Swing of SOUTHWEST FARM MARKETS

Spot strength and weakness checked southwest farm markets last week in very uneven trends, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Wheat and oats registered rather sharp advances for the week. Corn hardly recovered early losses as continued favorable weather aided crop prospects. Sorghums fluctuated widely but closed Friday unchanged from a week earlier, at around \$3.65 per hundredweight. Wheat stood at \$3.02 per bushel, base grade.

Cotton sales increased during the week, as harvesting went forward at full pace. Prices scored advances of \$2 to \$3 per

cents continued to sell at firm prices last week, while poultry showed slight weakness at some prices. Most heavy hens brought 24 cents per pound at Fort Worth, 23 at Dallas, 22 to 26 at Denver, and 31 to 33 at New Orleans. Fort Worth and Dallas paid around 55 cents per dozen for best candled eggs, and New Orleans gave 56 for fresh No. 3 Extras. Denver took best current receipts at 43 to 47.

Cattle varied some during the week but closed mostly steady to strong, with Texas cows and calves the principal exceptions. Medium and good cows sold generally from \$14 to \$16 at Texas markets, where common and medium kinds ranged largely from \$12 to \$14, and canners and cutters from \$5.50 to \$11. Other southwest terminals paid around \$13.50 to \$18 for common to good cows.

Slight daily ups and downs left hog prices largely steady to 50 cents higher for the week. San Antonio set a new all time high of \$28.50 but closed a little below the peak. Closing top prices on butcher hogs ranged from \$29 to \$29.50 at other southwest markets. Sows brought mostly \$25 to \$27, and pigs \$20 to \$26.

Lions Club News

The program for next week's meeting will be in charge of Lions Bill Poole and Holly Wood. There is some mighty good talent in our neighboring town of Lelia Lake and we expect a good program.

Last week's program rendered by the High School Glee Club assisted by Darrell Proctor and David Moreman was exceptionally good, though it had to be hurried through on account of the basketball game. Let's have them back for a longer program.

Don't forget Ladies Night October 30th. Lions Hall, Rains and Reeves promise a good program and the Home Ec girls a good banquet. It will be at 8 p. m. at the High School Auditorium.

N. F. L. A. Meeting

The annual stockholders meeting of the Donley County National Farm Loan Association was held at the Mulkey Theatre in Clarendon on Wednesday, October 8th, according to an announcement by Rayburn L. Smith, Secretary-Treasurer.

Stockholders in attendance received a dividend check in the amount of 5% of their capital stock. Other members not present will receive their check by mail within the next few days. This payment brings the total of dividends paid this year to 10%, which, in effect, reduces the average cost of money to Federal Land Bank borrowers to only 3 43-100%.

C. B. Morris and W. H. Moss were elected to serve as directors for a term of three years. Mr. Morris was re-elected, having been a valuable member of the board for a number of years. Mr. Moss, the newly elected director, lives in Hedley community and replaces J. B. Masterson. Mr. Masterson asked to be relieved from further service. He was a director of the old Hedley NFLA for many years and when the two associations, Clarendon and Hedley, were consolidated in 1943 he was elected to serve on the common board of the new Donley County NFLA. For the past two years he has been president and can be given credit for much of the fine accomplishments during these years.

Other members of the board of directors are Alva T. Simmons, F. J. Hommel and Van S. Knox. These gentlemen will always be found anxious to explain the advantages of this farmer-rancher owned source of credit for purchasing and improving land and carrying on agricultural projects.

Uncle Sam Says

Many tributes will be paid newspaper boys on annual Newspaper Boy Day this month. Thousands of newspaper boys are members of Thrift clubs, sponsored by the International Circulation Managers' Association. Perhaps no greater honor will come to these boys than to point them out as school boys who are demonstrating how to go into partnership with their Uncle Sam in building a growing fund for future education. By investing their newspaper boy earnings in U. S. Savings Bonds regularly, they are getting their Uncle Sam to pay part of the expense. Your bond officer or banker will explain how regular bond buyings can provide four years of college education, one year of which will be paid for by your Uncle Sam as interest on your investment.

Church Of Christ

The Psalmist says, "The entrance of the words giveth light." Christ says, "The words that I speak unto you, they are spirit, and they are life." Paul wrote, "So belief cometh by hearing, and hearing by the word of Christ." (Rom. 10:17)

Come and worship where we are "Holding forth the word of life." (Phil. 2:16) Come where we do Bible things in Bible ways and call Bible things by Bible names; where we follow the safe course by speaking where the Bible speaks and being silent where it is silent.

... to build a better land

Ask almost any Texas farmer. He'll tell you his planning and plowing, his crop rotation and cultivation, are all designed to maintain productivity, to build a better land.

Yes, Texas farmers are natural conservationists. They conserve the soil, just as every Texas citizen, in one way or another, helps to conserve our land, our resources, our heritage of free enterprise.

United Gas has worked for years to conserve the state's natural gas resources. Like the farmer's soil, or the

physician's skill, natural gas is of little value to anyone unless it can be used. United is making it available for use by constructing pipe lines to link wells with homes, businesses and industries throughout the area it serves. In this way, United is making a valuable, marketable commodity of gas that might otherwise remain worthless in the ground. That is *practical conservation*, for it gives value to this finest of fuels, stimulates industrial development, creates jobs, and benefits all the families in Texas.

Kidneys Must Work Well

For You To Feel Well
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be better understanding of why the whole system is upset when kidneys fail to function properly. Burning, scanty or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling. Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulates the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

Mystery of the Missing Farms

Yep, the number of farms in America is shrinking (by a quarter-million in the last five years!). What's happened to the missing farms? The land has been taken in by other farms, increasing the average size by twenty acres!

Does this growth mean farming's no longer a family enterprise? Just the opposite! More families own farms today than ever—only with labor-saving equipment they can handle more land, more work.

That's as it should be. The family farm is a fortress of democracy—

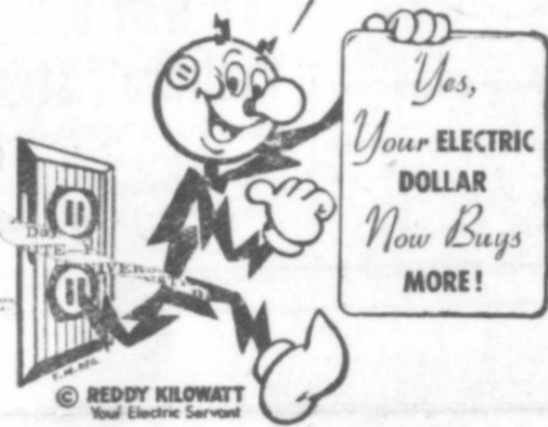

where our free, American life is secure. Where every member cooperates and shares the work... living together in temperance and tolerance—temperance that prefers a moderate beverage like beer, and tolerance for a taste that may be different from one's own.

From where I sit, our Family Farms (and they're 98% of all farms) are something that this country can be proud of!

They say that the average weight of the Columbia crew shooting the Evelyn Keyes-Glenn Ford picture, "The Mating of Millie," increased two pounds in fifteen days. Reason was a three-layer cake used regu-

larly in scenes during that time. A new cake was baked daily, but only about one-fourth was used before the camera; the crew devoured the rest.

Robin Morgan, five-year-old belle of "Juvenile Jury," has received many an orchid lately from her unseen public. If you sent her one and would like to know what happened to it—Mrs. Morgan gets the orchids, Robin keeps the pins!

Barbara Woodell's role in "The Unsuspected" was described in the script as "an attractive young corpse." Most of her role consisted of hanging from a chandelier where she had been hoisted after being killed by Claude Rains.

Posing for still photos in connection with "Man from Colorado," Ellen Drew wore \$110,000 worth of furs—two chinchilla coats, an ermine stole and a platinum mink—and \$125,000 worth of assorted jewelry. Three armed detectives stood by.

Movie fans have been listening to Walt Disney's voice for 20 years without knowing it. It's the voice of Mickey Mouse. Mickey merely gurgled when he made his debut in "Steamboat Willie," but with the years he's grown more garrulous.

Joan Crawford's next film will be "Until Proven Guilty," a dramatic love story set against the background of a spectacular murder trial. Jerry Wald, who produced "Mildred Pierce," "Humoresque" and "Possessed" will be at the helm.

Evelyn Knight, the lass with the delicate air and the lovely voice who is featured songstress on the CBS Tony Martin show, is going in for fat-heeled Grecian sandals. She's not too tall, but her height has always been her sensitive point. And in two recent screen tests for important roles in big-pictures she lost out because she was too tall for the leading men.

Helen Traubel, leading Wagnerian soprano of the Metropolitan opera, will appear on "Duffy's Tavern" October 22. Maybe it's pure luck that Miss Traubel is a singer; she attended both her first concert and her first baseball game when she was five. Who knows what might have happened if girls could be big league baseball players? She went to a game every day with her father, sat in a box over the dugout. That was in St. Louis—and last year the St. Louis Cardinals named her their honorary mascot.

Angela Lansbury's performance in "If Winter Comes" won her the coveted role of the newspaper publisher in "State of the Union"—in which she takes Spencer Tracy away from Claudette Colbert. And she didn't even test for the role!

ODDS AND ENDS—Billie Burke has been signed by Columbia to star in a series of two-reel comedies. . . Randolph Scott will star in a new transcribed series, "Frontier Town." . . Jacqueline Dalya has an important featured role in RKO's "Mystery in Mexico," her third film to be shot in Mexico. . . Santa Monica's Palisades park had its 8,001st dummy thrown off its cliffs for Columbia's "To the Ends of the Earth"; the chamber of commerce began keeping records way back when the dummies fell for such old-time producers as D. Star Dust

STAGE-SCREEN-RADIO

Released by WNU Features.

By INEZ GERHARD

ELLIOTT LEWIS, who is so well known on the air, may find himself in the movies the first thing he knows. After he did that Radio theatre show with Bette Davis recently she told him he was better than nine-tenths of the stars now in pictures, and promised him she would get him in the movies "or bust." With her as a booster, it looks like a sure thing. Incidentally, in her new picture, "Winter Meeting," Miss Davis is bowing to the wishes of her fans. They liked her hair-do in "Deception," so she will be seen in at least a few scenes with the same chignon—hair twisted in a long knot low on the neck.

They say that the average weight of the Columbia crew shooting the Evelyn Keyes-Glenn Ford picture, "The Mating of Millie," increased two pounds in fifteen days. Reason was a three-layer cake used regu-

EVELYN KEYES

larly in scenes during that time. A new cake was baked daily, but only about one-fourth was used before the camera; the crew devoured the rest.

Robin Morgan, five-year-old belle of "Juvenile Jury," has received many an orchid lately from her unseen public. If you sent her one and would like to know what happened to it—Mrs. Morgan gets the orchids, Robin keeps the pins!

Barbara Woodell's role in "The Unsuspected" was described in the script as "an attractive young corpse." Most of her role consisted of hanging from a chandelier where she had been hoisted after being killed by Claude Rains.

Posing for still photos in connection with "Man from Colorado," Ellen Drew wore \$110,000 worth of furs—two chinchilla coats, an ermine stole and a platinum mink—and \$125,000 worth of assorted jewelry. Three armed detectives stood by.

Movie fans have been listening to Walt Disney's voice for 20 years without knowing it. It's the voice of Mickey Mouse. Mickey merely gurgled when he made his debut in "Steamboat Willie," but with the years he's grown more garrulous.

Joan Crawford's next film will be "Until Proven Guilty," a dramatic love story set against the background of a spectacular murder trial. Jerry Wald, who produced "Mildred Pierce," "Humoresque" and "Possessed" will be at the helm.

Evelyn Knight, the lass with the delicate air and the lovely voice who is featured songstress on the CBS Tony Martin show, is going in for fat-heeled Grecian sandals. She's not too tall, but her height has always been her sensitive point. And in two recent screen tests for important roles in big-pictures she lost out because she was too tall for the leading men.

Helen Traubel, leading Wagnerian soprano of the Metropolitan opera, will appear on "Duffy's Tavern" October 22. Maybe it's pure luck that Miss Traubel is a singer; she attended both her first concert and her first baseball game when she was five. Who knows what might have happened if girls could be big league baseball players? She went to a game every day with her father, sat in a box over the dugout. That was in St. Louis—and last year the St. Louis Cardinals named her their honorary mascot.

Angela Lansbury's performance in "If Winter Comes" won her the coveted role of the newspaper publisher in "State of the Union"—in which she takes Spencer Tracy away from Claudette Colbert. And she didn't even test for the role!

ODDS AND ENDS—Billie Burke has been signed by Columbia to star in a series of two-reel comedies. . . Randolph Scott will star in a new transcribed series, "Frontier Town." . . Jacqueline Dalya has an important featured role in RKO's "Mystery in Mexico," her third film to be shot in Mexico. . . Santa Monica's Palisades park had its 8,001st dummy thrown off its cliffs for Columbia's "To the Ends of the Earth"; the chamber of commerce began keeping records way back when the dummies fell for such old-time producers as D. W. Griffith, Thomas Ince and Carl Laemmle.

When the tread on your tire begins wearing smooth, just consider this:

The last 3 or 4 thousand miles in that tire can be awfully expensive miles. Suppose the tire is bruised and damaged—or suppose it just gets worn so thin it cannot be re-capped. Then it is only junk and brings you only a junk price.

Let Us Buy It!

Right now if you have a tire that is wearing smooth and is still undamaged we can pay you several dollars for it in trade-in on a new tire. Why risk losing these dollars? Come in and let us bid on your worn tires—TODAY!
