

The Hedley Informer

VOL. 37

HEDLEY, DONLEY COUNTY, TEXAS, FRIDAY, JULY 4, 1947

Baseball

The Hedley boys defeated the Spur American Legion team here Sunday by a close margin Sunday 7 to 6. Billy Hill pitched good ball throughout, but a bunch of errors by his team mates put him in the hole in the seventh. Bobby Everett came to his rescue and retired the Spur boys without another run.

The Hedley boys are at the top of the Legion league. They go to Childress Thursday afternoon. A win from Childress will get them to Lubbock.

Notice

Watch for news about the Wesley Dinner.

Gibson-Johnson

Miss Velvia Johnson and Arthel Gibson were united in marriage last Saturday, June 28, at the Methodist parsonage here with Rev. E. H. Coston performing the double ring ceremony. The bride was dressed in blue. They were accompanied by Loyal Gibson, Mary Sue Scales and Pete Wynn.

The bride is the daughter of Mr. and Mrs. Walter Johnson, and is a 1947 graduate of Hedley High School.

The groom is the son of Mr. and Mrs. L. F. Gibson and graduated from Hedley High School in 1946.

They are at home at 512 Harrison in Amarillo, where the groom is employed with a construction company.

Lions Club News

At next week's regular meeting of the club Deputy District Governor N. W. Durham will install the new officers for the year. The bell won't ring until 8:30. Let's all be there and be on time. It is 100% attendance night, honoring the new president.

No directors meeting is being held this week, on account of everyone being so busy.

Retiring President Chas. Rains was appointed Zone Chairman for next year, by Dist. Governor John McLean. His zone will cover the clubs of Clarendon, Hedley, Memphis Quail, McLean, Lakeview and Childress.

Mr. and Mrs. L. A. Tucker and son Lanny of Estelline and Mrs. Virgil Threet of Roswell visited in the R. E. Newman home last week.

Ivan Jones and family and Mrs. W. H. Jones visited in Amarillo Sunday.

Mr. and Mrs. R. L. Stanley of Amarillo announce the arrival of a baby boy on June 27th, weight 8 lbs. He has been named Jesse Lynn.

Mr. and Mrs. Virgil McPherson and daughters Carolyn Sue and Kathleen were Amarillo visitors Sunday.

To The Public

Due to the fact that typhoid is in the community, it is very necessary that strict sanitary regulations be enforced.

The disease is transmitted by water, flies, food and direct contacts. All stagnant water, garbage and open toilets are a potential source of typhoid fever unless proper care of same is taken. An epidemic may be avoided if sanitary measures are employed.

Dr. D. H. Cox,
City Health Officer

To My Friends & Customers

Mrs. Plunk Honored

Mrs. Olen Plunk was the honoree at a lovely bridal shower given Tuesday afternoon in the basement of the Baptist Church. Hostesses for the occasion were Mesdames Charles Rains, M. L. Harris, Barney Johnson, Bill Scales, Hobart Moffitt and Alva Simmons.

The church was made attractive with beautiful cut flowers. Receiving at the door were Mrs. Simmons and Mrs. Harris. The guest register was presided over by Mrs. Johnson. After registering the guests were taken to the tea table which was covered with lace cloth and centered with a vase of yellow and fuchsia snapdragons. Punch was poured from a pretty crystal punch bowl by Mary Sue Scales and Erma Spear. Assisting at the tea table were Mrs. Rains and Mrs. Scales.

Mrs. Trimble played several beautiful piano numbers during the tea hour. Other numbers enjoyed were a solo by Rita Johnson, accompanied at the piano by Sarah Ann Rains, and a piano solo by Bobbie Lee Hall.

Mrs. B. C. Johnson dedicated a reading, "Wishing You Joy", to the bride and groom. During the reading gifts were presented to the honoree by Erma and Betty Jo Spear, Mary Sue Scales and Bobbie Lee Hall. Mrs. Plunk, in well chosen words, thanked the guests for the many lovely and useful gifts.

Around forty guests were present and many others sent gifts.

American Legion

The Legion will elect new officers at this month's regular meeting which will be at the Legion Hall Tuesday night at 8 p. m. All ex service men of the community are urged to attend. Officers elected will be installed and take their offices at the August meeting. Delegates to the state convention will be held in Ft. Worth July 27th to 30th will also be elected.

Mary Quisenberry of Amarillo is visiting her grandparents, Mr. and Mrs. J. W. McPherson.

Mrs. T. O. McFarland left Sunday to visit relatives in Flint and Tyler.

Uncle Sam Says

This Independence Day your Uncle Sam salutes millions of fellow Americans who buy and own Savings Bonds—the payroll savers, the Bond-a-Month farmers, professional people and the self-employed, the regular buyers of Savings Bonds in all walks of life—all of whom are showing good judgment in building many future financial independence days and many future financial independence years.

U. S. Treasury Department

Misses Watt Wed

An altar banked with cybodium fern and arrangements of Marconis daisies formed the setting for the marriage of Lela Ruth and Virginia Watt, daughters of Mr. and Mrs. F. G. Watt, to Collier Heater of Dumas and Edwin Ayres of Kaufman. The double ring ceremony was read in the First Methodist Church here at six o'clock Wednesday evening, June 25, by the pastor, Rev. E. H. Coston.

The brides wore identical dresses of white satin with sweetheart necklines outlined in seed pearls with veils of lace and bridal illusion. Lela Ruth entered upon the arm of her father, F. G. Watt, and Virginia upon the arm of her brother, Fred Watt. Each carried a Bible topped with gardenias. Preceding them to the altar were their matrons of honor, Mrs. Charles Rains, who wore pink dotted swiss and Mrs. Willis Thomas, who wore blue dotted swiss, both carrying nosegay bouquets of roses, carnations and baby's breath. Following the matrons of honor were the tiny flower girls, Susan Cox and Jean Adamson, also in pink and blue. Billy Wiggins and David Moreman carried the rings on white satin cushions.

The brides were met at the altar by their respective bridegrooms, supported by their best men, Ike Rains and Charles Rains, cousins of the brides.

Preceding the ceremonies Mrs. L. P. Trimble, pianist, provided appropriate nuptial selections. Misses Carolyn Reeves, wearing a formal dress of blue organdie, and Sarah Rains, wearing pink swiss, lighted the altar candles and those marking the aisles. Then Mesdames Hobart Moffitt and Alva Simmons, accompanied by Mrs. Trimble, sang "Always" and "I Love You Truly." The traditional wedding marches were used for the processional and recessional. "Ah Sweet Mystery of Life" was a musical background for the exchanges of vows.

Cathedral tapers in tiered candelabra lighted the service. Both aisles of the sanctuary were marked with white aisle cloth and single candelabra.

About one hundred and fifty guests were present. Ushers for the occasion were Messrs. Walter Bill Wiggins and Charles Johnson.

Immediately following the wedding a reception was held in the church basement, beautifully decorated with Picardy gladioli and seasonal flowers. A long lace covered table held the two three-tiered, white wedding cakes. Mrs. Clyde Bridges presided at the brides' books, where all guests registered.

In the receiving line were Mrs. Watt, mother of the brides, Mrs. Morris Dumas, Mrs. Janie Ayres, mother of Mr. Ayres, and the immediate bridal party. After greeting the guests the young couples cut their respective cakes and refreshments were served. Then the bridal party slipped away to begin their honeymoon trips to New Mexico and California.

Mesdames E. M. Glass and A. E. Ranson Jr. were in charge of the tea table, and were assisted in serving by Mesdames C. L. Johnson, Ray Moreman, Leon Reeves and Wayne Latimer. Joan Ray Moreman and Mary Alice Hunsucker furnished piano music during the reception.

All who assisted in the recep-

Rehearsal Dinner

The lovely home of Mr. and Mrs. A. T. Simmons was the scene of a dinner at 8:00 p. m. on June 24 preceding the rehearsal for the wedding of Misses Lela Ruth and Virginia Watt. Hostesses for the occasion were Mrs. Malcolm Glass and Mrs. A. E. Ranson Jr. The house was tastefully decorated with candles and cut flowers.

The dining table was laid with a hand made fish linen cloth covered with lace and was set with crystal and sterling silver. Picardy gladioli and pink and blue candles in crystal holders were the decorations.

The following menu was served: tomato juice cocktail, creamed chicken in party shells, green beans, new potatoes, stuffed celery, wedding rice salad, brick ice cream and individual cakes decorated to represent double wedding rings tied with a pink bow, and iced tea.

Following the dinner, Mrs. Simmons very graciously gave a few well chosen words of praise and good wishes to the honorees and presented each of them with crystal candle holders and Picardy gladioli.

Mrs. Simmons, with Mrs. Trimble at the piano led the group in singing Memorials.

Seated at the table of honor were Misses Lela Ruth and Virginia Watt, Mr. Collier Heater, Mr. Edwin Ayres, the parents, Mr. and Mrs. F. G. Watt and Mrs. Janie Ayres, and the minister, Rev. E. H. Coston.

At small tables the following guests were seated, Mr. and Mrs. Charles Rains, Mr. and Mrs. Walter Bill Wiggins, Mesdames E. H. Coston, Hobart Moffitt, Ray Moreman, D. E. Cox, L. P. Trimble, Ross Adamson, Willis Thomas, Misses Myrtle Reeves, Sarah Rains, Carolyn Reeves, Tula Jean Adamson, Susan Cox, Messrs. Ike Rains, Fred Watt, Charles Johnson, David Moreman and Billie Wiggins.

tion wore corages which were gifts of Mr. and Mrs. Watt.

The brides and daughters of Mr. and Mrs. F. G. Watt, pioneers of this community, Lela Ruth is a graduate of Hedley High School and West Texas State College, and taught school the past year at Claude. Virginia is a graduate of Hedley High School, Clarendon Junior College and West Texas State College, and taught in the Hedley schools the past year.

Mr. Heater is the son of Mrs. Nan Heater of San Diego, Calif. He is a graduate of Dumas High School, and spent 42 months in the U. S. Navy, 18 months of that time overseas in the South Pacific. He is employed in the Kenney Bakery at Dumas, where they will make their home after a trip to California.

Mr. Ayres is the son of S. C. Ayres of Manhattan, Okla., and Mrs. Janie Ayres of Tipton, Okla. He is a graduate of Scurry-Rosser High School, and served three years in the U. S. Navy. He is manager of the Kaufman Frozen Food Lockers in Kaufman, where they will make their home, following a short trip to New Mexico.

C. O. Hills Honored

Mr. and Mrs. Che were honored with a reception last Sunday night. Methodist Church has a good musical program and several talks of appreciation were made. Mrs. Elbert gave a resume of Mrs. Hill's work here.

The honoree, lovely gifts. Received to those.

The Hills left the land, where he is a student of school year.

WEEKLY NEWS ANALYSIS

Seek To Abandon Farm Control; Gromyko Hits Disarmament Talks; Open Universal Training Hearings

Released by Western Newspaper Union. (EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

Secretary of the Interior Julius A. Krug (left), Undersecretary of the Navy John L. Sullivan (center) and Max W. Ball, director of oil and gas division of interior department, meet to probe nation's critical petroleum supply shortage. Experts forecast empty auto gas tanks, closed factories and chilly homes this winter because of tight oil situation.

FARM CONTROLS: Opposition Grows

American Farm Bureau federation, powerful farm group which sponsored most of the agricultural legislation now in force, is considering recommendations for total abandonment of all farm price and crop controls by the government. Edward A. O'Neal, president of the federation, said the board is not satisfied with the old AAA, established during President Roosevelt's first term. He revealed that a better agricultural program than the one the farmers now have is being sought. The AAA authorizes payments to farmers for reducing acre-

O'Neal

ages in the basic crops of wheat, corn, cotton, rice, tobacco and peanuts.

Farmers from the North and Northwest have consistently opposed federal subsidies, and sentiment was reported to be growing among the producers for letting farm products seek their own price level as a permanent policy.

In the South, however, cotton and tobacco-growers are known to be satisfied with the situation as it stands, favoring tight controls if prices start to slip. One of the federation's economists predicted at least a 10-year period of good prices for farmers at levels slightly below those prevailing now.

DEFIANCE: Gromyko Again

In what was possibly his most defiant action since he walked out of the security council a year ago, Andrei Gromyko, Soviet delegate to the United Nations, acidly warned the U. N. disarmament commission that its refusal to include atomic control in the negotiations on general disarmament would bring about a total "collapse" of disarmament efforts.

He said the commission's refusal to link the two aspects of world peace plans was contrary to the wishes of the U. N. general assembly, but delegates of France, Great Britain and Belgium promptly denied the charge.

Ignoring previous Soviet warnings, the commission had voted down a long list of Russian and Polish proposals to tie atomic control with disarmament talks and approved an American-sponsored work plan to keep the two subjects separate.

FRUITED PLAINS: Apple Outlook Rosy

Despite a late spring and some frost damage in eastern fruit areas, prospects continue generally favorable for this year's crop of apples and other deciduous fruits, a department of agriculture report has disclosed.

The 1947 strawberry crop is estimated to be nearly a fourth larger than the 1946 crop, but still a tenth below average. However, the peach crop in 10 early southern states is expected to set a new record of more than 25 million bushels this year, the third successive large crop from those states.

In California, the sweet cherry crop of 29,000 tons is 15 per cent smaller than last year, but still 16 per cent larger than the 1938-44 average. California's \$2,000-ton plum crop is slightly below 1946.

Seek Pilate's Villa

Pontius Pilate, the procurator of Judea who gained an everlasting place in the annals of infamy by washing his hands and thus sanctioning the crucifixion of Christ, may have spent his boyhood and youth in a villa near what is now Caesarea. That, at least, is the theory of British archaeologists.

TRAINING: Hearings Begin

Although congress is scheduled to adjourn July 28, the senate armed services committee has voted to proceed with hearings on universal military training.

But in a formal statement the committee added that if a report cannot be made ready by July 28, it will attempt to have a report prepared for congress when it convenes again.

Decision of the senate group was reached as the Very Rev. Edmund A. Walsh, a member of President Truman's universal military training commission, told a house committee that "the politburo in Moscow is not going to adjourn for the summer as its forces creep across Europe."

Father Walsh said that America is definitely on the Soviet agenda of conquest, and Russia will be ready to start her "shooting war" as soon as her atom bombs are in production.

TAX PLANS: To Think Over

Congress has been presented with four tax-revision plans to think over until it gets ready to have another go at the income tax problem.

The treasury department has given the house ways and means committee studies of four plans to equalize federal income taxes on married couples in all 48 states.

One of the proposals would save 4,900,000 couples three-quarters of a billion dollars annually by giving those living in 38 states the same "income splitting" rights now enjoyed by couples living in 10 states which have community property laws.

Secretary of the Treasury John Snyder has indicated that the administration considers the proposed plans to be among the "right kind" of changes in the tax setup.

IKE TO STAY: Denies Report

Gen. Dwight D. Eisenhower will not resign as army chief of staff, at least this year.

Walter Winchell, in a copyright story in the New York Daily Mirror, had reported that General Eisenhower had tendered his resignation as chief of staff and would become president of Columbia university next fall. The story said that Eisenhower's resignation was in the hands of President Truman.

The nation's military leader, however, issued a firm denial: "I have no intentions of resigning as chief of staff during the current year, and in no event would I do so without first getting full approval of the President and the secretary of war."

Price of Warfare

How much does a war cost? Many answers are possible, says a review by the National Industrial Conference board, but the cost of any war cannot be determined definitely until at least a century after the end of hostilities.

For example, it was not until this year (1947) that the last pensioner of the War of 1812 disappeared from the United States budget. As another instance, the military cost of the Spanish-american war was a mere \$82 million dollars; however, the continuing costs—interest on war debt, pensions and care of veterans—amounted to 2,400 million dollars during the 48 years ending June 30, 1946.

The continuing costs of World War I are already about 40 per cent greater than the military costs of that conflict. But the real payoff comes with World War II. On June 30, 1948, just eight years will have elapsed since continuing costs of World War II began, and on that date they will have amounted to more than the total military cost of World War I. Our latest war will have cost us about 700 billion dollars.

THE MANAGEMENT: Money Talks

Under the 300 million dollar American aid program to strengthen Greece against inroads of Communism the United States will take over virtually the entire economic management of that country, an exchange of notes has indicated.

It was reported unofficially that the United States also will favor some political reforms in the Greek government—specifically, the admission of "liberal" elements to responsible governmental positions.

Notes between Washington and Athens setting forth a comprehensive program of economic reforms to be undertaken in Greece have been made public by the state department. They concern taxes, industry, government administration, trade, finance and agriculture.

Contained in the notes is a guarantee that Dwight Griswold, administrator of the aid program, will have effective supervision over all the dollars spent for Greece.

OPEN SESAME: The Holy Land

The bitterly tragic puzzle of Palestine and the Jews appeared as insoluble as ever as the United Nations committee on Palestine opened hearings in Jerusalem.

Reporting at the committee's first open meeting, the Jewish agency for Palestine persistently demanded unlimited Jewish immigration into the Holy Land, contending that immigration was the key to the whole Jewish case.

The British previously had testified in a closed session from which the press and public were barred.

Moshe Shertok, head of the political department of the Jewish agency, asserted that it was impossible to estimate how many more Jews could be absorbed into Palestine, adding that while Jews now make up only one-third of the population, two-thirds of the local internal revenue comes from them. The bulk of Palestine's local budget is spent in a way to benefit the Arabs principally, Shertok said.

Mr. Whiskers

Rep. Chester Gross (Rep., Pa.) donned phony beard in the house chamber and invited his colleagues to attend sesqui-centennial celebration at Waynesborough, Pa., where male population stopped shaving last February to cultivate whiskers for event.

ANOTHER CRASH: Fifteen Die

Fifteen persons were killed and another 10 injured when a Pan American Airways clipper carrying 27 passengers and a crew of 10 crashed to earth near the Euphrates river in eastern Syria.

The plane had left Karachi, India, the previous day and was en route to Istanbul as its first scheduled stop on a return trip to New York. Identified as the Eclipse, the clipper had turned back at Gander, Newfoundland, on the outbound flight from New York after developing engine trouble.

A flight control officer in Cairo, Egypt, said that about two hours before the crash the plane had radioed that one engine was ablaze, and a subsequent message said that the pilot was trying to crash-land the craft.

G.I. BILL: Curb Benefits

The senate has passed legislation stopping benefits under the G.I. bill of rights to those who enlist in the services after August 31. If the measure is approved by the house it will mean that future servicemen will not be eligible to receive educational allotments or on-the-job training grants.

At senate hearings on the legislation, the army and navy did not object to fixing the August 31 cut-off date but asked authority to set up a substitute program to encourage further enlistments.

Mines Still Deadly

Ships are still being sunk along the trade lanes of the seven seas as a result of floating mines which were sown in wartime.

Nearly two years after the war's end, the U. S. maritime commission reports, ships of American and foreign registry are either being damaged by mines at the rate of six a month. Since the war, 100 American minesweep-

Blood Pressure Up

A flustered woman, her arms full of packages, approached the department store floorwalker.

"Oh, dear," she said in an anguished tone, "I'm looking for my husband. I was to have met him here two hours ago. I wonder if you have seen him?"

The floorwalker did his best to look obliging.

"Possibly I have, madam," he replied. "Is there any distinguishing characteristic about him by which I could identify him?"

After a moment's thought, a frightened expression came over the woman's face.

"He's," she replied hesitantly, "I imagine he's purple by now."

Dogs I've Known... by Tony Barlow

Frolicky Fritz eats well, acts well, is well-on a basic diet of Gro-Pup Ribbon. These crisp, toasted ribbons give him every vitamin and mineral dogs are known to need. Economical, too. WOULD HAVE EACH STATE ADOPT AN OFFICIAL DOG

America's dog-loving folks are urged to seek adoption of an official dog for each of the 48 states by Harry Miller, director of the Gaines Dog Research Center, New York City.

Practically every state now has its official bird or official flower. Mr. Miller said. Certainly, he thinks, the dog as mankind's closest animal companion throughout the ages, deserves every bit as much recognition.

Mr. Miller stated he anticipated the early organization of committees for an official dog in several states, and that his organization would give these groups every possible aid in achieving their objective. Adoption of an official dog in any state would have to come about either through action of the state's legislative body, by a governor's proclamation, or by popular vote of the people of the state.

KEEP PET ON LEASH, AVOID RABIES SCARE

For want of a leash a "rabies epidemic" is born.

Thus the Gaines Dog Research Center, New York City, sums up what is probably the least-comprehended fact about rabies. It explains it as follows:

If every dog-owner kept his pet on a leash at all times there would be no possibility of his straying away. If he did not stray away there would be no opportunity for him to get into trouble by fighting with other dogs or snapping at strangers who might attempt to pet or tease him. If he did not snap at strangers, the cry of "Mad Dog!" would not likely be raised, there would be no excitement or hysteria culminating in a "rabies epidemic" and the summary execution of many animals.

According to the Center, true rabies is a relatively uncommon disease. In a typical year in the entire United States, only 7,000 dogs are affected. Rabies is no more prevalent in summer than in winter but you hear more about rabies in summer because men and animals mingle more freely outdoors in hot weather. A really rabid dog flies forward aimlessly but does not attack unless provoked or annoyed. Preventive rabies vaccines are available at veterinarians, though their effectiveness is still a matter of debate.

Uncle Sam Says

You, too, can be a harvester—and not once or twice a year but every month. What farmer—even the wheat men and women of Kansas and the Dakotas who at this moment are reaping the greatest harvest in history—would not prize a harvest every month. The harvest-a-month plan has popular name—the Bond-a-Month Plan. Begin today sowing financial seeds. For every \$18.75 you plant during a month in the form of a United States Savings Bond \$25 will sprout 10 years later. U. S. Treasury Department

Thin The Vegetable Garden Row

—Photo Courtesy Perry-Morse Seed Co.

It is next to impossible to sow vegetable seed thinly enough so that the young plants do not crowd each other in the row when they come up. This is particularly true when the seeds are very small.

Carrot seedlings, for example, should be thinned to stand about an inch apart when two to three inches tall. Otherwise the roots cannot develop as they should. Radishes are of better shape, too, if the plants are thinned to stand about an inch apart while still tiny seedlings. Green onions can be thinned by pulling and using the extra spears for the table when they come up too quickly.

Beet seed should be planted at least 1 1/2 to 2 inches apart for each little pellet usually contains two to four seeds. When the plants are four to five inches tall, every other one can be pulled for greens. If this is done at intervals while tops and roots are small, space will gradually be left for some of the roots to reach good size.

Sowing leaf lettuce seed sparsely helps to avoid the extra work of later thinning. Even when the stand is fairly thick, instead of thinning the plants some home gardeners prefer to cut the larger outer leaves, leaving the inner ones to grow. If you like to use each lettuce plant intact, thin to about two inches apart when small. Then, as they become large enough to use, pull up alternate plants and leave the others to grow.

Bush beans should be planted two to four inches apart and just enough seedlings removed from the row so that the remaining ones are four to five inches apart. Beans usually produce more abundantly when the plants do not crowd each other.

Turnips usually do better and grow more rapidly to table size if given three or four inches in which to spread. It is important that turnips grow to eating size quickly to avoid being tough and fibrous. Of course the thinnings make delicious greens when young and tender.

DOG TRAINING CLASSES TO FIGHT DELINQUENCY

Dog ownership "as a splendid means" of building character in young people and of fighting the rising tide of juvenile delinquency, is being urged by the Gaines Dog Research Center, New York City.

Sociologists have long recognized the challenge of continuing responsibility as a valuable factor in molding character. Dog ownership provides such responsibility to an ideal degree, the Center states. Looking after a dog's daily requirements, taking him out, feeding and caring for him, giving him needed attention when he is not well, and sharing with him innumerable experiences of a varied sort are invaluable aids that lead to a desirable maturity. Young people having a dog in their care are not likely to have the time or inclination to run the streets, engage in petty thievery or enter school fights or other forms of juvenile gang terrorism.

The Center also suggested the inclusion of dog training courses as part of the curriculum in America's public schools. Such training would help greatly in teaching patience and overcoming objectionable personality traits, in addition to providing physical exercise, mental relaxation and other wholesome end-results. Perhaps the most valuable feature of such training would be in self-discipline, in giving the youngster satisfaction in the experience of control and in training him in the art of command, it states.

WHO RUNS NATION'S LARGEST BUSINESSES?

NOTHING quite so much astonishes the stranger to America as the democracy of American Business—where the factory employee can become the president of the largest corporation, or a grocer one of the world's great food suppliers.

A survey of this subject, 50 of the largest American businesses, employing several million men, were asked to give starting figures on the pay of their top management.

Results. One started for \$1.50 a week—for less than \$5.

Others started work for less than \$10 a week.

One others received between \$10 and \$25 a week and only 7 received more than \$25 a week—the highest getting paid \$69.23 a week.

Average starting wage of all 143 was \$13.40 a week. Thus every one of these managers, it can be safely stated, worked up from the bottom rung of the business ladder.

When you think of the head of a big business, think of a young man who once drew an envelope at the end of the week with \$13.40 in it.

From where I sit... by Joe Marsh

The Picnic Was a "Hug" Success!

Our local Wild Life League went on a picnic Saturday, and I went along to cover it for the Clarion. Monday, folks kept stopping me, and saying: "Must have gotten out of hand, that picnic!"

"Nonsense," I says. "It was mighty pleasant and congenial. Just beer and hot dogs, cheese and cider." And then they show me the headline reading: "WILD WIFE PICNIC HUG SUCCESS."

Of course it was Elmer, my typewriter, who had made the misprints: But is my face red! It's only be-

cause folks are so temperate and well-behaved in our town, that they could afford to take the whole thing as a joke.

From where I sit, even a newspaper editor's entitled to a few mistakes. And since I reported that they served a moderate beverage like beer, I'm sure nobody thinks the picnic was the least bit wild, or anything but a huge success—and I mean huge!

Joe Marsh

That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter waste and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up, slight leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful waste body wastes. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

DOAN'S PILLS

HOUSEHOLD MEMOS... by Lynn Chambers

Creamed Tuna in Potato Nests! (See Recipes Below)

First Aid for Lunch

"If only I had a good list of main dishes and desserts for company luncheons," said a friend of mine recently, "but it always seems I get stuck with things and can't think about something the girls really like."

A good solution for the above problem is to keep a card file of complete menus for such occasions. Be certain to try out the foods before the company date comes along so you will be thoroughly familiar with the preparation, and then everything will run smoothly.

If you don't want to plan the menu completely, then select just the main dish and fill in the salad and vegetable with whatever is in season.

Tuna a la King in Potato Nests. (Serves 6)

2 cups milk
4 tablespoons flour
1/2 teaspoon butter
1/4 teaspoon salt
1-1/2 teaspoons pepper
3/4 teaspoon Worcestershire sauce
2 cups canned tuna fish
3 tablespoons chopped pimiento
1/2 cup tiny mushroom caps
Scald milk in double boiler. Make a paste of the melted butter and flour and add to hot milk, stirring until thick and smooth. Add seasonings and cook 15 minutes. Flake tuna fish into large pieces and mix with white sauce. Add pimiento and mushrooms.

Potato Nests: Peel 4 medium-sized potatoes. Cut into tiny strips lengthwise. Heat in a small amount of fat but do not brown. Remove from fat, sprinkle with salt and arrange in nests inside large muffin tins. Press potatoes firmly against sides of pan and bottom. Bake in a hot (450-degree) oven for 15 minutes. Serve hot tuna fish mixture in crisp, hot potato nests.

Lattice Rhubarb Pie. (Serves 6)

Pastry
2 cups cut up rhubarb
Flour
1 cup sugar
Line pie pan with pastry. Wash and peel rhubarb; cut in small pieces. Flour pieces until they are quite white, then add sugar. Mix well and place in pastry-lined tin. Cover with lattice strips of crusts and bake in a 450-degree oven for 10 minutes, then in a 425-degree oven for 30 minutes. A combination of yellow and green is attractive for working into a luncheon combination, especially when it involves favorites like chicken and lime chiffon pie!

Chicken Loaf With Mushroom Sauce. (Serves 6)

2 cups diced, cooked chicken
1 cup soft bread crumbs
1/2 cup chopped, cooked celery
2 tablespoons finely chopped pimiento
1 tablespoon minced parsley
1/2 teaspoon salt
1/4 teaspoon paprika
2 eggs, well beaten
1 cup milk
2 tablespoons butter or chicken fat
Combine ingredients, mixing well

LYNN SAYS:

Serve Meat in Ways That Tempt

Make appetizing luncheons out of leftover scalloped dishes by adding pieces of leftover meat to them. Pork with corn, beef with green beans, lamb with tomatoes, etc., are all good appetites satisfiers.

Veal a la King takes on special glamour if it's dressed up with slivered almonds and mushrooms. This may be served in patty shells or a noodle ring.

LYNN CHAMBERS' MENU

*Chicken Loaf with Mushroom Sauce
Green Peas with Pearl Onions
Tomato Salad
Orange-Honey Rolls Beverage
*Lime Chiffon Pie
*Recipe given.

and pour into a greased loaf pan. Bake in a moderate (350-degree) oven for 35 minutes or until firm. Unmold carefully on platter and garnish with parsley. Pour mushroom sauce over loaf.

Mushroom Sauce.

4 tablespoons butter
4 tablespoons flour
2 cups milk
1/2 teaspoon salt
1/4 teaspoon paprika
3/4 cup cooked or canned mushrooms
Melt butter and blend with flour and seasonings. Add milk gradually and cook over low heat, stirring constantly, until thick and smooth. Add mushrooms and cook two minutes longer. Serve hot over chicken loaf.

Lime Chiffon Pie.

1 1/2 teaspoons plain unflavored gelatin
1/2 cup cold water
4 eggs, separated
1/4 teaspoon salt
1 cup sugar
4 tablespoons lime juice
Green coloring
Grated rind of 1 large lime
1 cup whipping cream, whipped
Baked 9-inch pie shell
Soften gelatin in cold water. Place in top of double boiler, the egg yolks, 1/2 of the sugar, salt, lime juice and rind. Cook over boiling water until thick and smooth, stirring constantly. Remove from heat, stir in gelatin and cool. When slightly thickened, fold in stiffly beaten egg whites to which remaining sugar has been added. Turn mixture into baked pie shell and chill in refrigerator for one hour. Spread or flute whipped cream over top.

A simpler combination than either of the two given thus far is this one of baked tomatoes and banana tarts:

Baked Stuffed Tomatoes. (Serves 6)

6 medium sized tomatoes
1 1/2 cups shrimp or crab meat, flaked
3/4 cup thick cream sauce
1/2 teaspoon mustard
1 teaspoon salt
Fine bread crumbs
Butter
Paprika
Scop out tomato centers and mix half the pulp with shrimp or crabmeat, cream sauce and seasonings. Fill tomato shells with mixture. Cover tops with fine bread crumbs, dot with butter and sprinkle with paprika. Bake in a hot (450-degree) oven for 20 minutes.

Banana Cream Tarts. (Serves 6)

4 bananas
2 tablespoons sugar
1/4 teaspoon vanilla extract
1/2 cup whipping cream
6 baked tart shells
6 tablespoons shredded coconut
Fold sugar and vanilla into whipped cream. Slice bananas into tart shells. Cover at once with whipped cream and garnish with coconut.

Released by Western Newspaper Union.

To make bread crumbs flavorful for use as toppings, grind them fine and brown them in meat drippings.

When you're serving roast pork or pork chops with dressing, add that special touch to the dressing by using a few chopped spinach leaves.

When making biscuits, do something different and roll the dough out in a rectangle; spread with orange marmalade and roll as for scones. Cut and baked slices on a wheel biscuit

Star Dust STAGE SCREEN RADIO

Released by Western Newspaper Union.

By INEZ GERHARD

LIFE'S always been full of surprises for Marian Shockley, who's "Carol Brent" on NBC's "Road of Life."

She planned to be a history teacher, but a job in a stock company bobbed up as she was finishing her studies at the University of Missouri and she took it. Later, an artist who painted her portrait introduced her to a Theater Guild official—result, parts in two Broadway productions. She helped a friend make a recording

for a radio show, by impersonating Judy Garland; Phil Baker promptly engaged her to impersonate Katharine Hepburn on his show, and there she was, in radio. Her husband, "Bud" Collyer, announces "Road of Life."

Kent Smith will be the American narrator in RKO's documentary, "Hirohito's Children." Charlie Young, "the man with 1,000 voices," will be the Japanese narrator. The picture was assembled from confiscated Japanese films.

The cast of "The Gunfighters" finally broke down the resistance of Deputy Sheriff William Steele of Coconino County, Ariz., and talked him into playing a small part in the picture. But the company, headed by Randolph Scott, Bruce Cabot, Dorothy Hart and Barbara Britton worked on him for nearly a month before he finally gave in and turned actor.

For "The Foxes of Harrow" eight technical advisers were engaged to coach Rex Harrison. He had instructors for the card sharp scenes, fencing, jumping horses, dancing, singing, French and Irish dialects, and jiu-jitsu!

Besides the usual quota of first aid men on the job during the shooting of battle scenes for "The Man from Colorado," starring Glenn Ford, William Holden and Ellen Drew, five veterinarians were on hand, to care for the hundreds of horses.

If you remember "Grass" and "King Kong" you'll know what to expect from Arko, Inc., a new company formed by Merian C. Cooper, who produced them, and John Ford. They say they'll make unusual adventure pictures.

Peter Lind Hayes came back to New York for the first time since his sensational debut at the Copacabana last May, this time to make scenes for his first starring picture for Universal-International, "The Senator Was Indiscreet." He also discussed plans for the coming Broadway musical, "Cross Town" in which he'll co-star with his actress wife, Mary Healy.

When Jean Hersholt, "Dr. Christian," finishes translating the works of Hans Christian Anderson, he plans to write his autobiography, based on the diary he's been keeping since he first arrived in Hollywood, in 1912. He's seen a lot of things happen in those 34 years; it should make interesting reading. He'll illustrate the book with pen and ink sketches.

A group of William Bendix fans in Brooklyn have started a movement to have the "Where There's Life" star named as "Mr. Brooklynite" on the ground that he best represents the characteristics of Brooklyn citizens. He's not a Brooklynite!

Robert Young denies that this is a man's world. He works in "Three Were Thoroughbreds" at Columbia, then goes home to nine women—his wife, four daughters, a housekeeper and a cook; says he can't get a word in edgewise.

ODDS AND ENDS—Paulena Carter, Meredith Willson's featured star on the air, has signed a 20th Century-Fox contract. . . Tommy Bartlett, of the new air show, "Welcome Travelers," which started June 30, is known in the Midwest as "the housewife Van Johnson." . . Irene Dunne breaks a musical silence of six years in "I Remember Mama," to sing an old Scandinavian lullaby, in Norwegian. . . Dick Jones: the third "Henry" on

HOUSEHOLD HINTS

When setting out upon a shopping trip, include an extra pair of stockings in your handbag. One can never tell when a seam may occur.

To remove a hard-water deposit from the bottom of the washer, rub it with a cloth dipped in vinegar water.

Don't ever leave buckets, pans or tubs of scalding water on the floor where a child can stumble into them.

Cranberry and most fruit stains will come out if boiling water is poured on them with face while stains are still fresh. Soap will set the stains.

A quick way to cool boiled starch so it leaves no gum is to pour it over ice cubes.

A mirror adds immense charm to a room. It reflects and gives vistas; it increases the sensation of space and repeats the colors of the room. In short, the room comes to life, becomes animated through the eyes of a mirror.

Take time to sweep up broken glass carefully and empty it into a tin can. Use a damp cloth or moist cotton to pick up the tiny slivers.

When footsore after a hard day's shopping, sit down and soak your feet in warm salt water, dry with an absorbent towel, and massage briskly with ice-cold cologne.

That old out-of-date bathtub can be given a modern touch with a little painting. Use the proper bathtub enamel, a special preparation which has expanding and contracting qualities. It does not crack or peel, but costs a little more than ordinary enamel. If the tub is in very bad shape remove all of the old enamel entirely.

One can make a wood grain simply by dissolving a piece of roofing tar in gasoline or other petrol solvent. The shade can be varied by using more or less tar.
