## Swing of SOUTHWEST FARM MARKETS

Weak spots showed up all through the farm markets the past few days; but many items strengthened, and only hogs, feeds and corn registered sharp declines, according to Production and Marketing Administration, U. S. Department of Agriculture. Butcher hogs dropped \$1.25 to \$2.50 per hundred for the week, and sows \$1.50 to \$3.00. Closing bulk of good and choice butchers sold at \$22.50 at Texas markets; and \$23 to \$23.50 at other southwest terminals. Sows turned mostly \$18 to \$22.50. Cattle moved higher at Houston and San Antonio; and vealers and calves gained at Oklahoma City. Other southwest cattle prices receded to slightly lower levels last week. Common to medium steers and yearlings cleared at \$13.50 to \$17.50 at Houston; and \$14 to \$19.50 at Fort Worth. Medium to low good kinds moved at \$19 to \$21 at San Antonio.

## Lions Club News

The largest registration for a District 2-T Lions International Convention in the history of the District is reported from El Paso where the Lions begin their three day annual Convention on Sunday, May 4th. Convention Chairman L. R. Harding reports a paid-up registration of 592 Lions—332 from clubs in the district and 240 El Paso Lions.

Since formation of the district 24 years ago, District 2-T now has 92 clubs and 6,000 Lions. The district extends from El Paso to Sweetwater and from the north boundary of Texas to Mexico, an area of approximately 100,000 square miles.

The principal speakers at the El Paso convention will include Eugene S. Briggs, 2nd Vice President of Lions International of Enid, Okla., and Herb C. Petry, Jr., Lions International Director of Carrizo Springs.

Included in the two full day business sessions are two dinner meetings in Juarez, Chih., Mexico. The visiting Lionesses' entertainment has been planned for with a style show and a sightseeing tour of El Paso and Juarez.

Next week is regular meeting. The time is still 7:30 p. m. Delegates to the District convention at El Paso will make their report. Lion Craig Johnson has charge of the program.

Delegates to the District Convention plan to leave at 7 a. m. Saturday morning. There is still room for another delegate or two. If you can make the trip see Boss Lion Rains.

This week's directors meeting is called for 7:15 p. m. at the bank. The meeting will be early because most of the Lions want to see the Senior play at the school auditorium that night.

We still think a lighted softball field would be a good thing to be sponsored by the Lions, Legion and other organizations. That would be a good thing for the older folks as well as the youngsters. Seems like we are lax on our child welfare work here.

Circle the figure you need to achieve some goal for yourself or your family. Then move over the column which tells you how much you need to save each week in U. S. ## Piano Recital

Miss Mary Sue Scales was presented by Miss Gertrude Rasco in piano recital Sunday afternoon at three o'clock at the Baptist Church. She was assisted by Miss Bobbie Lee Hall. The guests were met at the door by little Misses Jacque Johnson and Jean Bailey in formal dress, who presented programs.

The church was beautifully decorated in cut flowers. Bowls and baskets filled with jonquils, golden snapdragon, gladioli, tulips, lilacs, and talisman roses, made an altar railing for the platform where the two pianos were placed. The talisman roses were from California, the former Miss Edna Simmons who was present at the recital.

Miss Rasco appropriately presented Misses Scales and all with a brief review of the musical work of the two young ladies. This was followed by eight piano numbers from various masters with one accordion solo by Miss Scales. Miss Hall assisted at second piano in four numbers; the remainder were solos by Miss Scales.

After the recital a reception was held in the church basement. Huge bowls of punch stood at each end of a long table beautifully arranged with lace spread, crystal centerpiece, and cut flowers. Misses Sara Rains, Mary Alice Hunsucker, and Elsie Howell assisted Mesdames Scales and Hall in serving about a hundred and fifty guests.

Out of town guests present were Mr. and Mrs. Clarence Casan of Wellington, Mr. and Mrs. Jack Land and Patricia and Mr. and Mrs. Jiggs Land of Amarillo, Mr. and Mrs. Zebbie Land of Pampa, Mr. and Mrs. Pete Land, Mr. and Mrs. Billy Land, and Mr. and Mrs. Rosco Land and Jerry of Clarendon, Mrs. A. S. Martin of Quannah, Mr. and Mrs. Albert Martin of Abilene, Mrs. A. C. Williams of Turkey, Mr. and Mrs. Thornton Garrett of Long Beach, California, Miss Anna Lee Hill of Canyon, Jack Fowlkes of Plainview, Miss Ruby Thornton and Mrs. Reba Stroele of Memphis.

WEEKLY NEWS ANALYSIS

Explosion Kills Hundreds; New Trouble in Palestine; Moscow Meeting a Failure

Released by Western Newspaper Union. When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.

Thick black smoke gushed from burning chemicals in the Monsanto Chemical company plant in Texas City, Texas, one of the first factories to be demolished by explosion and fire in the devastated city.

TEXAS CITY BLAST: Chaos Prevails

The explosion of the French freighter Grandcamp in a slip in Galveston bay, Texas City, Tex., was followed in rather fast order by explosion of the freighter High Flyer, as well as other explosions. Both ships were laden with tons of ammonium nitrate.

It may be weeks before any reliable facts can be secured—even as to the origin of the first blast. Hundreds lost their lives, the injured may reach thousands and property damage of millions is certain. The blast in the Monsanto Chemical plant, in immediate vicinity of the initial explosion of the French vessel, will reach 20 million dollars.

PALESTINE: Reprisals Expected

Underground organizations have threatened reprisals for the hanging of four of their number as terrorists. Some four hundred thousand Jews are under house arrest in Tel Aviv, Jerusalem and Haifa. They are forced to remain indoors during the curfew period unless they have special permits.

The executions, performed secretly and ahead of schedule, fanned a smoldering bitterness, following incidents on a refugee ship at Haifa, into flames. Only prompt imposition of the curfew and other stringent repressive measures have prevented riotous outbreaks, British authorities said.

Fly-Killing Wallpaper

Flies, mosquitos and other insects die soon after they come in contact with a new DDT-impregnated wallpaper. The insecticide is mixed into the ink in which the design is printed. Effectiveness lasts for two years.

Atomic Control Possible Now

Article 51 of the United Nations Charter provides a basis for possible compromise on an atomic energy control plan which bypasses the veto problem.

MOSCOW: No Agreement

The conference between U. S. Secretary of State Marshall and Premier Stalin has achieved little or nothing, in the opinion of American diplomats in Moscow. The deadlock between Russian and United States delegations in the Council of Foreign Ministers seems no nearer to solution.

This pessimistic view does not exclude the possibility that some minor concessions may be made by the Russians for propaganda purposes. It is not believed likely, however, that anything important will be achieved at this session.

Main stumbling block in all the treaty negotiations is the Russian demand for huge reparations. If the Russians would retreat somewhat from their position, some arrangement might be worked out, it is admitted.

While there is considerable justification for calling this conference a failure, American diplomats point out that certain fundamental issues have been aired, and that Secretary Marshall has had an opportunity to present American policy to Russia and the world.

JAPAN: War Dead, 2 Million

Official reports on Japanese military losses place the dead at more than two million. This is exclusive of 675,000 civilians killed on the home islands. Release of the figures comes as a shock to the Japs, who had no idea casualties would run so high.

A standard reference work gives 468,855 as the number killed in battle, scarcely a fourth of what now is considered the true toll. Jap army statistics admitted that 752,129 were killed. To this must be added an estimated 608,700 long missing, who are presumably dead, making the army's true loss 1,360,829 men. This later figure is more than 30 per cent of the 4,418,971 men sent abroad. Nearly 300,000 more died in eight years of sporadic fighting in China.

Naval casualties account for the remainder of the two million dead. The total is set at 413,750, all but 5,000 of whom were killed by American forces.

Youthful Leader

Although only 40 years old, Sir Edwin Noel Plowden has been entrusted with the gigantic task of supervising Britain's recovery plans. He has been a successful business executive, and was in the ministry of economic warfare.

Wine Sales Dropping

Too high prices, too large inventories and declining buying power among the lower income groups have combined to cause a decided slump in retail wine sales, dealers say. From 15 to 75 per cent less wine is being bought in 12 representative cities. The price is the main factor, dealer admit. Those who pay more than 1 cent...

HIGHER PRICES Sloan Says So

Still higher prices are coming soon, according to one of the top-flight business executives of the country—Alfred P. Sloan Jr., chairman of General Motors corporation. In a speech before the Economic Club of New York, Sloan blamed demands of union laborers for wage increases.

"It is clear a new national wage pattern is being formed, he said, and that business cannot meet higher wages and make price reductions at the same time. He admitted that lowering of prices is a "badly needed" change. Any enterprise that can absorb wage boosts without raising prices should do so, he advocated, but he added that few could do so. Burdensome taxes also prevent substantial price reductions, he said.

It is the price level of farm produce, not of manufactured goods, that is most out of line, Sloan declared. In all likelihood, he predicted, consumer resistance to high price in the perishable goods lines, particularly foods, will bring "a more or less serious decline in general business volume before final adjustment is made."

CHINA: New Premier

T. V. Soong's successor as premier of China is Gen. Chang Chum. On taking office he promised to continue his strong anti-Communist line, and to work toward development of the country by peaceful industrialization.

He has been active on two committees seeking to end the civil war. Besides his military duties, he was governor of Szechwan province. Gen. Chiang Kai-shek, virtual dictator of China, has been grooming General Chang for at least a year for the high post he now holds.

The change of premiers has been expected for some time. Some factions have been demanding Soong's removal since the government-Communist truce. They claim Soong was partially responsible for failure of the treaty.

Made in U. S. A.

Germans who were prisoners of war in the United States bought all the American goods they could with their earnings, and had them shipped home when they returned to Germany last November. Pictured is Fritz Grom with a package he has just received. Purchases included bicycles, automobile tires and musical instruments, all real treasures in goods-hungry Germany.

ONIONS: Sets Rot in Fields

Too high prices for onion sets are threatening the crop throughout the nation, according to members of the Tri-state Onion Set exchange. This cooperative sales organization handles business for nearly 90 per cent of the country's onion set raisers. Its members live in Wisconsin, Illinois and Indiana.

The cooperative fixes the market price, which at present is \$1.90 per bushel, up 40 cents from the January 15 figure. This price, say set raisers, is out of line with demand, and the business is all going to the 10 per cent of raisers who do not belong to the cooperative, and can make their own deals.

DEWEY IN '48: GOP's Favor Him

A poll among members of the Republican national committee, state committee chairmen and vice chairmen reveals that Gov. Thomas E. Dewey of New York is most popular choice as presidential candidate next year. Sen. Robert Taft came in second, Harold Stassen, third, and Senator Vandenberg, fourth. The poll, which was conducted by the Chicago Daily News, was compared with votes at the Republican convention in 1944. Dewey is favored now in the same sections that he was then.

Baruch Urges 44-Hour Week

A five and a half day work week of 44 hours is advocated by Bernard Baruch, famous advisor to Presidents. He said in a recent speech that the world can "only get going if it works. If we expect to accept the challenge to preserve civilization, it means greater effort than we exerted during the war."

HOUSEHOLD HINTS

Use kitchen scissors for dicing fruit, celery, peppers, for trimming fish and cubing meat.

When painting stairs which are used every day, paint every other step and when they are dry, paint the remaining steps.

You may find it easier to iron a man's shirt in this order: Collar first, yoke, cuffs and sleeves, then back and front of shirt.

Save buttons from old garments. String them in sets so that they will be all together when needed for other garments.

A good crack sealer for cisterns, tanks, etc., can be made by mixing boiled linseed oil with cement. Mix to a consistency of paint and apply with a brush. Sometimes a second coat will be needed.

This is a new idea for a shower gift, and it's very handy. Select a set of tools (hammer, pliers, screwdriver, scissors, etc.) and paint handles a bright color. The bride will find the set useful as well as ornamental.

Small children seldom tell you when they are tired. They show fatigue more often by becoming cross or restless than by wanting to sit or lie down. The child under three years is usually better off if some of his outdoor play is of the quiet type.

The spirit of collecting things is a part of most people. One kitchen we know houses a collection of white china and milk-glass. An open three-tiered wall shelf painted inside and out a bright cherry red holds the collection of cups, plates, jugs and pitchers as a daily treat to the eyes of the owner and visitors.

**Kidneys Must  
Work Well-**

**For You To Feel Well**  
24 hours every day, 7 days every  
week, never stopping, the kidneys filter  
waste matter from the blood.  
If more people were aware of how the  
kidneys must constantly remove sur-  
plus fluid, excess acids and other waste  
matter that cannot stay in the blood  
without injury to health, there would  
be better understanding of why the  
whole system is upset when kidneys fail  
to function properly.  
Burning, scanty or too frequent urina-  
tion sometimes warns that something  
is wrong. You may suffer nagging back-  
ache, headaches, dizziness, rheumatic  
pains, getting up at night, swelling.  
Why not try Doan's Pills? You will  
be using a medicine recommended the  
country over. Doan's stimulate the func-  
tion of the kidneys and help them to  
flush out poisonous waste from the  
blood. They contain nothing harmful.

HOUSEHOLD MEMOS by Lynn Chambers

Meat Makes Fine Main Dish Salads (See Recipes Below)

Spring Salads

"Most women know how easy it is to whip together a salad," said my next door neighbor. "Why don't they think of using a meat or fish salad to make spring lunches easy?"

Naturally I agreed with her wholeheartedly, and promised to remind my readers of this thought now that the weather is becoming warmer.

What is better when you've been hanging out clothes or gardening, than coming in to lunch on a crisp, chilled salad? You know you can slip the salad together before you start the morning's work and place in the refrigerator until luncheon.

Protein is an important requirement of our body, whether we are young or old. Thus, it's wise to plan a main dish salad that makes use of one of the good protein foods such as eggs, fish, cheese or meat.

But make it crisp and crunchy, too, using vitamin and mineral-laden greens right from the garden.

Veal Salad. (Serves 6) 2 cups cooked macaroni 1 cup celery, chopped 6 sweet pickles, chopped 6 sliced radishes 1/2 cup cucumber, sliced 3 tablespoons green pepper, chopped 2 1/2 cups diced, cooked veal

Mix salad ingredients. Toss together with just enough mayonnaise to moisten all ingredients thoroughly. Serve cold on crisp greens.

Potato Salad. (Serves 6) 6 new potatoes, sliced 6 slices uncooked bacon, diced 1 small onion, minced 1/2 cup vinegar 1/2 teaspoon salt Dash of pepper 1/2 cup sour cream

Boil potatoes in their skins until tender. Peel and slice. Fry bacon until crisp; remove and brown onion in fat. Add vinegar, salt, pepper and sour cream. Add potatoes and bacon. Serve hot or cold, garnished with sliced tomatoes and weiners prepared thus:

Broiled Weiners. 6 frankfurters 6 slices bacon 1/2 pound American cheese Mustard

Slit frankfurters, spread inside with mustard and insert strips of cheese. Wrap a strip of bacon around each frankfurter and place under broiler. Heat to brown and crisp the bacon and melt the cheese.

\*Hearty Salad Bowl. (Serves 6) 1 clove garlic 1 head of lettuce 1/2 bunch watercress 1 cup french dressing 1 cup celery, cut in strips 1 cup cooked ham or tongue, sliced 1 cup cooked chicken, sliced 1 cup Swiss cheese, sliced 1 cup cooked or canned pears 1 hard-cooked egg, chopped

LYNN SAYS: Use leftover vegetable juices in place of water in meat and vegetable dishes to utilize them.

When serving leftover ham creamed, add a novel note to the dish by using Chinese vegetables with it. This adds delicious variety to the meal.

If you have leftover weiners from the night before, slice them and add them to a sauce and serve over a nest of spaghetti. This no-dish is something the younger generation will like.

LYNN CHAMBERS' MENU

Hot Consomme Cheese Sticks \*Hearty Salad Bowl Buttered Pudding with Cream Ice Box Cookies Beverage \*Recipe given.

Rub salad bowl with peeled clove of garlic. Shred greens in the bowl and toss in with 1/2 cup of dressing. Add remaining ingredients and remaining dressing. Toss well and serve garnished with the chopped hard cooked egg.

Jellied Fish Salad. (Serves 6 to 8) 1 1/2 cups grated tuna fish or flaked salmon 2 shelled hard-cooked eggs, chopped 1/2 cup chopped, stuffed olives 2 tablespoons capers 1 tablespoon chopped chives or minced onion 1 tablespoon plain gelatin 1/2 cup cold water 1 1/2 cups mayonnaise Lettuce or greens Tomatoes, sliced or quartered Avocado slices, marinated in lemon juice

Combine tuna fish, eggs, olives, capers and chives. Soak gelatin in cold water for 5 minutes, then dissolve over hot water. Add dissolved gelatin to mayonnaise, stirring constantly. Add to fish mixture and mix together thoroughly. Turn into a mold and chill until firm. Unmold on bed of greens and garnish with tomato and avocado slices. Serve with additional dressing, if desired.

Green pepper and eggs go together like bread and butter. You can chop hard-cooked eggs together with minced green pepper and use as the basis of a salad sandwich, or if you want to fuss a bit more you can make a pretty-pretty salad this way, when you invite your next door neighbor over for a spot of lunch.

Prepare this salad in advance and it will slice more readily.

Stuffed Green Pepper and Egg Salad. (Serves 6 to 8) 3 medium-sized green peppers 1/2 pound cream cheese 3 shelled, hard-cooked eggs 1 sliced pickle 1/2 cup chopped stuffed olives 1/2 cup mayonnaise Lettuce French dressing

Wash peppers, cut off tops and remove the seeds. Meanwhile cream the cheese until it is smooth. Put eggs, pickle and olives through a food chopper and add to cheese with mayonnaise and combine to make a thick paste. Pack this mixture into the peppers and chill for several hours. Slice peppers crosswise, 1/4 inch thick, and arrange several slices on lettuce. Serve with french dressing, if desired.

JOSEPH COTTEN, co-starring in "The Farmer's Daughter," revealed a dark chapter of his life the other day: at the beginning of his career he was a clothes model for commercial photographers. "I was a favorite with the agency for a firm which went for the 'before and after' type of ad," he said. "I was Mr. After, the fellow who always gets the job because he wears the right suit." But some years later, after he was established on the

JOSEPH COTTEN

stage, the same agency sent for him the same photographer looked at Cotten, but failed to recognize him—"and said he'd use me if I would pose as Mr. Before." So Cotten climbed into an old suit and did!

Contrary to popular belief, Ann Sheridan, who's currently starring in "Nora Prentiss," was never a school teacher. She thinks the report that she was—and it's been in circulation for years—grew out of the fact that she once attended Texas State Teachers college for a while because her sister was teaching there at the time.

After several postponements, shooting finally gets under way at Universal-International on "Peabody's Mermaid," the comedy which will star Peter Lind Hayes; it's based on the book of the same name, but the main character's changed; he's a Hollywood press agent, and the mermaid he falls in love with hails from Boston.

Listeners write approximately 2,000 letters a week to ABC officials in praise of the Sunday "Greatest Story Ever Told" radio program; many of them come from Sunday School teachers wanting to supplement religious texts with the dramatizations.

Bill Slater, the sports broadcaster, has been chosen for the second year to head the staff of eight who will go to Indianapolis on May 30 to bring out an Indianapolis eye-witness account of the annual 500-mile Indianapolis Speedway Race. MBS will carry four separate broadcasts.

Evelyn Keyes went to Mexico with her husband, John Huston, where he is directing "Treasure of the Sierra Madre" for Warners but promised to return to Hollywood when Columbia called her for wardrobe fittings. She'll go right into "The Mating of Mattie McGonigle," a modern comedy picked as her follow-up to "The Jolson Story" and "Johnny O'Clock."

Rosalind Russell has turned author. In the midst of preparing to co-star in "Mourning Becomes Electra" with Raymond Massey she wrote the introduction to "Motion Picture Acting," by Lillian Albertson, RKO dramatic coach.

Julie Conway was just the voice that chanted the one-line commercial on the "Jack Smith Show" till Jack heard that she'd been studying voice for two years and made her singing guest star on a broadcast. She did so well that she was offered a repeat performance, and now she's shelved her role of singer of commercials, and steps out as his featured guest star.

When Robin Chandler, the beautiful fashion editor, married Jeffrey Lynn some months ago she stocked up on cook books before they left for Hollywood. But Lynn, who is now making his post-war screen debut in "Whiplash" at Warner Bros. (he served with the AAF in Italy) makes a practice of cooking dinner for her at least once a week, to encourage her.

From where I sit ... by Joe Marsh

**We Got to the Fish Fry After All**

That community fish fry was sure a great success. There were plenty of appetizing extras, and Will Dudley did a right wonderful job of frying the fish—soft and flaky inside—brown and crisp around the edges.

But we didn't get to go. The missus was tired after working in the yard, and we just didn't want to leave her.

Then how did we know the fish was so good? Because the folks didn't forget us. They sent Skippy Henderson over with two steam-

ing covered plates of fish, and a pitcher of cool, sparkling beer. And we finished them off in front of our own fire.

From where I sit, that's one of the things that makes our town so nice a place to live in: a spirit of share and share alike. That plate of fish and glass of beer weren't just great eating, they were symbols of the thoughtfulness that makes for better living!
