German workers in the British zone have been growing increasingly restive because of small food rations. LABOR BILL:

Plenty of 'Teeth'

A strike control bill that would rigorously restrict labor unions in many ways has been approved by the house Republican steering committee. Its most drastic provision, perhaps, is a clause authorizing the federal government to obtain injunctions for a 75-day period in industries which affect public health or safety. This apparently would cover the telephone and other communication industries, coal mining, electric light and power companies, railroads and possibly several other

The bill was prepared under direction of Chairman Hartley (Rep., N. J.) of the house labor committee. He told newsmen he hoped that the bill would pass the house within a week. It probably faces a struggle in the senate, observers believe.

The injunction feature is designed to give the government a stronger weapon against strikes imperiling public safety and welfare. The attorney-general would be empowered to seek a restraining order in federal courts which would require a 75-day "cooling off" period. Dur-ing this "no-strike" time, government conciliators would attempt to Daily Occurrence settle the dispute.

Other provisions would outlaw industry-wide bargaining and ban the closed shop. Unions would be re- fatalities, rounded out a week of railquired to keep dues low and to road accidents reminiscent of the elect officials regularly by secret ballot. LILIENTHAL:

Confirmed at Last

After 11 weeks of argument and vituperation, the senate has con-firmed David Lilienthal as chairman of the Atomic Energy commission. The vote was 50 to 31. Lilienthal was appointed to the powerful position by the President last October,

David E. Lilienthal

Lilienthal, in a terse victory state-ment, said, "The important thing now is to get on with this job."

"This job" means supervision of all atomic energy plants and materials in the country, all of which are now government-owned. It also means almost complete authority over all research and development work in the field. The President's budget provided half a billion dollars for the commission's work.

Third of Workers Are Women

The 16 million working women in the country today represent 28 per cent of all employed persons, the women's bureau of the department of labor says, and adds that "historically determined social and economic factors" have led to women getting increasingly important po-

ATOM BOMB SECRET: Safe for 8 Years?

Semi - official war department view is that the United States will possess the secret of mass production of atom bombs for at least eight years. There is no short cut method of manufacturing fissionable material, according to these officers. Best estimates are that it will take foreign nations several years to make one successful bomb.

"For a number of years, perhaps as many as 8 to 15, only the United States will possess atomic bombs in significant quantities. After this period, other nations will possess atomic bombs in significant quantities," reads a joint statement. All this presupposes that no international control agreement is in ef-fect, it is pointed out.

The navy, in a summation called 'authentic but not official," states; 1-Rockets with atomic war heads capable of thousands of miles of range are not to be expected for another 25 years.

2-The present strength and type of navy is needed for the next 10 3-Dockyards and repair bases are

Chandler Gets Tough; Suspends Durocher

In one of the most severe crack-downs in baseball history, Commissioner A. B. Chandler suspended Leo (Lippy) Durocher, manager of the Brooklyn Dodgers, for the 1947 season. That means that Du-

gage in organ-ized baseball in any manner. Chandler also suspended Charlie Dressen, coach
of the New York
Yankees, for 30
days, and fined Larry McPhail
both the Dodger
and Yankee clubs \$2,000 "because
their officials engaged in a public controversy damaging to baseball."

The case grew out of a charge by Larry McPhail, general manager of the Yankees, that Durocher and Branch Rickey, president of the Dodgers, had defamed his character.

Chandler in his statement declared that the suspension was ordered "as a result of the accumulated suppleasums incidents in which he (Durocher) has been involved."

Watch Eeauty Care During Housecleaning

DON'T forget beauty care during housecleaning, Jean Gray advises homemakers in an article in nationally - circulated Capper's Farmer.

"Too often good natures as well as rooms are upset by taking out rugs and moving furniture," she writes. "The family will be happier in the cleaning confusion if you remain unrufiled and well groomed. And feeling neat will keep your spirits high as you attack the grime!

"Even though it may be old, your cleaning dress can be clean, neat and mended. Wear an apron or smock that can be whisked off to reveal a clean dress.

"Protect your skin from dirt by applying a powder base before starting to work. After dusty duties, wash vigorously with a turkish washeloth or complexion brushthis in addition to usual morning and evening washing.

"Benefit from the exercise of cleaning. When dusting and making beds, stretch your middle, keep it tense. This keeps muscles firm When sweeping or running the vacuum, keep shoulders back and don't bend in the middle. Carrying your body straight and tall is slenderizing since much waist thickness is slump. If you get tired, lie down for 15 minutes with your feet on a couple of pillows."

"As Homelike As a Barn"

Cy Hartman finally got his new barn painted, but plenty of folks had a hand in it. Whenever someone got a free day, or a little extra time, they'd come over and help out with paint and brush.

And Cy, to show his appreciation, held a big "barn warming" Saturday-for all the folks who'd helped him (but not barring those who couldn't). Ma Hartman supplied sandwiches, and Cy rolled out a mellow keg of beer.

You'd never think of a barn as "homelike." But with those lanterns hanging from the rafters; makeshift tables spread heavy with food; and Ed Carey's fiddle playing while the folks enjoyed their beer-Cy's barn was sure a mighty hospitable-looking place!

From where I sit, it's just about as appropriate to have a barn warming as a housewarming ... if only because it's another chance to get neighbors together in a spirit of good fellowship.

Uncle Sam Says

John Q Citizen Uncle Sam

How would you like to play the lead in "The Road to Security"? You don't have to be a movie star to win this role. In fact you can be the big hero right in your own home. The qualifications are simple but mighty: Buy U. S. Savings Bonds regularly. The contract is all in your favor. Every \$3 invested in Bonds will pay you \$4 in 10 years. Can't you see your name in lights? Yours and Uncle Sam's! What a team! "The Road to Security" is a sure fire hit from the moment you join the cast. Best of all, the cheers and applause for your performance come from the audience which counts most—your family.

Save Your Sugar For Canning, but Bake Sweets, Too

If you need luscious chocolate cookies quickly, make these, which take so few minutes to bake and frost. Children adore them and your guests will give them an encore.

The oldest of our rationed commodities is still with us even though the situation has eased to a certain extent. The sugar bowl is, perhaps. still not as full as we would like to have it, but we can still manage to have our sweets and still save enough for canning if we are watch-

The youngster will still come in peeking into the cookie jar, and we still have guests -500 Gookies who like a bit of a sweet as they spend an evening of conversation or games with us. For these pur-

poses I have selected some recipes which we will all find useful. For the cookie fans, here are some recipes which are bound to please:

Molasses Cookies. (Makes 75) 1/2 cup shortening

½ cup molasses 1/2 cup brown sugar 1/2 cup thick sour milk 3 cups sifted flour

1/4 teaspoon salt 2 teaspoons baking soda 1 teaspoon ginger

2 teaspoons lemon extract Mix shortening which has been melted with molasses and sugar and stir until smooth. Add sour milk, then sifted flour with salt, soda and ginger. Add lemon extract. Mix until smooth. Chill until firm. Roll dough on a lightly floured surface to 1/2 inch thickness and cut into assorted shapes, as desired. Place on a greased baking sheet and bake in a moderate (350-degree) oven for 8 to 10 minutes. Roll thinner if crisper cookies are desired.

Chocolate Frosted Cookies. (Makes 3 dozen) 11/2 cups sifted flour 11/4 teaspoons double-acting baking powder 1/4 teaspoon salt 3 squares unsweetened chocolate 4 tablespoons butter

% cup sugar 1 egg, unbeaten % cup milk

1 teaspoon vanilla Sift flour once, add baking powder and salt and sift again. Melt chocolate and butter over hot water; add sugar and mix well. Add egg and beat thoroughly. Add flour and milk alternately and mix until smooth. Add vanilla. Drop from teaspoon on greased baking sheet and bake in a moderate (350-degree) oven for 7 minutes. When cold, spread with fudge frosting and place a half pecan in the center of each.

Quick Fudge Frosting. 3 squares unsweetened chocolate 2 tablespoons butter

12 marshmallows, cut in pieces ¼ cup water Dash of salt 2 cups sifted confectioners' sugar

I teaspoon vanilla Place chocolate, butter, marshmallows, water and salt in saucepan. Heat over

low flame until chocolate and marshmallows are meited and mixture is smooth and well blended.

Remove from fire and add remaining ingredients. Beat until of right consistency to spread. Use on chocolate frosted cookies or to cover top and sides of two eight-inch lay-

With just 1/2 cup of sugar and the use of a sugar substitute, you can satisfy the sweet tooth with no less than 30 delectable cup cakes:

LYNN SAYS: Try Pleasing Variety In Everyday Foods

A dash of lemon juice is good for bringing out the full flavor of almost any kind of fruit or berry pie.

When you want a combination fruit pie, try one of these pairs: pineapple and raisin, pineapple and cherry, cranberry and pineapple, apple and pear, apple and cranberry, apricot and pineapple, apri- and raspherry, or stre-

2 cups sifted cake flour 21/2 teaspoons baking powder 4 teaspoon salt

1/2 cup shortening 1/2 cup granulated sugar 1/2 cup corn syrup egg, unbeaten

9 tablespoons milk 1 teaspoon vanilla 1/2 teaspoon lemon extract

Sift together flour, baking powder and salt. Cream shortening and sugar together until light and fluffy. Work in corn syrup and beat until light. Add ¼ of flour mixture and blend in thoroughly. Add unbeaten egg and beat thoroughly. Add remaining flour and milk alternately, heating smooth after each addition. Plend in vanilla and lemon extract. Torn into greased and floured muffir tins and bake in a moderately hot (375-degree) oven for 25 minutes or until done. Frost as desired.

boiler. Stir in gradually the condensed milk and cook 5 minutes over hot water. Stir until smooth. Re-move from heat and add water, salt and almond extract. Cool and frost cup cakes.

Strawberries are here in all their bright gayety and will add a delicious sweet desser't to your menus for the'r extremely short season. Because the berries are st sweet, you can

easy on the sugar when sweetening them. In fact, many people find them so sweet that they use no extra sweetening at all.

Berries like strawberries, which are naturally sweet, need little extra sugar. Plan to serve them in pies, tarts and as shortcake as often as possible during their short sea-

THIS wee-waisted junior frock is ideal for graduation in June. Two rows of dainty lace or ruffling edge the brief sleeves, the full dirndl type skirt is a favorite in every teen-age wardrobe. You'll wear it for dates, too, all summer long.

Pattern No. 8111 comes in sizes 11, 12, 3, 14, 16 and 18. Size 12, 3 yards of 5-inch; 214 yards lace edging.

An ordinary dish mop is very handy in dusting the coil bed springs when doing your spring house cleaning.

Umbrellas folded up when damp are likely to mildew. The next time you come in out of the rain, leave your umbrella open while it dries. Then put it away in a cool, dry place. It will last longer, and not leak through when you need it.

Clothes closet shelves look very smart when painted one color with a line of enamel in a contrasting color run along the edge. For example, a gray shelf with a fuchsia color edge.

Place a shoe-box cover in the bottom of your paper or corded shopping bag. This gives a solid foundation to stand on counter or floor and prevents liquids from trickling out of tipping containers.

Clean up suede hats, bags, etc., before putting them away. Remove grease stains by sponging with a cloth dipped in vinegar. When dry, restore nap by brushing with a stiff-bristled bruch.

Simple means of winding a window shade roller is to insert the flattened end in a keyhole so that both hands will be left free to grip the roller and turn it until it has reached the desired tightness.
