Baseball

Next Sunday Quitaque will be here to take a shot at the Hedley team. This is a man's team and the best boys will play with no age limit, so Hedley should have a mighty good team in the field.

Last Sunday's game with Lubbock was a 1 to 1 affair until Billy was taken out of the game in the third inning after being hit by a hard ball. Bobby Everett, pitched nine innings to a victory over Childress Thursday had to go in with only two days rest and a sore arm, but did good work for the four innings he pitched. Hedley boys lost 18 to 4. They can't win them all out here are still trying.

Word Of Thanks

I wish to thank everyone for the many lovely cards and gifts I received during my illness.

Lions Club News

Next week is directors meeting, the first of the year. Let's try to make it, they may have a job for you next year. Business to come up is a family picnic or other entertainment for the ladies July 31st, being the fifth Thursday of the month, and other matters.

This week's meeting will see the new boss Lion Alva Simmons and the other new officer and directors installed. We hope these officers come in with a lot of vim, vigor and vitality. There are lots of things this community should do this year, such as a bridge across Lake Creek, better roads, paved streets to the school and other parts of town and many other things. Let's get busy.

American Legion

At Tuesday night's meeting of the local post officers for 1948 were elected as follows:

Commander, Clifford Johnson
Adjutant, Foster Pickett
Chaplain, Lionel Blankenship
First Vice Commander, Ansil Adamson
Second Vice Commander, John S. Biard

Service Officer, Olen Plunk
Historian, James Stone
Sergeant at Arms, Obe Holland.

There officers will be installed and take over their new duties at the August meeting. The post wound up the year with 109 members, the largest membership in the history of the post.

Tidwell-Haire

J. T. Tidwell of McLean and Miss Artie Haire were united in matrimony on July 3rd by Frank Kendall, Justice of the Peace, at his office in Hedley. Mr. Tidwell has been employed for the past few months on the J. A. Ranch. He is the youngest son of Pete Tidwell of McLean, while the bride is a niece of Wayne Haire of Lelia Lake.

Mr. MacArthur of Oklahoma City, who lived at Lelia Lake some 29 years ago, visited here this week.

Uncle Sam Says

Everybody knows it pays to buy U. S. Bonds. But not everybody knows how much it pays. By investing as small a sum as \$2.50 a week in U. S. Bonds, your savings will be \$1,440.84 in ten years. Take savings of \$3.75 a week; by 1957, you will have \$2,163.45. There are two easy ways to save automatically. Have a regular amount of money set aside from your pay each week for bonds through the Payroll Savings Plan. Or, if you're not on a payroll, but you do have a checking account, you can have your bank automatically charge your account for the purchase price of a bond each month.

Mrs. Sara Jones Dies

Funeral services for Mrs. Sara M. Jones, who passed away last Thursday, July 3, were held Friday from the home by Rev. W. H. DeBord of Clarendon. Burial was in Rowe cemetery with Womack Funeral Home in charge.

Pallbearers were Jim Tidwell, Jess Stiles, Ross Adamson, John Perdue, Edgar Talley and Foster Pickett.

Sara Matilda Richards was born Nov. 25, 1857, at Sparta, Tennessee. She was married Aug. 12, 1880, to Robert G. Jones. To this union five children were born, one son preceding her in death Oct. 30, 1919. Survivors include one daughter, Miss Montey Jones of Hedley, three sons, Frank of Hedley, Walter of Saima, Kansas, and R. B. of Phoenix, Ariz., sixteen grandchildren and three great-grandchildren. Her husband passed away Aug. 2, 1895.

Mrs. Jones joined the Baptist Church in early life.

She had lived near Hedley since 1909.

Bridges-Kutch

Miss Imogene Kutch, daughter of J. A. Kutch of Clarendon, was wed to Ray Bridges, son of Mr. and Mrs. J. H. Bridges of Hedley, on July 4 at 11 a. m. at the Methodist Church in Clarendon. Rev. S. W. Hayne read the ceremony in the presence of a few friends and relatives.

The bride wore a pale blue street-length dress with white accessories. She chose, for her corsage and head circlet, pink shredded carnations and baby breath.

The groom spent three years and nine months in the U. S. Army.

Mr. and Mrs. Bridges will make their home in Amarillo.

S. S. Class Party

Mrs. Myrtle Tinsley entertained her Sunday School class with a party last Saturday afternoon at her home.

Fun for the evening included blowing soap bubbles in the yard, playing games and listening to records on the phonograph.

Refreshments of cookies, punch and sherbos were served to Nancy Hunsucker, Barbara Johnson, Carolyn Sue McPherson, Barbara Davis, Glenda and Waunita Anderson and Nelda Sue Allee.

Jim Vaughn recently enjoyed a visit from three cousins, John Malone of Mineral Wells, whom he had not seen in 25 years, C. B. Alexander of Sudan and W. W. Dodson of Clarendon. Mr. Malone is president of the Crazy Water Co. at Mineral Wells.

Mr. and Mrs. Arthur Scoggins visited the Kendall family on their way back from Clarendon Tuesday of this week. They are now living in Dallas. Mr. and Mrs. Scoggins were among the early settlers of Donley County and Mrs. Scoggins taught in the public school in 1915.

Mr. and Mrs. Kent Bellah of Saint Jo visited here this week.

Omer Wood and family of Amarillo visited here last week end.

Mrs. Tinsley Honored

Mrs. Myrtle Tinsley, who is leaving soon to make her home at Crystal City, was the honoree at a farewell party given in the basement of the Baptist Church Wednesday evening by the children's department of Sunday School and the ladies of the church.

Piano music preceding the program was furnished by Mary Alice Hunsucker. The following program, dedicated to Mrs. Tinsley, was given:

Call to Worship, Mrs. John Nash
Song by All, Living for Jesus, with Nancy Nash at the piano
Prayer, Mrs. J. E. Blankenship
Devotional, Mrs. W. C. Quisenberry

The Upward Road, Mary Alice Hunsucker
Thy Labor is Not in Vain, Mrs. J. J. Beach

Speech and Song, Jane Mosley
Carolyn McPherson, Barbara Davis and Nancy Hunsucker, members of Mrs. Tinsley's Sunday School class, presented gifts from the Sunday School accompanied by speeches in rhyme. Mrs. A. T. Simmons presented gifts from the ladies of the church and the honoree responded with a speech of appreciation.

After the singing of "God Be With You Till We Meet Again," the benediction was given by Mrs. W. C. Quisenberry.

Angel food cake and lemonade were served those present.

Mr. and Mrs. Dewey Roach of Memphis announce the arrival on June 15 of Oren Lee, weight 7 lbs. 8 oz.

C. H. Reid and Emory Stone have returned from Panhandle, where they worked in the wheat harvest.

To The People of The City of Hedley

We, the City Council, have had many request to call another bond election for paving and street improvement. From the other experience of the bond election there must be a raise in the valuation before the bonds would be approved. We have checked this and find that there must be almost a 25% increase in the valuations which would cost, for an example, for a \$1000 home, the increase would be about \$3.25 a year. The city needs some street work done very badly, it needs some drainage work and three new concrete bridges. These bridges we speak of are getting in a dangerous condition and the City does not have the money to do this needed work. If it is the will of you people, we the City Council will call another bond election for street improvement.

Mayor and Council of the City of Hedley.

Scattered Shots

By the Editor

Hedley assumed a little more interest in the national soaring meet being held at Wichita Falls, when a bench pilot, Adrian Vallette, landed just west of town Monday. Then Tuesday Paul Schweitzer landed here in a two-place training glider, setting a new record for this type of plane. Several other gliders were reported to have landed not far from here.

The air distance from Wichita Falls to Hedley is said to be 138 miles.

We heard that 22 cars of wheat have been shipped from the Hedley elevator so far, and that many more could have been shipped if cars had been available.

WEEKLY NEWS ANALYSIS

Eisenhower To Head Columbia U.; Soft Coal Miners Stage Walkout; Income Tax Slash Fight Renewed

Released by Western Newspaper Union. NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.

EISENHOWER RESIGNS: Goes Academic

General of the Army Dwight D. Eisenhower has resigned as army chief of staff to accept the presidency of Columbia university in New York, effective early next year.

His decision to step out as top man in the nation's military hierarchy to take the academic post was announced in a statement by Maj. Gen. Floyd L. Parks, chief of the war department's public relations division. The statement said that Eisenhower accepted the Columbia presidency with the approval of the President and the secretary of war. His resignation will become effective "at such time as his superiors may release him from active duty in the army."

The man who mapped the strategy which brought victory to Allied forces in Europe in World War II will retain his rank as a five-star general for life and continue to receive a compensation of about \$15,000 a year.

Initial speculation on a successor to General Eisenhower as chief of staff centered on Gen. Omar N. Bradley, now Veterans' administration chief, who commanded the army ground forces in Europe during the war. Other high-ranking generals under consideration for the position were Gen. Jacob L. Devers, army ground forces chief, and Lt. Gen. J. Lawton Collins, chief of army public information.

As president of Columbia, Eisenhower will be the successor to Nicholas Murray Butler who retired in 1953 and is now Columbia's president emeritus. The general has also been elected a member of the university's board of trustees.

MINERS OUT: Miners Out

"Let the senators mine coal," was the cry of many of the 180,000 soft coal miners in 10 states as they staged a general exodus from the pits last 24 hours after the Taft-Hartley labor act went into effect.

Acting to avert a possible national calamity, the justice department immediately launched an investigation to determine whether an injunction can be brought against John L. Lewis and the United Mine Workers union.

The Taft-Hartley act contains a provision authorizing the government to seek an injunction to halt a national emergency strike, but the President would be required to name a board of inquiry to report to him first. That would take days, perhaps weeks. Justice department attorneys were attempting to determine whether an injunction could be brought without using the new law.

However, it was not immediately clear whether the miners had walked out of their own volition or had come so upon the instigation of John L. Lewis and other union leaders.

The United Mine Workers union's contract with the government expires June 30, and, since the miners traditionally do not work without a contract, their walkout was generally regarded as jumping the gun on the contract's expiration.

STILL ALIVE: Revenue Tax Cut

Changes for an income tax slash, which appeared to have gone glimmering when President Truman vetoed the Republican-sponsored bill calling for a four-billion-dollar cut, are again as the Republicans suddenly began a concerted move to re-pass the measure.

Representative Knutson (Rep., Minn.), chairman of the house ways and means committee, re-introduced the bill, and Speaker of the House Joseph Martin (Rep., Mass.) said it would be taken up by the house at the first favorable opportunity.

The regenerated bill, revised only to make the tax cuts effective Jan-

Despair

Ragged, disheartened and utterly discouraged, this German sits on the curbstone of a Frankfurt street amid the wartime rubble which has not yet been cleared away.

FLOODED OUT: No Bumper Crop

Experts who recently predicted a three billion bushel corn crop this year were hastily revising their estimates in the light of continuing torrential rains and widespread floods which have transformed much of the Midwest into a soggy mass of mud.

Damage has been particularly heavy in Iowa, extending from one end of the state to the other. Flooding of river bottom lands is only part of the loss.

Thousands of acres of crops have been washed out, and the loss is considered irreparable. It is too late to replant with anything except forage crops and possibly buckwheat if seed is available.

On upland farms, ponds and lakes overflowing their boundaries also will cut seriously into corn yields. All in all, a bumper corn crop is considered extremely unlikely, even with a favorable growing season up to October.

Some authorities have begun to believe that the government's grain export program should be re-examined in view of conditions existing on the nation's farms at present.

ATOM TREATY: Hope Dies

Hope of writing an international atomic control treaty before the United Nations general assembly meets in September virtually has been abandoned by the U.N. atomic energy commission.

Deadlocking the situation is the now commonplace fact that Russia and the western powers remain diametrically opposed on all major issues with regard to an atomic treaty.

Andrei Gromyko, Soviet deputy foreign minister, told the commission that Russia never would agree to any atomic control plan in which the large powers had no authority to veto the punishment of violators.

The United States, on the other hand, is insisting that the veto must not be used to assist countries or individuals in escaping punishment for atomic crimes.

THE TEST: Three Meet

The meeting in Paris of the European Big Three, Soviet Foreign Minister Molotov, French Foreign Minister Bidault and British Foreign Secretary Bevin, is being heralded as a decisive test of East-West economic cooperation.

Consensus of opinion was that the talks would either launch Europe on a cooperative self-help program with American aid or widen the split between the Eastern and Western powers.

The conference is a halting, initial step toward a fulfillment of the "Marshall plan" for Europe—a proposal by Secretary of State Marshall which recommends establishment of an economic federation of the European states. As a loosely knit organization, it would operate as a unified reconstruction and recovery program with American aid.

Tough on Strikes

Rep. Howard W. Smith (Dem., Va.) introduced a bill to continue the government's authority to seize strike-bound properties, including coal mines, in the event of an industry-wide walkout which would affect national welfare.

PARADOX: Food From Greece

A ridiculous paradox wherein the people of Greece, to whom the United States is sending money, food and military aid, are shipping packages of food to this country has been revealed by customs officials.

Following a disclosure that from 100,000 to 160,000 pounds of meat have reached the United States in small parcels in recent months, Harry M. Durning, collector of customs for the port of New York, acted to ban so-called "gratitude" shipments of meat to individuals in this country from friends and relatives in Greece.

Government authorities in Washington have attributed the mysterious food movement to a Communist-inspired hoax which has spread the belief in Greece that the United States is suffering from a food shortage.

Dimetrios Papatsonis, Greek director of customs in Athens, advanced the counter-theory that the packages were "tokens of gratitude" for parcels received from the United States. He said the meat might be from pastourmas, consisting of mutton and sheep's milk and served in a variety of ways.

Balzac's profound knowledge of human nature caused the great novelist to fancy himself an expert at peading character in handwriting.

One day an old woman brought him a little boy's copybook and said, "Master, what do you think of this child's possibilities?"

Balzac studied the scrawly, untidy handwriting.

"Your child?" he asked.

"No."

"Some other relative?"

"None at all," the woman replied.

"Well," Balzac finally p

recated, "This child is slovenly and profoundly stupid. I fear he never amount to anything."

"But, master," the woman cried, "that copybook was very own when you were a boy in school."

The profound judge of nature retired in confusion.

THE PUBLIC nature of advertising benefits everyone it touches. It benefits the public by describing exactly the products that are offered. It benefits employees, because the advertiser must be more fair and just than the employer who has no obligation to the public. These benefits of advertising are quite apart from the obvious benefits which advertising confers—the lower prices, the higher quality, the better service that go with advertised goods and firms.

High Farm Production Requires Less Work

Food production, at today's high level, takes only two-thirds as much human labor as would have been required in 1920 for an equal volume of production.

Reflecting on advances in farm technology, the department of agriculture has estimated that with 1920 methods, tools, crop varieties and techniques, farmers would have produced only 30 billion bushels of food in 1950.

nological advances during the past 27 years, the job will take only about 21 billion hours in 1947.

Actually, farmers now are producing about a third more and are doing it in about 10 per cent less time than during World War I. Work, moreover, is more evenly distributed through the year. More machines, higher yields per acre of land, and pastourmas, consisting of mutton and sheep's milk and served in a variety of ways.

*WHO WILL RUN THE NATION'S LARGEST BUSINESSES IN 1974?

YOUNG MEN back from war wonder about the country's future and their own future. What will they be doing 27 years from now?

The 143 top men who manage 50 of the nation's largest businesses can help answer that one.

Twenty-seven years ago, most of them came back from a war, too.

All of them, after the war or before, began their business careers at the bottom.

One started work for \$1.50 a week—11 others for less than \$5 a week. 43 others started work for less than \$10 a week.

Eighty-one others received between \$10 and \$25 a week. Only 7 received more than \$25—the highest getting paid \$69.23 a week.

The average first wage of all 143 was \$13.40 a week.

Who will manage the nation's largest businesses in 1974? Exactly the same kind of men.

Then, as now, they will be leaders with courage, ambition and initiative enough to come up the business ladder, rung by rung.

Neither the men and women in industry nor the money in industry can be effective without good management. Nothing else is so important to the workers' welfare, the investors' welfare, or the public welfare.

When Your Back Hurts -

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with stinging and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

Fish Bites Woman!

Willie Wells was coming home from Seward's Creek the other evening with a string of trout, when a stern looking lady (visitor at the Boxwood Inn) stops him, and tells him a man his size could be better occupied than catching fish.

Willie tells her off real good-naturedly by saying: "Perhaps you're right, but if these fish had kept their mouths shut, they wouldn't be here." (At that, says Willie, laughing out loud, she looked just as if a fish had bit her!)

Blabbing mouths never cause

anything but trouble. Nobody who knew the facts would ever criticize Willie's right to go fishing on his one day off—any more than they'd deny his right to come home to a mellow glass of beer.

From where I sit, the slower we are to criticize—and the quicker we are to recognize another's tastes, the better we'll get along together—whether those tastes apply to beer or fishing.

THE PRESIDENT OF THE UNITED STATES: "The problem of lowering the highway death rate remains one of the nation's most serious problems. It is an appalling fact that 33,500 American citizens were killed in automobile accident in 1946. I therefore call upon every State and every community in the land to work unceasingly through 1947 to promote highway safety.

"Laws and regulations will be of little avail unless the individual driver holds himself strictly accountable to his own conscience."

That call is to you personally to cooperate as a citizen of the United States in helping reduce highway accidents. It is a shameful record when in one year 33,500 lives are sacrificed; 1,150,000 persons are injured and \$750,000,000 in property destroyed, resulting in an economic cost to the nation of \$2,000,000,000 because of careless, reckless driving.

It is a national problem, but essentially the solution is in your hands. Drive safely—live and let live!

[This is the first of a series of advertisements presented in the public interest by the President's Highway Safety Conference and the daily and weekly newspapers of the nation through their Press and Publisher Associations.]

Watch Your Kidneys!
 Help Them Cleanse the Blood of Harmful Body Waste
 Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.
 Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.
 There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!

HOUSEHOLD MEMOS by Lynn Chambers

Try Lemon-Egg Pie for Potluck Supper (See recipe below.)

Church Suppers

Although church and club activity dwindles to a minimum during these warmer months, there are still events on both calendars which require participation — and with food.

For events such as these the requirements are simple but quite important. We want a dish that is easy to make and to carry; then, too, we want something that will appeal to a number of people. We also like to bring a dish that goes pretty well with anything else that may be served.

First, there are a number of main dishes from which to choose. Any of these will put you up with the top ranking cooks of the community.

Chicken Chow Mein. (Serves 6)
 2 cups cooked chicken
 2 tablespoons fat or oil
 2 cups thinly sliced celery
 1 1/2 cups sliced peeled onions
 3/4 teaspoon pepper
 2 cups chicken broth
 2 cups canned mixed Chinese vegetables
 3/4 cup canned mushrooms
 2 tablespoons cornstarch
 3 tablespoons soy sauce
 Scallions
 1 can fried noodles
 Brown chicken slightly in fat; add celery, onions and pepper. Add chicken broth and cook, covered, until vegetables are tender. Add drained Chinese vegetables and mushrooms and heat to the boiling point. Mix cornstarch with soy sauce and add to hot mixture, stirring constantly. Let simmer 2 minutes or until slightly thickened. Arrange on deep platter or vegetable dish with scallions, and serve with fried noodles.

Frozen Salmon Loaf. (Serves 6)
 2 cups cold cooked rice
 1 1/2 cups salmon, drained and flaked
 1 cup cooked peas
 3/4 teaspoon salt
 3/4 teaspoon paprika
 1 tablespoon lemon juice
 3/4 cup mayonnaise
 Combine the ingredients lightly and freeze in a loaf or ring mold until firm enough to slice. Unmold on crisp greens and serve with lemon wedges.

***Dutch Hot Slaw.** (Serves 4)
 6 cups shredded green cabbage
 1 tablespoon butter
 2 eggs, beaten
 3/4 cup vinegar
 3/4 teaspoon salt
 1 1/2 tablespoons granulated sugar
 3/4 teaspoon paprika
 3/4 cup water
 3/4 cup light cream
 Cook cabbage until just barely tender. Drain, place in serving dish or casserole and keep hot. Meantime, melt butter in double boiler, then add eggs, vinegar, salt, sugar, paprika and water. Cook until thickened, stirring frequently. Remove from heat, add cream and beat until fluffy. Pour over hot cabbage.

LYNN SAYS:
Effective Cleaning Methods Suggested
 Remove brown stains from tea-cups by rubbing with dampened cloth to which has been added some baking soda. Wash off in warm water and dry. This prevents the shine from coming off the china.
 Dishes are more sterile if you wash them in soapy-suds, rinse in very hot water by pouring it over them, and let them dry on the drain-board.

LYNN CHAMBERS' MENU

*Baked Beans with Hamburger Relishes Rolls *Dutch Hot Slaw Beverage *Frozen Fruit Salad Cookies
 *Recipes given.

***Baked Beans With Hamburger.** (Serves 4)
 2 tablespoons fat
 3/4 cup sliced onions
 3/4 cup diced celery
 1/2 pound chuck beef, ground
 2 1/2 cups canned, baked beans
 2 teaspoons Worcestershire sauce
 3/4 teaspoon salt
 3/4 teaspoon powdered sage
 3/4 cup water or tomato juice
 Heat the fat in a skillet. Then add onions, celery and beef, and cook, uncovered, for 10 minutes. Add remaining ingredients and heat thoroughly.

You'll want to make good use of garden vegetables; and nothing would be more welcome at church or pot-luck supper than some of your freshest vegetables, seasoned beautifully and cooked to perfection.

Spinach, Bacon Dressing. (Serves 4)
 2 1/2 cups hot, cooked spinach
 4 strips bacon
 2 tablespoons vinegar
 1 tablespoon sugar
 1 teaspoon salt
 3/4 teaspoon pepper
 3/4 teaspoon prepared mustard
 Dice bacon and saute in skillet until golden brown. Add remaining ingredients, except spinach and heat thoroughly. Then add to spinach, toss and serve at once.
 Make your desserts easy but delicious by selecting one of these two:

***Frozen Fruit Salad.** (Serves 6)
 1 orange
 2 slices pineapple
 3/4 cup Royal Anne cherries
 1 banana
 2 canned pear halves
 3/4 cup blanched, chopped almonds
 3/4 cup maraschino cherries
 1/2 cup boiled salad dressing
 3/4 cup whipping cream
 Remove rind and skin from orange and cut fine. Chop other fruits and combine with nuts. Add dressing and fold in whipped cream. Freeze in tray of automatic refrigerator until firm.

Lemon-Egg Pie. (Serves 6)
 4 egg yolks
 1 cup sugar
 Grated rind of 1 lemon
 4 tablespoons lemon juice
 1/2 teaspoon salt
Meringue:
 4 egg whites
 1/4 teaspoon salt
 1/2 cup sugar
 9-inch baked pie shell
 Blend first five ingredients. Cook over simmering water, stirring constantly until thickened, about 15 minutes. Remove from heat. Prepare meringue by beating egg whites until stiff, then adding salt and sugar gradually. Beat until glossy and firm. Fold yolk mixture into meringue. Pour into baked pie shell. Bake in a moderate (325-degree) oven until delicately browned, about 20 minutes.
 Released by Western Newspaper Union.

Soaking pots, pans and casseroles on which food has burned or dried makes them much easier to wash. If the condition is serious, boil some soap suds in the pan slowly for a few minutes to loosen the food.
 Avoid excessive use of soap and soaking when cleaning heavy dark cast iron skillets. Restore finish by coating with fat.
 Pipe cleaners are ideal for cleaning many parts of the range that are inaccessible otherwise — handy.

Star Dust STAGE-SCREEN-RADIO

By INEZ GERHARD
HUGH STUDEBAKER, "Dr. Charles Matthews" of the CBS "The Guiding Light," lost nine pounds in the first five days of his first dramatic assignment on the air. Mike fright! Yet he'd been appearing in vaudeville, drama and concert work, and been singer, organist and ad-libber on a radio show. That was in Kansas City. In 1934 he married his boss, Bertina Congdon. His most famous role is, probably that of "Blackface Silly Watson" on the Fibber McGee and Molly show.

HUGH STUDEBAKER

though he claims to have portrayed Abraham Lincoln more often than any other radio actor. He once worked in 46 programs in one week on the same station!

George Henderson, Pullman porter, has been hired for the briefest technical direction job in Hollywood's history by producer Don Hartman at Columbia. He will show studio set dressers how to make up upper and lower berths for a single sequence in a train's drawing room in "It Had to Be You," a comedy which stars Ginger Rogers and Cornel Wilde.

Anna May Wong may have a successor in Nancy Hush, who's seven. About 30 Chinese children were interviewed for a role in "Intrigue," supporting George Raft, June Haver and Helena Carter. The daughter of the picture's technical director, Director Edwin Marin gave her a test—and she did beautifully, even stealing scenes from George Raft.

When they worked together in "The Corn Is Green," Bette Davis gave Joan Loring this excellent advice: "Don't worry about beauty; people get tired of the same old face, beautiful or not. What's important to an actress is change. Often I am hideous on purpose, and I play all ages. No one can say of me, 'Just look. Dear, dear, she's falling apart, she's getting so old!' because I've always kept changing. When they're tired of me as an elderly woman, I'm suddenly young again."

MGM's Sam Marx has been studying a print of "The Four Horsemen of the Apocalypse"; wants to bring it up to date and refilm it with Ricardo Montalban in the role that shot Rudolph Valentino to stardom. Montalban makes his first appearance on the American screen in "Fiesta," with Esther Williams, and is now working in "On an Island With You," on location in Florida.

Dennis Morgan realized three boyhood ambitions while starring in Warner Bros. "Cheyenne" — he wore a 10-gallon hat, beat a bad man to the draw (took lessons from Raoul Walsh) and learned how to roll a cigarette with one hand.

Mel Torme, 21-year-old singing star, is to have a radio program of his own soon. Currently featured at a New York night club, he's made 12 pictures—is the male singing star of the new MGM release, "Good News." Somebody thought up "velvet fog" to describe his voice! Popular with the younger set, he'll aim his program at the preferences of the teen agers.

RKO executives were so pleased over the performance given by Gloria Graham in their "Crossfire" that they promptly took steps to buy her contract from Metro. Then they cast her in the top feminine role in "Roughshod."

The horse to be ridden by Jack Carson in "Two Guys From Texas" was picked because it matched Carson's vest in technicolor.

ODDS AND ENDS—English cinemas have inaugurated "Alan Ladd repertory sessions," showing a series of his pictures. . . Peter Lorre, now in the Abbott and Costello spot on NBC, plans to present a series of classical psychological thrillers by such experts as Tolstoy, Poe and Bierce. . . H. V. Kaltenborn is set to leave for a round-the-world jaunt at the end of July, with three commentators filling in during his seven week absence. . . There's a budget of \$6,000,000 for Ingrid Bergman's "Joan of Lorraine," in which she will wear. . . especially

AROUND THE HOUSE

Curtains to be stored for a season should not be starched, for the starch may attract insects and weaken the curtain fabric.

An electric motor mounted on a stand or bench often is quite noisy, so much so that the vibrations can be felt in nearby rooms. The cure is a sound-deadening cushion of rubber or felt. Four or five rubber washers placed under the base will do the job.

In remodeling your kitchen it is a good idea to redesign it as a precautionary measure against fire. To do this be sure curtains, doors and wooden cabinets are not too close to the range.

Sprinkle cornmeal on your rugs, let it remain for a short time and then sweep. This picks up dirt and particles imbedded in the nap.

Make your own belts. Make them in various colors to match your frocks. Put a layer of stiffening between two layers of ribbon. Sew through ribbon selvages with tiny machine stitching.

Poisons like lye, insect sprays and disinfectants should be kept on high shelves, out of children's reach.

If you'd like to preserve eggs at home by the flash heat method, proceed as follows: Dip the eggs into boiling water for five seconds, let them cool in the air, then store them carefully in cartons in a cool moist place.

If you carry stamps in your purse, fold them and slip waxed paper dividers between the gummed surface folds. Divided this way, stamps will never stick together.

Worn-out electric cords are highly dangerous. If it cannot be repaired, throw it away and get a new one at once.

You can save many steps by using a tray to carry dishes from the dining room to the kitchen.
