

The Hedley Informer

VOL. 37

HEDLEY, DONLEY COUNTY, TEXAS, FRIDAY, MAY 30, 1947

Baseball

The Hedley boys defeated the Pampa American Legion team here last Sunday by the score of 17 to 3. Billy Hill pitched 8 innings for the local boys striking out 14 of the Pampa players.

Next Sunday the Hedley boys play the Amarillo Legion team here at 2:30 p. m. The older boys will go to Quitaque to return their game.

Card Of Thanks

I wish to thank each and everyone who sent cards, gifts and beautiful flowers during my illness. Your kindness will always be remembered.

Mrs. G. L. Leeper

Card Of Thanks

I wish to express my sincere thanks to the many friends and neighbors who have been so kind and thoughtful in expressing their sympathy to me and who have brought me flowers since I have received the news about the death of my brother.

Mrs. J. E. Blankenship

Siren Signals

To help everyone understand the meaning of the various signals sounded by the fire siren, following is the system used:

One long blast of about 2 minutes for a fire.

Two blasts of about 1/2 minute each means a meeting of the fire boys.

Three blasts of 1 minute each in case of a storm or bad cloud coming up at night.

For Sale—7 room house, 3 porches, 2 lots, water, gas and electricity in the house; some furniture. Cash or terms. 264p P. E. Yordy

I will do cooking to order. Sugar must be furnished for pies and cakes. Mrs. Esther Harris, Phone 97. 244p

Hedley Lodge No. 413

Hedley Chapter No. 413, O. E. meets the first Friday of each month at 8:00 p. m. Members are requested to attend.

Visitors welcome.

Lions Club News

On account of the school closing exercises the Lions Club ladies night was put off to the first regular meeting in June which will be June 12th. The banquet will be at the school auditorium at 8 p. m. There will be no charge to the Lions but ladies and other guests will be 75¢ per plate.

At last week's meeting Leon Reeves, Floyd Mathis and Earl Tollett were appointed as nominating committee to nominate officers and directors for next year. They will make their report at the first June meeting, the new officers will be elected the second meeting in June and take over the first meeting in July.

Picnic Time--Grade 2

An occasion, the thoughts of which will linger long in the memories of the children and teacher of the Second Grade, was a picnic May 27 at the Hunsucker Home.

Our room-mothers, Mrs. C. R. Hunsucker and Mrs. B. C. Johnson had planned and worked plans for our pleasure while we looked forward to the good times. However as we trooped into the lovely backyard park we were delighted more with the site for picnic.

The girls and boys lost no time beginning games with swings, trapeze, play house and ylay suited to the carpet of grass, such as leap-frog, wrestling, etc. We seemed surprised when it was time to be called to the generous picnic lunch, but we surely showed our appreciation for it. At the end of the lunch time Mrs. Tinsley was served a surprise which made her think it was more her picnic than the pupils'.

Back to play the group rushed again and all too soon came the announcement that it was time for our picnic to end. We left with backward looks and with hearts full of appreciation for our roommothers who understand children's vacation needs and were generous enough to give of their time and efforts to supply them. We are sorry that three of our number were absent from our picnic from illness.

Mrs. Gertrude Carnes of Dumas spent last week end in the J. T. Bain home.

J. M. Dickson and family of Amarillo spent last week end here

Mr. and Mrs. Ivan Jones and daughters, Mrs. J. E. Neely, Mrs. H. W. Austin and Mrs. W. H. Jones visited in Amarillo Monday

Hail Insurance on wheat costs no more now than later on. Why not insure now? C. L. Johnson, Agent.

Warning

Some complaints have been made of cows and chickens running at large. This is a violation of a city ordinance, so please keep your stock and poultry at home. By order of the City Council

I will pick up carcasses of horses and cows. W. P. Doherty, phone 32-4R 47tf

C. E. Johnson at the Hedley Telephone Co. will write your fire and hail insurance.

Good Will Tour

A large crowd was on hand Monday at noon to welcome the Amarillo boosters who arrived aboard a special train. The W. T. S. C. band played several numbers, after which Mason King greeted local citizens and Floyd Mathis welcomed the visitors. Ted Lokey, vice president of the Amarillo Chamber of Commerce, responded.

Free caps were distributed, to the delight of the school children. David Moreman liked the boosters so well that he accompanied them as far as Memphis for his first train ride.

Senior Class Honored

Mr. and Mrs. Clifford Johnson gave a lawn party Tuesday evening from 7:00 to 9:00 honoring the Senior class and their friends. The lawn was beautiful with red roses and a mat of nicely kept grass. Seats and tables were arranged informally, and guests were permitted to entertain themselves.

A supper consisting of sandwiches, potato chips, cookies and ice-cold cokes were served to about twenty guests. Present were Velva Johnson, Mary Sue Scales, Margaret Baker, Elsie Howell, Darrell Proctor, Malcolm Usrey, Adell Myers, Arthell Gibson, Hershell Swinney, James Stone, Charles Neal Johnson, Hayden Baker, Lynn Cherry, Jerold Sims, Mrs. E. Davenport and the host and hostess.

Beach-Usrey

R. L. Beach and Juarita Jo Usrey were united in marriage last Saturday evening, May 24, by Rev. H. T. Harris at the Harris home in Childress. They were accompanied by Hershel Swinney and Margaret Baker.

The bride is the daughter of Mr. and Mrs. Lee Usrey. She is a member of the 1947 graduating class of Hedley High School.

The groom is the son of Mr. and Mrs. R. E. Beach. He also attended Hedley High School and spent 28 months in the U. S. Navy, 22 of them on board ship. He received his discharge April 28, 1946.

The couple plan to make their home in Hedley.

Mrs. J. P. Alexander of McLean visited relatives and friends in Hedley Monday night and Tuesday.

Baccalaureate Services

Baccalaureate Services for the Senior Class were held at the First Baptist Church Sunday, May 25 at 8:00. Rev. B. L. Peacock of the Presbyterian Church at Memphis delivered the sermon.

The Senior Class wearing white caps and gowns followed a white robed choir who marched in singing "We Come Bringing Our Garlands Bright" from Aida. Then while the class members stood with bowed heads the choir sang Largo, the prayer from "Xerxes." Mrs. Zebbie Land of Pampa, accompanied by Mrs. Phagin by sang a special number, "Morning and Evening" by Max Spricker.

At the conclusion, Miss Sara Rains, who served as pianist for the service, played Koven's beautiful "Recessional" as the class marched out.

P.T.A. Honors Seniors

The Parent-Teacher's Association gave a breakfast Sunday morning May 25 at 9:30 for the Senior Class. Committee members in active service were Mrs. Winfred Doherty, Mrs. Walter Johnson, Mrs. Sam Owens, and the president, Mrs. T. J. Cherry, who acted as hostess.

Women guests were presented with corsages of red roses and fern and men with red roses. After an invocation by Mr. Hill, the guests sat down to a breakfast consisting of fruit juice, Canadian bacon, scrambled eggs, toast, jelly and coffee.

The program was brief. Malcolm Usrey gave a piano solo, Indian Love Call, Margaret Baker sang, and Mrs. Davenport gave a brief address to the Seniors and assembled guests.

Mrs. T. J. Cherry read an original poem dedicated to the Seniors. Among those present were Mr. and Mrs. T. J. Cherry, Mr. and Mrs. C. O. Hill, Mr. and Mrs. Craig Johnson, Mr. and Mrs. Bill Scales, the Senior Sponsor, Mrs. E. Davenport and all members of the Senior Class.

Mrs. Swinney Honored

Mrs. Jearl Swinney was the honoree at a shower given by the Baptist ladies Monday afternoon in the church basement, which was beautifully decorated for the occasion.

Miss Myrtle Hall greeted the guests at the door and they were ushered to the register, presided over by Mrs. Wayne Latimer. Mesdames Charles Rains and Barney Johnson were in charge of the tea table, and were assisted in serving by Mesdames W. C. Quisenberry and L. M. Harris.

The program consisted of a song by Rita Johnson, a reading by Mary Alice Hunsucker, piano numbers by Mary Sue Scales, Anita Bain and Sarah Ann Rains, and an accordion solo by Mary Sue Scales.

Patricia Murray, Jacque and Barbara Johnson presented the gifts in a novel manner, carrying out a May Day motif.

Mr. and Mrs. Alva Simmons left this week for a trip to California.

James Reid and family of Amarillo visited here last week end.

Junior-Senior Banquet

One of the high-lights of the school social season, the Junior-Senior Banquet, was given Friday evening May 25 in the English Room at the High School Building. About forty guests were present.

The guests were met by the Junior class sponsor, Mrs. Longan, who presented each with a beautiful corsage or boutonniere, colors suitable to the dress worn. The lovely new dresses of the young ladies present made the occasion a very attractive one.

The decorative motif carried out was "Stars". A midnight sky hung with gold stars swung above the head table where class officers sat with their guests. This idea was also used as a theme in the program and favors. Wanda Shaw gave "Star Dust" as piano solo and Jerry Banister sang "Twilight" accompanied by Bobbie Lee Hall.

Edward Todd as toastmaster presented various members of the Senior and Junior classes who took part in the program. Bobbie Everett, Junior class president, welcomed the guests. Malcolm Usrey responded with a toast to the Class of '48. Darrell Proctor gave a tribute to the Faculty. Mr. Hill responded with an address on "Stars" wherein he commended all kinds of stars to a student with the final deduction that students were after all the stars that really count.

After dinner, which consisted of baked chicken, dressing, green beans, potatoes, buttered peas, pickles, tea, ice cream, angel cake, mints, gifts were presented to sponsors, room mothers and Mr. and Mrs. Hill. Eleanor Tipton made the presentation speech as a gift was given to Mrs. Longan. Mrs. Harrison Hall, Junior Class Mother, received a beautiful gift, and Mrs. Scales, room mother, a gift also. Mrs. Davenport, speaking for the classes and faculty members, presented Mr. and Mrs. Hill with a beautiful table lamp. Group singing of Auld Lang Syne ended the evening's program. Those present were Mr. and Mrs. Harold Longan, Mr. and Mrs. C. O. Hill, Mr. and Mrs. Craig Johnson, Mr. and Mrs. Bill Scales, Mr. and Mrs. Harrison Hall, Mrs. E. Davenport. From the Sophomore classes present were Misses Wanda Shaw, Dorothy Meeks, and Jerry Banister. From the Junior Class present were Bobbie Lee Hall, Clara Holland, Wanda Jennings, Martha Reed, Betty and Erma Spear, Eleanor Tipton, Betty Usrey, Joyce Wakefield, C. S. Bailey, Joe Neal Bevers, Bobby Everett, R. L. Stone, Bobby Solomon, Junior Skaggs, Edward Todd, Lowell Wakefield and Duane Naylor.

From the Senior Class present were Margaret Baker, Lynn Cherry, Leon Doherty, Willie Goode, Elsie Howell, Dorot Johnson, Margaret Johnson, Vera Johnson, Thelma Moss, L. Faye Owens, Darrell Proctor, Mary Sue Scales, Billie Rich Tipton, Juarita Usrey, Malcolm Usrey, Margaret Johnson, and Hayden Baker.

Mrs. T. C. Johnson has returned from a visit at Fort Worth with her sister, Mrs. A. S. Edwards and at Hedley with her brother, Harvey Stotts.

Commencement Exercises

Commencement Exercises of the Senior Class will be held Friday evening, May 31, at 8:00 p. m. in the English Room at the High School Building. The public is invited to attend.

Memorial Service

Memorial Services will be held for the late J. E. Cox, June 1, at 11:00 a. m. in the First Baptist Church. The public is invited to attend.

WEEKLY NEWS

**Rush More Food to Germany;
Truman Signs Portal Pay Bill;
Churchill Seeks United Europe**

Released by Western Newspaper Union
EDITOR'S NOTE: When opinions are expressed in these columns, they are those of
Western Newspaper Union's news analysts and not necessarily of this newspaper.

Reacting swiftly to a strongly Communist-flavored lecture being delivered to students at Western high school in Washington, D. C., these four young people walked out on the speaker and started a general exodus from the assembly room. Here, Speaker of the House Joseph W. Martin Jr., presents them with the American colors for their discrimination.

HUNGRY GERMANS:

Show Ugly Mood

Replying to complaints that Ger-
many is being short-changed on its
food rations, Secretary of War Rob-
ert Patterson disclosed that 400-
000 tons of foodstuffs are slated to
be sent there during May, a like
amount in June and "even more"
in July.

A picture of general unrest in Ger-
many was drawn by official United
States investigators who said that
the Germans were displaying an
"ugly mood of bitter resentment"
toward this country because of food
shortages.

Officials in the stricken country
have been predicting that hunger-
born strikes and demonstrations
would break out among the Ger-
mans if they remained dissatisfied
with their food rations.

Secretary of War Patterson, how-
ever, said that shipments of food
to Germany are being made on sched-
ule in line with recommendations
outlined by Herbert Hoover fol-
lowing his survey of food conditions
there last winter.

FLU STOPPER:

New Mold Tested

A possible cure for influenza may
be forthcoming from a newly dis-
covered green and black soil mold,
according to an announcement by
the Society of American Bacteriolo-
gists.

So far, although there are pre-
ventive vaccines for flu, no specific
cure has been developed. Not yet
tested on humans, the mold is said
to have shown a curative effect on
chicken embryos and mice with in-
fluenza.

There is one hitch, however. The
mold-bearing earth, according to the
two scientists who made the dis-
covery, was one of numerous sam-
ples which came to them from all
over the world. Just where that
particular bit of dirt came from
they do not know.

OIL JACKPOT:

Soviets Hit It

Huge oil deposits have been dis-
covered under Russia's new indus-
trial region in the Ural mountains
nearly 1,000 miles east of Moscow,
according to a Soviet announcement.

Moscow told of the finding of
"colossal" oil reserves following
completion of exhaustive tests in
the area now under development as
an industrial frontier.

The announcement indicated that
the Soviets' long-range plan to shift
virtually their entire production sys-
tem to the east will be helped con-
siderably by the newly discovered
oil deposits. Geologists are said to
have tapped coal and ore deposits
in the Urals previously.

OUTMODED DEFENSE:

Rockets Far Ahead

Ever-improving rocket weapons
already have rendered obsolete the
best anti-aircraft guns of the army
and navy, Paul W. Martin, an or-
nance expert, has asserted.

The big strides made in develop-
ment of rapid-firing automatic,
radar-directed guns have been far
outstripped by atomic energy and
guided missiles, he said.

Three important features of a
good defense were cited: A long-
range detection system; a defensive
rocket to intercept the enemy mis-
sile, and destruction of the enemy
missile at a safe distance.

You Can't Keep a Good Volcanic Island Down

Anak Krakatos, barren offspring
of the lonely volcanic island near
Java which erupted in 1883 with
the mightiest explosion ever expe-
rienced by modern man, is show-
ing angry indications of blowing
its top again.

The Krakatos blast 64 years ago,
the island to disinte-
grated approxi-

UNITED EUROPE:

Churchill's Idea

Winston Churchill, describing the
continent as a "rubble heap and
breeding ground of pestilence," has
gone on record as favoring an or-
ganization of European nations—a
United Europe, possibly without
Russia.

He called for a wholehearted ef-
fort from Great Britain and France
to found such a movement and asked
that headquarters for the organiza-
tion be set up immediately in Eng-
land.

The movement is sure to draw
the approval of the United States,
Churchill told an audience of 10,000
at London's Albert hall. He empha-
sized that the European union would
operate as one regional unit un-
der world supremacy of the United
Nations.

PORTALS CLOSED:

Back Claims Denied

Almost six billion dollars in back
claims for portal-to-portal pay was
erased from the books when Presi-
dent Truman put his signature on
congressional legislation designed to
relieve employers, as well as the
government, from such claims—now
and in the future.

Although he opposed the wishes
of organized labor and overrode an
appeal for a veto by Secretary of
Labor Schwellenbach, the President
emphasized that he was certain that
it was not the intent of congress to
nullify past gains made by labor.

Explaining his reasons for sign-
ing the bill, he said, "Businessmen
will be able to plan with assurance
for full production and price reduc-
tions. This will be of real value to
labor and management in a con-
tinued high level of employment."

At the same time he repeated his
plea to business for lower prices
and requested congress to take im-
mediate steps to increase the statu-
tory minimum wage from 40 to at
least 65 cents an hour.

SUGAR STRATEGY:

Advance Rations

To enable supplies to moved while
railroad transportation is available,
housewives and industrial users of
sugar will be permitted to buy their
allotments in advance of the cus-
tomary rationing date.

The Sugar Rationing Administra-
tion explained that, because of the
transportation burden which will de-
velop later in the year, a second
10-pound stamp for consumers (No.
12) will be validated June 1 instead
of July 1, but must last until Octo-
ber 31.

No specially designated "home
canning sugar stamps" will be is-
sued this year, but the allowance of
35 pounds available for home use
will include sugar for canning.

Dentists Are in Pain, Too

Pity the poor dentist when he sneaks
in behind your teeth with that savage
little drill and tries to unscrew the top
of your skull.

Chances are his feet hurt. And his
back aches. And his legs are weary.
That, at least, is the contention of
Northwestern university school of den-
tistry, which is starting to teach its stu-
dent dentists to work sitting down—
on a specially constructed stool.

A standing dentist is of no more ad-
vantage to the patient than a sitting
dentist, the school asserts. If dentists
can be brought to a sitting position,
the university believes, their profes-
sional lives will be extended by five
years.

SMOKE:

Can't See Stars

The nation's capital city is getting
just too smoky, dusty and crowded
for the U. S. naval observatory,
which is getting ready to move to a
more sylvan neighborhood.

Because big cities radiate heat,
which is bad for delicate astronomi-
cal instruments, the new location
for the world-famous observatory
must be no nearer than 25 miles to
any metropolitan area. Officials
estimate that it will take about
eight years to find a site, put up the
necessary buildings and install
equipment.

In addition to providing the na-
tion with the world's most accurate
time checks, the observatory warns
the radio industry of sun spot activ-
ity, puts out almanacs, supplies
data on tides, phases of the moon
and sunsets and sunrises, and fig-
ures out calendars.

BUDGET SURPLUS:

Dwindling Fast

It begins to appear as though
President Truman made a small
miscalculation when he predicted
that the treasury would wind up the
fiscal year on June 30 with a budget
surplus of \$1,250,000,000, because
the surplus already has dipped be-
low that figure.

The surplus, meaning the excess
of income over spending, has
shrunk to \$1,228,507,000 — the fall
during April and early May being
caused by spending in excess of in-
come during that period. Adminis-
tration analysts, however, hold that
quarterly tax payments in June
probably will restore President Tru-
man's original figure.

FARM LAND:

Prices Go Up

Continuing the steady trend up-
ward begun early in the war, farm
real estate prices are nearing a lev-
el double the average for the 1935-
39 period, a survey by the U. S.
bureau of agricultural economics
shows.

During the year ending March 1,
farm real estate prices rose 12 per
cent for the country as a whole.
That figure is compared with a 13
per cent rise for the corresponding
period in 1946, 11 per cent in 1945
and 15 per cent in 1944. Fifty-six
per cent of the recorded sales in
the past year were for all cash.

Called 'Red' Composer

Hans Eisler, brother of Gerhart
Eisler, who is reputedly the No. 1
Communist in the United States,
was called to testify before the
house un-American committee.
He is a music composer for the
movies, and is said to have com-
posed inspirational music for the
Communist party.

Record Slaughter

A new record for slaughtering of
cattle and calves was set during
April in all federally-inspected
plants in the country. Hog killings
were lower, however, reports the
department of agriculture.

Cattle killed reached the all-time
high during April of 1,203,137 head,
compared with 714,860 for the same
month a year ago. Calves slaugh-
tered numbered 678,440, compared
with 445,049 in April, 1946.

Hogs killed dropped from 3,857-
972 to 3,615,746, and sheep declined
from 1,735,882 last April to 1,326,589
this year, lowest since 1939.

Million Dollar Memoirs

One million dollars, believed to be
the largest amount ever paid in this
country for the publication rights to
foreign material, has been paid for
Winston Churchill's memoirs, which
will run to five volumes when com-
pleted. The New York Times and
Life magazine have purchased the
serial rights, while Houghton Mifflin
company will begin publication of
the work in book form next Janu-
ary.

NEW NARCOTIC:

Most Dangerous

A synthetic narcotic called dem-
erol, called more dangerous than
heroin by Federal Narcotic bureau,
is flowing in illicit channels and en-
dangering all drug addicts. Doctors
have been warned by the U. S. Pub-
lic Health service to use extreme
care in prescribing this powerful
drug, which has a "definite place in
medicine" but is highly habit-form-
ing. It was hitherto regarded
as one of the most dan-
gerous of all drugs.

NEEDLECRAFT PATTERNS

Embroidery for Leisure Moments

SPEND leisure moments to good
advantage embroidering these
sunbonnet girls. They're lovely on

That Nagging Backache

May Warn of Disordered Kidney Action
Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.
You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

If Natural Gas could be carried in Buckets . . .

Every family within reach of a gas well could have natural gas service . . . every Jack and Jill in Texas would be fetching a pailful . . . if gas could be carried in buckets!

But that's impossible, of course.

The only way to move natural gas from wells to markets is through pipe lines—great steel arteries that wind over hills and under rivers, through swamps and wastelands, linking enormous underground reservoirs with the burners in your home and factory

United Gas has more than 6,000 miles of such lines, connected to more than 100 fields in Texas, Louisiana and Mississippi. At the outlet ends of United's pipe lines are 322 southern cities and towns, many of which are served by United Gas distribution systems. By providing this link between wells and markets, by making this gas available for use, United is giving value to gas that might otherwise remain worthless in the ground . . . is helping to bring the comfort and convenience of natural gas service into your home and that of your neighbor.

UNITED GAS

SERVING THE *Gulf South*

But Who Cares?

Macpherson was strolling down the street when he noticed what he thought was the familiar figure of a friend. Quickening his steps, he came up to the man and slapped him hard on the back. To his confusion he then saw he had greeted an utter stranger.

"Oh, I beg your pardon," he said apologetically, "I thought you were my old friend Mackintosh."

The stranger recovered his wind and replied, with considerable heat: "And supposing I were Mackintosh, do you have to hit me so hard?"

"What do you care," retorted Macpherson, "how hard I hit Mackintosh?"

Cool Off With an Egg Julep!
(See recipe below.)

Cool Refreshment

No summer menu collection is complete without a set of cool drink recipes. These tasty drinks are so handy and convenient to have for both family and company use, that each summer season should see us well armed with a new set of recipes. After you have decided on the different types of cool refreshments you will serve, see that you have all the ingredients on hand so they can be whipped together at a moment's notice.

Cool drinks fall in several categories. You should have several recipes which are really nutritious for the youngsters when they come in from play. Then, too, you should have another set of recipes that are tasty as well as nice to serve guests who may drop in after tea or evening.

Cool drinks will be more of a success if they are served in frosty looking, decorative glasses. And don't forget the appeal of tinted ice cubes. Use harmless food color, if you like, or freeze bits of cherries, other fruit or mint sprigs with them. For iced tea or coffee, freeze the beverage itself into cubes so that the drink will not be too diluted when served.

HERE ARE several nutritious drinks which will make a big hit with the children.

'Egg and P' Julep.
(Serves 10)
3 eggs, beaten
1/4 cup sugar
1/4 teaspoon salt
2 cups orange juice, strained
1/4 cup lemon juice, strained
Crushed ice
Club soda

Blend eggs, sugar and salt. Add fruit juices. Shake or beat until the sugar is dissolved. Pour over finely cracked ice and fill glasses 3/4 full. Add club soda slowly. Serve promptly.

Chocolate Banana Milk Shake.
(Serves 6 to 8)
4 sieved large, ripe bananas
4 cups milk
1/2 cup chocolate flavored malt drink
Ice

Press the bananas through a sieve, then combine them with the milk and chocolate flavored malt drink. Use a shaker or tightly covered jar. Add ice. Shake well and serve at once.

Mint-Chocolate Frost.
(Serves 4)
1/2 cup cocoa
1/4 cup corn syrup
1 cup hot water
1 teaspoon vanilla
1/2 teaspoon mint extract
1 quart milk
1/4 teaspoon salt
1/2 pint vanilla ice cream

Combine cocoa and syrup. Add hot water, stir well and cool. Add remaining ingredients and beat until well blended. Serve in tall glasses. Additional scoops of ice cream may be used on top to give the effect of a soda.

Orange Lime Fizz.
(Serves 4)
2 cups orange juice
1/2 cup granulated sugar
12 sprigs mint
4 tablespoons lime juice
1 1/2 cups carbonated water
Ice

Heat 1 cup of orange juice to the boiling point. Add sugar and mint which has been chopped. Cool, cover. Strain and add remaining orange juice and lime juice. Just before serving add carbonated water and ice.

Ambrosia.
(Makes 6 quarts)
4 cups apricot nectar
4 cups orange juice
1 1/2 cups lemon juice
1 cup lime juice
1 cup powdered sugar
4 quarts carbonated water
Ice

Combine juices and sugar and stir until latter is dissolved. Just before serving add the carbonated water and pour over ice.

STAGE SCREEN RADIO
Released by Western Newspaper Union.

By INEZ GERHARD

EIGHT years ago, when Elaine Carrington began writing "When a Girl Marries," Mary Jane Higby created the role of "Joan Davis," and she's been playing it ever since, as the popular daytime climber to the top of the Hooper ratings. Miss Higby, who's blue eyed and has curly, reddish hair, and is very pretty, is Mrs. Guy Sorel in private life. She was carried on the stage when she was five

MARY JANE HIGBY

months old, in a play her father was producing, but reached the ripe old age of five months before she had a real part. Later she had a Hollywood career as a child actress; in 1938 she arrived in New York and three days later landed a top radio role.

The nice round sum of \$3,000,000 has been budgeted for Enterprise Studio's film version of Offenbach's "Tales of Hoffman." The romantic idyll of the 19th century will be modernized, given a cast of top names, and filmed in color.

The real reason why Cary Grant won't make his picture for Alexander Korda for at least another year is that he'll play the devil in it; as he's currently portraying an angel in Goldwyn's "The Bishop's Wife," Korda feels that a decent interval should elapse between the two assignments, so that we film goers may have time to adjust ourselves to the radical change in type.

Franchot Tone was tutored in Spanish for his scenes in RKO's "Honeymoon," in which he co-stars with Shirley Temple and Guy Madison. He got along so rapidly that Director William Keighley couldn't understand it, until he learned that the coach had made recordings of all Tone's Spanish-language speeches, and the actor had spent his evenings listening to them.

Bill Lundigan and Dennis O'Keefe were facing each other for a scene in "Dishonored Lady"; Bill, playing a cowardly, amateur murderer, had a gun in his hand, but Director Robert Stevenson thought he handled it too expertly. "Be clumsy with it," he urged; "Don't hold the gun as if you knew how." "I can't very well," said Bill. "I used one to save my life on Tarawa." He did; he was with the Marines when they landed there, and his gun was almost part of his hand. It's John Loder he kills in the picture; Hedy Lamarr is suspected.

One reason for the popularity of "The Whistler," on CBS is the consistently excellent casting of the finest radio actors and actresses in Hollywood, not only for major roles but for minor characterizations as well. The cast reads like a who's who in radio acting. Charles Seel has been in eleven "Whistler" productions since September, Betty Lou Gerson in eight.

Jack Meakin, whose 25-piece band on "Summerfield Bandstand" will replace "The Great Gildersleeve" this summer, sold his latest song to Republic Studios three times. It's "Out California Way." They bought it first as a theme for a western picture, then repurchased it to use as title for the movie—and bought it again to use in their picture, "The Hit Parade."

One of the toughest and longest motion picture fights ever filmed in technicolor is that between Larry Parks and George Macready in Columbia's "The Swordsman"; took five days to film, but will last only three and a half minutes on the screen.

Rudolph Cameron recently donned grease paint for the first time in years for a character part in Rita Hayworth's technicolor musical, "Down to Earth."

ODDS AND ENDS . . . An airplane load of lilacs was flown to Hollywood for scenes in Paramount's "Dear Ruth"; lilacs don't grow there. . . "Suspense" will stay on the air Thursdays over CBS, continuing a sponsored run that began in December, 1943, and has never been interrupted. . . Cliff Edwards will use his "Jimmy Cricket" voice in another Walt Disney picture, "Fun and Francy Free." Following a romantic scene with Ronald Reagan for "The Voice of the Turtle," Eve Arden was radio-

SEWING CIRCLE PATTERNS
Sports Trio for Sunny Weather

FALSE TEETH
To hold your loose upper and lower teeth comfortably secure all day—and every day, try dentist's amazing discovery called STAZE. Not a "messy" powder, STAZE is pleasant-to-use paste. Get 25c tube at drugstore today! Accept no substitutes!

STAZE Holds All Day or Night
Save the lids from baking powder or lye cans. Paint them a bright enamel color. Use assorted colors to give a Mexican air. These "play dishes" will be a grand gift for a small house-keeper.

St. Joseph 10 ASPIRIN
A damp sponge rubbed lightly over upholstered furniture will remove surface dust, dog or cat hairs.

Paint thinned with turpentine spreads readily and dries quickly without leaving a hard sheen.

Hard woods, and especially oak, are not good for framing jobs since they split easily and do not stay straight.

Find 16th Century Figures In Rare Medieval Armor
Since the 16th century, the Church of the Madonna delle Grazie, near Mantua, Italy, has had the upper part of its interior walls lined with life-sized human figures that custodians believed were made of papier-mache. But in 1937, an authority on antiques examined the 17 military figures and discovered they were dressed in excellent suits of rare medieval armor.

PREFERRED
The widespread preference for Clabber Girl is the natural result of years of consistent baking in millions of homes under the same conditions.

"The House of Service"

From where I sit ... by Joe Marsh

Want to Run a "Collective" Farm?

Was reading the other day about the "collective" farms they have in certain countries. It seems the folks who run them have plenty of help ... good hours ... and the best equipment.

Sounds pretty nice—till you learn that the "farmer" doesn't own his land, or even farm it, in our sense. He takes orders from the state; produces whatever they want him to produce, at prices they set. Even his off-hours are spent according to state regulations.

No, that would never go here.

We're willing to work hard, but we like to farm the land our own way, put our own value on the crops, and relax as we like—if only with a temperate, companionable glass of beer.

From where I sit, collective farming may produce results. But the American way—freedom to work and relax as we see fit—is what makes this country a great place to live. So let's not change it!

Joe Marsh
