens to her favorite kitchen!

Pop hasn't yet caught on to Mother's modern way of keeping house. He hasn't yet learned that dependable electric service can take a lot of work out of housework—not only in the kitchen, but in every room of the house. For electricity is like many extra pairs of hands for the housewife—and the house-husband, too, when he takes over K. P.

But there's one thing Pop does know, because he's the lad who pays the bills. He knows that electricity is just about the smallest item in his family budget—even though he may not realize that the average family gets twice as much electricity for its money as it did 20 years ago.

It costs so little—and it does so much! Yes, electricity is a household bargain that comes to Pop—and to you, too—through the practical experience of your friends and neighbors. This company, with sound business management.

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. Bad kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery. Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

NEW 1947 SERVEL SAVES MARKETING TIME

A big bushel-size Frozen Food Locker is combined with the finest modern refrigeration for fresh foods in the new 1947 silent Servel Gas Refrigerator. With it, the homemaker can expect to save hours of marketing time, make every meal more exciting.

For fresh foods, Servel's moist-cold and dry-cold protection maintains crispness in salad greens and garden vegetables, tenderness in meats. Big clear-across shelves give extra roominess—adjust to eleven different positions.

Most important, the Servel Gas Refrigerator is permanently silent. It has no moving parts in its freezing system. Instead, a tiny gas flame does the work. As 2,000,000 owners know, Servel stays silent, lasts longer.

New 1947 Servels are now on display.

ANNOUNCING CHANGE OF OWNERSHIP

I wish to take this means of announcing that I have purchased the interest of O. B. Jones and O. F. Jones in the Durham-Jones Pharmacy, and the name of the firm has been changed to Durham Pharmacy. This partnership was established in 1934, and since that date my personal and business relations with my former partners have been very happy and pleasant.

The policies of the firm will remain the same, and no change in personnel will be made. Stocks of drugs and sundries will be kept up-to-date at all times. When new items are introduced, this store will have them on display.

Prescription Department

This is one department in which we shall center our attention. Nothing will be left undone to keep in stock a complete line of pharmaceuticals. Personal attention will be given every prescription which is brought to this store, and our customers can obtain this service at any time—day or night.

I want to invite the continued patronage of every person who has been a customer of this firm. At the same time an invitation is extended to the general public to let this store take care of your drug needs. Our aim will be to give the very best in service, and to furnish high quality merchandise at all times.

HOUSEHOLD MEMOS by Lynn Chambers

Dress Up Leftovers Skillfully! (See Recipes Below)

Leftover Check-Up

There are some leftovers we view with disdain, but there are others we welcome heartily. For example, I'm never sad when we have leftover ham, lamb or chicken. Clever tricks can be applied to leftover potatoes as well as vegetables; and there's a dozen different appealing ways to work leftover cake and puddings into toothsome desserts for second day use.

If your family does not really enjoy leftover food your job is to change the original dish to such an extent they will really think it's a fresh, new idea. A little work, perhaps, but the results are gratifying.

Garnish leftover platters carefully so that when they make their first appearance they will be a hit before they are even tasted. In this way the problem will be half settled before the family even begins to taste.

Here's a nice Sunday night supper suggestion using old favorites like ham and eggs, tastefully combined with a gloriously colored tomato aspic.

***Tomato Aspic with Ham Deviled Eggs. (Serves 6)**

- (Part I.)
- 3 hard-cooked eggs
 - 1 tablespoon mayonnaise or sour cream
 - 2 tablespoons deviled or chopped ham

Cut hard-cooked eggs in half crosswise and remove yolks. Blend yolks with sour cream or mayonnaise and ham. Refill whites.

- (Part II.)
- 1 envelope plain, unflavored gelatin
 - 1/4 cup cold water
 - 1 1/2 cups tomato juice
 - 1/2 teaspoon salt
 - 1 1/2 teaspoons sugar
 - 1 teaspoon grated onion

Soften gelatin in cold water. Mix tomato juice, salt, sugar and onion every day, try dentist's amazing discovery called STAZE. It's a new powder! STAZE is pleasant-to-use paste. Get 50c tube at drugstore today! Accept no substitutes.

Either ham or lamb may be used in the following casserole made with rice. It's an easy-to-prepare casserole, but one which is exceedingly appetizing for one of the nip-tights when appetites are hearty.

Casserole of Lamb and Rice. (Serves 6)

- 2 cups finely chopped lamb
- 2 cups steamed rice
- Salt and pepper
- Celery salt
- Onion juice
- 2 tablespoons lemon juice
- 1/2 cup bread crumbs
- 1 egg, slightly beaten
- Hot water or stock

Line buttered mold with rice. Season meat to taste with salt, pepper, celery salt, onion juice and lemon juice. Add cracker crumbs to slightly beaten egg and enough hot water or stock to moisten the meat.

LYNN SAYS:
Be Economical; Use All of Meat

Because the price of meat is high, it's essential for every woman watching her budget to use every scrap of it wisely. The first saving lies in cooking every cut properly without undue shrinkage. No matter whether you broil, roast, stew or fry, use low heat and an even temperature. You'll have more meat left if you do.

LYNN CHAMBERS' MENU

- *Tomato Aspic with Ham Deviled Eggs
- *Au Gratin Potatoes or *Corn Oysters
- Beverage Rye Bread
- *Marmalade Cake Pudding
- *Recipe given.

Fill center of mold and cover with remaining rice. Cover with buttered paper and steam for 45 minutes. Serve with green pea sauce.

Creamed Chicken Supreme. (Serves 6)

- 1 1/2 cups cooked chicken or turkey, cut in strips
- 3/4 pound fresh mushrooms, sauteed in butter
- 1/2 cup cooked spaghetti
- 1 cup white sauce
- 1/2 cup grated American cheese
- 1/2 cup buttered bread crumbs

Put chicken, mushrooms, spaghetti and white sauce layer by layer, into a buttered casserole. Sprinkle with cheese and crumbs and bake in a hot (400-degree) oven until top is browned, about 15 minutes.

***Au Gratin Potatoes. (Serves 4 to 6)**

- 2 cups cold boiled or baked potatoes, cubed
- 1 cup white sauce
- 1 cup grated American cheese

Add cheese to white sauce while still warm, then mix in the potatoes. Place in a shallow, buttered baking dish and bake until the top is browned in a moderate oven.

If the family likes corn and you always seem to have a bit leftover from your main dinner, then do something that will make a big hit with Dad and the boys. These should be made small and they will be very appealing:

***Corn Oysters. (Serves 6)**

- 2 cups corn pulp
- 2 eggs, separated
- 4 crackers, crumbled
- 1/2 teaspoon salt
- 1/2 teaspoon pepper

To corn pulp, add beaten egg yolks, cracker crumbs, salt and pepper. Add stiffly beaten egg whites and blend. Drop by teaspoonfuls on hot greased frying pan and brown. Serve with jam or jelly.

What to do with leftover pieces of cake? That's not hard when there's a perfectly delicious recipe around for a marmalade pudding which will take care of the cake crumbs so nicely.

***Marmalade Cake Pudding. (Serves 6)**

- 1 1/2 cups dry cake crumbs
- 1 1/2 cups scalded milk
- 1/2 cup sugar
- 2 eggs, slightly beaten
- 1 teaspoon vanilla
- 1/2 cup orange marmalade
- 1/2 teaspoon nutmeg

Soak cake crumbs in hot milk; when cool, add remaining ingredients and place in a buttered baking dish. Set in a pan of hot water and bake in a moderate (350-degree) oven for 45 minutes. Serve hot with orange sauce or plain cream.

Released by Western Newspaper Union.

If there is no gravy from leftover roast for casseroles, you can always make a nourishing white sauce, add a chicken or beef bouillon cube to it and use this as gravy.

If there is not enough meat to use for stuffing green peppers, rice or vegetables may always be added to extend the meat.

Potatoes are always a good extender for meat in hash. Use onion as one of the seasonings if you want something truly delicious with fried eggs if the hash is a little skimpy.

Two-Piece Dress for Young Girl Figure-Paring Date Frock Smart

1614
6-14 yrs.

With Wing Sleeves

AN ADORABLE two-piece dress for the six-to-fourteen miss. Brief wing sleeves are cool—the tiny peplum flares ever so gently. Nice for school, too, in the puffed sleeve version with pert Peter Pan collar.

Pattern No. 1614 comes in sizes 6, 8, 10, 12 and 14 years. Size 8, 2 1/2 yards of 36-inch.

Household Hints

Cane seats can be tightened by scrubbing with a weak solution of soda and water and allowing them to dry. The solution must not be permitted to come in contact with wood surfaces.

Draperies of plain or small patterned fabric look best against a figured wall. On the other hand, figured fabric goes best with a plain wall.

Should you make an error when writing with ink, dip a match stick into a bleach solution and rub over the spot. "The erased in a jiffy."

To get a more powerful twist from your screwdriver, place the claw of the hammer over the blade. Then use the hammer handle to effect leverage.

A vegetable brush really works better than a dish-cloth for washing dishes. It removes sticky spots and is easier to keep clean and sweet.

A discarded purse makes a dandy first-aid kit for the car. Put in the purse the few medical supplies that will suffice in emergencies and keep it in a convenient place. This will keep you prepared for when an emergency arises.
